Hawaii's Rifle Team Returns With Fairly Good Records

JOHNSON HEADS ALL COMERS MATCH

The members of the Seagirt rifle team arrived in the Alameda this morning, bringing back with them a moderate amount of laurels and making a fairly creditable showing. Although Hawaii in the general summary of events stands only number 31 on the list of 37, she did make a very good showing in some of the single events.

Hawaii made very good scores on the short distance ranges at 200 yards 200 yards rapid fire, 500 yards rapid fire and 600 yards slow fire, but when it came to the 800 and 1000 yard ranges he fell off lamentably. It was especially at the 1000 yard range that Hawaii met her Waterloo. The team had not practiced at that distance here and at Seagirt only 50 minutes were given to practice in. Allowing each man but two practice shots. When the event came off there was a 35-mile wind blowing and it rained. Some of the men of the team never found the target and the others wasted most of their shots trying to find it.

Captain Sam Johnson states for instance that he wasted seven shots finding the target. After that he made a three, a four and a five.

In each event each man was allowed ten shots. The totals of the men were added, thus making the total for the team. The following tables show the summaries which the various teams made, their scores in all events being combined, as well as the total score made by each of the teams in the different events.

TRENT EXPECTED IN INJUNCTION CASE

DOUTHITT TO DEFEND

before Judge Robinson this morning. In the injunction of E. B. McClanahan to prevent his paying the Andrew Adams blanket warrant, which has occasioned so much argument, informed the court that the County Attorney had possession of his papers and that he was disappointed that no one from Douthitt's office was there to represent him. He said:

"If your Honor please, I am unfortunately and disappointedly present this morning without counsel, and therefore under the necessity of asking for a postponement of the order to show cause so that I may have opportunity to engage counsel to appear for me."

"In explanation of my unpreparedness, and for the information of the court, I will state that when the papers in this case were served on me last week, thinking the matter one properly belonging to the legal department of the County, I sent the papers to the County Attorney with a request for advice. Up to this time the papers have not been returned to me, and I am disappointed that no one from the County Attorney's office is present to appear for me."

"I consider the question involved in this case of such importance that the strongest possible defense should be made by the Treasurer, and, if it please your Honor, I respectfully ask for a postponement, say until next Wednesday morning, to enable me to secure counsel."

Mr. Derby, for plaintiff, said: "I appreciate the position in which Mr. Trent is placed, and think his request a reasonable one. I am agreeable to a postponement to Wednesday morning of next week."

The case was then set for Wednesday morning.

YACHT RACE POINTS

Commodore Pickler of the Hawaii Yacht Club announces that the finish of the first and third class yacht races will be between the outer black buoy at the mouth of Honolulu harbor and the stake buoy moored to leeward of it. L. de L. Ward will be judge of the events and his decision will be final. There will be a five-minute preparatory gun before each race and the intervening minutes will be called out by megaphone. There will be no restriction as to crews. The rule of the road as stated in the club manual will be followed.

Secretary Atkinson left for Kona this noon on business connected with the opening of homestead lands.

Low Hints at Trust Operated By Metropolitan In Meat Business

HIND SUPPLYING ONLY ONE CHINESE

Manager J. S. Low of Hind, Rolph & Co., agents for Robt. Hind, when interviewed by a Bulletin reporter this morning in regard to the beef supply war, exclusively reported in yesterday's Bulletin, said:

"It is true that Robt. Hind is supplying C. Q. Yee Hop & Co. with beef cattle, but not for the purpose of waging war against the Metropolitan Meat Co., or the graziers of this Territory. On the other hand, I believe that Hind is acting legitimately and with due regard for the welfare of the beef producing industry."

"C. Q. Yee Hop & Co. have been in the retail beef business in Honolulu for about twenty years and have established a business which consumes from three to five island bullocks daily, which were for the entire period, excepting twenty-one months, supplied to them by the Metropolitan Meat Co. at an advance of one cent per pound over prices paid to the graziers. Some trouble arose recently between the Metropolitan and all of the Chinese retail butchers who were at that time being supplied by the Metropolitan, the latter having at that time the entire control of the supply in the Honolulu market of fresh island beef. This resulted in the general feeling of dissatisfaction amongst the Chinese retail butchers, causing them to import beef from the mainland. C. Q. Yee Hop & Co. being at the head of this latter enterprise."

"It ended, it is reported, with the Metropolitan refusing to supply or sell to C. Q. Yee Hop & Co. any of the island graziers' beef, unless a contract was signed to the effect that all of the beef supplies were to be exclusively from the Metropolitan. This happened, it is said, after all of the other 'revolving' Chinese retail butchers had gone back into the arms of the Metropolitan Meat Co."

