THE SULTAN OF TURKEY BIDS DEFIANCE TO COERCION.

Available Arrangement Between United States and Spain—Venezuela Wants Time Etc.

THE EASTERN QUESTION.

PUGNACITY OF THE SULTAN MAY PRECIPITATE A GENERAL WAR.

Constantinople, December 28.—The Russian Ambassador, on Saturday, acting in concert with the representatives of Great Britain, France, Italy, Germany and Austria, had an audience with Sultan Abdul Hamid, one of many such interviews within the past year on the same subject—the better administration of the affairs of the Turkish empire. The Russian diplomat began by warning the Sultan and the Turkish Government that if the revenues ceded for the payment of the Turkish debt were touched, European control of the finances of the empire would become inevitable. M. de Nelidoff, the Russian Ambassador, further informed the Sultan that the Czar guaranteed his personal safety and engaged himself to maintain the Sultan's supremacy in the event of severe measures being necessary upon the part of the powers. The Sultan, however, remained obdurate, refusing to consent to any measure of control, financial or otherwise, by the powers. The Russian Ambassador said the condition of the Turkish empire placed the throne and the Caliphate in imminent peril. Thereupon Abdul Hamid remarked, impressively: "I may be the last of the Caliphs, but I will never become a second Khedive."

In addition to these warnings, M. de Nelidoff sent a note to the Turkish Government and to the palace, to which the utmost significance is attached in diplomatic circles. He pointed out in precise terms the necessity for the Sultan following the advice of the powers and acting in complete agreement with their plans for improving the situation, giving warning once more that the Sultan's refusal to do so would involve the most disagreeable consequences. The ambassadors of the powers will meet again to discuss the situation, and reassemble in future twice a week until they complete their recommendations to the Sultan and his advisers. The envoys, acting together, will henceforth maintain the strictest secrecy regarding their deliberations and the action taken or contemplated, and will not even inform the envoys of the other powers of the decision reached. These latest steps upon the part of the powers are, once again, reported to have produced a profound impression at the Kiosk, and in pursuance of the issuance of the amnesty decree Armenian prisoners in Asia Minor and this city and vicinity are being released daily in batches of fifteen.

GERMANY AND TURKEY.

The statement that a secret alliance exists between Germany and the Sultan of Turkey is made in a letter from Constantinople received by a prominent official of the State Department at Washington. The letter was written by one high in authority in the Turkish Government, and explains that the alliance is for the purpose of thwarting Russian and English encroachment in the Sultan's dominions.

THE TURKISH BUDGET.

Constantinople, December 28.—It is announced today that the budget estimates for 1897 show that the assets exceed the expenditures by 82,000 Turkish pounds. This result has been brought about by reducing the war estimates 1,000,000 Turkish pounds, by making cuts in other directions, and by an increase in the tithe.

THE CUBAN QUESTION.

SPAIN MAKES A PROPOSITION TO THE UNITED STATES.

Secretary Olney and Senor Dupuy de Lome have practically terminated the negotiations of the Cuban question, which were to be submitted to Congress when it reconvened on the 5th inst. The terms of agreement are based on a recent communication from Premier Canovas to the Secretary of State. Spain offers conditions to her rebellious subjects in Cuba, which she asks the United States to propose to them. In return for such good offices, Spain will concede a reciprocity treaty, dealing mainly with Cuban products, which will repay the United States for all the losses sustained from the war. Premier Canovas intimates that Spain cannot in self respect appear before the world as having been coerced into measures by the United States. She has freely granted all that she now offers, and that in the face of a rebellion. But she accepts the good offices of the United States to act as mediator and to guarantee to the insurgents amnesty and the enforcement of the new reform law which she is about to proclaim in Cuba. The form of government offered is, the Spanish statesman declares, the limit of independence which can be granted to a province by any nation without absolutely severing the bonds of the union with the mother country. Autonomy as enjoyed by the Canadians can never be granted in Cuba. What Spain is willing to grant the insurgents, if they lay down their arms, and what she asks the United States to guarantee is an act to provide for a council of administration, which shall control all matters pertaining to the commerce of the West Indies and all estimates upon the general taxation and expenditures of the island as well as its general home government. Denials come from London, Berlin, Paris and Rome to reports of interference by the European powers with the affairs of Spain and the United States regarding Cuba.

EVENTS ON THE ISLAND.

Julio Sanguilly, the American citizen arrested in 1895 for conspiracy and sentenced by court martial to life imprisonment, having appealed and obtained a civil trial has again been convicted and given the same life sentence. His lawyer has appealed to the supreme tribunal of abrogation on grounds of error. Havana papers are savage in tone against the United States and especially against the policy that permits filibustering, also the eagerness of the American press to print "anything to discredit Spain."

INSURGENTS GAINING.

The attacks upon the suburbs in and around Havana have become a common affair now. Saturday night firing could be heard in the city proper, while the fires from burning buildings could easily be seen. The officials sent out extra troops yesterday for guard duty. Advances from Artemisa reported desultory fighting, but Rivera's band has made several dashes at the Spanish columns, and in two instances inflicted considerable losses. Colonel San Martin's troops were forced back Saturday morning by a strong force of insurgents, who drove them half a mile until re-enforcements arrived and turned the tide of the battle. A fight is reported to have occurred near Pinar del Rio city Friday, which is claimed by the Spanish as a victory. They report that they cut to pieces a large insurgent band. The battalion of Cuena, near Matanzas, was set upon Thursday by a large Cuban force and compelled to retreat under the guns of the fort at Mainmas. They lost twenty-six men wounded and killed, the Cubans' loss being about the same. The Spaniards lost their field equipment of tents and many arms and one small cannon.

THE CUBAN JUNTA IN NEW YORK.

Maximo Gomez last week passed the eastern trocha at Moron, going west. Other advices from Gomez state that the Spaniards acknowledge the concentration of insurgent forces in the province of Santa Clara, near Matanzas.

POISONED.

