

SENTENCES COMMUTED

Acting Governor Atkinson this afternoon granted commutation of sentence to two of the Koreans sentenced to be executed on Wednesday, for the murder of a countryman on Hawaii. The men whose necks are saved by the gubernatorial clemency are Kim Yong Yee and Chang Chee Yuel. Both sentences are commuted to fifteen years imprisonment each. The prisoners are the ones who were referred to in the Social Science discussion as Nos. 5 and 6.

MOB CAPTURES A DEPUTY SHERIFF

A mob of 200 Japanese at Waianae are said to have taken Deputy Sheriff Chris Holt prisoner last Saturday and held him in camp till about ten o'clock, when he was released. His wagon had run over a Japanese youngster. Holt's horse ran away when he was not in the vehicle and a little Japanese girl was thought to be badly injured. For a time the situation looked very serious for Holt, and if he had made any resistance to the mob he would probably have been beaten to death. He remained quiet, however, submitting to his captors and it was subsequently found that the child's injuries were not serious. The Japs were persuaded to allow him to leave and he went home.

Korea to Load 3000 Tons Of Sugar

THE PACIFIC MAIL LINER WILL TAKE OVER 3000 TONS OF SUGAR FOR SAN FRANCISCO.

For probably the finest time in the history of the Pacific Mail S. S. Company, or certainly for the first time in recent years, one of the through Oriental liners of the fleet, is to take a large shipment of sugar from this port to the mainland. The S. S. Korea which arrived this morning from Yokohama is to lie in this port until Wednesday at noon, taking on a special shipment of 3000 tons of sugar. The vessel should ordinarily leave Honolulu tomorrow so she will get away a day behind time. She can make up one day, however, between this place and San Francisco and so make the mainland on time.

The reason for there being the special shipment of sugar by the Korea is that there is a shortage of bottoms to carry sugar from these islands. The opportunity of sending some by the Korea presented itself so the necessary arrangements were made.

The vessel is discharging 1686 tons of freight at this port brought from the Orient, after which the loading of the sugar will be commenced.

The round-the-Horn fleet is beginning to make its appearance one by one. The ship Manga Reva arrived this morning from Manila to load about 3500 tons. There are now five vessels at island ports about to depart or to start to loading sugar for the eastern seaboard.

Mrs. Alapai Won't Go With The Band

SAYS SHE WILL NOT GO UNDER ANY CONDITIONS—THINKS SHE HAS BEEN MISREPRESENTED.

Madame Alapai will not accompany the Hawaiian Band. She made this positive announcement at half-past one this afternoon. The announcement was not the result of a failure of negotiations as to terms, she says, but the result of a deliberate conclusion reached that she would not go under the circumstances on any conditions as to salary or other consideration.

"There might have been a different conclusion on Saturday," said Madame Alapai this afternoon, "though I have felt all the time that Mr. Cohen was bringing my affairs before the public more than was necessary, or than he had any right to. The matter was a business proposal between myself and my husband on one side and Mr. Cohen on the other. Because I did not accept the terms he offered, and made a counter offer, he immediately took the matter before the public, seeking to put me and my husband in a disadvantageous light, seeking to represent that we were grasping and unreasonable. Still, up to Saturday I should not have allowed that to interfere with the course of negotiations, and if what I considered a suitable offer had been made, I should have accepted it. But Mr. Cohen kept appearing in interviews to seek to lead the public to believe that I was unreasonable in the position I took, and I have therefore decided that I will not go with the band under any circumstances. I feel that no consideration has been shown for my feelings, and very little for me as a singer. Therefore neither I nor my husband will go. This is final."

Up to 1 o'clock this afternoon Madame Alapai's name was still on the booking list, indicating that Cohen at that time had not given up all expectation that she would go.

Captain Berger has several promising understudies, and it is expected that the most promising of these will be taken.

BURTON MUST DO TIME

(Associated Press Cable to The Star.)

WASHINGTON, May 21.—The Supreme Court has decided against Senator Burton. Burton was convicted some months ago of grafting.

Senator Burton was convicted of a coepling \$2,500 from the Rialto Grain and Securities Company, a get-rich-quick concern, while a senator, for using his influence with the Postmaster General, the Chief Post Office Inspector and other post office officials to induce them to render a favorable decision on matters affecting the use of the mails of this company.

KEKAUOHA SAID RENT TOO HIGH

FOR HIM TO MAKE ARRESTS—'TECHNICAL' RULING BY KOO-LAU OFFICIAL IS THE LIMIT.

Another complaint, against Deputy Sheriff George K. Kekauoha has been filed with Sheriff Brown. Kekauoha is in effect, charged with ignorance. The allegation as made to the Sheriff are:

Last Friday Kuhlaha who with some natives has leased the fishing rights at Kahana for \$310 yearly rental, were told that Manu and seven other natives invaded their fishing rights and captured about 8000 abules. Deputy Sheriff Kekauoha was hunted up and asked to issue a warrant for the arrest of the eight natives on charges of violating the fishing rights of Kuhlaha and his partners. But Kekauoha smiled and said no. It was beyond his jurisdiction. He said that the limit was too high for him. "If the yearly rental for the fishery rights had been \$300 then he could take cognizance of the matter and issue the desired warrants, but as it was \$310 a year, that sum made it \$10 over the limit of his authority and he could do nothing. But he was very sorry for the people who claimed that their fishing rights had been invaded.

A representative of the lessees came to Honolulu last Saturday and made complaint to the authorities about the matter. They had a communication drawn up making the allegations as given, and presented to Sheriff Brown. Seven natives who are partners with Kuhlaha signed the document against Kekauoha.

A warrant was issued this morning by District Magistrate Dedby for the arrest of the eight natives who are alleged to have violated the fishing rights of the Kahana lessees.

