OBSCENE POST CARD MAN IS LOCATED WATER RATE RAISE ROUSES PROTESTS

Anti-Catholic Writer Found

J. J. Webb, Mailer of Obscene Cards, Fled On The Maitai

Circumstantial evidence has proved beyond the possibility of a doubt the identity of the man who mailed the obscene anti-Catholic cards and who has been searched for by the United States and county officials. J. J. Webb is the man's name, and he is now safe from the jurisdiction of the law of the United States, having left the Territory on the Maitai, sailing for the Colonies on April 2. Webb is now in Brisbane, and as the offense of sending improper matter through the United States mails is not an extraditable one, Webb is apparently safe from punishment.

The evidence that shows Webb to be the man is conclusive, and in addition to proving his guilt, amounts to a vindication for the "Holy Rollers," who fell under suspicion as being the authors of the obscene cards that attacked the Catholic faith.

A large amount of the credit for gathering up the scattered threads of evidence and finally proving the case against Webb belongs to City and County Sheriff Jarrett. It was by inquiry among the employees of the Honolulu Iron Works that Jarrett first had his suspicions aroused against Webb. One of the connecting links in the chain of evidence was the fact that one of the men employed at the iron works, William Gertz, who received several of the cards and a note through the mail, was addressed as "Maitop." Webb knew that Gertz, a former seafaring man, had named his home in Kal-

HOFFSTOT HELD WITH GRAFTERS

FRANK N. HOFFSTOT

NEW YORK, Apr. 20.—President Hoffstot of the Pressed Car Steel Company was arrested here today on the charge of bribery and conspiracy in connection with the irregularities of the Pittsburgh municipal government. Mr. Hoffstot was released on \$10,000 bail.

PITTSBURG, April 19.—The indictment of Frank N. Hoffstot, president of the German National bank and president of the Pressed Steel Car company, by the grand jury in connection with the graft crusade is to be followed by half a dozen other sensations, according to District Attorney Blakeley. Mr. Hoffstot lives in New York more than half of his time.

ARCHITECT TELLS OF NEW FEDERAL BUILDING

Louis Ayres Describes Ideas For U. S. Structure

BUILDING MATERIALS DEPEND ON COST

"York & Sawyer were selected by the Treasury Department to draw up plans for the new Federal building in this city by means of an architectural competition according to the Tarsney Act. There were about ten architects in this competition, stated Louis Ayres to a Bulletin representative this morning.

"Usually Federal work is done by the supervising architect of the Treasury, but under this act the Secretary of the Treasury, in certain cases, may provide an outside architect for Federal work.

"The new Federal building for this city will provide for a postoffice, customs office, internal revenue department, Federal courts, lighthouse inspectors' offices, coast survey, United States engineers, weather bureau, etc.

"The plans will be changed more or less from those submitted in competition, after I have had a consultation with the various heads of the departments which are to be housed in the new building. The plans in their present condition will be shown to the members of the Chamber of Commerce this afternoon, and at their request, as they are naturally enthusiastic over this new Federal building, although they will have no official say in the matter.

"The new building will be three or four stories in height, and will be a fireproof structure. The building materials have not as yet been

WILL HOLD THEIR SEATS

(Special Bulletin Cable.)
 WASHINGTON, D. C., Apr. 20.—After a strenuous fight, Representatives Legare and Lever retain their contested seats.

MOUNTAIN KING STOCK INCREASE

"A \$100,000 increase in the capital of the Mountain King Mining and Milling company is for the purpose of installing thirty additional stamps to cost \$15,000 and for paying off \$45,000 owing to the directors," so stated Mr. Alfred D. Cooper this afternoon.

An informal meeting of the directors was held in San Francisco on April 11. Those present were: President Miller, Vice-President Hall, Director Austin, F. B. Damon, C. Beale, J. H. Porteous, C. J. Hutchins, J. Harris McKenzie.

The new stock will be payable as follows: 25 cents per share on allotment, 25 cents and 60 cents thereafter, and the balance of 50 cents per share at the call of the directors. Any stock not applied for will go into the treasury and will be sold for the highest price the directors can obtain for it.

On April 12, the directors met and passed the resolution recommending the shareholders to vote for increasing the capital stock at the same time inviting each to apply for his pro rata of the new stock at par on the basis of one new share for each five shares held by him.

THE WELL-KNOWN schooner Dora Blum, which was chartered for a salvage expedition to the wrecked steamer Indiana at Magdalena Bay, is reported to have left there about March 18 for San Francisco. It is also reported that she has a full cargo of plunder from the wreck. The Indiana was a Pacific Mail boat on the Panama run and went down last year off the rocks of Point Tosea.

Depew May Refuse to Run

WASHINGTON, D. C., Apr. 20.—The report was general about Washington today that Senator Chauncey Depew from New York will not be a candidate for reelection.

DEMOCRATIC JOY CREATES CLAIMS

WASHINGTON, D. C., Apr. 20.—Returns from Rochester are the talk of the political circles of the Capitol today. The Democrats are jubilant over the result, following so closely upon the success of Foss in Massachusetts. They also point to the fact that the President included Rochester in his speaking tour of New York.

The Democrats are claiming that they will elect a majority of the next House of Representatives.

WANT HAVENS

ROCHESTER, N. Y., Apr. 20.—Politicians are already using the name of Congressman-elect Havens as a leader among the candidates for the governorship. The tremendous reversal that Havens brought about in the election yesterday has for the moment made him the logical candidate to lead the Democratic forces.

STEAMER LOST

NEWCASTLE, N. S. W., Apr. 20.—The British steamer Satara has foundered. The fate of the crew is unknown.

FERN FAVORED NO CHANGE

Queen's Hospital Sought Even Thousand A Month

Ex-Governor A. S. Cleghorn appeared before the members of the City and County Board of Supervisors at last night's meeting and offered a word of explanation concerning the request for a flat rate of one thousand dollars per month to be paid by the City and County to the Queen's Hospital.

Heretofore the charity patients have been cared for at the institution at the rate of a dollar and a half a day, this sum being paid by the municipality.

The substitution of a flat rate in the opinion of Mr. Cleghorn would obviate the shutting out of Hawaiians who are now said to shy at certain formalities connected with their being admitted to the institution under the present arrangement.

The hospital stood ready to accept all county indigents under the agreement now ruling. The hospital will accept Hawaiians, or part Hawaiians, with or without the authority of the county. That is if a Hawaiian applies for admission at the hospital, the hospital authorities will exercise their own discretion in accepting the patient, and no Hawaiian need apply to county authorities for admission.

The county, however, to have the same privileges regarding entrance of Hawaiians as heretofore.

In order to protect the hospital from an overflow of patients of any nationality sent by the county, a limit of hospital days should be fixed as a maximum for any one month. We suggest that 700 hospital days be the limit for patients, other than Hawaiians, for which the hospital will be responsible to the county under a flat monthly allowance of \$1000.

In making this proposition it will be seen that the county will benefit in having a fixed sum to provide for, while its time will be saved in examining and treating patients of Hawai-

Grand Jury Probes Revenue Records

Special Agent Thomas Appears Before The United States Inquisitors

An investigation of the records of the United States Internal Revenue Department has been begun by the United States Grand Jury and it is not yet known what the result will be or the causes that have led to the bringing of records of the United States Internal Revenue Department before the Federal inquisitors.

Special Agent Thomas, who is now in Hawaii on his usual trip in checking on the records of the local department, was before the Grand Jury

Reward Of \$150 Is Offered For Grace

Fugitive Murderer Still Evades Searchers---High Sheriff To Pay

At 3 o'clock Chief McDuffie and posse were beating up the country in the vicinity where the murderer was seen, and fully expect to capture their man.

Word was received at 2:15 this afternoon by phone from Kalihi that Murderer Grace had been seen in that vicinity. Chief McDuffie and posse left at once in an automobile for that section.

Anderson Grace is still at large, but the probabilities are that he will be captured soon now. High Sheriff Henry has decided to offer a reward of \$150 for the taking of the negro murderer, and it is thought that many more people will now join in the man hunt in the hopes of getting the blood money.

Chief McDuffie was out all night and has had little sleep for several days now. His staff is kept busy night and day on the proposition, and the regular police force also has been working overtime on the Grace hunt.

The usual crop of stories are floating around, and numerous people who think that every negro they see is Grace still roll up and repeat the old story of having seen the escaped murderer.