Private advices received at Key West, Florida, on the 19th, state that it has been discovered that Maceo, young Gomez and twenty-five others, among them five Americans, were poisoned by the breachery of Dr. Zertucha, planned by Alumanda and Cirujada.

UNITED STATES.

Donald McLean, manager of the Pacific Short Line, says he has secured \$32,000,000 of English capital to build the railway from Sioux City, Iowa, to San Francisco.

Physicians in Connecticut are alarmed over the spread of the cocaine habit, the use of the drug being more common than that of tobacco. Its effects are frightful upon old and young. The discovery of a mountain of gold ore has caused a rush to the Black Hills, South Dakota.

President Cleveland gave notice that he would remain indifferent, if he chose, to any resolution, concurrent or joint, which Congress might pass for the recognition of Cuban independence.

A train dropped through a bridge in Alabama and killed twenty-four persons.

Miss Frances E. Willard has constantly improved in health since her return from England.

Dingley and his associates are trying to fix up a new tariff bill in the ways and means committee.

Judge Myers at Oskaloosa, Kansas, has rendered a decision in favor of the Santa Fe railway company, which ends all pending litigation. He finds that the alien land law, under which he appointed a receiver for the road, does not apply to railroads.

ARBITRATION.

On the question of general arbitration between the United States and Great Britain Mr. Olney and Sir Julian have made their final draft of the treaty and it is in the hands of Lord Salisbury awaiting his approval. No doubt exists of its approval and it is expected to come daily. It had not arrived when Mr. Olney conferred with the Ambassador on the Venezuelan treaty.

EUROPE.

M. Clemenceau, the distinguished French statesman, is seriously ill.

Barbot, the French tenor, who first sang Gounod's "Faust," is dead.

The armored cruiser *Rossia*, of 12,130 tons displacement, the largest vessel in the Russian navy, has been floated off the sandbank on which she had been broken hard since the beginning of November.

A landslide in Italy demolished 118 houses and made homeless 150 families but without loss of life.

The Wilson line S. S. *Volo* is a total loss off the coast of Sweden. Ail on board saved.

SCENE IN COURT.

Mme. Stambuloff, widow of the murdered Bulgarian Premier, made a profound sensation at the trial of persons accused of the murder. She called on the Court from the witness box to acquit "those miserable persons," declaring that the real culprits were now the Government. Her terrible earnestness unnerved the judge and public prosecutor so that they could not ask her a question. The local papers, in commenting on the scene, blame the wife and friends of Stambuloff for not having taken precautions for his protection. They say he either labored under mental

POOR TELEPHONE SERVICE

IT IS ADMITTED BUT IS TO BE REMEDIED.

Some Material on the Ground and More on the Way for Extensive Improvements.

Incidentally, while making inquiries at the Mutual Telephone Company's office about minor matters, a BULLETIN reporter voiced the complaint that has been general among subscribers to the service, especially during and immediately succeeding the recent storm, of the difficulty in getting satisfactory use of the telephones. Secretary Lose in reply said that the public was like a child from whom the nourishing bottle was taken away. It had been "a spoiled child" from the very excellence of the telephone service in not remote times past. The truth was, however, that in addition to the embarrassment from induction in wet weather, the whole system had become run down. Wires were strung helter skelter over the town, in many cases amongst electric light conductors and even on the same poles. This state of confusion dated from the absorption of the Bell Telephone Company's service by the Mutual Telephone Company, when connections had to be hurriedly rearranged for former sole patrons of the Bell, and with the increase of the amalgamated concern's patronage it had grown worse. Improvements had been designed, though, by Superintendent Gillespie as soon as he had been able, after taking the position a few months ago, to inspect the whole system, which would not only place the service in good order for fine weather, but would eliminate the difficulties now experienced in stormy seasons. There had been no delay in setting about to have these projected improvements effected, but they were of a nature to require a good deal of time for their completion. A great deal of work had been already accomplished toward the desired end, and it would be pushed to consummation upon the arrival of the rest of the necessary material from the Coast. One shipload of telephone poles had been received and the new poles on the Waikiki route were in evidence. Many poles were still in the yard, where workmen were at that moment preparing them for use, and another cargo was expected this week. The cables for the improved service, which were to obviate the evils of induction, were on board the barkentine *W. H. Dimond* daily expected from San Francisco. While Mr. Lose was conveying this information Mr. Gillespie appeared at the office, and invited the reporter to take a look through the operating and warehouse departments. As the switchboard for subscribers had been described repeatedly in past times by the reporter, it was apart from his object to visit the operators' quarters on this occasion. The room in rear, where the cables and single wires enter from the town, was entered and Mr. Gillespie pointed to a partly tangled warp of thousands of insulated end pieces, coming up through a narrow opening in the floor. "There is a nice condition we have to contend with," the superintendent remarked. "If the electric current struck in there, the whole bunch would burn up in no time." The distributing board in use was all right for its purpose when put in some years ago, when the present writer gave a description of the workings of "Central," but what with the Bell connections and other changes the device has survived its efficiency.

