CITY IS VICTOR IN PAVING INJUNCTION
VATICAN DENIES ANTI-AMERICAN ACTION

COURT HOLDS PAVING CONTRACT IS LEGAL

The city and County of Honolulu can proceed with the work of placing the patented paving known as bitulithic on Fort street, Judge Robinson, in the Circuit Court, this morning having dismissed the order to show cause why an injunction should not be granted restraining the city and county from entering into a contract with Joseph Gilman, as the representative of the Standard Bitulithic Paving Company.

Laws making it mandatory for the city to advertise for bids on all work costing in excess of \$500 was plainly and specifically exempted under the terms of a section of the Revised Laws applicable.

were cited by both Thompson and Milverton in support of their contentions. Thompson claimed that the injunction should issue on the ground that the action of the Board of Supervisors was contrary to public policy and that they had violated the law by entering into a contract with Gilman without first advertising for bids.

Frear Expects Kapaa Criticism

Governor Now Says Deal May Go Through—Philosophizes On Wealth

"It does not make any difference what the Government might do with the Kapaa lands," asserted Governor Frear this morning, there would be criticism of our actions. We are now trying to effect a settlement favorable to both sides and I think we have succeeded.

The Kapaa conference at the Capitol lasted all morning and a large amount of ground was covered by those participating in the deliberations. As far as an official statement is concerned, however, the progress that is being made in the disposal of the public lands of Kapaa are secret and not obtainable.

RUSSIANS TRYING MORE TRICKS

Bombs For Perelstous And De Kerberg Said To Be Manufactured—Inner Circle Of Thirty Getting Busy

That a determined body of thirty Russians is dominating the rest of the immigrants, and that these inner circle men have from time to time held meetings at which the actual making of bombs and the advocating of blowing up Perelstous and the representative of the Russian government, Commissioner de Kerberg who arrived last week, has been advanced, is known to be an absolute fact by the authorities.

The Russians are fearful of being spied upon while holding their meetings, and consequently all the gatherings of the "Thirty" have been very brief and much to the point.

21 GUNS SALUTE FOR CHINESE PRINCE

Uncle of Chinese Emperor Will Be Received By Governor In Throne Room At Capitol

Plans for the official reception of the Territory of Hawaii to his Imperial Highness Prince Tsai Tao, uncle of the Chinese Emperor, brother of the Prince Regent, were completed this morning at a meeting held in the office of Governor Frear at the Capitol.

Following upon the reception at the Capitol, the Prince will be taken to the Chinese Consulate, on Sheridan street, where he will be the guest of the Chinese Consul and army and navy officers being present at the same time. This will be distinctly official and will not be public. As the Prince and his numerous retinue enter the grounds of the Capitol, he will be saluted by twenty-one guns, the fieldpieces to be operated by the members of the National Guard.

WATER RATES TO BE INCREASED

After July 1, the rates for government water will be raised to \$30 per acre, or 5-8 cents per square yard. This is done in order to have some system in regulating the use of water for irrigation purposes.

Young Ohio Girl Held On Charge of Murdering Her Sister. MASSILLON, O., March —Chief of Police Erie says he has completed his chain of evidence against Catherine Manz, sixteen years old, charged with the murder of her sister, Elizabeth three years her senior. It is planned to place the young girl on trial early in April. The police still insist that the young girl poisoned her sister with strychnine. They claim they have proof that Catherine was jealous of the pretty clothing and trinkets worn by her sister, and to secure these she killed her sister. The young girl was confined in a dark cell at Massillon for forty-eight hours, but beyond complaining that she wanted to have better clothing in jail has shown no emotion over her sister's death. She told a story of how some strange man had asked her to buy drugs for him, but the police declare this is a piece of fiction on the part of the girl. Does Sandwich, Ill., observe the meat boycott? BIG COMET NOW HIDDEN BY SUN

Astronomers Give Up Trying to Study Phenomenon Until It Again Comes Into View Early in April.

CHICAGO, March 20. — Halley's comet has gone into seclusion for about a month. During that time it will be shielded from the earth by golden veils of sunlight. This announcement was made by Prof. Edwin B. Frost, director of the Yerkes observatory, Williams Bay, Wis.

The reason for the retiring of the comet is that it is so nearly in a line between the earth and the sun that it cannot be seen against the bright background. There is a strong probability, too, according to the professor, that the tail of the comet will be long enough to envelop the earth on May 18.

"We have just about given up trying to observe the comet for the present," he said today. "It is so close to the sun we can't do anything with it. When will it be visible again? Well, about April 5, I think; but then it will appear in the morning sky, whereas heretofore we have seen it in the evening sky."

MONACO SUBJECTS DEMAND CONSTITUTIONAL GOVERNMENT.

Monte Carlo, March 7.—Half of the subjects of the principality marched to the palace yesterday and, waiting upon the Prince of Monaco, demanded a constitution on the ground that Monaco was the only absolute monarchy remaining on the face of the globe. The prince received a deputation from the crowd and promised to consider its wishes.

Monaco, an Italian principality, is the smallest state of Europe, having an area of only eight square miles. It is governed by a sovereign holding the title of prince, who is assisted by a state council. The reigning prince is Albert Honore Charles.