Mrs. Grace is still at the police station, where she spends her nights. She was allowed out again this morning in order to go home and get some wearing apparel. The woman does not appear to worry much

about the affair, and she smiles and jokes with anyone she happens to see when she emerges from the police court yard.

High Sheriff Henry's men were out last night, too, but up till one o'clock today they had got no clue to the negro's whereabouts. There is no doubt that the reward is obtaining food somewhere, and it is thought that the reward will induce somebody to betray the wanted man.

It is also thought by the police department that Grace may be located over the other side of the island, and that the news of his escape has not reached the Chinese or Japanese with whom he may be working.

It was reported last night that a negro, supposed to be Grace, had dropped into a Kalihi saloon and after mopping up a few beers and all the free lunch in sight, had departed. Then the telephone began to work and a couple of police officers were dispatched to the saloon. The negro had wandered off by the time the officers reached the saloon, and no trace could be found of him.

Nothing really definite has been heard of Grace since he departed from the prisoners' gang at Kapoian Park, and the story of his being seen on a bicycle making good time for Koko Head is just as true as the one that he went by aeroplane to Lanai.

Grace was once known as the "Human Organ," and gave many performances at smoke concerts down at the Healan Boat Club.

an race.

In presenting the matter before the Board, Mayor Fern stated that as the arrangement for paying \$1.50 per day was at the suggestion of the hospital trustees themselves, and as they received practically \$1000 per month since the agreement was made I feel that we had better leave well enough alone at any rate in the financial stress which we are undergoing at present, there is a chance for the city and county physician to save a little unless some unforeseen epidemic crops up. I would recommend that we keep to the present agreement at least until July first.

The members of the Chamber of Commerce will hold a meeting this afternoon at 3 o'clock, to hear a report from Mr. Louis Ayres, representing the firm of York & Sawyer of New York on the proposed plans for the new Federal Building.

ALEXANDER YOUNG IS RECOVERING

Alexander Young is recovering steadily from the attack of which he was the victim yesterday. Mr. Vog Hamm stated this afternoon that the patient was in no danger and that the attending physicians were confident that no serious consequences would follow his illness. Mr. Young is resting comfortably at his home at Waikiki.

THE AMERICAN tanker Rosecrans is reported to have arrived at Gaviota after having discharged a shipment of fuel oil at Kaanapali.

THE AMERICAN schooner Muriel, from San Francisco with general cargo, is reported as having arrived at Honolulu yesterday.

Citizens Condemn Water Rate Increase

Arbitrary Action Of Superintendent Campbell Arouses Much Criticism

"In my opinion, the contemplated raise in the water rates, is a wrong move, as Honolulu depends upon its beauty spots and many people will do away with their lawns rather than submit to paying any extra taxes," so stated Mr. Fred L. Waldron, president of the Merchants' Association, this morning.

In continuing, Mr. Waldron said: "The people who should take this matter up are the Improvement Clubs, such for instance as the Central Improvement Committee, under the chairmanship of Captain Kidwell. But I am afraid this organization is almost out of existence.

"I am keeping up one and a half acres of lawn around my place, and I know what a tax it is, and it is bound to cause some hardship among the poorer classes if the water rates are increased. The water rates have more than kept up the water works. When we pay our water rates we don't expect to have this money utilized for public improvements. The beauty spots of Honolulu are an asset to the city."

Emil A. Berndt, when seen this morning said: "I told Mr. Marston Campbell that I did not think the Merchants' Association would take this matter up until it became a question involving commercial importance. Personally, I would be opposed to any change in the present water rates for the reason that Honolulu is at-

RAPID TRANSIT TO CHANGE TRACKS.

Superintendent of Public Works Markon Campbell has notified the members of the City and County Board of Supervisors that he has approved of the plan of the Honolulu Rapid Transit Company for the removal of their old track on Hotel street between Alapai and Richards street to a more central portion of the street. The street car company has also been granted permission to extend the capitol switch to sufficient length to permit the passing of several cars. This work is preparatory to the installation of a new rapid transit service on Hotel street.

GLAD HAND TO THE EDITORS.

Mr. Joseph J. Fern has asked the city and county supervisors to extend the honorarium of fellowship to the members of the National Editorial Association. The organization made up of newspaper men mainly drawn from the United States and weekly newspapers of the States, who will hold their annual convention on the Pacific coast at Honolulu during January or February of next year.

The matter was brought to the attention of the city and county supervisors through the Proclamation Committee. The city fathers have voted to extend a welcome to the editors.

SIERRA REPORTS.

The following weather has been reported by the agents from the S. S. Sierra.

April 19, 1910. 8 p. m.—1120 miles from light ship. Light northerly breeze, smooth sea, clear weather. Bar, 30.14, temperature 68. All well. Sierra has 49 cubic ft. cargo and 1789 tons cargo, 161 sacks mail and 1000 lbs. cargo.

LOCAL AND GENERAL

Family orders for wood and coal are given special attention by Honolulu Construction & Draying Co. The best grades of wood and coal are carefully selected and satisfaction is assured. Phone 281.

In automobile painting only the most skilled workmen should be employed and the work should be done in dust-proof rooms. The W. W. Wright & Co., Ltd., have the dust-proof rooms and only skilled painters are employed.

Decorate in a beautiful new finish that will give a richly tinted gloss finish in perfect imitation of any selected natural wood. Apply it to chairs, floors, furniture, wickerware, etc., and it will make marked and scratched pieces look like new. Sold by Lewers & Cooke, Ltd.

Freidman defeated Bugler Sarconi. There were two interesting boxing bouts at Lohela last night, and a big crowd of the Cavalry boys attended the fights. Dick Sullivan traveled down to Schofield Barracks and acted as referee for both events.

The preliminary was a five-round go between two of the soldiers, and after some exciting boxing it was called a draw. Then the main event, between Sarconi and Freidman, was staged, and for fifteen willing rounds the two boys battled it out in great style.

For the first seven rounds honors were even, although both men were fighting like demons. Sarconi adopted a crouching, while Freidman stood more erect. The men made the bout fierce, from the very start, and no one thought that the boxers would both be on their feet at the end of the match.

Freidman took a decided lead in the eleventh round, and added to his points as the end approached. In the fourteenth round both men were cut about the face, but still battled along in game fashion.

Referee Sullivan's decision was a good one, as Freidman carried the fight to Sarconi from the eighth round on. Freidman has improved a lot since the time that he was knocked out by Wablan, and he and 'Young Gans' may be matched to box at McPadden's show in a couple of weeks' time.

CHAIRMAN KANE WOULD RESIGN

Resents Interference In Management Of Lights

"I want to resign as chairman of the committee on electric lights," declared City and County Supervisor Kane last evening, "and hereafter I will have nothing to do with the management of this department of the municipal service, if this constant interference with my committee is permitted to continue."

Chairman Kane appeared to have become considerably riled over an objection raised at his report by Supervisor Quinn. Kane had announced that he favored the installation of two electric lights on Ala Moana street, one at the Honolulu Iron Works and another near the Union Feed Company plant. The additional lights were said to prove of material benefit to hundreds of marines stationed at Camp Verry.

The request for illumination of a heretofore darkened thoroughfare came through Captain Murk of the United States Marine Corps.

Quinn raised a decided objection to the adoption of any report which would serve to provide more lights on the street in question. The road committee had already received too much time, attention and money at the hands of the city government. The municipality had lent valued assistance to the opening of new roads in and near the fortifications and military reservations with the distinct understanding that the thoroughfares were to be open to the public.

Quinn stated that he was in receipt of a letter from the head of one branch of the military where he was notified that the new public road leading around Diamond Head, which had been recently constructed by the city and county at considerable expense, would be closed to public traffic after 10 o'clock each evening.

The supervisor deprecated this spirit of arrogance upon the part of the Federal military authorities, and he denounced the action as high-handed and unjust. For that reason Quinn was opposed to the city and county doing anything more for the military.

Kane took offense at the objection raised to a report favoring the granting of the request for additional electric lights, and thereupon announced his pending retirement from the light committee unless his fellow colleague, Quinn, be suppressed.

Supervisor Quinn subsided gracefully, and when the vote came for adoption of the report, the board was unanimous for its approval.

Ala Moana street will therefore receive more light, Kane will stick to his post on the illumination committee, and peace continues to reign in municipal halls.

