SUBSIDY WINS IN COMMITTEE

(Associated Press Cable to The Star.)

WASHINGTON, D. C., February 3.—The ship subsidy bill of Representative W. E. Humphrey of Washington has been ordered favorably reported to the House by the Committee on Merchant Marine, by a committee vote of ten to seven. Congressman W. W. Wilson, Republican, of Illinois, and Congressman John P. Swasey, Republican of Maine, voted with the Democratic members of the committee against the favorable report of the bill. Congressman Hobson, Democrat, and Congressman Maynard, Democrat, were absent.

SENATE HITS ADMINISTRATION

(Special Cable to The Star.)

WASHINGTON, D. C., Feb. 3.—The Senate gave a slap at the administration today. A bill providing for the establishment of an insane asylum in Alaska, which had been sent to the Senate by Secretary of the Interior Ballinger, by direction of President Taft, was taken out of the hands of the committee which was considering it, and the ground that neither a member of the Cabinet nor the President has a right to send a bill to the Senate.

QUICK JUSTICE; MURDERER CONFESSES BEFORE HIS HANGING

Kanagawa was hanged this morning, his guilt and expressing regret that he had committed the crime more quickly in this case than in any other in local history, with one exception, the crime having been committed only a few months ago.

While everything in the way of the hanging arrangements was accomplished without accident, one incident of significance occurred. It will be remembered that Kanagawa, after he had cut his wife's throat, attempted to kill himself, inflicting a ghastly wound in his neck. He was taken to the hospital and for a time his life was despaired of, the doctors laboring enthusiastically to save his life, though they were saving it for the hangman.

During the drop, when the rope tightened about the neck of the wife-murderer, the old wound opened, the flesh breaking at the strain.

Hangings have been scarce of late, and Kanagawa's going out by this means was the first in many months.

Before passing to the "drop" Kanagawa made talk to the Japanese minister who attended him, confess-

ing his guilt and expressing regret that he had committed the crime more quickly in this case than in any other in local history, with one exception, the crime having been committed only a few months ago.

PITIFUL SCENES OF TYPICAL HONOLULU WATERFRONT PAYDAY,— THE TOLL OF THE SALOONS

One of the features of pay day which has become familiar to large employers of labor is women at the pay offices pleading with their husbands to get them to go home without making calls at saloons en route. It is seen almost every Saturday.

The Honolulu Iron Works, the draying and stevedoring companies, are all accustomed to this pitiful spectacle. Leaving the pay office a large proportion of the laborers drop in at some saloon or other on their way home, with their week's wages in their pocket. Then begins the "treating" and the rapid drinking—and spending. In many cases it ends with a drunken husband and father going home in a hack, with perhaps a few fish and some poi and a big bottle of gin, and little money,—sometimes none at all,—for the home.

That is why the women come to the pay offices and plead with their husbands. That is why the women and mothers are happy when they are able to go home arm in arm with their husbands, direct from the pay office to their children,—without a stop at a saloon en route.

For the protection of sailors and with the approval of the naval authorities, if not at their suggestion, saloons have been eliminated from the district between the naval wharf and the city center. By the unanimous demand of the residents of such districts as Punahou, Makiki, Nuuanu valley, Kaimuki, etc., saloons are not allowed in those districts. But saloons crowd the pathway of the Hawaiian laborer on his way home from work and the cheapest and worst saloons Honolulu knows are all round his home, so that if his wife's pleading gets him home with his pay intact, the minute he drops out of doors he is likely to see the lights of a liquor joint.

PROHIBITION FOR HAWAII

LIQUOR DEALERS GET ANOTHER SCARE IN A CABLE FROM WASHINGTON—INDICATIONS THAT PROHIBITION WILL PASS—NO LIKELIHOOD OF ANY SERIOUS OPPOSITION TO IT FROM HERE.

