MAUI AROUSES PLEASANT COMMENT

(Special to The Bulletin)  
WAILUKU, Maui, May 15.—Maui is outdoing itself today in hospitality extended to the visiting Congressmen. Early this morning they were met at Kahului by a large crowd of the local people. The only hitch of the reception arose from a doubt as to which of the boats, the Claudine or the Mexican, the party was on.

From Kahului the married members in the party were taken to private homes and the balance housed at the Maui Hotel.

After breakfast the visitors were assembled and taken through the new Wailuku Sugar Mill. This visit was most interesting and everything possible was done by the mill employees to make the visit pleasant and instructive.

From the mill the party was conveyed in automobiles and carriages to the Wailuku public school.

Here the first formal speech of welcome given the visitors up to that time, on Maui, was made by a little 12-year-old Chinese girl.

The pupils had gone through a march-drill and were massed on the school building's steps. Then Ah Hing, the Chinese girl, came forward and made the speech welcoming the party. She said, in closing:

"Members of the Congressional party, we, the pupils of this school, welcome you. Our parents are all loyal nationalists, but we are all loyal Americans."

Next "Hawaii Ponoi" was sung and

### The Value Of Confidence

In no line of business is the buyer's confidence of more importance than in the selling of clothing.

The dealer who attempts to convince the buyer that his goods are the best, and that his place is the place where the best could be obtained, must see that the facts conform to his statements, and that his goods are in every way up to the standard. He had better never try to sell to a man than to mislead him or to exaggerate; for the customer will quickly discover such practice of misrepresenting merchandise.

There is never danger of a protest and always a certainty of full value received when a coat or suit is recognized as

### COOPER TELLS OF PATROL'S SUCCESS

Honolulu Shriners Won More Applause Than Others

"We accomplished what we intended to do," said Dr. C. B. Cooper this morning, speaking of the trip of the Arab Patrol to Los Angeles. "The Patrol received more applause than any other at the drill, and was a credit to the islands and to the Aloha Temple. The trip has served as a fine advertisement for Hawaii."

Dr. Cooper is the first of the Shriners to return from Los Angeles. He arrived in the Siberia this morning. While he, like all those who went on the trip, enjoyed themselves to their heart's content, he is not singing the praises of the famous Southern California climate. On the contrary, he found by bitter experience that it did not compare with that of Hawaii, as he contracted a severe cold, which, with its complications, kept him in bed for three days while on board the steamer.

"The entire trip was an exceedingly pleasant one," said Dr. Cooper, "with the exception of the accident, which happened to Lishman. However, I left him in the Madeleine Hospital, and he is well on the road to recovery."

"After the first day the boys were quartered in the Lanikashan, where they were well taken care of. I gave up my room in the Alexander to be used as our headquarters, and in it we received our guests. We were given a fine reception and enjoyed our stay very much. The opportunity to do some good promotion work for Hawaii was used to great advantage. Lou Windsor, who instituted the Aloha Temple, spoke in glowing terms of the islands at the banquet, as well as of Mexico, where he had also founded a new temple. A number of prominent men in Los Angeles spoke to me of the great desirability of having closer communication between Hawaii and Los Angeles.

"At the drill we were given a fine advantage by having the use of the Boston and Montana band, one of the finest in the States, and which has won three first prizes in competitions. It was brought by the Algeria Temple of Montana. As that Temple had brought no patrol, I asked the head of that delegation, who was an old friend of mine, to let us have the use of it, and to that he readily consented. It was splendidly uniformed and drilled and its excellent music added much to the performance of our Patrol. We were not given quite a fair write-up by the papers there. As a matter of fact, the Honolulu Patrol gained more applause than any of the other bodies. Furthermore, it was the only one which gave the spear drill."

Among the many press notices, which demonstrate better than anything else the great promotion value of the expedition of the Patrol, the following are quoted:

Chronicle, May 9.—Last on the list was Aloha (Honolulu), a patrol of spearmen, with the kanaka colors flying from their spearheads, and commanded by Colonel Sam Johnson. The

### Promise Justice To Hawaiians

(Special Bulletin Wireless)  
WAILUKU, Maui, May 16, 12:07 p. m.—The Congressional party had a splendid time in Iao Valley yesterday. Today the members are visiting Puunene, Faia and Hamakua, and a good share will make the ascent of Haleakala this evening, returning by easy stages tomorrow.

A grand public luncheon will be given at the Kahului Fishery on Saturday forenoon, when it is anticipated there will be general speechmaking.

Congressmen express themselves publicly and privately as delighted with the island scenery and are pleased to meet the Hawaiians. The speeches have been characterized by fair promises that the Hawaiians shall have full justice.

### HO SAN'S BAD MEMORY

Ho San, who was arrested at the instance of the immigration authorities as being unlawfully in the country, had his hearing before United States Commissioner Hatch this morning. No decision was rendered, the Commissioner taking the matter under consideration.

At the hearing Ho San claimed several things which he did not prove. He says that his father was a Siamese and his mother a Chinese. He had no certificate, but says he doesn't need one, as he was born in San Francisco. He also claims to have been sailing on American ships since he was seven years old, but this morning he could not remember the name of a single ship in which he had sailed.

