HONOLULU, TERRITORY OF HAWAII, THURSDAY, JULY 2, 1908

PRICE 5 CENTS

FLEET WEEK PROGRAM NEAR COMPLETION COFER MAY RETIRE FROM HEALTH BOARD

Kauai Booze Interests Knifing Each Other

That charges may be preferred against certain of the liquor interests of Kauai, as well as County officials there, by W. C. Peacock & Co., and that the matter may be brought before the Grand Jury, is the news that has been learned in Honolulu today. The reason for alleged charges, whatever they may be, dates back some time when the license of the Kauai Wine and Liquor Company, in which Peacock is interested, was held up pending an investigation regarding a charge preferred that they had sold liquor on Sunday. It was said and understood that this charge was brought by the rival liquor companies on that island.

It is known that W. C. Peacock and W. A. Kinney, his attorney, are now on Kauai concerning the license mat-

ter, and rumor has it that either the Waikea Wine Co., the Kapaa Wine Company, or C. W. Spitz, of Nawiliwili, will be brought into Court, and perhaps the matter will be brought before the Grand Jury. One charge that may be preferred is that the County officials are working in conjunction with the Waikea Wine Company, the Kapaa Wine Company, and C. W. Spitz, who in fact, controls all of these, against the Kauai Wine and Liquor Company.

M. F. Prosser, who is Kinney's partner, stated that he had not heard from Kinney since he went to Kauai. He also stated that although he personally had nothing to do with the case, he was assured that some definite action against the Spitz liquor interests would be taken.

Cofer May Drop Quietly Out Without Fighting

"If it is found that Judge Humphreys' point has been well taken with regard to the eligibility of Dr. Cofer to hold his position as President of the Board of Health and also a Federal position, there will be no fight," stated Attorney General Hemenway this morning. "Dr. Cofer will quietly drop out without any fuss."

The Attorney General has been working on the matter hard all morning, and, although he states that he has reached no conclusion yet, his attitude seems to be that Cofer will have to drop out, not because of the fact that he has been accused of technical bribery so much as the fact that the law will not support his holding two positions. Nevertheless Hemenway states that he has reached no definite conclusion regarding the question, and probably will not for some time yet, as he will have to look up innumerable authorities on the subject.

It was noted about town that Cofer could be hauled up on a technical charge of embezzlement, or misuse of public funds, because of the fact that he has been taking \$150 per month from the salary appropriation for the President of the Board of Health under the title of "personal expenses." This was found to be absolutely untrue, however, as Attorney General Hemenway stated that Cofer could, if he so wished, draw out the entire

\$275 and label it "personal expense" so long as it was drawn from the salary appropriation, and did not infringe on any other appropriation.

The general feeling among the Federal officials holding positions in this Territory is that Dr. Cofer will retire from his place as President of the Board of Health. Dr. Sinclair was spoken to in regard to the matter this morning and, although he stated that he knew nothing definite about the decision of the Attorney General, his attitude was to the effect that Dr. Cofer as well as himself and other Federal officials, would soon be pau with Territorial work.

Dr. Cofer has been in consultation with Governor Frear a great part of the morning.

All the events and information about the fleet will be printed on the official fleet program. The comfort stations are being rushed along to completion. C. C. KENNEDY'S RESPONSE FOR HILO ON BALL TICKETS

Waialua, 29th June, 1908.

F. L. Waldron, Esq.
 Dear Sir:—Yours to hand and noted, with 25 tickets enclosed. I do not believe any one cares to buy tickets for the ball in Honolulu to be given to the officers of the Fleet.

Everything has been done to keep the Fleet in Honolulu, and as far as I understand the people here are not inclined to subscribe toward anything in that way.

I remain,
 Yours truly,
 C. C. KENNEDY.

This is the letter received by the Fleet Entertainment Committee in response to the letter sent out with tickets for the ball.

BATCHELLOR IS DEAD

PARIS, France, July 2.—Judge Batchelor of the International Tribunal of Egypt is dead.

COLBURN EXECUTOR OF DAVID'S WILL

Will Be Filed In Court
 This Afternoon Or
 Tomorrow

The will of the late Princee David Kawananakoa will be filed for probate either this afternoon or tomorrow morning by John F. Colburn, who is named by the deceased as the executor. Colburn, when seen this forenoon, stated that he had the will in his safe, and that he had been named as executor, but he could not say exactly at what time he would file it, as this depended on the time in which certain preliminary arrangements, which were in the hands of Attorney C. W. Ashford, could be completed.

Ashford stated that the will was ready for filing immediately after the death of the Prince, but that certain questions had arisen between the executor and other parties concerned, which had somewhat delayed the filing of the document.

HILO RETURNED TICKETS

The letter from C. C. Kennedy of Waialua, Hawaii, turning down the request of the Fleet Entertainment Committee, that he sell ball tickets in Hilo was read at the meeting of the committee this morning.

