Salary and Current Appropriation Bills Reported On

EXPENSES CUT TO MATCH REVENUE

EXTRA SESSION.

ELEVENTH DAY.
At the Senate session this forenoon the long expected report of the Ways and Means Committee on the Salary Bill and the Current Appropriation Bill was finally received. Both reports were very lengthy and detailed and had cost the members of the committee vast amount of work which was done in a very short time considering the magnitude of the task.

The report on the Current Appropriation Bill was adopted while that on the Salary Bill was read with the bill, which was up for third reading. The Senators kept true to their promise to accept the report. Dickey raised his voice against a few items, but otherwise the recommendations of the report were adopted in the bill with very few exceptions.

At the opening of the Senate session the Chamber of Commerce resolution asking for liberal salaries for the pay of teachers was read.

The Ways and Means committee submitted a detailed report on the salary bills which it had treated by item. The report ended with the following resume of the result accomplished:

"The above figures will demonstrate that your committee, by its amendments, has succeeded in affecting a reduction in the total amount of the bill of something over \$71,000, and in arriving at this result it has been guided by the one desire to economize wherever possible, but at the same time it has not been unmindful of its duty toward the individual as well as toward the Territory. If it be the desire of your Honorable Body to keep the appropriations for the expenses of the Territory within the estimated income for the next biennial period your committee would recommend the passage of the bill with the insertion of the amendments as herein offered and referred to.

The total of the bill was reduced by the committee report from \$1,468,312 to \$1,396,880. The teachers' salaries originally about \$564,000 and cut to \$512,912, was returned at \$530,000.

The report was received to be considered with the bills.

The Ways and Means committee also submitted its report in the Cummins' appropriation bill, which it had reduced from a total of \$1,487,595 to \$1,387,117.

Kalama moved to adopt the report and the recommendations contained therein. Carried.

The salary bill was taken up for third reading together with the committee's report therein, which read as follows:

Honolulu, T. H., May 11, 1905.
Hon. D. P. R. Iseberg,
President of the Senate,
Territory of Hawaii:

Sir:—Your Committee on Ways and Means, to which was referred House Bill No. 4, entitled "An act making appropriations for the departmental

use of the Territory," begs to report as follows:

Your committee recommends that the following amendments be made:

1. Secretary of the Territory—Reduce the following items: Expenses of election, including transportation to Niihau, Molokai, Kahoolawe and Lanai from \$11,000 to \$10,000; preservation of archives, from \$2400 to \$1800. Strike out the following item: Printing session laws of 1905 in Hawaiian, \$500. Insert new items as follows: Purchase of United States flags, \$2000; expense Board of Immigration, \$1000.

Treasury Department: Reduce the following items—Incidentals, Treasurer's office, from \$4000 to \$3600; incidentals under insurance law, from \$1000 to \$600. Insert new item as follows: Expenses bonding public officials, \$8000.

Bureau of Taxes: Incidentals—Tax office Oahu, from \$8000 to \$6400; incidentals tax office Maui, from \$1700 to \$1400; incidentals tax office Hawaii, from \$4000 to \$2800; incidentals tax office Kauai, from \$1200 to \$800.

Bureau of conveyances: Reduce the

INTEREST IN ORIENTAL RUGS

The war in the East has brought interest to bear on many kinds of merchandise and in some ways that are unexpected. For instance, the Oriental rug people have found rugs from portions of Trans-Caucasia, where Russian influence is paramount, in demand owing chiefly to the fact that rugs from these districts are somewhat Russian. Hopp & Co. are displaying in their Young building stores a large Kazak rug. They have a large new line of Oriental rugs, but of these the Kazak is one of the most interesting. This was made by a nomad tribe of Trans-Caucasia and contains Russian designs. There are other rugs from the same section of the country. The display of rugs of all kinds, including grass, Wilton, Axminster, Moquette and Smyrna at Hopp & Co's store is worth seeing.

Royal Remains Were Not Found. How Rumor Grew

It was rumored about town today that Governor Cleghorn had dug up the bones of Kamehameha the Great, an old Hawaiian on his death bed revealing the whereabouts of the remains.

A telephone message to the Cleghorn mansion brought the reply: "Mr. Cleghorn is not home, but I do not think he has said anything about finding the bones of Kamehameha the Great. He found some bones and a feather cloak. He buried the bones and kept the cloak."