### MANNING SAILS FOR NORTH ON MAY 25

Capt. Cantwell Arrived Today To Assume Command

The United States Revenue Cutter Manning sails on May 25 for her Behring sea cruise, under command of Captain J. C. Cantwell.

Captain Cantwell arrived this morning on the Siberia to assume command of the Manning, which since last August has been under the command of Lieutenant Joynea. The new commander was lately in command of the Revenue Cutter McCullough at San Francisco.

Two other officers, Lieutenant W. H. Shen and Lieutenant F. L. Austin, also arrived on the Siberia and reported on board the Manning this morning for the Behring sea cruise.

The people of Honolulu who know Captain Joynea—and nearly everybody does—will be sorry to see him leave this harbor. Captain Joynea and his officers have made many friends here, who vote the Manning officers about the best lot of good fellows that have been stationed here in many a year. Honolulu will echo Captain Joynea's hope that he be returned to Honolulu after the Manning comes back from the North.

PLANTATIONS ALL FILE APPEALS

## PLANS ARE MADE

The executive of the Oahu Committee, which is in charge of the entertainment of the Congressional visitors, met this afternoon at the Promotion Committee rooms to discuss the matter of making arrangements for their entertainment during the week after their return from Maui and Hawaii. Those present were: F. W. Macfarlane, J. R. Galt, Clarence Macfarlane, H. P. Wood, J. S. McCandless, Fred. Church and M. P. Robinson.

H. P. Wood reported that Captain Humphrey had told him that the transport which the party is to depart upon will arrive May 29. She would leave May 30 or 31, according to the wishes of the Congressmen themselves.

The following program was arranged:

**SATURDAY, MAY 25**  
Reception of Princess Kawanani-oloa in the afternoon.  
Hawaiian show at the Opera House in the evening.

**SUNDAY, MAY 26**  
Trip in autos to Pukaki Hill, to allow the visitors to have a bird's-eye view of Pearl Harbor, in the afternoon.

Band concert at the Palace grounds in the afternoon.  
**MONDAY, MAY 27**  
Trip to Pearl Harbor in the Iroquois, to start at 9 a. m.

Luncheon at the Pearl Harbor residence of F. W. Macfarlane.  
(Continued on Page 4.)

The constitutionality of the income tax law and the validity of its method of administration are to be attacked in the courts. The matter comes up through the refusal of the Tax Assessor, acting by and under the advice of the Attorney General, to receive the tax returns filed by the various plantations, and to allow for depreciation and deterioration of machinery, etc.

All of the plantations yesterday filed appeals and the matter will be taken to the courts at an early date, and in case the Supreme Court of the Territory decides in favor of the Tax Assessor and against the plantations, it will be taken to the Supreme Court of the United States.

This is the statement made this morning by Judge Cooper and D. L. Withington, who are attorneys for certain of the plantations. Mr. Withington, who is attorney for Ewa plantation, as a member of the firm of Castle & Withington, said that he hopes to be able to get a favorable decision from the Territorial Supreme Court, but in case of an adverse decision, the matter will be carried to the highest court of the land.

It is probable that the appeal of Ewa plantation will be made the test case. The plantation claims a depreciation and deterioration of about \$25,000. The tax on this amount would be in the neighborhood of \$1,400. But in this case more than the matter of depreciation is involved. Mr. Withington stated this morning that the question of the constitutionality of the income tax law passed

DODGE RESIGNS

F. S. Dodge has tendered his resignation from the position of Commissioner of Public Instruction, to which he was recently selected, on account of his having too much private business to attend to to allow him to hold it.

COOPER TELLS

(Continued from Page 1.) Boston and Montana band carried them on to the field with a Hawaiian war piece. The music, their true Sheik's dress, their spears and colors at once caught the crowd, which proceeded to unburden itself. Aloha Patrol put up a unique, bewildering and startling spear drill, the more thrilling because it was a silent performance. Loud and long were the cries of "Wela ka Hoo!" when, at the close, in patrol front, they sang their kanaka anthem. The audience went wild, and they could not retire until they had rendered other native melodies. Islam and Moslem were perfect, but Aloha certainly was the most popular.

Los Angeles Evening News, May 15th.—Following the grand march of the contesting patrols past the reviewing stand, there was a drawing of lots for order in the drill. The Goddess of Chance passed out this program:

Murat, Indianapolis, Capt. G. A. Hylger; Ismailia, Buffalo, Capt. H. I. Sackett; Syrian, Cincinnati, Capt. J. W. Montgomery; Medina, Chicago, Capt. George Eddy; Islam, San Francisco, Capt. William Edwards; Moslem, Detroit, Capt. George Fowle; Aladdin, Columbus, Capt. J. Edward Orr; Moolah, St. Louis, Capt. C. A. Sinclair; Ararat, Kansas City, Capt. J. E. Chandler; Saladin, Grand Rapids, Capt. William E. Elliott; Aloha, Honolulu, Capt. Sam Johnson.