The principality consists mainly of the town of Monaco and its suburbs La Condamine and Monte Carlo, the famous gambling resort, from which the state derives its revenues. The population is about 17,000 only, about 1,200 of whom are actual subjects of the prince.

NEW HOME OF JAPANESE BANK OPENS TO PUBLIC

(Continued from Page 1.) who expressed themselves highly pleased. Sweet Music. Musicians under the leadership of Prof. Ernest Kaal charmed the guests with sweet strains throughout the reception hours.

By courtesy of Mayor Fern the Hawaiian band under direction of Captain Berger were stationed in the rear enclosure of the bank and played several selections. Among the pieces played was "Kimigayo," the Japanese national air. This was especially selected by Captain Berger as appropriate to the occasion.

The construction of the new Specie Bank building, which is unquestionably one of the finest buildings in Hawaii, was started about two years ago. The proposition was first contemplated by Mr. Kishi, the then manager of the bank. In order to get a broad idea as to the proper method of construction for the contemplated building, Mr. Kishi consulted H. L. Kerr, the architect, whom he authorized to prepare plans, which were approved by the chief architect of the Yokohama Specie Bank in Yokohama, Japan, and construction soon begun.

When Mr. Kishi resigned Mr. Y. Akai succeeded him as manager of the local branch. He also resigned, leaving the work in the hands of Mr. M. Tokieda, the present manager. Architect Kerr in an interview yesterday afternoon, made the following statements regarding the construction of the building:

"About two years ago the construction of the new Yokohama Specie Bank was begun. It is the finest structure in Honolulu today. There is nothing like it.

"The first business regarding the construction of this building was negotiated by Mr. Kishi, the then manager of the bank. The construction of the new bank was started in Mr. Akai's time, and completed while Mr. Tokieda is manager.

"The basement of the bank is arranged for a safe deposit vault. The capacity of which is 3000 boxes. The rest of the basement is designed for storing safe deposits such as trunks and other articles of value.

"The first floor is used for banking purposes. There are apartments for the manager, two reception rooms, an cloak room, two double vaults each 7x14, one is for keeping the records, and the other for cash. There are also toilet rooms on this floor.

"The second floor is arranged for offices. There are five rooms and a large assembly hall, to be used for meeting purposes.

"The building is full steel frame, covered with concrete fire proof. The floors are reinforced concrete, supported on steel frames.

"The base of the building is of Hawaiian blue cut stone. Certain material, necessary for the accomplishment of this work, was furnished by the Denny-Renton Clay and Coal Company of Seattle, Wash. The brownish rails and stairways were furnished by Steward Iron Works of Chicago. The vault fronts and linings were by Moskold Building Company, and the safes and locks were furnished by DeBolt Lock & Safe Company.

"The banking rails, cabinets and other fixtures, were furnished by the Art and Metal Works of New York. The copper window casings, doors and sash were supplied by W. H. Mullen & Co. The coral glass windows were furnished by the Pittsburg Glass Works. The marble window casings and stairs were sent here from Yokohama, Japan.

"The electric fixtures were furnished by the Hawaiian Electric Co. of Honolulu, while the rest of the materials were bought through the local agents.

"The building is thoroughly fire-proof throughout, all wood being eliminated from the construction of this building. The roof is concrete, covered with asphaltum. If desired, this roof can be turned into a roof garden. All the paintings and decorations were made by Mr. Kelley, the local artist. The structural steel work was bought from the Buckley Steel Co., of California.

Receptions. From 2 to 5 o'clock this afternoon, Mr. Tokieda will receive the prominent Japanese and Chinese merchants. Tomorrow afternoon between the hours of 3 and 5 o'clock, another reception will be held for the general public, who want to view the new bank. In both of these receptions music will be furnished by the Kaal quintet club. About 500 invitations have been issued to prominent people. The Yokohama Specie Bank was established at Yokohama in 1880. It has branch offices in almost all the important cities in the world. The president of the bank is Baron Korekiyo Takahashi, one of the well known Japanese financiers.

The Manager. Mr. M. Tokieda, the manager of the Yokohama Specie Bank, is a graduate of the Imperial University of Tokio, Japan, class of '99. In the following year he entered the banking house of the Yokohama Specie Bank in Yokohama. From there he was transferred to the branch office in Bombay, where he remained for four years. Having won the confidence of the president of the bank, he was given a position in the Tokio branch office, thence on to New York as assistant manager there. In December 1908, Mr. Tokieda came to Honolulu as manager of the local branch.

Since his arrival here, Mr. Tokieda has been successful in the management of the banking business. Socially he is well liked in Honolulu.

Among the prominent personages in the receiving line at the reception this afternoon were Mr. L. E. Beck of the First National Bank and Mr. Spaulding of the Claus Spreckels' bank. Those assisting were as follows: Mr.

DEMOCRATS ASKED TO ACCEPT HEARST

INDIANAPOLIS, Apr. 13.—John Temple Graves of New York, editor of the New York American and the candidate of the Independence League for the Vice-Presidency in 1908, was the principal speaker at the Democratic banquet here tonight as a part of the Jefferson Day events, proving in his speech to be the bearer of an olive branch from the independents of the Hearst camp to the regular Democratic party. The orator made an attempt in his speech to read William Randolph Hearst back into the ranks of the Democrats, stating that he was authorized to announce that the Independence League members would be willing to follow Mr. Hearst back into the Democratic fold if the regular party would incorporate in its platform the principles for which the league had been contending. Prominent Democrats from all over the Union were present at the banquet.

