TO SHIFT THE TAX

MASTER KEY OF TOURIST SCHEMES

The Chamber of Commerce Will Hold a Special Meeting In Two Weeks to Consider Reports.

The monthly meeting of the Chamber of Commerce was held this morning. Vice President C. M. Cooke, presiding. The report of the committee on tourist travel made a report outlining a definite plan and recommending that the expenses of it be met by a diversion of the tax of ten cents a ton on merchandise, paid by the merchants for a fund to aid in the sanitary protection of the city, to this purpose. The plan presented is a definite statement of the hitherto outlined plan, providing for tourist headquarters here, tourist agencies in San Francisco and Los Angeles, and the preparation and distribution of an edition of 100,000 of a folder descriptive of the islands.

W. C. Weedon's contract with the Chamber of Commerce expires this month and there was no motion to renew it, but an understanding that it would not be renewed.

The report of the committee on tourist travel was made the special order for a special meeting of the chamber to be held two weeks from today, the report to be printed in the meanwhile and a copy sent to each member of the committee.

Those present at the meeting this morning were: C. M. Cooke, James G. Spencer, C. L. Wight, F. J. Lowrey, F. A. Schaefer, F. A. Swanzey, Henry W. Thompson, J. J. Egan, H. A. Isenberg, F. W. Macfarlane, E. D. Tenney, Gerrit P. Wilder, H. E. Waity, W. W. Hall and Robert F. Lange.

J. T. Crawley of the Hawaiian Fertilizer Company was nominated for membership in the Chamber the nomination to be acted on at the next meeting.

The committee appointed, February 14, 1902, to consider measures for payment of the claim of Castle & Cooke, Ltd., for expenses incurred under authorization of the Chamber of Commerce in connection with the Quarantine wharf, reported that the claim of \$8,285.54 as per Castle & Cooke's statement of September 11, 1901 had been paid in full together with interest at the rate of six per cent per annum. These payments have been made out of receipts for special wharfage. The total amount is \$8,285.54 and \$267.44 interest, a total of \$8,552.98.

The Tourist Committee's report was presented by C. L. Wight.

Mr. Schaefer moved that the report be printed and each member of the Chamber be furnished with a copy. Mr. Swanzey asked if this meant that there should be no discussion of the matter until the report should be printed and considered at some future meeting. Mr. Schaefer said it was a very important matter; the report went into details, and it could therefore be more intelligently discussed if members had copies before them.

Vice President Cooke said the committee would be very much disappointed if the report were not promptly acted on. The matter had been under consideration for some time. One of the features of the report was a recommendation for a folder to be issued in an edition of 100,000. The paper alone for this edition would amount to eight tons. So that it was very desirable that prompt action should be taken, if possible.

Mr. Schaefer thereupon added to his

MASKED ROBBERS STILL AT WORK

MADE BOLD RAID ON PACIFIC HEIGHTS TEA GARDEN AFTER CARS STOPPED RUNNING.

Another daring robbery is being investigated by the police. The same men who have been doing such successful work recently made a descent on the Japanese tea house at Pacific Heights last night and secured all the money about the place. The methods of the robbers were identical with those that characterized the work of the robbers who made such a successful haul at the Chinese store opposite the Tramcar barn nearly two weeks ago.

The robbery last night occurred about 11 o'clock. The Japanese proprietor of the tea house at the end of the electric car line on the Heights was alone in the place except for the presence of his wife. Two men entered the tea garden. Both men were masked. One of them went to the woman and held her, while the other caught hold of the Japanese man. One of the robbers the shorter man, displayed a revolver. The robbers demanded money of the Japanese. The victims were terribly frightened and the woman started to cry. The robbers threatened to bind and gag the pair if they made any outcry. The Japanese and the woman were forced to open the trunk and surrender all of the money contained there. The cash drawer was also rifled about \$85 to \$95 was secured by the robbers who hurried away down the side of the mountain into Pauoa valley.

The Japanese man hurried half a mile to the nearest house and notified George Angus of the robbery. The latter at once telephoned to the police. Deputy High Sheriff Chillingworth and posse went to the scene of the robbery and began to beat the country around for trace of the robbers. The posse officers searched until daylight this morning. No trace of the men was secured.

The Japanese were both badly frightened and were unable to give very accurate descriptions of the robbers. The robbers are reported to be a tall man and a short man. Both wore black masks, dark felt hats and dark presumably black clothes. The Japanese seemed to think that the robbers either Porto Ricans or Portuguese. It is not improbable however that the robbers may be white men for their work is characterized by the daring and thoroughly business like methods that resemble the work of highwaymen on the mainland.

STOCK PRICES

By Cable to the Stock Exchange.
SAN FRANCISCO, Jan. 14.—The following are the "bid" quotations at the 10:30 session of the San Francisco Stock and Bond Exchange on Hawaiian stocks this morning:
Hawaiian Commercial \$42.50
Honokaa 13.75
Makaweli 25.00
Pauuhau 15.75
Onomua No Buyers.

LEHUA RESUMES HER RUN.

The steamer Lehua will resume her run this afternoon to Molokai, Maui and Lanai ports. The steamer Hawaii went out last Monday night to windward Molokai ports, but will not return to Honolulu as she goes on to Hilo and resumes her run from that port.

SPECIAL THIS WEEK.

May Seize Mines

HOUSE JUDICIARY COMMITTEE ASKS LEAVE TO REPORT A RESOLUTION DECLARING THAT CONGRESS HAS POWER TO SEIZE AND OPERATE COAL MINES AND COAL CARRYING RAILROADS.

Associated Press Cable to the Star.
WASHINGTON, D. C., Jan. 14.—Congress has passed the bill providing for a rebate on all duties on coal equaling the present tariff on that article. The Senate amendment to prevent the imposition of duty on anthracite coal has passed both houses. A further move against the Coal trust was inaugurated in the House today when the chairman of the Judiciary Committee of the House introduced a resolution asking for authorization for that Committee to report a resolution declaring that in the opinion of the House the powers of Congress will permit Congress to declare it necessary to seize the coal mines and railroads carrying coal, and operate them.

SEVEN WERE KILLED.

Associated Press Cable to the Star.
NANAIMO, B. C., Jan. 14.—A terrible explosion of nitroglycerine at Departure Bay resulted in seven persons being killed.

Concession To Beet Sugar

SENATE COMMITTEE FAVORABLY REPORTS AN AMENDMENT TO THE CUBAN TREATY PROVIDING THAT THE TWENTY PER CENT REDUCTION ON CUBAN SUGAR WILL NOT BE INCREASED.

Associated Press Cable to the Star.
WASHINGTON, D. C., Jan. 14.—The Senate Committee on Foreign Relations has agreed to recommend the adoption of an amendment to the Cuban reciprocity treaty providing explicitly that the twenty per cent reduction in the tariff on Cuban sugar coming into the United States shall not be further reduced by any preferential rate given to any other country.

This is the provision and protection that the beet sugar growers especially those of Michigan have been insisting on as the price of their consent to the treaty. This makes the reduction of the tariff for the benefit of Cuba a definite percentage which cannot be increased by tariff juggling or inadvertent legislation or treaty-making.

MAY NOT SEEK HAGUE TRIBUNAL

Associated Press Cable to the Star.
KINGSTON, Jamaica, Jan. 14.—Minister Bowen, the representative of the United States at Venezuela, has arrived. He states that he has full powers to act for his government in the Venezuelan troubles. He thinks that the adjustment of the embargo with Germany and Great Britain can be effected without resorting to arbitration before the Hague court.

GERMANY KEEPS HANDS OFF

Associated Press Cable to the Star.
BERLIN, Jan. 14.—The German Government denies the report that Germany is seeking to acquire Columbia's interests in the Panama canal.