Emil Berndt, the secretary, stated after the meeting that the intention of the Entertainment Committee in sending the tickets to Kennedy was to sell them to those who may want to get them before coming down here to see the Fleet. It was not intended to sell them if the purchasers did not care to come down. While the members present saved their sarcastic remarks until after the meeting, it was evident that they were not pleased with the attitude taken by Kennedy.

WILL LUCCA GET DRIVER'S LICENSE?

Iaukea Declines But High
 Sheriff Issues
 Certificate

The question as to whether Joe Lucca is to be granted a hackdriver's license has been referred to the Attorney General. Lucca applied to Sheriff Iaukea for the certificate attesting to his competency as a driver and as to the good condition of his horse and hack, which are necessary before he could get a license from the Treasurer. The Sheriff refused to issue such certificates, stating that he based his refusal on moral grounds.

Attorney E. C. Peters, who represents Lucca, told him that he had nothing to do with Lucca's morals, but only with his competency as a driver, but still Iaukea refused to issue the license. Peters then went to High Sheriff Henry, who issued the certificate. The matter was then taken to Treasurer Campbell, who was asked for a license, but he appeared to have some doubt about the case and referred it to the Attorney General.

THE AFONG CASE IS NEARING END

In the Afong case, Mr. Burns, husband of Mrs. Bessie R. Burns, has been on the witness stand the whole of the morning. His testimony was practically the same as that of the former witnesses in the main points, although his testimony differed with the deposition of Mr. Dunne, who was at that time Mrs. Julia Afong's attorney, and he practically called Dunne a liar several times. He testified that he and his wife arrived here on July 15th, 1907, and that they were rushed into a meeting of the family when the compromise matter was brought up without even being informed beforehand what the purpose of the meeting was. Mr. Burns was called by Frank Thomson and was cross-examined by Judge Perry. The cross-examination will probably continue this afternoon. Mrs. Bessie R. Burns will probably be the next witness called by the plaintiff. The case is nearing an end now.

He was nominated by President Harrison as Minister to Germany but his confirmation was defeated on account of articles he had written on the purchase of seats in the U. S. Senate. He edited the Brooklyn Standard Union. He went to the Philippines during the Spanish-American war, stopping over at Honolulu. He is the author of several books.

GERMAN TRAMP, SHORT ON SUPPLIES, ARRIVES HERE

Over two hundred poor Chinese, who have made a long and tiresome voyage from the Orient to Salina Cruz in a slow German tramp, and are now making their weary way back, arrived off port yesterday evening, in the German tramp steamer Micael Jensen. And now they are in quarantine, and must lie outside the harbor, on account of a death when the steamer was a few days out of port, the cause of which is now in doubt. There was no physician on board competent to diagnose the complaint.

The Jensen took out the Chinese as immigrants to Mexico. At Salina Cruz they were refused admittance by the authorities, who said that they suffered from trachoma. And, as the men who sent them out agreed to let them come back without further expense, except for found, in case they were turned down at the Mexican port, they are now going back to China.

She found stores running low, and put in here for replenishing. She will take on supplies outside. A good deal of interest is being taken in her on the waterfront, and she is being compared with the Bucrania, the British tramp which is now lying in the stream.

Charles Arnette Towne, who is mentioned as a candidate for the nomination for the Vice Presidency, is a former United States Senator from Minnesota. He is notable as an orator and for the stand he took on the advocacy of the free coinage of silver, leaving the Republican National Convention in 1896 because of the gold standard plank. He was chairman of the Silver Republican party from 1897 to 1901, and in 1899 received the Fusion vote of the Minnesota Legislature for the Senate. In 1900 he was nominated for the Vice Presidency by both the People's party and the Silver Republicans, declining both nominations. He was appointed to the United States Senate in 1900 to fill a vacancy. In 1904 he was elected to Congress by the Fourteenth Congressional District (New York) as a Democrat.

KILLED HERSELF BECAUSE OF GRIEF

Crazed by grief over the death of her infant Akase Sayu, a Japanese woman living at Mollili, this forenoon committed suicide by hanging herself in the bedroom of her little home. There were several pathetic features about the case.

Entomologist Kotinsky gave the alarm to the police department. He was chasing insects in the neighborhood of the house, which is on the makai side of the Mollili road a little distance on the Ewa side of the church, when he saw a small Japanese girl crying. The kindhearted scientist asked her about her trouble, and she led him to the room where the body of her mother was hanging from a rafter. She had tied her obi around her neck, and was dead when found. The woman's husband, who is a stone cutter, was called from his work by neighbors. He explained that the woman had given birth to a child last March, but in April the infant died. Since that time she had been very despondent and apparently to some extent mentally deranged.

This morning the husband went to work as usual at 6 o'clock, leaving his wife and two daughters, aged 7 and 14 years respectively, at the house. It appears that at about 9 o'clock the woman sent the children on an errand to a store, and during their absence she carried out her fatal plan. When the children returned they found her dead.

