THE WORST DANGER.

The Columbia, Mo. Herald, edited by Walter Williams, says:

"A century and a quarter after the American people fought for and obtained the right to govern themselves it seems somewhat odd to hear this right questioned. Yet this is the state of affairs at the present time. The right of self government is laughed at in certain quarters. It is denied in others. The principles of the Declaration of Independence have just been declared by a distinguished citizen of Massachusetts to be obsolete.

"The Democratic party should assert the right of popular self government. In a republic this is the right preservative of all rights. If the people lose to monopoly or corruption or trust or oligarchy this right then the real republic dies wherever forms remain. Here is the strength of the Democratic party. In a failure to realize and act upon it is weakness.

"The platform of the Democratic party is in the making. It will be written by the people or by certain well-defined, smooth spoken gentlemen holding briefs for special interests. We confess to a belief in the right of the people to govern themselves and as corollary to this belief in the right of the members of a political party, the rank and file, to write their own platform.

"When this or that danger to the perpetuity of republican institutions is pointed out it is well to remember that a denial of the right of the people to govern themselves or an attempt to defeat the exercise of this right is the worst of dangers.

Two Rulers Confer.

St Petersburg, July 24—The Emperor has sailed on his yacht for a conference with the German Emperor, who is cruising on the Hohenzollern Finnish waters.

The departure of Nicholas from the Capital was entirely unexpected and has caused the greatest surprise in diplomatic circles.

Bennington's Losses.

Fifty nine members of the Bennington's crew are known to be dead and sixteen are missing. Fifty are wounded. This leaves only seventy seven, or thereabouts, who escaped injury of any kind. Memorial services for the dead were held on board the Iroquois yesterday morning, conducted by Rev. Alex Mackintosh.

Thomas Christley Dead.

Thomas Christley, an old resident of the Islands, died at the Honolulu hotel in Nuuanu street shortly after 12 o'clock last night. He was a native of Wales and 63 years of age. Mr. Christley owned considerable property and was still supposed to be well fixed.

The Honolulu bowling alley, at the Aloha saloon, corner Queen and Richards streets, will be opened tonight. Everything new and first class. Five equal for spectators.

THE POLICY OF BORROWING.

We have frequently called attention to the falsity of the Territorial policy of borrowing money. That that policy will lead the Territory into the slough of bankruptcy cannot be doubted for a moment. A few years ago, after annexation, we started out with a clean balance sheet. This was a splendid situation. But what has followed? In a mad effort to control votes by keeping the Government patronage up to an extraordinary point, the Republican party started in to borrow and has kept on borrowing from year to year. The result is that the Islands, in a few short years, have been plunged into debt deeper than ever before.

What must be the result if this policy is to be continued? The Territory is allowed to borrow a million dollars a year, or thereabouts. The Carter administration has shown a disposition to go into debt for every cent of it. In a few years the total sum borrowed will be something stunning. On the heels of that will arrive the time to pay back. Our bonds will have matured

and the time to redeem them will have arrived. How is Hawaii to face that crisis?

It would be well enough if the money was being used for permanent improvements of a revenue producing character. But it is not. Thousands of dollars are being squandered on improvements that do not and cannot return one dollar in profit. Even a lunatic must see how such a scheme will work out. The most notable thing this mad loan scheme has done and is doing is keeping the Republican party in power in the Islands. It is the bridge over which that party is enabled to cross, at the expense of the dollars of the masses.

On top of the regular loans, however, Acting Governor proposes to borrow \$500,000 with which to pay SALARIES OF EMPLOYEES! Heaven save us! This is the last straw. If the Territorial government cannot raise enough money by the legitimate methods of taxation with which to pay salaries it had better shut up shop. Treasurer Trent is showing the public how to run county government without borrowing money; why cannot the Territorial treasurer do the same? He has even better facilities.

This is a serious question the most serious question with which Hawaii has to deal today. The ship of state is rapidly moving upon the shoals of bankruptcy. At the front of the ship Secretary Atkinson has a tug pulling her along to destruction and at the stern Governor Carter has another tug pushing for all he is worth. What must be the result? The happy Hawaiian children of today will be the miserable beggars of tomorrow as a result of this Republican extravagance.

TOPICS OF THE DAY.

A lady found up a tree is the latest freak from the Volcano House.

Complaint is made that mosquitoes are worse in Honolulu now than at the beginning of the crusade of some years ago. Ooh, so? What has Mosquito-Catcher-General Larnach been doing the while?