Sheriff Brown stated today that he could assign no other reason for Kekauoha's conduct, than that the Deputy Sheriff had gotten confused in the matter of the civil and criminal laws. "There is no such thing as any limit of amount in a criminal case," said the Sheriff. "Kekauoha probably thought that as the law places \$300 as the limit of a civil action that can be brought before a District Court, the same limit

ANNUAL BUSINESS MEETING BEING HELD

THE FOURTH ANNUAL CONVOCATION OF EPISCOPAL CHURCH IS BEING HELD.

The fourth annual meeting of the convocation of the Episcopal Missionary District of Honolulu met this afternoon to take up the regular business of the meeting. The meeting was held in the Sunday School room of St. Andrew's Cathedral.

Today was given to a conference on Christian Education at which many of the workers in the Bishop's schools spoke and give their ideas on the subject.

This evening at 7:30 o'clock the convocation will meet in the Sunday school room again and the subject of education will be completed. A prayer service will also be held.

The convocation will hold over tomorrow and possibly Wednesday. A reception will be given by the Bishop at his residence Thursday evening from 8 until 10:30 p. m.

COMMITTEE SURPRISES THE PARTY

REMARKABLE POSITION SAID TO HAVE BEEN TAKEN BY THE REPUBLICAN COUNTY COMMITTEE ON SATURDAY NIGHT A MUCH DISCUSSED PROPOSITION TODAY—A GOOD CANDIDATES RESOLUTION IS TURNED DOWN.

The action of the Republican County Committee in killing the following resolution at its meeting on Saturday night was the political sensation and puzzle of the day today: "Resolved, We, the Republican county committee of Oahu, in the interest of the Republican party, do respectfully request the assistance and support of the business element in securing candidates for the coming campaign, realizing that in order to strengthen and maintain the Republican party in this county, we must secure the nomination and election of good, suitable candidates; and this committee pledges itself to work for and support candidates in whom the community will have the utmost confidence."

The resolution does not appear to mean anything very definite, except that the Republican party wants good candidates, and "Why did you vote it down?" was the question asked of members of the committee today. Certainly no such thing as a party declaring that it didn't want good candidates was ever heard of before and the more it was discussed the more the wonder grew, that any party committee could vote down a resolution to have good candidates.

The explanation given is that the resolution didn't merely mean what it seems to mean.

"Why did you vote it down?" was asked this morning of one of those who helped to defeat it.

"Why it pledges us to support men whom the business community names and puts us in the control of the element known as the Business Community," was the answer.

"It doesn't say so," was the reply of the man who asked the question.

"But that is what Hustace, who offered the resolution said," was answered. "He made it commit the party to accept the 'business community' selections and this would be an interference with the rights of the convention. Moreover it was a 'haole' proposition. It was regarded by the Hawaiians as simply a move for a 'haole' ticket, and the county committee didn't approve such a proposition."

"What it really meant," said Col. Zeigler of the committee, "was that the party wanted the aid of business men to the extent of allowing their employes to run as, in the case of W. W. Harris, Lewers and Cooke aided us by allowing him to run, and we thereby got a good man in the legislature."

Other members of the committee say the resolution was "raw." In any event it was voted down, though the most careful reading of it seems to show only a wish for help in "getting good candidates." Acting on their suspicion that there was a joker in it, the county committee of Oahu appears to have broken a world's record by a formal rejection of a proposition of asking help to get good candidates.

The general comment is that the laugh is on the committee.

During the discussion of the resolution on Saturday evening the matter of sheriff candidates came up. Hustace, author of the resolution, was asked what would happen if the Business Community wanted Crabbe and the committee wanted Brown. The reply was that a third man should be chosen.

SOCIAL SCIENCE CLUB HAS AN INTERESTING DISCUSSION OF THE MURDERERS' CASES AND ASKS ABSOLUTE PARDON OF ONE AND REDUCTION OF SENTENCE FOR ANOTHER—CARL SMITH'S CONDUCT OF THE CASE IS CRITICIZED.

The Social Science Club held another meeting on Saturday night at the residence of W. O. Smith, to discuss the cases of the five condemned Korean murderers. The general conclusions embodied in resolutions which the special committee having the matter in charge were delegated to present to the acting governor, are as follows:

"1. Defendants Nos. 1, 2 and 4 are properly convicted of murder in the first degree; but a differentiation should be made in favor of No. 1.

"2. Defendant No. 5 should have his sentence commuted, as the evidence supports a verdict of assault at best.

"3. Defendant No. 6 should be pardoned, as the evidence does not support the verdict, and does not show him to be guilty of anything."

President A. S. Hartwell presided at the meeting and Chief Justice Frear, by request, acted as secretary. L. A. Thurston opened the discussion by reading a lengthy report on the evidence in the case prepared by himself, W. A. Kinney, D. L. Withington, W. O. Smith and N. B. Emerson. He explained that Kinney was on Kauai and unable to attend. The report was a lengthy analysis of the evidence, using numbers to designate the defendants.

GERMAN SHIP HERE AT LAST

HERZOGIN SOPHIE CHARLOTTE REACHES THIS PORT YESTERDAY FROM BREMEN.

After nearly a year's trip from Bremen to this port, the German training ship Herzogin Sophie Charlotte arrived here yesterday morning 320 days out. The trip was the most eventful in her career and her arrival was the cause of the greatest satisfaction on the part of those who have shipments aboard her as well as those who have friends aboard. The vessel is one of the most popular that call at Honolulu.

She left Bremen July 1 last year and on September 7 was dismasted in a severe gale off Cape Horn. After the vessel had been cleared of the wreckage she made for the Falkland Islands but as she had a good position, it was decided to run to Montevideo. An entirely new set of masts was stepped in the vessel. A delay occurring during this work, as the shears which a contractor had placed on an old gun boat to aid in the work collapsed and sunk the boat and carried the Charlotte masts along.

