A CONSTITUTIONAL CONVENTION.

The Constitution of 1887 was secured by a revolution. It was forced from an unwilling sovereign. Such is always the case. All gains of popular right or privilege, as shown by the world's history, are forced from rulers against their will. That of 1887 was no exception. It may not be perfect, few constitutions are. Most laws are open to some objection. But that is no reason why laws should be repealed, or the fundamental law set aside. The meeting on Saturday evening was called for the purpose of agitating the subject of calling a convention to give us a new constitution. The remarks made in some instances were both foolish and dangerous. Many false things were spoken, like Mr. Bush's statement that the King was compelled to abolish the constitution given by Kamehameha III. These things are said to create, foster and enliven feelings of hate and bitterness on the part of the natives. They can result in nothing but injury, to the natives first, and the whole country afterwards. There is no need of any constitutional convention, nor of a new constitution. Whenever required, the Constitution can be amended by regular course. The present Constitution is infinitely better than that published in these columns several weeks ago. That was simply the beginning of a return to the old order. Under its provisions a new exercise of irresponsible and despotic power would become possible. That is a condition to which the country will not return, and the sooner it is recognized the better. Messrs. Bush & Co. are parading as the friends of the Hawaiians, and they try to prove it by stirring up hatred against the foreigners. In fact they are the Hawaiians' worst enemies. If the provisions of the present Constitution are carried out, the rights of all are equally guarded and protected, and Hawaiian independence will be maintained honorably. If, however, Mr. Bush and his friends succeed in creating disorder and commotion, they will simply force interference from abroad and the loss of our autonomy. In such an event, who would be responsible if the nation is crowded to the wall? Let all friends of the Hawaiian unite and maintain order and the present constitutional government.

Mr. Jonathan Austin explained the Hawaiian political situation to a San Francisco Chronicle reporter on July 6th.

LATE FOREIGN NEWS.

The steamer Farrallon arrived with San Francisco Dates to July 9th. The steamer Farrallon arrived last evening with San Francisco dates to July 9th, from which we clip the following items: The silver bill passed 122 to 90. There is a political crisis in Salvador. Taxes have been increased 5 per cent. in Portugal. Edwin Chadwick, the social economist, is dead. The telegraph operators in England are about to strike. A drought in Mexico has caused the death of 10,000 cattle. The new Spanish Cabinet is composed of extreme protectionists. The Louisiana lottery bill has been vetoed by Governor Nichols. Twelve thousand teachers attended a school convention at St. Paul, Minn., July 7th. A big London mob besieged the police headquarters July 8th. The Life Guards were ordered out. A terrific gale swept over Lake Michigan July 4th, and much damage was done to shipping. China intends to borrow 30,000,000 taels of American silver for strategic railways in Manchuria. A rich banker and land owner of Sicily had to pay \$100,000 to Italian brigands as a ransom for his release. Edward Hanlan defeated George Hosmer, by half a length, in a three mile race, at Sioux City, Iowa, July 5th. Advances have reached Cairo that the famine which has for some time past prevailed in the Sudan is rapidly increasing. A tornado struck Fargo, Minn., July 7th, and there is great loss of life and property. Seven members of one family were killed. Ex-Treasurer Archer of Baltimore who stole more than \$100,000 of State funds, has been sent to the penitentiary for five years. At Trenton, N. J., July 6th the wife of Charles Wilke, a German, gave birth to a fully developed child with two perfect heads. Colonel Martinovic, the commandant of the body-guard of Prince Nicholas, the ruler of Montenegro and the cousin of the Prince, was murdered in the market place, July 7. The world's record in putting the sixteen-pound shot was broken July 5th at New York, by George R. Gray, who put the shot 45 feet 1 inch, being one inch over any previous record. An English syndicate has purchased land in Mexico comprising 6,000,000 acres, and also 75,000 head of cattle. It is the biggest land trade in the history of the American continent. For some time large quantities of coffee in transit over the Panama railroad from Central America have been pilfered. The railroad company has discovered among the thieves prominent employes. At least over 1000 bags were stolen. A serious conflict between Turks and Montenegres has occurred near the Lake of Scettari. The Turks were the aggressors. The British Charge d'Affairs has protested to the Porte against the danger of allowing the reign of anarchy in Armenia to continue. In the U. S. Senate July 7th, Morrill moved to take up the tariff bill, saying that it could be then laid aside informally until the shipping bills were disposed of. The Senate refused to do so—ayes 20, noes 24. The reason it was not taken up was, that several Senators were disposed to take an independent stand until the silver question was disposed of. They claimed the silver question was the greatest one before the people. The Russian Government, to counteract plans of China to make Manchuria an outpost against Russia by building railroads and fortresses in that territory and an extensive colonization scheme, has decided to hasten the construction of the Siberian railway and to strengthen the garrisons in the Ameer and the Usuri provinces. The Government will also establish colonies throughout these provinces, and no Chinese will be permitted to settle in its territory.