A member of the family said this afternoon: "There is nothing in the story of Mr. Cleghorn finding the bones of Kamehameha I. He removed some large stones just Waikiki of the Waikiki annex and found a skull some time ago. There have been no bones, royal or otherwise, since then."

As is not usually the case with rumors, it was learned how the rumor in this case grew and spread.

Some children near the Annex were telling the story of the finding of the skull to some other children with whom they were playing, who, in turn, told it to their parents, wondering if the bones might not be those of Kamehameha. These parents discussed the matter downtown and people to whom they related the possibilities, by easy stages of exaggeration, gave it out that the remains of the Kamehameha had been found. It was but a jump from this point to the assertion that Cleghorn had been offered a big sum for the bones and refused it.

'FRISCO MARKET IS EXPECTING HIGHER PRICES

San Francisco, May 6.—Business was of moderate proportions and prices showed but little variance as compared with the previous day. A decline in the price of beets in the London market was followed by a corresponding decline in New York and this, in turn, was the direct cause of a general softening in the prices of sugar stocks in this city. While the depression affected the entire line there was no un-

usual offers to sell and all offerings were promptly absorbed. A review of last week's sugar market in New York contains the following: "The week's decline has brought prices of cane sugar in this market back to those ruling in November last, a time when the crop of Cuba was expected to reach at least 1,250,000 tons and when there were expectations of much larger crops in the other West Indies than have been realized. The statistical situation has not changed adversely since November, but, on the contrary, all changes excepting an increase of 40,000 tons in the estimates of the Hawaiian crop and some reduction in the figures of consumption are favorable to the holders of sugar. The European speculative purchases of beets for May delivery must now be on the eve of final liquidation, either by the entire closing out of contracts, their transference to later months or by buyers taking delivery and storing the sugars. This last should give a stronger tone to the market as it is thought that a block of May beets has been hanging over the market, which will now be taken out of it by being stored to await better demand."

JURY IS SECURED TO TRY NAUVE MURDER CASE

Early this afternoon a jury was secured to try the Naone case. R. S. Mahaulu asked to be excused as he was a Federal employee, being postmaster at Haleiwa. Both sides consented and he was excused. Albert Waterhouse was called to take his place but excused for cause. Joseph Richards was called and passed for cause.

At this point both the prosecution, which still had one challenge left, and the defense, which had two, pronounced themselves as satisfied with the jury, which accordingly is as follows: Julius Parkhurst, F. W. Macfarlane Jr., W. L. Austin, Benito Guerrero, C. A. Y. Naertens, E. L. Sharrett, C. H. Ramsey, E. T. Dreier, J. M. Am, E. C. Trash, Jos. Richards and J. Douglass.

The jury was excused until Monday at 10 a. m., but not locked up, the court exercising its discretion according to the new law on the subject. The Attorney General raised a question regarding the validity of this law, but Judge De Bolt stated that he would take the responsibility on his own shoulders.

TRUSTEES CONSIDER BUILDING PLANS FOR THE PUNAHOU CAMPUS

Plans now before the board of trustees of Oahu College contemplate many changes on the college campus in the matter of grounds and buildings. The board of trustees of the college held a meeting yesterday afternoon at which two different sets of plans for the proposed new buildings were submitted. Both sets of these plans were drawn up by Architect H. L. Kerr. The matter was turned over to the committee on buildings and grounds, of which Mr. W. R. Castle is chairman.

No further gifts have been made public since the \$70,000 announced for dormitories at the time of the unveiling of the Bingham memorial tablet. At that time \$50,000 was given by the Castle estate and \$20,000 from one whose name is not given. This latter person will probably increase his donation to \$25,000 if building plans are adopted that suit him.

It may also be stated that another contribution of like amount is expected for a third dormitory.

Tomorrow the building and grounds committee will hold a meeting on Punahou campus to make a preliminary survey of these grounds with a view to placing the new buildings. These will make a great change in the campus.

SENATE PASSES SALARY BILL

The Senate this afternoon went on with its consideration of the salary bill. The salary of the High Sheriff was cut to \$212 per month. The \$10,000 appropriation for the division of entomology was cut to \$5000. The \$3,000 item for a sewer superintendent under the Public Works Department, which was cut out this forenoon, was reconsidered and reinstated. The total of the bill was now \$1,396,080 and it passed third reading by 13 ayes and 1 no.

House Bill 4, the current appropriation bill, was taken up for second reading and it was decided to read it item by item.