Mr. Gillespie called attention

to a rack constructed of gas pipe standing in the middle of the floor, which was all made in Honolulu under his own direction. It has a capacity of 2200 wires, separated from contact by being passed through perforated brass cleats on upright standards. The conductors from outside are joined to those entering the operating room with insertions of fuse, made of a metal that melts at a comparatively low degree of heat. These fuses will be an effectual protection against destruction of the conductors by fire from either lightning or electric power and light currents. Many readers will remember the great damage wrought in the Bell telephone tower, some years ago, all in a few moments, from the striking of a current somewhere in town. The superintendent explained that the new devices could not be put in operation until after the arrival of the rest of the material. When it was done, Honolulu would again have one of the best telephone services in the world. All the conductors in the business portion of the city—including of course the troublesome maze in the old Bell telephone tower—would be taken down. In their place would be cables hung on new poles, each cable containing many wires. A sample shown the reporter in a warehouse subsequently visited contained more than a hundred wires. These wires are all insulated with wrappings of dried paper, and the whole assemblage, having its own insulation, is further protected by being passed through lead pipe. The cable thus constituted is suspended by galvanized iron hangers from strong wire ropes. At convenient points the cables enter distributing boxes fastened to poles, whence the wires are distributed to subscribers through a perforated standard, each wire being protected by a fuse the same as at "Central." Constituted as herein described the system will, in respect to conductors, be as near perfection as could reasonably be desired. It will leave nothing to be yearned for but the happy day when all electric wires shall be placed under ground and the hideous poles along the streets be replaced with shade trees. Thus far the work of improvement has represented a local expenditure alone of a thousand dollars. Many mechanics are employed in preparing the poles, which come in the rough, and fitting them with cross-arms. In the "museum" of Central are to be seen many interesting relics as well as samples of the latest improvements in telephony. Here indeed is the history by examples of the telephone in Honolulu, which, during the reign of the Bell monopoly in the States, was the best equipped city of the world with this great modern convenience. The walls are thickly hung with old battered machine mouths that, if they did not possess the proverbial quality of Shakespeare in never repeating, might deafen the town with an eruption of ancient gossip or appraisal it by resounding the calls to arms of almost biennial insurrections. One specific souvenir of Honolulu's turbulent politics—now it is to be hoped forever past—is the Diamond Head instrument mangled by a rebel axe in January, 1895. There are specimens here of the obsolete crank ringers. The most interesting object, however, at least to an eye for progress, is the latest transmitter now used in the States. Mr. Gillespie could hold out hopes only of its remote general introduction in this city. It throws out all the serviceable instruments now employed for this improved variety—it can easily be calculated—would require an increase of capital stock which for the present may be deemed impracticable. It would be a prodigious boon, however, as every user of the telephone will think when told what it is. It is an instrument that requires very little parley between the user

That Tired Feeling AND GENERAL DEBILITY.

The cause is poor, thin blood, resulting in deficient vitality. To overcome this, the blood needs to be enriched and vitalized, and for this there is no medicine in the world equal to Ayer's Sarsaparilla. The cures it has worked, the men, women and children it has restored to health, are countless in number. One such experience is related by Mr. Robert Goodfellow, Mitcham, South Australia, as follows: "I have used

AYER'S Sarsaparilla

in my family for years, and would not be without it. I used to suffer with boils and skin eruptions, attended with great lassitude and general debility. In fact, I was so ill that I could not attend to my business. Being advised to try Ayer's Sarsaparilla I did so, and I am happy to say that the medicine restored me to perfect health. I have since used Ayer's Sarsaparilla for my children, in various complaints, and it has always proved effective. I can safely recommend it to sufferers as

1895 Rambler, \$75.00

Trusting that you may be interested in cycling, we take the liberty of stating to you a few facts about our wheels:

We need not trouble you with needless description of the World Famed "RAMBLER" Bicycle, which by its easy running, appearance, strength and lasting qualities has won for the makers a name world renowned.

The "RAMBLERS" are equipped with the great G. & J. Detachable Tire, which since its introduction to Honolulu has proved, by the numbers in use, the most successful and necessary adjustment to a bicycle.

We take great pleasure in recommending to our friends the "RAMBLER" and trust that in furnishing one to any person they will never have occasion to regret.

Our terms are such that a bicycle is no longer a luxury but a necessity in actual saving of time and money. We would ask you to but call and get our figures.

1896 Rambler, \$95.00

As is customary nearing the close of each year, the makers in order to get ready for the ensuing year, offer the present 1896 wheels at reduced prices. We are now prepared to give our customers the benefit of these reductions as long as our stock holds out. For those wishing an up to date wheel of the highest grade, one which we can guarantee to the fullest extent, we would offer the "RAMBLER." As to improvements for the coming season we would say we anticipate none. Such changes which may be made will, as has been the past two years, be changes immaterial to the improvement of the wheel in general.

Kindly give this some thought or call your friends' attention to it and oblige.

HARMONY LODGE, I. O. O. F.

Installation Ceremonies and Banquet at the Hall Last Evening.

The newly elected officers of Harmony Lodge, No. 3, I. O. O. F., took place last evening at their cosy little hall on King street. The installation ceremonies were conducted by District Deputy Grand Sire H. H. Williams, assisted by Grand Marshal C. J. Fiskel, Grand Warden R. Lewers, Grand Secretary L. L. La Pierre, Grand Treasurer W. C. Parke and Grand Inside Guardian Frank McIntyre.

The officers installed were Dr. Rodgers, N.G.; Paul J. Voeller, V. G.; George A. Turner, Sec.; J. A. Magoon, Treas.; J. L. Dumas, W.; J. J. Macdonald, C.; C. J. Fiskel, R.S.N.G.; Paul Smith, L.S.N.G.; H. L. Gates, L.S.V.G.; James Bicknell, L.S.V.G.; C. F. Herrick, I.G.; C. A. ... R.S.S.; L. H. Dee, L.S.S.; J. ... Chaplain.

After the installation about fifty of the members sat down to an elegant banquet prepared by Thomas Krouse of the Arlington hotel, and the usual feast of reason and flow of soul followed. Music for the occasion was furnished by the Kawaiian Quintette Club.

YOUNG HAWAIIANS' INSTITUTE.

Officers of the Savings and Investment Branch Elected.

The members of the Young Hawaiians' Institute elected the following officers last evening to preside over the savings and investment branch of that organization:

George Desha, president; John D. Holt, vice-president; Henry Smith, treasurer; James N. K. Keola, secretary. Board of Directors: Charles Wilcox, N. Fernandez and Enoch Johnson. Auditing Committee: James L. Holt, W. J. Cuellio and James K. Kaulia.

To obtain the privileges of this branch male Hawaiians must join the institute, but they are also applicable to females and minors through their guardians. The meetings of this branch will be held on the first Monday evening of each month.

New Year's Sermonette.