TRAPPED FIREFIGHTERS DIE.
NEW HAVEN, Conn., Apr. 13.—Trapped behind the iron doors of the county jail and prevented from escaping by heavily barred windows, six firemen were burned to death here today in their effort to save the county building from destruction by fire. The fireman had rushed into the corridors of the jail to help rescue the prisoners and to fight the flames. The fire crept in behind them and their escape by the main entrance was cut off, while at the same time the flames prevented the warden or his assistants from reaching the firemen with their keys to open the doors leading away from the danger zone. The men tried to hack their way through the window bars, but fell one after another, smothered by the smoke. The bodies of the six were cremated before the fire was extinguished and they could be reached.

AMERICAN ARCHBISHOPS TURNED DOWN.
ROME, Apr. 13.—Expressions of dissatisfaction from America over the refusal of the Vatican to receive former President Roosevelt without submitting conditions relative to his receiving members of the congregation of the Methodist church in Rome have stirred the Vatican into resentment against America. This is taken to be the reason for the very radical announcement made today, when it was given out that the Pope had struck from the list of candidates for cardinal honors the names of all American archbishops, including that of Archbishop Ireland of St. Paul, Archbishop Quigley of Chicago, Archbishop Farley of New York, and Archbishop Bielik of New Orleans.

ROOSEVELT AND PHELAN DISCUSS HENEY.
PORTO MAURIZIO, Apr. 13.—James D. Phelan, former mayor of San Francisco, was a caller upon Colonel Roosevelt today before the latter departed for Venice. Mr. Phelan, after his call, stated in an interview that he had discussed with the former President the details of the defeat in San Francisco of Francis J. Heney, the candidate for district attorney. The defeat of Heney was gone over, Mr. Phelan said, by him in order to make plain to Mr. Roosevelt how completely under the domination of the railroads was San Francisco and how complete was the political control exercised by the transportation companies.

SUGAR TRUST CASES SUIT TAFT.
WASHINGTON, D. C., Apr. 13.—As a result of a conference at the White House, it is now stated that it is unlikely that there will be any Congressional investigation into the affairs of the Sugar Trust. President Taft is said to have expressed his satisfaction at the rapid progress being made in the prosecution of the trust officials and employees for the alleged combination in restraint of trade and for the conspiracy to defraud the government in the matter of customs collections.

WHITE WILL PLAY EIGHT GAMES TONIGHT
Eight leading chess players of this city have signified their intention of simultaneously playing J. W. White this evening at the Y. M. C. A. Mr. White beat all comers in the last chess tournament at the Y. M. C. A., and is considered such a

first-class exponent of the game that he was asked to issue a challenge to twelve of the leading players, whom he would play simultaneously. The challenge has been taken up, and eight games are assured for this evening. The names of the players who will meet White simultaneously are as follows: Judge H. E. Cooper, J. D. Hill, Harold Lord, G. B. Stewart, C. F. Merrill, Guy B. De Spain, Paul Super, A. E. Larimer.

BENEFIT CONCERT
Promptly at 8 o'clock tonight, a concert will be given in the K. P. Hall for the benefit of the Nuuanu Japanese church. The program, as arranged, is quite interesting, as it contains the Occidental and Oriental musical selections. This is a new feature in the musical circles of Honolulu. The program follows:
PART I—ENGLISH MUSIC.
Trio—Piano, Violin, Cello, Mrs. Peck, Mr. Love, Dr. Ramus.
Vocal Solo. Mr. Wait.
Instrumental Solo.
Vocal Solo. Mrs. Ohmer.
Chorus. Kamehameha Glee Club.
PART II—JAPANESE MUSIC.
Swing Dance. Sunday School Boys.
Rokudan—Koto, Flute, Organ. Mrs. Hori, Miss Sekiya, Miss Watase, Mr. Ito.
Samisen. Mr. Tsuruzawa.
Chorus. Young Ladies and Men.
Chideri—Koto, Flute. Mrs. Hori, Miss Sekiya, Mr. Ito.
Chorus. Young Ladies.

LIGHTS NEEDED ON SCHOOL STREET
Eighteen residents of that portion of School street near Nuuanu and along Waikahalulu lane are of the opinion that the city and county of Honolulu might furnish some illumination to the thoroughfare on dark nights. They have forwarded a petition to this effect to Mayor Fern. His Honor has turned the matter over to the supervisory light committee, with power to act.

THURSDAY APRIL 14, 1910

I am glad that there is a national product more valuable than gold or silver, more valuable than cotton or wheat or corn or iron—an ideal.—William Jennings Bryan.

What a brilliant idea that is to put an additional price on every attractive lawn in the city of Honolulu!

Surely law and order will respond to the appeal of eight hundred school children of the Kalia district, and chauffeurs must obey.

The man who framed the scheme for charging an additional water rate for irrigating lawns is entitled to a monument on Nuuanu dam bearing the title, "The Honolulu Lawn-Killer."

