8 PAGES—HONOLULU, TERRITORY OF HAWAII, MONDAY, AUGUST 3, 1908—8 PAGES

PRICE 5 CENTS

MILLIONS ARE LOST IN GIGANTIC FIRE ANOTHER ISOI DEAL IS EXPLAINED

Iaukea and Isoi Tell Of Deal To Protect Business At Iwilei

The appearance of an article in the Hawaii Shippo of last Saturday in which Isoi, the Iwilei landlord, who became famous in connection with the Iaukea-note matter, is quoted as stating that he had been engaged in negotiations with the Sheriff for the purpose of getting police protection for the red-light district in consideration of a certain sum of money, has again placed the police department in a very unpleasant light. Isoi was this morning asked for the correct version of the matter, and he willingly responded: "It is a fact that I approached Iaukea and asked him to allow me to reopen Iwilei," said Isoi. "At that time I offered him \$500; but Iaukea wanted more. I came out with another \$500, making the amount \$1,000. Iaukea did not want to take this and suggested that \$1500 would be satisfactory to him. I considered then that \$1500 was too large an amount for me to raise, and so I told him that I would have to consult with others who were interested in the business. During my conversation with Iaukea, Townsend acted as an interpreter.

"One night at about 12 o'clock, Townsend came down to my house at Iwilei and woke me. When I got up I thought he had come to report that everything had been fixed to my satisfaction. To my surprise, however, Townsend said that Chief of Detectives Taylor had discovered the \$100 note of Iaukea. I discussed the matter with Townsend.

"The matter of reopening Iwilei was first proposed to Sheriff Iaukea before the money was ever loaned to him. All this time my proposition was conveyed to Iaukea through Townsend as interpreter. I asked Townsend to interpret for me because I do not speak English. Whatever conversation passed between us was interpreted by Townsend.

"Resuming the matter of the \$1,500, Iaukea said that if I paid that amount he would give me police protection. The stockade at Iwilei would be opened and business resumed. In all my dealings with Iaukea I never carried money in any large amount with me, but I was ready to dig up when asked.

Sheriff Iaukea takes the position that he continued the negotiations merely for the purpose of trapping Isoi, his idea being to arrest him as soon as he had sufficient evidence against him. This morning the Sheriff wrote the following statement for publication: "The published interview of the Hawaiian Shippo with Isoi which the Advertiser gave out this morning is true in so far as the attempt to offer

money for the reopening of Iwilei is concerned. But as to agreeing to accept \$1500 for selfish motives, the proposition is so absurd that I need not waste any words in refuting it. Does anyone suppose that I would accept a bribe and for a paltry sum as this discredit myself and the office entrusted to my charge? "My version of it as given in the Advertiser is correct, and the only motive I had in suggesting the \$1500 was that it would lead to the arrest of the briber and the enrichment of the public coffers by that sum. I was using the officer (unknown to him perhaps) to accomplish the end I had in view.

"The whole thing looks to me as an attempt to discredit my administration, and in that way regain control of the police department, so that open vice and gambling may go on as before. Unprincipled attorneys and politicians, I think, are at the bottom of this movement.

"This Isoi attempt at bribery is only one of many instances where profit has been offered me, the money ranging from \$100 a week to lump sums of \$5000 and more, principally in the interests of gambling joints and open prostitution since the closing of Iwilei. If I stay in office, I will close all other places where open vice and immorality is carried on in this city, notwithstanding the difficulties I have had to contend with against the influence of officials who ought to assist me instead of standing in the way. My subsequent action in arresting prostitutes and notifying the lessees and agents of bawdy houses of their responsibilities under the law ought to convince any unprejudiced mind that I mean to keep faith with the people who elected me and live up to my duties as a public official.

The Sheriff was asked if he intended to bring charges of attempted bribery against Isoi, as it would seem as if his own evidence, coupled with the statements made by Isoi to the Japanese press, would furnish a sufficient basis for prosecution. This was the view taken by Assistant County Attorney Brown, but Iaukea stated that he would have to consult his advisors before he could give an answer.