The "situation looks serious" in the matter of the proposed federal Prohibition law for Hawaii, according to a cable from Washington received this morning from Attorney F. E. Thompson, who is representing the liquor interests here as their attorney. This is taken to mean that Thompson, who is watching the course of events, has come to the conclusion that the Prohibition bill is likely to pass, and he wants the community of Honolulu to know it, and make a fight against it. As far as local bodies are concerned, it does not appear likely that there will be any protest. All of the important business men's associations are divided on the question anyhow, and none of them want to take it up. It is expected that Delegate Kuhio will oppose the bill when it gets to the House, on the ground that it is an interference by the federal government with matters of government which should be left to the people here. As Kuhio at the same time declares in favor of Prohibition, this opposition will not amount to much, it is thought.

THETIS CAPTIVES BROUGHT INTO FEDERAL COURT

This morning the twenty-three Japanese captured by the revenue cutter Thetis—fifteen on Laysan Island and eight on Lisiansky Island—were brought before U. S. Commissioner Albert F. Judd under warrants of arrest.

They were charged under the new code of Federal law with having disturbed, maltreated, killed and maimed birds upon the islands above named, the same being within the Territory of Hawaii and a bird reservation of the United States constituted by executive proclamation. District Attorney Breckons represented the United States. The Japanese had no counsel present. No evidence was taken, the probability being that the case would be presented to the grand jury forthwith, which would make an investigation by the Commissioner unnecessary.

Commissioner Judd continued the hearing until Monday at ten o'clock.

fixing the bonds of the defendants at \$500 each. As a matter of fact, Mr. Breckons is presenting the case to the grand jury today.

In addition to the Thetis poaching case, a special matter for the Federal grand jury today is a further investigation of the Watertown murder. This has been made necessary owing to the confession of Anderson Grace, the negro previously investigated as the accused principal, that he was an accessory before and after the fact, in which he charged David Keau with being the principal.

Grace underwent a course of interrogation by District Attorney Breckons in his office this forenoon, Marshal Hendry being present.

Thetis Going After Schooner

United States Revenue Cutter Thetis, Captain W. V. E. Jacobs, will probably get out of this port very soon, notwithstanding the fact that she has just returned from a successful trip to the westward islands with twenty-three Japanese bird-poachers from Laysan and Lisiansky.

It is known that instructions have been received from Washington, orders under which the Thetis will soon act. In fact it is stated that before the Thetis had returned from the westward islands there were orders received here for her to get back on the beat again, as it is believed that there is a schooner to be captured and more prisoners to be made.

As was previously published, the local authorities were unable to get in touch with the Thetis until a day or so before her arrival, when wireless communication was had. It is stated that important instructions awaited her master instructions which involve an early return to Laysan and Lisiansky.

The Japanese prisoners brought in by the Thetis declare that the Japanese schooner, Tempou Maru, was expected at Laysan in April to take them and the feathers back to Japan. But it is now rumored that this vessel has already left Japan and is en route to Laysan.

If she has left Japan her crew are not aware of the capture of the Japanese schooner at Laysan and Lisiansky and there is no means of their being notified from Honolulu or elsewhere. Therefore, it is supposed, this is the business that will speedily take the Thetis out of this port, with the idea of capturing the schooner at Laysan in the event of her showing that she is engaged in the bird-poaching business. Incidentally, it is believed that there are more than one schooner engaged in the traffic.

BIG OPIUM LEAGUE HERE

CHINESE CHRISTIAN MINISTERS TENDER THEIR SERVICES TO ATTORNEY GENERAL IN BRINGING THEIR TRANSGRESSING COUNTRYMEN TO JUSTICE—ATTORNEY GENERAL LINDSAY SAYS THE PROSECUTIONS HAVE BEEN MADE FARCIICAL BY SMALL FINES IMPOSED.

That there is a powerful league of lawless corruptors of their fellowcountrymen to justice. A specific service they proffer is that of furnishing evidence of the contraband traffic.

Mr. Lindsay, speaking of the matter this morning, stated that the prosecution of illicit opium dealers hitherto has been practically nugatory, from the fact that convicted offenders have been punished with the small fine of fifty dollars, which he says has made a farce of the business.