THE LEGISLATIVE ASSEMBLY.

Thirty-Eighth Day. WEDNESDAY, JULY 23. House met at 10 A. M. Prayer by the Chaplain. Minutes read and approved. Noble Cornwell, under suspension of the rules, presented a petition from thirteen merchants of Honolulu, praying that their claims for supplies for Princess Likelike's funeral be allowed. Referred to Judiciary Committee. Rep. Kalua presents a petition that an electric light be put up at Kakaako and water laid on. Referred to Public Lands Committee. Rep. A. Horner presented the following petitions: 1. That pay of mail carriers at North Hilo be \$25 per month; 2. That the pay of Postmaster be increased; 3. That salaries of district justices of North Hilo be increased to \$1,000. Laid on table to be considered with Appropriation Bill. Noble Pua presented a petition that all volunteer military companies be disbanded and their arms returned to the Government. Referred to Military Committee. That two native Hawaiians be in the Cabinet. Referred to the Judiciary Committee. Dr. A. Horner presented petition that Dr. Lutz be appointed President of the Board of Health. Laid on table. Rep. Apiki presented petition that all foreign physicians be removed because they cannot cure leprosy. Laid on table. That the law requiring vaccination be repealed. Laid on table to be considered with the bill. Rep. Cummings presented petition that all wood on Crown lands be made free for Hawaiians. Referred to Public Lands Committee. Rep. Lucas reports that the reply giving names of school teachers is printed. Rep. Cummings, for Public Lands Committee, reports: 1. Recommending that certain petitions be laid on the table; adopted. 2. That petition praying that the land owned by the Hawaiian roads be referred to the Minister of the Interior; adopted. 3. That the road prayed for in petition 233, being an extension of Kukui to Liliha street, would be desirable and recommend it be made; laid on table to be considered with Appropriation Bill. 4. That in regard to petition praying for new road from Judd and Liliha streets to Wylie street, that such new road would be useful and survey has already been made by the Government, and the committee recommend an appropriation; laid on table to be considered with Appropriation Bill. Rep. Kalua—The committee, on certain statements of Rep. Nawahi concerning the Board of Health, asks for further time. President Walker appoints Noble Phillips in place of Noble Berger on Fire Limits Committee. On the Dipsonianic Bill: Reps. Kalua, Brown, Marques, Horner and the Attorney-General. Minister Brown gave the answer to inquiries as to withdrawals of alcohol which were 3,416½ gallons in all, during the period. Referred to Committee on Commerce. Minister Cummings presented the following reply to the questions put to him July 22d, by Rep. R. W. Wilcox. "To the first four questions the Cabinet consider that it is not in keeping with public policy to consent to the arms now in possession of the Government should be made known. "The military committee has had access to all sources of information in this kind and subject, and if they should consider it advisable to lay these matters before the House they will doubtless do so in their report. "In regard to question 5, nothing was taken that the Ministry have any knowledge of. "In reply to question 6: In accordance with the provisions of Chapter XXV. of Session Laws of 1888, they are subject to the orders, and under the general provision and control of the Minister of Foreign Affairs. It is not deemed expedient for the public welfare that the actual places of deposit or storage should be publicly made known. "In reply to question 7: The uniform is not in the possession of His Majesty's Government, but in that of His Majesty's Government. On 21st October, 1889, the late Minister of Foreign Affairs received a dispatch from F. A. Schaefer, Esq., Italian Consul in this city, stating that he had received a dispatch from H. L. M. Minister of Foreign Affairs, in which His Excellency refers to Robert Wilcox in the following words: "The royal Minister of War communicates to me in regard to Robert Wilcox, that the same was admitted in 1885 into the Royal School of Artillery with the authorization to wear the uniform of sub-lieutenant of artillery of the Royal Exercise. Such authorization was naturally to cease with the return of Wilcox to his own country, having finished his studies and not belonging to the Exercito Italiano he had no right to put on said uniform. You will please inform H. M.'s Government of the foregoing and you may keep the sequel of the uniform of Wilcox in deposit at the Royal Consulate. "The Consul then requested the assistance of His Majesty's Government to carry out the instructions of the Italian Government. The ex-Minister of Foreign Affairs, after consultation with his colleagues, handed to Consul Schaefer the uniform, and the Department of Foreign Affairs hold the receipt for the same under the Consul for Italy's signature and the Royal Consulate sealed Nov. 5, 1889. "In regard to the sword, the only record in the Department that refers to it is in a report made by Col. V. V. Ashford, in which, while referring to the surrender of Mr. Wilcox to him on July 30, 1889, he says, 'I noticed he wore a military uniform, sash and sword, also a revolver and cartridge belt. These latter he handed to me. On March 19, 1890, Mr. Wilcox was notified by Mr. Austin that the sword had never been in this Department.' "Rep. Robt. Wilcox asked for a copy of the report. The uniform belonged to him as he paid for it. Rep. Rickard gave notice of his intention to introduce an Act to extend the jurisdiction of the District Justice at Hamakua. He also introduced a resolution in regard to an Act to reorganize the Judiciary. Minister Brown—By resolution that document has already been taken from the table and referred to select committee. Rep. Rickard withdraws resolution. Minister Brown reads an Act to provide for payment of salaries and expenses of the Government until September 30, 1890. Under suspension of the rules the bill is read a second time and passed to engrossment. The 24th of July was fixed for third reading. Rep. Kahoooko introduced the fol-

