REVENUE AND EXPENDITURE OF THE KINGDOM.

With commendable promptitude the Finance Department has published the Statutory Statement of the Receipts and Expenditures of the Kingdom for the quarter ending 30th Sept. last. There is nothing very striking in the statement. The revenue from various sources has been well maintained and the long list of expenditures contains the usual items in the usual proportions along with a number of payments which had to be deferred till the Appropriation Act should be passed and do not therefore properly belong to the quarter under review. The amount paid out on the latter account is comparatively light as a number of the overdue accounts were pushed over into the current quarter. The Civil List and Permanent Settlements take \$10,103.00; the Attorney-General's Department spent \$28,202.22; the Judiciary Department \$23,974.98, the Foreign Office expended \$4,201.36 on the management of the foreign affairs of the kingdom and \$12,242.44 on the King's guard and the Band; the Finance Department spent \$63,025.73 of which \$22,000 went in a weak willful compromise of the scandalous "Madras claim"; the expenses of the Legislature during the quarter were \$19,380.98; the economical Board of Education got along with \$7,130.78; and the Interior Department drew on the Treasury for \$191,991.48 which includes the disbursements of the Board of Health. These several expenditures give a total of \$359,852.94 which exceeds the revenue of the quarter by \$130,238.40, but as there were \$204,203.09 in the treasury on 30th June and the Postal Savings Bank receipts amounted to \$70,573.32, there remained \$144,538.01 in the Treasury to be carried forward to the current quarter. The Revenue was principally derived from Customs Duties which amounted to \$133,653.86. The total receipts from all sources were \$229,614.54 which may be deemed satisfactory considering that this is almost a blank quarter in the matter of Internal Taxes the whole sum derived from that source being \$1,441.75.

The first thing that must strike the mind of every one who examines this statement is the gross amount of quite unnecessary detail which is published. The whole affair makes more than two columns in the morning paper. A little more than half a column would give all the information the public needs or wants. We presume the Minister prides himself on adhering to what he deems the letter of the law which calls for a "detailed statement." Nevertheless he has used his discretion as to the point at which detail should stop. The letter of the law might be interpreted to demand the details of all such items as "Incidental," "General expenses of the Board of Health" and so forth as to which the public is certainly more curious than in regard to the salaries paid to the Judges, Police and District Justices and their clerks which require nearly half a column in which to set them forth. In the revenue account this love of detail is not so conspicuous. The receipts from the rents of Government lands, from land sales, from business and other licenses, and from sundry miscellaneous sources which are grouped under the convenient term, etc., are lumped together in one line. "Government realizations" is a phrase which may cover any sort of receipt if details are not furnished. The item "San Francisco Consul's Fees \$1,656.84" gives no clue to the period during which this collection was made which certainly could not have been a whole quarter.

TAX ASSESSORS AND COLLECTORS.

EDITOR BULLETIN:—The list of Tax-Collectors, published this week, has set people here speculating, as to what the principles are, in accord with which these appointments are made. We understand, that when this government went into power, the errors and vices of the old regime should all be corrected. Under Gibson's administration there was a constant complaint against the giving of Tax-Assessor and Collectorships to Government officials. The "Gazette" used then to write columns against this practice and print lists, showing how many offices the ministry heaped on their political friends. Now the "Gazette" says nothing, but still the same thing is happening. Here in Waikuku the three appointments—Collector '87, Assessor '88 and Collector '88—made by this Ministry, have been given respectively to the Deputy-Sheriff, the Collector of Customs and the Postmaster. These officers are paid respectively \$175, \$150, and \$100 per month—very handsome salaries, and the Assessor and Collectorships are worth more than \$1600 each for a 3 months' work. As a man cannot serve two masters, as he cannot be in the Post Office and at the same time out collecting taxes; he will either have to get a substitute in the Post Office or then the Postmaster-General ought to interfere or hire a man to do the collecting, but if that is the case, why not give the pay to the man, who actually performs the work. In former days these positions were given for political services rendered or expected to be rendered, but that can certainly not be the reason now, as the three appointments above mentioned were all given to political nonentities, men, who never could bring any party more than their own individual vote, even before the new election law, "muzzled" the Government officials. What astonished us more in the last appointment was, that it was well known here, that the nobles of this island, present at the close of the session, recommended another man, a native Hawaiian, to hold the office as Collector. They considered him the best man available and they were given to understand, that their recommendation would be deciding. All the other men, whom these nobles recommended for the different districts here, have been appointed except the Waikuku man, and the only reason we can see, is that he was the only Hawaiian on the list. Well may the natives doubt the sincerity of the present Ministry with its proposed principles of preferring the Hawaiian to fill the Government offices. There is a native Hawaiian, a property holder with an upgrowing family, a man, whose ability cannot be doubted, as four elected nobles endorse him, thrown aside to give room for a comparative stranger, a man without property or family or anything to show, that he is here except as a mere bird of passage. It seems to be the policy of the Cabinet to ask the different nobles and representatives for their opinions in regard to appointments of Government officials in their respective districts. That is a very sound policy, and if followed out would reduce the complaint over the "Honolulu rule" a good deal, but if their opinions are only asked to "scratch their backs," and no attention paid to their recommendations, then such a policy becomes a farce and an insult to the gentlemen, who take the trouble to think over, who will be the best men to serve in certain positions, and often make enemies of the men, they do not recommend. The Ministry will find out, that they do not make friends by acting as they are doing, and they cannot afford to lose any and least of all the men, who befriended them in this Legislature and of whom a number when they left with good reason could have said.