Coroner Jarrett went to the scene immediately after the case had been reported, and made an investigation with the aid of Special Officer Townsend, who acted as an interpreter. A coroner's jury was empaneled which will hold a session this evening.

SUPERVISORS BALK AT BAND INCREASE

County Has No Money For Entertainment Of Fleet

Last night conditions were reversed at the meeting of the Board of Supervisors. This time Hustace, contrary to all established precedents, wanted to spend money, and the other members, by an equally strange turn of the dice, wouldn't let him do so. Hustace was put out because Captain Berger had asked for outside assistance to swell the membership of the band during the stay of the fleet in this port, and he wanted to show that the County was neither so poor or so mean that it had to take such steps, by passing an appropriation for \$200 for this purpose. Archer was a sport and moved to pass the desired amount, but Fern, Dwight and Kealoa could not see it that way, and they crowded Hustace's old economy maxims down his own throat ad nauseam. Cox and Harvey were absent, and no vote was taken on the matter.

Hustace brought up the matter of the increase of the membership of the band during the time the fleet was here. He had asked Captain Berger how much he could do for \$200. He said he could do it for that, or possibly \$150. After that, however, Berger had gone to the Fleet Committee and gotten it to appropriate \$200, on the statement that the Board would not appropriate. Furthermore Berger was having much difficulty in getting extra men. Hustace recommended that \$150 to \$200 be appropriated. Dwight said he did not think that the County was in a position to furnish the money. He thought the Territory might do something in the matter.

Archer explained that the Territory had to wait for the Legislature to get such appropriations, while the County might appropriate at any time. He moved to give \$200. "Brother Archer is very liberal tonight," said Dwight. "He must have changed his mind. I do not see how we can afford it. Think of what we will have to do on the waterfront." Hustace said that the men in the road department would probably not do much work during fleet week, as their minds would not be on their work. It would probably pay the County to place the road miles on half rations, and confine its attention to the waterfront.

Dwight suggested that if any money was spent it might be given to the present members of the band, as they would have to work overtime. Hustace did not see why they should be paid overtime, when they were occasionally given vacations with pay. Dwight thought \$200 was too much. Kealoa offered a compromise at \$150, but Archer stuck at \$200, but could find no second. There was considerable haggle.

"I don't want Berger to go back to the committee for the difference, if he needs any, because it isn't right," said Hustace. "It is either give him enough or nothing." "The Fleet won't know the difference whether the band is increased or not," said Fern. "I believe that is right," said Hustace, "but you can't make the committee believe that."

"I will not say anything further about the matter," said Hustace finally. "I don't want the papers to come out tomorrow full of their wrangling of ours. I will ask the papers to keep this out, and in the meantime I will see the committee." The following bills were passed: County Attorney \$ 72.10 Keopers of Parks 98.75 Leahl Home 125.00 County office rent 150.00 Koolauapoko Road District . . 1,122.00 Koolauapoko Road District . . 200.00 Waiialua Road District . . . 1,069.75 Waiialua Road District . . . 500.00 Ewa Road District 994.50 Ewa Road District 302.50 Waiianae Road District . . . 312.50 County Clerk 5.00 Road Supervisor Cummings filed the receipt for his bond, which was accepted.

NAHIWA TO TEACH NON-LEPROUS BOYS

Thomas Nahiwa, a Kamehameha graduate and a former Normal school teacher, was appointed yesterday at the meeting of the Board of Education as the teacher who will take charge of the intellectual development of the non-leprous boys who were recently brought over from Molokai. The new school will open July 15, and will in the main deal with industrial subjects. The Department of Public Works is at present working on a workshop for the boys. Life certificates were granted to Mrs. E. S. Capellas of Hakalau, and to Mrs. Helen Kelsey of the Waiiupu school. The Board yesterday summarily severed the connection of several teachers with the department who had been detected cheating in their examinations.

THURSDAY JULY 2, 1908

We cannot believe that C. C. Kennedy would write such a letter if he had it to do over again.

There's no doubt that Hawaii will get the hundred thousand Europeans. They are necessities of American progress.

It now appears that, according to law, Dr. Cofer should have the magnificent salary of the President of the Board of Health thrust upon him, or he should thrust himself out.

If they want their ticket to represent a United Democracy, they should get Col. Watterson as second on the ticket with Bryan. For twelve years they have been as far apart as the positive and negative poles.

What of the Fourth of July? Is this year of the coming of the Fleet to be the first in half a century that the people have not assembled to hear the Declaration of Independence? Where are the leaders of the patriotic societies?

SUPERVISORS AND THE BAND.

Hilo is not the only one. Honolulu has a few, and apparently more, of them, although it is possible that they don't know better.

The refusal of the Oahu Board of Supervisors to provide for an increase in the membership of the County band during the stay of the Fleet, falls short of the Kennedy letter only on account of the fact that the community has come to expect more or less peanut-politics business from the Board.