It is stated by the clerical gentlemen that opium is being sold in great quantities here. They assure the Attorney General that they would be very glad to render his department any assistance in their power for bringing the

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

ROOSEVELT WRITES TO MRS. JOHNSON FROM SOUTH AFRICA

A St. Paul, Minn., dispatch says: "Written with pencil on a sheet of note paper, a letter was received today by Mrs. John A. Johnson, from former President Roosevelt under date of November 15, stating that he had just heard of Governor Johnson's death and offering sympathy. The letter follows: 'On Sarfari, near Mount Sigon, Central Africa, November 15, 1909. My Dear Mrs. Johnson: While out here, far from all chance of hearing news with any speed I have just learned of the death of your honored and distinguished husband. I trust you will not think me intrusive if I write a word of respectful sympathy. I greatly admired your husband as an upright and honorable public servant and as one of those Americans who we like to believe are typical of our people as a whole. He is a loss to us all; a loss to good citizenship. With assurance of my profound sympathy and respect, believe me, very sincerely yours, Theodore Roosevelt.'"

HOUSEHOLD REMEDIES.

which have stood the test of time deserve a place in the medicine chest of every family. Mothers are today administering to their children the remedies their grandmothers used.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been curing the women of this country from the worst form of female ills, and merri alone could have stood such a test of time and won such an enviable record.

GRATEFUL FOR ECZEMA CURE.

Any Sufferer Can Write to Robt. Sussman of Toledo, Ohio, for full information.

There are undoubtedly many frauds in the testimonials of medical firms—letters written by friends or even employes of the advertiser. But on the other hand, in some cases the testimonials are thoroughly genuine, gladly offered by prominent citizens, who are grateful for the cure.

Such a case is that of Robert Sussman, a well known furrier of Toledo, Ohio, who for years suffered with a severe case of eczema.

He described his case as almost unendurable. About five years ago he was induced to try the oil of wintergreen compound known as D. D. D. Prescription for eczema sufferers. He has gone out of his way to find sufferers and tell them of this remedy. He has done this without pay, of course, and without even having been requested to do so by the D. D. D. Company. It was simply the fact that his health, his very life, had been restored that made him so enthusiastic. Mr. Sussman recently wrote a letter offering to write to any eczema sufferer and to describe his case. If any reader of this paper should write Mr. Sussman we request that self-addressed stamped envelope be enclosed.

D. D. D. Prescription, also D. D. D. Soap, are strongly recommended in Honolulu by the Honolulu Drug Co.

VERY PECULIAR DIVORCE CASE

The Roberts divorce case was partly heard by Judge Robinson yesterday and continued until tomorrow morning. Jennie Roberts, claiming the name under what she calls a 'common law marriage, alleges that John Roberts wille married to her married Jeanette Cooper, an actress.

Before her union with Roberts, the complainant's name was Mrs. Jennie Williams. Although having previous experience of being married, it seems she accepted Roberts' word that the marriage license he showed her made them man and wife. A former divorced wife of Roberts was present in court along with the two women above named. C. C. Bitting is attorney for Jennie and Lorrin Andrews for Jack.

DIPHTHERIA—HOW IT MAY BE AVOIDED.

Diphtheria is usually contracted when the child has a cold. The cold prepares the child's system for the reception and development of the diphtheria germs. When there are cases of diphtheria in the neighborhood children that have colds should be kept at home and off the street until recovered. Give them Chamberlain's Cough Remedy and they will not have to remain at home long. It also cleans out the culture beds, which form in a child's throat when it has a cold, and minimizes the risk of contracting infectious diseases. For sale by all dealers. THE SAFE TEMPERANCE CAMPAIGN.

The retail saloon is the great cause of the evils of the liquor traffic. This is a fact recognized by liquor men themselves, even by many of the better class of saloonkeepers, who try to conduct their places on the highest possible plan. It is a fact recognized alike by teetotalers and those who use liquor, and therefore it furnishes a common cause of overwhelming strength before the people. The minute agitators go further and attempt to carry absolute prohibition, they get the opposition of many among the great majority of the population who do not believe in total abstinence, and with whom prohibition even if sustained and fought for as a policy, is artificial and even unfair,—like that of the Kansas legislators who are said to vote for absolute prohibition and cross the line to Missouri to get drunk. Moreover, absolute prohibition encounters the opposition of those who dread the blind pig evil, which is worse than the saloon. The largest dry city in America has just reversed itself and gone wet, because of the prevalence of kitchen saloons, with their sad stories of ruined homes and increased admissions to girls' rescue establishments.