Los Angeles' Arab and Bedouin patrols did not enter the drill but acted as escorts, accompanying the visiting patrols into the field as singly, they marched out to give their several exhibition performances. First, the Al Malakah Arab patrol escorted the Murat Arab patrol into the field and retired. The Indianapolis men then gave fifteen minutes of evolutions that were most spectacular and entertaining, perfect in time and without duplication of the figures of the drill. On their leaving the field, the Al Malakah Bedouin patrol escorted the Buffalo boys into the field, and they, in turn, entranced the spectators with maneuvers that were unique and perfect. Thus, one by one, the various patrols succeeded each other and it would have taken judges with supernatural powers of perception to have selected one which stood above all others in points of excellence. No attempt was made to do this and each competing patrol was presented with a solid silver loving cup.

One unique feature of the drill was the giving of orders, throughout the maneuvering, in Arabic of the Syrian's commander. The closing figure in the drill was the formation by the men of a huge horseshoe for the final salama. Moslem patrol wound up its exhibition by giving a company yell in which was incorporated a neat little compliment for Los Angeles.

Aloha Patrol from Honolulu won a deal of applause and attention because of their location. They demonstrated that the "islands of the sea" are not behind the mainland in achievement.

From all parts of the crowd, little bursts of applause as the Ararats went into the field demonstrated the fact that Kansas City has many representatives in Los Angeles. The patrol did not disappoint its admirers in the character of its work. Members of the Aladdin patrol salamaed, before the grand stand, by bending until their foreheads touched the earth, in imitation of the Moslems. This called out a burst of applause. Islam of San Francisco had thousands of friends in the crowd, as was demonstrated by an almost continuous round of cheers.

Dr. Cooper states that most of the members of the Patrol will return in the China, which is due to arrive May 23. Some of them will, however, avail themselves of the opportunity to go East.

Among those arriving on the Siberia is Mrs. Mackenzie Gordon, the noted traveler. He is accompanied by Billy Hopkins, a prominent member of the Bohemian Club of San Francisco.

## STRIKING GAR MEN DISREGARD ALL LAW

### Shots Were Exchanged And Many Fall Wounded

### POLICE POWERLESS TO CHECK 'FRISCO RIOTERS

Cars Demolished and Strikebreakers  
Shot—Bravery of Captain  
of the Police Force  
Mooney

San Francisco, May 8.—Blood flowed in the streets of San Francisco yesterday as the result of the attempt of the United Railroads Company to operate its cars. Never since the lawless days of the '50's have such scenes been witnessed in San Francisco. Along Turk street, where the first six cars were sent, men and boys lined the sidewalks, hurling bricks and clubs at the cars. Concealed in partly completed buildings and behind fences that surrounded vacant lots, strikers and strike sympathizers emptied their revolvers at the men on the cars. The armed guards of the United Railroads returned shot for shot. From the roofs of unfinished buildings bricks and iron girders were hurled down upon the passing cars by strikers and strike sympathizers.

Out at the Turk-street car barn, when 100 union men brought back the last of the cars, a pitched battle was waged. The men whom the United Railroads have hired to break the strike began to fire out of the windows of the car barn, believing that the strikers were about to storm the place. Bullets splattered against the blumen, and a curious crowd that had gathered scattered quickly. But the men in the barn continued to empty their revolvers.

**MOONEY STOPS THE FIRING.**

The place must be a veritable arsenal, for the smoke from the powder became so thick that it obscured the street. Captain Mooney, who has charge of the district, seeing several people fall wounded, ran through the front of smoke waving his revolver. In spite of the shower of bullets that was scattering about him, he moved close to the car barn and implored the men in the place to cease firing. But the volleys continued.

"Stop it, you cowards," shouted Mooney. "Stop it, you murderers."

Gradually the firing stopped and all sorts of vehicles were gathered to carry the wounded. When the victims of the fight at the car barn reached the Central Emergency Hospital the place was already filled with wounded from the running fight of the cars.

Car 1359, manned by Inspectors Ouligay and Hunt, in command of E. G. Park, George Williams, W. J. Nelson and James Wiley, was the first car to start yesterday afternoon. Before it had switched into Turk street the bricks and other missiles began to crash against its sides. The men on the car waved their revolvers, but did not fire. As they ran into Jefferson square they found the tracks barricaded with cement barrels, bricks and rubbish. The car was stopped for a moment while the debris was being removed from the tracks. A jeering, cursing crowd edged toward the car, and as it started again the shower of missiles grew thicker. Glass was shattered and the men in the car were cut and bleeding. As the vehicle moved along the crowds along the sidewalks became thicker. Men concealed in doorways began to open fire on it with revolvers. The men in the car fled back whenever they saw the flash of a revolver or an arm upraised to hurl a brick.

**BATTLE WITH THE RIOTERS.**

Behind the first car was car 1352, also manned by two inspectors and four men. Just below Polk street both cars were checked and barricades thrown across the street. From the top of an unfinished building just below Polk street, strike sympathizers began to hurl down planks and pieces of iron. The men in the cars, peering out of the windows, fired up at the rioters and from the interior of the building came answering shots.