Think of it! After paying three prices for the construction of the dams and the works, Honolulu property owners are to be saddled with additional water rates, or leave their lawns to dry up.

It is gratifying to learn through the counts that the City and County of Honolulu has some right to do something besides pay salaries and follow the ancient and expensive system of road-building handed down from the Territory.

William Randolph Hearst sends out an emissary to say that all his following will return to the Democratic party if his principles are adopted by the Democracy. Is there anyone on earth who would not get into line on those terms?

Republicans of Indiana and Democrats of California are quite agreed in their views on the tariff. So all that is left for Republicans and Democrats to do is fight among themselves. And at last accounts they were attending to the duty of the hour most beautifully.

Sugar comes in under the new In-surg-Democratic tariff principle all right. Our sugar costs more to produce than the European sugar, and our consumers pay nearly a cent a pound less than the European; therefore, the tariff on sugar should be raised. All of which is just as logical as one-half the tariff arguments.

Governor Frear says that it is possible for a man to become wealthy without injuring his fellowmen. Nearly every wealthy man who has had the courage to speak his mind is on record to the contrary. So the nine hundred and ninety-nine silent ones will receive the words of Hawaii's Governor as tidings of comfort and joy.

Honolulu extends its congratulations to Mr. Tokieda and his associates of the Yokohama Specie Bank. Their new building is proof that they appreciate the certainty of Honolulu's business future, and they are showing their good will by using a part of their share in our prosperity for the construction of a most attractive business block.

Superintendent Campbell's announcement of an additional charge for lawn irrigation is the first note of a foolish campaign to destroy the beauty of Honolulu homes. There is no need for this action. The public has not called for it. The water works of this city are not being operated at a loss. The whole thing is a fool attempt to turn one of the departments of the government into a money-making institution and furnish another forcible argument for the speedy transfer of the Honolulu water works from the control of the Territory, where it has been outrageously mismanaged, to the City and County of Honolulu, where the taxpayers will at least be saved from the exhibition now presented of crowding the monumental and expensive follies of Nuuanu dam with an arbitrary order forcing householders to new expense for the privilege of keeping their lawns green and their homes attractive.

GOOD FOR NEW YORK, WHY NOT FOR HAWAII?

Every theoretical supporter of good government in Honolulu said "hear, hear" in a loud voice after reading the declaration of Governor Hughes of New York against the corrupt men and corrupt forces that have been brought into the limelight again in his State. How many of these theorists believe that Governor Hughes' solution of the reign of error may be "all right for New York," but does not apply to Honolulu.

We commend the good government forces of this city and Territory to a perusal of what Governor Hughes said, always bearing in mind who it was that defeated the direct primary movement in two Legislatures elected by the people of Hawaii.

"I am," he said, "a Republican, strongly attached to my party and earnest in the desire for Republican success. But I cherish a concern deeper and more vital than that. I want to see the illicit efforts of privilege frustrated, bribery and corrupt arrangements destroyed and the market places, where governmental favor has been bought and sold, converted into true assemblies of honest representatives of the people."

To remedy the foul conditions which are known to exist the Governor advocates publicly and direct primaries, and this is what the self-assertive supporters of real good government in Hawaii should carefully take home to themselves. "The single aim," declared Governor Hughes, "of political corruptionists is to place in office men who will do their bidding, upon whom they can depend to further their interests. These generally are not party interests, but purely personal interests, and the stamp of the dollar is on most of them."

"I favor a plan of direct nominations by which party candidates for elective offices shall be chosen directly by the secret vote of the party voters. I also favor the election of members of party committees by the direct vote of the party voters."

Let the people of Hawaii who are just plainly honest remember that the most successful, though not always open, opposition to the direct primary law in this Territory has come during two sessions of the Legislature from the persons loudest in their calls for "good government," which is to them "government by a few of us."

That is the brand of government that has corrupted New York.

LA FOLLETTE AND TAFT.

Coincident with the report that President Taft will not visit Indianapolis on account of his fear that he might cause trouble in the Republican party comes the story that Mr. Taft will endeavor to prevent the reelection of Senator La Follette.

This is mighty dangerous business in which the President is engaging, and from more than one indication he and the stalwarts in whose behalf he appears to be acting stand a good chance to get the worst of it. The temper of the Indiana Republicans is shown in the tariff plank of their platform that so displeases Mr. Taft. Beveridge is not leading the van so much as he is shaping his course to meet public opinion.

History has proved that it is a very hard matter to frighten La Follette. Roosevelt had an experience at that and came off second best. Party lines are not hard and fast in Wisconsin, and La Follette has a large following among the Democrats. During the campaign of 1904 the Republicans split, the stalwarts withdrawing from the State convention, and they were by the request of President Roosevelt recognized by the Republican National Convention. Roosevelt was promptly notified that if he did not keep out of the factional trouble the State would be delivered to the Democrats. He looked into the matter and decided that it was best to lay aside the big stick. He didn't interfere so that anyone could notice it. Finally the Supreme Court of the State decided

in favor of the La Follette men, and party men breathed easier. The people of the State resented Roosevelt's interference and the only Theodore has never regained his popularity in Wisconsin.