In favor of the saloon scarcely a voice is heard. Its advocates epologically remark that it is better than the blind pig, which is about the same sort of praise as if one were to say that robbery is better than murder. The Rev. J. M. Reardon, of St. Paul, speaking at the national convention of the Catholic Abstinence Union, said: "The great obstacle which bars the way to individual reformation is the ever-present saloon. Its door stands invitingly open to entice the unwary; its victims from the path of rectitude; its very presence is a silent but almost irresistible call to indulge in strong drink. The saloon is the plague spot of our rational life; and hence it is that the Catholic Church has arrayed against it as an institution from which as from a Pandora's box, spread all the evils of the liquor traffic. The Catholic Church is the avowed and uncompromising enemy of the American saloon; and it desires most ardently that this 'pestiferous evil' be wiped out entirely that it may no longer curse the race."

If Mr. Woolley and the Anti-Saloon League would confine themselves to the work for which the name of their organization stands, they could win here a victory that would have the support of the people, and would therefore be a really effective victory.

The Republican insurgents in Congress have decided to oppose the ship subsidy bill. The Democrats have opposed it all along and will continue to do so. As it has been shown that the Democrats and the insurgents are a majority in the House, the fate of the bill is practically settled.

Last spring The Star told of the possibility of United States Judge Dole retiring if his health did not improve, and of Governor Frear being the man to succeed him. The Advertiser, which at that time attempted to discredit the story, this morning repeats it.

Lorin Andrews will make an excellent choice for Republican party manager. He has marked abilities in this line, and is an indefatigable worker.

No one wants to see Judge Dole retire from public life. He has won a place second to none in the hearts of the people of his community, and all hope that during his coming well-earned vacation he will enjoy such a restoration of health as will dispose him to continue his work as a jurist.

THE NORTH AND SOUTH POLES.

Peary's decision to undertake an expedition to the South Pole indicates much confidence that Lt. Scott will not get there. Shackleton's experiences show that, like the task at the north, the problem is one of equipment and supplies. A hundred miles from the Pole, Shackleton had to turn back because supplies were giving out. It is the old story of polar exploration since the great contest began. The differences between the two tasks appear to be mainly that the South Pole is at an elevation of 10,000 feet, while the North Pole is frozen sea; in the south there are no Eskimos to help, and Manchurian ponies are used instead of dogs.

The Japanese poachers from the bird islands appear to be innocent victims of their employers. Perhaps we are going to see another campaign against higher-ups.

Let us hope that pugilist Johnson,—assuming that he is guilty,—will get a nice term in jail for his assault on another negro in New York. However, even in this there will be some cause for regret, for he will not be able to fulfill his contract to put the other pug out of business and retain the prizefight championship where it belongs,—with a negro.

GOVERNMENT BY COMMISSION.

Representative Affonso, who is the editor of a Hilo Portuguese paper, had the following in the Hawaii Herald after the Judd interview about government by commission had been wireless to Hilo:

"Government by commission is a dream—a nightmare—the talk some disgruntled official or would-be federal office applicant indulges in when his wishes and hopes vanish. The Treaty of Annexation was a solemn covenant between the two governments. A Territorial form of government was the natural outcome of it, with an implied promise of eventual Statehood. Abolish the Territory for a commission and the Treaty of Annexation is abrogated and Hawaii, by all the ethics of law and justice, would assume her former sovereign status."

It might be objected that the Treaty of Annexation was never ratified by the United States Senate, but there would still be good ground for regarding it as a covenant. It is the only basis on which the islands were offered to the United States, and accepted, and it furnished substantially the text of the resolution of annexation.

As The Star has said before, except in case of a necessity before which ordinary considerations must give way, the United States cannot inaugurate government by commission here,—making the islands a mere colony,—without breach of faith.

PROHIBITION FOR HAWAII NEAR.

Commercial News

BY L. D. TIMMONS.

