RAPID TRANSIT ASSESSMENTS

THE SUPREME COURT SUSTAINS THE FIXING OF TAXATION VALUE OF THE COMPANY'S PROPERTY AT ABOUT A MILLION AND A HALF—ASSESSOR HOLT WINS ANOTHER NOTABLE VICTORY.

The Supreme Court this morning decided the Rapid Transit tax appeal, affirming Assessor Holt's assessment involving about three quarters of a million raised over the valuation the company placed on its property in its return. The return was at \$682,082.50 and the assessor made it \$1,407,200. The Tax Appeal Court fixed it at \$1,351,015.55. The decision of the Supreme Court says "assessment affirmed."

In deciding the case the court says, "The company set forth its property in its corporation exhibit of December 31, 1903, as of the value of \$1,692,267, including franchise and subsidies, \$530,000 but it contends that the amounts set forth in that exhibit are a mere matter of bookkeeping and do not represent actual values, and that the franchise has no taxable value. This corporation is young and had begun laying its street car tracks only a few years before and was apparently a growing concern. It had already become able to pay 6 per cent on its bonds, 6 per cent on its preferred stock 4 per cent on its common stock and lay

aside considerable as a sinking fund to meet its bonds when they should become due and its stock when the franchise should expire twenty-six years hereafter.

"Per curiam. It does not appear that the assessment by the tax appeal court was excessive. Twenty per cent was a liberal deduction to be made from the value at which the common stock stood in the market as indicated by ordinary sales in small lots. The tax appeal court, however, made the same deduction from the market value of the preferred stock, which could hardly be considered as on the same footing with the common stock, and also allows a deduction of five per cent from the bonds, although a purchaser would take the stock or property subject to the payment of the bonds in full at their maturity, and they stood above par in the market at the time. No special circumstances show that the assessment should be reduced. Assessment affirmed."

DEMOCRATS WILL HOLD CONVENTION

COMMITTEES ARE TO ASSEMBLE NEXT TUESDAY NIGHT AND SELECT THE DATE.

A joint meeting of the Democratic district committees for Oahu was held at Waverley Hall last night for the purpose of considering the best means of starting the county campaign. Frank R. Harvey chairman of the Fifth District was chairman and B. N. Kahalepuna secretary of the Fourth District was secretary. There was considerable discussion and the meeting finally decided to call the delegates to the last district conventions to meet in a county convention for Oahu. The county committee which is composed of the two district committees will meet next Tuesday at 7:30 p. m. to select the time for the holding of the nominating convention.

The sentiment now seems to be in favor of dispensing with primaries as the time is very limited. Some of the leaders think that it would be wise to hold the nominating convention at night so that all of the delegates and other members of the party could be present.

ISLAND POSSESSIONS TO WORK TOGETHER

SECRETARY ATKINSON GETTING UP A CAMPAIGN FOR A TARIFF ON COFFEE—SAYS HAWAII COULD RAISE A HUNDRED MILLION POUNDS A YEAR WITH A TARIFF OF FIVE CENTS.

Among the matters which Secretary Atkinson is taking up on his mainland trip is the coffee tariff proposition which is regarded as possibly of vast importance to this Territory. The secretary in his former trip had some discussions of the proposition, among those with whom he talked being Governor Winthrop of Porto Rico, who is also interested in the proposition. It is planned to have Hawaii, Porto Rico and the Philippines join in a movement at Washington to get the desired tariff.

Before leaving for the coast Secretary Atkinson wrote a letter to Governor Winthrop, suggesting certain lines of work to be followed. The letter said: "I am just as enthusiastic as ever

some of the Republican leaders and get them interested on the theory, that to put this duty on would raise enough money to overcome the deficit which the country is now facing.

"I do not believe that the party wants to go before the country in the next election without some idea of overcoming this deficit. You raise a large amount of coffee which, no doubt, could be increased tremendously; while we do not raise anything compared to what you do still there is a whole lot of our coffee that it does not pay to pick that has been abandoned on account of the low price. With a good substantial duty on coffee we would not only use and develop every coffee

GOV. BENJAMIN WINTHROP

over the possibility of getting a duty put on coffee, and the matter is being worked up at this end of the line very speedily. I have been very much encouraged at what I have heard, and articles that appear in the papers from time to time seem to show that more than likely some action will be taken at the next session of Congress.