The whole world admires a hero. In that spirit Admiral John Paul Jones and his heroic acts are admired; but we do feel sorry for the poor French beggar whose bones were dug up out of the Paris potter's field and are now being paraded in the east as those of Jones.

Does the Government pay for all of the President's telegrams to foreign countries, thanking their kings and emperors "personally"? The latest one told Kaiser William how, when he was "visiting at Harvard," he thought of him, because, etc.—S. F. Star.

If the National Guardsmen expect to make a record in the shooting at Seagirt, they are making a mistake by practicing over a range with a wind swept gulch in the middle of it. At Seagirt they will shoot over a sand-dune, with an even wind, and

it may safely be wagered that crack mainland teams are practicing on ranges as near like that as possible.

The news that a Coast bank is figuring on establishing a branch bank here is good news. In the past local banks have had too much a cinch. What is wanted is competition and that of the sturdiest kind. Heretofore the old banks have enjoyed a monopoly, and the effects of a regular bank in the financial field count; but it is a blessing to those controlling the banks to buck. That is their business.

Admiral Togo's total loss on his flagship, in his great fight with Admiral Rojestvensky in the Japan Sea, May 27th last, was only 10 percent; but the Bennington's loss, in time of peace, is something much more appalling, over 50 percent is dead, wounded and missing, death alone being over 25 percent. This is a fearful and a terrible catastrophe. But who is responsible for it?

Democratic financing for the County of Oahu was exposed by the Advertiser this morning and yet Democrats don't know how to do things. We can't believe it was done by Democratic Treasurer Trent, but that it was the work of the Republican controlled Board of Supervisors and the credit for doing it is theirs, as the resolution authorizing its being so done was introduced by Supervisor Adams. Oh, no; Democrats can't and don't do things.

Those papers on the Coast who are trying to deny that the Governor of Hawaii has the authority, under the Organic Act, to call any army or naval forces of the United States that may be here to suppress riot, rebellion or invasion had better take another squint at the Organic Act. Unquestionably the Governor of Hawaii has that power. The provision for it was inserted in the Organic Act by Congress for a definite, and that purpose was the protection of an outlying Territory. It is now too late in the day to deny the law or even to question its meaning and intention.

The visit of the German Emperor to Norway and Denmark may be the beginning of the greatest upheaval Europe has had since the days of Napoleon. For many years Germany has had wistful eyes upon the small territories near her. Norway is ready to be plucked, and could now be taken without friction. Denmark is in almost the same position. By a little dickering with Great Britain, Holland could also be absorbed, and another deal with Russia would bring in Poland and Finland. These acquisitions would make Germany the leading nation of Europe, and the objective of Europe's jealousies.

The action of the Maui meeting of Home Rulers and Democrats in deciding to work under the Home Rule banner was not only premature but was not good politics. Eventually the Home Rule organization must combine irrevocably with the Democrats. The latter has a national standing. In it the Home Rulers have all to gain, while, acting apart, they have much to lose. The fusion on Maui has worked along smoothly and satisfactorily. Why change that program and rush aside after false promises? The Home Rule Democrats of Maui have made a

The Girl of To-day

will be the woman of to-morrow. She does not know it, perhaps her mother does not fully understand it, but between the "to-day" when she is a girl and the "to-morrow" when she will be a woman, her life's happiness and health are in the balance. If she is to be a full-breasted, strong, healthy woman she must develop rightly now. She is at a crisis. She needs more strength, more blood to tide it over. Dr. Williams' Pink Pills for Pale People are the one medicine that will give her the strength and make the new blood.

Our new book, **PLAIN TALKS TO WOMEN**, explains why these pills are of special benefit to growing girls. A copy will be sent to any address. **FREE** on request.

Miss Frankie Hathaway, of Sixteenth Street, Holland, Mich., said: "I am 11 years old, at 10 I was pale and weak and did not gain under the doctor's care. Other treatment brought no better result and by the time I was nineteen years old I was so weak I could not walk across the floor. I was terribly emaciated and my skin had lost all color. The doctor pronounced the disease anæmia. One of my friends advised me to try Dr. Williams' Pink Pills for Pale People. I bought a box and before I had taken all of the pills I found that they were doing me good. Appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes and found myself permanently cured. Since then I have had no return of my old trouble and can, I remember, when I was as strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life, and I believe that no other medicine could have done it."—FRANKIE HATHAWAY, Ottawa, Mich., Holland, Mich.