There is nothing perhaps more effective to bring mere joy and peace and good will to men or to make men possess more good will toward each other than the eradication, or the very endeavor to eradicate from our nature the pleasure of retaliation. One of the first characteristics we observe in animals is the satisfaction of punishing. Very early in His teaching our Lord declaimed against the pernicious law, or custom which had grown into a law, "an eye for an eye and a tooth for a tooth," and Solomon had taught the people of Israel long before how to treat their enemies in Proverbs XXV., 21-22, and their friends in the XV, chapter of the same book.—Anglican Church Chronicle.

Mortgagee's Notice of Intention to Foreclose and of Sale.

Notice is hereby given that by virtue of a power of sale contained in a certain mortgage dated the 13th day of September, 1888, made by Keawekane [w] and Kalua [k] her husband, of Lahaina, Island of Maui, to Jose Espinda of said Lahaina, recorded in the office of the Registrar of Conveyances in Liber 112 on pages 197, 198 and 199, I, Ellen G. Lyman, of Hilo, Island of Hawaii, the assignee of said mortgage by various mesne assignments, intend to foreclose the said mortgage for a breach of the conditions in said mortgage contained, to wit: the non-payment of both the principal and interest when due.

Notice is also hereby given that all and singular the lands, tenements and hereditaments in said mortgage deed contained and described will be sold at public auction at the auction room of James F. Morgan on Queen street, Honolulu, Island of Oahu, on Monday the 18th day of January, A. D. 1897, at 12 o'clock noon of said day.

The property in said mortgage is thus described, viz: A certain parcel of land situated in Lahaina on the Island of Maui, together with all the privileges and appurtenances to the same belonging and all the buildings thereon, and bounded and described as follows:

"E hoomaka ana ma ke kibi Hikina o keia ma kahi e pili ana me ka alanui aupuni a me ko Makaelo aia, a e holo ana; He 42 1/2', Ko 1 kaul ma ko Makaelo; Ak 54 1/2', Ko 1.20 kaul ma ke Kahakai; Ak 42', Hi 1-18 kaul ma ko Lipi; He 47', Hi 120 kaul ma ka Alanui a hiki i kahi i hoomakaa, a maloko o ia aia i S eka, a o iki aku paha emi iki mai paha."

STYLISH HAIRDRESSING.

The Fad Now Is For Loose, Waving Locks All Around the Head.

The one point in a woman's toilet which adds much or detracts immeasurably, as the case may be, from her appearance is the way her hair is dressed and arranged. It must have a tidy, well kept look, even though it is all fluffy and waved to stand out from the head. Hairdressing in its perfection is a rather high art, which few women understand, but tidiness is an accomplishment which every one can possess if she will. The woman whose hair waves naturally has something which she rarely appreciates at its full value, but she saves a vast amount of bother with crimps. The woman with straight, unruly locks must redouble her efforts in the fashionable cause of keeping her hair well washed to make it dry and fluffy and wave it well out from her head all around.

There is no universal style of hairdressing for all women alike except perhaps in this one mode of dressing the hair loosely, and the latest fad in this is

MODES OF THE MOMENT.

to give the loose effect all around the head, especially at the nape of the neck, and bring the ends up in a soft knot around a bunch of small curls just below the crown of the head. Bunches of curls falling low on the neck and ringlets on the temples are an old style of hairdressing revived by some women for quaint effect with their flowered silk gowns. The bowknot of hair on the crown of the head, arranged to stand well out on either side, is very effective on some women, and a large Spanish comb is the usual accompaniment for this peculiar style.

For evening dress the hair is done up high on the head, with shell side combs on either side, and aigrets and bows of ribbon and tulle are worn set well back on the head, according to the fashion writer of the New York Sun and authority for the styles described.

An English Novelty.

A dainty novelty lately imported and illustrated in the New York Tribune is a combination affair for the breakfast table. It consists of a silver toast rack which can be adjusted to the matrimonial cup of coffee or chocolate to hold its adjuncts, a couple of slices of toast. Or it may be used at 4 o'clock tea, thus obviating the necessity of a plate.

NOVELTY IN TABLEWARE.

Cheese Balls With Salad.

Somebody says that cheese, like cysters, needs the support of the months with the letter r. Nevertheless there are those who serve cheese balls hot with salad. These are made by mixing a cup of grated cheese with half a cup of grated bread crumbs, a well beaten egg and a few drops of Worcestershire sauce. Roll the paste into small balls, place in a wire basket and fry in hot grease.

An Appropriate Emblem.

The American buffalo exemplifies to the fullest extent the elements of hearty rugged strength in animal life, and the Buffalo Brewery Co. have made a peculiarly appropriate selection of a trademark in choosing this animal to represent its productions, in that the tonic and refreshing properties of the Buffalo Beer promote health and invigorate the system, producing a similar condition of hardy strength in the human frame. The Royal, Cosmopolitan and Pacific saloons are the media of distribution for this famous brew to an appreciative public, and the interchangeable check is the passport at any of these favorite resorts. Drink "Buffalo" only.

THE CABLE FRANCHISE.

Representative Loud of California has given out to the press at Washington his reasons for introducing the Spalding cable bill. They were in brief that Spalding held the only concession to land a cable on the Hawaiian Islands, and he had been informed that when the Spalding concession expired some English company would secure a renewal of it. "I have heard," said the Californian, "from Hawaiian representatives that there would be a tendency to turn this concession over to an English company, and there has been talk about tendering the island to English influence in some form. If we had a cable there it would tend to bring us closer together, and would be of special benefit to the Pacific Coast, because we control substantially the trade of the islands." He was asked whether he believed that a cable to Hawaii at the present time would be of such benefit to the Pacific Coast as would justify him in advocating the Spalding bill as against a bill which intended Japan as the important objective point and Hawaii a secondary consideration. He replied that he could not advocate the Spalding bill in antagonism to any other, and he did advocate it only because no other company could build to Hawaii. It is clear from Mr. Loud's line of argument that Hawaiian affairs cannot be honestly discussed on their merits at Washington until the pernicious habit of dragging in the English bugaboo by the lion's abandoned. Mr. Loud virtually confesses that he does not care a rap for the interests of Hawaii, so long as English enterprise be circumvented in any scheme having direct or indirect relation to the islands. If the United States Congress only took the cable question into consideration on its merits, with an eye both to American intrinsic interest and to American obligations to Hawaii, it would not be many months before a cable would touch at Honolulu on its way either to Australia or Japan.