YACHTS NOT SIGHTED

The race yachts, which sailed from Hilo yesterday and are expected in today, had not been sighted up to the time for going to press. There have been bets placed that the Hawaii would make the homeward trip in 24 hours, which seem lost now.

READY TO PUT UP FRONT RANGE LIGHT

Work Begins At Once; Dredging Proceeds Rapidly

This week work on the front range light for the harbor will be begun by U. S. Engineer Capt. Otwell. This, despite rumors on the waterfront to the effect that there was not enough money in the appropriations for this work, and the like. There were other reasons why this work could not be begun some time ago, but these are now out of the way, and the light will shortly be under course of construction.

The dredging and reclamation work in the harbor is going on very well. In fact, his results will shortly show, as work at the lighthouse point is now practically complete, and it will not be long before the buoy will be moved back from its present position, and there will be ample room for turning deep water vessels in the harbor. As things are and have been, the place is decidedly cramped when it comes to a question of turning a big vessel, and the widening of the water about the channel entrance, will be of great and very evident benefit.

At present, the comment is made that the buoy is very far out in the stream, but as a matter of fact, it is further out than the old site of the lighthouse but by a very few feet. The amount of water which was never there before makes it seem that the buoy is far out, when such is not the case.

The fact is, in the days before the dredging began, say at any time previous to eight months ago, no big vessel ever maneuvered any nearer the light house point than the buoy is now fixed.

The dipper dredge is now finished with its work in this part of the harbor, and "Reclamation," the big suction dredge, is cleaning up the remnants of the job. Soon, the requisite 25 feet depth will have been reached everywhere, and the water will be sounded and charted, and opened for free navigation, just like any other part of the harbor.

In the upper part of the stream, where "Reclamation" has cleared away the soft stuff for six or eight feet down, drilling is now in progress, and the coral is being blasted, for the purpose of loosening it up.

The island of made land which is growing up has now assumed quite a respectable size. It contains about twenty to thirty acres, and is a very valuable bit of property.

KAHULUI SHOWS UP WELL AT WAILUKU

Results of the Sunday baseball games at Wailuku this week were: Kahului 9, Wailuku 8. Kahului 4, Stars 1, (second game). Waiakapu 14, Healanis 1. The showing of the Kahuluis is particularly good, winning from two speedy aggregations in succession. This news was received by a special wireless from the Bulletin's Maui correspondent.

TOWNSEND DID NOT WANT TO ACT IN ISOI MATTER

Townsend, the Japanese detective who has acted as middleman in all the known Iaukea-Isoi deals, this afternoon volunteered the information that he had tried to get out of playing this role in the most recently discovered affair.

"I told Isoi three times that I would not act as his interpreter," said Townsend. "Yes; three times I refused him."

"But you finally did act, anyhow, did you not?" asked the reporter. "Yes, but I did it because I had orders," was the answer.

"Do you take orders from Isoi, then?" "No; I only take them from my boss," answered the detective. "My boss gave me the orders."

G. P. CASTLE GIVES BIG DONATION FOR CHILDREN'S HOSPITAL

Jas. F. Morgan is today busy trying to collect subscriptions for the rest of the \$2,000 which is now necessary to make up the sum of \$50,000 which, with the addition of the original sum of \$50,000 donated by Mr. Wilcox of Kansas, will make up the sum of \$100,000 necessary for the establishing of a children's hospital. When Morgan started out this morning he needed \$2,000, but he met with success immediately. George P. Castle subscribing \$1,000 as soon as he was approached. It is expected that others will prove as generous, and that the community will rise to the occasion.

BOUQUET FOR BOWERS

The San Francisco Bulletin of July 24th has the following to say of Bert Bower, after printing a dispatch in regard to his resignation: "The foregoing dispatch makes no mention of the umpire's name, but it is Bert Bower, who usually umpires all of the important games on the islands, the Japanese have forced out of the game a very good umpire. Bower umpired all of the games Mike Fisher's stars played at Honolulu last winter and his work was highly satisfactory. Fisher's players urged Bower to apply to Cal Ewing for a position, but Bert had too soft a position in the Honolulu custom house to take chances umpiring for a living."