"C. Q. Yee Hop & Co. freely advertised for the supply of island beef cattle, to which Robt. Hind responded; and after investigating their financial standing and past records, he concluded to give them a trial in order to maintain the consumption of island beef by C. Q. Yee Hop & Co., which firm was at that time negotiating with San Francisco dealers for the supply of beef."

"Since July 1st, 1905, Mr. Hind has been supplying C. Q. Yee Hop & Co. with beef cattle at prices offered by them; he has been supplying nobody else in Honolulu, the supply being about four head per day."

"The Metropolitan still supplies the rest of the Chinese butchers."

"It is reported that the Metropolitan since Yee Hop & Co. have been supplied by Hind, has dropped the prices (Continued on Page 8.)

Circuit Court Must Still Abide In Inactivity

LAPSE QUESTION REMAINS UNDECIDED

The end of the present interregnum on the Circuit Court term is not yet in sight. The Supreme Court this morning decided that it would not pass on the term lapse question before the full bench was assembled, and this will not be before the end of this month, at least. In the meantime the Circuit Courts will take up no term matters whatever, in order to avoid the rush of useless trouble and expense in case the Supreme Court should decide that the term has really lapsed.

This condition of affairs is most unsatisfactory, especially now, when both the civil and criminal calendars are on from Seagirt. It is addressed: (P. C. A.)

Recommendations Made To Governor By Merchants Association

The Merchants' Association held its quarterly meeting yesterday afternoon at 3 o'clock, a large number of members being present.

Chairman Geo. W. Smith read a report from the Committee on Public Affairs recommending Federal appropriations for a Federal building, Pearl Harbor improvements and the opening of these waters for commercial purposes, Hilo breakwater, increase of funds for the Federal experimental station, a military post and fortifications. This report was made in answer to a request from the Governor for recommendations to be included in his message.

Mr. Brash suggested that a dry dock for Honolulu should be included. Garterberg suggested additional light-houses.

Waldron said for the committee that the report had only been taken up yesterday and if further time was given it could be made more complete.

The chair stated that it would have to be in by the 20th in order to be embodied in the message.

Williams said a drydock for Pearl Harbor would be better than having one in Honolulu. Brash said that large vessels could not get inside Pearl Harbor at the present time.

Jas. Steiner thought it might be recommended that the tax on the cable-ship be eased up a little, as it was an important thing for Honolulu to have the vessel here.

Gartley said he did not know if there was anything in the Pacific Mail subsidy contract which provided for the steamers calling at Honolulu. There should be such a provision.

Chairman Smith said that the directors had paid \$250 towards the entertainment of the Taft party.

The Chairman announced that Mr. Wood had been called to take charge of the Promotion Committee work and that W. W. Hall and J. A. Gilman had resigned from the committee, J. A. M. Johnson and A. Gartley having been appointed to take their places.

Spalding said that the Chamber of Commerce had recommended the stationing of a revenue cutter here. He thought the Association should make a similar recommendation. The need for such a vessel had been emphasized by recent disasters at Laysan Island and other such places.

Humburg suggested that Federal aid be asked for the mosquito campaign.

It was decided that the report be adopted with such additions as might be made by the committee.

The Chair asked for suggestions to the new Promotion Committee. J. A. M. Johnson found that there was a monthly subscription of \$148 which was certainly too little. The merchants should assist the committee with subscriptions outside of the aid which they gave indirectly through the wharfage tax.

King said that the wharfage tax was an illegal tax. A fund of \$10,000 had been placed away for the purpose of fighting disease. The coal and lumber business was exempt but the hay and grain business was not. It was not right to tax only a few. King was willing to pay an equal tax.

Smith asked if quite a portion of the tax was not borne by the Oriental trade, King said no.

Waldron said a committee should be appointed to look up the matter. King said the tax amounted to \$1500 a month. Smith said that the Association had looked into the matter two years ago, but could not get any information from the shippers' wharf committee.

Steiner said that he understood that the coal and lumber men paid an annual subscription in a lump sum. Johnson read the list of subscribers. No lumber or coal men's names appeared. Of the \$148 monthly subscription the I. I. S. N. Co. and the O. R. & L. Co. paid \$50 each.

Spalding suggested that the grain merchants make arrangements to pay their tax in a lump sum.

Gartley said the fund was made to protect the wharves, but the committee would protect only certain wharves, and the other people paid their money by fixing the other wharves.

W. W. Hall said that the Promotion Committee was doing good work and the prospects were hopeful. Secretary Boyd had been faithful in his work, but the new secretary might lend a new impetus to it.