These first two cars managed to run the gauntlet as far as Market street, where they were met by a thousand sympathizers of the strikers. From an unfinished building at Turk and Market streets showers of missiles were hurled down upon the two cars, which were by this time close together.

Word had reached the Police Department of the battle, and the shots from the demonstration against the four cars which were following them could be heard near Polk and Turk street. All of the available men at the Central Station were rushed to the scene just as the mob, regardless of bullets and admonitions, were closing in on the cars. Some of the men on the cars had leaped off and were trying to fight their way down Market street. They were placed under arrest and hustled to the City Prison.

**STRIKERS FIRE ON POLICE.**

Taking Captain Dale, Captain Martin and all the policemen he could gather, Chief Dinan dashed out in an

## PROMOTION WORK BEARING FRUIT

### Seattle Business Men Contemplate Trip To Hawaii

Secretary Wood has prepared the following statement which he will submit at the meeting of the Promotion Committee this afternoon:

Our last lot of newspaper clippings indicate that the copies of our local papers containing special items of information, which we are sending out from time to time to the editors of a selected list of papers on the mainland accompanied by circular letters, are being widely quoted. Some of the papers being kind enough to insert a local suggestion to their readers that they write to the Promotion Committee for information about Hawaii.

The general passenger agents of the leading trans-continental railways write that in compliance with our request they have already given instructions to have their agents furnish lists with the names and addresses of all prospective Pacific Coast passengers coming fall in time to give us an opportunity to reach them with our folders before they leave home.

By the Alameda, sailing May 22nd, we will send some of our enlarged photographs to San Francisco, placing one in the Fairmont Hotel and others in the general passenger offices of the Southern Pacific and Santa Fe railways.

A letter from Patten, Mackenzie & Company, commission merchants of Yokohama, Japan, state that they have set apart a room for the convenience of visitors from Hawaii and elsewhere, which they have named Hawaii Promotion Room. The letter also states that both Mr. Patten and Mr. Mackenzie can be depended upon to do their utmost to influence travel to Hawaii.

We are very fortunate in having with us, as a member of the Congressional party, Senator Piles of Washington, who is deeply interested in all that pertains to Seattle's welfare and is very anxious to bring about closer trade relations between that port and Honolulu.

The following letters are of interest in this connection:

Mr. H. P. Wood, Secretary Hawaii Promotion Committee, Honolulu, Hawaii.

Dear Sir:—Your favor of April 11th received and carefully noted.

In this connection I hand you a letter from Mr. C. B. Vandell, Secretary of the Chamber of Commerce, which is self explanatory. During the summer we will take the matter up along the lines suggested in your letter.

With regards, I am  
Very truly yours,  
(Sig.) L. A. NADEAU,  
Director General, Alaska-Yukon-Pacific Exposition.

L. A. Nadeau, Esq., Director General, Alaska-Yukon-Pacific Exposition, City.

Dear Sir:—Referring to your letter of April 22nd, containing enclosure from H. P. Wood, Esq., secretary of the Hawaii Promotion Committee, with reference to the outlook for an excursion from this city to the Hawaiian Islands, in the near future, I beg to advise you that in my judgment such an excursion can be arranged for and successfully conducted.

It is my opinion that the most propitious time to hold it, however, would be in mid-winter, at a time when we could offer business men a trip that would transport them into a land of sunshine and warmth.

With sufficient encouragement from a few representative business men I shall be glad to undertake to arrange the details of such an excursion, to be limited to say one hundred and fifty persons on board a specially chartered vessel adapted for this purpose, so that the plan was for the time being abandoned.

Tentative steps were taken to arrange for this excursion last winter, and it was found at the last moment that it would be impossible to charter a vessel adapted for this purpose, so that the plan was for the time being abandoned.

Senator Piles, who is shortly to visit the Islands, has kindly consented to work up a sentiment in anticipation of such an excursion to be given under the auspices of this Chamber, and upon his return I believe he will give out an interview for the benefit of Seattle business men which will result in a prompt response whenever this Chamber sees fit to announce its excursion dates.

I herewith return Mr. Wood's letter.

## THE SALVATION ARMY

### Adjutant Bamberg and the Salvation Army brass band are going to Kaula on the Mikahala this evening to dedicate a new building in Waimea.

Heretofore the Salvationists have used a borrowed building for their meetings, but now, through the generosity of their friends, they have been able to erect a suitable hall for their meetings.

The dedication services will be held on Friday evening, and on Saturday evening, commencing at 8 o'clock, there will be a musical concert given by the band in the public hall, Waimea.

Sunday at 7 a. m., there will be an early morning prayer meeting in the new hall. At 11 o'clock there will be a meeting in the social hall, Makawili. Sunday afternoon and evening, commencing at 3 and 8 o'clock, there will be meetings in the new hall. Monday evening, commencing at 8 o'clock, there will be a musical concert in the Salvation Army hall in Koloa. Tuesday evening the party will return to Honolulu.