Now Taft is said to be following in the route marked for those who do the right thing at the wrong time. Wisconsin names its United States Senators in the direct primary, and if, as reported, President Taft stumps the State against La Follette, there will be real trouble for Mr. Taft and the Republican party in Wisconsin.

Some of our elder statesmen seem to be forgetting in these days that the Republican party has held its strength and gained its greatest successes by being sufficiently elastic to meet public opinion on national questions and thus be thoroughly representative.

One of the secrets of Roosevelt's great success was that he knew when to quit if he found himself going contrary to the general drift of public sentiment. La Follette's career is a hand-writing on the wall. He is the original Progressive Republican. Despised as he may be by good men and stalwarts, it is nevertheless a fact that he was the only man in Taft's Republican national convention who created any enthusiasm; he was the only man in whose favor a stampede was threatened. La Follette was "inspiring" long before Beveridge, Cummins, Dooliver and various other good men saw the light and were convinced.

These men represent a force in national politics that will not be restrained at the command of Mr. Taft or the Republican party. Such a restraint will result in an eventual explosion that will rip the whole organization wide open.

Political parties from the very nature of popular government must be responsive to public opinion if they expect to meet success. And that applies to the little politics of Hawaii as well as the great national affairs in which the Presidents, ex-Presidents and Senators figure.

EAGLES HAVE BIG CROWD AT SHOW

Last night at the K. P. Hall the Eagles held one of their enjoyable annual socials, and about three hundred members and friends dropped in during the evening and had a good time.

There were many amateur performers and most of the stunts were good. Bob Ross recited an Australian poem in his best style and made quite a hit with that section of the audience which could hear him. Contractor Chalmers was another electionist and he chose a humorous subject for his turn. At least that is what some one near the stage said—it was impossible to hear anything from the back of the hall as the talking never seemed to cease.

A soldier from the transport sang a couple of songs that brought down the house and he was encored several times. A banjo solo was well rendered by a well known colored musician and for an encore he gave an imitation of a train pulling in and out of a station.

Henry Vierra was, of course, on deck, and his impersonation of a Chinese was immense. He also joined with a partner in a Japanese sketch and it was also good.

Mike Paton was a host in himself and his songs and monologues were well received. Mike is as good as any professional at the game, and he always makes good at a show.

The little girls from the Park Theater did a couple of turns, and they were well-rewarded for their efforts. Their songs and dances went well and were much enjoyed. In fact the whole evening was a success and everybody had a good time.

FAMILY ROW AIRED IN POLICE COURT

Police Officer Abreu came in for a roast from Judge Andrade this morning, when the Punchbowl assault and battery case was heard. The first charge was that of assaulting a police officer, but the prosecution soon saw that they had no chance of obtaining a conviction on that complaint.

The charge was altered to plain assault and battery and Senator Chillingworth, who defended the four accused—two of whom were women—succeeded in getting three of his clients off and the fourth fined a small amount.

The whole affair was a family squabble that resulted from the picking of a few mangoes that grew in Abreu's yard. The officer got mixed up in the scrap, and then losing his head, called up the patrol wagon and took the whole bunch to the police station. Judge Andrade stated in court this morning that Abreu had gotten involved in a row as a private person, and that then he had used his standing as a police officer to get even with his neighbors and relatives. The judge furthermore stated that the whole matter should have been fixed up at home, and that the bringing of

"DAVID HARUM"—TONIGHT

HENRY McRAE.

David Harum, is a name that is better known throughout the world than any other character in American fiction. Almost every man, woman and child who can read, has read the very interesting life of the shrewd old banker and "boss" trader.

It is such characters as David Harum that tend to make good citizens of young America. His life depicts true Americanism that dogmatic Rooseveltian spirit of do-or-die, do

the theatergoers who witness and enjoy such plays receive a moral from which they can not help but benefit.

It is unnecessary to give the story of this great play or go into detail with regard to the entertaining characteristics of it, as every good citizen is acquainted with "David Harum." The fact that the McRae Company is going to give an elaborate production complete in every detail should mean a full opera house every evening during the rest of the week.

A special matinee will be given on Saturday afternoon. Mr. McRae announces a big production of "Paid in Full" for the coming week.

OCEAN VIEW

The attractive feature of Our Ocean View District property is the high elevation so near the sea and the excellent sweep of ocean view extending between Diamond Head and Koko Head. A number of wealthy tourists to whom we have sold a great deal of this property claim that they have never seen anything equal to its mountain scenery and ocean view. On the mainland Ocean View property commands the highest prices, and our growing city will be no exception to the rule, just as soon as our citizens begin to appreciate more and more the true value and healthful condition of the higher elevations.

BEAUTIFUL KAIMUKI

And Our Ocean View District today has every advantage for home-site investments. Its high elevation and dry semi-arid condition, with sufficient rainfall and Koko Head breeze, easily make it the most delightful and healthful section in the city. Our improvements, such as paved streets, water pipes, electric light, telephone service, etc., included in our prices, give you an opportunity for a very profitable and safe investment.

OUR PRICES: \$500.00 for corner lots, and \$200.00 for inside lots; size, 75 ft. x 130 ft., or 11,250 sq. ft. each. Terms, \$50.00 cash down and \$10.00 per month on each lot. Invest your money in Ocean View property.