RAPID TRANSIT TO KAMOILILI

NEGOTIATIONS MADE WHEREBY LINE WILL BE EXTENDED TO THAT DISTRICT.

Negotiations which have been pending between the Rapid Transit and Land company and the Palolo Land and Investment Company, the Bishop Estate and the trustees of Gear, Lansing and Company have been completed whereby the Rapid Transit Company is to be given a bonus of \$50,000 by the three parties interested, to extend a branch to the Kamoiilili district.

According to the agreement the Rapid Transit company will as soon as its present extension to Waikiki is completed at the end of the present month, begin the work on the other extension. The branch line will be built out King street past the McKinley Memorial Park to Beretania street and thence to a point just beyond the western boundary of the Kamoiilili tract.

The new branch will be completed by the end of May. The Rapid Transit company agrees to maintain a half hour service and a five cent fare with a half fare for school children.

In raising the bonus the idea followed has been to make the assessments as nearly equal as possible to the various property owners in the districts to be benefitted by the advent of the electric car line.

GEAR ASSIGNS BANK CASE.
Judge Gear left for the Coast on the Ventura last night with his bride. Before going he made an order assigning the American Savings Bank case to Judge De Bolt. The absent judge is

expected back here February 4 on the Ventura. An order has been made assigning all probate and chambers matters to him while the February term lasts.

CENTRAL UNION.
The annual meeting of Central Union Church will be held this evening at the church at 7:30 o'clock. Reports of the year's work will be read. A large attendance is requested.

RENEWED THE COMMISSION.
At the meeting of the Chamber of Commerce this morning it was decided to send a commission to William Haywood appointing him as the representative of the chamber at Washington for the year 1903. An engrossed commission will be sent to Mr. Haywood.

S. C. ALLEN SAILS.
The bark S. C. Allen sailed January 12 from Eleele for San Francisco. She took 14,000 bags of sugar from McBrude Plantation. The Allen was to have sailed earlier in the month but was delayed several days by the recent heavy weather.

DREDGER TO PEARL HARBOR.
The tug Kasua which was on the Marine Railway yesterday started this morning to tow the Bishop dredger to Pearl Harbor for the purpose of having the dredging work resumed.

HELENE IN COMMISSION.
The steamer Helene is being put into commission. She will probably sail for Hamakua ports Saturday. She has been laid up in the stream for nearly two months.

MIKAHALA ARRIVES TODAY.
The steamer Mikahala arrived this morning from her run to leeward Kaula ports. She brought a good sized load of sugar. Good weather is now prevailing about Kauai.

TO LIFT THE GOLD

MOVEMENTS OF SUGAR FLEET

ROUGH WEATHER AT KAHULUI HAS INTERFERED WITH SCHEDULES OF THREE VESSELS.

Heavy weather at Kahului has considerably interfered with the plans for the shipment of sugar from that port. The S. S. Alaskan has been over there several days getting sugar for Delaware Breakwater. She should have returned this morning to resume loading at this port. The S. S. Nevanan which was scheduled to sail last night for Kahului was held here to await until word had been received from the Alaskan as it was not desired to have two big steamships in that port at once as they could not be loaded as quickly as if only one were in port.

The Nevanan is expected to get away this afternoon for Kahului. The bark Pooing Suez which was to have sailed yesterday for Kahului is being held until after the departure of the Nevanan. A day after the Nevanan sails from Honolulu, the Pooing Suez will depart for Kahului as it is figured that the Nevanan will have finished loading sugar by the time that the sailing vessel makes port. The Pooing Suez is to take about 1,000 tons at Kahului.

The barkentine W. H. Dixon gets away today for San Francisco with about 1,200 tons of sugar. The barkentine Archer is expected to sail for San Francisco tomorrow with a full load of sugar. As soon as the Archer departs the schooner W. H. Marston will go on the berth to load sugar for San Francisco. Next week the bark Mohican will begin to load sugar for San Francisco.

The bark Willcott is loading sugar for Delaware Breakwater. She will get away about the first week in February. The schooners Rosamond, Aloha and Helene, barks Albert and Mauna Ala and barkentine S. S. Weller are waiting for sugar and will begin within a few days to load for San Francisco.

CAN NOW CROW WITH CONFIDENCE

JUDGE WILCOX GUARANTEES IMMUNITY TO THE FEATHERED FAMILY FOR NEXT SIX MONTHS.

Thanks to Judge Wilcox, roosters can now crow with confidence. Ah Loy the notorious Chinese burglar and all round petty thief, was this morning sentenced to serve another six months at hard labor for having been unlawfully on the premises of another at night.

Ah Loy was before the Judge on a charge of having no visible means of support. Ah Loy looked quite neat in clean shirt and clothes. He admitted to the court the truth of the charge and asked for leniency as he desired to secure employment. The court inquired how long the defendant had been out of jail and Ah Loy said "Forty days."

Deputy High Sheriff Chillingworth said that during his incumbency as an officer the defendant has served 11 or 12 terms for various convictions of vagrancy and burglaries. Ah Loy did not desire to have any legitimate employment.

Ah Loy informed the court in response to a question, that George Summers a colored friend of the defendant, was still serving a sentence in jail. The court remarked that Summers was in the habit of getting strong by holding a chicken under his arm.

"Well Ah Loy," added the court "we will sentence you to six months in jail. So we will know where you are for at least six months. The roosters can now crow with confidence."

A Cough is Not a Disease, but a symptom. It indicates that the lungs and bronchial tubes are inflamed. This inflammation often leads to pneumonia. The surest way to ward off pneumonia is to use Chamberlain's Cough Remedy on the first appearance of the cough or cold. It always cures and cures quickly. All druggists sell it. Benson Smith & Co., general agents.

EFFORTS TO GET AT SUMNER'S MONEY

His Attorney Files a Motion To Have the Money Paid Over Notwithstanding the Appeal.

The John K. Sumner case will not go down, any more than Hancock's ghost, which was no more disagreeable to Macbeth than the case is to some of those concerned. This morning another motion was filed in an effort to get the old man's money out of court, and at 2 o'clock this afternoon the numerous attorneys in the case were called into court again to argue the matter. The motion filed this morning is as follows:

"And now comes the defendant John K. Sumner and moves the First Judge of the Circuit Court of the First Judicial Circuit of the Territory of Hawaii, sitting in chambers in equity, to enforce the decree entered up in this suit, notwithstanding the appeal filed by the defendants Victoria Ellis Buffandou, William S. Ellis and John S. Ellis, by directing the clerk of this court to immediately pay over to the defendant John K. Sumner the sum of \$48,025 so ordered and decreed to be paid to him in and by said decree, forthwith, and said defendant John K. Sumner moves for such other and further order as in equity and justice he may be entitled to under and by virtue of the findings made and decree so entered up in this suit.

"This motion is based on the decree and the record.

"**MARGOON & PETERS,**
"GEORGE A. DAVIS,
"By George A. Davis, solicitor for the defendant John K. Sumner."
The principal contention in support of this motion is believed to be that a bond should be required from those who have appealed, as security for the money they have tied up. Judge De Bolt has already ruled that the bond of \$50 filed on appeal is sufficient, and that the appeal has been properly perfected. The question now to be raised, and which was not gone into fully at the last hearing, is whether Sumner has a right to demand a supersedeas bond equal to or more than the \$48,025.

STEAMSHIP DUE.
The S. S. Moana is due today from Sydney, Brisbane and Suva. The recent heavy weather has evidently detained the vessel. She will sail a few hours after her arrival for Victoria and Vancouver.