"I am really writing you to get in touch so that I may hear from you and find out what can be done, and what can be expected of your people, and also to give you some of my ideas and the information I have heard at this end. I believe, in this matter, that our interests are identical and I want to keep in touch with you and your work on this subject, as I believe that neither of us should make any radical move without knowledge of the other.

"In the first place, I think that we should get a strong recommendation from the President in his message to the next session of Congress, asking for say 5 cents duty on coffee, then we may be able to take the matter up with

tree growing, but in five years or more we could multiply our present crop.

"Coffee also can be grown in the Philippines to a large extent, and it is only probable that as we are now within the pale of the tariff laws that they should receive some protection thereby. If the Philippines could be encouraged substantially to go into coffee then this would cover the tariff on sugar, which brings up opposition from mainland planters and beet growers would cease. It would, no doubt, take some time before the tropical possessions of Uncle Sam could produce enough coffee to supply the home demand, so in the meantime the duty realized would help the deficit and give us all a chance to develop our coffee plantations.

"For the sake of collecting data I wish you could kindly give me your ideas of what you are producing now, and what you think you are capable of producing with say, under two and

THE "FOREST CITY" ART PORTFOLIOS

Constitute a Complete and Artistic Pictorial and Descriptive History OF THE GREAT ST. LOUIS WORLD'S FAIR

(Reduced Pen Sketch of Cover. Size of Page, 11x14 inches.)

SO THOROUGHLY does this Great Exposition represent the world's civilization that if all men's other works were, by some unspeakable catastrophe, blotted out, the record here established would afford a necessary standard for the re-establishment of our entire civilization. And, just as the Louisiana Purchase Exposition held within its gates an epitome of the civilization of to-day, so the Forest City Portfolios are a complete record and reflex of the great Exposition. This great World's Fair, one of the most remarkable undertakings in the history of American civilization and progress, will inspire many pens, but no history of the great event can compare with the one written on the grounds by Secretary Stevens and illustrated with 480 magnificent photographic reproductions, which transfer the Exposition to the printed page.

Hawaiian Hula Shocked Sausalito

THE SAN FRANCISCO YACHT CLUB AT ITS "LOW JINKS" IN THE MARIN COUNTY TOWN HAD A HAWAIIAN HULA DANCER WHO WORE NO CLOTHES, AS A PART OF THE EVENING'S PROGRAM—MUCH OBJECTIONS.

SAUSALITO, April 24.—Mayor Thomas and the Sausalito Trustees tonight decided by a unanimous vote to investigate the scandal caused by the dancing of a nude woman at the "low jinks" of the San Francisco Yacht Club at an early hour of Easter Sunday morning. There is a law against such exhibitions and the trustees, in response to public clamor, have decided to proceed against those responsible for the immodesty.

The dancer was a Hawaiian. She had little of the lissome grace supposed to belong to the daughters of the tropic first born, and she left all her modesty with her garments in the dressing room. Many of the men who saw her huge cavortings were a good deal disgusted, but others showered her with silver, and she quit her dancing to chase the elusive pieces of money.

But thin or fat, the fact that she was as undraped as Venus or Phryne has shocked all Sausalito. The blushes have spread to Mill Valley and to Rose. They have even invaded San Rafael and gone burning on toward Petaluma.

In fact all Marin county is in a sunset glow of bashful indignation. The women are talking of "that horrid thing." The men frown over the doings of those they call "the dudes." And it is out of this general shock to the modesty of the county that the trustees of Sausalito tonight decided to take action.

INTEND TO PROSECUTE.

At the meeting tonight Trustee W. J. Martin moved that in view of public charges that had been made about an exhibition given at the clubhouse on Sunday morning, the trustees resolve themselves into a committee of the whole and investigate the affair with a view to prosecuting and violation of the law.

The motion was seconded by Mayor Thomas, who said that decency required the board to take the stand. The silver, but the hunt of the trustees motion passed without a dissenting for the culprits has just begun. They vote and the committee now stand ready on the trail and they seem eager to composed a follow: Mayor Thomas, make a few notable examples.

ELLEFORDS PLAY TO BIG HOUSE

SUCCESSFUL OPENING LAST NIGHT OF THEIR FOURTH ANNUAL SEASON HERE.

With "The Belle of Richmond" the Ellefords opened their fourth annual season here at the Orpheum last night. The house was crowded in every part, and the play was decidedly successful. It provided an interesting evening's entertainment for the large audience and passed off well, making an auspicious opening of the season. The audience showed much appreciation, and more crowded houses may be expected.