Several stocks reached unexpectedly high figures today, and the demand for them was strong. Oahu, for instance, started on the streets and 400, 200 and 100 shares were exchanged on a basis of \$35. When this was reported on the board this morning, bidding became lively and 25, 50, 20 and 5 shares sold at \$35.50.

Between boards 400, 200 and 100 shares of Ewa were exchanged on a basis of \$34. On the board this morning, however, 100 and 5 shares sold at \$34.50. At the close of the session more stock was offered at the same but \$34.25 was the bid figure.

Pioneer closed very strong, \$215 being bid and \$220 asked. Between boards 6, 15 and 6 shares had sold at \$212.

Another very strong stock was Honokaa, 5 shares changing hands at \$33. For the stock \$22.50 was bid and \$23 still asked.

Of the low priced stocks, 100 Olan sold between boards at \$6.50 and 30 on 'Change at the same. For the stock \$6 was bid and \$6.50 asked. On the streets 200 McBryde sold at \$7, followed by 5 shares on the board at the same, and 20 later at \$7.25.

Waiialua seemed very strong, \$127.50 being bid and \$130 asked. Hawaiian Commercial was \$39 bid and \$39.25 asked. No sales of either.

WOULD "GO EASY."

Fred Waldron, president of the Merchants' Association—"I am being urged by some members of the Merchants' Association to call a special meeting for the purpose of taking action on the liquor proposition as it has recently come up in Congress. I am not in favor of the Merchants' Association discussing the liquor question at all, officially; but I do think we might consider the matter of the Federal authorities policing the islands. For discussion of and action on the latter matter, I would favor a joint meeting of the Association and Chamber of Commerce. The liquor question, however, should be cut out entirely."

DR. CLARK HAS POLYGLOT STAFF AT WORK IN PRELIMINARY EDUCATIVE CAMPAIGN—CIRCULARS IN VARIOUS LANGUAGES—STRICTEST SECRECY WILL BE IMPOSED ON ENUMERATORS—NO INFORMATION FOR PURPOSES OF TAXATION MAY BE DIVULGED.

"We are preparing the schedule for the social survey of Honolulu and hope to have all our material ready to begin on the 15th of February," Dr. Clark, the chief census agent, said this morning.

"This survey was originated, planned and designed by Mr. J. A. Ratt, and the Government agreed to cooperate in the work apart from the regular census.

"For the census proper a force of men, as you see, is getting out circulars to persons likely to afford assistance. From managers of plantations and persons who will be engaged in the census, we are soliciting the names of prominent people of different nationalities. Translations are being made of the principal questions in the population schedule, and the same will be done with regard to the agricultural census when it arrives. We are sending these circulars out as part of the campaign of education throughout the islands."

This is the international staff at present engaged under Dr. Clark at census headquarters in the Capitol: J. F. Durao, Portuguese.

David Bray, a Kamehameha graduate, Hawaiian.

Wong Tin Look, Chinese.

T. Mikami, journalist, Japanese.

Kim Ho Yern, Korean.

In addition Chas. Lat Young is working on the immigration records to gather information relative to the Chinese population in particular.

THE CIRCULAR.

Following is the English original of the circulars being issued. It is a model of clearness and precision: "Dear Sir:—Every ten years the Government of the United States takes a census of the inhabitants, the farms, the mines and quarries and the manufactures in all the States and Territories.

"The census of farms and manufactures for Hawaii will be taken between January and April this year,

\$1,000,000 FOR FLOOD VICTIMS

(Associated Press Cable to The Star.)

PARIS, Feb. 3.—Almost a million dollars has so far been raised for the relief of the flood sufferers.

SAN FRANCISCO, Feb. 3.—The customs inspectors have seized a quantity of valuable and dutiable goods found in the examination of the baggage of Mrs. Edward Price who was one of the round-the-world passengers in the Clarke's cruise aboard the Hamburg-American steamship Cleveland which recently arrived from Honolulu. Mrs. Price, who was accompanied on the tour by her husband, E. V. Price, is a Chicago woman.