Ed. Towse announces in yesterday's Hawaiian Star that he will be succeeded as editor of that paper, after this week, by A. T. Atkinson. It is an interesting change in local journalism. Mr. Atkinson was editor of the Hawaiian Gazette when it was a weekly, and is well known as an able writer with an inexhaustible fund of information. Mr. Towse will be regretted by his conferees of the press, in which he has been a growing light. Besides being an excellent editorial paragrapher—a valuable specialty in itself—he has earned a good reputation as a news gatherer and recorder.

Senator Chandler, in a recent interview, renews his devotion to the cause of annexation, but favors Hawaii's entrance as a tailpiece to California. The New Hampshire Senator needs to pay a visit to these islands, and then he will be a sensible as well as a well-meaning friend.

The joint resolution to recognize Cuban independence was received in the Senate and laid over till after holiday recess. It would come up today, probably, for disposition, but the diplomatic arrangement elsewhere reported would likely cause its withdrawal.

All that city residents need to again have the best telephone service on poles is a little patience. The needed improvement is under way.

POOR TELEPHONE SERVICE.

Continued from 1st Page.

and "Central." When you unhook the ear trumpet or receiver and place it to the ear, you are immediately accosted by "Central" with the query, "What number?" You respond only with the number with which you desire to converse, and "Central" at once connects the required number's wire with yours. When your friend has answered your inquiries about her baby's gums, and if she is going to prayer meeting or to the band concert tonight, and if she has been invited to the wedding, and then you have replied to all her reciprocating inquiries of like tenor and importance, you do not burden "Central" with your taking "off," nor strain your jaws over the old-fashioned mandate, "Disconnect." All that is required is to hang the receiver on its hook again, and you are "off" or "disconnected."

Regarding the material improvement of the service that is promised, it will be effected very soon after the arrival of the material now afloat.

JUDICIARY JOTTINGS.

Demurrer Over-ruled—Motion to Dissolve Injunction on McCarthy.

Judge Carter has over-ruled the demurrer of defendants to the bill to foreclose mortgage of J. M. Peenahale and others against D. Toomey and others. Kinney and Ballou for plaintiffs; Humphreys for defendants.

C. J. McCarthy by his attorneys, Creighton & Corea, has filed a motion to dissolve the injunction on him in the bill for specific performance of Pipilani vs. Geo. Houghtaling and this defendant. Among the grounds of motion are that the action is an attempt to have a court of equity issue the solely legal process of garnishment, that the bond on injunction is inadequate in penalty and that the bill discloses no privity of contract between plaintiff and this defendant. Houghtaling's demurrer was argued before Judge Perry this morning, and the hearing of motion for dissolving injunction was set for tomorrow morning. Magoon & Edings for plaintiff; Creighton & Corea for defendants.

In the case of M. G. Junkin vs. J. H. Distelrath, before Judge Perry this morning, W. R. Castle for plaintiff orally withdrew his motion for publication of summons.

Judge Carter referred the accounts of A. Roaa, trustee for W. M. Mahuka, to Henry Smith, master, for examination. Humphreys and De Bolt for plaintiff; Thurston & Stanley for defendant.

Order to show cause has issued on application of guardian to sell real estate of George and Almira McIntyre, guardians.

Humphreys and Davis were for plaintiff and Kinney & Ballou for defendants, in Spooner vs. Rice, the judgment for plaintiff wherein has been previously reported.

Judge Perry has granted the petition of Mrs. Kanui Paele, administratrix of the estate of her late husband, to sell real estate under bond of \$250. Kane and Kahookano for petitioner; Johnson for creditors.

Kinney & Ballou for defendant in Hawaiian Tramways Co. vs. C. V. Sturdevant, writ of error, have filed a brief.

The Supreme Court is in the second day's hearing of the three cornered controversy over the Levy bankruptcy.

LILIUOKALANI'S MOVEMENTS.

She Has Occasion to Repudiate a Reporter's Lies.

San Francisco, Dec. 20.—Ex-Queen Liliuokalani left on the 9 o'clock Sunset limited train of the Southern Pacific road last night by way of New Orleans for Boston. She was accompanied by Mrs. Ellen Graham, her intimate friend for several years; maid and private secretary. The Queen expects to reach Boston shortly after noon on Christmas day, where she will be met and entertained by the relatives of her late husband. There have been many visitors for the last few days to see the Queen. Yesterday the rush was heavier than usual, including several insurance agents.

New Orleans, La., Dec. 23.—Ex-Queen Liliuokalani arrived here this morning on the Sunset Limited from San Francisco. She was accompanied by her agent, Joe Helelube, Mrs. Graham, her personal companion, and a maid and two children of Mrs. Graham. The ex-Queen traveled as an ordinary passenger and did not occupy a special car. The party did not stop, but proceeded to Washington by the Louisville and Nashville road as soon as the transfer could be made.

The Queen vigorously repudiated the interview which a reporter professed to have had with her at Houston, Texas. As she speaks excellent English, she had no difficulty in making herself understood. She said: "It is all a mistake. I was never spoken with at Houston. Can you wonder at my diffidence in meeting newspaper men when they insist upon putting words into my mouth I never uttered? I am sure you will appreciate my position. I am nothing but a deposed Queen. I cannot talk about my country or its future for fear that what I might say will be distorted. I have lived since the revolution in absolute retirement and I have taken little heed of public matters. What my future movements may be is something that I cannot now declare, for I do not know. I am in the hands of my friends. I am going to Boston to meet the relatives of my late husband and do not know whether I shall go to Europe or not. Everything depends upon what my friends decide."