ART LEAGUE IS PREPARING POSTERS

The May-Day fête which the Kilo-bana Art League is planning to hold in Governor Coghorn's grounds on April 30 is to be very elaborate. A special meeting of the finance committee of the league was held this morning to draw up a definite line of action.

It is anticipated that between five and six thousand persons will visit this fête, and special arrangements are being made to entertain these people. In addition to a May-pole dance by a number of children who are being trained by Mrs. Gunn, selections by local amateur and professional talent will form one of the features of the day.

The May Queen has not been selected. The grounds will be profusely decorated with banners from the College Club, and special entertainment will be provided for old and young.

Several local artists have submitted designs for the posters to be used in advertising this fête, which in themselves are works of art. These posters will be placed in several of the principal store windows of the city in the near future.

CAMPBELL MANSION FOR ARMY POST

The Campbell mansion on Emma street may become the general headquarters of the army officials stationed in these islands if the recommendations of General Barry and Colonel Biddle be taken.

While those two officers were here a short time ago this particular place was suggested as a most fitting residence for headquarters of army officials and as it is thought that the islands will be made a separate division after the completion of the fortifications and other United States works are completed.

No actual move has been made in the matter of securing the Campbell mansion but it will probably be the place chosen when the time comes.

NIGHT TENNIS.

OPENING MATCHES ARE MUCH ENJOYED

FIVE CONTESTS ARE ALL PLAYED OFF

Cooke and Cooke Show Fine Form and Defeat Strong Pair—Tournament Will Continue for Three Nights.

Last night on the Manoa tennis courts the first electric light tournament was started up and five matches were played. Taking it altogether, the different matches were responsible for some brilliant rallies at times, and although some ludicrous misses were made on account of the flickering of the light on one or two occasions, the play was satisfactory enough.

There was a good-sized crowd around the courts, and the scene was a very pretty one. The lights and shadows blended well, and the slope accommodated a large number of enthusiastic tennis fans.

The first match was between Castle-Low and H. Dillingham-George Waterhouse. The former pair took both sets—6-4, 6-3—and as the match was for the best two out of three, that ended the matter.

Miss Tenney could not play last night, and her place was taken by Miss Sewell, who had for a partner Nowell, late of Maui. Their opponents were Miss Paty and W. H. Babbitt, and the Nowell-Sewell combination won out two sets straight; score, 6-1, 6-3.

Then R. B. Booth and Gray met MacIntyre and Werthmuller, and the former pair won easily—6-1, 6-1. Booth, who has recovered from his recent attack of illness, played well, and his partner backed him up in fine form.

The only match that went to more than two sets straight was the fourth, in which Hemenway and Olson met and defeated Armstrong and Dowsett, after losing the first set to four games. In the second set Hemenway and his partner showed great improvement, and captured it to two games. They also took the third set, 6-4.

In the fifth match another two-set engagement took place, and it ended in C. H. Cooke and Richard Cooke winning from Theodore Richards and G. C. Bokus by a score of 4-2, 6-4. The winners played in good form and made some remarkably good strokes at times.

The tennis was much enjoyed right through the evening, and the applause was unstinted whenever a good stroke was made. Night tennis has come to stay, and the present tournament will only be the start of the sport. Other courts will install lights, and then indeed will night be turned into day. The Manoa tournament will continue for three evenings more, and some very exciting play should be seen when the semi-final and final stages are reached.

DOTS AND DASHES.

The J. A. C. are determined to win their next game against the Diamond Heads, and consequently are going the right way about succeeding. It is strict practice for the bunch nowadays. If the Japanese win the next game, the series will be tied with two games each, and the fifth and deciding game will have to be played. The Athletic Park is in good shape now, and if no more rain falls, the big match will be played there on Sunday.

As usual, there is a howl about prize-fighting from the bunch that annually reads of dozens of deaths on the football fields, and hundreds of deaths owing to Fourth of July celebrations, and never blink an eye. Prize-fighting by well-trained athletes is as harmless as a Sunday school "bun struggle." It is to be hoped that a lot of soft-bellied custards are not allowed to interfere with what is going to be the scrap of centuries.

On Saturday at the Boys' Field, the track meet of the various Boys' Clubs will take place, and a good afternoon's sport is anticipated.

GUN CLUB.

NEW NAME NOW ON WEEKLY SHOOT CUP

H. B. ODELL WINS OUT IN TRAP WORK YESTERDAY

Robinson Does Good Work With Gun—Three Men Now Have "Leg In" for Trophy—Spalding Does Some Good Work.

Down at the Kakaako traps yesterday afternoon the Hawaiian Gun Club held its regular cup shoot, and the winner turned out to be H. B. Odell, who grassed 19 "birds." The high wind that blew during the afternoon interfered with the shooting a lot, and the gunners did good work considering everything.

Odell "killed" all his birds at the known angle traps, and accounted for 9 at the unknown Leggett trap. He is shooting in good form just now, and is to be congratulated on getting his name on the cup alongside of Harvey and Bobo, who have both won the trophy twice.

H. B. Robinson got second place with 18 birds, while Harvey, Bobo and Deering all hit 16 each. Bobo shot in great form in the practice preliminary to the cup shoot. He knocked over 9 birds out of 10, and beat both Harvey and Spalding, who accounted for 8 out of 10.