KEEN PREPARING SANITARY REPORT

Richards' Laundry Has Been Taken Up By Board

"I think the story published in the Bulletin the other day had the effect of making Mr. Richards decide to do everything required of him by the Board of Health," said Mark P. Robinson, president of the Board of Health, this morning, when seen in his office. The statement was made in answer to a question as to what action, if any, had been taken by the Health Board to have Richards attend to the insanitary conditions surrounding his laundry on Vineyard street.

"Mr. Keen, the chief sanitary inspector, has this matter in hand," said Mr. Robinson. "And I understand that he and Mr. Richards had a conference last Friday afternoon, when the latter stated that he was willing to carry out the desires of the Board in regard to sanitary conditions. However, I am not certain about this, as I have not seen Mr. Keen yet."

However, it may be, it is certain that some definite action will be taken by the Board of Health in the matter, for now that the filthy conditions at this laundry have been called to attention through the columns of the Bulletin, the matter cannot be well overlooked. Sanitary Inspector Keen has secured a six months' leave of absence from his duties on account of ill-health, and this vacation starts day after tomorrow. Mr. Robinson stated that Keen would finish up the Richards matter before he left work. Mr. Keen is preparing a report of conditions as they are at the laundry, and this will be given to the President within the next few days.

MASTER CRITICIZES GUARDIAN'S ACCOUNTS

In the matter of the estate of the Cummins minors, of which there are four, John Marcellino has filed his master's report on the final accounts of Fred Wundenberg, who as guardian of the children, is surcharged with several hundred dollars. The final accounts of Wundenberg, who died recently, were filed by Elsie Wundenberg.

There are two estates, that of William H. Cummins and that of Charles Cummins. In the former, it seems that no taxes have been paid by the guardian of the estate since 1902, and the penalties and advertising, etc., amount to the sum of \$219.46. In the latter the penalties amount to \$269.45.

It also seems that there was in the neighborhood of \$900 available and this was not invested by the guardian, as it should have been, as claimed by Marcellino. Marcellino surcharges about \$500 to the guardian for the manner in which the estate was handled.

The leak in the Makiki reservoir has been located, but it so far has seemed impossible to stop the waste of water.

STRIKE NOT GENERAL

PARIS, France, Aug. 3.—The strike has not become general.

Portuguese May Leave

It is claimed the Kapua (Kauai) Portuguese are going to emigrate to Manila. Why Manila is not explained, but the cause of the proposed emigration given is dissatisfaction over the proposed lease of the much-discussed Kapua lands.

There has been dissatisfaction among the Portuguese on Kauai ever since the advent of the Molokans two years ago, who were given choice Kauai lands only to soon desert them. The action of the Government in giving the Russians land, while people who had been residents for fifteen or twenty years were ignored has puzzled these Kauai Portuguese, so their leaders say. Now they intend to leave. The sudden determination to do so has been brought about by the word that has been given out that the lands are to be again leased. The exact terms have not yet been advertised, but these Portuguese are certain the terms will be favorable only to the corporation people.

An editorial in last week's "O Luso" discusses the proposed lease of these lands and intimates that there will be no chance for the small man, and calls upon Representative J. T. Silva of Eleise to prepare a protest and by so doing to try to make the Land Commissioner see the advantage of selling these lands in small lots. The reason for Mr. Silva being called upon to do this work is because of his winning fight made in regard to the Mana sial lands last fall.

Representative Silva in discussing what he should do, stated that he intended to draft a statement of the facts in the matter and mail them to Mr. Garfield at Washington. He will include reports of his action in the Mana land matter, and everything else that may help to secure favorable action to the Portuguese as regards the Kapua lands.

Dr. Heiser Will Study Lepers Here

Governor Frear received a cable from the Governor General of the Philippines this morning, stating that the chief quarantine officer of the Philippines, Dr. Heiser by name, would be here on the Mongolia and would stop off for some time. The Philippine Governor asked that he be received and that such arrangements be made as will suit his wishes.