Boston, Mass., Dec. 25.—Ex-Queen Liliuokalani of Hawaii arrived in this city at 10 o'clock this evening, and was at once driven to the Parker House, which will be her headquarters during her stay in this city.

Boston, December 28.—Ex-Queen Liliuokalani has gone to Brookline and will occupy a house at Coolidge's corner, near the home of Mr. and Mrs. Lee, for an indefinite period. The ex-Queen would have been the guest of Mr. and Mrs. Lee except for the recent illness of the latter, which made it impossible for her to entertain the Queen and her suite in her home.

Mrs. Lee has therefore secured for her this place. It will be handsomely furnished for her use. The rumor was current today that Liliuokalani intended to buy a house or cottage in Brookline or somewhere near Boston and settle down here permanently. To a reporter who asked if this was true her majesty said: "That is the first I ever heard of it."

Important Chiefs Capture.

Detective Kaapa and his men have long been on the watch for a chefa game that has been running in the vicinity of the Maemae churchyard, and this morning they made a raid on the suspected place, the result of which was the arrest of four Chinese and the capture of the bank, which contained about \$30 in small change, and a number of tickets in Hawaiian and Chinese. The Chinese were charged with being agents in conducting a lottery, but were at once bailed out by friends in the sum of \$250 each.

Catholic Cathedral.

Tomorrow, January 6, is a holy day of obligation, called "Epiphany," which means manifestation, because it is the day the infant Jesus manifested himself to the Magi come from the East to adore Him. Low mass at 6, 7 and 9 a. m. as usual on Sundays and holy days. High pontifical mass at 10:30 a. m.; rosary and benediction at 3 p. m.

LUBRICATING OILS AND CONTAINERS.

The sugar season of 1897 is at hand, and now that we have fairly entered on the New Year it is time to think about business and making a little money to spend next Christmas. A dollar saved is a dollar made, as everyone knows, and one way to save money is to use a first-class quality of LUBRICATING OIL. To those who are as yet unacquainted with the "Colorado" Brands, we beg to say that while we do not believe in decrying the product of our competitors, we do believe in stating the truth as forcibly as possible, namely, that we have the finest Lubricants, that for density of viscosity, high fire test and perfect working qualities can not be excelled.

The Colorado brands of lubricants are the Diamond "C" Cylinder Oil, Colorado Cylinder Oil, Extra Valve Oil, Red Seal Valve Oil, Engine Oil, Dynamo Oil and Machinery Oils. They are the best and cheapest in the market.

In addition to the above we carry a full line of lubricants and lubricating compounds of all kinds for plantation and mill use.

We also desire to call attention to our hand-painted oil containers, which are useful, ornamental and economical. They hold sixty gallons and will save their cost in a month.

W. W. DIMOND'S

By the Miowra the other day, we received direct from the factory, a magnificent assortment of French China. Among the lot we have two new stock patterns, from which customers may select either one piece or ten dozen. In this way customers may replace any breakage at the lowest possible cost and without the necessity of purchasing an entire new set.

In this same invoice we have some of the most beautifully decorated toilet sets ever shown in Honolulu. These are made of fine crockery and will ornament any wash stand.

A fad among Honolulu people is decorating china. At the exhibition by the pupils of Miss French at Oahu College a short time ago, some beautiful specimens, the work of her pupils, were shown and will stand comparison with the work of professional artists abroad. Our stock which was opened a day or two ago contains all sorts of pieces and in many sizes. They are made especially for decorating and are inexpensive.

After La Grippe Food-Emulsion

Cures the racking cough, relieves the soreness and overcomes the weakness and lassitude.

For warding off pneumonia, bronchitis, consumption and other dangers that follow this insidious disease, thousands of physicians in every land testify that cod-liver oil is the most effective.

Food-Emulsion is as palatable as milk. It contains also the valuable hypophosphites of Lime and Soda.

MAMMOTH

LAND SALE

By order of Mrs. W. H. Smith, I shall sell 4 my Auction Rooms

On MONDAY, Jan. 18, '97,

AT 12 O'CLOCK NOON,

1st.—Valuable piece of land on Manka side of Beretania street close to residence of T. B. Lucas, Esq., having a frontage on Beretania street of 100 feet and running through to Kinau street 290 feet with a frontage of 100 feet on Kinau street. There are three Houses on the property bringing in a yearly rental of \$690 and room for more dwellings.

2.—Valuable Homestead on Alapai street, corner Quarry and Lunailo streets, one block from residence of J. F. Hackfeld, Esq., at present occupied by F. E. Nichols, Esq. The House is new with most modern improvements and appliances. Elegantly finished. Cathedral and plate glass throughout, something novel and grand.

3.—Most valuable property on Fort street adjoining High School grounds with 2 fine dwellings on same, always occupied and commanding fine rentals owing to the nearness to the city and unequalled locality, being on high ground and drained to the street.

This is undoubtedly the finest offer made to the public for some time past, giving anyone a chance for a Town or Suburban residence, or a speculator a surety of handsome returns on his investments, especially as the localities are of the best and none other available in the vicinities. Insurance is prepaid on all buildings for 2 1/2 years to come and Water rates to July 1st. Titles perfect.

Terms Cash in U. S. Gold Coin. Deeds at expense of purchaser.

For further particulars, apply to W. S. LUCE, Auctioneer.

Found.

A Gold Pin on Nuuanu street, with the name "Dora," and owner can have same on proving property and paying expenses. 499-11

J. T. WATERHOUSE

A great deal of the cargo of the J. C. Glade was for us and the vessel should have been here before Christmas. We expected the goods for the holidays and they failed to arrive. What's the result? A big lot of goods which should have been sold. We lose the profit rather than carry them over another season.

WHITE SEMI-PORCELAIN WARE, in new shapes. DINNER WARE, in sets or otherwise.

CUPS and SAUCERS, Latest decorations.

Go to you at a third off what you would pay if the sale was regular. The head winds which kept the vessel from reaching Honolulu weeks before she did, were ill winds to us and favorable ones to you.