A GAY SEND-OFF.
The Alameda left her dock sharp at noon to-day, for San Francisco. There was the liveliest kind of a time on the wharf previous to her departure. The Hawaiian Band was there and discoursed popular music much to the delight of the through passengers, who gave three hearty cheers for the Honolulu band. Nearly all of the passengers were decorated with leis, and much amusement was caused by two members of the London Gaiety Company with their antics. A number of native boys were alongside the steamer diving for coin which was liberally thrown from the deck by the passengers. Taken altogether, it was one of the gayest send-offs for a steamer in a long time.

LOST OVERBOARD.
On the down trip of the S. S. Alameda, on September 11th, in lat. 25.46 south, long. 172.48 west, H. P. Bolton, aged 21 years, a native of England, one of the seamen on board the steamer accidentally fell overboard while in the act of getting on the stage plank. Life buoys were thrown over, a boat was lowered, and every effort made to save him, but without success. He was seen for but a few minutes, and then disappeared. The boat searched for an hour and forty minutes, but as he was not seen again, the search had to be abandoned.

COMBINATION CONCERT.

The concert given at the Hawaiian Hotel by the Hawaiian band and the U. S. S. Brooklyn's band, last night, was a treat. The first four pieces on the programme were played by our own band, led by Mr. Berger. The second part consisted of four pieces by the Brooklyn's band, led by Mr. D. Ficca, their regular bandmaster. In the third part the two bands combined, the respective bandmasters alternating in the leadership. Between the second and third parts several vocal pieces were interspersed by the Hawaiian band boys. That the music both instrumental and vocal was appreciated, was attested by hearty applause, particularly when the two bands combined. There was an immense crowd of people present. The balconies of the Hotel, which were gaily lighted by colored lanterns, were jammed full of interested listeners. Every available seat in the grounds, and indeed almost every bit of standing room, was also occupied. Incan descent electric lights scattered among the trees and shrubbery aided the moon in furnishing illumination. The bands occupied the rotunda in front of the Hotel. Shortly after the commencement of the concert, the steamship Alameda reached the wharf, and most of her passengers found their way to where the music was. Judging from frequent exclamations, they appeared very much pleased both with the surroundings and the concert. A pleasant dance followed in the large parlor of the Hotel. It is to be hoped that the musicians of the Brooklyn, who contributed so much towards the pleasure of this occasion and who delighted our people with their music, may be induced more than once again to similarly join our local forces and favor us during their stay in port.

ALLUREMENT FOR TOURISTS.
Through that liberality which has always characterized the Wilder S. S. Co., in their treatment of members of the profession of journalism, Mr. Webb has made a trip to the Volcano of Kilauwa to complete notes for sketches of Hawaiian Scenery etc., which are to be published in one of the leading illustrated Australian journals during the period of the Melbourne Exhibition. These sketches will be accompanied by illustrations from the pencil or Mr. J. D. Strong, and will be specially prepared with the view of making known to tourists what inducements these islands offer to them for prolonged stay and wandering among them.

AN AQUARIUM.
Among household furniture and effects advertised for sale by Mr. L. J. Levey on Monday next, at 10 o'clock a. m., at a cottage back from King street, opposite the lower end of Liliha street, is a portable aquarium. The tank is strongly constructed and neatly finished, with a pipe for the inlet of water from a faucet and a similar arrangement for its escape. All four sides are of glass. It contains about 90 gold fish. These are, many of them, of unusual shapes and rare shades of color, silver white and pale sky blue included. These pretty little fish are all uncommonly tame, and submit to be handled without objection. They know their mistress, and will flock to any side of their house where she appears. Whoever becomes the purchaser of this little property will be fortunate.