Many of the old members of the company were remembered by the audience. Pietro Sosso, Charles Edler and Myrtle Selwyn in leading roles all made hits. Sosso gave a forceful impersonation of the character of Gerald Gordon and Edler's representation of Col. Lee was excellent. Miss Selwyn besides playing her part very well gave a specialty which was loudly applauded. Miss Auda Due the new leading lady of the company, was excellent in the part of Nellie Mason, the belle of the play. George Hernandez Albert Pent, William Marion, William Osmond and Grace Lamont were all good in their respective parts, also Anna Dodge, William Daul and Frank Howe. The company may be expected to do some clever work with its other plays. "The Belle of Richmond" will be repeated this afternoon and evening and should draw well.

HEAVY EARTHQUAKE ON HAWAII

A TREMBOR WHICH LASTED TEN SECONDS, REPEATED ITSELF AND RANG A BELL.

HILO, May 4.—There was a rather heavy tremor in this district at 3:20 p. m. yesterday, the motion coming from all points of the compass at the same time. Dishes rattled on the pantry shelves and bottles in the saloons parred each other worse than a Carter veto of the license bill. The quake was light for the first two seconds and increased in violence until the motion ceased ten seconds later. This is considered the heaviest shake Hilo has had in nine years. No damage is reported from the country.

From the Volcano it is learned that the shock was quite distinct there, but as well as could be ascertained at the hour of going to press no material change was observed in the appearance of the lake. No one had returned from the pit, however since the shake occurred.

At 4:10 there was another shock as severe, if not more so, than the first. The clapper of the Foreign Church bell was dashed twice against the bell. There was considerable excitement among members of the Japanese colony and on Furneaux Street, where many Japanese reside, the women ran out of the houses in fear. At Saint Joseph's Convent there was an overturning of bottles and dishes, in some instances breaking them. In the saloons, where it is said, there is much glassware exposed, no damage was sustained.

The third and weakest shock occurred at 6:25 p. m. This one did not amount to much and was not noticed in some parts of town.

Queer Ways Of Appropriating

Governor Carter's comments on the legislative disposition to increase appropriations without providing adequate revenue to meet them are a timely warning to the lawmakers which should cause them to avoid the mistake so common to Hawaiian legislatures, of appropriating more money than is available.

With its big bonded indebtedness, which it is proposed to increase, the Territory of Hawaii is under an imperative obligation to live within its income.

If the legislators are jealous of their own rights, they will carefully guard against appropriating more than the income. If there is not money to meet all appropriations, the executive has to use discretion in selecting which shall be carried out.

The Division Of States

The movement in Pennsylvania for a division of the state, if it is a really serious movement, is almost without precedent. There has never been but one division of a state in the whole history of the union, and that was in the nature of a revolution and was one of the throes of the great struggle for the preservation of the Union.

But Virginia is the only state that has ever been divided. North and South Carolina were separate colonies before the Revolutionary War.

In Texas, out of which a number of large states might be created, it was not long ago that Senator Bailey in response to the suggestion of division, gave expression to some inspiring sentiment about the indivisibility of the state's heritage of sacred associations.

It is a similar sentiment that will in all probability keep California intact, and Pennsylvania too for that matter, unless the itch for additional senatorships gets too strong, and then besides, the consent of congress will have to be obtained.

Betting At Amateur Sports

It is the almost universal testimony of visitors to Australia, that in no country in the world is the gaming spirit so prevalent, so almost omnipresent. Nowhere, probably is more time given up to sports, by so large a proportion of the population.

But there are many signs that a reaction is setting in, and in some of these signs there are suggestions which might be found useful in Hawaii and even on the mainland where the betting habit is thought not to be so universal.

But the most striking sign of the new order of thought and the plane

THE HERO OF PORT ARTHUR

GLN TZEPIRKY

BERTELMAN HAD BEST ROOM

PAID FOUR A WEEK BECAUSE HE HAD BEEN ACCUSTOMED TO LUXURY.

Mrs. Orth was the first witness called by United States Attorney Dunne in the trial of the case of Bertelman, on a charge of impersonating an internal revenue officer. She is the landlady who is alleged to have been deceived by Bertelman's representations that he was an employe of the federal government. Bertelman stopped at her place and his belongings are alleged to be stopping there yet.