The steamer Tartar, which has recently arrived at Victoria, B. C., from the Orient, brings advices that the revolution in Central China is becoming a serious menace to China and a formidable rebellion may follow. Sun Yat Sen, the rebel leader, is in Tokio organizing the revolt which, he says, is expected to relieve the fall of the Manchu dynasty within three years.

The rebels hold the mountain fastnesses and defy 20,000 imperial troops. Foreigners say it is doubtful if the revolution can be suppressed should all the troops at the disposal of the Government be sent. At Peking exceptional precautions are being taken, police and palace guards being doubled.

## "THE HENRIETTA" MAKES A HIT

### The production at the Orpheum last night was one of the best of the series. It is strong in its plot and well acted.

The actors all appear in different roles from those usually sustained and carry their parts through with a vim that shows an adaptability to any part that may be given them. The play deals with the money market and modern society as it is today and gives poor mortals, who are not blessed with millions, a chance to see how fortunes are made and lost every day in our big money markets. The piece is well worth seeing. The house was well crowded to the doors last night. But that is an old story. The house has been crowded every night since the Eliforthe opened. The illustrated songs by La Vigne were a trifle above the average last night, and the Osborn tots did themselves proud. "The Henrietta" will be repeated tonight for the last time. "The Princess of Patches" is billed for the Saturday matinee. Don't fail to see it. The box office is open all day, and reservation of seats early will save a lot of worry and trouble.

Blanche Walsh, the actress, has invented a punctureless tire for automobiles and gave the first demonstration at her home a few days ago. She has applied for a patent. Her tire is made up of many segments of hard rubber fitted to circular springs with a powerful spring within in place of a pneumatic cushion.

## FOR PUBLIC GOOD

To the Public:  
One of the best assets which any city can have is clean streets and good sidewalks. They make the city more beautiful; more comfortable and healthier to live in; make it look prosperous and up-to-date and attractive to tourists and prospective settlers.

We ask all nationalities in Honolulu to join in a united effort to improve our streets and sidewalks.

Some can afford to put in stone curbs, and cement or asphalt walks. Others cannot. All can do the following:

- 1.—Keep the sidewalk in front of your house clear of weeds.
- 2.—Pick up the papers and rubbish on the street and sidewalk in front of your house, every morning.
- 3.—Pick up the loose stones on the street in front of your house.
- 4.—Ask your family, servants and neighbors to help to do this.

"Many hands make light work."

Partners of the Tide

By JOE LINCOLN

Author of "CAP'N ERI," "CAPE COD BALLADS," Etc.

If you read "Cap'n Eri" you will want to read "Partners of the Tide"; if you did not read "Cap'n Eri" you ought to read "Partners of the Tide." But whether you begin to read from motives of duty or pleasure, you cannot escape the pleasure in store for you

Mr. Lincoln seems to have an inexhaustible fund of quaint Yankee humor with the twang of the salt sea in it. His new story not only sparkles with this indigenous fun but throbs with an undertone of tenderness, so that you are in doubt whether tears or smiles are the proper tribute to pay and you pay both.—Nashville American.

WE ARE GOING TO PRINT "PARTNERS OF THE TIDE" in THIS PAPER. LOOK FOR IT!

"Partners of the Tide" appears so real, "reads so natural" that you feel the mantle of Defoe must have fallen on the author, or else he has sketched his quaint characters from life. Perhaps both are partly true. A brilliant New York woman, who has summered on the Maine coast for years, has a notebook full of sketches of these people whom she intends to put in a book after they are dead. It need hardly be said that she is not a professional writer or she would be less Quixotic. Joe Lincoln has put them in his story and lives to tell the tale, though he has doubtless made composite characters from many individual types.

How real "that Nickerson boy" appears from the time the reader first meets him buying a "turnover" in the dingy little station! And the meeting between Captain Titcomb and Bradley Nickerson, who become "Partners of the Tide." Hear the Captain:

"Nickerson, hey? That settles it; you're a Cape Coddler. Minute I meet anybody named Nickerson I know they've got the same kind of sand in their boots that I have."

Again, those two delightful old maids, "Prissy" and "Tempy," and the "dog girl," as the old maids called her, whom Bradley met at school and who afterward became his sweetheart, the attachment developing into a love romance, in which Bradley finds a dangerous and unscrupulous rival.

BOARD DISCUSSES LIQUOR LICENSE MATTERS

The new Liquor License Commission held its first meeting yesterday afternoon, all the members being present as follows: Chairman C. G. Ballentyne, Secretary A. J. Campbell, John Lucas, Carlos A. Long and Joseph Gilman.

The principal subject of discussion was the area in which city licenses should be granted. The suggestion was made that the area selected should be bounded by the waterfront, Punchbowl street, Beretania avenue, Liliha street, King street, and the Niuuanu stream. This would cut out the saloons in Pukalani, but no decision was made as to whether the rule should be adopted or not.