ACCORDING to Manager Jessup of the United Wireless Company, the Pacific Mail liner Siberia has the most powerful long-distance wireless apparatus carried by any merchantman in the world. The Siberia, before going to sea had been in communication with Los Angeles

SPORTS PROGRAM FOR SATURDAY

Entries And Officials Are Ready For New Records

On Saturday afternoon the Boys' Field will be the scene of several attempts at record breaking, and from all indications some of the old figures are going to be broken for sure. Clontab will be kept on the watches as Ben Hollinger, who is about the best timer in the islands, will be on the spot to catch the record breakers.

The following is the full program of events and officials for Saturday:

2:30—100-Yard Dash. Island record 10:1-5 sec. Entries: Will Rice, W. I. Rosa, Kenneth McGuire.

2:40—80-Yard Run. Island record 3 min. 8 sec. Entries: John McCandless, F. B. Withington, Bert Nott.

2:45—Three round boxing exhibition. J. Tavares and W. Hooper.

3:00—220-Yard Dash. Island record 22:3-5 sec. Entries: Will Rice, John McCandless, W. I. Rosa.

3:05—One Mile Run. Island record 4 min. 58 sec. Entries: Abe Norton, Bert Nott, E. H. Brown.

3:15—Three round boxing exhibition. R. Benny and L. Rosa.

3:30—440-Yard Run. Island record 54 sec. Entries: John Carey, W. Rice, F. B. Withington, K. McGuire, C. Neumann.

Announcer, John C. Anderson; starter, J. L. Hopwood or Paul Withington; clerk of course, P. N. Folsom; Referee, Paul Super; timers, C. F. Blisardworth, C. B. Cottrell, E. B. Blisardworth, W. R. Chilton, Jr., V. L. Stevenson, Ben Hollinger, E. H. Hand, M. Ferreira; judges, P. L. Horne, C. T. Pitts, C. J. Juan, R. S. Gault, Theo Richards, Lieut. Bowen or Lieut. Chilton.

The boxing exhibitions are given as an entertaining feature while waiting for the track contestants to get proper attention between events.

DIX ARRIVED WITH ARMY COAL

The United States transport Dix Captain Ankers, with a shipment of over five thousand tons of coal from the Mikki mines of Japan arrived at the port this afternoon.

The Dix met with a lot of rough weather and encountered the same storm that the Japanese steamer Ghyo Maru picked up off the coast of Japan.

The Dix goes to the naval wharf to discharge and will probably remain at the port for about ten days.

TAFT AND BRYAN HOLD TALKFEST

WASHINGTON, D. C., Apr. 19.—William Jennings Bryan called on President Taft this afternoon. For an hour Colonel Bryan was closeted with the President, and the two men were in close conversation, orders being issued that they should not be disturbed.

When news of the conference drifted out, all sorts of wild stories began to float about, but the tales of the alarmists were speedily put to rest by the official announcement that the conversation was confined to generalities.

DEMOCRATS AGAIN WIN OUT.

ROCHESTER, Apr. 19.—James Havens, Democrat, has been elected to Congress by a plurality of 5900 votes. Havens is the first Democrat to be elected to Congress from this district in the last twenty years.

The outcome of the election is regarded here as the most remarkable overturn in the political history of the State. In 1908 Perkins, the Republican candidate, won out by a plurality of 10,167.

TO WELCOME THE PRINCE.

SAN FRANCISCO, Apr. 19.—The Chinese minister arrived here today from Washington. The minister comes to welcome Prince T'ao, the uncle of the Emperor, who is now on his way here from Honolulu.

FIRST CONVICTION IN PITTSBURG GRAFT.

PITTSBURG, Apr. 19.—M. L. Swift, former member of the city council, was today found guilty of graft. Swift is the first of the former councilmen to be convicted.

HORSBURG GETS MARRIED.

SAN FRANCISCO, Apr. 19.—General Passenger Agent Horsburg of the Southern Pacific company was married here today to Frances Baldwin Sanborn.

SHOUP PROMOTED.

SAN FRANCISCO, Apr. 19.—Paul Shoup was today promoted to be assistant general manager of the Southern Pacific system.

ROOSEVELTS GO TO PARIS.

BUDAPEST, Apr. 19.—Colonel Roosevelt departed for Paris today.

SIX FATHOMS FIERY APPENDAGE

Whisking about six and a half fathoms of fiery tail through the heavens, the much heralded Halley comet was seen chasing itself through the eastern heavens between 4 and 5 o'clock yesterday morning without the aid of a glass by Captain Penhalow, master of the little American schooner Allee Cooke.

The lumber-laden craft was beating off Koko Head early Tuesday morning and for the space of a half hour the mysterious heavenly visitor was plainly seen by the entire ship's company. The comet showed up with much brilliance. The tail was equally clear and to the officers and men of the Allee Cooke it appeared to be about ten feet in length and at an upward inclination of forty-five degrees. The weather was very clear at the time that the observation was made.

HOBSON'S CHOICE

There was a collision late last night between an automobile whose number is unknown and hack No. 19. It appears that the car was coming along at a lively rate of speed and dashed into the hack. The blow struck was a sliding one, and an extra tire that was attached to the side of the automobile was loosened and fell to the ground.

The automobile did not stop, but went off at a high rate of speed, and the number was not even caught. It is impossible to see the numbers on most machines at night time, even when the cars are traveling at a slow rate of speed.

However, the chauffeur who struck the hack has the choice of two things—he must stand for the loss of a tire worth about \$50, or else show up at the police station and take his medicine for running into the hack.

CITIZENS CONDEMN WATER RATE INCREASE

(Continued from Page 1)

ping and saddle the community with it. "This is the first year that the water works is using its revenue for the departments: maintenance and improvement. Formerly all rates went to the general funds and what was required for maintenance and improvement had to be withdrawn from this general fund by the Legislature. The argument put forth to get the water works on this basis was that it would be self-sustaining and profitable. If it could use its own revenue, while under the old method any improvements were dependent upon the sanction of the Legislature.

"It was recently shown that the water works department was earning somewhere between \$40,000 per period, of two years, and that this profit, together with the general increase of consumers would guarantee the department being placed on a first class basis and insure an artesian supply.

"If under the old method there was such a profit as just mentioned, I fail to see the reason for an increase. A

public utility is not to make money, but to give the best service it possibly can with the means at its disposal. In the face of such a profit I think there should be no increase in rates as it will work a hardship on the community at large.

"I think the scheme for raising the water rates of this city for irrigation is a rotten proposition, although that it is not a very delicate way of putting it," said a leading financial man this morning to the Bulletin man.

"I would like to see the water system of this city developed on a broad business-like plan, but I am certain that a raise in the rates is the last thing to be done, not the first.

"So much juggling has been done with the figures of the water department in times passed that I am not sure that the best accountant in the land could go into that office and properly demonstrate whether the bureau has been run at a loss or a profit. I do know this however, that in a community like this, with its cosmopolitan population and its great need for cleanliness, and its constant need for water to make its homes attractive, in a city like Honolulu the last thing that should be stunted is the water. It is the last thing on which the rates should be raised.

In all these various explanations that have been made of the need for an advance, the Superintendent of Public Works appears to forget that although we have paid year after year the full price for the use of water twenty-four hours in the day, with two hours at night and two hours in the morning for irrigation, year after year the order has gone out restricting and even forbidding the use of water for irrigation. The department has not kept its contract with the people. It has not furnished the water as practically agreed upon with the householders, and now on top of that it is proposed to raise the price of water.

"Not long ago the Superintendent of Public Works made a speech in which he proposed to stop the waste of water by installing water meters. That sounds very well but experience in other cities has proved that the installation of meters has increased the expense of water to a very marked degree. Meters mean increased taxation.

"These people seem to forget that the water department should be conducted for the benefit of the community and not as a money-making proposition.

"I believe there should be a general reconstruction of the city water system. I understand that the piping is not what it should be and this should be corrected. But this work should be carried on in the proper business-like way. Raising the water rates will not do it. There is no justice in trying to saddle onto the people of this day and generation the expense of work that should last for many days and generations.

"I am in perfect sympathy with the protest against the raise in the water rates. It is ill advised and strikes at a class of people who should not be forced to restrict their use of water.

"If the people are wasting water it seems to me the water office has enough assistants to keep watch of the wasters, and if the water is wasted in the tenements the city plumbing inspector's office should cooperate with the water office to stop that."

Much the same views as regards the error of increasing the cost of water in a tropical city were voiced by ex-Governor Cleghorn in commenting on the recent notice of the water office. "We should not stint the people in the use of water for beautifying their homes, and we all know that to increase the rates is to make the improvement of home surroundings less. We are paying enough for water now."