The local band should by all means be recruited to its full strength during the period when this city and Territory are to act as the hosts for the greatest aggregation of brave and level-headed sailors that ever sailed into this harbor or on this ocean.

What sort of a pin-head ideal is the Territory of Hawaii coming to that its supposedly representative people and supposed representatives of the people have to waste their time and breath in such discussion and wind up by bringing the community out at the little end of the horn—so far as its reputation for unselfish hospitality is concerned?

GOOD GRAND JURY WORK.

The community is to be congratulated on the Federal Grand Jury having taken up an investigation of the construction of the Federal leprosy hospital buildings on Molokai. Such an investigation should be thorough and entirely free from prejudiced conclusions.

The construction of this Federal hospital has been the topic for a regular crop of rumors and charges and adverse criticism ever since it was started.

Although the people have not been inspired with especial confidence in the methods of procedure, they have hesitated to give heed to the statements of apparent need for investigation for fear it might delay action. They have been willing to swallow camels and overlook many things with which they are not in sympathy in order that the result—the completed hospital—might be speedily realized. It is also true that from the standpoint of the outside observer, the element of speed has been so completely eliminated since the appropriation was passed that cold molasses would be a railroad express beside it.

This community is a unit in its opinion that the American mechanic should be given a fair trial, and better than that on all public work of the Federal departments. If this has been done on the leprosy work, those in charge have been greatly misjudged.

The Grand Jury is in a position to get at all the facts, and we hope that it will carefully secure them and spread them upon the public records.

THAT KENNEDY LETTER.

We cannot agree with Mr. C. C. Kennedy that his letter to the Entertainment Committee, in charge of the ball for the officers of the Fleet, represents the sentiment of the citizens of Hilo. If it does, the people of our sister city should immediately organize an Ancient Order of Sour Ball, and make Kennedy president.

Since, however, Mr. Kennedy is known to be such a powerful business and financial factor in the town of Hilo, it is hardly possible to pass his communication as the thoughtless utterance of an irresponsible person. From the standpoint of Territorial boosting and community unity Mr. Kennedy's letter is quite the limit.

If he is not misunderstood, he wishes the people of Honolulu to know that they can take their old Fleet and go to blazes with it; they may dance and pay the fiddler; no one in Hilo wants to come. From Mr. Kennedy's viewpoint, Hilo is very glad to have the people of Honolulu get together and promote successful excursions to Hilo and the Volcano, and more excursions to Hilo and its Fourth-of-July races, but he can't see why the people of Hilo should have the slightest interest in either coming to Honolulu to see the Fleet or buying tickets to the ball for the officers of the Fleet.

Wouldn't that Jar You? What if the citizens of Honolulu had said to Mr. Kennedy and his Hilo friends, when the fight for a breakwater was going on, "This breakwater will not help us particularly, do your own boosting, put up your own coin for breakwater projects."

motion; we don't think we care to help out. Anyway, you made faces at us once, and we don't want to play."

Should it be true that Mr. Kennedy expresses the solid sentiment of Hilo—the real truth of the situation—there is but one thing for the Entertainment Committee to do:

Send them a letter of sympathy. Any community that has so soured that it looks out upon the world with such a wry face and indulges in such unhappy thoughts is entitled to all it gets. It is in a mighty bad way. It needs sympathy.

When it comes down to a question of brass tacks, Honolulu is not in the slightest need of assistance from Hilo or Mr. Kennedy. It can run the Fleet ball, make it wide open, and extend a cordial invitation especially to Mr. Kennedy of Hilo—to go in free. But it was supposed that such an important event as the entertainment of the great Atlantic Fleet of America would be looked upon as a Territorial affair, and the people of Hilo would be glad to participate.

We are inclined to believe Hilo-nians will come and enjoy themselves, Kennedy to the contrary notwithstanding.

Honolulu has had no more to do with the ordering of the ships of this Fleet to one place or another than it has with trips to the moon. That is entirely in the hands of the Admiral and will so remain. Up to date, however, Honolulu has been urging an excursion to Hilo and the Volcano while the Fleet is in port. This good work will go on despite the Kennedy letter. Mr. Kennedy is such a busy man that he has no doubt failed to note that the Fleet will stay in Hawaiian waters only long enough to coal. The program is not all play by any means.

Perhaps the least said of the matter the better. Perhaps the best place for the Kennedy letter is in the Bishop Museum as a curio of hospitality and community life in Hawaii. Even as a peach, it is in a class by itself.

PRESS BUREAU IS BOOSTED

Secretary Wood Finds His Scheme Is Working Well

Secretary Wood's weekly letter to the Promotion Committee follows:

Honolulu, July 2nd, 1908.

Chairman and Members of the Hawaii Promotion Committee.