Attention is called to the fact that according to law all applications must be accompanied by written consent of a majority of the owners of the property within 100 feet of the place where it is proposed liquor shall be sold, unless the same is within half a mile of a first or second-class postoffice, when the distance shall be 250 feet. After the filing of the application the inspector must investigate and make his report to the commission in writing. The commission will then order the application to be advertised for a term of four weeks and appoint a day for the hearing of the application which must be at least four weeks after the date of the first publication. The commission is allowed ten days after the hearing in which to either refuse or grant the license.

As a consequence of these provisions it will be necessary for the license holders to file their applications speedily in order that they may not run up against an interim between the time when their present license expires and when their new one can be granted, during which they would have to close their establishments. The commission will issue a notice which will show the licensees exactly where they stand in the matter.

The matter of the appointment of an inspector was also taken up but no decision was arrived at. It is possible that this will be done today.

LEGAL NOON The courts of several States have dealt with an odd question, none of them answering on a similar answer. When is it legally noon? Fire insurance policies expire at noon, and the word is equated to mean exactly 12 o'clock middle. The standard time has been adopted in all communities. Many small towns still use their own time, which may be from a few minutes to nearly an hour earlier than standard. In one State the secretary of the interior has just issued an order that the standard time shall be used in all public buildings and that the standard time shall be used in all public buildings and that the standard time shall be used in all public buildings.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

ART LEAGUE CELEBRATES SPRING

An Enjoyable Gathering At Beautiful Ainaahu

The Spring-Day Festival of the Kiloheana Art League held yesterday at Gov. Cleghorn's lovely Ainaahu at Waikiki, in honor of the twelfth anniversary of that institution, was most delightfully celebrated.

Gov. Cleghorn, who has at all times been a strong believer in the beautification of the city, has been a member of the Art League since its inception and has thrown his heart and soul into the work which is being carried on.

A perfect day and perfect arrangements made it a most enjoyable affair. D. Howard Hitchcock, who is a moving spirit in the Art League, and Secretary Wood were unable to be present and it was the cause of much regret by those attending.

Both of these gentlemen were billed to speak at the gathering, which made their absence felt more keenly. Various speeches were made, one of special impressiveness by Mrs. W. M. Graham, which dealt with "City Improvement."

Nearly two hundred were present, and under the spreading branches of the island-famed Banyan tree which stands in the front yard the guests were seated in chairs provided. A program of the League, worked in flowers and set against a background of green leaves, was a work of art in itself. Valuable potted plants surrounded the platform and the refreshment tables were rich in garlands.

A tea punch together with sandwiches was served to all after the program was finished, a bevy of Honolulu's prettiest girls doing the honors in serving line.

The committee on decoration and grounds were Miss Nolte, Mrs. Chas. Southwell, Mrs. Clara Schmidt, Mrs. Graham had general charge of the entire festival.

"Queen of Spring" was most entertainingly rendered by the band, and which Mrs. Frear made a short address.

Among those present were: Mrs. A. F. Judd, Mrs. Sophie Pratt, Mrs. J. Jordan, Mrs. Major Van Vliet, Miss Van Vliet, Mrs. A. G. Hawes, Mrs. Bottomley, Mrs. Hall, Chief Justice Frear, Mrs. Frear, Mrs. Gartenberg, Mrs. Sprinks, Miss Sprinks, Mr. and Mrs. Dr. Canon Mackintosh, Miss von Holt, Dr. and Mrs. Moore, Mrs. Geo. Benton, Miss Lawrence, Miss Hynes, Mrs. Schaefer, Miss Grace Robinson, Mrs. Brock, Mrs. Kline, Miss Dean, Mrs. Augur, Mrs. P. F. Dillingham, Mrs. Ingalls, Miss Vancouver, Dr. and Mrs. Emerson, Rev. and Mrs. Doremas Scudder, Mrs. Crockett, Mrs. Kaudsen, Mrs. George Robinson, Mrs. T. J. King, Mrs. Rice, Mrs. Blatchford, Mr. and Mrs. F. Church.

KINGS AND QUEENS WENT TO WORK Nearly all the royalties of Europe could, if driven to it, earn their own living. The queen of Romania, Carmen Sylva, makes as it is an income from her books that many authors cannot equal.

The emperor of Russia has a sweet and well-trained tenor voice. Had he not been of royal blood, he would undoubtedly have succeeded in grand opera.

The queen of Italy is a linguist of unusual talent. Conversing fluently and correctly in eight languages, she could get at any time a good job in a high school.

The King of England is one of the best judges of wine and cigars in the world. As a wine or tobacco expert, or as a dealer in these luxuries, he would soon have grown rich.

The queen of Portugal has a medical degree and could easily earn her living as a doctor.

The German emperor, as everybody knows, could make a good living as a poet, a musician, an artist, a shipbuilder, a factory manufacturer, a horse dealer, an actor, a bookbinder, a chess player, a tailor, a sculptor, a barber, a farmer, or a dentist.

Carl Trebits, who has recently been experimenting with a magnetic driving rod, now claims that he has the rod adjusted to perfection. It will positively drive any motor vehicle, and can be adjusted to point out favorable locations for the building of a city. The inventor promises to begin taking it into the streets of New York.