She left Montevideo February 25 and had an uneventful passage to this port. She brings general cargo for H. Hackfeld and Company. She will be here about a month. The officers of the vessel are a most hospitable lot of men and numerous entertainments will be given in their honor and in honor of the cadets aboard.

The vessel is commanded by Captain E. Zander, who was here on the last voyage. The complete list of officers is as follows: Captain, E. Zander; I. Officer, G. Glund; II Officer, A. Kirchoff; III Officer, A. Genten; IV Officer, G. Stosch; I Navigationslehrer, Dr. H. Schütz; II Navigationslehrer, O. Walter; Schiffszarzt, Dr. Rookenbeuch; Oberkoch, F. Wolfmüller; Erster Steward, G. Schiller. The list of cadets is as follows: Class of 1902—Henry Becker, Franz v. Dinklage, Walter Frind, Karl Hentschel, Richard Knauk, Johannes Riegel, Class of 1903—Karl Garlein, Otto Noelle, Wilhelm Urnberg, Erich Oppermann, Wilhelm Osswald, Curt Riedel, Franz Schmitt, Walter Sprathoff, Paul Spangner-Boecker, Carl Strauss, Wilhelm Thiele, Hugo Troch, Hermann Vollmar, Hans Wendlandt, Ewald Wendt Rudolf Weski, Friedrich Woerdemann. Class of 1904—Heinrich Bartels, Erich Blachnitsky, William Bleil, Karl Bona, Ferdinand Bruny, George Buchmann, Hans Fischer, Gottfried Geissler, Hans Geinwald, Kurt Harder, Kurt Hartwig, Erich Helms, Roderich Hoppe, Paul Hunlich, Hermann Josephans. Class of 1905—Kurt Anders, Hubert Bauer, Kurt Blattner, Werner Bolm, Ernest Dannermann, Franz Ebers, Walter Erasmi, Georg Gramberg, Ernst Hanneemann, Gerhard Hasenjager, Hans Hauffe, Wilhelm Hinrichs, Otto v. Lemcke, Otto Lehmberg, Karl Neef, Ottokar Tretze, Rudolf Behr, Hans Gelhorn, Richard Faust, Ernst Schlotte.

CADET BECAME A MATE.
When the German training ship Herzogin Sophie Charlotte was in Montevideo, the American ship Dirigo arrived with her cargo of coal heated. When ready to resume the voyage to Honolulu, Captain Goodwin of the Dirigo was without a mate. The master of the German vessel kindly loaned him the services of Henry Becker, a young cadet, 20 years of age. The latter performed the work to the complete satisfaction of Captain Goodwin and has now rejoined the German vessel.

THE INDIAN'S OPPORTUNITY.
Francis E. Leupp, Commissioner of Indian Affairs, is strongly opposed to the so-called "higher education" for the American Indian. Mr. Leupp believes that the only hope for the Indian is to give him a practical training rather than to equip him for a business career. He has known scores of Indians, he says, who have been educated to be physicians, lawyers, etc., and out of all the number he recalls only one who has made a success. On the other hand, Indians make splendid farmers, fruit raisers, carpenters, blacksmiths, and in fact all kinds of tradesmen, and not a few have become expert accountants in the employ of the government. Mr. Leupp has an extremely interesting illustrated article on "The Failure of the Educated Indian" in Appleton's Booklovers Magazine for May.

An area of one hundred square miles was swept by the flames, four towns were completely destroyed, and a dozen partially burned. The property loss will amount to several millions of dollars.

A GOOD SUGGESTION.
Mr. C. B. Wainwright of Lemon City, Fla., U. S. A., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale all dealers. Benson, Smith & Co., agents for Hawaii.

Smoked Halibut

Here is a fish you will like. Smoked to a nicety with not too much salt makes it a delicious betwixt and between morsel for any meal. Some persons prefer halibut to salmon for the reason that it more closely suggests the fresh fish and yet retains the mildly salt flavor that is much enjoyed. Fresh sausage and bologna every day.

BULLDOZING ATKINSON

EDITOR STAR: The impudence of the Sam Johnson resolution, passed by the Republican County Committee on Saturday night, is beyond comprehension. Sam says that:

"The action of the Acting Governor of the Territory of Hawaii, in changing the precincts, is hereby disapproved." No doubt of it. Any and all legal action on the part of the executive, as affecting elections, is disapproved by the Republican ward heeters and ballot box stuffers. Of course Sam, being a Russian, can hardly be expected to know that the Constitution of the United States gives every citizen the right to vote, even though it makes no provision for men of the Sam Johnson political type to manipulate their votes. Drive the voters to the polls, like Siberian chain gangs to their tasks, rush them through, give them no time to think, crowd out the Home Rulers and Democrats, that's the right sort of Sam Johnson politics. Never mind the law. To — with the Constitution!

It does not seem to have occurred to this wonderful political Sam Slick that the Acting Governor has not yet changed a single precinct, therefore his resolution of condemnation is like a case of premature confinement. It only shows that Sam's political Bossism would receive a solar-plexus if honest politics were allowed, and that the enemy must be scared off before he has time to strike the blow.

And shame upon each and every one of those supporters of Sam's whose vote showed him to be a political coward and a violator of the Constitution. AN HONEST REPUBLICAN. Honolulu, May 29, 1906.

THE LIQUOR CRISIS ON MAUI

PROTEST AGAINST A SALOON AT PAIA—LIQUOR WAR ON IN LAHAINA—CHEAP BEER.

(Special Correspondence of The Star). KAHULUI, Maui, May 18.—E. H. Pieper of Paia is meeting with strong opposition in his attempt to secure a liquor license for his place of business there. The Maui Agricultural Co. are his opponents in the matter for they object strongly to having a saloon established so close to their mill, and are without doubt fully justified in the matter. A strong petition is being circulated against the establishment of the saloon in question.