Spalding said the Chamber of Commerce had agreed to hold itself responsible for Mr. Wood's salary. The use of the wharfage tax for promotion work was valuable. The committee had done good work as was shown by the records of the hotels. In regard to the change in secretaries it was pleasing to note that there were no personalities involved. Boyd had received his resignation in a very manly manner and had shown his loyalty by offering to continue the work until Wood came. The Chamber of Commerce had heard from Wood, who was already interesting himself in Hawaii promotion work. The committee received \$5,000 from the wharfage tax yesterday. It had on hand \$600. It was about to contract for a new folder at \$3500.

King asked where the folders were printed.

Spalding said the new folders would be printed in Hawaii, the local price being only \$400 above the price in New York.

King spoke in favor of having all this printing done here when possible. Hall said the small folders were printed here. The local establishments could not handle the large folders. They did not have a sufficient facilities.

Brash wanted to know if the local printing offices did not farm out the work to mainland firms. If that was done the work might as well be contracted from mainland firms in the first place. J. A. M. Johnson said this was not done.

Spalding said that a gentleman who had just bought a \$38,000 residence here and would invest largely in Hawaii, had first been attracted to Hawaii through the work of the Promotion Committee.

Steiner said that the committee should make personal appeals for subscriptions. Johnson said this would be done.

The chair announced the resignation of R. H. Trent on account of too much work.

It had been suggested that Bryan be entertained, but he would stay here only a few hours and had already accepted an invitation from the Democrats.

Lucas said Dr. Cofer had said he was willing to let his launch tow a whale-boat with mails from the incoming steamers. The postoffice was willing to make such arrangements. King suggested that the Association buy a boat for the purpose. Lucas moved to refer the matter to a committee. Carried. The chair appointed Lucas, King and Hall.

DOUTHITT ADVISES TRENT TO GET PRIVATE COUNSEL

Continuing the argument over the "blanket" warrant proposition, the following passed between the County Treasurer and Attorney yesterday afternoon:

Honolulu, September 14, 1905. E. A. Douthitt, Esq., County Attorney, County of Oahu.

Dear Sir:—Your favor of even date has just been received.

I haven't time now, nor do I think it germane to the matter in hand, to discuss the blanket warrant proposition in all its bearings.

The situation just now is simply this: The County Treasurer has been enjoined from paying a county warrant. He is commanded to appear in the Circuit Court tomorrow morning at 9 o'clock and show cause why the injunction should not stand. The County Treasurer is relying upon the County Attorney to appear for him when the case is called.

Unless I have definite and positive information from you to the effect that you will not appear in this case for the County Treasurer, I shall expect you to be present in court when the case is called tomorrow morning and make such answer as may be required. Very truly yours,

RICHARD H. TRENT, County Treasurer.

Honolulu, Sept. 14. R. H. Trent, Esq., Treasurer County of Oahu.

Dear Sir:—I beg to acknowledge your communication of even date herewith. In reply thereto, would say as follows:

Do you intend to follow my advice given you in my letter of even date, as to the non-payment of the Andrew Adams warrant? If you intend to follow my advice and refuse to pay said warrant, this would mean the end of the injunction proceedings. If you do not intend to follow my advice, but intend to pay the warrants, then I can not appear for you, and I would advise you to secure private counsel. I beg to remain,

Very truly yours, E. A. DOUTHITT, County Attorney, County of Oahu.

CONSERVATIVE LOAN POLICY

The loan policy of Governor Carter may not fall of some words of criticism from citizens especially anxious for the construction of new roads. It must be admitted by even these however that the plan has an advantage of being thoroughly conservative. There can be no doubt that the strictly Territorial items coming under the head of appropriations for all islands are proper objects of initial attention. The obvious purpose of the Legislature was that the Territory should go further into debt, to the amount of \$1,337,000. Legislators are prone to vote loan appropriations liberally and it is possibly to the advantage of the Territory that it can be held in check by the executive authority exercised by the President through the Governor.

The establishment of local County governments has changed the situation materially. The Governor has a right to believe that the Legislature might have acted differently if it were positively known that its County legislation was to stand the test of the courts. While this \$750,000 is being expended the people will be certain that the money borrowed is going toward the development of work that involves no doubt as to its breadth of Territorial character.

GETTING THE PEOPLE TOGETHER

Seldom if ever do the merchants of Honolulu get together that they do not discuss, with profit to all concerned, matters that are of especial interest to the business men and of no small import to the community at large. Their assemblies invariably leave the impression of how much better it would be for all interests if the general sessions of business men in the city were more frequent.