Achi introduced a bill making a \$2,000 appropriation for witnesses for criminal cases.

A message was received from the Governor being the nomination of election officers. Action was deferred.

The celebrated Winton automobile has arrived and is now on view at the Von Hamm-Young Co. Young building.

ALAMEDA HAS LIGHT PASSENGER LIST

Kamaainas who set their watches by the Alameda got a shock this morning when the little old Oceanic liner failed to round Diamond Head at her usual time.

Two hours later the Alameda showed up, docking at the Oceanic wharf shortly after 9:30 o'clock. Her delay was due to rough weather. Just after leaving San Francisco the steamer ran into south and southwesterly gales, lasting for two days. The vessel slowed down during the heavy weather, but in spite of this made port only two hours late, coming down in 5 days 10 hours.

In fact, the Alameda "did things" on this round trip. She left this port nine hours behind the O. & O. liner Goptic, arrived in San Francisco and got her mail to the postoffice 35 minutes ahead of the larger boat. Naturally the officers and men of the Alameda are immensely pleased with the steamer's good record. Both mail and passengers were put on shore before those from the Goptic.

The Alameda carries 15 cabin and 4 steerage passengers. Among the former is Dr. J. D. C. Holt, a prominent physician of Peoria, Ill., who will tour the islands. He is accompanied by his wife. There is an unusually light passenger list this trip.

Three days' mail, consisting of 128 sacks, was brought on the Alameda. There is 1050 tons of general cargo on board.

MANY MEETINGS NOTED

SUNDAY SCHOOLS WILL HAVE STREET PARADE

AFTER MEETING AGAIN DRAWS MANY—TRANSPORTS WERE REPRESENTED—NEWSPAPERS THANKED.

Friday: 12 m.—Noon meeting, Y. M. C. A. hall. 3 p. m.—Afternoon service, Central Union Church. 7:30 p. m.—Union gospel service, Central Union Church.

Saturday: 7 p. m.—Gospel services, Kakaako Mission, Queen street, near South. 8 p. m.—Gospel services, Palama Mission, King street, near Liliha.

Sunday: 11 a. m.—Regular church services. 3 p. m.—Mass meeting, Central Union Church. 7:30 p. m.—Men's mass meeting, Hawaiian Opera House. Women's mass meeting, Central Union Church.

Monday: 3 p. m.—Sunday school parade.

A Sunday school parade in the interest of the revival services and participated in by the Sunday schools of Honolulu, was announced last night by Dr. Ostrom for next Monday afternoon at 3 o'clock. The success of this feature in other cities has led to its proposed adoption here.

The services last night were again effective in calling forth responses from many who then took their stand for a Christian life. The after meetings have proved more earnest and inspiring every night. The noon meetings are especially well attended. Dr. Ostrom and his fellow workers express themselves as very greatly encouraged at their results so early in the series. The soldiers from the transports

come in large numbers to the meetings and never fail to have among their number several who express their wish to lead Christian lives.

Last night Dr. Ostrom publicly thanked the newspapers of Honolulu for their effective aid in reporting the meetings and giving wide notice to the revival movement.

Dr. Ostrom read a selection from the Twenty-eighth Psalm and a sentence from the Gospel, "This day thou shalt be with me in Paradise."

In his address he said in part: "The incident of the repentant thief on the cross is likely to be overlooked in the greater crucifixion. This incident is given with much detail in a book where the incidents are nearly always stated with as few words as possible.

"What a life people would live if people would become Christian the moment they reach the age of responsibility. Then a man must answer for his own life. Is there any teaching under heaven more honorable than justification by faith—for which Martin Luther said he would lay down his life? I think a 'moral life' is a good thing as far as it goes, but it is a seven foot jump to a ten foot ditch. A 'moral life' will be justified before men, but not before God until he has sworn loyalty to him. The conduct of a man, however acceptable outwardly will not qualify a man for the government in the skies unless God has placed his stamp on him.

"The thief on the cross came face to face with this and made a personal appeal to his dying Savior 'Lord, remember me!'

"I think there will be growth as long as character is good and that a bad man can suddenly become a good one. No man is fit to become general of an army unless he can make a sudden resolution and half the sweetness of a mother's life is her ability to make sudden resolutions. Such a resolution lies at the base of half our successful action. It's idle to say a sudden res-

olution in religion is ephemeral. Most of the people in this house have heard sermon enough to convert them a thousand times. Some of you had twenty or thirty years. As soon as a man wills for this great change to take place it will come to him. It doesn't take God long to pronounce a man for given.