lowing: Resolved that \$4,000 be appropriated for bridges at Kohala. Laid on table to be considered with the Appropriation Bill. Rep. Apiki reads by title an Act amending the law with regard to internal taxes. The House proceeded to the order of the day. Consideration of the Appropriation bill in Committee of the Whole, Rep. Bush in the Chair. Landings and buoys on Hawaii \$3,200. Noble Phillips moved that the Committee of the Whole adopt the ten-minute rule of the House. Rep. Kalua moved that that cannot be done in committee. The House must do it. Rep. Waipouliani asks whether the item is for the entire island of Hawaii. Minister Spencer gave the items. Rep. Waipouliani—My district has the lion's share of the appropriation. I move the item be referred to a select committee. There are a great many petitions. Rep. Brown—I move it pass as in the bill. If we refer this item we must refer every single one. The Government knows what is needed. Noble Isenberg moves to amend by giving the whole Appropriation bill to a special committee at once. The former Ministry brought this bill in, and the House passed it. I already have \$5,000 for it, and I am in favor of passing it as it is. Every single item is referred to a special committee. Minister Brown—The item is based on very careful estimates and as reports from the various districts. But in the honorable member will look a little further he will find a general item of \$15,000 for contingencies. There are already upwards of thirty members on select committees on the Appropriation bill. If we go much further we shall have to enlarge the House. Rep. Kanealii—There are petitions here that the Government owns all landings so as to make them free. Does this item cover any such purpose? Rep. Minister Brown—No, nothing whatever. People have a right to charge wharfage on their own wharves. The House can vote money to extinguish those rights if it please. Rep. Kanealii—That would apply to every landing on the Hamakua coast. Noble Burchard—The honorable member from Hamakua had better bring in a bill for a new wharf. I don't think the present one cost a quarter of that sum. The motion to refer to a special committee was lost. The motion to increase to \$5,200 was lost. The item passed as in the bill. Landings and buoys, Maui, \$2,000. Passed. Landings and buoys, Molokai, \$2,000. Passed. Landings and buoys, Oahu, \$15,000. Passed. Landings and buoys, Kauai, \$1,000. Passed. Landings and buoys (general) \$15,000. Passed. Lighthouses, \$12,000. Rep. Lucas moved to increase to \$20,000, because a new lighthouse was needed at a certain point the other side of Diamond Head. Minister Spencer—The \$12,000 is based on expense of lights in past years, and \$15,000 will be asked for for lighthouse at Makapuu point and at Kahului. Rep. Lucas withdrew his motion. The item passed as in the bill. Rep. Kanealii—I move that an appropriate place to ask for \$500 for street lights at Waiehe. The item has been in the Bill twice but no lights have ever put in an appearance. Noble Phillips—On the next page the honorable member will find an item for lighting streets of other places than Honolulu. Rep. Kanealii withdraws his motion. Steam tug, \$28,900. The increase is for a new boiler. Rep. Lucas—Is not the new boiler already in? Minister Spencer—No, it is made, but not in. Rep. Lucas—Who authorized making the boiler if there was no appropriation for it? The item passed as in bill. Dredging Honolulu harbor, \$15,000. Rep. Marques—Does the Minister of the Interior consider that item sufficient? Minister Spencer—I do not think it will be sufficient and I was going to ask that it be passed over until Sec. 3 of the bill is reached. The item was deferred until Sec. 3 is reached. Roads and Bridges, Hawaii, \$34,500. Rep. Brown—I move item pass as in the bill. Carried. Roads and Bridges, Maui, \$19,000. Rep. Kanealii moves to insert after Maui item, \$2,000 for