WASHINGTON, D. C., Feb. 3.—The agricultural bill has passed the House. This covers appropriations for the Department of Agriculture and provides for an expenditure of \$13,317,136.

HAMBURG, Feb. 3.—The Swedish steamship Annie has been sunk in collision with the ship Suzanna, six men being drowned.

citizenship, occupation, military service if any, and certain other facts relating to yourself and family. This agent is subject to the same regulations as the agent gathering information about farms and manufactures. He cannot collect any fee and the information he obtains cannot be used for taxation.

"The purpose of the census is, first, to find the exact population in order that the size of election districts may be proportioned to the number of people in each locality. The other inquiries are to enable the government to legislate wisely for the health, education and general welfare of the people, and the prosperity of their industries.

"The government can make better laws and regulations if it knows what business is carried on in each part of the country, what the people are who live there, and what the condition of those people is.

"You will doubtless know from your neighbors when the agents are in your vicinity. But you cannot be sure that you have been omitted by the population agent until May 15, as in some cases the agent may pass your place on his first trip, intending to call again at a later date.

"If the agent does not call on you, kindly write to the Census Office, Post Office Box 374, Honolulu, Oahu.

"Chief Special Agent in Charge."

GUESTS OF GOVERNOR.

There were fourteen in Governor Frear's automobile cruise around the island yesterday, including Admirals Sebree and Barry, Captains Pond, Orchard, Benson, Hoogewelt and other officers of the U. S. visiting ships, General Davis, Major Dunning of the 20th Infantry, Judge Ballou, Col. Jones of the N. G. H. and Jas. A. Wilder. On the way back to town a call was made at Lefehua cavalry barracks, where Col. Schuyler was picked up for the rest of the ride. The roads were found in pretty good condition. Luncheon was taken at Haleiwa Hotel. A generally good time was enjoyed by the party.

HAWAII THE BEST AUTO CUSTOMER

The last three months of 1909 show most favorable report of the exports of motor cars and parts from the port of San Francisco. For this period there was a gain in 1909 over the same period in 1908 of \$97,845. This was made up of a gain of \$103,979 for automobiles exported and a decrease in the exports of accessories of \$6,134.

In October a total of \$31,003 worth of automobiles and \$4,782 worth of accessories were shipped, as against \$15,359 during the same period of the year previous.

In November, 1909, one machine valued at \$3,500 was shipped to Guatemala two machines valued at \$4,400 to Salvador, two machines valued at \$5,500 and \$53 worth of accessories to Japan, two machines valued at \$4,477 and \$617 worth of equipment to the Philippine Islands, and 32 machines valued at \$74,020 and parts valued at \$2,625 to Hawaii. This gave a total of 39 machines valued at \$91,897 and accessories valued at \$3,295 for the month as against six machines valued at \$17,550 and parts valued at \$12,651 for the same month in 1908.

In December 1909, 30 machines valued at \$53,587 and accessories valued at \$4,790 were exported, as against a total of 18 machines valued at \$45,383 and equipment valued at \$3,275 for the month of December, 1908.—S. F. Call.

OLYMPICS SEEK AN ADVANCE DATE

Heine Heltmuller, manager of the Olympic baseball team of San Francisco has written a letter to George Ege of the Chinese Athletic Club here stating that he is already working on a plan to bring a baseball team and several track men to Honolulu next Autumn. The baseball team would be the same as he would use during the 1910 season, and the trip would be made as soon as the season is finished.

Heltmuller evidently has a better opinion of the playing qualities of local baseball teams than most baseball managers on the coast, for he does not offer to lick the whole islands before breakfast but modestly asks for games with local teams. That he will be accommodated and given a royal welcome in the bargain goes without saying.

The offer, to bring several track men along is also a matter of interest. They will not only be well received by local athletes, but will doubtless be able to entertain Honolulu with a few extraordinary stunts.

The proposition comes a little early for consideration by local teams, as the islands clubs do not make their programs so far ahead. However, the Olympics will be given enough assurance to warrant them in putting Honolulu on their list for this year.