The liquor law passed by the last legislature has turned out to be the curse of the country. Cheap little saloons have sprung up all over the island, and the keen competition between them has led to cheap liquor, and cheap liquor means poor grade stuff. Especially is this so of wines, the consumption of which has increased greatly amongst the Hawaiians. It is said that at some of the cheap Oriental saloons the Hawaiians buy a wine at 5 cents per glass, two glasses of which will make them crazy drunk. All over the island the increased consumption of liquor amongst Hawaiians is noted, but especially in this so in Waialuku and Lahaina.

In Lahaina a liquor war is on, and liquor prices are down to bed rock, and in consequence the purity and grade of the wines sold are also down to bed rock. Primo beer can be bought in Lahaina at retail cheaper than it can be bought at wholesale by outsiders from the brewery in Honolulu, or by the barrel from dealers.

Last week on the 9th, occurred the death of a prominent Hawaiian of Lahaina, named Kimokea, the cause of death being attributed by the doctor direct to the drinking of poisonous wines. So the more off the better for Maui, and it is hoped that the next legislature will remodel the law entirely.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

Yours for Health Lydia E. Pinkham

No other female medicine in the world has received such widespread and unqualified endorsement.

Lydia E. Pinkham's Vegetable Compound. It will entirely cure the worst forms of Female Complaints, Inflammation and Ulceration, Falling and Displacement, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Local Weakness than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors in an early stage of development.

Irregular, Suppressed or Painful Periods, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility quickly yield to it. Deranged organs, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system.

It quickly removes that bearing-down feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the organs, which this medicine surely cures. Chronic Kidney Complaints and Backache, of either sex, the Vegetable Compound cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

Social Science Club Verdict

The position of the Social Science Club with regard to the condemned Korean murderers is an unfortunate one in more than one respect. It is an attack upon the legal administration of justice by citizens who might naturally be expected to be the most anxious to inculcate high respect for the law, and it is an aspersion on the professional character of a leading attorney which, if well grounded, warrants his utter disgrace if not disbarment altogether.

As for the first proposition, a clear cut statement that a man convicted of murder by a jury is "clearly shown" by the evidence to be innocent, is something very extraordinary in the history of our courts. When it is remembered that a sworn Grand Jury indicted this man, that he was placed on trial after days of investigation, that an impartial judge tried the case, that an attorney of as high standing as any in his community defended him under a sacred professional oath and finally that twelve sworn jurors after seven hours of deliberation solemnly gave the court a verdict that the man was guilty and should die,—when all this is remembered, the extraordinary nature of the statement of the able and distinguished members of the club is easily appreciated. Is it true? The record shows one witness testifying to this man's participation in one definite part of the crime, it shows him present to the final consummation of the homicide and it shows him one of those who jammed the dead body into a place of concealment. This seems to be evidence against the man in question. In this connection, it is worth noting that our law says that all persons present at the commission of an offense who "aid, incite, COUNTENANCE or encourage" the crime shall be deemed principals therein. It further says that every person who is accessory before the fact of commission of an offense, is guilty of such offense. In the light of the evidence mentioned, and of these extracts from our law, the Social Science Club's deliberate challenge to the jury and court and its appeal that the man in question be absolutely pardoned and set free does not inspire confidence in its report on the whole subject. If there is a crying need in the United States, and especially this portion thereof, it is respect for the law. It is perhaps because the American people make their own laws and often change them that they respect them so little. However this may be, the fact is that there are few lessons more needed than that the law while it is the law should receive the absolute homage and respect our far-back ancestors gave to royalty.

As for Attorney Carl Smith, he is probably able to defend himself from statements that he neglected his clients. Attention is called by those who examined the record to the brevity of his cross-examinations and to failures to take steps which to his critics seem advisable. Is it not fair to presume that he knew his defendants and was a better judge of how far to allow them to testify than anyone in Honolulu who has merely examined the record? With every other eye-witness, a witness for the government the only testimony he could bring forward would be that of defendants. Is it not likely that he was correct in his decision not to call them and risk the revelations they would make on cross-examination? These and a dozen other considerations seem more fair than the ex parte conclusion that he neglected his duty.

The Social Science Club's recommendations do not go far enough to be logical. If numbers 5 and 6 did not have a fair trial, neither did numbers 1, 3 and 4. Why hang any one of the lot, this being the case? It may be argued that the evidence against the three is stronger and admitted to be satisfactory. But it is of no value if introduced without the presence of an attorney using his best efforts to overcome it, perhaps by cross-examination, perhaps by meeting it with other testimony.

In their study of the case the members of the Social Science Club followed natural humane impulses and were actuated by a high sense of civic duty. But it is to be feared that the conclusion really preceded the study and that more harm than good is done by attempts of any group of citizens to constitute themselves into an appellate jury and try to set aside the decisions of a court and jury which acted legally and under oath and not only studied both sides, but had the accused personally before them. It took the Hilo jury seven hours to agree on its verdict. The Social Science Club heard the evidence, such as it did hear, discussed it, and passed resolutions disagreeing with the legal jury, in three hours.

Would Surprise Congress

There will be a lot of surprised congressmen when the House and Senate learn that the Republican Central Committee here is opposed to any change of precinct boundaries, which the law provides for, but wants congress to pull precinct political chestnuts out of the fire by amending the Organic Act. Congressmen will doubtless think the bill for such an amendment ought to be entitled, "An Act to Save the Political Bacon of Sundry Precinct Politicians in Hawaii."

The idea that election precinct boundaries should be immutable, no matter what changes in population take place, is likely to raise a smile, or perhaps a laugh, on the mainland. Of all evanescent and fragile things in American politics, precinct boundaries are the most evanescent and fragile. The idea that there is anything permanent or long lived about them, never occurs to anybody. Precincts are the merest creatures of convenience. In rapidly growing cities, or rapidly growing parts of cities, they are often changed every election.