Mrs. Orth testified that Bertelman wanted a good room and so he was given it, even though it costs \$4 a week. On asking for a room he stated that he had been accustomed to having a nice place to live in, hence the \$4 rate. The room had matting on the floor, and Mrs. Orth said she was always very careful about who occupied it, but Bertelman appeared to be all right, though he told her he could not pay up the whole four because the banks had closed. This was on Saturday, and she took the risk. The next day it was Sunday, and the banks were still closed. When Monday came they opened all right, but Bertelman didn't, according to the witness. He then informed her that he was in the employ of the United States Internal Revenue department, and besides a fine salary, was getting \$75 per month for expenses, said Mrs. Orth. This satisfied her that he was good for \$4 per week for his room, and she let him remain, using the matting and all the other comforts. Under cross-examination by Cathcart Mrs. Orth gave some details about the valuable service Bertelman got for his \$4 per week, but she insisted that the defendant had declared himself a revenue officer. The trial will be continued Monday.

SCHILLER CENTENNIAL

HUNDRETH ANNIVERSARY OF THE POET'S DEATH WILL BE OBSERVED BY LOCAL GERMANS.

The one hundredth anniversary of the great German poet, Schiller's, death will be observed locally by the German School Association at the school on the premises of the German Lutheran Church tomorrow afternoon from 3 o'clock to 5.

There will be musical numbers by a quartet composed of W. H. L. Nolet, H. Taek, Carl Busch and Carl Smith, with A. Falke as pianist and accompanist. Mr. and Mrs. Constabel will sing a duet. There will be an address by Pastor Feimly, and there will be other numbers. Refreshments will be served. All Germans interested are invited.

Schiller died May 9, 1805. His poetry has not only always been popular in Germany, but its merits are recognized wherever letters are appreciated. This centennial anniversary will be observed all over the world, not only by Germans but by others.

OPENING GUNS OF THE CAMPAIGN

REPUBLICAN MANAGERS AT WORK THIS AFTERNOON FOR THE PRECINCT MEETINGS.

Notices have been sent out by Chief Clerk C. R. Buckland of the secretary's office that May 31 is the last day on which nominations for county offices can legally be filed. The notices have been sent to all the islands. Buckland has also made up a form of application for a place on the official ballot, which candidates are asked to use. In the last election there was no form used, and every candidate wrote his own petition in his own way. The use of a form will facilitate the work of the secretary's office. The form made election, Buckland having taken the best forms that were used last year. These were the Democratic forms, says Buckland.

Republican managers were busy today doing a lot of work and saying nothing in preparation for tonight's meetings. The fight is practically centered between the administration and the faction which is intent on nominating former High Sheriff A. M. Brown for sheriff of Oahu. The results to-night may give some idea of relative strength.

SALES AT MORGAN'S TODAY.

At Jas. F. Morgan's auction rooms today the sale of 9-10 of an acre of land at Ewa belonging to Lavina Kapu resulted in the land being secured by A. J. Campbell for \$10 to order. The sale of the Buckle property on Beretania street was postponed a week. The foreclosure of Chris Holt's interest in the C. J. Holt estate, was settled out of court, and sale was withdrawn. Sales of stock were as follows: L. B. Kerr & Co., 10 shares at \$48; 12 shares Sachs at \$55.

TO WORK TOGETHER

It is our duty. I believe the people here in the United States during the year 1906 will be roughly spending 1,000,000,000 pounds, so it would take a number of years before we could any way approach this figure. Still as far as we are concerned while we are now marketing 5,000,000 pounds I feel should then in ten years with the price of sixteen cents, we could produce 100,000,000 pounds and perhaps double that amount.

"Secretary Taft with his party of Senators and Representatives will be passing through here in the middle of July on his way to the Philippines. They will be probably interested in studying the possibility of coffee culture in the Philippine Islands. I expect to see them going and coming, and you may be sure that I will try and interest them along the lines which I am writing.

"Before next fall I expect to get our coffee men together, under some organization, so that we may be able to work consistently. I think our chance is coming now, so far as coffee is concerned, and I hope that you will find time to interest yourself in this matter, so give me your ideas if you please."

HILO'S RACING DAY.

HILO, May 1.—The number of horses for the Hilo races on July Fourth is increasing and indications are that the meeting will be a successful one. The committee is doing some excellent work.

There will be services at the Christian church tomorrow morning at 11 o'clock in the evening the congregation will join in the union services at the Central Union church. All are invited.

