UNIVERSAL BROTHERHOOD.

An Address by the Lady Lecturer
to the Theosophists.

Mrs. Thirde rose on Friday evening
to address a smaller audience
than the previous week. This was
no doubt due to the number of
other social functions occurring that
night. Her subject was "Universal
Brotherhood" and its correlative,
the law of reciprocal kindness to all
living beings. The substance was
as follows:

The earliest and the latest dream
of humanity is Universal Brother-
hood. Always, ever, even until now,
unity was the thought and frater-
nity was the watchword. It may be but
a dream but to it humanity always
aspires. Fraternity is sought to be
realized on an intellectual basis.

Theosophy says brotherhood rests
on a fact of nature, not on senti-
ment or intellect. Theosophy shows
the unity of life—the universe being
made up of the various entities.

The atoms constantly change and
exchange. We feel the external
conditions of those around us. The
mental and the physical planes show
the same exchange—action and re-
action. Mind reacts on mind and
gives it essential quality. Pure
minds morally purify the atmos-
phere in which they dwell. The
moral like the physical infects with
its exhalations the surroundings.

We do not live to ourselves alone
but to the health or injury of those
we come in contact with. Growth
is the natural law. All our qualities
partake of the great universal life.

This is what makes brotherhood.
Irrevocably we are bound in one
great family. There is no individual
suffering or benefit. It must be all
or none.

Brotherhood does not imply equal-
ity. No two blades of grass, no
two people exactly are equal. Na-
ture is our universal mother and
extends to all the universal oppor-
tunity of experience. We are in
different stages of growth—some
mature, some immature, but all have
the possibility of complete unfold-
ment. Animals in this respect also
are like us. In them burns the
same fire of life. All living things
are in the evolutionary journey.

They are our brethren; weaker but
still with us, and we should be kind
to them because of their lower state
and consequent incapacity to act
as we do at present.

All cannot be or do the same
thing at the same time. The law of
tolerance is necessary. To one the
fruit, to another the sprouting, to
another the blossoming. As the
Bible says, we now see through a
glass darkly, but day by day the
veils fall from truth. This was illus-
trated by quoting J. J. Saxe's lines
on the elephant as described by
blind men who could only touch and
each describing what he touched
made quite a different result. So in
religious wars none see, all feel the
portion nearest to them. Evolution
is leading us up to the place where
we shall know the absolute truth.

Now we only know the truth rela-
tively. So whatever one believes to
be true is his basis. There he must
stand till by argument or reason he
is helped to a higher plane.

It probably would not be far from right to assert that even now not more than one in five in the United States, although flooded by the different newspaper writers, have a fair idea of our Hawaiian affairs.—*Ka Leo.*

Not one in five million, you should say. Nine-tenths of the jingo campaign was to mislead and misinform the people of the United States.

MR. WHITNEY RETIRES.

H. M. Whitney announces in this morning's Advertiser his retirement from the Hawaiian Gazette Company, of which he has long been manager. He started the Advertiser as a weekly July 2, 1886. Later he severed his connection with that paper, and after serving as Postmaster General many years bought a large interest about 1885 in the Hawaiian Gazette (weekly) and became its manager. In 1887 the Daily Gazette was started with the advertising and subscription business of the Daily Herald bought by the revolutionary League for that purpose. A few months afterward an amalgamation of the Advertiser and Gazette took place, when the Daily Gazette was abandoned for the Advertiser and the Advertiser's weekly edition was supplanted by the Gazette. Mr. Whitney started the Hawaiian Ku-koo in 1861, and in 1873 leased the Gazette from the Government, so that he has been twice connected with the latter paper. The Planter's Monthly has for many years been edited and published by Mr. Whitney. Mr. Whitney is a very thorough journalist both as an editor and a publisher, and his retirement from the newspaper business makes a conspicuous blank therein. The Bulletin wishes him many more years of health, prosperity and usefulness. He was a Privy Councillor under the monarchy, and is one of the oldest public men of the islands, although wearing his years well.

GREAT GUN DIPLOMATS.