The idea of an election precinct everywhere—except here—is of a division of a city or county for election purposes having such a maximum of voters as can readily cast their votes during the usual hours of an election. The laws in most states providing for the division into voting precincts provides that the whole Ward or County or town shall be divided so that the number of registered voters in each precinct shall be, as nearly as may be, say 200 or 250, whatever experience has shown can be reasonably accommodated. And there is provision for rearranging precincts as frequently as is necessary to meet this general requirement.

So solely is convenience in voting the controlling consideration in precinct arrangement, that the power to change precinct boundaries are, as a rule, given to the most subordinate governmental bodies. Town Boards, Village trustees, City Councils, Boards of Supervisors, and even in many instances, election boards, are given the power to make the necessary changes.

Election precincts are not the basis of representation in any governing bodies. The re-arrangement of the congressional districts of a state may sometimes change the political complexion of that state's delegation in Congress, as the presence of a very expressive word in the American-English language proves—the word being "Gerrymandering." The political control of a state legislature may sometimes be changed by adroit redistricting. But our politics are the first to make

precinct boundaries subservient to party political control.

It is to be hoped that we will not be made a laughing stock of by asking Congress to amend the Organic Act so that we will not be obliged to change our precinct boundaries to meet the growth and change in population.

LET THE COURTS DECIDE.

The way is open for the case of the five Koreans to be brought before the Supreme Court for review. A writ of error, it is said, will bring the whole matter up. The time within which a writ of error can be sued out will not expire for three or four months yet, or more. If the Social Science Club is so sincere in its belief that these men did not have a fair trial, and that as to two of them the verdict is against the evidence, does it not become its duty to bring the matter before the Supreme Court for review, since that can be done? It is neither very safe for the community nor for the executive to have the verdicts of juries upset by the findings on review before such an extra-legal court of appeal as the Social Science Club, or any other quasi-public organization.

If these men have not had a fair trial if the verdict is against the evidence, no one ought to want them hanged or imprisoned for life, or any other term. But unless we are prepared to abolish our courts and substitute the findings on review of the Social Science Club, or whatever body shall next take up such matters, the verdict of the jury arrived at, not hastily, but after seven hours of deliberation ought to stand unless set aside by the Supreme Court on review, so long as there remains a means of bringing it before the Supreme Court.

For the Governor to act on the findings of the Social Science Club Committee under present conditions would be to declare that the verdict of a jury does not even make out a prima facie case against a convicted person. What is the difference between lynch law which takes the accused out of the hands of the law before trial and conviction, or the Social Science Club Court of Review which takes them out of the hands of the law afterwards?

Our idea of a good photograph is one that doesn't look much like the original. Every mother thinks her boy acquired his meanness from the meanly kid next door.

All the love connected with international marriages is usually of the cold-storage brand.

No girl with a new engagement ring can understand why any one should want to wear gloves.

If a woman has more sense than her husband she is foolish if she ever lets him discover the fact.

SOLDIERS THREE

THE CHAMPION HARD LUCK STORY OF THE SEASON AT CAMP MCKINLEY.

Camp McKinley has the worst hard luck story of the year. Its heroes are three soldiers who went to see San Francisco and who got back here on the transport Sherman.

The Sherman left here shortly after the big earthquake and the soldiers three, one of them a sergeant, thought it would be worth a lot to see the ruins of the great city. So they stowed away on the transport. They didn't want to be rated as deserters and therefore reported to the quartermaster as soon as the steamer was well beyond Koko Head.

The soldiers three were placed in the brig of the transport and there they stayed, during the thirty days of her trip to the coast and back. They saw San Francisco, through a port-hole, from the harbor. That was all they saw at the Golden Gate. Then the transport went to Seattle and the soldiers three saw Seattle in the same way. The next thing that happened was that the transport got adrift in the recent big Seattle fire, and the three adventurers were locked in the brig. They had the scare of their lives, but were not hurt, and they never left the brig.

When the vessel got back here the three were still in the prison. They left it only to go to Camp McKinley as prisoners and prisoners they still are. It is not regarded as likely that soldiers at the camp will choose stowing away as a means of seeing sights hereafter.

LAW AS TO IMPORTS

THE UNITED STATES SUPREME COURT'S RULING ON SUBJECT OF TAXATION.

Numerous inquiries have been made as to the scope of the law which prevents the Territory from taxing imports, as was conceded in the tax appeal of the Hawaiian Fertilizer Company. T. F. Lansing among others expressed the opinion that imports on being turned over to their owners might possibly be regarded as ordinary personal property, but it is claimed that this view is not the law.

The decision of the Supreme Court of the United States, in the matter makes the following ruling as to imports:

"Goods imported do not lose their character as imports and become incorporated into the mass of property of the State until they have passed from the control of the importer or been broken up by him from their original cases. Whilst retaining their character as imports, a tax on them in any shape is within the constitutional prohibition."

ATKINSON KICKS

The Republican county committee sub-committee which called on Acting Governor Atkinson this morning to present objections to the precinct changes had a very lively interview. The executive immediately jumped on the committee with both feet, resenting the passage of a resolution "disapproving" his action before the action was actually taken and he further emphatically supported the changes as planned. Sam Johnson, Col. Zeigler, W. C. Ross and Harry Murray presented the resolutions.

Moore Pleads Guilty

FAILURE TO CONVICT OF CONSPIRACY LEFT HIM OPEN TO MORE SERIOUS CHARGE.