Dr. Heiser will make a special study of leprosy conditions in the Hawaiian Islands while he is here, besides taking into consideration all matters of Federal quarantine. Arrangements will probably be made by Governor Frear for a trip to the Settlement at Molokai for the distinguished doctor.

SHOOTERS ARE SHOT BY CAMERA MAN

National Guard members are aghast now that the time is drawing near when the shooting team that will represent them at the National Tournament at Camp Perry, Ohio, will start on its long trip to and through the States. The team has been selected, and the men are preparing to leave, for their sail Wednesday on the Alameda. Private Webber is out, and H. M. Sumner has been selected to go on the team in his place.

The shooters lined up and were shot this noon by the camera men in front of the Drill Shed.

The team this year expects to do better even than they did at their last shoot. They expect to beat California, which ought to land them about fourteenth on the list. Out of forty-eight team entries last year, the Hawaii boys came in thirty-fourth with an aggregate score of 2886. They expect to do much better than this at the coming shoot.

DEMOCRATIC LEADER MOSSMAN IS DEAD

H. J. Mossman, the well-known Democrat, died last Saturday night from heart failure at the Queen's Hospital and was buried yesterday afternoon in the Nuanuu cemetery. The funeral services were conducted by the Rev. E. T. Simpson of the St. Andrew's Cathedral. A large number of friends attended the services and the funeral.

The pall-bearers were Joseph J. Fern, John C. Lane, W. P. Jarrett, Harry Swinton, J. G. McGuire, and Daniel Pohl.

Richard N. Mossman, brother of Herbert, died only a few days ago. He was connected with C. Brewer & Co., checking sugar for many years.

Herbert Mossman was in charge of the Democratic campaign last year, and whatever success was gained was in a very great measure due to his abilities as an organizer and to his unselfish and untiring efforts.

S. VON BERG DEAD

Stephen von Berg, the well-known German shoemaker who had a small shop on Union street, died this morning at the Queen's Hospital after an operation for cancer. Von Berg was born in Germany 63 years ago. He came to the Islands in 1883 and settled on Kaula, where he lived for some years. Later on he came to Honolulu and was for some time the janitor of the Central Union Church, later on going back to his trade. He was a competent workman and had a cheery and kindly disposition which made him many friends. He leaves a widow and two daughters to mourn his loss.

The funeral will take place tomorrow afternoon at 1 o'clock from the Townsend parlors. The interment will be in the Pearl City cemetery.

Annie Kaleleiki, a 13-year-old girl, was burned yesterday afternoon at Kailua, Koolapoko, while trying to light a fire by means of kerosene. She was brought across the pali to the Queen's Hospital, where she expired this morning.

1909 Four-Cylinder

Stevens - Duryea MODEL X

IN BRINGING OUT THIS NEW MODEL we do not in any way retract any claims that we have made for the six-cylinder car which we are firmly convinced is the highest type of automobile construction. In response to a demand for a larger, roomier car than our 20-horsepower, 4-cylinder Model R, and more moderate in price than our Light Six, we have produced the Model X. This model supplies a demand for a four-cylinder car a little larger and more powerful than the Model R, which has been discontinued. The owner of the Model X can feel that the well-known features of the Model R are embodied in his car, together with the advantages of more room and power. In brief, the Model X is an enlargement and refinement of the Model R, representing the most advanced ideas in automobile designs, together with Stevens-Duryea construction and workmanship, which have been proven absolutely correct.

THE UNIT POWER PLANT and THREE - POINT SUPPORT

This construction, which has made the name "STEVENS-DURYEA" synonymous with motor car efficiency, is retained. STEVENS-DURYEA cars were built on correct principles in the beginning, and at no time have any radical changes been made in their design.

EDUCATORS MEET THIS AFTERNOON

There will be a meeting of the Board of Public Instruction this afternoon, at which the matter of assignment of teachers will be passed upon by the Board members. Superintendent Habbit has the tentative list made out, but, as it has not been passed upon by the Board, he will not give it out for publication. No other matters of import are pending.