What stuff and nonsense the Government organs can throw together when the task is placed upon them to glorify members and beneficiaries of the family compact with a view to enhancing their personal benefit in worldly gear! The Advertiser has a fulsome eulogium on the herculean work done for Hawaii by Mr. Hastings, "our charge d'affaires" at Washington, in the absence of Mr. Thurston, Minister. It gives the substitute diplomat credit for "quick, effective and persistent work" which "removed the peril" of losing "the advantages to us arising out of the new tariff." In passing it may be remarked that a slight description of the "quick, effective and persistent work" of the newly-discovered great deputy diplomat, who got all his experience in the profession while a lackey of "rotten royalty," would be more satisfactory than the bare assertion above quoted. It is to be presumed, however, that it is intended to credit Mr. Hastings with having wielded the influences—no matter what—which caused the insertion of the following clause in the Wilson or Gorman tariff bill:

Provided, further, that nothing herein contained shall be so construed as to abrogate or in any manner impair or affect the provisions of the treaty of commercial reciprocity concluded between the United States and the King of the Hawaiian Islands, January 30, 1875, or the provisions of any act of Congress heretofore passed for the execution of the same.

Now, it is doubtful if this clause was necessary to protect the "advantages to us" of the reciprocity treaty. There is nothing in the bill inconsistent with the terms of the treaty, so that the United States judicial deliverance making statute law override treaties if they conflict would not seem to apply. The reason the McKinley bill destroyed the principal advantage of the reciprocity treaty to Hawaii was not that it took anything from Hawaii directly, but that it raised countries not having reciprocity treaties with the United States to the same level with Hawaii so far as sugar—our chief staple export—was concerned. That is, it made raw sugar free of duty to countries competing in sugar with Hawaii, when, with a duty on sugar to them and none to Hawaii, our planters had the great advantage previously of having the amount of duty added to the price of Cuba sugar in New York. With the duty restored under the bill just passed as against those competing countries, the advantage to Hawaii ought naturally to be restored without any special clause or special bill being needed to that end. In this view—with which it should be strange if every lawyer will not concur—it is difficult to discover wherein lies the superlative services to the country performed by Mr. Hastings. On the

other hand, it is easy to show that Mr. Hastings has either neglected or failed to perform a service for which he would deserve the thanks of many capitalists, large and small, and many men with no capital but their brain and brawn, who have gone into a new industry in Hawaiian soil production. Reference is had to the raising of pineapples for export, for which many plantations and plots have been started in these islands within the past few years. Pineapples (raw) were free under the McKinley bill. They have to pay twenty percent duty under the new United States tariff. Mr. Hastings was either not alive enough or potent enough to prevent this serious blow to one of our most prominent new industries. Perhaps he is to be credited, however, with the reduction from 35 percent to 20 percent in the duty on preserved pineapples which the new bill gives. Had Mr. Thurston, the champion of guava jelly and other fruit preserves, been at his post perhaps this blow to our scores of pineapple planters would have been averted. The Advertiser says: "The salary of the Minister and of the Charge in Washington are grossly inadequate. Interests here of the value of many millions are at stake, while the salaries paid are inferior to the earnings of some of the vegetable gardeners around Washington." Is this inadequacy of remuneration the reason Mr. Thurston absented himself from his post for about a year to follow the humble occupation of a showman in Chicago and San Francisco? Or the reason why he has been hanging about Honolulu for months past, dabbling in private enterprises such as the Volcano House business in existence and an electric street car scheme prospective and purely speculative? Mr. Thurston sneered and snorted in 1886 at a plea for more sustenance to the Washington Legation, similar to the plea now put forth by his servile and probably not disinterested flatterers. Away with all such humbugging attempts at the further spoliation of the taxpayers of the Hawaiian Islands for private aggrandizement!

Irving M. Larimore, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balm to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one half the time usually required. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

LADIES' COLUMN.

OUR QUICK SALES and SMALL PROFIT POLICY is a far better one for the public than the resurrection process known as SPECIAL SALES, GOODS BELOW COST, etc., etc., at which the graves containing goods of times gone by are opened, and the moldering corpses trotted out to make a show.

One never gets SPECIAL VALUE at SALES; one may get LOW PRICES for RESUBTRACTED GOODS, but special value never. SPECIAL VALUES are only obtained where you get SEASONABLE GOODS where QUICK SALES and SMALL PROFITS are the fundamental principle of the house you are dealing with. Experience will teach you this if you do not realize it now. Quick sales and small profits mean also no dull counters, no dull goods, but new styles, in fact goods that sell at prices that are just right.