William Moore, in whose case the jury disagreed last week in the federal court, this morning pleaded guilty of conspiracy to pass a counterfeit note. The plea was a result of a peculiar error of a jurymen. The lone juror who declined to vote to convict Moore made the argument that he would have been willing to convict of passing a note but not of conspiracy to pass. Passing is an offense with five years as the minimum punishment and Moore is indicted for that offense, whereas conspiracy to pass may entail only a very small penalty. Moore was to have been tried next for the passing and chose to plead guilty rather than take the risk.

J. Duffy, who was acquitted of conspiracy by the court's direction, is to be tried for passing now. The case was set for tomorrow.

TRANSPORT THOMAS HERE FROM MANILA

After rather a slow passage from Manila by way of Nagasaki, the U. S. A. transport Thomas, Captain Lyman, arrived here this afternoon, en route to San Francisco. The only interesting feature about the trip was the death on May 2 of Lieut. L. K. Amidon of the Philippine Constabulary. He died of typhoid fever. The vessel brought Dr. Blanchard of the medical department to this place, as well as three coal tappers who are to be discharged.

WHERE TO REMAIN

John A. Scott, manager of the Hilo Sugar Co., has donated the sum of \$116 toward a fund for beautifying Rainbow Falls park near Hilo. The object is a laudable one and other citizens will no doubt follow the example set by Mr. Scott. The people of Hilo know where to begin but it takes some time to move them in any single direction. If they were in Honolulu and were invited to drink some of the Hobron Drug Store soda water they would be regularly stumped; it would be a genuine case of not knowing just where to begin on the eighty-two flavors served there every day. But Hilo would not be behind Honolulu in that respect, citizens here are uncertain but never dissatisfied with their choice. Hobron Drug Co. has the best soda water served here—it is a question if better is sold anywhere in the world. You are a soda water drinker, try it.

Instead of their Korean names. The detailed conclusions as to the two defendants whom the report found not deserving execution, were as follows:

"Conclusion No. 1—There was no evidence produced before the trial court at Hilo, and there is no evidence in any of the numerous other statements above referred to, warranting the conviction of defendant No. 6, Chung Chee Yuet, of any offense whatsoever. On the contrary, the evidence is overwhelmingly in favor of the proposition that he not only did not take part in either the fortune or the murder of Pak Han No; but that he was the chief one of the entire nine who were present seeing his torture and murder, who took steps to deliver him from his fate. We believe that on the record he should be granted a full pardon, on the specific ground that he is not only not shown to be guilty, but that he is specifically shown not to be guilty.

"The examination of the other statements, which are not a part of the official record of the trial, including the private notes of the assisting prosecuting attorney, Mr. Doyle, not only does not modify the evidence of the innocence of No. 6, but, on the contrary, strengthens it.

"Conclusion No. 2—As to defendant No. 5, Kim Yong Yoo, the conclusion of your committee is that the evidence does not justify his conviction of murder in any degree. At best, the evidence justifies his conviction of an assault only, and the evidence is not strong even as to this offense.

"We believe that the Governor should commute his sentence from the death penalty to such lower penalty as the circumstances appear to warrant and he may deem just."

The discussion was all in favor of the report, with the exception of the remarks made by Deputy Attorney General F. W. Milverton, who prosecuted the case and those of Managers Baldwin and Goodale, and these two did not actively or directly oppose it. Milverton objected to the statement that No. 6 had been shown to have tried to save the life of the victim. He said that evidence showed that it was after the effort to save the man that No. 6 had taken part in the torture. Thurston replied that there was only one witness in all the case giving this testimony about No. 6, and that it was denied by No. 6. Among those to take part in the discussion, besides Thurston, and to express themselves in favor of the report were United States Judge Dole, W. O. Smith, D. L. Withington, L. T. Peck, Professor Scott, A. Lewis, Jr., Judge Perry, S. M. Ballou also took part in the discussion.

There were some severe criticisms of the manner in which Attorney Carl Smith had handled the defense. The opinion appeared to prevail that he had failed to make much of a fight, and surprise was expressed that the case should have been finished in such short time. Milverton replied that as far as evidence was concerned there was not much needed, the cases being clear ones.

Three plantation managers present were asked for their views. Manager Baldwin discussed the character of Koreans generally. He said that they were disposed to take matters into their own hands. He had had experience with several cases, in which a lot of them had got together and beaten countrymen who had offended them. In one of these cases it had been their intention to kill the victim, but they had not completed the job. Baldwin did not express his opinion as to the case under discussion.

Goodale said he thought commutation of sentences would have a bad effect on Koreans, Japanese and Chinese. He took the view that as a court had acted in the regular legal way and found the men guilty, the law should take its course. As to Koreans generally, he agreed with Baldwin. He said that Japs, Chinese and Koreans alike were disposed to take the law into their own hands. He referred to several cases in which men were severely beaten and by way of making punishment impossible, the members of a whole camp would declare they all did it. In one case several hundred had come forward and declared themselves guilty, all alike, of such an assault. Goodale said he had been misquoted in an interview which made him say the Koreans were the most lawless people here. He had said rather that they were in danger of becoming the most lawless.

Goodale had arrived late and had not heard the reading of the report. In answer to others present he said he was not familiar with the cases under consideration, and he did not urge any conclusion as to them.

McStocker said he had had no trouble with Koreans. He generally favored the conclusions contained in the report. Judge Perry moved to amend the conclusions. He said that it appeared that the defendants had not had a fair trial and therefore none of them should be hanged. He moved to amend by asking the commutation of the sentences of Numbers 1, 3 and 4. The amendment was lost.

Professor Scott favored the report and also disapproved of any hangings. He declared that life imprisonment was a much more severe punishment. "If we could put the men in jail for life and make it certain that they stay there, that would be the worst punishment," he said. Thurston remarked that it couldn't be made certain that they would stay put. Scott hoped the club would advise "our young governor."