# The Golf Fever

HERE'S HOW YOU CAN CATCH IT:

Go out on the links some day with one of your friends and follow "her" around the course. Before she's played three holes you'll want to play, too, and she'll kindly offer her clubs. Over the remaining six holes there'll be two players instead of one. Of course, you'll get miserably beaten, but that shouldn't dishearten you. You will have enjoyed the healthiest exercise in the world and incidentally had a dandy time.

Next day come to us and we will supply you with everything you need in the way of clubs, bags, balls, etc. For another afternoon's play. For you've asked her out to the links, hoping to make a better showing.

We'll do our best to help you in the way of fine materials.

You don't have to lift out the whole ice box to clean it, as in some kinds. Its movable flues make it the easiest refrigerator in the world to clean. And it has numerous other superior features, including its eight walls and its air-tight locks. The ice rack is made entirely of galvanized iron and the shelves are adjustable to any height. Made of SOLID OAK or ASH with panels of quarter-sawn oak and in the latest and most costly style of ornamentation the LEONARD is the Handsomest Refrigerator on the Market, and IT LASTS LONGEST.

## St. Louis Americans Aim To Enlist Barney Joy

The St. Louis American Baseball Team wants Barney Joy. This information was received by Pat Gleason in a letter received from Barney Joy in today's mail. If Joy can secure his release from "Frisco" the next we will hear of Joy, the pride of Honolulu, he will be pitching for one of the fastest teams in the world. Quite a jump for a Honolulu ball player.

Joy is dissatisfied with the "Frisco" team and wants to quit. The team took a trip to Los Angeles and refused to take Joy. He asked Dan Long for his release when approached by the St. Louis representative but Long has refused to grant the same so Barney must stick.

Joy was very anxious to make the Los Angeles trip so that he could see the Burns-O'Brien fight and also the Honolulu delegation. Long has promised that Joy shall accompany the team to Portland and while there will pitch more games.

A detailed account of the games that Joy has pitched are contained in the letter. He feels that some of his team mates are jealous of the advertising he is getting and are consequently throwing him down. He claims that the team gave him very poor support in both games that he played and espe-

cially Street, the catcher, was weak. Barney also gives some tips to Pitcher Burns as to how to throw the "split ball." He claims that this ball is only good for the third strike.

### HAMPTON NOT SIGNED

There is a fight on for pitcher Hampton. The Diamond Heads want him and Punahou wants him. Hamp is laying low and saying nothing. He will play with the team that offers him the best inducements. Bill needs work and the team that hustles him a job will land him.

"Doc" Monsarrat claims that he will play Ed Desha all season, no matter how the protest that is now before the League is settled.

The public would like to see Desha in the game and he will play irrespective of results.

## RAID ON HACKMEN CAUSES KANA'E'S DISCHARGE

Sergeant Frank Kana'e of the police force had an exceedingly gay time last night, the only drawback about which was that it cost him his job. Kana'e has the reputation of being a good officer, but during the past few months he has been imbibing more freely than was consistent with his position, and this has finally led to his downfall.

Kana'e started on the team which got him into trouble by making a raid on the hackstand on Bethel street, opposite the old place of the firm of Castle & Cooke. He ordered three hackmen to come to the police station, and the drivers, seeing a favor, obeyed him promptly. They were therefore much surprised when he informed them on their arrival at the station that they were under arrest for leaving their hacks untied. This the Jehus ascribed to an old grievance between them and Kana'e due to some bills which they allege Kana'e owed them and which he had failed to pay.

Kana'e left the three hackmen in duress and proceeded to Palama. In the meantime the cries of outraged virtue, which the Jehus set up in a hasty chorus, attracted the attention of the sheriff, and he ordered a search to be made for Kana'e. He was found at a place at Palama where he was instructing the population in the mysteries of the hula, and was taken before the sheriff. He had lost his badge in the meantime and Officer Apana was sent out to recover it, which he did.

This morning Sheriff Laka'a dismissed Kana'e from the force. The charges against the three hackmen were dismissed.

### COURTS MUST DECIDE

(Continued from Page 1)  
by the Legislature of 1905 under the Organic Act will be raised, though it is uncertain yet whether or not this matter will be brought before the court.

The second point raised, which will be one of the main points of contention will be the validity of the administration of the law. The plantations contend that even if the law is constitutional, it is not properly administered. They base this on the refusal of the Tax Assessor to allow for depreciation and deterioration. Their third point is that they should be allowed this depreciation.

"The way the Tax Assessor is trying to administer the law is manifestly unfair," says Mr. Withington. "Ewa plantation, for instance, has a mill that is worth a million dollars. If they had to rent that mill instead of owning it they would have to pay not only the rent but also for the wear and tear on the machinery. But the Tax Assessor will not allow this, which a private individual would have to allow. No matter how much the wear and tear on the mill, he continues to assess it at a million dollars. It would be the same if the mill were to become merely scrap iron. It would still be assessed at a million dollars.

"And in spite of this, no allowance is made for replacing parts of the machinery. The company may spend \$50,000 a year in repairs, but the law says that no allowance can be made for permanent improvements, and those are counted as such."