WEDNESDAY APRIL 20, 1910

Let the soldier be abroad if he will, he can do nothing in this age. There is another personage, a personage less imposing in the eyes of some, perhaps insignificant. The schoolmaster is abroad, and I trust to him, armed with his primer, against the soldier in full military array.—Lord Brougham.

Did anyone expect Editor Maxwell of the American Flag would give the sources of his information?

Heavens ter Betsey, but these Democrats do grow mighty happy over the capture of a few stray districts now and then.

Perhaps Bryan and Taft were deciding what to do when the return from Elba movement strikes the country in real earnest.

People who are selling Honolulu's sugar stocks at reduced prices are properly rated as philanthropists. They are making presents to the man who buys.

Times must have been dull with Roosevelt when he found nothing more exciting to do than walk in the garden and talk with the Minister of Agriculture.

Everyone knows that A. J. Drexel and Marjorie Gould, now that they are married, will have heaps of money. But that gives no absolute guarantee that they will be happy ever after.

Agreement of the Redmondites to support the British Budget at all stages shows that Irishmen do exist who are willing to listen to reason even when the great issue of home rule is involved.

Granting that it is ever safe to predict anything of the sugar market's future, the record indicates that during the recent slump the buyers forced the price down to the lowest figure for the season.

What the water works needs is a broad scheme of constructive development based on a recognition of the city's needs. Even a clump could raise the rates and increase the burden of taxes to satisfy a hobby.

Twenty per cent. increase in expense is what the householders of Honolulu are paying for the action of the last Legislature in placing the water works of the city more completely in the arbitrary power of the Superintendent of Public Works.

Considerable stress is laid on the exemption of pathways and walks from the irrigation area of house-holders against which increased water rates are to be levied. Which proves that the new scheme of increased taxes must be primarily to promote the spread of walks and pathways not taxed.

Mainland papers are giving editorial answers to the question, "What is love?" After devoting half a column to a statement of the multitudinous phases of the problem, the St. Louis Times settles the whole subject with the final sentence: "After all, what a perfectly simple thing it is when once you know."

The official who proposes to raise the water rates for Honolulu seems to forget that although the bills for water rates are rendered regularly, not a season has passed that householders have not been forced to restrict their use of water on account of the shortage. Until the water bureau gives full value for the charges it now makes against the property holder, there is no possible excuse for increasing the price.

Some weeks ago the Rochester, N. Y., Times offered the following comment:

Taft is not showy; he is not dramatic; the tide is not running with him very strongly just now; many persons expect of him what isn't feasible; and the impatient are prone to murmur loudly. But the President

makes converts wherever he speaks. He wins confidence for honesty of purpose, sincerity, patience and the quality of good humored persistence. In the long run these traits are going to count.

Judging from the Rochester returns of yesterday, we regret to state that the tide does not appear to be running very strong with him just now, but in the long run of next November the Republicans will have to count.

FOR CONSTRUCTIVE WORK.

If the Superintendent of Public Works wants to do some practical, businesslike, man-sized, brainy, constructive work in connection with the water system of this city, he will follow the suggestion of a citizen quoted in another column and bring out a clear-cut, intelligent plan for the reconstruction of the piping system in order that the people may secure full value from the supply equipment they now have.

We believe the present Superintendent of Public Works, as well as his predecessors in office, has called attention to the fact that a great variety of water pipes in a conglomeration of sorts and sizes carry the water of the city, and on account of this variety the efficiency of the system is greatly impaired.

Raising the water rates to the owners of lawns will not correct this error in a businesslike manner, nor will the installation of meters produce the desired result. Such action merely increases the burden of carrying an already incompetent system.

There is plenty of broad constructive work for the Superintendent of Public Works to do in the water bureau, before he starts playing tiddie-winks with the pockets of the people, who have already stood for one of the most expensive structures ever erected in the Territory, for storing water that has not yet arrived.

REACTIONARIES ARE BROKEN.

Certainly there is a deep significance in the retirement epidemic that has struck the United States Senate, and it does seem as if the revolt among the people against the old smug conditions and rule of the thumb in the Senate is real and not imaginary as some of the old guard have claimed.

If Aldrich is the commander of the Senate "oligarchy," Hale of Maine has been his first lieutenant, and Chauncey Depew an ever-ready agent. Granting the very probable explanation that ill health is the primary cause of the passing of these men from public life, it is evident that the fight is becoming so strenuous that they can not at their age stand the brunt of it. The work must go to the younger and more vigorous.

Let the reasons for the retirements be what they may, it is certain that the character of the United States Senate is to undergo a mighty change during the next year. New leaders must come to the front. The Senators-elect from Rhode Island and Maine can not possibly step into the positions that Aldrich and Hale occupy in the national councils. These two are powerful men in every sense of the word, and if they be regarded as representing the stand-patters or the interests, or the common people, the loss occasioned by their withdrawal represents far more than the two votes that will be cast by their successors.

The condition the country now faces in the Senate is a demonstration of the final responsibility of even the American "House of Lords" to public opinion. New issues are arising. The people are making new and extraordinary demands which the reactionaries have fought and defeated for years.

These changes mean nothing if not that the power of the reactionaries has been broken.

RUBBER IN MEXICO.

Editor Evening Bulletin:

—Will you be kind enough to give me a little space in your valuable paper to discuss a matter that is interesting the investing public far and wide the world over, to-wit: the planting of rubber?

Since the first returns began to come in from cultivated rubber trees in Mexico, it has been conclusively proved that tree for tree of a same age, the Castilloa in Mexico has yielded about twice as much as the trees in Ceylon and the Malay States. And when the product of the Castilloa Elastica (the Mexican tree) is properly prepared, it outranks any other variety in strength, elasticity and keeping qualities, and commands the highest price.

"Castilloa Elastica is a rapid grower, attaining in Palenque district, in the State of Chiapas, Mexico, a diameter of ten to twelve inches and a height of forty to fifty feet in six years from planting.—John Dryton, Consul."

"In a recent official report by the British Minister to Mexico, that gentleman makes the following statement as to the average yield of rubber trees under cultivation: Trees six years old will average 2 lbs. per tree; seven years, 3 lbs. per tree; eight years, 4 lbs. per tree."

To produce a good rubber plantation, care is required, as in any other crop. The land may be as good as an adjoining plantation, but for want of proper care, instead of having a producing plantation in a given number of years, poor cultivation, etc., will retard the first harvest by many years, besides giving a stunted growth in your tree.

I quote from a letter received from our president by last steamer. He writes from the plantation where he went on a tour of inspection. Mr. Debarrell writes: "The trees are uniform in girth and height, and, comparing them as we did with trees four years old on an adjoining plantation, find our two-year-old trees equal to, and, as a whole, even better than those planted two years before on the neighboring plantation, though the soil and natural conditions are practically the same, the only difference being that our trees have had better care, for which our manager, Mr. C. A. McJohnston, deserves much credit. As soon as we landed on Mexican soil, we found the Castilloa and Mr. McJohnston familiar names—the plantation and its manager spoken of in highest praise."

In our method of selling the public, one does not have to wait for the whole 5999 acres to come into bearing; for the acreage buyers to get returns from their investments, for each series stands alone, so to speak. Those who bought in our No. 1 series get returns in three years from now, from acreage bought, if paid for in cash; are now getting 5 per cent. per annum on same. So on with each series. Hence, having the money to develop each series in a thorough manner, each buyer is placed upon an equitable basis, and trees brought into bearing several years earlier than is the case with those who try, on the stock basis, to cultivate a large section before they pay a dividend. We plant 200 trees to the acre to get a healthy, sturdy growth, and hence we are producing trees that will give milk a hundred years hence. The company charges 25 per cent. on the gross product. From this they pay the total expense of caring for and harvesting the crops and selling same.

Your certificate can be disposed of just as easily as a title for land

Opportunities For Bargains In Sea View, Manoa

Three fine lots, all having an ocean frontage. Large (75x150), high and slightly.

The entire property—three lots—are offered for a short time for \$1000.00.

Take advantage of this exceptional bargain.

Bishop Trust Company, LIMITED BETHEL STREET

—they both stand for one and the same thing. In all business between man and man, we must depend upon the honesty of the management.

Supposing you have \$10 in cash. You take it to the Bank of Hawaii, Ltd., or Bishop & Co.'s Bank for deposit. They give you a passbook with a credit for \$10, and nothing more. You pin your confidence solely on the reputations these great institutions bear of unimpeachable integrity and business ability. Now, our company courts investigation.

