Senate Cuts Salaries Especially Of Department Heads

DICKEY ROASTS SUPREME COURT

EXTRA SESSION.

The Senate this morning after passing the deficiency bill second reading, tackled the salary bill armed with an axe, which was used freely. The heads of departments and other drawers of fat salaries had their monthly emoluments reduced by \$50 and \$25 lumps and the lesser lights were reduced at a proportionate rate. Some minor officers were cut out altogether. The question of how much work the Public Works Department would be relieved of by the inauguration of County Government caused some discussion and the Road Supervisor and his bookkeeper were cut out for this reason.

Bishop reported for the Ways and Means Committee on Senate Bill 5, making additional appropriations for two departmental use of the Territory, recommending several changes and additions.

Senate Bill 1, appropriating \$6000 to pay the expenses of the Senate in the extra session passed second reading.

Deficiency Bill.

Senate Bill 5, making additional appropriations for the departmental use of the Territory, adding a \$25,425.20 appropriation to pay expenses until June 30, 1905, came up for second reading. This is the former Senate Bill 122.

On motion by Dowsett \$1000 was allowed the tax officer instead of \$700 to pay attorney's fees for handling tax cases.

Dowsett moved that two items of \$5000 each be inserted for roads and bridges in the Fourth and Fifth District respectively. Carried.

The item of \$5000 paying Hemigues and Gomes \$5000 for fencing off certain Kona forests, was cut out on motion by Achi.

The item of incidentals for the Land Registration Court was changed from \$750 to \$700.

Under the head of Public Lands a new item of \$500 for incidentals of the Land Office was inserted.

No Money for Lindsay.

Achi moved to change the item to "refund Alex. Lindsay for pay to second district magistrate \$185" to "relief of etc."

Dickey said he was in favor of striking out the item altogether. He did not see why Lindsay should not pay his substitute who took his place while he was sick himself. It would establish a bad precedent to allow the claim.

Dowsett moved to raise the item to \$350. Lindsay had paid his substitute his entire salary for the time he was sick, amounting to \$750. The Governor thought the claim of \$350 very reasonable.

Dickey still maintained that to allow the item would establish a bad precedent.

Achi said this could be avoided by appropriating the money under the

EXTRA SESSION.

SECOND DAY.

The House of Representatives this morning went into Committee of the Whole to consider extra session House Bill No. 4 (regular session H. B. 11), current expense appropriation measure.

Rep. Long moved to refer to a committee the appropriation bill to shift the County from the Territorial items, that time might not be wasted on the floor of the House arguing over the difference.

Ayllet wanted a committee of three to confer with a similar Senate committee to decide as to what items were County and what Territorial. Rep. Harris saw nothing but waste of time in this idea if carried out. Let the House judge for itself.

Rep. Holstein moved second reading by title. He then moved that the bill be taken up in Committee of the Whole. This carried and Rep. Rice was appointed to the chair.

Superintendent of Public Instruction Jas. C. Davis forwarded to the House an estimate of the amounts required for the support of the public schools, new buildings excepted, for the two years ending June 30, 1907. He says the amounts asked are as small as is consistent with the proper and efficient running of the department.

Following are Davis' figures: Salaries and pay rolls, \$708,400; current expenses, \$155,200; Governor's estimate, \$132,900.

Pay roll for June, 1904 (before the cut was made), \$26,981.33 1-3.

Pay roll for July, after cut, \$20,868.50.

Present monthly pay roll, \$20,921.50.

Present monthly pay roll restored, \$27,275.41 2-3.

Pay roll for biennial period, July 1, 1905, to June 30, 1907 (restored), \$654,610.

GREEN SMUGGLING CASE BEFORE DOLE.

Tam Pong and Chang Akana have been arrested by the Federal authorities on Grand Jury indictments charged with violating the Edmunds Act on one and two charges respectively.

Apana is, or was, a member of the local police force.

The trial of Cyrus D. Green of Maui, charged with smuggling kagor before Judge Dole today. Green is alleged to have smuggled liquor from a vessel. Capt. Trainor, the vessel's master, who was also arrested at the time, pleaded guilty, as he could not await trial.