COLLEGES REOPEN WAR ON FOOTBALL

CHICAGO, Jan. 24.—Football may be abolished temporarily at the University of Chicago after next season, unless forthcoming changes by the national rules committee suit the authorities at the institution. The professors, according to a member of the athletic board, will consider dropping the game if the 1910 season shows as many accidents and deaths as last year.

At next Saturday's meeting of the athletic boards the professors it was announced, will take up the question of football rules and pass a vigorous resolution calling on the national committee for the radical changes that have been suggested at the various gridiron sessions at the Midway.

Coch A. A. Stagg, who thinks the rules committee will satisfy the critics of their sincerity and wisdom at the February meeting, will go before the board with the latest developments in rule reform. He heard so many suggestions at the meeting of his old players Friday night that he will keep a stenographer busy arranging them for the next few days.

INSISTS ON REVISION.

NEW YORK, Jan. 24.—Fordham university will insist on radical football revision at the February meeting of the rules committee. A statement published in the current issue of the official university organ, the Fordham Monthly, says that the Fordham demands will be along the line of the stand taken by President David Starr Jordan of Stanford University several years ago. He objected to the dangerous system of interference low tackling in the open field, plays directed against individuals, and mass plays. The statement concludes: "Football needs reform. During the last season it has slain 30, fatally in-

KETCHEL REFUSES OFFER OF \$40,000

GRAND RAPIDS, Mich., Jan. 24.—Hugh McIntosh, the Australian promoter, has cabled Stanley Ketchel and offered him \$40,000. One would be with Tommy Burns, another with Bill Lang and the third with an unknown. Ketchel's reply was the single word "No." Ketchel wants to meet Thomas, middle weight champion of England, first; then he would be willing to meet Tommy Burns.

MORE HANDBALL GAMES FINISHED

The handball tournament at the Y. M. C. A. went merrily on yesterday afternoon, and the results in some respects have been changed. Interest was at a high pitch during the latest contests and the crowds to watch the matches increase as the finish draws nearer.

In yesterday afternoon's games Chris Lewis won from Barnhardt by the score of 45 to 9; M. G. Johnston won from Sin Loag, 45 to 12, and S. Bunn from Clement Pang, 45 to 43. As will be noted all the games except the last were a bit one-sided.

There will be two games this afternoon. 3:30 St. John will try conclusions with Fook On, and at 4:30 Purvis will play Gertz.

It should be remembered that the seniors have played their best men, and that the weaker players are now to come. As the High Schools have some good men to play yet, the remaining games may prove of greater interest than any yet pulled off.

J. N. Densham, lately sporting writer for a morning paper, and wife sailed in the Alameda last night for the coast, where the former will work on a daily paper.

NOT TOO RAINY.

To the strangers who have been here during the past few weeks it appears that Honolulu is a very moist place, the weather reminding them somewhat of that experienced by Portland folk. Down at Haleiwa, which is really a very delightful place, the rainfall is considerably less than in the city and the temperature is higher. It is a pleasant place to stop for a day or a week and being within a short ride of the city by auto, or train it has all of the conveniences of a city hotel. Post office and telephone on the premises.

jured 20 and seriously wounded 1,000 others."

WOULD REDUCE DOWNS.

NEW HAVEN, Conn., Jan. 24.—Ted Coy, captain of Yale's championship eleven last fall, believes two important changes should be made in football rules this year. "I would advise," he says, "the abolition of the forward pass and the reduction of the number of yards to be gained on four downs to seven, instead of ten as at present."

MEXICO HAS BAD MINING CASUALTY

Coal Mine Ruined by Explosion and Sixty-eight Miners Killed.

ALSO FORTY ARE INJURED.

Storm Sweeps the Coast of Norway—Americans will Leave Mexican Railroad.

(Associated Press Morning Service.) LAREDO, February 3.—Sixty-eight miners lost their lives and forty were seriously injured in a coal mine disaster which occurred yesterday at Esperanzas, Mexico.

The explosion of coal gases, caused the catastrophe, and the affected mine is almost a total ruin. Many of the victims were pinned under falling timbers and were slowly suffocated to death by the horrible fumes. Workmen who rushed to the assistance of the imprisoned ones were overcome by the gases and several of the would-be rescuers nearly lost their lives.