E. A. Fraser, of Mahukona, manager of the Hawaii Railway, arrived by the Kinan.

Visitors returning from the Volcano, report its activity as still continuing and being most interesting. The earthquake was felt at Kilauea but did not seem to make any difference in the volcano.

LOAN FOR COUNTIES

"I am reminded of the saying 'consistency is a jewel,'" said Governor Carter this morning, "when I read the published accounts of the work that is being done in the legislature. I notice that numerous appropriations have been made for roads, to be paid from the loan fund, for the counties. It appears to be the idea that the Territory is to assume the debt for these county matters. The members from the various counties have held caucuses and decided how to divide up what the Territory is supposed to borrow money for."

WANT TO ADJOURN

A spirit of hustling has seized the legislature, especially the lower House, and the members are talking of getting through by next Saturday. They are also turning the tables by complaining that they are being delayed by waiting for the Senate. The representatives are anxious to get home to fix up their political fences for the coming county election, and this is likely to spur them on. The ambitious haste has led to suggestions about the Capitol building that there ought to be a county election every time just after the legislature meets, in order to hasten the session.

LOAN FUND APPROPRIATIONS

HOW THE WORK GOES ON IN THE SENATE—THE MONEY DIVIDED UP.

The Senate met this morning prepared to begin again the battle on the loan bill. But before getting upon that, on motion of Dickey, Senate Bill 6 was taken up and read for the third time. This is the bill making appropriations to pay unpaid bills of the Territory. The bill passed third reading, and then the Senators went to work on the loan bill at the item of \$155,000 for water works at Honolulu.

Achi moved that the item be put in the bill at \$200,000, and it carried. It had been anticipated that this would cause a fight, the outer island senators expressing some hostility to Oahu before the meeting of the Senate, but the trouble came, instead, over the \$5000 appropriation for water works at Koloa. Upon this, the question was as to whether the government had the right to water and also as to whether there were enough water users there to make the expenditure profitable.

The item finally passed, on a fight made for it by Gandall and Wilcox. The next item, \$10,000 for water works at Waimea, also on Kauai, likewise passed, although some discussion was raised upon the advisability of the expenditure.

The appropriations for the island of Hawaii were then taken up, item by item. The consideration proceeded smoothly, the recommendations of the committee being followed until the item of \$2000 for a court house at Waioluhi was reached. It carried, after an attempt by Achi to cut the item in half had failed, on a tie vote.

Achi objected to the appropriation of \$2000 for a bench road from Kealia to Hookena. "It is an old and not a new road," he said. "We cannot put that in the loan bill and it is not a part of the belt road. There is no reason why the Territory should run in debt for that road. Let the people build their own roads. There would be no end to it if we began building all these little roads." However, the item was put in the bill.

The balance of the appropriations for Hawaii passed as recommended by the committee, and the consideration of Maui appropriations was taken up, and the Maui items were all passed without objection, after the members from the island had explained the need for the proposed improvements.

There was war when it came to the consideration of the Kauai appropriations, not perhaps so much upon the first item in the report, namely \$26,000, for the extension of the belt road system from Kaliahiwa to Moioa, as upon a question of privilege. Senator Achi wanted to talk, but arose after the President had declared the item carried. "What kind of a way is that to shut off discussion?" asked Achi.

"You are out of order," said the President, "the item has passed."

"I am not out of order," cried Achi, "I rise when I want to address the chair, and you have no right to shut off discussion, as a representative of the people I have a right to talk. I move for a reconsideration of the item."

The vote was a tie upon this, and the President voted to sustain his own ruling. Consideration of the Kauai item proceeded, in an atmosphere charged with electricity. Kauai, however, got through without being cut down any.

There was still electricity in the air when it came to Oahu appropriations. The appropriation of \$15,000 for new laundries was stricken out.

The item of \$55,000 for sewer system and storm drains in Honolulu caused some discussion, Achi moving that the item be put at \$30,500, as recommended by the Governor. This carried.

Dowsett moved that the item for laundries be inserted at \$14,500. Carried. But the air was still charged with electricity. The item of \$7,500 for the Manoa road came, and nobody said anything.

"I put no more rates," said the President, "unless I hear a request for the question."

The members asked, accordingly, and then did not raise their hands on the vote: "I ask for a rising vote!" cried the President. On this the item was inserted in the bill.

DEPARTMENTAL APPROPRIATIONS

THE HOUSE GOES TO WORK ON THIS BILL AND GETS THROUGH MANY ITEMS.