THE MESSAGERIES MARITIMES

The Messageries Maritimes is negotiating for entrance to San Francisco, says an exchange, for the purpose of obtaining part of the trade between that port and the Hawaiian Islands, and Australia, the Far East and Europe. New Caledonia and Tahiti also will be on the route proposed. Roth, Blum & Co., agents for almost all the French sailing vessels that come to San Francisco, have said that plans were being laid for the new system, but they might not be completed for some weeks. From a man recently from Honolulu, however, it is learned that the French Consul at that port has been advised officially that the sailings are promised this month.

The Messageries Maritimes is one of the largest fleets sailing between European, Australian and Asiatic ports. It was founded in 1851, and ten years later obtained the French, India and China mail contract. It has sixty-two vessels, and a total tonnage of nearly a quarter of a million. It also has a service down the west coast of Africa, besides one covering the whole Mediterranean Sea and the Black Sea.

The line which it is proposed to extend to San Francisco now runs between Marseilles and Sydney, Australia. The services will be monthly at the start, and will be made more frequently if the trade demands it. The vessels will touch at New Caledonia and Tahiti on their trips each way. A statement from Honolulu is that the French mail contract, now held by the Oceanic Steamship Company for the Tahiti mail, will be transferred to the new line by the French Government. This, with the regular profits from the ordinary trade, it is believed, will make the venture profitable from the outset.

The Messageries Maritimes also, it is said, will break the rates now obtaining between Pacific ports, and the people of Hawaii are hopeful that this will be the fact. At present there are three or four lines between American and Asiatic and Australian ports which touch at Honolulu, but these have an agreement by which passenger and freight rates are kept up, and a passage to Honolulu costs about as much as one across the Atlantic. The new French line, it is expected, will enter into strict competition with the American-Oriental lines, and the Hawaiians believe they will get a different set of rates. The trade between the coast and the islands is now in the hands of the Oceanic, the Pacific Mail and the Canadian-Australia steamship companies, the Oriental and Occidental and the Toyo Kisen Kaisha being kept out of business by the American coasting laws. The French line also will be kept from competing for business between San Francisco and Hawaii by the same laws, but the other ports and between San Francisco and any foreign port.—Japan Mail.

SHIPPING INTELLIGENCE

(For additional and later shipping see pages 4, 5, or 8.)

ARRIVING.

Wednesday, January 14.
Stmr. Mikahala, Gregory, from Naveliwell, Koloa, Elele, Makaweli, Waima and Kekaha at 3:50 a. m. with 3100 bags sugar 15. bbls poi, 55 packages sundries.
S. S. Miowera, Hemming, from Sydney, Brisbane and Suva, due.

DEPARTING.

Tuesday, January 13.
S. S. Ventura, Hayward, for San Francisco at 6 p. m.
S. S. Gaelic, Finch, for San Francisco at 6:20 p. m.

WEDNESDAY, JANUARY 14.

Tug Kaena, Weisbach, for Pearl Harbor, with dredger in tow at 8 a. m.
Stmr. Lehua, Napala, for Molokai and Lanai ports at 5 p. m.
S. S. Miowera, Hemming, for Vancouver and Victoria, probably sail in afternoon.

S. S. Sonoma, Herriman, for Pago, Auckland and Sydney, probably sail at night.
Stmr. Mikahala, Gregory, for Kaula ports at 5 p. m.

PASSENGERS.

Arriving.
Per stmr. Mikahala, January 14, from Kaula ports—C. T. Davis, George Patterson, Miss Anna Nordmeyer, S. B. Harry, Mrs. L. McKeague, L. Nakapahu, Rose Aea, W. L. Hardy, R. W. Madden, L. P. Prescott, S. Lesser, J. K. Pohaku, J. W. Chalmers and 45 deck.

DEPARTING.

Per stmr. W. G. Hall, January 13, for Kaula ports—A. Fernandez, T. Akubo, Mrs. W. H. Rice, Miss Rice, John Ganshall, Mrs. W. H. Scott, Yin Nam, Mrs. Emerson, C. B. Reynolds, A. V. Peters, B. D. Baldwin, Mrs. Colton, Rev. H. Isenberg, D. Lawrence and 52 deck.

ELELE.

Departing, January 12, Am. bark S. C. Allen, Johnson, for San Francisco.

SAW VENTURA DEPART.

Man People at the Oceanic Wharf Last Evening.

There was a very large crowd at the Oceanic wharf last evening to see the S. S. Ventura depart for San Francisco. A number of passengers departed on her from this place. S. S. Dickinson and Captain Pattison of the Commercial Pacific Cable Company were departing passengers. Captain Pattison's staff accompanied him home as did members of the electrical and cable staff from the Silvertown. The friends of the cable people were on hand and covered the departing people with leis. J. P. Hackfeld was a passenger for San Francisco. He was covered with leis.

Colonel George Macfarlane was called to San Francisco suddenly. Judge George D. Gear and bride went to the coast. He will remain but a short time.

Mrs. Charles L. Rhodes and Miss E. A. May went to San Francisco for a visit on the mainland.

The Ventura got away promptly at 6 p. m. The crowd on the wharf disappeared in a remarkably short time after the gang plank had been lowered as every body was hungry for dinner. The Ventura is scheduled to reach San Francisco next Monday.

SHY ON VOTERS.

The following circular letter has been sent to each of the persons entitled to vote at parish meetings of St. Andrew's Cathedral by Robert A. Churton, secretary pro tempore of the parish meeting held a couple of weeks ago:

Owing to the poor attendance at the Meeting of Voters of Saint Andrew's Cathedral, held on Friday evening, January 2nd, 1903, it was decided to adjourn until Friday evening, January 16th, 1903, at 7:30 p. m., in the Sunday School Room, and the Secretary pro temp. was instructed to send notice of such to each Voter.

The special business to come before the Meeting is the election of a Vestry (in accordance with Canon XXI, Sec. 4).

Every male Communicant of legal age, whose name has been for the past six months on the Cathedral Register, is entitled to vote.
As the Vestry will have charge of the financial and business side of the conduct of the work of the Church in the Cathedral Parish, it is of the greatest importance that the attendance should be a representative one. You are, therefore, earnestly requested to be present at this Meeting.

AMEN.

The preacher had apparently almost reached his peroration, but he had apparently almost reached it before, and the congregation was suspicious. "What can I say more?" he asked in impassioned tones. "Amen," answered a man in a back seat.—Chicago Evening Post.

A New Home Sewing Machine

Is generally regarded as the best Machine on the market to-day.

In these days while some manufacturers are flooding the country with worthless sewing machines and issuing circulars wherein they have copied the legitimate claims of reputable companies, many purchasers become bewildered and puzzled and find it difficult to make a selection. The popularity that the New Home Machines have earned and which they maintain throughout the world is evidence of their superiority and as we have always enjoyed the enviable reputation of handling only first class machines, there need be no hesitation in buying from us. We also handle the Pan-American Hand Sewing Machine.

SEA ELEPHANT HIDE.

A New England sea captain named Cleveland has created a sensation by bringing home a few hides of the sea elephant, a giant seal thus far hunted for oil alone. The hides are said to be more flexible and tougher than those of cattle, and a process has been invented which produces from them a grade of leather superior to anything hitherto known.

OREGON HELPLESS IN THE TYPHOON

MORE NEWS OF STORM THAT NEARLY SENT OREGON TO BOTTOM—GAELIC IN SAME STORM.

Additional news of the typhoon that caused such havoc aboard the battleship Oregon the latter part of November was brought this morning by the S. S. Gaelic. The Gaelic and Oregon left Honolulu the same day for Yokohama November 23, and on November 25 they both ran into the typhoon. The Oregon fared much worse than the Gaelic. Captain Finch of the Gaelic says that the storm was the worst in his experience.