Gentlemen:—Mr. Frederic J. Haskin having cabled us permission to reprint his letters on Hawaii, our office force is now arranging to get out some 25,000 special postal cards containing extracts from Mr. Haskin's letter, descriptive of the beauties of the Islands, which we will send to every agent of the following railways and connecting line: Canadian Pacific, Chicago, Milwaukee & St. Paul, Chicago & North-western Line, Northern Pacific, Great Northern, Salt Lake, Santa Fe, Burlington Route, Rock Island, Denver & Rio-Grande, Southern Pacific, Union Pacific, Oregon Short Line, Illinois Central.

These cards will reach their destination at a time when the mainland press will be full of the doing of the Atlantic Fleet at Honolulu and will, I feel assured, prove of value in influencing the coming Fall and Winter travel. We will follow up this message with another card in October covering the same ground, after the crops have been harvested and before the farmers and others throughout the West and Northwest have fully made up their plans for the coming winter trip. Our latest information is to the effect that the prospects for big and profitable crops on the mainland are good and in consequence we have reason to expect the heaviest travel to Hawaii the coming season that we have ever enjoyed.

By the last mail we received a late directory of the city of St. Louis, forwarded by the Merchants' Exchange of that city. Letters also came to hand from the Commercial Club of Omaha the Chicago Association of Commerce and the Vancouver, British Columbia Tourist Association, stating that the latest directories of those cities will be forwarded early in July.

A letter from Mr. Tom Richardson manager of the Portland Commercial Club, congratulates us upon the wide advertising we have received through the Haskin letters. Portland's progressive Club has just moved into its new building which was erected at a cost of \$400,000.00.

A letter from Mr. A. C. Braden, a well known lecturer, states that he will arrive in Honolulu by the Siberia, August 17th, for a two weeks' visit, on a trip around the world and while here will secure material for a lecture on Hawaii.

Mr. Geo. Myers of N. S. Sachs Company, writes from New York that the folders we sent him were quickly distributed and asks for a larger consignment, which will go forward by the Korea, July 9th.

A letter from C. S. Hammond & Company of New York, stated that our third edition of the map, "Cross Road of the Pacific," would be shipped June 20th.

Regarding our news sheets, the manager of "The Continent," Hartford Conn., thanks us for the service and asks for its continuance; the editor of the "Cripple Creek (Colo.) Times" says, "We are clipping frequently from the sheets sent out by your press news bureau and shall be glad to have you continue sending them."

The manager of the South Bend Tribune, South Bend, Ind., writes: "We wish to thank you for the Hawaiian publicity sheet which you are sending us. We trust that you will continue to send this matter as we believe it contains much of interest to the people on this side of the Pacific."

The managing editor of "The World," Lawrence, Kansas, writes: "Your press letter received. It is good stuff and I should be sorry to have it cease. Am using rather liberally from it from time to time. The service is (Continued on Page 5)

LADIES COMMITTEE IS NOT WANTED

The members of the Fleet Entertainment Committee met again this morning at the office of Chairman Waldron in the Spreckels building and received reports from various committees.

Judge A. N. Kopolkat of Maui, in his letter to the committee, acknowledged the receipt of the ball tickets sent him for sale and promised to do his best in the matter. F. L. Waldron and M. Phillips were appointed to sound the feeling of the merchants about making July 16 a holiday. A. Lewis, Jr., reported adversely on the proposition of having a Ladies' Committee, and recommended that they be made patronesses. This carried.

Wm. Hoogs of the Ball Committee reported progress. The dancing floor, he said, will be completed by Saturday.

Frank K. Archer, who reported on the bad condition of the road at Pearl City, leading down to the Peninsula, was appointed a committee of one to see the road overseer with a view of improving the road. The committee thought that this was necessary in order that it might be more convenient for the traveling public when the Fleet is here.

The meeting adjourned with the following members present: F. L. Waldron, Emil C. Berndt, Henry Bertelmann, Frank K. Archer, W. T. Lucas, Abram Lewis, Jr., M. Phillips, Dr. T. Mitamura, S. Sheba, Wm. H. Hoogs, Capt. Rees, R. D. Brown, S. Ozaki.

JAPANESE GIVE MONEY FOR FLEET

Besides displaying fireworks upon the arrival and departure of the American Fleet, the Japanese community is contributing funds for the reception and entertainment of the men while here. The following business people have already contributed: D. Yonekura, \$50; Takakuwa store, \$50; S. Kojima, \$50; Japanese rice mill, \$50; S. Ozaki store, \$50; W. Motoshige, \$30; Kawahara store, \$30; T. Sumida, \$30; K. Odo, \$20; Yokohama Specie Bank, \$300; Japanese Medical Association, \$150; and the members of the Japanese Consulate, \$150; making a total of \$960.

The Hotel Union, the retail houses, the Fishermen's Union, the hack drivers, the tailors, and the Barbers' Unions are yet to be heard from. The Japanese Fleet Executive Committee expects good returns at least by the middle of next week.