Messrs. Bishop & Co. are the correspondents of Messrs. Ladd & Tilton Bank, Portland, Ore., who in turn are the bankers of The Castilloa Rubber Plantation Company.

An English syndicate recently purchased (adjoining our plantation) 96,000 acres of the Dorant Survey in the Department of Palenque, State of Chiapas, Mexico. They will immediately commence operations on their property.

It goes without saying that this land was not purchased without a thorough investigation as to its rubber-producing properties. That the report upon it was satisfactory (it could not be otherwise) is proven by the fact that the syndicate bought it.

Now, we know that Ceylon and the Malay States, both under English law, are good rubber producers. Then why does this London syndicate come to Mexico to plant rubber? There must still be available rubber lands

The Wireless

will help your business. Office open Sundays from 8 to 10 in the morning.

in the Far East that they could obtain and be practically in their own country.

In May, 1908, Parson & Sons, the largest English contracting firm in the world, purchased three producing rubber plantations in Mexico, and there is none of their stock of land for sale.

These facts should convince people of the great value of rubber acreage in the rubber zone of Mexico, and particularly on the Atlantic side of the State of Chiapas, where we have 180 inches of rainfall, the finest soil for the growth of rubber, and the best facilities for shipping the same. Those who are capable of judging predict in five years' time producing acreage in this section will sell for several thousand dollars an acre, as it will produce an income of 8 per cent., which would represent that amount. Our prices will be advanced considerably on next series, as tapping will soon take place on adjoining plantation, demonstrating the great possibilities of our immediate section.

DR. H. B. EW BANK.

EXPECTORATION LAW TO BE AMENDED

The clause in the expektoration ordinance which has been drafted by Deputy City and County Attorney Mil-

WICHMAN & CO. make a specialty of fine copper plate and die work.

Orders for Wedding and Reception Invitations may safely be left with Wichman & Co., with the assurance that the order will receive careful and prompt attention, and be executed in correct form.

H. F. Wichman & Co., Ltd., LEADING JEWELERS FORT STREET

verton, wherein a fine not exceeding two hundred dollars or imprisonment not exceeding three months is administered to the offending parties, apparently does not suit the majority of the members of the Board of Supervisors.

The ordinance as drafted met with a rather frigid reception at the meeting held at city hall last evening.

The new regulation however came up for a first reading and has been referred to the committee on health and sanitation for revision and alteration.

"Two hundred dollars is out of all proportion to the offense," insisted Quinn. Let the fine range from a dollar to ten dollars for each offense, and the penalty will better fit the case.

The two sections as offered for consideration of the board read as follows:

Section 1. No person shall expectorate upon any sidewalk, street crossing or public place, excepting street gutters, or upon the floor or any part of any street car, railroad car or other public conveyance, or upon the floor of any part of any public building or any building common to the use of the public within the City and County of Honolulu.

Section 2. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than \$200, or by imprisonment for a term not exceeding three months, or by both such fine and imprisonment.

ARCHITECT TELLS OF NEW FEDERAL BUILDING

(Continued from Page 1) determined upon. The various offices will open onto an inner court, as well as the exterior of the building.

"The style or character of the building will be more or less Southern, resembling the buildings of the Italian Renaissance. I shall be here for several weeks and will take the matter up with the various heads of departments and will consult them as regards their wants and requirements.

"After all information has been obtained and all details have been settled to the entire satisfaction of the local authorities, the working drawings will be made in New York and bids will then be taken in the usual manner. It will be a matter of a number of months before the drawings are ready for estimating upon.

"The building materials will depend upon a number of things, as local conditions are different here from what they are on the mainland. The cost has also to be considered. A certain appropriation has been made for this building, not to exceed \$800,000, exclusive of furniture, etc."

In answer to the question as to whether he had experienced any difficulty in booking a passage from San Francisco to this city, Mr. Ayres said: "I had no difficulty in booking a passage to Honolulu. I went to the agents of the Pacific Mail in New York City and they gave me a nice berth on the Siberia. The vessel was comfortable, but we had a very rough passage."

"I am very favorably impressed with Honolulu. I have seen many photographs of this city, in New York and other Eastern cities, so was not surprised to find this city so well equipped with modern buildings and an excellent car service."

"This is not the first big work my firm is undertaking. A good many Hawaiians have visited Washington, D. C., and can not fail to have noticed the Riggs Bank and the American Security and Trust Company, both of which York & Sawyer drew plans for. This firm also drew the plans for the New York Juvenile Asylum, the New York Historical Society, several public and college library buildings, and are now actively engaged in drawing up plans for the Rockefeller Institute of Medical Research in New York City."

LISHMAN STREET NEEDS ATTENTION.

Residents and taxpayers on Lishman street have requested the Board of Supervisors to devote a little time and attention the condition of that thoroughfare. It has been pointed out that by the expenditure of about one hundred dollars the street can be made presentable and serviceable. The portion needing attention lies between Quarry street and running north to where the roadway joins Punchbowl ditch. The petition goes to the Road Committee for action.

LOCAL AND GENERAL

A new supply of the huge nickel pads has just come in. Two hundred sheets for five cents, at the Bulletin office.

Mrs. Davison, fashionable dressmaker, Rooms 71-72 Young building, 7 Seated Auto for hire. Phone 199. James Baker, Young Hotel Stand. Fine copperplate engraving and printing at Beakbane's, Fort street. There will be a mid-week service at Central Union Church parish house this evening.

The Russian representative, Paul De Keef, will depart for Hawaii on the Wilhelmina. If you want a good job done on an auto or carriage take it to Hawaiian Carriage Mfg. Co., 427 Queen St. Phone 6 and ask for Manuel Richard when you want an automobile. Seven-seated Chalmers-Detroit, late model. Mr. Rudolph Muller's German specialties, at the Empire theater on the 26th, for the Yacht Benefit, promises to be a real treat.

Get your tickets for the Society Vaudeville to be given at the Empire Theater for the benefit of the trans-Pacific yacht race. A tug-of-war on skates will be pulled off at the Princess rink this evening and the Marines and Town team will supply the fun. Up till noon today 529 automobiles were registered at the police station and there are still some lately purchased ones to be put on the list. The "applause from the gallery" was so disturbing at the Opera House last night as to cause Mr. McRae to give the gallery a lecture on behavior. A plain drunk named Manuel J. Roberto was given three months in jail at the Hotel de Aech this morning; Judge Andrade handed out the pack-rats.

The Wall Cup tennis tournament is attracting a lot of attention already and all the best players of the Beretania club intend entering for the contest. All preparations for the skating Marathon are complete and the officials are all requested to meet at the Young Hotel at 7:30 on the night of the race.

An invitation is extended to all to attend a meeting of the Woman's National Rivers and Harbors Congress at the Hawaiian hotel tomorrow afternoon at 2 o'clock. The American Steam Laundry is all the term implies. Best sanitation—excellence of work—reasonable rates—prompt delivery. Phone order to 502. Laundry at 1332 Liliha street.

There were only six cases on the Police Court calendar this morning and of those only one was disposed of. Five were sent over till future dates and the defendants held to bail. All at the show rooms and get twenty-five Green Stamps free. Everything in the show room is free for Green Stamps. Call today or any day, Beretania-opposite Fire Station.

A petition has been received by Mayor Fern from a number of residents and taxpayers on Hobson avenue praying that the thoroughfare be extended and improved from Kapahulu Road to Sixth Avenue. It is given out by those in charge that the work of installing the new phone system will begin today. The experts who are to do the work arrived on the Wilhelmina. They are in charge of A. F. Bennett.

News was received by cable yesterday of the death of Mrs. D. G. Webber, at Grass Valley, California. She was a daughter of Mrs. M. A. Gonsalves of this city. Mrs. Gonsalves arrived at Grass Valley yesterday having gone there to visit her daughter.

The Auto Livery Co., Phone 6, is now under the management of Quinn, Reis and Quinn, eleven first class 7-seated cars; Packards, Thomas-Flyers, etc. Round the Island trips a specialty, 6 passengers, \$40.00. Best city service.

Shew Yun, who runs a boarding house, was up before the Police Court this morning and charged with carrying on a business without a license. His case was sent over till May 4, by which time the Board of Health will have examined the lodging house and rendered a decision as to its location, etc.