The third reading of House Bill No. 4 (departmental appropriations) was taken up and the House went to sleep while the clerk and the interpreter took turns in droning through the long list of figures.

The total amount of the appropriations, as passed, is \$1,487,595 as compared with \$2,442,250 on the bill originally introduced. The difference is due mainly of course, to the fact that items of expenditure purely chargeable to the counties, if there are to be any counties, were cut out.

On motion by Rice the bill formally passed third reading. Aylett, Greenwell, Lewis, Long and Nakulna, for some unexplained reason, voted against the bill.

Lewis introduced a resolution for the payment of \$45 to John Moore for services as luna on Koola and Kalapana road, November 1902.

House bill No. 6, for the payment of \$2,344.11 unpaid bills passed third reading. The different items of the bill are:

Enoch Johnson	\$ 240 80
John Wise	240 80
Charles Wilcox	57 60
W. J. Coelco	458 60
D. H. Kahaulelio	105 84
Solomon Meheula	585 02
Paradise of the Pacific	634 20
Hawaiian News Co.	21 25

Total.....\$2,344 11
 Broad, Greenwell and Nakulna voted against the bill.

House bill No. 7 changing certain appropriations made in 1903 was read a third time.

House bill No. 5, making special appropriation for the payment of unpaid bills and for settling agreements entered into prior to July 1, 1904, was reported from the Printing Committee. The House went into committee with Long in the chair.

The committee passed the bill with some minor amendments and reported to the House asking for time to prepare a written report.

This was adopted and the House adjourned at 12:35.

PLANTERS ON LABOR

A number of sugar planters arrived today by the steamer Kinan. It is understood that they came to attend a meeting called for the purpose of discussing the labor situation. The matter of inducing the Japanese to remain in these islands and not immigrate in such wholesale numbers to the mainland, is understood to be one of the matters that will be considered. Other matters of interest to the welfare of the sugar industry will also be discussed.

IMMIGRATION OFFICIALS BURY.

Monday will be a very busy time for the immigration officials. They will examine the immigrants to the number of 401 who arrived on the S. S. Coptic last month from the Orient. The immigrants were placed in quarantine for two weeks owing to a case of small pox aboard the Coptic. In addition to the Coptic passengers there will be probably several hundred more to arrive

For the Skin
 You cannot have a fair and smooth
 skin unless the blood is pure.
 Diseases, eruptions, rashes, pimples,
 all these have their origin in the blood
 but all impurities out of your
 blood before you are seriously ill.

Miss Dorothy Maher, of Filmore, Vermont,
 sends her photograph and this letter:
 "I had a terrible eruption on my face
 which was of a very irritating nature. I tried
 many blood purifiers, but without result.
 Friends told me to try Ayer's Sarsaparilla.
 As it was a most famous blood remedy, I did
 so, and after taking only two bottles I began
 to see a great change. By the time the third
 bottle was used the eruption had entirely
 disappeared, and without leaving a mark on
 my face. I am perfectly well now, and I owe
 it all to this great blood-purifying remedy."

HIGH TEST OIL.
 The Hawaii Herald says:
 The passage of the high test oil bill
 by the legislature would have meant a
 barrel of money for Captain William
 Matson who has the only high grade oil
 on the coast. Had it passed nearly all
 of the oil from the other companies
 would have been shut out of this mar-
 ket and the contracts with them would
 have been broken or the dealers would
 have been obliged to buy from Matson.
MADAME PELE BECOMING ACTIVE
 The following letter dated May 4, has
 been received by Wilder S. S. Company
 from Hilo:
 "Another landslide covered up the
 fire in the crater, but yesterday he had
 a series of six earthquakes, two of
 them very heavy. One about noon, a
 very heavy one at 3:29 p. m., one as
 heavy at 4:12 p. m., and slight ones at
 6:46, 10:38 and 11:05 p. m. The heavy
 ones loosened up the crater again and
 now there are two cones in very active
 eruption."

MOVE TO DIVIDE PENNSYLVANIA
 Western Section Would Make New State of Twenty-three Coun-
 ties—2,000,000 People.