Ed. McCorriston, the assistant book-keeper and cashier of the Makoee Sugar Co., has been arrested on a charge of embezzlement of \$2000.

Ingento Developing Tank

(REVERSIBLE)
The Ingento Developing Tank is as great an improvement upon all previous developing tanks as Tank Development itself is upon the old-style way. It makes developing, fixing, and washing simple and easy for the veriest amateur, and accomplishes results in the shortest time. Call and have it shown to you. Also tanks for film development.

MONDAY AUGUST 3, 1908

A final attempt is being made to raise the sum of \$9,000, or \$8,000, rather, now that Mr. George Castle has, with the usual philanthropic instinct of his family, today donated a thousand dollars for the fund which is to give Honolulu a children's hospital. After the great gift of \$50,000, made originally by Mr. Wilcox, and the additions of about \$11,000, made to it since then, it should be impossible that the great plan should fall for the lack of a sum which cannot but seem paltry in comparison with the sums already given. It would not be possible to find a worthier object than the one in question. The cry of the children in suffering appeals to the most hard-hearted, and Honolulu with her many wealthy inhabitants and her large number of philanthropists will surely heed it.

FAR-REACHING INFLUENCE OF ADVERTISING

The welfare of the nation is to a great degree dependent upon its advertisers.

At first thought this would appear to be an exaggerated statement, but the more it is examined the more true it seems to be.

Advertisements of the past were decidedly crude in every way, but they are daily becoming more artistic, more attractive, and more educational. Consequently they are creating an impression upon the juvenile mind which time will not efface.

But outside of the impression made upon the younger generation by artistic advertisements, the observer of such matters should take into consideration the influence which well-built ads. have upon that large class of people who are awayed, more or less, by all they read and who turn to the advertising pages of a newspaper as the most attractive part of a text-book.

Many people only glance at the regular telegraph, cable, and local news of the day, and then plunge deeply into the news set forth in the advertising columns. In these they become deeply absorbed.

This is not the case with women alone. They take to the advertisements as naturally as a duck takes to water. Business men and others of a commercial turn of mind are continually on the watch for opportunities to make a few more dollars to improve their homes, to get a new automobile, to add to their real estate holdings, to select a place of amusement, and so on.

To many people there is more news of interest to them personally in the advertising columns of their favorite paper than in any other part of it. Under these circumstances it is not safe to assume that advertisements have a great influence upon readers of all ages and classes. In fact, the great object of advertising is to influence the public, and if this influence is of an artistic and educational nature it must, it would appear, have a beneficial effect upon the present and rising generations.

Good advertising tends to soften the character of the people, to form and refine home life, by introducing into families articles of luxury and art objects which otherwise would not find their way there.

Books, soaps, perfumery, laces, silks, furniture, pictures, draperies, etc., when largely advertised in the newspapers, attract the heads of households or the younger members of families. Little by little homes here and there undergo changes, and dismal, dark interiors assume a brightness and refinement utterly undreamed of before the smile of publicity beamed upon all concerned.

Homes thus improved become more attractive, families become more cultivated and happy, and, in short, the advertiser does an amount of good which he did not anticipate, and influences whole communities while adding considerably to his bank account.

The results of the games this weekend have materially changed the table of standings for the season.

Ho Tong's White Sox gave a successful dance at K. P. hall Saturday night.

SUNDAY BOOZE FOR KAKAAKO

Mrs Klemme Wants It At Aloha Aina Restaurant

Mrs. Klemme's application for a Sunday privilege for her famous Aloha Aina restaurant will be one of the chief matters settled at the meeting of the Board of Liquor Commissioners this afternoon. She was granted a restaurant license some time ago, without the Sunday privilege, but on account of the proximity of her place in Kakaako to the sailors from the ships and the marines from the Naval Station, whose burning thirst it is her earnest desire to quench, she feels that she should be granted the right to dispense booze on Sunday, as this is the day of days in the spending time for the boys of the waterfront.