THE PACIFIC CABLE.
The Premier of Victoria has received a letter from Mr. C. Rowan, agent in Australia of the Pacific Cable Company, stating that on his return from Australia, Mr. Owen Jones, one of the directors of the Pacific Telegraph Company (Limited), had been in communication with the authorities, and that the Canadian Government intends inviting delegates from each of these colonies to Ottawa, to discuss the cable scheme and mail service from Vancouver to Australia.

SAMOA.

A More Peaceable State of Affairs.

The Alameda brought no very exciting news from Samoa. Several private letters received in this city give particulars of what has occurred since last advices. One says that Malietoa 2d, the new king, still has possession of all parts of Savaii and Upolu and Mulinu Point and a few little towns—Lotunuu, Solosolo and Salunatafa. These towns Malietoa does not attack, preferring to obtain their voluntary submission, which they are now negotiating.

The people from Satupaitea (whose town was burned by the Germans last year), landed in Anna and burned the house of every person who was absent on Mulinu with Tamasee. Mulinu is blockaded and without aid from the D. H. & P. it would have surrendered long since. The people there are living on biscuits and rice, and of course mortgaging their lands to pay.

The British men-of-war Calliope and Lizard had arrived at Apia, the former having on board Admiral Fairfax.

Captain Leary of the U. S. S. Adams wrote a strong protest to the Captain of the German man-of-war Adler, on behalf of the United States and humanity in general, against using a warship of a great nation for the purpose of shelling defenceless women and children.

The Germans were looking anxiously for the coming of their fleet, when they think matters will be put straight for them again. It would be very little use in trying to keep Tamasee on the throne of Samoa, for without the assistance of German troops he will never be able to carry on his Government. Germany must either annex or allow Samoa to be governed by a King who is the choice of the people.

The British residents expect nothing from the British Government. They send a new consul who knows nothing about the situation, and of course send him with his hands completely tied. The U. S. Government has never acknowledged Tamasee as even de facto King, and are free to take an independent course.

The funeral of Captain Bissett of the schooner Vendix who was shot on the streets, was largely attended. He was held in great respect by the people of Samoa. Capt. Bissett met his death solely by accident.

Mrs. Ruge, wife of one of the German firm of Ruge & Co. is announced.

The following is a copy of the letter sent to the consuls by the Samoan chiefs, announcing the election of Matafa as king:—

We, the Launua and Taipuli chiefs and rulers of Samoa respectfully beg to notify your Excellency that we have this day, with the consent of a majority of the Samoan people, elected as our king iana aloga Malietoa Matafa. Further, we wish to notify your Excellency that it is the desire of all the Samoan people that Tamasee ceases to be King of Samoa; and Brandeis's connection with the Government also ceases from this date. After careful consideration we are determined to abide the action we have now taken to defend our right to elect what king we, the united people of Samoa, may choose to rule over us. We feel confident that peace and good order will be maintained in Samoa, and for our future guidance we wish to have the privilege of selecting three gentlemen representing the three great nations having commercial interests in Samoa to advise us in our endeavors to rule impartially and justly.

Mr. Blacklock, the U. S. Vice-Consul, replied to the letter in which he said: "In the choice of your Highness, Malietoa Matafa, by the people of Samoa to be their future King, I think the wish of the three Powers has been carried out; and I can see, I think, peace and prosperity in store for Samoa after the present civil war is brought to a close and your Highness recognized by the three Powers as King of Samoa, which, I trust, may be done without the loss of any more of your people."

BRITISH ANNEXATION.
The Hervey group of which Rarotonga is the chief island, were annexed Sept. 27th, British Consul Exham hoisting the flag. The Caroline will visit the group to confirm the Consul's action. The Calliope, Admiral Fairfax has also hoisted the flag on Savage Island. The French have had their eye on the Hervey group for a long time past, but the Queen has said right along she preferred to see the Union Jack in one corner of her flag.

Whale Boats.

In answer to several enquiries concerning Whale Boat Frames, we have now in course of construction, 3 Whale Boat Frames 74 feet by 32 feet long. These frames are bent in one piece of oak, and held to shape, thus requiring little tact to set them up and build. The full frame for such boats, including cants, 45 sections in number, is sold at \$28; with large stems on keel, and ready to plank \$40. They are not intended to be clinker built, nor as the frail imported whale boats proper, but are intended for rough use and durability, yet light withal, for fishing and trading purposes. We have exported these frames and intend doing so, and make this offer to amateurs and others desirous of trying their hand, with plenty of leisure and small cash to make a business. Will bend frames to any given model from 5 to 25 tons. Also on hand for sale Surf and Pleasure Boats, Stems, Knees and Timbers. Mutual Telephone No 325.