"It is noticeable that the thief's sudden resolution was thorough, because he acknowledged his sins. I like that. There's no compromising in the Bible's way of thinking a man is either a Christian or a sinner. The man who will admit he is neither in the hardest I love to deal with. Do you know that though I was converted in my young manhood there isn't a command or precept in the Bible that I haven't broken in my heart. It's a great honor for a man when he acknowledges his sins, confesses them, and is contrite. It's a pity if a man suggests to himself that he has no particular need for a Savior.

"The thief further comes right out and acknowledges Jesus. It's a great thing for a man to speak a good word for his Savior to others. These very islands years ago had not the benefit of pulpit addresses or trained choruses but those who preached the Gospel taught the existence of a real Savior. There's no privilege given to man like standing up and bearing witness for his Christ. If a man lives his religion and doesn't talk it he rows with one oar and goes in a circle. Live it and talk it and you'll make port.

ON THE LOAN BILL

Senate Bill 3, making special appropriations for the use of the government of the Territory of Hawaii during the two years which will end with the 30th day of June, 1907, occupied the House yesterday afternoon on second reading, Nakulua in the chair, in Committee of the Whole, the first section, in reference to the total amount of appropriations, was deferred.

Rep. Hala moved to apportion the \$681,000, "general appropriations, all islands," by allowing Oahu \$390,000 and the other islands \$291,000. He attacked what he termed Oahu's raid on the loan fund. Lewis backed his remarks. Coelho finally remarked that the House was in a tangle and suggested deferring further consideration until today. Adopted.

Danderine

GREW MISS LEWIS' HAIR

AND WE CAN

PROVE IT

The Great Danderine Never Fails to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It enlivens, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter:

January 3, 1905.
Dear Doctor Knowlton:—
You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid.
I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it.
Everybody I know is using Danderine, so you see I am doing something to show my appreciation.
Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all druggists in three sizes, 25 cents, 50 cents and \$1. per bottle
FREE. To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 20 cents in silver or stamps to pay postage.

FRIDAY.....MAY 12, 1905 Editor Shiozawa thinks the Japanese ought to be allowed to carry on their troubles among themselves. That's proper provided they don't broaden out into a war that affects the community.

Linevitch says a company of Japanese caused Kurapatin to order the retreat from Mukden. Linevitch now has troubles of his own and may be able to show what can be done. According to all accounts it was a good sized company.

The demand for liberal appropriations for the public schools will not be met by an appropriation less than the amount asked by the Superintendent of Public Instruction. Excuses will not be in order. Where there's a will there's a way.

One man said in his heart, "It doesn't do me any good to advertise." That man was a wonder, to put it mildly. The Irishman who sat on the limb he was sawing couldn't see that it hurt him any till he hit the toboggan side and bit the dust. The man who doesn't need to advertise has reached the point where he is standing stock still. He may keep comfortable for a while but it is a matter of a short time when a wide-awake, progressive competitor will get in, and, with the judicious and intelligent use of advertising, get the business.

CARNEGIE'S LATEST GIFT.

Andrew Carnegie's gift of \$10,000,000 to provide a fund for used up teachers and professors is estimated to net \$500,000 a year should there be no collapse in the bonds of the United States Steel corporation, which forms the basis of the bequest. The letter of Mr. Carnegie to the prospective trustees of the fund shows that he has very broad views on the matter of taking care of the educators of the land. The benefits are to go to all teachers of the American continent north of the Mexican boundary, except the strictly sectarian, though he makes a liberal interpretation of the term "sectarian school."

The work is to be inaugurated by Dr. Henry S. Pritchett of the Massachusetts Institute of Technology and Mr. Vanderlip of the National City Bank of New York. The latter in his announcement to the press says: "It is Mr. Carnegie's belief that this fund will not only provide a dignified pension system for a body of most worthy, self-sacrificing and poorly paid men, but that it will be of distinct value to the cause of education in offering an opportunity to the trustees of a college to retire members of the faculty who have faithfully served the institution for so many years and to replace such men with young, vigorous and efficient professors."