Flames broke out shortly after the explosion and added to the horror of the scene, carrying death to many of the imprisoned ones who were uninjured by the explosion. The deadly fumes of the gases completed the work of the explosion and fire.

As soon as the mine had cleared sufficiently of poisonous gases, the work of recovering the bodies was begun.

GREAT STORM.

CHRISTIANIA, February 3.—A terrific storm has been sweeping the Norwegian coast during the past few days. Much damage has been done to shipping and many fishermen have lost their lives.

AMERICANS TO QUIT.

EL PASO, February 3.—All of the Americans employed on the Mexican National railroad have voted to resign on the seventeenth. Five hundred men are affected by the decision.

CASTNER RELIEVES FALLS.

SAN FRANCISCO, February 3.—Captain J. C. Castner, quartermaster, U. S. A., was yesterday ordered to relieve Captain Moor N. Falls of all construction work at Honolulu.

ACTIVITY AMONG AUTOMOBILE MEN

Some of the difficulty in getting cars from the east has now past and the various garages of the city are again places of considerable activity. So great was the mainland demand for standard machines this season that local orders were filled slowly and delay was almost universally the rule. Nearly every freight carrying steamer now brings in a few machines, however, and the garages are catching up with back orders in very fine shape.

VON HAMM-YOUNG CO.

This garage had the distinction during the week of selling an automobile to the Governor, and the machine is now in use. Mr. Frear selected a 35 horse power Cadillac touring car—a very pretty and fast machine.

Two second hand machines were shipped to the Coast in the Alameda. Mr. Von Hamm having sold them to parties over there during his recent tour. One was a Peerless and one a White steamer. Just at the time these sales were made the demand in California for cars was so great that the buyers over there were only too glad to get good second-handers.

Two handsome Oldsmobiles arrived in the Siberia and are now in display. Manager Bodge is particularly well pleased with these cars, and all who have seen them have been struck by their fine lines.

Two sales during the week were a fine, seven-passenger Packard 30, to Cecil Brown and a Packard 30 phaeton to A. W. Carter. These machines have both been delivered.

THE HOTEL GARAGE

Manager George Wells, of the Royal Hawaiian Garage, has several of the famous Cartercars on hand and has daily callers to see them. These are beautiful machines and are especially adaptable to local road conditions.

Lawrence Robinson was a purchaser of one of the Cartercars during the week, taking delivery yesterday afternoon.

Mr. Wells reports a good deal of repair work in his shop. This department is splendidly equipped and does the best work on short notice.

ASSOCIATED GARAGE.

Merage Hall reports a large number of inquiries for cars, with quite a few sales under way. During the week a fine seven-seater, 48 horse-power Pierce-Arrow car was sold to Francis Gay, of Kaula.

JAPANESE STEAMER SERVICE TO MEXICO IS PROMISED

A Mexican presidential decree has been published ratifying the contract between the Mexican Ministry of Communications and Public Works and the Toyo Kisen Kaisha (Oriental Navigation Co.), for the establishment of a steamship service between Japan and the Pacific coast of Mexico.

The company undertakes to establish a service of steamers between Yokohama or Kobe and Salina Cruz, calling at Manzanillo on both the outward and homeward voyages not less than six round voyages per annum to be made. All vessels employed on the service must be of at least 5,000 tons register. The Mexican Government grant the company a subsidy of 10,000 pesos (\$5,000) for each round voyage, the total paid not to exceed 120,000 pesos (\$60,000) per annum. The contract is to remain in force for one year from October 25, the contracting parties retaining the power to prolong it for a further period of two years.—Shipping Illustrated.

CAR CROWDING

Before the 8:15 car from Kaimuki this morning reached Fifth avenue, about eight blocks away, there were fourteen passengers compelled to stand up for lack of seats. Before the same car reached the power house on Alapal street, one hundred and twenty fares had been registered. All the passengers taken aboard along Beretania avenue made so many more clinging to footboard and stanchion.

Speaker Holstein is mentioned as a candidate for Republican national committee to succeed A. G. M. Robertson on his accession to the Federal bench.