Have you noticed any of those LADIES' SHIRT WAISTS we spoke of last week? If not, you are certainly not very observing, for there has been more of them sold by us last week than was ever sold in Honolulu in any two weeks. Quick sales and small profits policy did it. Only a few of them left. The same thing might be said of CARRIAGE PARASOLS.

We have some handsome UMBRELLAS and PARASOLS. Twelve yards Dress Patterns of GENUINE IRISH LINEN LAWNS in colors at \$2.50 a pattern. REMEMBER the place; that if you have any doubts, a call at our store will satisfy you that all we say about QUICK SALE and SMALL PROFITS is a FACT!

B. F. EHLERS & CO.

Hawaiian Hardware Co., Ltd

Wednesday, Sept. 5, 1894.

The talk about celebrating torch-light processions, etc., over the action of the United States in regard to Hawaiian affairs is sheer nonsense! What's the use? Better use your kerosene to jubilate over the Tariff Bill becoming a law. It is favorable to the interests of Hawaii and ample reason for jollification, barbecuing and clam baking. Forty percent on sugar and the planter and merchant will join the "process" and scramble for seats in the band wagon. Sugar is not king, it's the money it brings; the higher the price the greater the influence. Everyone has suffered during the past two years through tariff legislation in the United States, but the people here have borne up under the affliction with commendable pride. A few of the residents have hunted the dollars until the Goddess of Liberty on them has grown thin in the face. We predict a demand on her part for some of Mr. Marsden's rules for dieting if the price of sugar goes up and the Hawaiian crop is continued on the free list. At eighty dollars a ton to-day the price is really better for the planter than at a hundred and twenty years ago. The planter has had experience, he knows how to produce the largest quantity at the lowest price; improvements have been made in machinery so that larger percentages of juice may be extracted from the cane to-day than it did then. We anticipate two very prosperous years for the planter and consequently for everyone else. We expect to sell more Hendry Breakers during the next year than we have at any period since we made the planter happy by its introduction. We expect to sell them because there will be a demand for an article of this kind for breaking new land. We expect to sell them because the plantation men recognize it as the only reliable breaking plow on the market. There are other breakers on sale here, but few in use; the "merciful man is merciful to his beast," or words to that effect, and for that reason the manager selects the plow with the lightest draught. The Hendry Breaker is the one.

Every line of business on the Islands will take a step forward, even the barbers will feel it because the man who wears a beard for economy's sake to-day will get a shave every other day and we will sell the tonsorial artist his implements of trade. We have a stock of razors, first quality, and sufficient hair clippers to make the heads of the entire population look like glistening billiard balls. We're in it for business and we have the stock to meet all demands. We doubt very much if there is a store in Honolulu that shows such an assortment of table cutlery and silver plated ware as we do. We've always kept a good supply, but we have had such calls for it that we have increased it. Haviland Ware has been a staple with us ever since we started business; our orders for some of the very latest shap's and decorations are being filled in France. We saw a big demand ahead of us and we took time by the fello.

Married.

LEMON-ENOS—At Kalia, Sept. 8, 1894, James Lemon to Miss Annie Enos, both of this city.

GREAT LAND SUIT.

Dispute Over a Small Empire in California.

The San Francisco Bulletin gives the latest regarding the Southern Pacific land suit as follows: An appeal has been taken to the Circuit Court of Appeals from the decision rendered by Judge Ross, sitting as Circuit Judge for the Southern District of California, in the case of the United States against the Southern Pacific Railroad Company and hundreds of individual defendants, rendered on the 19th of last July in favor of the Government. The record on appeal which is taken by the railroad company is embraced in twelve printed volumes, containing 4081 pages.

This is a bill in equity, filed in May, 1890, to recover possession of a large number of sections of land on the line of the Southern Pacific. Judge Ross enjoined the defendants from chopping or carrying away from said lands any trees; that the patent issued by the United States to the Southern Pacific Company in pursuance of an Act of Congress approved July 27, 1866, and the Act to incorporate the Texas and Pacific Railroad Company of March 3, 1871, and all other Acts purporting to convey said lands are null, void and vacated.