A very interesting fact was observed regarding the storm. This was the length of its course. The Gaelic took the southerly course and the Oregon stood up by the Great Circle route. The gale broke on the Gaelic in the evening about 6 o'clock. At 8 o'clock Captain Finch gave his vessel to the wind and the storm was terrific. The wind was from the northeast with tremendous seas. Big seas broke on the boat repeatedly and had the full force of any of them broken on the Gaelic she would have sustained very material damage.

The Oregon with her heavy superstructure and huge guns is not a good sea boat. Evidently it was impossible to keep her headed into the storm, for she drifted 60 miles during the two days that the storm was in progress. In addition to the damage to the superstructure the deck of the vessel was strained which means considerable to a big vessel like the Oregon. It is estimated that fully \$50,000 worth of damage was done on the Oregon. When the Gaelic left Yokohama January 3 the Oregon was then in dry dock being repaired.

ABOUT CHARLIE SWEET. The report that Charlie Sweet, the musical burglar, had died in Cape Town is denied by Henry Lee of the World's Entertainers, who passed through here yesterday. Sweet cabled to Lee saying he was about to leave for New York and would be there as soon as Lee.

CHRISTIAN ENDEAVOR. The Young Peoples' Society of Christian Endeavor of Central Union church has elected the following officers and appointed the following committees for the ensuing year:

President, Frank C. Atherton; vice-president, M. E. L. Collins; recording secretary, Miss Nannie McDuff; corresponding secretary, Miss Maria R. Forbes; treasurer, E. A. Rowland. Committees: Prayer meeting—Miss Maud E. Paty, chairman; Miss Mabel Suter, Miss Harriet A. Austin, Miss Ada R. Whitney, W. T. Paty.

READY SURGERY. When the Brazilian Indian receives a gash or wound he catches several of a species of giant ant with large mandibles, holds them to the wound, which he has previously closed, and lets them bite. They fix their mandibles on each side of the wound and then he pinches of the rest of the body. The jaws do not come apart, and so a row of these ants' heads keeps a wound together as well as the surgeon's needle and wire would do.

Chamberlain's Cough Remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good work; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs the disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious and there is not the least danger in giving it, even to babies. It always cures and cures quickly. All druggists sell it. Benson Smith & Co., general agents.

WEDNESDAY.....JANUARY 14, 1903.

ORIENTAL TRADE.

The west coast is waking well up to the importance of the Oriental trade. We, in the center of the Pacific have foreseen the possibilities for years, and have dreamed of the great return which must come, but the prospects have never been very real to the coast cities, other than San Francisco until the last four years, and have really now only opened out their magnificent vista in part. Two things have given an impetus to these hopes. The trade through the transports and the supplying of the army in Manila is one. The successful laying of the cable to Hawaii is the other.

The business of supplying the forces in Manila, and the handling of the transports is an important affair, involving large sums of money and lucrative contracts, but it is only a straw showing the future possibilities of trade. The business will in time die down but it will leave a permanent and ever increasing trade in which every coast seaport will share, and which will bring in a golden stream that will enhance agricultural values, and start up manufactories from the Canadian border to the Mexican line.

The successful laying of the cable to Hawaii is an augury of the successful laying of the cable through to Manila and consequently the tapping of the Oriental system. This is a vital necessity for successful commercial operations on a large scale can only be carried on if there is direct and speedy communication. What the electric cables across the Atlantic have done for trade between America and Europe was recently shown in these columns. The Pacific cable of today and the cables of the future will do as much for the trade between the west coast and the Orient.

The Orient has presented wonderful opportunities in the past, and has given fortune to a few thousands of our countrymen and the active and pushing of other nations. It has been customary, however, to say, that the days of the Oriental trade have gone by and that no fortunes are any longer to be found in China or the East. Why, the trade of China has been but scratched. It has been exploited about as much as the great corn lands of the middle west were exploited, when some of the pioneers raised a few bushels from a clearing that they had made with their own stout arms.

China is practically an undeveloped field. Not only is there a mighty population of consumers who have not yet commenced consuming, or have only nibbled at the merchandise of the West, but there are mines to be developed, railways to be built and run, and the whole resources of a fertile continent to be opened up, fostered and nursed. The power of the East is to be guided by the mind of the West. The young men of the West, who are now training themselves, will be the magnates of the future, and will unlock the golden board which awaits the master key.

It is true that the days of lavish living of the mercantile houses in China are passing or have passed away, as the days of East Indian nabobs have passed away. But the very lavishness showed that the business was exotic and unhealthy. The Chinese mercantile houses of the past were wasteful in the extreme. But the day for wastefulness passes, and in their place come true mercantile management, and value for value. The Orient is yet the golden dream of the merchant, but his wealth will come to him through work, through foresight and through combination. The golden shower will not fall around him by simply shaking the Pagoda tree.

In this future the West coast and ourselves will have a prominent part, and there is not a line of life which will not be able to find reward and emolument in that fabled Orient which so many have begun to think is played out.

COMMITTEE REPORT.

The report of the Senatorial Sub-Committee is now in print in Washington and the full text will soon be out here. It will be an intensely interesting document and will show how easy it is for the casual observer of a few weeks to fall into error, and how difficult it is for even a careful investigator to reach correct conclusions. There has never been a committee yet which has been able to value facts and evidence in their proper perspective, and we have often to suffer and still oftener to combat the conclusions reached.

One thing certainly militates against the value of the conclusions of a committee which gives a hasty glance at the affairs of a distant Territory like this, whose ways of life, methods of thought and so forth are perfectly new to the members. This is the great difficulty of valuing the evidence put before the members. Irresponsible statements from prejudiced sources are apt to receive as much attention as statements from the most unprejudiced. Before the Senate Sub-Committee there was at least one man who worked hard to color all statements made with prejudice. And no doubt he succeeded to a certain extent, if he did not succeed fully.

We have the outline of this committee report, and from that outline we can judge in a measure what the full text will be. We know that two recommendations, that with reference to the lepers and that with reference to the land system, will require vigorous protest from here to have properly adjusted. In the matter of the leper settlement we have already kicked, and kicked hard. This was a matter that needed no consideration or hesitation upon our part. To be effective our protests had to be flashed across ocean, and they went promptly. The antidote was ready when the poison was published.

With regard to the land we have had to wait till we learn fully what the Sub-Committee has proposed in all its details. But of one thing we may feel assured, and that is that it will be very difficult to pass the Committee report. It spreads over too much ground. Had the Senate Sub-Committee confined itself to only two or three heads it would have accomplished more than ever it will in its present shape.

With so many of his costly battleships going on reefs or being injured by typhoons, Uncle Sam ought to carry a few accident insurance policies.

The pool rooms might make a book each day as to whether the Sultan or the Pretender would get the best of it in the dispatches.

The mercantile community, it is said, will be called on to furnish a considerable quota to Secretary Hauke's salary, which would be only \$100 a month,

otherwise. But the mercantile men say that if they pay, they must also choose. There may be a hitch as to cash, though of course Colonel Hauke is looking for honors and not for cash.

Considering that Castro, Emperor William and the Coal famine are all in good form as live topics of the day, the Sultan of Morocco cuts a very respectable figure in the newspaper columns.

According to a recent visitor things are by no means as quiet in the Philip-

... pines as one could wish. It is not safe to go out in the streets of Manila after night fall. It is not safe to go from Manila to Cavite in broad daylight, and a soldier's uniform on the road is the signal for numberless bullets from the "friendly" cultivators of the soil. The withdrawal of troops is regarded as a sign of weakness on the part of the United States. Governor Taft is regarded as rather a joke by the Filipinos. In a speech made recently, he informed the crowd that he was their brother, whereupon a Filipino with a knowledge of English, bawled out: "Then why don't you wear your shirt outside your pants?" which is the Filipino notion of full dress.

TOPICS IN BRIEF.

Hereafter Hawaii will be in the world, being tied to civilization by a cable.—Tacoma Ledger.