Judge Dole made an address near the close. He said that there certainly appeared to be error in the record, affecting defendants 5 and 6 and that he approved the committee's conclusions.

The motion to present the report to the acting governor was put and carried without any dissenting votes. A

motion was carried expressing special thanks to L. A. Thurston for his work on the case. He suggested that others ought to be included whereupon Withington made reference to the large amount of study Thurston had done, saying that he had never seen a case of more disinterested labor for a right cause. The discussion throughout developed the fact that Thurston had the testimony as to the defendants and witnesses at his finger's ends. Before adjournment the Rev. J. W. Wadhman thanked the club for taking the matter up. Chief Justice Frear announced that he would not vote as the cases might come up on writ of error, and Hartwell made a similar announcement.

CIRCUIT COURT IS REVERSED

CARRIAGE COMPANIES' AGREEMENT HELD NOT CREATION OF A TRUST.

The Supreme Court this morning gave a decision in the case of the Hawaiian Carriage Company vs. the Schumann Carriage Company, overruling the demurrer, which was sustained in the Circuit Court. The opinion of the court, by Justice Hartwell, is 22 pages in length. The suit was for an accounting and much of the law of the case applies to the question of whether an agreement alleged between the two parties was in violation of the anti-trust laws. The syllabus says:

"The plaintiff and the defendant agreed upon the purchase of the stock in trade of another company under an option obtained by the plaintiff, certain of the stock, including vehicles, being taken by the defendant and the rest, including rubber tires, by the plaintiff; the defendant was to turn over to the plaintiff for five years its trade in certain of the articles bought, not including vehicles, and be allowed as commissions one-half of the profits on rubber tires which it was not to sell at prices less than those set by the plaintiff, while the plaintiff was not to sell during the five years new imported vehicles. Held: The agreement was good at common law, its main object being not to restrain the trade or prevent the competition of either party and it was not illegal under the provisions of the Anti-Trust Act of July 1, 1890, applicable to Territories.

"The agreement, not being void or illegal, was not ultra vires and was not an abrogation of corporate functions. Although averments of agency, partnership or fiduciary relations between the parties, averred in the bill, are not shown by the agreement and the bill does not sufficiently aver mutual accounts a case for accounting is shown."

Thompson & Clemens appeared for plaintiff and S. B. Kingsbury and A. S. Humphreys for defendant.

PLANTATION AFFAIRS ARE DISCUSSED

PLANTERS ASSOCIATION MET THIS MORNING AND DISCUSSED MATTERS OF INTEREST.

A meeting of the plantation managers together with the Planters' Association met this morning in their rooms in the Judd building. Many matters of interest to plantation men were discussed and fertilizers being among the most prominent things mentioned. The meeting was called at 9 o'clock and lasted some two hours.

This afternoon at 2:30 the plantation men met at the Experiment Station to listen to an illustrated lecture on cane diseases by Dr. Cobb who has made this subject his special study for the past several months. Dr. Cobb gave his lecture once before and it was considered so instructive in nature that the planters decided to have the different managers come to Honolulu and listen to the lecture. Nearly every manager in the territory is at present in this city.

Public Policy Aids Sailors

JUDGE DOLE DECIDES THAT LIBELS AGAINST VESSELS MAY PROCEED.

The suits of sailors against the ship Hawaiian Isles and bark Willcott were allowed to proceed by ruling of United States Judge Dole this morning. In the case of the Hawaiian Isles the judge ruled that a suit in forma pauperis was allowable, and in the other case he sustained the plea that the doctrine of "juratory caution" applied. George A. Davis, attorney for the libellants, was required to show that he had no interest in the expected judgments or if he had to file a relinquishment of such interest.

"It is against public policy that sailors should not be allowed to sue for their wages without paying costs," said the judge in making his ruling in the Willcott case. The judge further said that as a matter of public policy he would resolve legal doubts in favor of the poor sailors rather than the owners.

Many sailors were in court and after adjournment the taking of depositions in the Hawaiian Isles case continued before Commissioner Malings.

LOCAL SEISMOGRAPH RECORDS MORE QUAKE

CHAMBER OF COMMERCE IS IN RECEIPT OF LETTERS FROM THE SEISMOGRAPH STATIONS.

In accordance with a suggestion made by E. I. Spaulding before the Chamber of Commerce, that the Chamber write to the Observer in charge of the Seismograph station at Ewa and find out by reports the action and frequency of earthquakes occurring in these islands and those recorded that occur elsewhere, J. G. Spencer, secretary of the Chamber wrote to the official in charge and received the following letters in reply: Honolulu Magnetic Observatory, May 15, 1906. Mr. J. G. Spencer, Secretary of the Chamber of Commerce, Honolulu, T. H. My Dear Sir:—Your letter of May 10 asking for reports of the seismograph at hand. Following is the record that received yesterday.

The last record covers a period beginning May 5, 9 a. m., and ending May 14, 1 p. m., and shows one earthquake on the morning of May 12, the principal part of which began at 0h. 32min. Honolulu time, and continued 11 minutes. The earthquake as recorded was small but well defined and shows a distant origin.

FOURTH ANNUAL ADDRESS BY BISHOP

BISHOP RESTARICK REVIEWS THE WORK OF THE EPISCOPAL CHURCH FOR PAST YEAR.

Bishop Henry B. Restarick of the Episcopal Church in the Hawaiian Islands yesterday delivered his fourth annual address to the convocation of the church. The address was delivered at the regular Sunday morning service at St. Andrew's Cathedral. A large congregation listened to the address which completely reviewed the work of the past year.

The Bishop took as his text "Grow in Grace and in the Knowledge of Our Lord and Savior Jesus Christ." The Bishop spoke of the death of several prominent churchmen during the year and paid a tribute to the memory of each.