The case involves 900,000 acres of land, 100,000 acres of which have been sold by the company to the individual defendants.

SHORT OF WATER.

What Would Happen if a Fire Break—Two Dry Reservoirs.

There is very little water in the pipes in town supplied from the Nuuanu reservoirs. There has been only a small volume of rain in the valley lately and consequently the reservoirs are nearly all dry. The condition of the reservoirs to-day is this: No. 1, 1 1/2 feet of water; the other two, dry. Residents of Punchbowl slopes and Palama are kicking like steers.

A New Church.

Yesterday twenty-one of those present at Mr. Garvin's Christian Mission, Harmon Hall, organized themselves into a church. The idea is the practice of primitive Christianity without regard to either politics or society distinctions. All are invited. The Lord's Supper is set every Sunday morning. In the evening Mr. Garvin gave an eloquent address illustrated by a colored chart on the Jewish temple and its symbolic reference to Christianity.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a serious time of it. He took such a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had had colds followed his example and half a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

TO LET

STABLES TO LET IN very central position, room for two horses and carriages, \$5 a month; also Two Unfurnished Rooms, together or separately, \$5 and \$3. Apply 1132-31. MUTUAL TEL. 430.

Daily Bulletin 50 cents per month.

LOCAL AND GENERAL NEWS.

The Government band plays at Emma Square this evening.

The Fort street school re-opened to-day with a full complement of scholars.

Honolulu defeated Hyacinth at cricket Saturday, 95 to 14. Score in later issue.

John Kila, for many years a guard at the Insane Asylum, died last night at Palama.

A fine of \$100 was imposed on a native for selling swipes, in the District Court to-day.

There were eleven cases of drunkenness before the District Magistrate this morning.

W. Wilson was sentenced to pay a fine of \$10 in the District Court to-day for gambling.

Salvation Army men were engaged to-day selecting lumber at Lewers & Cooke's lumber yard.

Cecil Brown advertises the premises lately occupied by Mr. G. W. Smith, and known as Kekehu, to let.

Stables to let for two horses and a carriage, also two unfurnished rooms, are advertised in another column.

There was a pleasant concert on the Australia coming down, by which a goodly sum was realized for the Sailors' Home.

There was a fair attendance at the Hotel on Saturday evening, during the concert by the Government band in honor of the visiting war vessels.

Mechanics' Home, corner Hotel and Nuuanu street. Lodging by day, week or month. Terms: 25 and 50 cents per night; \$1 and \$1.25 per week.

It is reported that the U. S. S. Charleston will make an indefinite stay here. The U. S. Consul-General knew nothing of the rumor at 2 p. m.

Fred. Naylor, the Australian trainer, who has Jim Barrington in hand, was stabbed on Sunday morning with a fork by a man named Tom Carpenter.

Two Japanese got out an altercation yesterday evening. During the melee which followed one Japanese was cut with a knife and the other had his face somewhat damaged.

Five lawsuits were in progress yesterday in various parts of the suburbs. It is fashionable now to have these entertainments on Sunday as "far from the madding crowd" as possible.

The German warship Marie has a band on board. A concert was given yesterday afternoon, which was listened to by a large number of people, including a party invited on board.

An exhibition of water colors is being held at the art rooms of King Bros., by Miss Bertha Lowden, under the patronage of Mrs. H. A. P. Carter, Mrs. W. F. Allen and Mrs. F. M. Swamy.

Ladies, read what B. F. Ehlers & Co. have to say about ladies' shirt waists, carriage parasols, Irish linen lawns and other matters. It will interest you and it will interest them still more if you purchase.

As the Hawaiian Government did not submit to the proposition for not interfering with the soft soap man, Broham has ordered two more German men-of-war to enforce the sale of 17 bars of soap for \$1.25.

The continued drought is having its effect upon the shrubbery as well upon the inmates of the Insane Asylum. What has become of the aeromotor for which the government contracted more than a month ago?

G. B. Harrison, practical piano and organ maker and tuner, can furnish best factory references. Orders left at Hawaiian News Co. will receive prompt attention. All work guaranteed to be the same as done in factory.

Mr. Dailey's new theatrical company will be here by the Mariposa on the 27th instant. Mr. Henry Schroth and Mr. J. W. Howard, a scenic artist and stage carpenter respectively, arrived by the Australia to make preparations.