The broad scope of the work is more fully set forth in Mr. Carnegie's letter, the leading features of which follow: "I have reached the conclusion that the least rewarded of all the professions is that of the teacher in our higher educational institutions. New York city generously and very wisely provides retiring pensions for teachers in her public schools and also for her policemen. Very few, indeed, of our colleges are able to do so. The consequences are grievous. Able men hesitate to adopt teaching as a career and many old professors whose places should be occupied by younger men cannot be retired.

"I have therefore transferred to you and your successors as trustees, \$10,000,000 five per cent first-mortgage bonds of the United States Steel corporation, the revenue from which is to provide retiring pensions for the teachers of universities, colleges and technical schools in our own country, Canada and Newfoundland, under such conditions as you may adopt from time to time. Expert calculations show that the revenue will be ample for the purpose.

"The fund applies to the three classes of institutions named, without regard to race, sex, creed or color. We have, however, to recognize that state and colonial governments which have established or mainly support universities, colleges or schools, may prefer that their relations shall remain exclusive with the state. I cannot, therefore, presume to include them.

"There is another class which states do not aid, their constitutions in some cases even forbidding it, namely, sectarian institutions. Many of these, established long ago were truly sectarian, but today are free to all men of all creeds or of none—such are not to be considered sectarian now. Only such as are under control of a sect or require trustees (or a majority thereof), officers, faculty or students, to belong to any specified sect, or which impose any theological test, are to be excluded.

bought educational policies by establishing a university. Carnegie can certainly plead not guilty when he provides a haven for educators who have given their best days to the youth of the land and had not enough time to think of money for the latter years.

MANY HAWAIIANS ON NAONE'S JURY

The drawing of a jury to try the Naone murder case is progressing quite rapidly in Judge De Bolt's court. Peremptory challenges were exercised throughout the forenoon the defense using four and the prosecution one. The defense has now two challenges left and the prosecution only one. The proceedings were somewhat delayed through many jurors being excused for cause for one reason and another. H. R. Eckart was drawn to take the place of W. P. Roth, excused yesterday, but was excused for cause. W. Y. Kwai Fong was drawn in his place. J. B. Goldstone was challenged by the defense and J. M. Ali drawn.

The prosecution challenged J. H. Boyd, and E. L. Doyle was drawn in his place. Doyle was challenged by the defense and C. E. Frasher drawn. Owing to the frequent disturbance of the proceedings by vehicles passing up and down Millani street, the court at this time ordered the clerk to station two officers at each end of the Millani street block to stop all vehicles from passing up and down the street while the court was in session.

The defense challenged Kwai Fong and F. W. Beardlee was drawn. J. K. Inch was challenged by the prosecution and Ben Naukana drawn. He was excused for cause and R. M. Mahaulu drawn in his place. F. W. Beardlee was challenged by the defense and C. A. DeCew drawn. He was excused for cause and J. B. Carden drawn. Carden also was excused for cause and W. D. Adams drawn. Adams was likewise excused for cause. J. Veary was drawn in his place, but was challenged by the defense. D. Douglass was drawn.

At this time the noon hour was approaching and the prosecution asked that a recess be taken in order that it could deliberate on how it should use its last and only challenge. This was granted. The following is a list of jurors now in the box: Milus Parkhurst, F. W. Macfarlane, Jr., W. L. Austin, Benito Guerrero, C. A. G. Maertens, E. L. Sharrett, C. H. Ramsay, E. T. Dreier, J. M. Ali, C. E. Frasher, R. S. Mahaulu, D. Douglass. A peculiarity about this jury is that the number of Hawaiians or part-Hawaiians on it far exceeds the usual

ATHLETES PREPARE FOR TRACK MEET

Each team entered in the track meet at Boys' Field tomorrow declares it is a sure winner of the handsome silk pennant offered for the championship. St. Louis College, Mills Institute, the Normal School and the Y. M. C. A. have entered teams and as the entry list is full of dark horses the result is uncertain. The youngsters are taking more interest in this than they do in the open championship meet, and every event is up to the limit in entries.

The band has "consented to appear" and everything is in readiness for the affair.

HOUSE LATE TO WORK

The House was thirty-five minutes late in opening business this afternoon, many of the members lingering amid the green coolness of Kapiolani park, on the inspection trip of the legislators made today.

When work was resumed S. B. 2, the loan measure, was again taken up in Committee of the Whole. The local cable office was this afternoon advised by cable from Midway island that the U. S. S. Iroquois with the schooner Chas. L. Woodbury in tow had arrived there in good condition. As no one from the schooner had as yet been ashore at the time the message was sent no details of the loss of the purser of the Woodbury were learned.