To Defend County Act House Votes Money Before Every Court

At the afternoon session of the House work was resumed in Committee of the Whole on Extra Session House Bill No. 4, current expenses.

Attorney General's incidental expenses, \$16,000. Deferred.

Rep. Holstein moved a new item, as follows: "Expenses and attorneys' fees defending County Act before all courts \$3000."

"I move we make it \$5000," cried Mahelona.

"They'd simply get more lawyers," said Greenwell.

Holstein thought there should be ample funds for a defense of the County Act. This was the general sentiment. Amendment to the bill carried.

Police incidentals, \$40,000. Deferred.

Furniture and fixtures, public instruction, \$7800. Amended to \$6400. Passed.

Harris moved to strike out \$18,000 for school books.

Nakuna fought against cutting out the item. If this was cut out, he said, the children would have to go to the book business houses and be charged something like a thirty per cent profit. This would be a terrible hardship on voting parents.

Harris drew attention to the fact that thousands of the school children were Chinese whose parents were not voters and whose parents paid only the \$5 poll in the way of taxes; all the burden fell on the merchants. When he was a school boy he bought his own books; there was no reason why Hawaii's school children should not go to the stores for their books.

The Committee of the Whole is still fighting out the book problem.

SENATE CUTS POLICE AND FIRE DEPARTMENT FROM SALARY BILL

At the session of the Senate this afternoon the salary bill was slashed unmercifully. The Fire Department items were cut, as the committee will take over these duties; of the latter remained only the High Sheriff, who is also warden of the Oahu Jail and the prison forces. The Attorney General's department was also cut considerably.

Territory's Teachers Urge Return To Old Salary Basis

The following statement from the teachers of the Territorial Association has been transmitted to the Governor and houses of the Legislature: Honolulu, T. H., May 2, 1905.

To the Governor and Legislature of Hawaii:

Gentlemen—The financial embarrassment of the government a year ago made necessary some retrenchment in public expenditure. The several branches of governmental service were accordingly curtailed in the funds available for their operating expenses. This restriction fell heavily upon those departments which were able to cut out or postpone contemplated improvements, not immediately necessary to their immediate operation. Upon the Department of Education, however, the "cut" fell with unwonted severity. Here salaries paid were not above the necessities of respectable living, while the only considerable avenue for economy lay in the cutting of salaries. A majority of the teachers submitted gracefully, accepting it as a temporary expedient, until such time as the government should be in a position to readjust income and outlay.

The position of the teacher is exceptional, social as well as professional obligations are incurred by his position; and when it is recollected that many of our teachers are getting but forty-two dollars per month, it must be conceded that the salary is hardly adequate to a decent livelihood.

The peculiar importance of the schools, as a branch of the public service, needs hardly to be urged. Here, as everywhere, efficiency will be measured by compensation. To attempt to secure adequate services for inadequate pay is lamentable—it is worse than lamentable—it is hopeless.

It has been the custom in many states to increase the salary of teachers with length of service. The custom, right or wrong, is based upon the assumption that efficiency grows with experience, an assumption which we earnestly believe true.

Its contradiction can be anything but flattering to one's self-respect. The moral effect of paying teachers less instead of more for years of constant service, of stepping down instead of up, as well as the effect upon the efficiency of the schools must be baneful. It can have no other consequence than to drive the best talent from the islands.

Much statistical information has been compiled showing the comparative expenses of schools here and in many of the states. These comparisons are readily available to any who are interested and will invariably show that the cost of education in Hawaii is proportionately small.

In view of what has been stated and we hope fairly stated, and in view of party promises, both implicit and explicit, we feel justified in honestly and cordially urging the Governor and Legislature of the Territory to make such appropriation for the schools as shall allow a speedy return to their former basis.

Very respectfully submitted by the Territorial Teachers' Association.

DEMOCRATS READY FOR LIVELY COUNTY CAMPAIGN

The executive committee of the Central Democratic party held a meeting last night and sent out to the various district committees a circular letter speaking of advisable methods in the handling and conduct of the approaching county campaign.