TOILET SETS, CHEAP JAPAN WARE, TUMBLERS and GLASSWARE.

Are yours for the asking and a minimum of coin to bind the bargain. This is not a clearance sale but one to enable us to make room for the goods yet to arrive.

Regarding Rainier Beer.

A great deal is truly said regarding Rainier beer as a beverage. It is a light, sparkling beer, which is particularly palatable and refreshing during the warm days of summer. As a mild tonic, particularly for people who need a light stimulant, Rainier beer is of such merit that its use is frequently recommended by Seattle physicians. In the making of Rainier beer, the Seattle Brewing & Malting Co. uses only the highest quality of hops and malt, and the process of brewing is carried out with systematic and intelligent care, which insures a perfect product. The reputation of Rainier beer, both at home and abroad, attests its unbounded merits. On tap or in bottles at the Criterion.

HOW TO CARE FOR CLOTHING.

Hints About Closets—Packing Away Unused Articles.

If in a freshly whitewashed closet it is necessary to hang dark clothing, tack against the wall an old piece of sheeting or calico as a protection for the clothes against the lime, which would otherwise rub on them. The cleat upon which the hooks are screwed should be about 4 1/2 or 5 feet from the floor, and your closet shelf about 8 inches above the cleat. This is a convenient distance and prevents reaching and straining when things are to be put on or taken off the shelf. The capacity of a closet is increased by screwing to the underside of the shelf a row of double hooks shaped like the letter T. Another excellent plan is to run a rod across the closet lengthwise and then fasten to this a number of movable hooks of galvanized wire. These hooks are excellent, as the clothing can be hung loosely on them, and they can be pushed along the rod to make room in the same way that clothing stores arrange dresses and coats. The yokes which many clothing houses send along with coats and wraps are the best things for keeping cloaks and wraps in shape. Any housekeeper can make herself a supply of these by taking pieces of barrel hoops about 10 or 12 inches long and winding about them pieces of old cambric or muslin.

Woolen will not serve, as it invites the attention of moths. Suspend the yokes by a loop made at the center with stout cord, wire or cloth.

Closet floors need special attention. Wide cracks in them collect dust and lint or afford lodgment to moths and other troublesome insects. These should be carefully filled with putty or plaster of paris. A good substitute for these is newspaper shredded finely and made into a paste with gum tragacanth or a little hot water and glue.

Camphor, tar balls, tarred paper and cedar chests have proved inadequate as moth exterminators. It seems to be decided that the only safe thing is to thoroughly beat all dust out of the clothes, give them a thorough sunning, wrap them first in a piece of old muslin, then tightly inclose the bundle in newspaper. Printer's ink is very distasteful to insect forces.

A wise plan is to label these parcels, as the uniformity of appearance may lead to mistakes. Tack a sheet of paper on the inside of closet doors and on the lids of boxes and trunks. As each garment is laid away write its name on the paper. By this plan the closet, the shelf and the package which holds a desired garment can be recognized at a glance.

How Cigars Are Made in London.

All the ends of cigars and cigarettes, "dottels," chewed "quids," etc., are bought at so much per pound from public houses, music halls, etc., besides those picked up in the street. These savory morsels are put into a large bath, where a kind of tobacco broth is made.

In the early autumn, when the chestnut leaves are beginning to turn a golden color, parties are organized, who go to wherever they can get a good supply of these leaves, which are then put on long wires and immersed in this bath for either a long or short time according to the requirements of a strong or mild cigar. These leaves are then rolled into English cigars.

Speaking of Weather.

"There is no spot on the Pacific Coast, and perhaps in the entire world where the summer days are pleasanter than in Seattle," said a well-known New York traveling man yesterday. "Such a day as this, for instance, is the very perfection of summer—neither too hot nor windy, just simply perfect. Just think what a snap you Seattleites have: such delicious weather as this—the kind that makes your soul attune to the poetry of existence. Could you imagine anything nicer than a day like this and a bottle of Rainier Beer? The day will make you enjoy Rainier Beer, and Rainier Beer will make you enjoy the day. Rainier Beer is a delightful beverage for summer. On tap or in bottles at the Criterion.

Information for Tourists.

A passenger by the last Colonial steamer was met on the dock by a Milesian American friend, who resides in Honolulu. As the pair walked to have the newcomer's gripesack scrawled over with chalk marks by the Customs Inspector at the gate the stranger remarked to his friend "Do you 'ave much rain 'ere?" RAINIER me boy, gallons of it, just come up to the Anchor Saloon where they keep it always, clear and cool. We'll just be in time for lunch too and that's the only place in town where they serve it up in proper style with a glass of RAINIER BEER to equilibrialize the solids—They want!

THE O. S. AUSTRALIA FROM THE GOLDEN GATE.

Cook of the Bark Diamond Head Commits Suicide—The Steamer Scray—Other Notes.

The Alice Cooke is discharging the last of her lumber cargo at Fort street wharf.

The barkentine Planter sailed from Newcastle with coal for Honolulu on Dec 19.

The bark D. P. Cheney has about finished unloading coal. She will leave here in ballast.

Regardless of the wet weather, a good sized crowd was down to see the popular liner Australia arrive.

The steamer Keaouha did not get away in time this morning. She was delayed on account of the mail.

Tomorrow, high tide large 10:22 a.m.; high tide small 5:32 p.m.; low tide large 10:22 p.m.; low tide small 9:35 a.m.

The new steamer Scray was to have left San Francisco for this port on Dec 22, and the schooner Transit on Dec 24.

The steamer Lehu will make two trips to Honolulu. She will leave here on Dec 22 and Dec 24.

The bark Samoa has moved to Kalia street wharf. She will resume loading sugar at Oceanic dock after the departure of the S. S. Australia.

New customs regulations prohibit the carrying of packages of any kind from foreign vessels without making an entry at the Custom House.