The coal shortage is great lariks for the pneumonia microbe.—Hartford Post Washington is to have a \$4,000,000 union station with a park in front of it by act of Congress. The more we see of the way in which Uncle Sam runs cities like Havana and Washington, the less faith we have in houses of delegates and things that we "elect" ourselves.—St. Louis Globe-Democrat.

A Maryland cigarette smoker met death by accidentally dropping his cigarette into a keg of powder. But, in all probability, the cigarette would have "made good" in the end, anyway, if he stuck to it.—Atlanta Journal.

Washington, with other eastern cities has a coal famine on hand. It has, however, the advantage of the other places in having an abundance of hot air.—Helena Record.

Why has the price of oil been advanced 3 1/2 cents a gallon, nearly 50 per cent, since the date when the coal strike began? We pause for a reply.—Boston Globe.

The dream of free silver may, after all, be realized, when it gets down to 6 an ounce.—Mexican Herald.

Postmaster General Payne has announced that there will be no change in the policy of the Post Office Department in regard to abolishing the abuses in second-class mail matter, and further that the cases recently decided in a Washington city court against the department ruling will be taken to the United States Supreme Court. That is right. Keep up the fight against those colossal abuses until they are rooted out. The millions now expended by the government for the benefit of the publishers of advertising sheets and other such publications should be stopped, as Congress never intended to vote money for such a purpose.—Philadelphia Press.

CURRENT COMMENT.

The Great Northern and the Northern Pacific railroad companies are to contribute \$50,000 jointly for the celebration in Oregon next year of the centennial of the Lewis and Clark exploring expedition.

Fred P. Clarke, twenty years ago a prominent and wealthy mill owner in Minneapolis, was arrested as a vagrant the other day and sent to the work-house. A successful business and matrimonial misfortune dissipated his fortune and he took to drink, and now, at the age of 60, he is a mental and physical wreck.

MANY DEEDS FILED FOR RECORD

THEY GIVE A RESUME OF THE STREET WIDENING OPERATIONS FOR SEVERAL MONTHS.

Superintendent of Public Works Cooper has placed of record a large number of deeds of property to the Government for the widening of the Waikiki road and for other street improvements. The Waikiki road deeds are the most important, and represent lengthy negotiations with the property owners by former Superintendent Boyd. Nearly all the deeds were executed for the government by Boyd.

Some of the transactions were consummated months ago, but the deeds have not been recorded up to this time. The more important ones of the Waikiki road widening show that the agreements finally reached between Superintendent Boyd and the property owners was on prices far below those claimed by the owners of land when they filed claims for damages with Judge Wilcox. Following are the transactions completed:

John H. estate, for \$4000, 35,000 square feet along the Waikiki road, the government agreeing to replace fence, place sidewalk and curb.

Moana Hotel Company, 5,997 feet for \$1, territory to waive betterments and construct sidewalk.

Mrs. Victoria Ward, 16,268 feet along the Waikiki road, for \$1.

Charles F. Neumann, 919 feet of Waikiki road for \$1, government to fence and curb.

Elizabeth K. Booth receives for Waikiki road land a quit claim to the pond known as Opukaala, Honolulu, and land in Kaalawai and on Nuuanu avenue. The Waikiki road property adjoins the McCully tract and amounts to 29,975 feet.

The Kapiolani estate receives \$5,500 for five strips required for the Waikiki road, Funchow and Fort streets, aggregating 48,853 square feet. David Kawanakoa and Jonah Kalani-naole convey in exchange for land in Auwailolu, Honolulu, their interest in the same lands.

F. M. Swamy, trustee, and the Rev. J. Usborne, exchange 5,175 feet along the Waikiki road for other Waikiki property.

Ernest Cartwright, deeds for \$1,025, paid to him by James B. Castle for account of the Territory 52,754 square feet along the Waikiki road.

Mrs. M. A. Lemon, 6,904 square feet along the Waikiki road beginning at the south corner of Liliuokalani's land, for \$2,000.

David Kawanakoa and John Kalani-naole exchange for Auwailolu land and a quit claim deed to two pieces of land at Waikiki, strips of land at Kaula and Waikiki roads aggregating 21,359 square feet, and give a quit claim to another strip of 1,892 square feet.

Manuel Freitas da Silva conveys lot 5, in block 4, Kewalo, for the sum of \$1,800.

Mrs. L. Naahu, for \$1,200 land required for extension of Fort street, 2,705 square feet. Superintendent Boyd waiving claims for betterment and agreeing to move her buildings, put in fence, curb-stone and a new cesspool.

T. F. Lansing and wife receive lands at Waialoe, Koolau, 4,100 square feet of land on Printer's lane and a quit claim to 7.70 acres in Kaneohe.

Mary J. Bush, for \$350.20, land required for Kuakini street extension, in Auwailolu, 1,751 square feet.

Lucy Peabody, for lands in Waimea, South Kohala, right of way for a government road through the Ahupuaa of Waikoloa, South Kohala.

J. S. R. de Mello, for \$1,500, 11,200 square feet in Kewalo.

J. S. McGrew, 2,032 square feet on Hotel street beginning at Punchbowl, \$2,000.

Bishop estate, land on King street, exchange for Kaikili pumping station, land, and for extension of School street. Cooper agrees to fence and curb.

F. Barwick receives lands in Kamohili for 3,000 feet at Beretania avenue and Waiala street, and 3,298 feet on Wilder avenue.

Frank Pahia, for Kamekela lands, conveys 5,325 square feet on Kamekela road.

Henry Hapai receives land at Pihonua, Hilo, for two lots required for the extension of Bridge street, Hilo.

Harriet F. Coan, for Pihonua lands, exchanges a strip of 6,488 feet for Bridge street, Hilo.

Margaret Moorhead and J. F. Hansman exchange for land on rights for ditch ways, etc., on Kaialoa, Kaula, 5,736 feet required for the widening of Fort street.

The S. N. Castle estate deeds Hotel street and Manoa road strips amounting to 27,326 feet and a lot of 8.83 acres in Manoa valley, in exchange for other lands in Manoa and Waikiki.

Henry Hickey deeds 2,676 feet along Wilder avenue for the consideration of \$1.

Go Kim, trustee, for \$250, 4,172 feet on Fort and Kuakini extension.

WERE SET ADRIPT. Collector Stackable secured yesterday statements from Bertel, alias Harry Fortune, and Manuel Othorio concerning the circumstances of their being put in a small boat and set adrift last month from the French bark Champigny. They stowed away. December 22 they were discovered when 60 miles off shore. They were put into the boat with provisions and landed at Honolulu the following night. The boat was sold to J. Durant, but this week was seized by the Customs authorities for the nonpayment of duties.

DIED. OTTO—At the Queen's Hospital, Honolulu, January 13, 1903, of heart disease, at the age of 56, E. W. Otto, a native of New York, and for many years an employe of the Oceanic Steamship Company's steamers. On the last trip of the S. S. Sierra he was discharged at Honolulu and on December 25 he was admitted to the Queen's Hospital. Funeral today from H. H. Williams' undertaking parlors, interment at Pearl City.

CABBAGE HEAD. The fellow with the wagon load of cabbages started to drive across the track when the big red street car was about 25 feet away. By shutting off the power instantly and applying the brake with all his might the matron succeeded in stopping the car just in time to avoid a collision. "Ye blamed fool!" he yelled to the man in the wagon, "let one of the other cabbage heads drive."—Chicago Tribune.

Twenty-five cents pays for a Want ad in the Star. A bargain.

LAWS WANTED BY THE BUILDERS

SHUT OUT ASIATIC LABOR ON PUBLIC WORKS—MERCHANTS' FAIR AND BUILDING LAWS.