There are now three men with a leg or legs in for the cup, and the trophy promises some good sport before it is finally annexed by the man who manages to win it three times. The scores for yesterday's shoot follow:

N. Bobo—Known angles, 8; unknown angles, 8; total, 16; possible, 24.

C. G. Long—Known angles, 7; unknown angles, 6; total, 13; possible, 30.

C. W. C. Deering—Known angles, 7; unknown angles, 9; total, 16; possible, 26.

H. B. Odell—Known angles, 19; unknown angles, 9; total, 19; possible, 30.

H. B. Robinson—Known angles, 11; unknown angles, 7; total, 18; possible, 30.

J. W. Harvey—Known angles, 9; unknown angles, 7; total, 16; possible, 29.

So far Austin, who is considered to be one of the best shots in the Territory, has not turned out to any of the shoots, but it is said that he may take a hand in the sport before long. It is to be hoped so, as he would infuse some more excitement into the weekly competitions.

For this year's Davis Cup tennis play there will be two nations challenging Australasia. England and America are the pair, and as England owes Australia a visit, it may be that the preliminaries will be played at Sydney.

The Marines won two skating tug-of-war last night, and their victims were the Fort Shalters and the Princess Rink bunch.

TRANSPORT TEAMS ARE BEATEN BY SHAFTERS

Boloun Is Pitching in Great Form and Promises Well for 20th Infantry.

While the transports were in port there were two games of baseball played out at the league grounds, and the good old Shalters handed both the Twenty-third Infantry and the Fourteenth Infantry all they could handle. The first game certainly ended in a tie—score 1-1—but the Shalters looked winners all over when the game was called in order to allow of the soldiers catching their ship.

The other game was played yesterday afternoon, and the Shalters won by a score of 2 to 0. This is good news to the fans, who have always wished the Shalters the best of luck in the military series, and now that Boloun is showing what he can do as a twirler, the rest of the teams in the league will have to buck up in order to win.

Boloun pitched great ball in the two games against the transport teams, and only three hits were made off him in the two matches! The Shalters should feel a lot better about things now, and it would surprise no one very much if the infantry won out in the local military series.

MEDAL PLAY AT COUNTRY CLUB ON APRIL 24

Many Members Have Started Play Once More—Greens Are in Good Condition.

On Sunday week the Country Club will be the scene of another golf tournament, when the medal play will be pulled off. Much interest is being shown in the competition, and the members all intend having a try for the honors.

The "booster" dinner gave the Country Club a needed boost, and many of the members who had not been up at the clubhouse for some months turned out and had a good time. The consequence was that many engagements to play were made, and a number of men who had almost dropped out of the game again started in with enthusiasm.

The links are looking very well just now, and the professional has done really good work with the greens. Everything at the club is splendid, and the cosy little luncheon and dinners there on Sundays are much appreciated by the players.

DOTS AND DASHES FROM SPORTING CENTERS.

A. K. Vierra is trying to make arrangements for pulling off his tug-of-war at the Aloha Park, on Hotel street, opposite the Empire Theater. The site would be a good one if it can be secured, and being in the center of the town, a good crowd should be in attendance when the second stage of the tournament is brought off.

J. Dubaut, the French mile runner, who won his heat in the London Stadium last May in 4 mins. 24.5 secs., but who was beaten in the final, has now put in a claim for the world's record for the distance.

Martinke, left field for Vernon, got the first hit of the season, making an extra base. The first run was scored by Huckle Smith of the Los Angeles team in the third inning.

There is some talk of bringing off a press tennis tournament, and the typewriter pounders are considering ways and means for getting the affair started.

There are many moonlight bathing parties out every evening at the beach, and the water is just right for long wading and swimming stunts.

Walter Carlisle was the first man up to bat in the Coast League season. The first ball, pitched by Nagle, was wide and high of the plate, giving the batsman "one ball."

SELF-DENIAL MEETING.

Perhaps the most interesting of the series of self-denial meetings so far at the Salvation Army hall will take place this evening.

The home at Manoa Valley for women and children will combine to form a program of scene, song and story.

The address will be given by the matron of the home, and the little folks will do some pretty exercises, while a few of the older girls will sing. The platform will be specially arranged for the evening's entertainment, and a very pleasing and profitable occasion is anticipated.

The public is invited. There will be no admission fee.

CHAMBER TO SEND FIVE MEMBERS

Pacific Coast Chambers To Be Represented At Nanking

The meeting of the trustees of the Chamber of Commerce was well attended yesterday, but apart from the reading of several letters, nothing very important was brought up. After the minutes of the previous meeting had been read, J. F. Morgan, president of the chamber, stated that as F. M. Swanzy was leaving for the Coast and would be absent for several months, that gentleman had handed in his resignation as a trustee. The president stated that this matter will be acted upon at the next regular meeting of the chamber, when a successor will be appointed to fill this vacancy.

In reference to the Mohonk Conference which takes place from May 18 to 20, President Morgan stated that the chamber had been represented for several years and thought that a representative should be sent this year. J. P. Cooke moved and A. Gartley seconded that the Chamber of Commerce send a representative to this conference.