Tyson Says Six Months

The medical term for "kidney trouble" is Nephritis. Medical works agree that it is curable during the acute or first stage and that it is incurable in the second or chronic stage.

When is the line crossed? One of the latest authorities, James Tyson, M. D., Prof. of Medicine in the University of Penn., says in his late work, page 111, that the disease has been observed as early as the tenth week and are probably established in all cases by THE SIXTH MONTH.

The name Nephritis means inflammation of the kidneys and the books having nothing for it physicians have been careless (the disease has grown to 170 daily), and Prof. Tyson plainly says: Page 166 as to curative measures to restore the kidney to its normal condition. "I BELIEVE THERE ARE NONE."

The inevitable logic of this situation is that as Fulton's Renal Compound is the only thing known that reduces inflammation of the kidneys after it has become chronic, it is the only thing in the world that people can look to for recovery who have had kidney trouble longer than six months.

(Note: It is the only thing that acts directly on kidney inflammation at any stage, first or last. But it naturally reduces it more quickly before than after it becomes chronic.) Literature mailed free.

MORE OF THE MIDWAY.

There has been a crowd at the Hawaiian Midway this morning, drawn by curiosity to see the place from which emanates so much of interest to the general public. Some folks seem to have an idea that by looking at the outside of a place they can get an inside glimpse of the wonders that come therefrom. There are wonders in the Hawaiian Midway, all right, but the only way to find out about them is to attend the entertainment at the Midway Theater, between Richards and Alaka streets, tomorrow evening, when there will be enough pleasure to last the observer a week or so. The tug-of-war between the Hawaiian team and the Navy team is something that is occasioning a great deal of talk. Which are you betting on? Marco, the monopolist, is another feature; then there is the wonder worker, Takemoto, and the funny stunt by Zublan and Kualii. And then some!

"Alabastine," a Fire Proof Cement

ALABASTINE is not only the best inside coating in the world for churches, opera houses, club houses, office buildings, and dwellings, but is used everywhere for factories, cotton mills, army posts, plantation buildings, hospitals, asylums, etc., largely on account of its fire-proof properties. ALABASTINE is perfectly fire-proof in its nature, is a cement that can be mixed thick and used in filling cracks, and sets very hard over night. Is cheaper than a lead superior to paint.

Wall Paper vs. Alabastine

Think of having bedrooms covered with layers of moulding flour paste to feed vermin, with paper to hide them and to absorb the moisture of respiration, and an animal glue culture ground on its face for disease germs; also of repeating this papering without removing the old, and a number of times, at that, as many do. Then think of a room coated with pure, permanent ALABASTINE, which is retinted with but little trouble or expense, and is purifying and sweet-smelling. ALABASTINE cements cracks, shutting out vermin.

ALABASTINE in White and a large assortment of Tints to be had in 5-lb. packages at

EDITED BY FREDERICK B. MOORE

ARRANGEMENTS FOR FLEET SPORTS

Regatta At Waikiki—
Field Meet And
Baseball

The various phases of athletic entertainment for the Fleet were gone into at some length yesterday afternoon at a meeting of the Sports Committee held in the offices of Chairman A. L. C. Atkinson. The meeting was held to receive the reports of the subcommittees in charge of various departments of sport.

Committees were urged to have their schedules arranged in a few days, as they are needed for the preparation of a program.

Track Meet

Chairman Paul Super of the Committee on Field Sports reported that a field meet has been arranged, in all its details, open for men from the city and from the Fleet, gold, silver, and bronze medals being offered for the winners. The appropriation of \$250 for this branch of sport is thought sufficient.

A proposition to give money as prizes to the sailors was turned down. This would destroy the amateur standing of every man taking part in the meet and would prevent many local men from turning out.

Football

Chairman George of the Committee on Football reported that he has 25 players on the string, but has not had them out at work, as it is doubtful whether the proposed games will come off at all. He further reported that J. C. Anderson stands ready to put a soccer team in the field at any time. It was moved and carried to put the arrangements for a soccer game, if one is to be held, in the hands of the Intercollegiate Football Committee.

Baseball

C. F. Chillingworth, chairman of the Baseball Committee, reported that he could put into the field four teams an afternoon, if necessary or desirable, and suggested four games on one afternoon, two at Aala Park and two at Kapiolani Park, and four games the following afternoon, two at Atkinson Park and two at the League grounds. National teams have also been booked.

No admission will be charged to games. About all that the \$250 appropriation is needed for is to buy new balls, and meet other incidental items. A. L. C. Atkinson suggested that as many games as possible be played at Aala Park, as the largest crowds attend there, and he further suggested that a part of the appropriation be used for the improvement of these grounds.

Indoor Athletics

Nothing will be done definitely about boxing, wrestling, tug-o-war, and other indoor sports, until Superintendent of Public Works Marston Campbell has been consulted in regard to securing the old fishmarket for the purpose.