The letter which has been received from Col. McCarthy will also be read and discussed. A short time ago the Colonel was notified that his place was not being run in exact accordance with the wishes of the Board, and he was told in what manner he was displeasing the powers that be. In answer to this McCarthy has written to the Board, stating that it has always been his desire to keep within the confines of the law, and to do everything that was right. There was a statement published in the morning paper to the effect that his license would probably be rescinded, but, according to a Board member, this is untrue.

On Wednesday, Ikua Purdy and Archie Knaua, two Hawaii cowboys, will depart for Cheyenne, to take part in the wild-west contests there which are to be held in the middle of August.

A joke! Somebody has published a picture of William Lemon Squires, the Australian "champion."

The Last Suit Stein-Bloch Make

fits as accurately as the model upon which that suit was based. This is important to you.

Good friends have pointed out that when Stein-Bloch advertise that they have been tailoring 53 years they are not saying anything that should lead a man to buy Stein-Bloch Smart Clothes. These good friends forget that Stein-Bloch advertise "53 Years of KNOWING HOW."

The "Knowing How" is what makes the last suit fit as well as the first. It is what makes this suit fit you, no matter whether you live in New York, or Oregon, or Hawaii

One tailor doesn't make the suit or overcoat. It is the united product of a body of tailors, each of whom holds his place because he is the best man at that task. When each one has finished his special work and the results are assembled, the suit or overcoat fits because the men who made the parts knew what they were doing.

This is modern, economical tailoring.

CHANTILLY REGAL

Representing one of the most chic and dainty Parisian styles for women this season is the Chantilly—a two-eyelet Patent leather tie.

The last over which it is made has the characteristic narrow toe and short vamp found in many of the custom styles originating in the French capital.

The plain-toe uppers are of the very finest Patent leather, and the lining is of special duck in the vamp and Black Kid in the quarter. The Chantilly has a welted sole with custom extension edge, and a Cuban heel.

PRICE \$4.00

Bring your old shoes to be mended while you wait.

REGAL SHOE STORE, McCANDLESS BLDG., corner of KING and BETHEL.

At Denver

E. M. Watson was the principal speaker at the meeting of the Democratic party at Ash park last Saturday night. He said that from the time of the arrival of the Democratic delegation on the mainland up to the time they returned, they were entertained most cordially by their fellow Democrats. He and the rest of the delegation were assisted by Governor Haskell of Oklahoma and Charles Bryan, brother of Wm. J. Bryan, in the land policy matter.

Although the attendance was not particularly large, the meeting was full of interest. Harvey stated that no subject of local interest was presented to the convention without the consultation and approval of the Hawaiian delegates. Every member of the delegation had confidence in the other and the consequence was that they got what they were sent there for.

In describing the nature of the trip across the continent, Harvey referred to the pitkin he had while crossing Marshall Pass in Colorado. His nose bled because of the unusual change of temperature. On this account he had fits and wished he had not gone as one of the delegation.

C. W. Ashford, who spoke for J. L. Cooke, predicted that the Republicans would be defeated by the Democrats at the coming election, and that after March of next year there would be seated in the White House at Washington a Democratic President.

L. L. McCandless went right into the land policy subject and contended the Executive for not regarding due caution in land transactions.

"What is the use of having a platform and not abide by it?" asked McCandless. "In 1906, the Republicans proposed to divide up the public lands, but instead, it, through the Governor, gave away the island of Lanai and deprived many Hawaiians of their lands and livelihood. A few weeks ago the Governor went to Maui and said he was going to trade 350 acres of sugar land to H. P. Baldwin, while the people could have lands on the hill to plant pineapples on. It is the same way with the lands at Ekaea, where the Maikoa Sugar Co. will practically have the government lands."

Fred Merrill, who has been here for many years, stated that the only lands he had here was a 4 by 2 foot hole in Nuuanu cemetery.