The race for cargo by the self-denial boats Courage and Dauntless will close on Sunday afternoon next at 3 o'clock. So far there has not been much of a margin between the amounts of cargo taken aboard. Although the ship Courage has kept ahead, the Dauntless hopes to come up even or ahead before the race is called off. A special self-denial meeting will be held in the Army hall, corner King and Nuanuan streets, next Sunday afternoon.

All indications point to a very large and select audience to hear the song recital to be given by Miss Lindeman, the visiting soprano, at the Alexander Young Hotel tomorrow evening. Several society ladies who had made dinner engagements prior to the announcement of the recital have expressed their intention of making both events, and this will be practical, as the song recital does not begin until after 8:30. Mrs. L. Tenney Peck will accompany.

Music-lovers are universally of the opinion that they can not afford to miss this recital, as it will be the only opportunity they will have to hear the artist in any extensive program during her stay in the city, as it will be impracticable for her to give another recital. Tickets for the recital are \$1 each and can be obtained at Bergstrom Music Co.

LARGE AUDIENCE WILL HEAR SINGER

HEED THE VOICE OF THE PEOPLE

The Kalihi Petition Is Worthy Of Attention

Four city and county supervisors out of a membership of six who were present at a meeting of the solons held last evening declared themselves, in unmistakable terms, for a proper consideration of the rights of the people of the city of Honolulu.

Four municipal lawmakers insisted that a petition signed by between six and seven hundred school children in protesting against what is termed a flagrant violation of the speed ordinance, and at the same time seek relief at the hands of the supervisors by an extension of the limits, is worthy of serious deliberation and thought.

Kalihi school children, numbering nearly seven hundred, affixed their names to a monster petition praying for the extension of the speed ordinance limitations in include Slaughter House road. The roll of names was submitted to Mayor Fern, who handed the petition over to the board for consideration.

Another petition of similar purport, signed by one hundred and fifty taxpayers and residents, went through the same procedure. These petitions found their way to the city and county road committee.

Chairman Quinn of the road committee started things moving in an otherwise plegmatic meeting of lawmakers last evening by passing the prayer of some eight or nine hundred petitioners up to Sheriff Jarrett. The road board practically ignored the real issue—that of the consideration of an extension of the limits prescribed by the auto speed ordinance—for they dismissed the matter by referring the complaint to the peace officers.

"Let the officers of the law do their duty and there will be no trouble down Kalihi way through an infraction of the speed ordinances," declared Quinn.

The supervisor advocated the adoption of the road committee report by insisting that he stood for the preservation of order.

"There is no one who is more anxious to see reckless automobile chauffeurs brought to book than I am," stated Quinn. "I do not, however, want to see an extension of the limits to Slaughter House road, as I believe that it will work a hardship to a number of automobile owners. The present ordinance is a good one, and it should not be amended."

Logan was the other supporter of the road committee report. He took a rap at the Honolulu Rapid Transit Company in the course of his defense of the present limitations. The Kaimuki representative declared that the trolley cars whizzed passed the Logan residence at terrifying speed. "They pass my door at from fifty to sixty miles an hour, and if there is to be an amendment or extension of speed ordinance provisions, I would like to see something done out my way."

The ayes also have a flippant way of tearing over Kaimuki boulevards at break-neck and nerve-racking pace, according to Logan.

The contention of Quinn and Logan to leave the speed ordinance alone did not meet with the concurrence of other members of the board. Aylett announced that the protest of from eight to nine hundred people should be heeded. "If the auto pace in Kalihi district is too strenuous for a guarantee of the safety for life and limb, then the ordinance should be amended." Aylett believed that Kalihi people were worthy of more consideration than the road committee report granted to them.

McClellan advocated referring the report back to the road committee. He believed it a good policy to alter an ordinance when circumstances demanded the same.

Kane could not see his way clear to favor the wholesale suppression of the voice of the people and announced that he would vote "no."

Aha said nothing, but he aligned himself on the side of the eight hundred Kalihiites who have declared for slower speed by reckless chauffeurs and auto owners.

If the present speed ordinance is a dead letter as has been stated, it is believed that the board will now amend the existing ordinance and place that district along King street to Slaughter House road within the fifteen miles an hour limitation.

With autos tearing through King street, Kalihi, at anywhere from 39 to 60 miles per hour, the lives of children are said to be in constant menace.

Weak, Worn Women Find a True Friend in

Duffy's Pure Malt Whisky

The World's Greatest Medicine

The old family remedy. Cures nervousness and indigestion. Gives power to the brain, strength and elasticity to the muscles and richness to the blood. It is invaluable for overworked men, delicate women, and sickly children. It is a promoter of good health and longevity. Keeps the old young; makes the young strong and vigorous. Avoid substitutes and imitations; they are dangerous.

DEMOCRATS MEET AND SPEECHIFY

McCandless Furnishes Free Transportation For Listeners

Lale, the Mormon Settlement, a strong Home Rule fortification so far as politics are concerned was visited by the Democratic leaders last Saturday night, where they addressed a large meeting, which had been arranged for them.

In order to show his interest in the residents there Link McCandless made an arrangement with the Koolau Railway Company to convey the voters from the adjacent districts to Lale, to be present at the meeting.

This offer of free transportation by McCandless, the prospective Delegate to Congress, was a great treat to the aged Hawaiians of the district. Availing themselves of the opportunity, they packed up and went to the political battlefield at Lale and listened most attentively to the speakers of the night. H. M. Kanlio who is out in support of McCandless, was an interesting speaker. His address was catchy, and after the meeting a large number of his friends expressed themselves highly pleased with his talk. Whether they will join the Democratic party is a question yet to be solved. It is generally believed that a few of the Home Rulers in Lale will soon announce themselves prepared to join the Democratic party.

The Democratic leaders, McCandless, Frank Harrey, Mayor Fern, J. M. Poejoe, H. M. Kanlio and a few others, went to Lale on the afternoon train Saturday and returned on Sunday afternoon. They reported that the meeting was a success. According to authentic reports, however, Poejoe a former Home Ruler was hissed down when addressing the audience in Lale. In an interview, Poejoe himself admitted that such a happening did really occur. Knowing the game too well he simply paid no attention to the hisses and proceeded to speak as if nothing had happened. Poejoe admitted that the experience was a profitable one to him.

Another large meeting is being planned by the leaders of the party. When and where this is going to take place has not been learned.

MORE POWER FOR GOVERNMENT PLANT

The Supervisors have agreed to endeavor to appropriate six thousand dollars required to place the municipal electric light plant in condition to render more and efficient service. This sum is declared by Superintendent Frazee as absolutely needed to equip the plant for carrying additional lights now demanded by the city. Chairman Kane has the matter under advisement and the Light Committee has rendered a report favoring the additional appropriation.

BAND CONCERT.

This evening at 7:30, the band will play at Aala Park. The program will be as follows:

March—Spontime Tilzer
Cantoneca and Posa d'Amore, Seven
Intermezzo—O. Kioto San Thurman
Selection—Yedda Metra
Vocal—Hawaiian songs, ar. by Berger
Divine Redeemer Gounod
Suite Bohemian Humel
I'm Afraid to Come Home in the Dark Alstyne
The Star Spangled Banner.

GLOOM OF CHINA TOWN RELIEVED.

The gloom which has heretofore pervaded that portion of Chinatown near Smith and Pauahi streets has been relieved by the installation of three additional electric lights.

Why be bald headed and old looking before your time? Neglect of the hair causes dandruff, and dandruff is the forerunner of falling hair and baldness. The remedy is

Ayer's Hair Vigor

A gentleman residing at Dunedin, N.Z., writes under date Jan. 7, 1907:

"It is with gratitude I write you that I have now a splendid head of hair, both thick and very soft, all owing to my having used your wonderful Hair Vigor. I was almost bald headed before I used the Hair Vigor. I still use it once a day, rubbing it well into the roots of the hair. I used to wear a skull-cap, and I am very grateful to Ayer's Hair Vigor for the improvement it has made in my looks."

Be warned in time. Use Ayer's Hair Vigor and preserve your youth.

fresh, as there are disputes as to forfeited games at present, and it is hard to say how things stand.

FOURTH GAME OF INTER-LEAGUE SERIES

Much-Postponed Game Will Be Played on Sunday Either at Athletic Park or League Grounds.

Once more an attempt will be made to play the fourth game of the Diamond Head-J. A. C. series, and on Sunday next the game will either be played at the Athletic Park or the league grounds.

If the park be too wet and muddy, the struggle will take place at the league grounds, and a fine game should eventuate. The Jewels have won two games, and the J. A. C. one. Should the juniors win out in the next match, a fifth and deciding game will have to be played.