A later dispatch reported all on board as well. Man lost overboard off Kauai was named Clarke.

SHIOZAWA NOT IT BUT MUST GO WITH PEOPLE

"I think the man who gave you the interview about my being the leader of this movement against the Consul and a candidate for Consul myself, must have been a white man," said Editor Shiozawa this morning in the Bulletin office. When assured that the man was a full-blooded Japanese, Shiozawa said the man must be crazy. In reply to the direct question, Shiozawa said, "I am not at the head of the movement against the Consul. I am not after the Consulship. That is too funny. I have printed it in my paper today and the Japanese people will laugh. I didn't get up the meeting. The people are aroused and I cannot oppose public sentiment. I am angered and I must go with the people." "I am sorry however the matter has got into the English press. It has been going on for over a month. It is no new thing. But it is peculiarly a Japanese question and I would prefer that we fight it out among ourselves."

NAVY DOCKS ARE NOW VERY QUIET

With the departure of three naval vessels the navy docks once more resumed their usual quiet. The Bear is the only one of Uncle Sam's vessels left in port. The little Ranger continued her voyage to Cavite yesterday afternoon. Her men will be assigned to various vessels on the Asiatic station. She carries a lot of 6-pounder ammunition for the battleships Oregon and Wisconsin. The army transport Sherman left at 11 o'clock this morning, the famous Ninth Infantry band playing, "Good-bye, Little Girl, Good-bye," and hundreds of soldiers whistling the familiar strains, while some of the feminine passengers sang the words. The Sherman goes crowded with passengers, carrying about 1550 souls all told. The Ninth Infantry and the Seventh Cavalry together make a total of 1022 enlisted men. Although the quarters are so crowded the passengers are admirably arranged, and not a complaint was heard here while the vessel was in port.

The cruiser Boston left at 1 o'clock this afternoon. A number of people were down to see the crack cruiser leave for San Francisco. The Boston made a host of friends here, and everybody is sorry the little fighting machine leaves this port. She will go to San Francisco and thence to the Portland exposition and Puget Sound ports.

ATTACKS LIKE HYENA RUNS LIKE MONGOOSE

Editor Evening Bulletin:—The Advertiser has failed to publish the following letter. Please give it space and thus let the public see that while the morning paper attacks me in season and out of season, it will not give me a chance to fight back in its column. It invariably attacks me like a hyena, and then, when I get at them with a stick, it runs like a mongoose. T. McCANTS STEWART. May 12th, 1905.

To the Editor of the Advertiser: You use the term "graft" so freely that it is hard to understand its meaning.

"Graft" is understood to be getting money out of the public dishonestly. Now, you apply it to me because I think that a lawyer, invited by the Attorney General to assist him in most important litigation, should be paid a reasonable fee.

I see your representative daily around the legislative doors watching a chance to get printing jobs. Is he after "graft"? Are you a printing "graft"?

You refer to the fact that by consent of all the interested parties I got a fee as receiver in the Matuaile Sugar Co. case. Your Mr. Thurston got a big fee for promoting Kihel, which people refer to with exclamation points as numerous as stars. Do you call that "graft"?

When the Attorney General came to me and asked me to assist him in defending the county act he said he had only a little money. He voluntarily offered me a fee of \$50. He made this offer without a word from me as to fee. I then said to him that the Legislature could provide for the expense, an expense which he, by seeking outside legal aid, was making necessary. He gets a salary. Is it fair for him to expect another lawyer to work for nothing?

Remember, he sought me. I did not go to him. In forcing me to work without fee is that not a "graft" on my livelihood? You say I am lobbying for a fee. I challenge you to name a single legislator to whom I have made a single suggestion with reference to a fee in this matter.

The day the Attorney General offered me this work I stated to Senator Lane in my office that the Attorney General said he was able to pay me only \$50. I then declared that the fee was wholly inadequate and that the Legislature should provide for the expense. I have not said a word to any other legislator, directly or indirectly, on the subject; and I pledge my personal honor for the statement.

I gave months of service in drafting the county act. Senator Achi and other legislators urged me to allow him to move for a fee. I declined to allow it, saying that I agreed to do the work without pay and I would not be a party to any fee business.

But when the Attorney General approaches me and asks me to assist him to carry on important litigation which may go to the Supreme Court of the United States, I submit that it is not fair, especially in these hard times, to ask any lawyer to do the work without pay.