Miss Ideline Rosekraus arrived from San Francisco by the Australia, to try Hawaiian air for the benefit of her health. She came as the guest of Mrs. James Lyle, who returned by the same steamer from a lengthy visit to the Coast.

Two ladies narrowly escaped serious injury on Saturday afternoon. They were driving in a buggy when the horse fell in a hole at the corner of Nuuanu and Beretania streets. The animal being a quiet one the ladies jumped out and escaped. The horse was hurt across the knees.

James Carty the hackman, whose office adjoins the Bulletin office, will leave on the S. S. Australia for San Francisco on business. Mr. Carty's brother died recently on the Coast and left quite a fortune to him. Jim's many friends wish him bon voyage, good luck and a speedy return.

The four customs officers known as inspectors have to furnish \$1000 bonds each, the Port Surveyor \$5000 and the Deputy Port Surveyor \$2500. In case of a violation of their duties they are tried in the District Court, and if found guilty forfeit their bonds. They are not allowed trial by jury.

A. M. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords. 25 and 50 cent bottles for sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

JUDICIAL JOTTINGS.

C. A. Brown Answers—Sale of F. S. Pratt's Property.

W. A. Kinney has filed the papers in motion for new trial of John Hapa, convicted of robbery. They include affidavits to show enmity of certain jurors against the prisoner.

Judge Cooper has approved the accounts and ordered the discharge of Jas. L. McLean, executor of the will of the late Robert Gray. Receipts were \$140, expenditures \$303.50. The inventory shows Inter-Island Steam Navigation stock valued at \$5000, also a gold watch specifically devised.

Charles A. Brown by his attorney, F. M. Hatch, has made answer to the amended complaint of Irene Haalou II Brown, and George II Brown, minors, by their next friend, A. F. Judd, and A. F. Judd and Sanford B. Dole. Its main points are a declaration of ignorance that the copy of the will under which Messrs. Judd and Dole acted as guardians of Mrs. Brown before her marriage was a defective copy through the omission of words, and an allegation that the said guardians had and have no authority or control over Mrs. Brown's estate since her marriage excepting in behalf of the children in the event of her death.

Allice Maud Featherstone has filed a bill for divorce against Arthur Edwin Featherstone, on the ground of extreme cruelty committed both in New Zealand and at Honolulu, including a murderous assault here on August 14, when he severely stabbed and cut libellant with a sheath knife and attempted to take her life. The libel states that the parties were married by a registrar in New Zealand on January 7, 1888.

Akawai, The Oahu Railway and Land Co., and James Campbell have brought a bill in equity against Mew Kun Lung, Sun Chan, Lee Co., Irene H. Brown and Chan A. Brown, to prevent the defendants from trespassing upon the inner fishery of Honolulu. Eva, Oahu, and a temporary injunction has been issued by Judge Whiting in accordance with the bill.

Judge Cooper has granted leave to Mrs. F. S. Pratt, administratrix of her late husband's estate, to sell real estate for the satisfaction of claims against the estate. Henry Smith is appointed a commissioner to sell the property at public auction. The petition asked to have it sold at private sale, as likely to be more advantageous. Foster for petitioner.

GREAT CAUSE OF TROUBLE.

Bad Faith with South Sea Islanders Made Asiatics Necessary.

In connection with an article which recently appeared in the morning paper a Bulletin representative secured the following interview. It alludes to the employment of New Hebrideans as contract laborers.

The "Workingman" who writes in the Advertiser about the labor question is undoubtedly a late arrival, or else he would have known that the very thing he suggests has been tried here about ten or fifteen years ago. If the poor natives from the New Hebrides had been sent home when their terms expired, the country would not to-day be swamped with Chinese or Japanese.

In Queensland, Fiji, or wherever the English system of recruiting is employed, a contract laborer is always sent back when the contract expires. Every New Hebridean laborer shipped for the Hawaiian Islands was promised faithfully to be sent home at the end of three years and further every contract was backed by the Hawaiian Government and the P. L. & S. Co., but they were not fulfilled, as every man who has been in the country the past fifteen years can testify to. The men were kept here waiting from month to month going around begging and doing odd jobs for a living. A good many stayed here eight or nine years when the BULLETIN began to insist upon their return and criticize the Government for not doing justice to the laborers by sending them back when they had faithfully performed their part of the contract. Every planter who has employed New Hebrideans knows they are good laborers and in fact cannot be beaten for field labor, though store keeping and mechanical work were out of the question with them.