Paokalo bridge, so as to increase it to \$21,000. Rep. Kalua moves an increase to \$25,000, to build two bridges over two very bad streams between Maalaea and Waikuku. The streams are impassable in rainy weather. Rep. J. M. Horner—We must be cautious about appropriations. If the tariff is reduced, all property will depreciate, and I have heard that instructions have already gone from the agencies to the plantations to reduce their assessments by 25 per cent. Sugar stocks have already gone down 25 per cent, or more. If this should prove general, our resources would be reduced \$200,000. We must make our appropriations for what is necessary. Noble Cornwell—I believe this is a necessity. I have lived there for years, and I know that we have wanted these bridges for years. The freshets and washouts on the roads have cut four times as much as these bridges will come to. The House took a recess until 1:30 o'clock. Afternoon Session. The House re-assembled at 1:30 o'clock. Rep. Brown—I move it pass as in the bill and when we come to section 3 there are items of this character there. Minister Brown—A portion of these items asked for are already provided for. Besides that we have an item of \$30,000 for roads and bridges in general. The present Minister of the Interior has traveled around a great deal and knows the wants of the country better, probably, than all former incumbents. We think the appropriations asked for would be sufficient. I do not anticipate any great reduction in the revenue. I have always noted a great reduction in values about return time, and a wonderful recovery afterwards. I support the motion as in the bill. Noble Cornwell—Of course I am very willing to have these bridges paid for out of the \$30,000, if the Minister will guarantee that it shall be done. These bridges are very necessary. The traffic is heavy, as large as anywhere outside of Honolulu. I think an appropriation for the bridges ought to be inserted in this item. Noble McCarthy—I think the members from Maui ought to be satisfied with this sum of \$19,000. Last year they got only \$5,000. Very likely the bridges are necessary, but they are getting four times as much as last year and they ought to be satisfied and not try to hog it all. Rep. Robt. Wilcox—I don't doubt that the bridges are necessary, but I think when we reach the 3rd section of the bill we can properly pass it. Noble Macfarlane—I think the reasons given by Noble Cornwell are sufficient. I have been over the road which it was impassable. It is damaged by freshets to the amount of hundreds of dollars every year. I think, however, it will properly be appropriated in connection with the Lahaia road. Rep. Wilcox—I would like to increase to \$30,000, so that there will be \$9,000 for Lahaia. Otherwise the money will all be spent around the plantations. Noble Horner—The Appropriation Bill clearly attends to the wants of all the districts. I already have \$5,000 for Lahaia; that is enough to build all the bridges asked for. I move it pass as in the bill. Rep. Kanealii—I do not agree with the honorable Noble from Hamakua when he thinks those bridges will cost only \$1,000 apiece. I know that the one I asked for will cost at least \$2,000. It has been estimated on by competent persons. The honorable member has his railroad bill and wants \$18,000, or something of the sort, a mile for. Rep. Lucas—We are wasting a great deal of time discussing this paltry amount of five or six thousand. The people from Maui know what they want. We in Oahu don't know what they want. We ought to give them what they ask for. We are here to represent the people. I would move the previous question if it were in order. Rep. White's remarks were not translated. Rep. Kamai—I introduced a resolution asking for \$2500 for a bridge in Hana. It is very necessary, and I move that amount be added to the appropriation, unless it is already provided for. Rep. Halstead—I