The J. A. C. are practicing hard and they are leaving nothing undone that can help them along the road to victory. Their win over the Jewels last Sunday week has braced them up a lot, and they feel confident that they have the measure of the "big" leaguers now.

The Mu Hoeks and Asabis will play a preliminary game, and as the minor players are getting on well at the national sport, the match should be well worth watching.

It was a pity that the game was not played last Sunday at the league grounds. The weather was beautiful, and a big crowd of disappointed fans wandered around the city hoping to find traces of the game.

JEFFRIES JOHNSON GO CANNOT BE STOPPED

District Attorney's Opinion Is That Contest Will Be Allowed.

It will be good news to all the red-blooded men of the world that the Jeffries-Johnson fight stands no chance of being prevented in the State of California. According to an opinion handed down by Assistant District Attorney Hynes, the contest can not be stopped. In a conference with Carlos G. White, attorney for the church federation which is seeking to prevent the fight, Hynes declared he is of the opinion that under the State law it will be impossible to stop the battle.

"We have gone over the law and all the decisions we can find bearing on it," said Hynes. "The opinion announced when we were first interviewed still holds good. I do not see how we can prevent the battle."

That the fight will be allowed is certain, and why not? The exhibition will be merely a test of skill and strength between two highly-trained men, who play the game fair and only use square means to best each other. Five or six men do not conspire to "lay out" one opponent, as has happened at times on the football field, and the percentage of deaths from prizefighting is not in the same street with the high figures published at the end of every football season.

Be a Booster for Hawaii and attend the Vaudeville entertainment at the Empire on Hawaii Yacht night.

OAHU LEAGUE.

IMPORTANT MEETING TOMORROW NIGHT

ATHLETIC PARK MAY BE TAKEN OVER

Prospects Bright for Coming Season—Good Games Assured—Marcellino On the Job of Managing Series.

Tomorrow, evening the Oahu League will hold its first meeting since the election of the new officers for the year, and some very important matters are to be discussed. A proposal has been made that the league take over the Athletic Park grounds, and run the place themselves. The sum asked for the park can not be published, but there is a probability of the league taking on the proposition.

The Oahu League started off with a great rush last year, and for months the park was crowded every Sunday. The grandstand and bleachers were not large enough to accommodate the thousands of fans who turned out to the games, and hundreds had to sit around the edge of the ground.

Then some bad management got in somehow—either the terms bosses or the other higher-ups—and there was nothing but kicking to be heard from many of the players. Time after time players had been heard to say that their "divvy" was not forthcoming, and the out of town men quit playing, as they were money out of pocket for traveling expenses.

The consequence was that the second half of the series of the Oahu League was not as good as the first, and toward the end the games were fierce. There was something wrong somewhere, and the park was not patronized well.

However, the coming season will tell a different tale, and the fans can rest assured that the games will be just as good and hotly contested as were the ones in the first part of the Oahu series. The men who are running the league this season will see to it that the players get a fair deal, and a lot of the kind of talk that went the rounds last year will be stopped.

Marcellino, the new manager of the league, is right onto his job, and the managers of the different teams will be quite satisfied with him. If the league takes over the park, there are certain debts to be assumed, but, providing that the teams are kept up to the mark, the speculation should be a good one for the league.

Except for the fact that during wet weather the park is useless, there should be money in the proposition of taking over the grounds. The public wants good, snappy ball on Sundays, and the Athletic Park is a very handy place to have the games. There is no reason why the class of ball that was put up at the beginning of last season should not

COMING EVENTS.

- Secretaries and managers of athletic clubs are invited to send in the dates of any events which they may be getting up for inclusion under the above head.
- Address all communications to the Sporting Editor, Bulletin.
- Baseball.
- ATHLETIC PARK.
- April 24—Diamond Heads vs. J. A. C.
- April 24—Muhoeks vs. Asabis.
- MILITARY LEAGUE.
- April 23—Marines vs. N. G. H.
- April 23—Cavalry vs. Infantry.
- PLANTATION LEAGUE.
- May 1—Ewa vs. Waiawa.
- May 1—Aiea vs. Waiawa.
- July—International Games.
- Tug-of-War.

- July 4—Inter-Island meet.
- Trans Pacific Yacht Race.
- July 4—Start from San Francisco.
- World's Championship Fight.
- July 4—James Jeffries vs. Jack Johnson.

DOTS AND DASHES.

The "Australian" game of football is only played by the little state of Victoria. Rugby is the real Australian game and is played by all the other states. The "Australian" game is laughed at by all good N. S. Welshmen, Queenslanders, New Zealanders, South Australians and Westralians.

The Marines are going in for rowing and they expect a shell to arrive from the Coast in the near future. The half wits have some promising material down at Camp Verry and the boys will surprise some of the other crews when they get going properly.

Entries for the fifteen miles running race will open today at E. O. Hall & Sons. Nigel Jackson is behind the scheme, and as all the peds can tackle the oxygen machine if they feel inclined, some fast times should be put up.

On Sunday next the Irwin cup yacht race will be sailed, and the Hawaii, in charge of Commodore Wilder, will sail over the course although taking no part in the race.

The Hawaiian Gun Club weekly shoot will take place this afternoon at the Kakaako traps and a close contest is anticipated.

MILITARY LEAGUE.

FIVE TEAMS NOW TO PLAY IN SERIES

THREE GAMES IN MONTH AT LEILEHUA

Fort Ruger Will Enter Team—Series Continued on Saturdays and Sundays.

Although the date for the opening of the baseball season is rapidly approaching, there is no sign of the Honolulu Baseball League getting up and doing anything. The "big" league is dead this time, from the looks of things, and the hopes that were expressed last season, that 1910 would see the old-time style of games revived, seem doomed to disappointment.

It was thought that the Diamond Heads and St. Louis teams would play a series of games that would get them into shape for the matches against the Santa Clara boys when they come to Honolulu. However, even that little bit of fun has been forgotten, and the big fellows will not have any games of their own.

It would seem to be a good idea to allow the "big" league men to take part in the Oahu League series. At present a few have permits to play, but why not let the whole bunch in? The public wants good ball, and as long as the juniors play together, they will never improve. If all the teams had a few of the late "big" leaguers playing with them, the class of ball would improve a lot.

The Military League is meeting with a lot of plikia in a way, and the real cause of the trouble seems to be too many "bosses." Last year the soldiers put up some fine games, and the public enjoyed the play immensely. This year, so far, a couple of games have, for some reason or another, not been played, and right from the start there have been changes of all sorts advocated.

The Shatters could not find a pitcher at first, but later on Honolulu, their old twirler, appeared and did excellent work. Then the Cavalry failed to turn up to play at the league grounds, and it now appears that the Leilehua boys who support the team want the games played out at Schofield Barracks.

The latest arrangement is that the Cavalry are to come to town on one Saturday in the month, and on three Sundays in the month matches against the rest of the Military nines will be played at Leilehua.

Fort Ruger will supply a team, and that will allow of two games being played every Saturday at the league grounds. The Artillery men have been very hard at work for a long time now, but it is thought that they will have a little leisure nowadays, and that they will be able to put a decently strong nine in the field.

It would appear to be better to start the Military series going

Finished Floors Made to Walk On
 The Sherwin-Williams Modern Method Floor Finishes are made first of all to walk on—to stand hard foot wear and look well for the longest time. They are made for finishing any floor, old or new—in any style desired. You can select any one of them and by following our instructions obtain the best looking and best wearing finish it's possible to get.

Painted and varnished floors are rapidly taking the place of dusty, germ collecting carpets. They look better, are easier to keep clean, are more healthful and more economical. For these reasons finished floors are in general use in all classes of homes.

The Sherwin-Williams Modern Method Floor Finishes include:
 For Painted Finish—Inside Floors—THE S-W. INSIDE FLOOR PAINT.
 Porch Floors—THE S-W. PORCH FLOOR PAINT.
 For Varnished Finish—Natural—S-W. NOT, a durable floor varnish, Stained—FLOORGLAZ, stain and varnish combined.
 For Waxed Finish—THE S-W. FLOOR WAX.
 For Unsettled Cracks in Old Floors—THE S-W. CRACK AND SEAM FILLER.

Let us tell you more about them.

LOCAL ESTATE OF THE SPRECKELS

Large Amount of Island Property Will Bring Wills Into Local Courts.