Owing to the resignation of Sam Johnson as chairman a number of names were suggested of men to fill his place, among them being Colonel Jones, Joel Cohen, and H. M. Ayres. The appointment is to be left to A. L. C. Atkinson, the chairman of the General Committee on Sports.

Boat Races

The Committee on Boat Races had no representative at the meeting yesterday. However, it was stated that the Fleet will want no boat-racing in the bay while it is here, and it was moved and carried to use the \$1,000 appropriation which was originally to have been used for such a race, to give a big regatta at Waikiki beach, to include canoe races, surfing, and probably some Japanese sampan races.

The harbor races, which have been made second choice to the regatta at the beach, were originally to have been the big events in the sports line while the Fleet was here. Those present yesterday were Messrs. Atkinson, Super, Bray, Chillingworth, Sheba, C. Carter, N. Fernandez, and S. C. George.

A sailor pugilist was killed in a boxing contest at Philadelphia recently in a bout with a professional boxer by being struck over the heart. Private Hagan of the marines and John Hogan of the Quaker City were the contestants and many of the officers and enlisted men had assembled on the deck of the Mississippi at the League Island Navy Yard to see the go. It was in the third round that Hagan received the blow which caused his death.

Lurline Will Be Scratch Boat--Whistle To Denote Winner

It is understood here that handicaps in the Trans-Pacific Yacht Race will be about one-half an hour a foot. This means, then, that the Lurline will be scratch boat when the gun for the start of the long sail, beginning on the Fourth, is fired by President Roosevelt. It is calculated by a yachtsman here that the Hawaii will have ten hours' lead, and the Lady Maud the same, when it comes to the handicapping.

The movements of the Gwendolyn are still in doubt, but in case she were a starter her handicap is calculated at twenty hours over the scratch boat.

A set of signals is to be arranged, and announced later, so that the public may know as soon as possible when one of the racers heaves in sight. The signals are to be blasts of the whistle, but the number to denote each separate boat must be determined later.

The time of the boats is to be taken as they cross an imaginary line established off Diamond Head. During the day the lookout at the Diamond Head station will be on the watch to get this time. At night, after about the 14th of the month, the yacht club will keep a man at Diamond Head at night, so as to catch the time of the boats, in case they cross the line between dark and dawn.

Disquieting reports come from the Coast that the Gwendolyn has already sailed for this port and that the Lady Maud may not start, on account of insufficient funds with which to get her equipped.

Santa Clara To Bring Good Southpaw Down Here

Considering the fact that few southpaws are now pitching in this place, and that the big leaguers are used to striking at right-handed men this season, Santa Clara will have a very decided purchase in playing here with her rusty old southpaw, Cleon P. Kilburn, on the firing line. This man can shoot them down from the wrong side in great shape; has a cross-fire, and the curves which only the left hand artist can unwind.

In fact, Kilburn is rather a remarkable twirler. He has lost very few games in the past three years, during which time he has been the man on the mound with Santa Clara. And not only that, but he is the candy kid with the big stick, for a pitcher. He has binged the ball to the chorus of 325 this year, and if he keeps up this gait when he blows in to Honolulu he will certainly be doing some batting, which will not easily be duplicated here among twirlers—unless it is by Joy or Hamilton, for "Ham" is hitting the pill in the pouch this year, and no mistake.

Big Kennedy holds down the comic end of things for Santa Clara. Kennedy, who hangs out around the outfield, and who is one of the hard hitters of the Coast intercollegiate baseball world, is, in fact, quite a kiddier. An enthusiastic fan at a recent game asked him what are the choice seats at a baseball game. "Grif" doffed his cap and said the receipts. He evidently had not heard of the Honolulu Newspaper League.

This same man, who knows the attractive end of baseball, also knows how to smash the sphere on the seam—400 so far this year, and that is going some.

WHITNEY WINS SHOOT

Harry Whitney won the weekly shoot of the Hawaiian Gun Club yesterday at Kakaako traps. In the first instance he tied with Harvey and I. Spalding, the three securing nine birds apiece, with Whitney on a handicap of two in the shoot-off. Whitney scored six straight birds and the others five straight birds.

The open season for doves started yesterday. The birds are now rather scarce, and the sport consequently poor. There was a time when a great many doves were to be found in the rice fields, but for some reason they have been getting less in number during the last few years.

BOXING CARNIVAL ON FOR TOMORROW

Two Nights of Fistic
Sport Now On
The Tapis

The ten-round boxing bout scheduled to take place at the Aloha Athletic Club tomorrow night, between Kahalelo and Soldier Platt, is all the talk in sporting circles just now. Kahalelo stands today the champion boxer of the Hawaiians, a man who has won all his fights by the knock-out route and who is confident of his ability to keep on winning from much better men than he has yet met.

"I know what I can do," he says, when questioned as to his chances with the Fort Shafter boxer. "The Wild Swan" is always in fine condition and has been boxing steadily since the inception of the Kalaniana'ole Athletic Club. He will go in the ring tomorrow night a vastly improved boxer from what he was a couple of years ago.