There is always some one, of course, ready to say that the meetings are all run by one crowd. The first cousin to this individual says that it is impossible to get out a really first class crowd. Still another will want to know "what's the use" because they have the execu-

tive bodies and committees to take care of the business and the only time to say anything is when these don't do it right. These factors are in every community. Honolulu thinks it has a surplus, but there is no doubt that the sluggish and cold water blanket is being either rejuvenated or sent to the rear. The people are getting together more than in days gone by. There is still room for improvement.

It would be a tremendously helpful thing to Honolulu and all its large and small interests if the merchants and business and professional men of the town could get together once a month or even once a year on a social, business basis. This is done by men in many cities of the mainland that don't talk very much about what they are doing but are constantly working to build up their own towns. In many cities of smaller business population than Hawaii, it is accomplished by a monthly dinner that is not expensive, but serves the purpose of getting the people together. It may seem too insignificant or, to others, too hard a proposition for Honolulu. It is neither. It is intensely practical.

Honolulu ought not to be so surfeited with seeing its own people and hearing them talk that an inspiration for social gathering of its active promoters can only be secured on the occasion of the presence in port of special guests. It can't do our people any harm; it will do them lots of good to get together and enjoy a dinner with the motif of the occasion, "What we can do for Hawaii."

If the merchants will take it up and carry it through once, it is safe to say that it will be found worth while repeating.

CIRCUIT COURT MUST STILL STILL ABIDE IN INACTIVITY.

(Continued from Page 1.) say was in the court house from 9 a.m. until 4 p. m. He opened the door to his court room at 9 a. m. and remained in the room for a short time. During all this period he was either in his chambers, the court room or the library, except from 12 m. to 1 p. m. During all this time no litigants appeared. Lindsay did not, however, intend to open court. Judge Humphreys and Judge Perry objected to the sitting on the Supreme Bench of Judges De Bolt and Lindsay, on the grounds that it was not proper that they should be called to pass on their own acts of omission. Milverton held that the two judges could properly hear the matter. He contended that the usual procedure in any attack on the acts of the Circuit Court would be to make it before the Circuit Court itself, and to have that court pass on it. After that the Circuit Court judges might be disqualified to sit on the Supreme Bench in the matter, but they were not disqualified before they had already actually passed on it. In this case the Circuit Judges had refused to pass on the question and had therefore not disqualified themselves. Chief Justice Frear said that he did not think the two judges were disqualified. After a consultation with Lindsay and De Bolt he decided, how-

ever, that under the circumstances it would be better to wait until such time when Associate Justices Hartwell and Wilder could sit and the matter was continued until such time. The bench will probably be filled by September 27, and in the meantime the Circuit Court will have to take an enforced vacation. In addition to the above transactions Henry Hogan, an attorney for Hindu Gonsales and Takata, both charged with murder, and Ah On, charged with perjury, filed objections to the jurisdiction of the Supreme Court in the matter. He claimed that this violated a few constitutional amendments, that the defendants did not enjoy their right to a speedy trial, and that the court had neither appellate or original jurisdiction in the case.

TALK OF ELKS' TEAM GOING OUT OF BUSINESS Report has it that at the last meeting of the R. P. O. E. the Elks decided to abolish the Elks' baseball team as having any connection with the Lodge, favoring a change of name for the team if not annihilation of the sporting auxiliary. The matter is common talk among baseball men, but no authoritative information is forthcoming. This subject has for a year or two been dismissed by the Lodge, many of the members believing that any sporting aggregation composed of members of the Lodge should not be permitted to use the Lodge name for its title. The Elks team may, therefore, next season, be known as the Oahu, or something else other than "the Elks." Incidentally, it is said that offers have been made to buy out the team.

OLD VISITOR HERE

GIVES SEAGIRT PEOPLE LECTURE ON HAWAII

Col. J. W. Jones, N. G. H., returning in the Alameda from the Seagirt shooting tournament today, reports that at Seagirt the members of the Hawaiian team had the pleasure of listening with many of the National Guard teams from all over the States to an illustrated lecture on Hawaii, given at the club house of the New Jersey State Rifle Association, by Captain Libbey, N. G. N. J., professor of Princeton College, who was sent out here by his college in 1893 to study geographical conditions and who has visited Iceland and many other countries on the same mission. It was in honor of the presence of the Hawaii team at Seagirt that Professor Libbey gave his lecture. Col. Jones heard from the professor inquiries in regard to many Honolulu people, including Professors Alexander and Scott.

Col. Jones states that the Hawaii team was royally treated at Seagirt. General Bird W. Spencer, president of the American National Rifle Association, treated the boys handsomely. The Hawaii team, owing to high winds, did not shoot under conditions as favorable as were experienced at home during practice work. Col. Jones has the scores of the individual men in the team in his trunk, which is not available at present. It is known, however, that Captain Sam Johnson made the highest total score. Sergeant E. K. Duvauchelle and Captain Gustave Rose dispute the second place. They are followed by Private Gouvela.