am willing to support the amount of \$30,000, provided \$30,000 of that is reserved for a bridge over a certain gulch in Hana. When there are freshets, it is very dangerous. There is always a freshet there, and a place where no swimmer can escape. Noble Cornwell—I want to say that the honorable members for Hana and Makaua seem to think that it is necessary to ask for bridges all over the island. I am willing to support for it as it is in the appropriation bill. Minister Brown—The requests already made up to \$39,000. The road tax is estimated at \$13,000 more, and section 3 contains \$57,000. The Treasury can't stand this. The motion to pass at \$30,000 was lost. The motion to pass at \$25,000 was lost. The motion to pass at \$21,900 was lost. The item passed as in the bill, \$19,000. Roads and bridges, Molokai and Lanai, \$25,000. Rep. Kapahaole moved to read roads and bridges in Molokai, \$3,000. The committee must bear in mind that from Halawa to Kalaea is forty miles. It has been a bad season, the road is in a bad condition and nothing can be done because there is no money. \$3000 is not an unreasonable amount. Minister Spencer—I move it be \$4500 including Molokai and Lanai. I have a petition from the Hon. member for Hana and I have made inquiries and am satisfied it is needed. Rep. Kapahaole withdrew his motion. Item passed at \$4500. Roads and bridges, Oahu outer districts, \$13,000. Rep. Brown—I move it read \$9,000, and then \$2,000 for Manoa, and repairing road from Ni'u to Kaimuki \$1,500; Manoa has been very much neglected. Rep. Kanealii—I give the hon. member credit for trying to do a very smart thing. He is trying to capture \$3,500 from the money of the outer districts and spend it in Honolulu; I don't agree to that. Everybody knows that Manoa is in the Honolulu district. Rep. Kanealii—I am satisfied that the Government allotment for the Ewa district. I hope the item will pass as in the bill. Rep. Brown—I withdraw my motion. I was a little too quick. I don't want to take anything from the outer districts. Rep. Bush—I am not anxious to increase the Appropriation Bill, but I would like to ask for a bridge in Koolau, which has been petitioned for. The bridge I think is necessary, and I would ask for \$2,500 for the purpose. The Minister can use his discretion about spending the money. The motion to increase \$2,500—making the item \$15,500—was carried. Roads and bridges, Honolulu, \$53,000. Rep. Brown—I move it pass at \$49,500, so that the two items I referred to may be specially appropriated. Rep. Cummings asked for items. Minister Spencer stated it was not itemized. Rep. Cummings moved it pass as in the bill. Rep. Bush—If personal feelings governed me I would oppose this, for Manoa defeated me at the late election. But I favor the motion. Manoa is very important and no attention has been paid to it. Noble Phillips—I don't see any reason for separating this item. In another place there is an item of \$75,000. Rep. Brown—The reason is that it may be spent nowhere else. I got an item passed for a road once, and instead of being spent there it went into the Kaimoia. Noble Pua's remarks were not translated. The motion to pass as in the bill was carried. Roads and bridges, Kauai, \$20,000; passed. Roads and bridges in general, \$30,000; passed. Pay of Road Supervisor, \$4,000; passed. Bureau of Water Works; Salary of Superintendent and Clerk of Market, \$6,000. Rep. Lucas moved it be \$7,000. He thought it was a position of responsibility. Noble McCarthy—The bill already is an advance of \$1,200 over the last period, and I think that is raise enough for anyone. Rep. Robt. Wilcox—I move it pass at \$5,000. I think that is plenty enough. I do not know what the qualifications of the present incumbent are, but if he is removed probably no one any better will be put in his place. Rep. Kapahaole—I support the motion to pass at \$5,000. The bureau is very costly.