The Builders' and Traders' Exchange is considering four or five proposed laws to be turned over, if approved, to the Republican central committee, in accordance with the request of the committee that legislators be given assistance by suggestions. Among the matters before the special committee of the exchange appointed to take charge of the matter are a law to provide for a merchants' fair every two years, a building and plumbing law, an act to prohibit the employment of any but citizen labor on public works and a fire limits law.

The merchants' fair proposition is a result of the last fair, which was a great success. It is proposed to make the fair a regular institution, and the legislature will be asked to appropriate money for such a fair. It is to be an agricultural and live stock, as well as mercantile exhibit.

On the labor question the exchange will probably suggest a law similar to one which was defeated in the last legislature. It will provide that only citizens shall be employed on public works, and will shut out Asiatics generally. By conditions now inserted in most of the public works contracts it is provided that contractors shall not employ Asiatics, but there is a sentiment in favor of enacting the matter by law.

The fire limits law is an important matter which has been brought up in the exchange but will probably not be acted upon, as it is regarded as a matter for the underwriters or fire commissioners. A law extending the fire limits would probably mean the removal of some large lumber yards from the central part of the city.

The building law is designed to secure proper regulations for the construction of buildings with regard to the materials used, plans, etc., so as to insure safety. A plumbing regulations, for the purpose of sanitation, will probably be included in the same act.

Some of these measures are municipal measures, which may be left to the local governments which it is expected will be formed. The exchange however will be prepared to reply to the central committee with suggestions. The committee having the matter in charge consists of G. F. Bush, chairman, F. J. Amweg, W. W. Harris, John Nott, Jr., L. E. Pinkham.

RUSSIAN HOSPITALITY.

An Englishman who has spent some years in St. Petersburg declares that Russian hospitality demands more from its recipients, in some ways at least, than any other. Here is his description of the way you "spend the evening" in a Russian house. "You no sooner make your appearance than your host drags you to his den and makes you take a drink. You find all the other men there, taking their pick of bottles ranged along the host's private sideboard and helping themselves to a stiff one every few minutes. If you are wise and diplomatic you will dodge as many of the anteprandial drinks as possible, with a view to your comfort later on. But you have got to be very skillful about this. Most Russian hosts have a way of regarding it as a sort of reflection upon their stock of liquors, if not indeed, on their own drinking habits, if they non-Russian guests begin to fight shy.

"You sit down to dinner at 6 o'clock and it lasts till 9. The array of courses is staggering, and there's a wine, it would seem, for every dish, let alone every course. Men and women drink champagne like water, and the air is such that it does them little harm. Between every two or three courses the cigarettes are passed round, to the women as well as the men, and everybody smokes and chatters. After dinner you go to the theater, where boxes have been engaged. You may smoke all you want to in the boxes and by 10 o'clock the drinking business begins again. Your host's cabinet of liquors—a portable affair designed for the theater—has preceded him to the box, with ice tank and siphons complete. The women as a rule take champagne, but the men choose the liquors. Thus smoking and drinking pretty incessantly you watch the performance, talking about the boxes and chattering between acts, until after midnight, when the show comes to an end.

"Does that end the evening? Not at all. You return with your host and hostess to their home, where you find an elaborate supper served and waiting. You do your best to do justice to it and toward 2 a. m. an adjournment is made to the drawing room for an hour or so of music. The Russian women play and sing magnificently, but you are expected to keep on drinking while listening to them. By this time you are about ready to go home. But that would be discourteous. 'Spending the evening' is by no means over yet. Card tables are brought out and everybody plays—French games for the most part, perhaps a couple of Russian ones, and once in awhile poker—and everybody gambles. You drink incessantly while playing and munch caviare sandwiches. At last—it is now about 5 a. m.—the evening is spent. You may go home if you wish."

CURIOUS DEATHS.

The Chicago Tribune recently published a column of strange fatalities collected from its exchanges. One of the deaths was that of a man at Quincy who kicked at a cat missed the animal, fell and broke his neck. An Akron (O.) barber died from inhaling hair while working on his customer's head. The top of a can of peaches was fractured at Blossburg, N. Y., and bits of the powdered glass were eaten causing death.

RAPID STRIDES.

The Chicago business woman's club was organized four years ago with a membership of 17. It is now the largest club of its kind in the United States. Its quarters occupy three floors.

TO SHIFT THE TAX SHIPPING INTELLIGENCE

(Continued from page one.)

motion that a special meeting of the Chamber be held two weeks from today to consider the report.

Mr. Swamy said that three years ago we had an epidemic of plague. In the emergency requiring large expenditure the merchants submitted to a tax of 15 cents a ton on all merchandise brought in here. In this way the extraordinary expenses incurred were met and the liabilities were paid off. Then the tax was reduced to ten cents a ton. This tax was levied for the specific purpose of keeping the town clean and free from contagious disease and epidemic. This report proposes to switch that tax for an entirely different purpose. If the community can press the flattering notion to its soul that there is no further danger of plague or other contagious disease or epidemic, then the tax ought to be taken off altogether. While conditions were no doubt on the whole pretty good still there certainly could be no justified feeling of security. This is a heterogeneous population. Some elements were provokingly careless of hygiene and sanitary laws. There was necessity for the greatest vigilance. This could only be done by thorough inspection. This required much money. The government for various reasons was unable to keep up the requisite inspection. The Chamber of Commerce wanted many things done in this direction which the regular governmental machinery could not do.

Therefore, Mr. Swamy continued, unless we have assurances that we shall never have any more epidemic, or that the government will always be able to do the things we want done, it seems to me we ought to provide the means for adequate inspection and other preventive measures. If it were not necessary to provide these funds for this purpose, then the tax ought to be taken off altogether. It was levied and submitted for a specific purpose and could not be shifted to another and totally different purpose, however important that new purpose might be. The tax must be abolished and a new one of the same kind and of the same amount levied for the new purpose. It is so desired that the present tax cannot be shifted from its present purpose to any other. And important as the tourist matter may be, the freedom of the city from epidemic is much more important. Tourists will not come if we have plague or other epidemic.

A motion to lay Mr. Schaefer's motion on the table was lost and then his motion carried.

Several communications in regard to advertising were referred to the special meeting to be held in two weeks.

Mr. Schaefer reported that the committee on memorial to congress in the matter of the Senate Commission's report on public lands, had drafted a memorial which was now being put in shape and would be sent by the next mail. The committee on memorial to Congress in the matter of the leper re-commendation asked for further time.

As soon as these two committees are ready a special meeting of the chamber will be called to consider them.

Letters from W. C. Weedon, and congratulatory cables to the Chamber and the replies sent were read and placed on file.

On motion of F. J. Lowrey, F. W. Macfarlane was appointed a committee to report at the tourist meeting two weeks hence, on the exact status of the ten cents a ton tax on merchandise.

TAX ON BICYCLES.

Bicycles are taxed in Vancouver, British Columbia, the municipal revenue from that source last year being \$557.

CUSTOMS COURTESIES.

Because of abuse of the practice of extending special courtesies to arriving passengers at ports of entry the Treasury Department has issued a circular limiting considerably the granting of such courtesies in the future. The extension of special courtesies to arriving passengers will hereafter be limited to foreign Embassadors, Ministers, Charges d'Affaires, secretaries, naval, military and other attaches of embassies and legations and high commissioners, and to similar representatives of this Government abroad returning from their missions. All these officers are entitled by international usage to the free entry of the baggage and effects of themselves, their families and suits without examination. In the case of invalids and their companions, and of persons arriving in charge of their dead or summoned home in haste by news of affliction or disaster, instructions will be issued to facilitate the landing and examination of their baggage, but such instructions will be construed as only relieving such persons from waiting their turn in line. Their baggage will be carefully examined and duties in full collected as though no favor had been shown.