All the members of the team return decorated with national marksmen's buttons, to gain which the winner has to qualify at three ranges. Those gaining these buttons have their names inscribed on the records of the War Department. In case of trouble these are the men who are called on first. Some of the men also got bronze medals. Sam Johnson was the only man who got a silver medal. He won that in the 200 yards shot by making 47 points out of a possible 50.

In the meantime it seems probable that Hawaii will be able to gain her place at the head of the list in the all comers' match, in which individuals from the various teams entered. In this match five shots are allowed each shooter on each of two ranges, at 200 and 300 yards. Here a bulls-eye counts five and other hits in proportion. Sam Johnson entered in this match and made the following scores: 200 yards5 5 4 5 5—Total 24 300 yards5 5 4 5 5—Total 24 Total of both events, 48 out of 50 possible. This is the highest score which has been made in this event for three years. When Johnson shot 287 had already tried, the highest score being 46. There were about 300 more to follow Johnson, but as the team left Seagirt during this event, the result has not been learned yet.

Col. Jones states that the team was treated well during its stay. General W. P. Hall, the military secretary, stated that he was pleased that Hawaii had sent a team, and showed it every courtesy. All the officials thought it a fine thing that Hawaii participated in the match.

COL. JONES REPORTS ON SEAGIRT TRIP

Colonel Jones this forenoon submitted to Governor Carter the following official report of the trip of the N. G. H. rifle team to Seagirt and the results thereof: Headquarters, First Regiment, National Guard of Hawaii. Honolulu, Sept. 15th, 1905. Hon. George R. Carter, Governor of Hawaii.

I have the honor to report that pursuant to General Order No. 4, August 23rd, 1905, the rifle team from the National Guard of Hawaii on the 4th day of August, 1905, took passage on board the U. S. N. T. Solace and proceeded to the National Rifle Competition at Sea Girt, New Jersey. After an uneventful trip, and on Saturday the 19th day of August, 1905, the rifle team arrived at Sea Girt and reported to the Executive Officer, Gen. W. P. Hall, U. S. Army, and were assigned to quarters in one of the streets of the camp.

On the 20th day of August the various teams were assigned to targets for preliminary firing on the 21st, 22nd, and 23rd of August at the various ranges so that they might get their sights properly adjusted and learn something about the conditions under which they would be obliged to shoot on the ranges. There being thirty-seven teams present (a greater number than had ever participated in any previous rifle competition in the United States) besides a large number of individual competitors who had qualified as National Marksmen, it was only by the excellent management of the officers in charge of the competition that all teams were enabled to have practice on the various ranges, the time allowance at some of the ranges being from five to seven minutes per man, the firing being thus limited was insufficient to enable those who had not previously shot over the range to become acquainted with range conditions with reference to judging the conditions of light, wind and the amount of moisture in the atmosphere.

Immediately after the completion of the preliminary firing, to wit, on Aug. 24th, 1905, the National Individual Match was commenced. There being some 655 entries for this match, it promised to be a long one with the best of weather, but the weather became inclement and the men had to lie in the water and shoot through a heavy rain and considerable wind. Fifteen members of the team having entered and shot in the preliminary firing and National Individual Match, the twelve who made the highest scores were selected to compose the team for the National Trophy Match, as follows: Major J. W. Pratt, Major W. R. Riley, Capt. S. Johnson, Capt. G. Rose, Capt. M. Johnson, Capt. A. Coyne, Capt. A. D. White, Lieut. C. Coster, Lieut. O. J. Whithead, Lieut. T. P. Cummins, Sgt. E. Duvauchelle and Pvt. J. Gouvela, with Col. J. H. Soper and Pvt. J. Ferreira and W. J. Todd as alternates.

The National Team Match was commenced on the 29th day of August and was completed on the 1st day of September, 1905, during which time the weather conditions showed marked and rapid changes. The conditions prevailing for the two, five, six and eight hundred yards shooting was fairly good. The weather on the morning set for the shooting at one thousand yards was bad, the light being bad, a haze having settled over the range, with the wind blowing straight down the range at times as high as twenty-eight miles an hour and carrying the targets away almost as fast as they were run up. The teams were therefore ordered on to the skirmish range and made their runs. Upon the next day the thousand yards shooting was taken up, the wind blowing across the range at times over thirty miles an hour, never remaining constant for any length of time. Shortly after the shooting started the rain commenced to fall and further increased the difficulties of shooting.