Soldier Platt jumped into fistic prominence by his slashing six-round go at the Orpheum with Frank Murphy. Many who saw that contest are firm in their belief that the verdict should have gone to the fair-haired fighter.

Ever since Decoration Day, Platt has been doing light work and taking the best of care of himself with a view to another match, and now that match has presented itself in the shape of Kahalelo.

The boys at the Fort look to see Platt win the bout and will be greatly disappointed if he fails to make good tomorrow night.

The four-round preliminary tomorrow night between Manuel Reuter and Ernest George will introduce a couple of new boxers to the local public. These boys are all right with the gloves and their bout will be well worth seeing.

The six-rounder tomorrow night between Oakley and Richardson of Fort Shafter looks like the real goods. The soldiers are very evenly matched and the chances are that the spectators will be treated to six rounds of fast scrapping.

Mike Patton will referee the bouts which will be held at the Midway Theater.

The sale of tickets will commence tomorrow morning in Fitzpatrick's cigar store at the corner of Fort and Hotel streets. Boxing will commence at 8:30 p. m.

In connection with the boxing at the Midway Theater, vaudeville and tug-o-war will be on the tapis, before the bouts begin. The two added attractions will be pulled off simultaneously. On the opening night, Friday, a team from the Fourth District and a team composed of local marines, will pull for honors, and on the following evening a team from the Fifth District will haul against the stevedores.

WAILUKU ACCEPTS; HAS STRONG TEAM

A letter was received this morning from Wailuku, accepting the proposition of the Diamond Heads for a game there on Sunday, the 5th. And the ball-players on Maui further say that the Jewels must go down expecting a rub, and must not be surprised if they are beaten.

Be this as it may, the Maui aggregation will be a good one. The pitcher is not known in Honolulu, but some of his support are. Bento is the unknown twirler. On the key-stone sack is A. M. Nowell, who is known to the local men as a good player, and a very hard hitter, who knows the game. H. English, of Aala fame, will do the honors on third sack, and V. Ayau, the former crack shortstop of the Chinese Alohas who made all sorts of propositions this year to come into the big league, will be at short for Wailuku.

The line-up they sent is: W. E. Dal, c; C. P. Bento, p; Joe Crockett, 1b; A. M. Nowell, 2b; H. English, 3b; V. Ayau, ss; John Garcia, lf; Wm. Morris, cf; J. Kiai, rf.

AALAS GO TO KAUI TO PLAY BASEBALL

The Aala A. C. baseball aggregation, under the captaincy of M. Correa, and managed by Sam Hop, the local Celestial pugilist, will depart for Waimea, Kauai, on the Kinuu this evening, to play a series of games with the teams on the Garden Island. Arrangements have also been made with the Waimea people for a concert and dance to be given in that village on the night of the Fourth of July, proceeds from which will be for the benefit of the Aala Club.

Sam Hop, who defeated Jockey Willis at a recent boxing contest in the Orpheum here, is scheduled to give an exhibition of his abilities with the gloves preliminary to the concert. Sam will have a Kauai pugilist as his opponent.

The first game will take place on the Fourth of July at the Waimea diamond. The Aala team will be made up as follows: Clement, c; Correa, p; Hoopal, 1b; Kain, 2b; A. Asam, 3b; C. Mark, ss; G. Holt, rf; Sam Hop, cf; and Hull, lf. Akana and a few others will accompany the team as substitutes. In case Sam Hop's Specials defeat the Waimea team they will face a picked team from all Kauai. A purse has been offered by the citizens of Kauai for the game which will take place on the Fourth, and Sam Hop is confident of pocketing it.

The history of the Aala A. C. is a brief one. In 1907 Sam Hop, the

promoter of the Riverside Junior League, organized the team which won the championship of that league during its first season. Bernard Kelekelo, who is connected with nearly every baseball league here, was the president of the league at that time and it was through his famous decision on the Chinese Alohas' protest that the Aalas won the laurels from the Aloha Juniors, who refused to play the Aalas. Kelekelo decided the game by default in favor of the Aalas.

Rolie Zelder is leading the league in stolen bases so far that the other players seem left at the post. The Seal's clever shortstop has stolen 10 bases so far this season, which is a sensational record. Hans Wagner stole 61 bases last season, which was the largest number purloined by any player, in either the National or American League. Cobb led the American with 49 stolen bases, and Magee was second to Wagner with 16 and Plick was second to Cobb in the American League with 41. At his present gait Zelder will outstrip Wagner by a large majority.

A dispatch has been sent out from Grand Rapids stating that Ketchel has agreed to box ten rounds on July Fourth for Frank Lynch of Grand Rapids, who is trying to get Tony Caponi or Hugo Kelly as an opponent for the middle-weight champion. Grand Rapids is Ketchel's home town and as he has never appeared in a fistic encounter there the people naturally are anxious to see him perform.