In reference to Mr. Baumgartner's letter asking that some \$3000 to \$5000 be raised for advertising Hawaii in the various papers of the mainland, J. P. Cooke moved and E. D. Tenney seconded that this be placed in the hands of the finance committee. Mr. Baumgartner is president of the National Editorial Association, and is contemplating bringing about one hundred members of this association to Hawaii.

The most important letter read was that received from the president of the San Francisco Chamber of Commerce in reference to Pacific Coast chambers being represented at the Nanking, China, Exposition. Secretary Wood of the Promotion Committee had delivered a verbal invitation from the Nanking Chamber of Commerce inviting as many of the local chamber's members as possible to be present. The Pacific Coast chambers are limited to five members each. Mr. Morgan stated that to avoid any friction the local chamber should join the Pacific Coast chambers in this undertaking. The local chamber will therefore be

limited to five members instead of an unlimited number.

A letter was read from Genkichi Yoshida, chairman of the standing committee of the Utsunomiya Chamber of Commerce, Japan, in which it stated that as Honolulu had such a splendid system of waterworks and that he had seen an article in a Chamber of Commerce's annual, in reference to the local waterworks, he wanted some information regarding this, as the city of Utsunomiya is now contemplating to construct a system of waterworks. This matter was referred to Marston Campbell. Mr. Morgan stated that he had seen Mr. Campbell in reference to this matter and that Mr. Campbell was sending full particulars to Genkichi Yoshida.

A. Gartley said that he thought something ought to be done by the Chamber of Commerce in connection with the visit of Prince Tsai Tao, of the Imperial house of China, who is due in this city tomorrow on his way to the Coast. President Morgan said that the chamber would be well represented in greeting the Prince.

The present advertising committee, composed of Messrs. Wood, Williams and Hoogs, who were appointed by the chamber to look into advertising propositions and thus save business men of this city from being pestered by advertising people, was considered insufficient in numbers, especially as Secretary Wood has left for Atlantic City. Mr. Gartley moved and J. P. Cooke seconded that this committee be increased to five members. This matter will be brought up at the next meeting, and the names of three members will be submitted.

In future, when advertising schemes are brought before the notice of individual business men of this city by outsiders, they will be referred to this advertising committee, and if this committee thinks favorably of the proposition, the matter will be brought to the notice of advertisers. In this way business men of this city will be protected.

Those present at the meeting yesterday were J. F. Morgan, president; J. P. Cooke, A. W. T. Bottomley, A. Gartley, F. Klamp, E. E. Paxton, M. P. Robinson, E. I. Spalding, E. D. Tenney.

STANDING OF CONTESTANTS DALAI LAMA NOW

IN DARJEELING

Fights Battle With The Chinese Amban, But Is Defeated

The Dalai Lama, recognized head of the Buddhist church and an incarnation of Buddha, is safely ensconced at the Drum Drum Hotel in Darjeeling, whither he fled owing to the persistent contempt shown him and the studied ignoring of his authority by the Chinese Amban.

The Dalai Lama of Tibet arrived at Lhasa four months ago armed with authority from Peking to take over the administration from the Provisional Governors, appointed as the result of the Younghusband Mission. Many monasteries had been despoiled by the Chinese, notably that at Dabang, and many monks had been massacred.

The Dalai Lama had reason to remonstrate with the Chinese Amban on account of the excesses of Chinese troops on the Szechuan frontier, who had been killing Lamas and sacking monasteries. This remonstrance brought to a head the whole question of the respective positions of the Amban and the Dalai Lama. The former said that Tibet had been proclaimed a Chinese province; he, therefore, was the sole judge of what methods were expedient in the dealing with the frontier rebels. The Dalai Lama quoted the letter of authority given him at Peking.

Since the withdrawal of the British from Tibet, the Chinese have been drafting troops in large companies into the country, and a military cantonment has been formed three miles from Lhasa, with 2500 trained Chinese soldiers armed with magazine rifles and modern artillery.

The Amban stated that he would move these troops into Lhasa if the Dalai Lama did not conform to his views. Some companies of Lamas, armed with old flint-lock weapons, were hastily enrolled under the title of "Golden Soldiers." A fierce battle was fought in the market place, and the Tibetans were routed.

The Dalai Lama with a large following made his escape, and, having crossed the Chakham ferry, destroyed all the boats, and thus hampered the pursuing Chinese. Although pursued by the Chinese, by making forced marches, they eventually arrived at Yatung, in the Chumbi Valley, thence by easy marches reaching Kalimpong, in British Sikkim.

Here they were entertained at the Scotch Presbyterian Mission, in charge of Rev. Dr. Graham, and, having rested after their long march and privation, the journey was continued to Darjeeling, which city they entered in state.

The arrival of the Dalai Lama has caused the greatest excitement in Bhutan and Nepal. His Holiness is accompanied by the Maharajah-Kumar of Sikkim, sixty ministers, three hundred troops, and followers. A Durbar will be held and the British Government will be petitioned to arbitrate the matter.

The Dalai Lama has a slight, though well-knit, figure. His face is thin and deeply pitted with small-pox, and one is not very apt to associate him as being an incarnation of Buddha.

Employees of New York Central and allied roads will not strike.