Great interest is manifested in rifle shooting throughout the States and Territories and every effort is being made to assist the National Government in carrying out its purpose of training large numbers of citizens to become good rifle shots. A glance at

To Spend On General Loan Items

The Governor intends to cut down some of these items so as to bring them within the money borrowed. Secretary Atkinson suggested that of the big \$300,000 item for harbor extension only so much be spent as would be necessary to complete the work now under way, and that the rest of this appropriation be spent for various roads. The Governor stated that the idea was a good one and that he would take it under consideration.

THERE IS NO SUBSTITUTE FOR A WOVEN WIRE BED.

The Woven Wire Bed has become so deservedly popular that 999 out of every 1,000 beds sold are of that make. Why? Because, when properly constructed, it has excellences possessed by no other. A level, flexible top, no gaps, will always resume its shape after use. Its supports, however, must be rigid. Wire or hoop iron will not support a spring bed. When you buy one of Bailey's Rigid and Vermin-proof Wire Beds, you get an article very close to perfection. For sale in the Furniture Stores and at the factory on Alapai St. Tel. Main 1681.

The Adventure of the Missing Three-Quarter

No. 11 of the Series

(Continued from Yesterday)

"The night porter saw nothing, I suppose?"

"No, sir. One theater party came in late; no one else."

"Were you on duty all day yesterday?"

"Yes, sir."

"Did you take any messages to Mr. Staunton?"

"Yes, sir; one telegram."

"Ah, that's interesting. What o'clock was this?"

"About 6."

"Where was Mr. Staunton when he received it?"

"Here in his room."

"Were you present when he opened it?"

"Yes, sir; I wanted to see if there was an answer."

"Well, was there?"

"Yes, sir; he wrote an answer."

"Did you take it?"

"No; he took it himself."

"But he wrote it in your presence?"

"Yes, sir. I was standing by the door and he with his back turned at that table. When he had written it he said, 'All right, porter, I will take this myself.'"

"What did he write it with?"

"A pen, sir."

"Was the telegraphic form one of these on the table?"

"Yes, sir; it was the top one."

Holmes rose. Taking the forms, he carried them over to the window and carefully examined that which was uppermost.

"It is a pity he did not write in pencil," said he, throwing them down again, with a shrug of disappointment.

"As you have no doubt frequently observed, Watson, the impression usually goes through a fact which has dissolved many a happy marriage. However, I can find no trace here. I rejoice, however, to perceive that he

wrote with a broad pointed quill pen, and I can hardly doubt that we will find some impression upon this blotting pad. Ah, yes, surely this is the very thing!"

He tore off a strip of the blotting paper and turned toward us the following hieroglyphic:

"Who are you, sir, and by what right do you touch this gentleman's papers?" he asked.

"I am a private detective, and I am endeavoring to explain his disappearance."

"Oh, you are, are you? And who instructed you, eh?"

"This gentleman, Mr. Staunton's friend, was referred to me by Scotland Yard."

"I am Cyril Overton."

"Then it is you who sent me a telegram. My name is Lord Mount-James. I came round as quickly as the Bayswater bus would bring me. So you have instructed a detective?"

"Yes, sir."

"And are you prepared to meet the cost?"

"I have no doubt, sir, that my friend Godfrey, when we find him, will be prepared to do that."

"But if he is never found, eh? Answer me that!"

"So that is the tail end of the telegram which Godfrey Staunton dispatched within a few hours of his disappearance. There are at least six words of the message which have escaped us, but what remains—Stand by

ALAMEDA PASSES MANY VESSELS ON QUICK TRIP

The O. S. S. Alameda, Captain Dowdell, reached port from San Francisco this morning ninety seconds ahead of time. Purser T. C. Smith is seriously thinking of getting a stop-watch to split the seconds of the liner's record. Actual time of the run was five days, twenty hours and fifty minutes; apparent time was five days, eighteen hours and twenty minutes. The lightship was left on the 9th instant at 12:30 p. m. and Diamond Head was reached today at 6 a. m.

On the 10th, in lat. 36.03 N., long. 127.33 W., the Alameda, at 6 a. m., passed a 4-masted bark standing to the eastward.

On the same day she passed the S. S. Enterprise, with a tow, headed northeast.

At 1:10 o'clock in the afternoon she met the S. S. Sierra, lat. 35.14, long. 129.42.

On the 12th, at 12:20 a. m., she met the S. S. Manchuria, lat. 31.19, long. 140.12.

A pleasant trip was experienced throughout. The Alameda brought about fifty in the cabin, nearly all home-returning Honoluluans.

SAN DIEGO'S YACHT.