Alohas Do Things To Boys From Oahu Plantation

The Chinese Aloha baseball aggregation, numbering about fifteen, and conducted by C. Ah Tong, the treasurer of the club, as manager, and Chang Duke, as his assistant, went to Waipahu yesterday to play a game with the Oahu plantation nine, which they were able to defeat by the score of 21 to 2. It was a one-sided game all right, but nevertheless a large crowd was at the diamond and the fans yelled themselves hoarse.

At 1 p. m. the game started with the Waipahu at bat and the Alohas in the field. The Waipahu scored one run in this inning against the Chinese Alohas' eight. In the third inning the Waipahu scored their second run and were held down for scoring for the rest of the game. The Alohas piled up seven more in the third. And in nearly every other inning, they were able to score until at the end of the game it stood Alohas 21 runs and Waipahu 2. Oh, me, oh my!

Immediately after the game the boys were escorted to the home of Mr. Miles, who had a nice dinner already prepared and a most pleasant time was spent there. Mr. Miles is a true sportsman and his courtesy was much appreciated by the visiting team.

Following is the line-up and score of the game:
Waipahu—E. Botelho, c; M. Colombo, p; H. Nam, 1b; J. Afaque, 2b; A. Rodrigues, cf; M. Gonsalves, lf; Sada, ss; W. E. Miles, 3b (captain); J. Souza, rf.
Chinese Alohas—En Pul, lf; Ahea, 3b; Ho Yuh, 1b; Sing Hon, ss; Ng Sing, cf; C. Wakita, cf; Achiu, 1b; Tom Yen, c; Ho Lim, 2b (captain).

Score by innings:
1 2 3 4 5 6 7 8 9
Waipahu 1 0 1 0 0 0 0 0 0—2
Alohas 8 0 7 1 0 1 1 3 *—21
Umpire—D. Makaena.

VISITORS WIN FOUR GAMES

Visitors won all around in all of the games at Baseball Park this week-end. The Keios took honors on Saturday from the Kams for a large part through the fact that Dick Reuter went into the game with a badly bunged-up hand. And the little Japs further walked off with the candy from the Saints yesterday. Santa Clara played two snappy games, defeating the two best of the local talent. On Saturday, the Puns went to defeat, after closely played match, and yesterday the Jesuits put it on the Sparklers, after a very hard fight. Both the Keios and the Santa Claras have improved greatly since their first appearance here. Kilburn is pitching great ball. "Ham" was temporarily retired Saturday, and Al. Castle twirled for the Puns, pitching a good game in spite of the fact that he went into the box absolutely without practice. Leslie took the balloon route. And so the collegians won out. It was good baseball.

Santa Clarans Beat Puns In a Fast Finish

After the first game Saturday had gone Keios 5 and Kams 3 as detailed in the baseball edition of the Bulletin, the Santa Clarans came up, and immediately put it on the Puns. In a fast game with the points of good baseball sticking out all over it. The Puns looked like winners when Hampton slammed out a 3-bagger in the sixth, and three men crossed the dish, but the Clarans won out in a whirlwind finish.

In the very first inning, Kilburn caught the crowd by catching Burns when that star was playing off first. Kilburn has the characteristic advantage of most southpaws—that he cannot tell where the ball is going when he winds. And he shot it down to first while the crowd was waiting for the batter to slug it. Burns divvied for the sack too late. After that, the Puns were held to the base pretty closely.

The scoring started in the fourth, when Rastus Peters plucked a nice double, scoring Art Shafer, and then came home on Apache Byrnes' sacrifice. The Puns soon jumped to the front, when in the sixth Hampton scored Burns and Lyman on a three-sacker, and sprinted across the rubber on Kia's sacrifice.

At this stage of the game, the crowd began to yell at the collegians, and some of the fans beneath the grand-stand took a few jabs at McKenzie, the Santa Clara manager, who was as confident as ever. "Never mind," he said. "You smile now, but we smile later. Santa Clara has won many games in the ninth. She is famous for it."

In fact, the college boys took a big brace and played ball. The sphere was tapped on the proboscis. In the eighth, Hoogs bungled, and the collegians binged, and three men sprinted across the pan amid great joy. Try as they might, the Puns could not close the lead, and the game was lost.