You need all the printing you can get, and you take all you get from the Legislature, and you hustle for it, to help out your "slender income"; but when people do not like seek an honest living in an honest way, you cry "graft!"

If you were less of a "grafter" yourself you would not cry "graft" so much. T. McCANTS STEWART. May 11th, 1905.

HOUSE RAISES GENERAL ITEMS EXTRA SESSION. ELEVENTH DAY. The House this morning received the following from the Chamber of Commerce: May 11, 1905. Hon. Eric Knudsen, Speaker of the House of Representatives, Territory of Hawaii. Dear Sir: The necessity for thorough education of the youth in any American community and the special demand for proper development of the youth of this new American Territory, has moved the officers of the Honolulu Chamber of Commerce to lend the support of their organization to any and all efforts to advance the interests of the public schools. At the meeting of the Board of Trustees, on the 10th instant, the following resolution was passed: Resolved: That the Legislature be requested to make liberal appropriations for the Public Schools of the Territory. Respectfully yours, JAS. GORDON SPENCER, Secretary, Honolulu Chamber of Commerce. On the Loan Bill. The House went into Committee of the Whole on Senate Bill 3, the loan bill, handling items as below noted: "General appropriations for all islands" was the section disposed of for the time being, some of the items, notably \$300,000 for Honolulu wharf extension, being deferred. In the matter of items this morning considered, numerous new items being inserted, the appropriations were greatly increased. Oahu was given an additional \$21,000; Hawaii \$23,000; Maui \$49,000 and Kauai \$14,000. Under "general appropriations for all islands," on motion of Rep. Holstein, item "Government building, Hilo, \$25,000," was amended to read "\$40,000." Court House and Jail, N. Kona, \$8,000, was passed. On motion of Rice, item "court house and jail, Lihue, Kauai" was raised from \$10,000 to \$25,000. On Coelho's motion, item "government buildings, Maui, \$15,000" was changed to read: (Continued on Page 5.)

HONEYMOON BLISS WAS VERY SHORT

Lillian Birdie Brown has filed a libel for divorce vs. Edward M. Brown. The complaint shows that the married happiness of the couple was but short. They had hardly finished their honeymoon when the bride was deserted. The marriage took place July 29, 1904, and already August 17 of the same year the bridegroom deserted Mrs. Brown and is now in California. It is alleged that from the date of marriage the libellee failed to provide maintenance for the libellant, who had to depend on friends for her support. The complainant asks for an absolute divorce and for the restoration of her maiden name.

The other fourteen are: A. Hocking, Clifford Kimball, M. K. Cooke, Henry Kaal, Harry Murray, A. H. Smith, Quintus H. Berrey, J. F. Soper, G. P. Wilder, Joe Richards, Norman Watkins, C. M. White, G. C. Sea, St. C. Sayers.

Some of the men are talking of making a movement to smash the slate by asking the voters of the precinct to vote for any of the fourteen and thereby mix up the solid ten. So far as known there is no open opposition to Brown in the precinct and curiously enough the probable ones on the Brown question are included in the solid ten supposed to be pledged for Brown.

There are no bitter personalities in the precinct, but with Garrick Wilder and thirteen others taking their coats off against what they term back door machine politics the voting in the Second will be interesting and thoroughly good natured.

SIX ROOM HOUSE BURNED HONOLULU STOCK EXCHANGE

FIRE AT KAIMUKI DESTROYS COTTAGE

SUSPICION OF ATTEMPTED FOUL PLAY—AGED PORTUGUESE NARROWLY ESCAPES FIERY DEATH.

Fire of mysterious origin last night totally destroyed a six-room house at Kaimuki owned by Senator Palmer Woods. F. de Costa, an aged Portuguese living in the house, had a narrow escape from death in the flames, and there is strong suspicion of attempted foul play.

The first news of fire was heard downtown about 1 o'clock last night when a big blaze was noticed in the direction of Kaimuki. Chief Thurston with Engine Co. No. 3 from the Makiki station made all haste to the spot but arrived too late to save the house. Owing to the light building material used in the construction and a scarcity of water, the fire department never had a chance to save the structure and it burned literally to the ground nothing being left but a heap of ashes and pieces of twisted and burnt iron.

J. K. Clark, who, until a few weeks ago, owned the cottage, estimated the loss as near \$2,000, both the house and furniture being insured.