San Diego, Cal., Aug. 30.—Detroit last year's winner of the Lipton cup, tied a string to the trophy again today and it is safe to predict that she will bend hawser to it tomorrow and carry her to Terminal Island. To day's start was a decided improvement over yesterday's. The wind, while light, held true and the yachts were away in good form, all crossing the line within a minute and a quarter after the firing of the starting guns.

The Venus abandoned the race after finishing the first lap of the course, leaving mischief and Butcher Boy to fight it out for second place. The cup defender, Butcher Boy, crossed the finish line 14 minutes 29 seconds (corrected time) after the Detroit and 3 minutes 58 seconds ahead of the mischief.

It is said tonight that there is a chance to protest the race on the grounds that the Detroit carried one more man than the rules permit. In view of her overwhelming success, however, it is doubted that any protest will be entered.

M. Julien Tiersot, Librarian of the Paris Conservatoire, and M. Antoine Braz, professor of Celtic language and literature, are to lecture in this country next year under the auspices of the Federation of French Alliances.

DR. CHARLES FLESH FOOD

APPLIED AS A COLD CREAM ACTS AS A MEDICINE.

Wherever applied, its healing and nourishment is instantly absorbed by the pores. It strengthens and builds up the tissues underlying the skin and Firm, Healthy Flesh is the result.

DR. CHARLES FLESH FOOD is no new experiment. It has been in use for more than fifty years and during that time thousands of women and men have used it with entire satisfaction.

That it is not to be classed with "Cold Creams" and other things of like superficial potency is proved by the fact that it is prescribed by leading physicians and used in hospitals for the nutrition of invalids whose stomachs are too weak to digest food.

DR. CHARLES FLESH FOOD should be used by every woman who has the least desire to be attractive. It is the only preparation that will round out hollowed, thin cheeks or scrawny neck with Firm, Healthy Flesh and Remove Wrinkles from the face and hands, no matter how deep the furrow.

FOR DEVELOPING THE IMMATURE BUST or to make the breast firm, large and beautiful nothing can equal it. To prevent the breasts from shrinking after weaning baby, mothers should always use DR. CHARLES FLESH FOOD. It will also restore a bosom to its natural contour and beauty lost through nursing and sickness.

CHARLES FLESH FOOD is \$1.00 a box, but to introduce it into thousands of new homes we have decided to send two (2) boxes to all who answer this advertisement and send us \$1.00. OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Hotel English, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and female troubles. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

The Sporting World

EVERYTHING IN SHAPE FOR REGATTA DAY

DIAMOND GSSIP

The fans are getting ready for what might prove the last baseball game of the season of 1905. We refer to the game to be played tomorrow between that speedy bunch known as the Reds and Frank Richardson's Elks. Tomorrow's game may mean the championship and according to the betting fraternity the H. A. C.'s will leave the field with the championship firmly stored away. There is many a slip and it would be no surprise to some to see the Elks take a game. The Reds have won seven straight and it is now time that they dropped a game.

Last evening was practically the last hard day of training for tomorrow's aquatic sports. Both boat clubs have put forth their best endeavors to put in the field well trained crews that will make the best possible showing. Each is ambitious to show the other the way to the mark and each race is sure to be won on its merit. The winning crew of each event will realize that they have been in a race. The crews this year are as representative as they have been in former times and just as good sport is looked for. Many of the old oarsmen will again be seen in a boat.

Besides the boat crews there are the yacht men and others who will participate to make the day's sport complete and interesting and each of them are just as interested in his event as the oarsmen. The canoes and whale boats will do their part. The one thing that will be missed will be Berger's band, which has always been on hand to furnish the music for this event. There will, however, be other music. Sailing boats, yachts, launches and small craft will all be on hand and working with their interested loads of spectators. People will welcome the sight of a busy and crowded harbor. There will be a host of admirers that will take sides on each event and money will be put in circulation by the more ambitious sport who is willing to back his judgment with his coin. Even today people about town are displaying their favorite colors on or about their dress.

At the Heanani Boat House last evening the crews were given some of their final instruction by Smiling Sam Walker. Sam expressed himself as well pleased with the outlook for the result of the day's races and was sure that the Blues would land a majority of them. Tom King over at the Myrtles was just as sure that his bunch would be victorious as Sam. He claims that his men are all in fine fettle and that if they lose there will be no excuse to offer.

The first event will be pulled off at 10 o'clock and a special endeavor will be made by Little Willie Monsarrat to keep the ball rolling once it is started. Doc is the Master of Ceremonies and means business.

Theentries for the various Regatta Day events closed yesterday afternoon and are as follows:

SPORTING TIPS

Walker claims walking is bad off Pearl Harbor.