It was an uproarious contest, with the Clarans the public choice.

Leslie On The Balloon

Jewels Lose To The Jesuits At The Start

In the game which was probably the supreme test of comparative ability between the locals and the fast Santa Clara aggregation, the collegians yesterday showed the Diamonds onto the toboggan, and laughed with hideous glee while the men who bear the name of Honolulu's most famous landmark slid surely to their fate. It was won through a knowledge of Leslie's one great weakness as a twirler, no doubt, as they pitched the big pitcher into the basket and watched him soar away with the balloon until it looked as if he would never return to the port from which he had fallen. But he cut the parachute after a few innings, and the Jewels played the Jesuits down so closely that it almost looked as if they would win. Bill Chillingworth climbed onto the mound and almost redeemed the day.

It was a good game, and one which was worth while. Santa Clara almost threw away the game in the eighth, but the Jewels could not climb again up the slippery path down which they had slid so merrily.

Fernandez stole home in the first, and this was the sole run which his men annexed until later in the game. The men who didn't hit in the

Saints Hit Toboggan In The Seventh; Keio Wins

The Saints could not play ball on Sunday. Nay! The Keios, without a scruple, put the Indian sign on them good and hard. A succession of bunts, bingles, errors, and complimentary passes in the seventh netted five runs for the Japs in that inning, and the Alumni bunch could not stem the rushing tide. Keio played snappy ball, as usual. And the Saints played pretty loosely near the last, when they had done some close work through the opening innings.

In the third Soares scored on an error and En Sue's bingle. Ohashi hit, stole, and came in on an error, tying the score. In the sixth Plada scored on Bushnell's double, and the Japs evened things again, when Koyama's bingle scored Takahama. Neck and neck now.

The seventh was the scoring inning. Aylett hit and scored on Abe's error, which let Burns to third. En Sue stole, and both scored on a two-sacker which Walker sapped out. The Japs came up strong, and the Saints hit the toboggan. Murakami walked, Higo sacrificed, Ohashi walked, and Sasaki hit. This filled the bases, and Takahama walked, forcing Murakami home. Ohashi was caught napping, but slid home, while the other two men scored on Burns' error. Fukuda was safe on the play, and scored on Koyama's bingle.

In the eighth Hilo circled the bases on Bushnell's error. The game was not closely played, but was exciting from the standpoint of the spectators, who were in a roar of delight.

Why isn't Bill Chillingworth seen in the box more? He might have won yesterday's game with the Santa Clarans, from the showing he made after he was put into the box. He has his head with him.

Costello, late second baseman of the Jewels, who has been one of the steadiest players this season, left Saturday on the Milwaukie, on which he shipped as a first-class fireman, at \$55 per month.

Hampton could not combine the umpire and the pitching job on the same day, so he went out to right garden Saturday.

Barney Joy and Hampton are both good with the indicator. In the first inning for the Clarans got a pass. A few antics by the batters and Leslie lost his head. Lappin walked and Kennedy and A. Shafer singled Lappin home. Peters walked and Art Shafer came home when Leslie nearly threw the game away. Peters scored on Fernandez' bungle.

All this was bad, and was followed by worse. Salberg and Lappin each annexed two bases on bingles, and Davis' error let Lappin annex the rubber. The score was 6 to 1, and Leslie had delayed too long to cut loose the parachute; the game was lost.

The Jewels earned a run in the fourth, when Davis hit, reached third after J. Fernandez' sacrifice, and came across when Sam Chillingworth plucked a single.

Two bad errors let the collegians take two in the same inning. Then the scoring was pau until the Jewels put the jinks on Byrnes in the eighth, and two men crossed the pan, when the big third-baseman let Merv. Shafer throw a couple through him. Bill Chillingworth sacrificed, and scored Davis, who had pilfered third when the second one passed Byrnes.

It was all over but the groans of the local supporters.

It was a clean case of a flighty pitcher throwing the game away.