Said a leader of the Democratic party this forenoon:

"The Democratic Territorial Central Committee will not conduct the county campaign, the executive committee thereof deeming it better that the district committees run the campaign, advised by the Central Committee. A circular letter has gone out to the district committees outlining the methods. 'No, at last, night's meeting, there was no discussion of any proposed test of the County Act. As I have said before, Democrats are paying no attention to any test talk. They take it for granted that the law is good; they hope to see it stand all tests and believe it will. Democrats are not worrying. We will put up a good county ticket and conduct a lively campaign."

Bad Roads Interfere With Harvesting Cane

A. McC. Ashley reports on crops and weather for the week ending April 29 as follows:

GENERAL SUMMARY. Showery weather has prevailed during the past week in nearly all sections of the group, with strong trade winds and temperatures somewhat below the normal.

Young cane has made fair progress, but needs rain badly in leeward Hawaii and would be benefited in all sections by higher temperatures. The harvesting and grinding of matured cane is proceeding rapidly, but has been interfered with in the Hilo and Hamakua districts of Hawaii by muddy roads which render transportation difficult.

Harvesting is completed in the northern portion of the Puna district of Kauai. Planting for the 1907 crop of cane continues but will be completed later than usual in the Puna district of Hawaii on account of the rather late start in the harvesting of the current crop. Coffee trees generally have blossomed well during the recent showery weather, but the blossom has been damaged somewhat by high winds in the Koolauoko district of Oahu.

Pasture lands need rain in leeward Hawaii and leeward Oahu, but are in very satisfactory condition elsewhere. Pineapples for the summer crop are developing rapidly; rice in all sections is growing well.

A heavy earthquake shock was experienced at Naalehu, Hawaii, at 12:53 p. m. of the 22nd instant, but caused no damage. Kilauea crater, in Hawaii, continues in active eruption.

IN DOUBT HOW TO TEST COUNTY ACT

The executive committee of the Civic Federation is talking of beginning the County Act test on Wednesday, but has not yet made up its mind how to go about the working of the scheme.

Yesterday afternoon the following was adopted:

Whereas, The Legislature, pursuant to public pledges and in accordance with the wish of the people of this Territory has passed a County Act; and

Whereas, Doubt has been expressed by competent legal counsel as to the constitutionality of said Act; and

Whereas, There is great uncertainty as to the status of the finances of the Territory by reason of this legislation; and

Whereas, The matter should be settled before the expense of the special election is incurred and before the Legislature, now in special session, shall have acted on appropriations, in order to avoid the calling of still another session, should said County Act prove to be invalid; therefore,

Resolved, that the committee on legislation be instructed to take immediate steps to have the County Act tested before the Supreme Court of the Territory.

MATTHEWMAN RAISES AN IMPORTANT POINT

Judge Matthewman of the Hawaii Circuit Court has recently made a ruling which affects the citizenship of about 1000 voters in the Territory.

The United States statutes provide that a foreigner when he seeks to become a citizen "shall declare on oath, before a circuit or district court of the United States, or a district or Supreme Court of any State having common law jurisdiction and a clerk and seal" his intention to renounce his allegiance to any foreign prince, etc.

Under this section Judge Matthewman holds that all citizens naturalized by Territorial Circuit Courts have been illegally admitted to citizenship.

Prepare to nominate and elect first-class men. The counties are not to be railroaded out of existence.

Why not test the liquor law? Some noted lawyers say it is bad, and men like Woolley that it is worse.

The Grand Jury might have reported that it found no polygamy; simply the usual number of divorces among all classes.

The people are not blind to the fact that the "Why of the attack on the County Law" is an earnest desire to knock it out.

When Roosevelt gives notice that he will receive the petition from Chicago strikers, the anti-imperialists at least have the satisfaction that he is not emulating the Czar.

Someone claims that the courts have been threatened because an appeal is to be taken to the Federal Supreme Court. If this be a threat, call out the National Guard for the protection of the Nation's honor.

All the world's cables are published in the Bulletin. That means every news cablegram coming from the Associated Press. The Bulletin does not censor the Associated Press cables after the manner of boastful contemporaries.

The community is waiting to make note of the first man to take out an emigrant license at \$500. per. The Legislature has at least succeeded in passing a law that will make labor-thieves pay full price or walk the plank before the courts.

Judge Matthewman has raised a very important point in connection with the naturalization of citizens in the Circuit Courts of the Territory. It should be carried to a final determination. Then it will be possible to place the responsibility for running the bogus citizen mill.