Bishop Restarick spoke of the growth of Mormonism in the Islands and stated that that was a very serious problem as work with the Oriental was more or less simply to get them to live a higher moral life and with the influences working against them which were due to Mormonism the work was made much harder.

The reports show that since November, 1902, the number of communicants in the Islands has increased eighty-five per cent. As the growth in the whole United States is three per cent a year for our Church, and we have grown here not from people coming in but from the result of work done, we should surely take courage.

I am glad to announce to you that the Japanese work has definitely commenced. We have had Japanese in our various institutions for years but now under Mr. P. T. Fukao, a candidate for Holy Orders, the work is systematized. Already night schools are in existence and a day school for children and Mr. Fukao preaches at two points.

The real estate added to the Church during the year is valued at thirty-two thousand (\$32,000.00) dollars. The cost of buildings added and of additions and repairs made is at least six thousand (\$6000) dollars more.

I am sure that we are all thankful to know that the building of two additional bays to the Cathedral has actually commenced. At a meeting of the Parish of St. Andrew's Cathedral held last week, a resolution was adopted that a committee should be appointed to consider the matter of a suitable memorial to Mrs. Mackintosh.

DE BOLT AND SECOND TERM.

FIRST JUDGE STILL HOLDS THAT THE OFFICE SHOULD SEEK THE MAN.

The question of whether Circuit Judge De Bolt will have a second term discussed considerably among the members of the bar, in view of a general impression that his term would expire next September, but the fact is that his term does not expire till nearly the end of next January, and the Judge when asked about the matter said that he had not given it consideration.

"I have not thought about it at all yet," was Judge De Bolt's answer, when he was asked if he had made up his mind whether to retire to practice or to seek a reappointment. He corrected the idea that his term expires in September, explaining that there was a second commission in his case, dated in January, after the first one which began in September.

"I don't know what I shall do in the matter," continued the judge. "I imagine that my attitude will be much the same as it was before. I cannot say that I care much one way or the other."

Judge De Bolt's attitude before was that a judicial office was one which should seek the man, rather than be sought after and he declared that he would leave it to the bar without making any contest for the office. He was endorsed for the office by a very large majority of the Bar Association.

REPUBLICANS MAKE PROTEST

OBJECT TO THE ACTING GOVERNOR'S PLAN TO CHANGE THE PRECINCTS

The Republican county committee on Saturday evening passed the following resolutions, introduced by Sam Johnson:

"Be it Resolved by the Republican County Committee of the County of Oahu, That the action of the Acting Governor of the Territory of Hawaii, in changing the precincts, is hereby disapproved and that this committee is in favor of the plan as proposed by the Republican Territorial Central Committee, to amend the election laws to provide a larger number of voting booths in each precinct.

"And be it further Resolved, That a copy of this resolution be forwarded to the Delegate to Congress, Hon. Jonah Kūhiō Kalanianoʻole, with a request that a bill be introduced by him, in the Congress of the United States of America, embodying such amendment to our election laws."

Those in attendance at the meeting were: W. C. Roe, B. J. Wright, A. H. Moore, W. L. Emery, Sam Johnson, C. W. Zeigler, W. W. Goodale, S. C. Dwight, M. C. Amama, William K. Isaacs, E. P. Zablan, H. E. Murray, E. W. Quinn, W. W. Harris, Charles Broad, I. L. Cockett, A. S. Mahaulu, E. Au, E. J. Crawford, L. L. McCandless, J. H. Soper, Pat Silva, Ed. Towse, Oscar Cox, Charles Huxtable Jr., J. C. Quinn.

The matter of county appointments was brought up and discussed, complaints being made that county officials had not reported as they had been asked to regarding their appointments.

MORE SAKE CASES.

Col. Thomas Pich will arrive here on the Alameda. He comes to represent the importers in the taking of testimony before Judge Dole in the sake cases. The government will be represented by Mr. Leavitt, an attorney of the treasury department. In all the sake cases so far tried, the government has been defeated, but is preparing to contest still further in the courts.

KOREA ARRIVED FROM THE ORIENT

After a delightful passage from the Orient the S. S. Korea arrived this morning from Yokohama. She docked shortly before 9 o'clock. The vessel carries probably the largest through crowd of passengers in her history. She has accommodations for very few people from Honolulu. She left Yokohama May 12. The vessel brought 1886 tons of freight for Honolulu and landed twelve cabin passengers. Nothing of particular interest occurred during the voyage.

A large proportion of those aboard the vessel are tourists. They will be given an extra opportunity of seeing Honolulu for the vessel is to stop much longer than usual in this port. She is to remain in Honolulu until Wednesday at noon, as she is to load 3000 tons of sugar for San Francisco.

Count del'Arboe is a Frenchman who is traveling around the world for pleasure. Baron Von Carstenjen and wife are titled Europeans who are touring the world.

Rev. Dr. A. H. Briggs and wife are returning from a visit to the Orient. They visited Honolulu the latter part of last year. They are San Francisco residents.

J. Low Herriman is a cousin of President E. H. Herriman of the Southern Pacific and Pacific Mail Companies. The Korea will depart for San Francisco at noon on Wednesday. She will take a small crowd of passengers from this port.

JURORS TO VISIT MURDER SCENE

On motion of Deputy Attorney General Fleming Judge De Bolt this morning decided that the court and jury should make a visit this afternoon to the scene of the alleged murder in the Kakaako trial. At two this afternoon therefore, the jurors, court and attorneys went to look over the scene in Kakaako, where the killing took place.

The Territory has taken an appeal by writ of error to the Supreme Court of the United States in the tax appeal case of J. L. Holt vs. A. Tullott, in which the Supreme Court held that the Territory could not garnish the wages of inter-island seamen, after a judgment. This is a test case to decide the powers of the collection of taxes through the courts here. The same matter is being litigated by the Territory in the Federal Court here, and the case will probably be carried to Washington.