After reading what Mr. Coe, of Boston, did with the 16-lb. shot, we agree with Ralph Rose that there is nothing left for him to do but seek an education.

Hans Wagner was recently suspended from the league for throwing a ball at the umpire. Had Hans suspected such punishment he would not have made it a wild throw.

Gossip has it that Young Mr. Carnegie was to receive \$1,000,000 if he won the golf championship. As near as Uncle Andrew could recall it, it was only \$1,000. Either way his money was safe.

A bowling team has been charged with professionalism. In bowling the team that wins the money is professional, the ones that try and loose are amateurs.

When it comes to making a disappearance it looks as though Todd Sloan had run a dead heat with Pat Crowe.

Fred Tenny, Boston's leader, refused to play ball the other Sunday. Before any religious organization grows enthusiastic over Tenny's high morals, permit us to state that he has a sore hand.

Jim Jeffries would like to keep the championship in the family, but he has not decided whether he will name his brother, cousin, or mother-in-law to fight Marvin Hart.

Doubtless the reason that there are not more ball stars in Honolulu is due to the fact that there are not more town lots. Another encroachment of the real estate men in the land of sport.

According to the press agents, terrible something, having conquered everything, is now going to try and throw a bull. His press agents can certainly throw the "bull" on all right.

Doolin, Doolin, Doolin and Devlin are all four crack baseball players of the National League. They are not Germans either.

THE MAJOR PLAYS GOOD TENNIS

All the tennis experts are now looking to see a new local champion in the field next season. All who have seen Major Van Vliet's work on the court express themselves as highly pleased with the way in which the Major swings a racket. The local sports who take an interest in athletic people know that the Major is somewhat of a ball player but did not know that he was so fast on the tennis court. Some of the cracks learned different to their sorrow. Although an old man the soldier runs the youngsters off their feet in short order.

Van Vliet is an old tennis shark and besides being an expert himself both his young daughter and son play strong games. It is said that the 15-year-old son often takes a fall out of the Major with the racket.

PHEASANT SEASON OPENS

Local gunners will rejoice today on account of the opening of the pheasant season. It is said that the birds are more numerous this year than they have been for some time. Manager Bidgood reports that some large flocks have been seen back of Haleiwa and that there are quite a few parties going down on Sunday to try their luck.

GOOD FOR A HASTY LUNCHEON

Many is the time when a good "ready-to-serve" dish comes in handy. Heinz Baked Beans with or without Tomato Sauce fills this demand to a nicety. They are ready to serve from the tin, for they are good hot or cold. Nice for luncheon on a busy day, for the lunch basket, for a "bed-time extra."

LOW HINTS AT TRUST.

(Continued from Page 1.)
of beef at wholesale at the Chinese butchers, selling beef in the vicinity of Yee Hop's branch shop at the King street fish market, 11-2 cents per lb. under the prices paid to the graziers, which in some cases of late have been very strenuously placed at the lowest possible limit.

The article in yesterday's Bulletin seems to have come from some one closely connected with the Metropolitan Meat Co. Paragraph 10 is a business lie. Go to the fishmarket on King street and you can buy choice pieces of steaks and roasts of beef for cash at not more than 15 cents per pound, and for other cuts from 12 1/2 cents per pound to 5 cents per pound, according to grade and quality.

There is a little joke attached to paragraph 7 regarding the Greenwell cattle which arrived at Yee Hop's slaughter pens while there were still three left of Hind's cattle. These three were hanging up dressed the following morning when one of the Metropolitan graders and inspectors "noised in" and reported, I believe, that Greenwell's cattle to Yee Hop & Co. were a prime lot, which I am sorry has created ill feeling. The Greenwells have always suffered from a severe and extended drought. There never was a kick until after these were bought by Hind and shipped to Yee Hop. There are hundreds of cattle, I say thousands, killed every year at the Metropolitan slaughter house which are far inferior to the Greenwell lot. The average price realized for this lot was 8.97 cents (almost 9 cents); with 10 cents as maximum and 5 cents as minimum of prices paid by the Metropolitan.

Hind has 5,000 head of well-bred cattle on his ranch, which means an increase of 1,000 per annum, and if it is considered that Hind has waged war against the Metropolitan is waging war against Hind and Yee Hop & Co., and the graziers are wanted to fight the Metropolitan's battles, the latter so far having failed to make any impression by itself. There are no old fools left amongst the graziers now days; the last one has died.

"The only reasons I can see for war to be waged in the beef business are the following:
"Mr. Chinaman:—If you don't buy your beef from us, we'll put you out of business!"

"Mr. Grazer:—If you don't sell your beef through us, we will knock out your consumer and then boycott you!"