Rep. Lucas—The fact that a large sum is going to be spent is all the more reason for paying a good salary. We must not consider the present incumbent. Perhaps he may be honored for tomorrow; \$7,000 is little enough. If we can't do any better let it remain at \$6,000 as it is in the bill. Rep. Kanealii—If the honorable member from Honolulu were the incumbent (Rep. Lucas) I think \$5,000 would be enough, and if he thinks he is engineer enough to hold this office I shall vote for \$5,000. I move the item pass at \$5,200. The item passed as in the bill. Rep. Kalua moved the committee rise. Notice of committee meetings was given. The report of the committee was adopted and the House adjourned at 3:25 o'clock. New Advertisements. NOTICE. DEAD. CHESEBRO—At Lanipahoehoe, Hawaii, on July 19th.

The Washington politicians figure that there will be a deficiency of from forty to fifty millions of dollars in the United States Government service, next year, owing to the heavy drain to meet the pension demands, created by recent legislation.

LOCAL AND GENERAL.

Twenty passengers returned from the Volcano yesterday on the Kinau.

The Kinau will sail on Friday at 4 P. M. so as to take the foreign mail by the Australia.

Mr. J. W. Yardley has gone to Molokai to enjoy a well-earned vacation of two weeks.

Capt. George H. Douglas superintendent of the Oceanic dock, San Francisco, died July 6th.

There will be a sale of Government rice land at Ewa, at noon to-day at the front of Aliolani hale.

The annual and quarterly meeting of the Pacific Hardware Co. will be held at 10 o'clock this morning.

"The Maid of the Mill" and the comic opera "The Rose of St. Fleur" at the Opera House this evening.

The Hawaiian Mission Children's Society meets Saturday evening at the residence of Rev. Dr. E. G. Beckwith.

The net proceeds from the supper at Queen Emma Hall Tuesday evening, will be over \$200. Good for the ladies.

The members of the Steinitz Chess club will meet this evening to make arrangements for a chess tournament.

J. K. Ailan has just published a small book containing the words of Hawaiian songs, including "One, Two, Three."

Applications for foreign money orders per R. M. S. Zealandia will be received at the Postoffice up to 4 P. M. Friday afternoon.

The "Wave" says "The Charleston will shortly go out for a few days' target practice." She is not going to Hilo on Saturday.