Sailed from San Francisco—Dec 19, ship S. P. Hitchcock and barkentine W. J. Dixon for Honolulu Dec 20, bark Anna Johnson for Hilo, barkentine Emerald for Honolulu Dec 23, brig J. D. Spreckels for Makaha.

The bark S. C. Allen, that made such a good passage over the bar, has changed her flag. Lately she has been known as one of the Welch line. Now she will fly the Williams Diamond flag, and her new owners say she will be a record breaker. S. F. Chron.

A number of native boys are playing "chips" on prisoners' lanes on Dec 22nd before the S. S. Australia arrived. The boys of the same line are on board with their clothes on, and being chased by the others.

The new 100-ton steamer Scray, built for the island trade, went down to the water on Monday, after a run of twenty-three days, and will soon go on the dry dock. Captain Ward reports that on December 13th G. Alexander, the colored cook, leaped in the sea from the forecastle head and was drowned. He was supposed to have been insane. No one saw Alexander go overboard, but there is evidence that he did jump into the sea. He had been acting in a peculiar manner for several days. After his disappearance the carpenter missed some of his heavy tools. It is supposed that Alexander took the tools and hid them about him to weight him down.—S. F. Chron.

THE CENSUS.

Some Semi-Official Figures from the Superintendent.

Through the kindness of Alan T. Atkinson, superintendent of the census of 1896, the following particulars are given:

The cost of taking this census is 6.33 cents per head as compared with 6.52 cents in 1890. This census ranges in expense from 4.87 cents in Honolulu to 8.66 cents in Molokai.

The native population decreases a little more than 10 per cent. since 1890, as compared with a trifle above 13 per cent. between 1886 and 1890.

The half caste population is 4184 males and 4186 females, against 3085 males and 3101 females in 1890. Thus there has been an increase of 2184 in the half-caste population, while the native population has decreased a little more than 3000.

derangements or was "so convinced of his own misdeeds that he sought death in the street."

IRELAND OVERTAXED.

At a large meeting at the Mansion House, Dublin, presided over by the Lord Mayor, a report was read showing that Ireland is now overtaxed to the amount of \$13,750,000 annually. The meeting was attended by the Catholic and Protestant Archbishops, John Dillon, T. M. Healy and the leading merchants of the city. Resolutions were passed demanding that the Government remedy the injustice done to Ireland in the matter of taxation.

STRANGE DISASTER.

A family of ten persons and a number of cattle have been engulfed by the subsiding of a bog of 100 acres, near Castie island, County Kerry, Ireland. It is stated that other persons were drowned. The bog was believed to be thirty feet deep and had been supplied the whole neighborhood with peat. It was moved for several miles along an old water course.

OTHER LANDS.

Fatal floods have occurred in Greece.

Bubonic plague is increasing in Bombay—2094 cases and 1494 deaths. The exodus continues and newspapers threaten the natives with martial law unless they conform with sanitary regulations.

CHINA TO BE ANGLICIZED.

According to news received at Washington from unofficial sources, Li Hung Cheng's visit to England and the United States has already borne fruit in a decision of the Chinese Government gradually to Anglicize the Chinese people, at least as far as their language is concerned. The Peking Government recently issued instructions to the various Viceroy and Governors of the provinces of the empire to establish schools for the teaching of the English language and Western sciences in all of the principal cities of the country.

VENEZUELA HESITATES.

The arrival of Minister Andrade and James J. Storrow, counsel for Venezuela, at Washington was followed immediately by a long conference between Secretary Olney and Sir Julian Pauncefote, the British Ambassador, at the British Embassy relative to the status of the Venezuela treaty. It is believed that the conference was the occasion for going over several new phases of the Venezuelan question.

Officials will only say that the prospect of an acceptance of the settlement by Venezuela is good. There are at the same time understood to be important limitations to the acceptance which appear to make the case less hopeful of an immediate and satisfactory conclusion than has been expected.

It is said that the Venezuela authorities prefer to see the treaty itself instead of an agreement for a treaty, and the present indications are that Venezuela will give no acceptance until the entire phraseology of the treaty, with all its terms and qualifications, is completed. This may take considerable time.

FINALLY AT REST.

Funeral Services in San Francisco Over Kate Field's Remains.

The remains of the late Kate Field, which were shipped to San Francisco on the Belgic, have been finally cremated and the ashes sent to Mount Auburn.

Impressive funeral services were held in Trinity Episcopal church on Sunday, December 27th, Rev. George Edward Wall officiating. Prominent among the numerous and costly floral offerings was a wreath from President Cleveland. After the services the remains were conveyed at once to the crematory, where they were incinerated.

The pall bearers at the funeral were: Mayor elect Phelan, A. W. Foster, Percy Morgan, C. M. Coe and W. C. Bunner for the Press Club, James S. Tyler of the Bulletin, Henry James of the Examiner, W. F. Burke of the Call, James P. Booth of the Report, Horace Hanson of the Chronicle and F. C. Roberts of the Post.

LEWIS & Co.

Families will find it to their interest to buy canned goods or bottled delicacies by the case. They keep as well in the pantry as on our shelves and the purchaser gets the benefit of the wholesale rate. The saving is considerable and our prices are as low, if not lower than any place in Honolulu. There's no question about the quality. Think it over and let this be one of your 1897 resolutions.

Among the many relishes for use on the table every day and for hot or cold meats Chutney ranks first. It is essentially East Indian and the flavor of the spices gives zest to the appetite. Some of the brands are from formulas evolved in the brains of English army officers who have campaigned in India. The aptitude of the English to cotton on to good things for the table is proverbial and the "designing" of Chutney has not weakened their reputation in this respect.

We have seven different brands of Cocoa: Gheradelli's; Phillips Digestible; Van Houtens; Epps Homeopathic; Walter Bakers Breakfast; Cracked in bulk and Cocoa Shell in bulk. Persons finding Chocolate too heavy for their experience only pleasant results from the use of cocoa. We are certain of the quality of the goods and do not hesitate to recommend them. We believe we carry the largest stock of groceries in Honolulu and our facilities for supplying customers is unsurpassed.