BASEBALL GAMES.

The baseball series played at the League grounds last Saturday were attended by the smallest audience of the season, only three cars being needed by the Rapid Transit Co to fill the transportation accommodations for the crowd that assembled. The opening game was introduced by an overture by the Band at the close of the introductory tune the diamond was occupied by teams of the H A C and P A C clubs the game being won by the H A Cs who, notwithstanding that the Panshous had the prestige of Castle in the box, nearly succeeded in giving the Pans a complete goose-egg record, the game ending in a score of 6 to 1 in favor of the H A C. The winners played an errorless game while the Pans got 3 errors.

The second game of the afternoon brought the Elks and the Mailes in opposition. Hampton took the box for the Elks and Freitas and Amoy attempted to fill the bill in like position for the Mailes. The Elks played an easy good natured game, picking up runs from the start until the 5th inning when the luck of baseball came the Maile's way and they too commenced to score and the Elks stopped short not scoring, another run from the 5th to the end. The Mailes found to in the 6th and two more in the 8th and that was all the Elks winning the game by the score of 6 to 4.

Following is the score of both games by innings:

	1	2	3	4	5	6	7	8	9	
H A Cs	3	0	0	0	0	0	0	0	3	—6
P A Cs	0	0	0	0	1	0	0	0	—1

Vaudeville at the Zoo.

'Twas a high class party of people that filled the seating capacity of the cozy Zoo theatre last Saturday evening and an audience that seemed to enjoy heartily the stunts of the various performers that appeared to entertain. The performers were all adepts, from the excellent flute solo with violin accompaniment, the mandolin and ukulele and guitar solo and duet, the comic songs and impersonations, down to the veritable (refined) hula itself and not excepting the youthful whistler. Another performance will be given on next Saturday evening with proposed entire change of programme.

Mrs Morton Dead.

Upper Makawao was much grieved Saturday to learn of the death of Mrs E Morton, wife of Deputy Sheriff Morton. Mrs Morton while not exactly an invalid has not had her usual good health for the last six months, and within the last week the ailment took a turn to the worse, terminating in her death Saturday.

Mrs Morton leaves a bereaved husband and three boys to mourn her death.—Maui News.

An alarm of fire was turned in from Box 56, Insane Asylum road near School street, early yesterday morning but the blaze did not amount to anything.

The Honolulu bowling alley, at the Aloha saloon, corner Queen and Richards streets, will be opened tonight. Everything new and first class. Fine lanai for spectators.

LOCAL AND GENERAL NEWS.

THE INDEPENDENT 50 cents per month.

There will be four regular mail steamers in and out this week.

The Manuka will sail at 6 o'clock this afternoon for Victoria and Vancouver.

The steamship Manuka, from the Colonies to Canada, arrived in port just before noon.

On the way up to the Coast the Claudine lost a boat, it being carried away by heavy seas.

Postmaster Pratt has ornamented the post-office flag-pole with a neat new American flag.

Isaac Noor, an old well-known resident, is now at the Queen's Hospital suffering from pneumonia.

Mr Rosenberg, head of the Eagles, will sail this week for Denver to attend the annual convales of the order there.

The Kamehameha Alumni gave a very creditable musical before a large audience in the Orpheum Saturday evening.

It is reported that W C Crook, recently appointed Assistant County Attorney, has, some day last week, already tendered his resignation.

Chief Machinist Wheeler, who may have been killed on the Bennington, was a resident of Honolulu when he enlisted. His son is working for the Gazette Company here.

The French government has decided to send a fleet to the United States in October as a return compliment for the fleet that went over to bring back the body of John Paul Jones.

Both the transports Lawton and Solace have sailed from Guam for Honolulu. If they did not strike bad weather they should arrive here about the first of the month. The Lawton will bring troops for the Coast.

Yesterday was another "dry" day at Waialiki. The Moosa hotel and other resorts were compelled to keep their buffets closed. The crowds at the beach were smaller than on any warm Sunday in a long while.

There is sometimes a morsel of good luck in a barrel of misfortune. H Whitlock, a sailor of the ill-fated Bennington, was accidentally left behind here by his ship. He is now shaking heads with himself on what appeared a few days ago to be "hard lines."

Services were held aboard the Iroquois yesterday morning as a memorial to the men killed on the Bennington. In the afternoon the Hawaiian band, playing at the Palace, rendered the "Dead March in Saul" in place of "Old Hundred" on the same account.