Some most beautiful advertising material of the Schlitz Brewing Co. of Milwaukee has been received recently by Mr. W. S. Luce.

V. V. Ashford said to a San Francisco reporter, soon after his arrival in that city, that he knew nothing of Hawaiian affairs. What a fib.

The co-partnership of H. R. Hitchcock and J. McQueen under the name of the Hawaiian Transfer Co. has been dissolved. The former will carry on the business.

The funeral of the late Miss Phoebe Taylor took place yesterday afternoon from St. Andrew's Cathedral, the remains being interred in the Nuuanu Cemetery.

The first of a series of receptions will be held this afternoon on board the U. S. Flagship Charleston, from 3 to 6 o'clock. Boats will be at the landing from 3 until 4:30 o'clock.

The Tivoli Gaiety Co. will present the domestic drama, "The Maid of the Mill," and a comic opera "The Rose of St. Fleur," at the Opera house this evening. Box plan at L. J. Levey's office.

This evening the Rev. W. W. Case of San Francisco, will deliver a lecture on "Human Nature—Phrenologically considered," at the Y. M. C. A. Hall, at 7:30 o'clock. The admission is fixed at 50 cents, and the proceeds will be devoted to the W. C. T. U.

A raft of 500 piles arrived at San Francisco on the 24 of July from Puget Sound, in tow of a steamer. The freight on the piles, if shipped in the old way, would have been \$1,800. The steamer's charge is not stated, but it was probably not over one dollar a pile.

A new chemical fire engine was used to extinguish a fire on Market street, San Francisco, July 2. The fire was in the second story, over the Golden Rule Bazaar, Market street, and was put out by the chemical engine with a loss of only \$200, where water-engines would probably have destroyed the entire stock in the building, amounting to many thousand dollars worth.

Only those to whom permits have been granted by the Board of Health will be allowed to go to the Leper Settlement with the Legislative committee, and permits will be given only to those persons mentioned in the resolution of the House. The committee leave on Friday evening returning Sunday morning. H. B. M. S. Acorn will leave and return at about the same time.

HILO NEWS LETTER.

Tourists can now be accommodated with board and lodging, unless the number is excessively large, without going to ask favors of private families unless they prefer to do so.

The barkentine Quickstep is expected to leave for San Francisco on the 22d inst. with a full cargo of sugar from Waikeka and Wainaku.

A Hawaiian was found dead on the shore on the 15th inst at Hilo. Verdict, death caused by drink.

Prof. Ferguson, a violinist, was announced to give a performance on the 19th inst., but as he could not agree with the power that had the room in charge, he gave a free performance on the veranda of the Pioneer News store and drew a large crowd who were greatly captivated with his wonderful performance on the violin.

An immense rain-fall fell on the 11th inst., the most that has fallen in same space of time for many years, eleven inches in twelve hours, sixteen inches in twenty-four hours. Streets were deluged. Papaouk had to shut down for about one week to repair water heads. Young cane was washed out on some plantations and the bridge at Pepeekeo was carried away. Fortunately most of the bridges are up sufficiently high to escape floods. The Wailuku river was a sight to behold. Dock at Papaouk carried away. J. A. M. Hilo, July 21.

Arrival of the S. S. Farrallon. The steamer Farrallon, Capt. S. Bonfield, arrived yesterday evening ten days from San Diego, with three passengers, a full cargo of general merchandise and a large quantity of hay. This is the first vessel of a new line between the two places. Her agents are Messrs. Livingstone, Clark & Co. The Farrallon left San Francisco July 9th for San Diego. She sailed from the latter place on the 13th. The Farrallon is a vessel of about 356 tons, and has been running between San Diego and Mexico. Mr. W. N. Ginty a member of the San Diego Steamship Company, is a passenger by the vessel, which is lying off the Oceanic wharf.

Capt. Bonfield has our thanks for late San Francisco papers and other news favors.

THE HIRAM MURDER TRIAL. Lui, the New Hebridean, Found Guilty by the Jury.