KIPLING'S HOME.

Rudyard Kipling's new home, a beautiful farm and house in Sussex, England, is a mile from the nearest village and several miles from a railway. In choosing this secluded spot, Mr. Kipling hopes to be free from the curiosity of the sight-seer and too numerous attentions of his admirers which he suffered from at Rottingdean, near Brighton. The house is a fine Jacobean edifice, built of stone, with mullioned windows and is surrounded by lovely lawns, quaint old-fashioned gardens, and has many acres of farm land. The house bears the inscription, "A. D. 1634."

THE TREASURE SCHOONER AT APIA

CAPTAIN BROWN AND THE TREASURE HUNTING SCHOONER HERMAN HAD DIFFICULTIES IN APIA—THE AMERICAN CONSUL AND THE IMPERIAL COURT TOOK A HAND IN IT.

APIA, Samoa, Dec. 20.—A considerable number of things have been surmised during the last few weeks, owing to the presence of the schooner or yacht "Herman" in this harbor, together with the fact of her staying here for two months, without what appeared to any one unfamiliar with the case, a reason.

We have heard on reliable authority that the schooner is out on a treasure hunting expedition, the amount of bullion to be raised or dug up being only seventy million dollars, which is alleged to have been hidden 51 years ago.

It appears that there was a lot of friction amongst those on board, the owners' agent and crew, not being able to get along with the captain at all. It is stated that the schooner had lots of trouble in Honolulu, and certainly such was the case here. The night after her arrival a part of the crew deserted, and the mates preferred charges of cruelty against the captain, which were investigated by the American Consul General, with the result that one of the mates left the ship. The captain tried to sell the schooner's provision by auction, but was stopped by the American Consul General at the instance of the owners' agent, and it was also rumored that he wanted to sell the vessel. The schooner was held here for some time by the Consul General, and afterwards by the Imperial Court pending further developments.

Last week two interested persons arrived from San Francisco, via Sydney, one of them Mr. Stoney, representing the interests of the owners of the vessel and those concerned in the expedition, and after showing his bona fides to the Consul General and settling all pending difficulties with Mr. Hoffman, the former agent of the owners, the schooner was allowed to proceed to Pago Pago to procure a crew, which was impossible here.

She was towed out by the "Kawau" last Sunday evening, and sailed, it is said, for Sydney via Pago Pago.—Samoanische Zeitung.

THE COAL FAMINE.

Associated Press Cable, Morning Service.
 CHICAGO, Jan. 13.—A trainload of coal has arrived for free distribution among the poor.

NEW YORK, Jan. 13.—The Legislature is asked to appropriate \$250,000 to buy coal for the poor. Thousands of the people in every large city are unable to purchase any fuel whatever at the prevailing prices and the weather is more than usually severe.

PEORIA, Jan. 13.—Owners of large factories have been requested to close to relieve the coal famine.

GOVERNOR TAFT.

Associated Press Cable, Morning Service.
 WASHINGTON, D. C., Jan. 13.—President Roosevelt has decided to retain Judge Taft as Governor of the Philippines indefinitely.

JUDGE DAY.

Associated Press Cable, Morning Service.
 WASHINGTON, D. C., Jan. 13.—The appointment to the Supreme Court vacancy, caused by the retirement of Justice Shiras, and which it was the President's first intention to tender to Governor Taft of the Philippines, has been offered to ex-Secretary of State Day of Canton. Judge Day is a son of Luther Day, Chief Justice of Ohio and is a graduate of the classical and law departments of the University of Michigan. He was admitted to the bar in 1872 and started practice at Canton, Ohio. He was judge of the court of Common Pleas from 1886 to 1890, elected as a nominee of both political parties. In 1889 he was appointed judge of the United States district court in the northern district of Ohio, but because of failing health resigned before taking office. In March, 1897, he became Assistant Secretary of State, and he succeeded John Sherman as Secretary of State on April 26, 1898, but in September of that year was succeeded by John Hay, becoming chairman of the United States Peace Commissioners at Paris at the close of the war with Spain.

DEMAND FOR SUGAR.

Greater in the States, It Is Claimed, Than All the "New Possessions" Can Supply for Years to Come.

Word has been received in Washington that the Michigan beet-sugar makers, at a conference to be held in Grand Rapids next week, will formally withdraw opposition to reciprocity with Cuba. They have made up their minds that they might as well yield to public opinion, lest worse things befall them, and they are also admitting that they can get along very well even if the tariff on Cuban sugar be reduced 20 per cent.

Michigan was the real center of resistance to justice to Cuba. The Michigan delegation in Congress was absolutely unanimous against any tariff concession. A large part of the Michigan press was constantly filled with the most doleful tales of Michigan's impending ruin by Cuban sugar.

There never was any real ground for the fears of the Michigan sugar men. A little study of the figures of sugar demand and supply should have convinced them that so long as the tariff was kept on European sugar it would be impossible to deprive them of a profitable market. For the simple fact is that all the American possessions, actual and potential, cannot for years to come supply the demand of the American people for sugar. If all the sugar Cuba and the Philippines could produce were admitted free of duty, so long as European sugar be subjected to the present tariff our domestic sugar growers would be sure of a home market. The European sugar growers would suffer, but their welfare is not our concern.

The Michigan sugar men would appear at last to have comprehended these simple facts. And it is well for them that they have. For the nation at large was growing very weary of the sugar-beet insistence upon the old British excuse for the misgovernment of Ireland. But if the Michigan sugar men had seen the light a year ago complications which are certain to cause trouble in future would have been avoided. There would have been no Cuban party turning to Europe rather than to the United States. That there is such a party now is but the foreseen result of permitting a local interest to thwart a just national policy.—Chicago Inter-Ocean.

A NEW OWL.

Cincinnati is to have a "sweetheart's owl." The girls of the Mill Creek valley decided they were tired of having their beaux put them on a car and send them home instead of going home with them. The result of a mass-meeting on the question was a petition to the street railway officials for a car to leave the upper end of the valley at 12 or thereabouts. The president of the company thinks the women can get everything they want, and so it will be.

BANK MEETING.

Stockholders of the First National Bank Elect Officers.

The annual meeting of the First National bank was held at the bank yesterday afternoon. The total number of shares represented at the meeting was 2,818, out of a total of 5,000. Henry E. Highton as attorney for George W. Macfarlane who was not present filed a protest against any proceedings that might be taken at this meeting.

Another year has passed since our last annual meeting, and this being the day named in our articles of Association as our annual meeting day, we meet here for the purpose of electing our board of directors and hearing the report of business done and profits made during the past year.

The judges of election for this meeting, who are to superintend the election of directors, are Frank Hustace, Harry Armitage and L. C. Ables. The present board of directors consists of Messrs. M. P. Robinson, G. J. Waller, L. L. McCandless, August Dreier, and Cecil Brown who are eligible for reelection and with the exception of L. L. McCandless (who, at his own request, wishes to retire from the board), will accept a renomination and election at your hands.

During the past year the board of directors deemed it advisable in the interest of the stockholders to change its correspondents in San Francisco, and with that end in view sought to make arrangements with the First National Bank of San Francisco, and I am happy to say we have been successful in our efforts, and succeeded in obtaining terms from that bank as to credit and discount rates much more favorable than that allowed or granted by the Anglo-California Bank, our former agents and correspondents.

The gross profits for the past year have been \$73,175.92, and the expenses \$29,729.85; written off premium United States bonds, \$3,500; written off furniture and office fixtures, \$1,564.78; written off to bad and doubtful debts, \$5,252.92; leaving a net profit of \$35,588.27 for the year's business, which, added to the balance of \$1,869.28 brought forward from 1901, makes a total of \$37,457.55, out of which has been paid a dividend of 5 per cent, paid semi-annually, amounting to \$25,000, and the sum of \$12,457.55 carried to surplus account. This leaves a balance of \$438.25 to be carried to 1902 account.