On account of the fact that Claus Spreckels and his wife both left considerable property in these islands has caused two petitions to be filed in the Circuit Court here asking for the appointment of Lorin A. Thurston as ancillary administrator of the estates in Hawaii.

The wills of both have been admitted to probate on the coast and a similar action is necessary here. Claus Spreckels left his estate in trust for his wife until her death, after which it was to be equally divided among Claus A. Spreckels, Emma C. Ferris and Rudolph Spreckels.

The heirs at law and next of kin of Anna C. Spreckels, who died February 15 of this year, are: John D. Spreckels, Adolph Spreckels, Claus A. Spreckels and Rudolph Spreckels, sons of the deceased; Mrs. Emma C. Ferris, a daughter.

All the property was left, however, to Claus A. Spreckels and Rudolph Spreckels and Emma C. Ferris. John D. and Adolph A. Spreckels were omitted from the wills of both Claus Spreckels and Mrs. Spreckels, on account of the fact that the father before his death had given them a large share of his estate.

PRINCE T'AO WANTS A FILM

Moving Pictures of the Prince, Taken While Visiting Governor, Will Be Sent On to Washington.

The Chinese Prince who recently visited this city during the time that the Chio Maru was in port, has the moving picture bug so bad that he has ordered a line film, taken by Bonine during the prince's visit to Governor Frear at the capitol. The film depicts the prince in every movement while he was inside of the capitol grounds. Lord Li, who accompanied the prince, objected strenuously to Bonine taking the pictures but it was done just the same.

The order for the film came from the prince through the Governor.

NEWS NOTES FROM KAMEHAMEHA SCHOOLS

The Kamehameha Junior and senior track teams which took part in the meet held at the Boys' Field last Saturday were composed of "prep" boys and members of the Manual School who did not take part in the big field meet. The same teams are preparing to compete on April 29 against the Sunday school teams of the city.

An entertainment will be given at the Girls' School Saturday evening, April 23, for the benefit of the Kamehameha Alumni Loan Fund, by the girls of the school. In a cantata called "The Katydid." Tickets may be obtained from the students. The boys' glee club will render a few songs at this entertainment.

The Kam baseball team will have a tryout with the High School team next Monday afternoon on the school grounds. The team is expected to line up as follows: J. Kaahi, c.; J. Milikan, p.; A. McGowan (capt.), 1b.; W. Apau, 2b.; Ah Chew, 3b.; E. Noah, ss.; W. Kamaiopili, Kalai and C. Hosea, fielders.

The "prep" boys are training hard for their track meet which is to be held at the school on Saturday, April 29. There are many good runners among the small boys, and some good times will be made in the different events.

The baseball team has been hard at work the past few weeks and has improved a great deal in the line of batting. There are a few new players turning out, among them W. Apau, W. Waisiale, J. Bai and Kamau.

The school officers had a special dinner Sunday evening in the boys' dining hall. A crowd of young ladies of the girls' school were the guests at the dinner.

The girls' basketball team has laid off from practice of late on account of the preparations being made for the entertainment Saturday evening.

The Kamehameha Schools Junior and senior track teams carried off two banners at the track meet held at the Boys' Field last Saturday.

The cadets are getting ready for their annual inspection. Captain Winters is giving daily instructions to the young "sojers."

William Kamau is the latest pitcher out for practice on the baseball team.

WANTS ONE CENT A WORD

WANTED

Everyone to know that the Waipahu Exchange, at Waipahu, serves the best of liquor refreshments at Honolulu prices. When motoring to Haleiwa, vary the monotony by calling on us; it's only a ten-minute run from the main road. 4589-1m

CONTEST CLOSE WILL BE ANNOUNCED TOMORROW

Count Discloses No Changes

Candidates Retain Positions With One Exception By Casting About The Same Number Of Votes

A combination of districts, the date of the close of the contest and a new premium offer will be announced in tomorrow's paper. The district combination is one that will merit the approval of all who believe that the trips should go to those who make the greatest effort. There are no changes in the relative standing in today's scoring, and the list shows no material changes, although several increased their score. The biggest increase, with the exception of Mrs. Moore, in the chaperone contest, was made by the candidates who have the least votes. The leaders for this count seem to be content to mark time with the votes already to their credit, while those who have been casting but a few votes at a time dropped in several thousand votes.

Miss Rebecca Macy, in District 1, a steady, consistent worker who has for the past two weeks been moving toward the rank of leader, cast a large number of votes, though not enough to change her position. From an obscure point, she has increased her total so steadily that other contestants in District 1 are now forced to acknowledge that she is a competitor for that Yosemite-California trip.

District 2 made no startling change, but the activity of the candidates is shown by the increase in totals among all the workers.

District 3 has the only change in position made at this count, and this by a young lady who has never before disclosed her voting strength. She is Miss Eva Scholtz, who moves from third to second place. Miss Scholtz is one of the popular Maui contestants who was in last year's contest and has only lately decided that she wanted the trip to Yosemite and California as much as she did the trip offered last year. Miss Scholtz was not successful in the last contest, but she learned something about vote-getting that will make her a dangerous competitor for those seeking the honor of representing Maui.

"OUR OWN HAWAII" ENJOYABLE PICTURE

Large Audience Has Treat in Burton Holmes' Travelogue Entertainment.

S. F. Chronicle, April 12: The first of the course of Burton Holmes' Travelogue was delivered last night in the Garrick Theater before a large and refined audience by Wright Kramer, Holmes' follow-traveler and associate lecturer. "Our Own Hawaii" was the fascinating subject, and it proved to be a genuine treat to the appreciative audience. It was illustrated with fine colored views and motion pictures, which seemed to have the magic of Aladdin's carpet and to transport the spectator to the isles of the blest in the purple south seas. The visitor, in the illustrations, is taken in the railroads through the Sierra in mid-winter; thence to San Francisco and thence out through the Golden Gate and over the azure seas to the coral reefs, where the shark and the brown Kanaka disport in the surf.

Views of the public buildings of Honolulu are given, together with the hula hula dance, the making and eating of poi, a Shinto temple, famous sea beaches, surf riding and other sports that entertain the tourist.

In part two are shown excellent views of sugar cane plantations, a trip across the interisland channels to Maui, and a night ascent up the volcano of Haleakala, with views of the dead crater, cascades and lava cliffs showing the mighty forces of nature in a land of sleepy loveliness.

The burnin' lake in the crater of Kilauea and the abyss of molten lava were the crowning triumph of the evening's entertainment. Bonine's motion pictures showed the playing of the

lava fountains by day and night and the flowing and cooling of the lava, the molten lava being photographed by its own light.

"Our Hawaii" will be repeated to night and tomorrow afternoon.

MORE WIDTH FOR BECKLEY STREET.

The City and Country Road Committee has reported favorably upon the proposition of certain property owners on Beckley street who have offered to donate a strip of land ten feet in width in order to widen that thoroughfare. The deed for the property will be forthcoming provided the city move the fences and curbing and construct a sidewalk in front of the premises of the property owners.

WILL BEAUTIFY LANDSCAPE.

A change is predicted will come over the complexion of that portion of the landscape which lies to the Waikiki side of the Judiciary building on King street. For many years back the enclosure has proven an eyesore and the place of refuge for sundry heaps of street material and a haven for decrepit dump carts. Protests from influential persons have succeeded in persuading the Territorial Public Works Department to remove their accumulation of old junk and the city Park Committee will then do the rest.

PRESIDENT Joshua Green of the Puget Sound Navigation Company has announced that half a million dollars will be expended within the next two years for new steel steamers to go on the Sound runs, and that one of them will be installed on the Seattle-Everett line.

A fact worthy of note, and an argument far more potent than words:---

The truly appreciative lover of GOOD beer goes blocks out of his way --- when necessary --- to enjoy that DELIGHTFULLY SATISFYING INDIVIDUAL GOODNESS peculiar to

The Beer That's Brewed To Suit The Climate

THE LINDEMAN RECITAL.

The public is becoming more interested as the days go by, and the song recital of Miss Lindeman approaches. It's a remarkable characteristic of Miss Lindeman that, possessing a dramatic soprano of unusual volume, and a temperament adapted to grand opera, she appeals to all in her simplicity and purity of style. The Italian numbers on her program, show her ability in operatic fields, where she studied until handicapped by lack of strength, so while the operatic stage has lost, the concert platform has gained indescribably. It is to be hoped that Honolulu will bring forth a cordial welcome to Miss Lindeman at her recital appearance among us.