PITTSBURG, Pa., April 23.—An effort to separate Pennsylvania in
 two, the western half to go by itself, and be known as "the State of Al-
 legheny" is now on foot. There are those west of the Allegheny moun-
 tains who feel that all is not well for them in the eastern part of the
 State and the proposition is now made that twenty-three counties on
 this side of the mountains be separated from the rest of the State and
 go alone.
 Today the Pittsburg Leader, very close to Western Pennsylvania po-
 litical leaders, comes out in a column article calling for the division of
 the State. Attention is called to the prophetic words of Abraham Lin-
 coln, who once referred to this section as the State of Allegheny, mean-
 ing, at that time, perhaps, Allegheny county, in which Pittsburg and
 Allegheny are situated, as well as the greatest steel plants in the world.
 Greensburg, Pa., is suggested as the site for the new State capital.
 The State of Allegheny would have a population of 2,100,000, according
 to the census of 1900, and with its rate of increase for the last twenty
 years maintained would, in the census of 1910, take seventh place in
 the Union.

Fined By Wire: Paid By Mail
 Illinois Farmer Who Was Too Busy To Go To Court Makes
 Use of Telephone and Post.

BLOOMINGTON, Ill., April 18.—Fined by telephone and paying
 his fine by mail to a distant town is the way Robert Willard, a busy
 farmer near Elkhart, Ill., disposed of a case in which he was charged
 with drunkenness and disorderly conduct. Constable Pettit went from
 Lincoln to arrest Willard. The latter was plowing in his fields and
 represented to the constable that he could not afford to spend two days
 going to and coming from Lincoln. His prospective corn crop de-
 manded all his attention.
 After some discussion the constable dubiously agreed to the use of
 the telephone which Willard had in his farmhouse. The accused man
 got connection with Justice Rudolph of Lincoln, asked what the charge
 was, pleaded guilty, and was told his fine, including costs, was \$15.
 "Can I remit it by mail?" asked Willard.
 "Sue," answered the Justice.
 So it was arranged. Willard mailed the money, which was received
 today, went back to his plowing and the incident was closed.

 HILO May 4.—A Japanese who has

 on Tuesday at one of the mauka camps
 at Hala Hills. He was preparing for an
 exhibition to be given there on Tues-
 day night and in some way, while hand-
 ling, the gas tank exploded with ter-
 rible force, a piece of the steel from
 which the tank was constructed plough-
 ing a hole through his head. A coron-
 er's inquest was held in the afternoon
 and a verdict in accordance with the
 facts rendered. It is said that the
 noise of the explosion was heard at the
 office in Hala Hills, a mile from the
 camp.

PRAYER WAS HIS SUBJECT

DR. OSTROM GAVE ANOTHER MOVING ADDRESS AT THE RE-VIVAL SERVICES YESTERDAY.

Evangelist Ostrom took as his subject "New Testament Prayer" in the meeting yesterday afternoon at the Central Union church. After an excellent musical service in which Messrs. Hills and Butler took prominent part Dr. Ostrom delivered his address. "Prayer" he said "is a critical undertaking. It is wrong for us to speak of it wholesale. It is more critical than work, than needlework, than the chemist's art. It is so critical that the disciples wanted to be taught to go to a school of prayer. There is need, says James, of a fervent prayer. The fervent, invoked prayer availed much. There is a praying that brings no result. I do not wonder that many people become confused in the subject of prayer; it is such a great undertaking it is not against the railroads that there is once in a while a wreck, we all ride them. It is not against prayer that somebody plays a prank or gets confused, we still need to pray. "It is possible for one to gamble at prayer. All the gambling isn't done at the race track. One woman prayed for something for ten years. Just 'heads I win and tails I lose' and she lost everything. Why? Because she was just tossing up a prayer every day to see what became of it, and had neglected bible study and everything else. She had not got the true spirit of prayer. "If we regard iniquity in our own hearts the Lord will not hear us. If there is a quarrel in the family it will spoil family prayers. Sometimes at church some one will be slightly disgruntled because he wasn't elected vice president of something on the twenty-third ballot, and the prayer meeting afterward is a little chilly. If we are not right in our hearts we can't get right with God. To really honor God you must believe that he will forgive. He that really gets liberty from God must believe in a forgiving and merciful God. "The tenth lesson that Jesus gives is 'Asking in his own name.' That is the warning he has given us against prayer tricks. Let us go forth and not say 'I'm going to have a notable thing done,' say 'I'm going to get to Jesus and we will receive a blessing, the sweetest ever known.' "It snowed in Kentucky the other day, but bulletins just issued show that the mint crop is unimpaired.—Chicago Record-Herald.