Miniature Art.

At Williams' Studio are to be seen Portraits on Watch Dials, which he is making a specialty of. Lantern Slides for lecture by the set or dozen.

J. W. Chapman caters for banquets, socials, private dinners and garden parties. Weddings a specialty. He can be found at all hours at Sans Souci or will call on any ladies or gentlemen who will address him through the Post Office.

Mr. R. H. Churchill, M.D., Vernon, Wash.

An Honest Medicine

Rheumatism Cured—Health Built Up. Mr. Churchill, formerly of Churchill & Taylor, surveyors and civil engineers, Mt. Vernon, Washington, writes: "Southern California was my home for many years. When I came here I began to be afflicted all over with Rheumatism."

And also pains in my back and a general feeling of being used up. My business took me out in the elements all the time, and I found myself unfit for work. Reading an advertisement of Hood's Sarsaparilla, and learning also that the medicine was compounded in my own State of Massachusetts, I concluded this may be an honest medicine. I took it and am so much improved that I am out of bed and am doing my usual work."

Hood's Cures

Sarsaparilla in all weathers and travel all day with no fatigue and tired feeling. To any one that feels laid all over I say take Hood's Sarsaparilla. It has cured me." R. H. Churchill.

HOOD'S PILLS cure Liver Ills, Jaundice, Biliousness, Sick Headache and Constipation.

HOBSON, NEWMAN & CO., Agents for Hawaiian Islands.

THIS IS NOT A

PUZZLE

You have a few moments to spare, haven't you? Of course, you are not in a hurry to catch a train or pay a bill, especially the latter. Just cast your eye down this column, or better still come down to the store and look over the new line of goods that we have just opened, if you remember correctly we advertised new goods two weeks ago. A complete new stock of them too. Well they are all gone and I have a new stock that will be ready for inspection on your arrival. The first four boxes I opened contained nothing but French Lawns, Muslins and Dimities, both figured and plain. The most elegant patterns I have ever received direct from Japan, Crepes, Silks and Curtains, Japanese Silk Kimonos, Fancy Drapes, etc., beautiful Chenille Portiers, Silk and Lace Curtains and Fancy Curtinets.

Reopening of Our Millinery Department

Will take place on Sept. 1st, with a complete line of new stock. Ribbons, Laces, Feathers, latest shapes, etc. This department will be under the personal management of Miss Pollen, from the States.

As usual, J. J. EGAN.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these SHREDDERS and are now prepared to receive orders. The great advantages to be derived from the use of the NATIONAL CANE SHREDDER are thoroughly established and acknowledged by Planters generally.

The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru, Australia and elsewhere, bear witness to the above claim.

The use of the SHREDDER very largely augments the quantity of cane the mill can grind (25 to 50%), also the extraction of juice (5 to 12%).

It is a great safeguard, making known at once the presence of any pieces of iron, stakes from cane, or anything which would be liable to damage the mill, and allowing ample time to remove same before damaging the mill.

The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without either breaking the SHREDDER; and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHREDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the juices without requiring the extra power necessary to grind or crush the whole cane. The SHREDDER spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our SHREDDERS, enabling any competent engineer to successfully install and start them.

In ordering SHREDDERS from us, please send small sketch, showing the diameter and width of the mill rolls with which SHREDDER is to be connected, also the side (either right or left hand as you face the delivery side of the mill), upon which the mill engine is located, also the height from floor line to center of front mill roll shaft, and distance center this shaft to front end of bed plate. These SHREDDERS are now being used by the Hilo Sugar Co. and Hilo Mill, Kohala, where they are giving great satisfaction.

Prices and further particulars may be had by applying to

Investigation Needed.