The trial of Lui, the New Hebridean, for the murder of Charles Hiram, was held yesterday in the Supreme Court before Mr. Justice Dole and the following jury: J. K. Wilder, M. McInerney, T. J. King, H. Armitage, J. J. Lecker, F. Godfrey, W. F. Bates, W. C. King, W. H. Aldrich, E. A. Jones, E. L. Marshall and E. Baskerville. Attorney-General Peterson for the Crown, and Paul Neumann for the prisoner. Six jurymen were excused by the defense, five by the prosecution and ten by the Court. Nine talesmen had to be called in. The evidence was very clear against the prisoner. The only witness for the defense was Mr. A. Drier, for whom the prisoner once worked. The jury brought in a unanimous verdict of guilty. A motion for a new trial was made by the defense.

A New Directory! Patronize Home Industry.

The HAWAIIAN GAZETTE COMPANY propose to issue a new DIRECTORY AND GAZETTEER of the Hawaiian Islands, to be based on the official census returns which will be taken this present year, 1890.

The population of this group is now about 90,000, and a complete directory should include at least 20,000 names. The official returns will furnish not only the names but also the residence and occupation of each person, and other data required for such a publication, which can be obtained in no other way.

There are 15,000 voters in the Kingdom, and the name of every one of them should be in every correct Directory. Yet no Hawaiian Directory heretofore published has contained more than one-third that number of names, even including several thousand Chinese in its list.

The facilities which the GAZETTE Establishment possesses for executing work of this kind are unsurpassed, as regards workmen, types and presses.

The advantages of having a HAWAIIAN DIRECTORY AND GAZETTEER printed in Honolulu, are these:

1st—That the names and data will be obtained from official records, and therefore reliable.

2d—The proofs can all be read by persons familiar with the names and places, and thus the many errors found in such books printed abroad will be avoided.

3d—All the persons engaged in canvassing, compiling and editing the book will be residents here, including also the printers, binders and others, and consequently interested in the success of the publication and the progress and prosperity of our country.

Each full page advertiser will be entitled to one copy of the Directory gratis.

For further particulars, address the Manager of the Hawaiian Gazette Publishing Co. d&w 1318-2m

DR. JOSEPH HASS'

Hog and Poultry Remedy

A Certain Cure for the Diseases of

HOGS AND POULTRY

1st. It puts your pigs in first-class condition. 2d. It stops cough, and regulates the bowels. 3d. It will keep sows healthy during pregnancy, and superinduce a sound progeny. 4th. It will arrest disease in every instance, if administered before the vital parts are beyond the reach of aid. 5th. It destroys worms and hastens maturity. 6th. It is a thorough preventive. Feeders who use it all the year round have no disease among their swine. 7th. It will repay its cost many times over in the extra pounds of pork it will make without extra feed. Hogs treated with it will gain two or more pounds, while others are gaining one. The reason is it regulates the digestive functions and enables the animal to convert every particle of food eaten into pork, involving no waste. Hundreds of testimonials from breeders in England, Germany, Scotland, Ireland, the United States, New Zealand, and Australia.

TESTIMONIALS:

"Dr. Hass' Hog Remedy is a certain preventive of disease, making pigs thrive well and gain flesh fast." (Sd.) J. N. WALTON, Birmingham, Eng. (Purveyor to H. M. the Queen and H. R. H. the Prince of Wales.)

"Our experience has shown that Hass' Remedy will prevent disease in hogs and that the increase in flesh by its use more than covers the cost." GILLILLAND, HAWK WORTH & BUCKLES. Coffeyville, Kansas.

"A good investment as a pork producer, to say nothing of its preventing disease." L. R. WOODS, Keene, Kentucky.

"I do not think it safe to be without Hass' Remedy to prevent disease. After a thorough test I am sure it is a valuable medicine as well as a pork producer." B. F. DORSEY, Breeder Perry, Illinois.