The reason for the agitation is the recent decision of the Supreme Court in the matter of the Rapid Transit company, in which the contention of the company that allowances should be made in assessing its property,

for the wear and tear on the system was disallowed. As this case is similar to those of the sugar plantations, it appears probable that the decision of the Supreme Court in the new tax appeal cases will be the same as in the case of the Rapid Transit. This will mean, according to the statements of the plantation attorneys, that the matter will go to the Supreme Court of the United States.

There will be a great deal of legal talent employed in the various cases. The firms that will be in charge of the appeals are Castle & Withington, Holmes & Stanley, Smith & Lewis and Judge Cooper.

The question as to allowance for depreciation came up last year, when the plantations made the same contention that they make this year. It did not, however, reach the courts, the Tax Assessor allowing the claim. This year he refuses to do so.

D. L. Withington states that the plantations this year made out their tax returns in accordance with the instructions of the Tax Assessor, but that in spite of this fact the Assessor refuses to receive them. This action he takes on the advice of the Attorney General.

Tax Assessor Holt stated this morning that he could not estimate as yet what amount the Territory would lose in case of a decision against it, but the figures for all the plantations combined would be very large.

## DUNNE'S ARGUMENT LASTS FOR TWO DAYS

The hearing of the arguments in the Along case was continued before Judge Robinson this morning and will probably occupy the rest of the week. J. J. Dunne, attorney for Mrs. Along and her adherents in the case, spoke all day yesterday and stated this morning that it would probably take all of today for him to finish. After that the attorneys for the other side will have their sayings and then Mr. Dunne will reply to them. W. W. Thayer stated that he would probably not take more than an hour and a half for what he had to say. The arguments are all on the legal aspects of the case and various points of law. The human interest side of the matter probably will not come up until the case comes to trial.

## KUICHI YANAGI MUST ANSWER FOR PERJURY

Kuichi Yanagi was arrested last night by the Federal authorities on the charge of perjury. He is the husband of Tora Yanagi, the Japanese woman who was arrested yesterday on the charge of adultery at Aiea. The one who claims that she has been divorced, according to the laws of Japan, from Yanagi, and is now living with another man as his wife.

Yanagi is charged with having sworn falsely that the woman had returned to Japan, when as a matter of fact, she had not left Hawaii but was living with the other man at Aiea, as Yanagi well knew.

## HONOLULU IS BEING CAREFULLY CLEANED

### Good Results Already Accomplished, Says Pinkham

The Board of Health is devoting all its energies, so far as Honolulu is concerned, to cleaning up the town. All the men that can be used are hard at work and the results so far, according to President Pinkham, are very satisfactory.

At present the force is working in the Kewalo district. The work is being very thoroughly done. The householders are made to do their own work, under the direct supervision of the inspectors, and the latter see to it that the work is well done.

When they get through with Kewalo, the Board will turn its attention to some of the other more thickly populated parts of town, not particularly Chinatown.

The work is being done on the money furnished by the Shippers' Wharf Committee. Before the last Legislature convened, President Pinkham tried to get the Governor to recommend an emergency appropriation of \$100,000, but the Governor would not do so, nor would the Legislature vote it.

President Pinkham was asked if he could get along with \$5,500 for the rest of the present period. He said that he could if nothing happened. But something has happened, and now the Board is greatly hampered by lack of funds and has to depend on what it can get from private subscription.

The work of cleaning up at Aiea and Waipahu has been thoroughly done. President Pinkham says that at Waipahu the Japanese and Chinese are the ones most anxious to have it well done, and half a dozen times they have sent in to ask that a man be sent down to see if the work were satisfactory.

Mrs. Augusta Gardmann, who recently died at Chicago, arose from an undertaker's slab, where she was being prepared for burial, and chided the undertaker for handling her so roughly.

The startled undertaker called the police. By the time the patrol wagon came Mrs. Gardmann, who had swallowed a quantity of carbolic acid six hours before, had put on her clothes and was preparing to walk home. Her death certificate had been signed by two physicians.

## BEGIN WORK SOON ON THE BOYS' HOME

### Pinkham Says Institution Will Be Located In Waimea

The \$15,000 appropriation passed by the Legislature for the erection and maintenance of a Home for Non-leprous Boys of Leprous Parents becomes available July 1, and work on the construction of the institution will be commenced at an early date.

"We will get to work at the earliest possible moment," said President Pinkham of the Board of Health this morning. The site of the home will be in Waimea on Hawaii. It is not exactly selected yet, though I know about the location. It will, of course, take some time to build the home, but I am anxious to have it in operation as soon as possible.

"There will probably be about fifty boys to go into it when it is ready for occupancy. Most of them will be very young, and it will be some years yet before we can expect to get any large results in the way of work out of them. But I am going to see what can be done with them in the way of farming down there. I want to give the small farming idea a thorough trial in this way and see if there is really anything in it."

President Pinkham hopes that better results may be obtained at this institution than have been got from the Lahainalua school, the results of which he thinks are decidedly unsatisfactory.