The British ship Shandon arrived in port August 23d, 103 days from Calcutta, via Honolulu. Her memorandum shows that July 21st she put into Honolulu, being short of provisions. When she reached that port she was but 130 days from Calcutta. Supposing, as vessels are frequently 140 days or more from Calcutta to this port, she had been caught in a calm for a few days when far east of Honolulu? The condition of the crew before any port could be reached would be pitiable. The humanitarian side of such parsimony may be left to the sensational press, which will work it for all it is worth. The business side just now interests the Commercial News exclusively. The cargo of the ship is of great value and the time of her probable arrival had much to do with the shipment. The vessel is now here, just as the tariff bill is being settled. Her arrival on time some thirty or forty days ago would have brought her within the limits of the calculations made by the shippers. Her detention was not due to stress of weather, or any risk insured against. It was solely due to the parsimony of owners or agents, who fitted her out for a voyage of anywhere from 100 to 160 days, with provisions for only 130 days or less. The ship is under the British flag and the case may perhaps not be dealt with here, although an action against the owners might lie if damage or loss can be proved. The main fact is, the ship was not properly fitted for the voyage. The valuable lives and a valuable cargo were risked to save some one tuppence ha'penny more or less. Judging by the course pursued by all American vessels on similar voyages, for the absolute necessities of life a year's provision should have been made; for comfort, seven months' stores; for the luxuries the captain and officers might wish, the 130 days' allowance was just sufficient and no more.—S. F. Commercial News.

Maritime "News."

For maritime news it would seem that the general newspapers are away ahead of the commercial papers. For an example of this see the San Francisco Examiner of August 22d, in which it is stated with all seriousness that the British brig L'Avenir, on her passage from Newcastle to San Francisco, met with such heavy weather and leaked so badly that it was necessary to jettison not only the cargo of coal, but all of the provisions and the "clothes and belongings" of the crew. It is also stated that the crew was nearly dead with hunger when Lysan Island was sighted, and that here they stocked up with turtles on which they lived until Honolulu was reached.

As a matter of fact the vessel did stop at Lysan Island for fresh meat, but it was not until away east of Honolulu that a storm necessitated a return to that port. Not a pound of cargo was jettisoned, but it would be rather interesting for some arithmetician to figure how much relief would be gained by a distressed vessel from disgorging the clothes and belongings of the crew. Even Clark Russell, in his wildest fancies, has not yet treated us to such a realistic picture as the cook attempting to appease a hungry sea by feeding to it a can of corned beef, or an ordinary seaman bringing from the fore-castle his Sunday trousers and after one look of regret casting them into the angry ocean in order that the vessel might, perchance, be saved.—Pacific Coast Maritime Record.

Morning and Evening Star.

Men, women and children will enjoy the Morning and Evening Star drinks. For their pleasant flavor and soothing effect generally, the ladies, whose delicate systems require a beverage that will act gently and be entirely safe under all conditions, are enthusiastic in their praise of Morning and Evening Star, and the men prefer them to all other drinks because they are more beneficial to their health. These drinks are well business or pleasure and are entirely free from all injurious or disagreeable substances. When the blood is impure or the stomach weak, the Evening Star can be drunk to advantage, and invalids will find relief from it. In the production of these drinks the Hawaiian Islands have been enriched with the only perfect gentle beverages known. The price per dozen is 50c, delivered to all parts of the city free. N. BREHAM, Bethel street. Mut. Tel. 314.

Knights of Pythias.

A Washington dispatch of August 31 says: The Supreme Lodge of the Knights of Pythias received a report to-day from the committee to draft a new ritual for the Uniform Order, and made it the matter of a special order for next Tuesday. A discussion of the proposed amendments to the Constitution, which will establish a judicial body analogous to the Supreme Court, empowered to decide disputes over the constitution, absorbed most of the day. No reports have yet been received from the committee appointed to consider the question of excluding liquor dealers from the Knights of Pythias and compel German lodges to give their ritual in English.

London's Sewage.

An idea of the magnitude of the London County Council's operations in dealing with the sewage of the metropolis may be gained from the recently published figures for 1903, from which we learn that 2,102,000 tons of sludge were sent to sea. The conveying of this quantity of effete matter out of the five vessels in use, to which a sixth is to be added. There are fifteen disinfecting and treatment stations, which use 214 tons of chemicals, and as a result the Thames at the outfalls is purer, and even above the standard of 1902, which was itself considered very satisfactory.—Industries and Iron.