The only person in the house at the time of the burning was Clark's grandfather, F. de Costa. Today he could give no clear account of the fire. He is about 70 years old, and very feeble. He says he was first awakened by smoke pouring into the bedroom. In the rear of the house the fire had

gained much headway, and the old man barely escaped with his life and a hastily-gathered armful of bedclothes. Early this morning there was a report that de Costa had met death in the flames, but he was finally found in an adjoining outhouse.

From the fact that the old man was alone in the house and supposed to have some money, and further that a strange Porto Rican has been seen loitering around the place within the last week, neighbors are inclined to credit an attempt at foul play. Whether anything was taken from the house last night cannot now be learned, for the flames have effectually covered up any traces of theft. But de Costa is certain the fire could not have been accidental.

This section of Kaimuki, on 8th Avenue, makai of the car line, has not been free from attempted robberies lately. Some time ago a Porto Rican burglarized the house of Percy C. Buzzell, manager of the Singer Manufacturing Co., and got a year on the reef for it. Buzzell lives about a third of a mile from the burned house. Several days ago Buzzell chased a Porto Rican from under his own house. The man is described as wearing a gray slouch hat, a faded brown coat, and khaki trousers. He has been seen around this district several times, and may be connected with the present case.

The house burned was built by J. K. Clark in 1898 at a cost of \$1750. He said this morning that several weeks ago he deeded it to Senator Palmer Woods. It was a pretty place, well-kept and with grass and shrubs growing all around. The old man was alone nearly all the time, since Clark's business keeps him downtown. This fact was well known, and the chances for a burglary were excellent.

OF LATE the magazines and daily papers have had much to say by way of criticism of certain life insurance companies, and especially with regard to the legal organizations of such companies, and of the manner of their control. These criticisms do not apply to The Pacific Mutual Life Insurance Company of California.

It is not controlled by one or two men having no pecuniary interest or responsibility save as policyholders or recipients of salary, but it is controlled by a Board of fifteen Directors, not mere dummies, but stockholders in their own right, holding a large amount of the Company's stock, and policyholders as well. The Directors of the Company are men of high financial and commercial standing, and are by law made responsible for the acts of the Officers of the Corporation.

maintaining patients at Kapiolani Maternity Home from \$10,000 to \$7200. Amend the item, Medical Department, Kailih Receiving Station and Settlement, including treatment of lepers and suspects, to read as follows: "Medical Department, Kailih Receiving Station and Molokai Settlement, including treatment of lepers and suspects," \$20,000; amend item "New building, Settlement, Molokai," to read as follows: "New buildings, Settlement, Molokai," \$4700. 12. Bands: Strike out the following items—Incidentals, \$600; incidentals, Hilo band, \$250; incidentals, Waialua and Lahaina bands, \$250; incidentals, Lihue, Waimea and Koloa bands, \$250. 13. Park Commission: Strike out the item—Honolulu Park Commission, \$20,000.

As a result of the above amendments to the bill your committee begs to further recommend that Section 1 on page 1 be amended to read as follows: Strike out the words and figures "One Million Four Hundred and Eighty-Seven Thousand Five Hundred and Ninety-Five Dollars (\$1,487,595)" and in their stead insert the following words and figures, "One Million Three Hundred and Eighty-Seven Thousand, One Hundred and Seventeen Dollars (\$1,387,117)."

Also strike out on page 11 the sum "\$1,487,595," and insert in its stead the sum of "\$1,387,117." In conclusion your committee would say that in recommending the several amendments to the bill it has endeavored to act with all impartiality and fairness to the several departments of the government, reductions and cuts having been made with but one end in view, viz., that of keeping the expenses of the Territory within its revenue, a duty in the opinion of your committee that every loyal spirited legislator owes his country, and the adoption of the committee's amendments will be proof of such loyalty.

Respectfully submitted, The item of \$12,500 for salaries and commissions of deputy tax assessors and collectors on Maui, which was cut by the report to \$11,400 caused some discussion, Dickey objecting to the reduction but the recommendation of the committee was finally adopted. The recommendation of the committee to insert a superintendent of sewers at a salary of \$125 under the Public Works Department was not adopted, it being argued that there was already a sewer superintendent under the Board of Health, who could do the whole work. At about 11:30 o'clock a recess was taken in order that the Senators might avail themselves of the invitation of the Park Commission to visit Kapiolani Park. The Senate will meet again at 2 p. m. to finish the third reading of the Salary Bill.