Our business shows a slow but steady increase, and I feel justified in asserting that the coming years will not go behind in volume of business done, than that with which we have been favored and patronized in the past.

COURT NOTES.

J. G. Carter has filed a new suit against Koolau Kalkinahaole et al., to eject the defendants from Kawalahaole land which it is claimed they have taken possession of unlawfully. Damages of \$500 are asked. The American Bridge Company of

New York has brought suit against the Hawaiian Engineering & Construction Company for \$1,750 alleged to be due for materials furnished.

The education in the case of R. M. Damon, et al. vs. W. H. Pain et al. has been extended for thirty days.

The Oahu Lumber and Building Company has filed a notice of material man's claim to the amount of \$309.83 against the Inter-Island Telegraph Company. L. L. McCandless is also included as garnishee. Suit has been brought for the amount.

MORTAR PRACTICE.

The artillery practice for the year was concluded yesterday by the 66th and 67th companies of Coast Artillery. It was the first mortar practice held here, and the records made are regarded as very creditable to the men and officers.

FINGER PRINTS UNLIKE.

The chance of two finger-prints being alike is not one in sixty-four billions.

ish and impecunious. The Chinese and the Portuguese, originally imported as contract laborers, have largely drifted off into individual work, as is shown by the figures quoted above. The Japanese as laborers are on the whole probably best fitted for the needs of the sugar plantations."

Negro For Philippines

Senator Morgan of Alabama Has a Negro Colonization Scheme.

WASHINGTON, Dec. 25.—Senator Morgan, of Alabama, has a plan for colonizing in the Philippines the negroes of the United States. His plan involves the incorporation of a steamship transportation company and the distribution of homesteads of about twenty acres each. Speaking of the project today Senator Morgan said:

"The principal reason for my attitude in the Senate toward retaining the Philippine Islands was my belief that those islands would afford a home for the negroes. When I first came to congress I introduced a resolution to recognize the Kongo Free State as an independent nation, merely to afford the negroes of this country a place to which they might immigrate when their numbers increased to an extent that would make immigration necessary. The resolution passed the Senate and House and the colonization of the negro in the Kongo was well under way when the United States acquired the Philippines.

"The acquisition of that territory opens up a new and vastly superior country for them. The land is richer, the climate better suited to them, and there they would still be under the flag. I took the matter up with Secretary Root, and wrote to Gov. Gen. Taft for information and ideas on the plan of colonizing negroes there. Both were favorably impressed, and all the movement needs is a starter."

COMPLETION OF THE HAWAIIAN CABLE

It was a fitting ceremonial that telegraphic communication should be established between Hawaii Territory and the mainland of the United States on the first day of the new year. Much anxiety was caused in the public mind by the unexpected delay in landing the shore end at Honolulu. The cable was laid so expeditiously and successfully along the deep floor of the ocean between here and the splicing point off the Hawaiian coast that the difficulties and delays incident to the landing of the shore end had been completely overlooked. San Francisco had actually forgotten the experiences of cable landing on the ocean beach of this peninsula, and regarded the buoying of the western end of the long deep-sea cable in the offing outside the reef at Honolulu as the practical completion of the great enterprise. They naturally became impatient at the delay. The passing of day after day without any signal from the island end aroused fears among the uninitiated that the enterprise had failed.

All doubt regarding that has now been happily dispelled. We now know that the delay in the completion of the cable connection at Honolulu was due to natural conditions which required time to overcome. Perfect telegraphic communication was finally established before the close of New Year's day. A long list of congratulatory messages has since been transmitted through the cable, which proves it is in perfect working order. The promoters and builders of the enterprise are to be heartily congratulated on the result.

A new commercial relationship has been established between us and the midocean Territory by this happy event. It may be said to have altered, also, our political relationship. Practically, Hawaii is no longer non-contiguous territory, but an integral part of the United States. Perhaps the cable will be the means of converting Congress and the courts to this view of the present situation. Hawaii is today in closer touch with the mainland than the Farallones or the islands of the Santa Barbara channel. Henceforth the daily history of Honolulu and its environments will be as well known to us as to its own people. Intelligent intercourse between the latter and the people of the mainland will be direct and immediate. It may take them and us some time to realize it fully and to appreciate it at its real value, but the influence of the success of the great enterprise on our commercial, social and political relationship will soon be manifested in an unmistakable manner. Telegraphic communication with Honolulu is no longer a dream but a reality.—S. F. Chronicle.

DISTRESS AMONG FISHERMEN.

Associated Press Cable, Morning Service. PARIS, Jan. 13.—Great distress prevails among the fishermen of Brittany owing to the failure of the sardine fisheries.

ANTI-CANTEEN LAW SAFE.

Associated Press Cable, Morning Service. WASHINGTON, D. C., Jan. 13.—The House Military Committee has decided that no action shall be taken on the Army canteen at this session of Congress.

DR. LORENZ OFFERED BIG SALARY.

Associated Press Cable, Morning Service. NEW YORK, Jan. 13.—An effort is being made to get Dr. Adolf Lorenz to take the management of one of the large hospitals of this city at a salary of \$50,000 per year. While in this country Dr. Lorenz treated over 2,000 cases, most of them free of charge.

GROWTH OF CORNELL.

Associated Press Cable, Morning Service. ITHACA, N. Y., Jan. 13.—Cornell University announces a registration of 2,968 students, an increase of 176 over last year and the largest in the history of the institution. There are 380 professors and instructors, an increase in the teaching staff of thirty.

LEGAL NOTICES.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii.—At Chambers.—In Probate.

In the Matter of the Estate of John Bryant of Honolulu, Deceased.—Order of Notice of Hearing Petition for Allowance of Final Accounts, Distribution and Discharge.

On Reading and Filing the Petition and Accounts of David David, Administrator of the estate of John Bryant, wherein he asks to be allowed \$75.15, and he charges himself with \$309.00, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Administrator.

It is Ordered, that Monday, the 16th day of February, A. D. 1903, at ten o'clock a. m., before the Judge of said Court at the Court Room of the said Court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this Order in the English language, be published in the Hawaiian Star newspaper printed and published in Honolulu, for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Honolulu this 9th day of January, 1903.

J. T. DE BOLT, First Judge First Circuit Court.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii.—At Chambers.—In Probate.

In the Matter of the Estate of Geo See Ho Yee (w), Deceased.—Order of Notice of Hearing Petition for Administration.

On Reading and Filing the Petition of Ho Yee of Waialua, Oahu, alleging that Geo See Ho Yee of Waialua, Oahu, died intestate at Waialua, on the 25th day of December, A. D. 1902, leaving property in the Hawaiian Islands necessary to be administered upon, to wit, a policy of life insurance in the sum of \$2,000.00, and praying Letters of Administration issue to him.

It is Ordered, that Monday, the 16th day of February, A. D. 1903, at 10 o'clock a. m., be and hereby is appointed for hearing said Petition in the Court Room of this Court at Honolulu, at which time and place all persons concerned may appear and show cause, if any they have, why said Petition should not be granted, and that notice of this order be published in the English language for three successive weeks in the Hawaiian Star newspaper in Honolulu.

Dated at Honolulu, January 9th, 1903.

J. T. DE BOLT, First Judge of the Circuit Court of the First Circuit.

Attest:

J. A. THOMPSON, Clerk of the Circuit Court, First Circuit. D. H. Case, attorney for petitioner.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii.—At Chambers.—In Probate.

In the Matter of the Estate of Kahinu Mele (w), late of Waipio, Ewa, Oahu Deceased.—Order of Notice of Hearing Petition for Administration.