Parents, who want the children of the community to be well equipped with an education that will be the basis of strong manhood and womanhood, should actively support the employment of first-class teachers at first-class salaries. Those not convinced that this is the best method for the upbuilding of the commonwealth should give their attention to the police, for the poorly educated child growing up under an indifferent

school system is headed straight for the level that demands attention from police authority.

It isn't so much that the teachers' salaries should be reinstated as it is a matter of principle that the State has no right to force the educators of its youth to be philanthropists as well. A community that cannot afford to pay its school teachers more than Hawaii has during the period of depression is mighty few potatoes and small in the hill.

CIVIC FEDERATION METHODS.

The play that is being made by the so-called Civic Federation is such as to create the very strong impression which approaches a conviction that it is an assembly of a few men under a dignified name to carry the bright particular schemes of—the few.

Starting out with a list of officers which made the thing so much like the Anti-Saloon League that it was difficult to state the difference, some of the officers resigned in order that some of the "outsiders" might have a show, and possibly give the movement respectability. No movement can lay claim to much respectability when it pretends to be what it isn't. Therefore some changes were made in the hallowed precincts of the inside ring. Some have been amenable to the blandishments. Others have not.

The first extraordinary exhibition of the recent acts of the ringside gentlemen of the Civic Federation was the private session of the Attorney General of the Territory and the president

of the Federation meeting as a legislative committee to determine how a law passed by the Legislature might be made handled or "tested." This session was followed by three extraordinary interviews. One given out by the president of the organization; the other two by the Attorney General. In the first the Attorney General was spoken of as a member of the committee. In the other two he spoke of his position as the representative of the Government. Taking the Attorney General's interview as a basis, this first committee meeting of the "legislative committee" of the Civic Federation was a committee meeting of one. It was suggested, merely suggested, that the members of the Federation might have an opportunity to express an opinion on the situation.

Within a remarkably short time it is discovered that this question of breaking down a law passed by the Legislature is so important that it is quite impracticable to call a general meeting of the Federation. Consequently it becomes necessary, according to the oligarchs, to work within the circle and get things moving. The community may be excused if it smiles. It has seen these jobs worked this way so many, many times that the wide-awake citizen often inquired whether these people think they are fooling any one.

Apparently the official manipulators of the Civic Federation are inspiring their own confidence of, by and in themselves. True civic character such as has given Civic Federation a name deserving an ever increasing respect does not operate on hole-in-the-wall methods to carry out factional schemes.

To make itself permanently useful the Honolulu Civic Federation will do well to take a line from the examples broad minded men have set.

THE SENATE.

(Continued from Page 1.)

Achl moved to raise the salaries of stenographers and clerks in the Secretary's office to \$7000. It was moved to refer the item to the Ways and Means Committee. Achl said it was a waste time to refer it. Achl's motion was lost and the item passed as in the bill.

Kalama moved to make the Treasurer's salary \$250 instead of \$300. Carried. The Registrar was cut from \$250 to \$225. The Insurance Commissioner and bookkeeper were cut from \$200 to \$175. Achl moved to strike out the sum of \$250 a month for additional clerks in the Treasurer's office. Kalama moved to reduce the item to \$100. The item caused a lengthy discussion and was finally referred with the item regard pay of stenographers of the Supreme Court to the Ways and Means Committee.

Cuts in Tax Office. The Tax Assessor was cut from \$250 to \$225. The Deputy Assessor of Oahu was cut from \$175 to \$150. The Tax Assessor of Maui was cut from \$175 to \$150. The salaries of Deputy Assessors of Oahu were referred to the Ways and Means Committee. The Tax Assessor of Hawaii was cut from \$200 to \$150.

In the Bureau of Conveyances the Registrar's salary was cut from \$200 to \$175; his deputy's salary from \$110 to \$100, and the salary of clerks for the two years reduced from \$11,700 to \$10,000. The salary of expert indexer of \$125 was stricken out. Of the three clerks at \$3600 one was cut out, leaving the item at \$2400. Queen's Fund Untouched.

Kalama moved to cut the Queen's settlement from \$625 to \$500 a month. McCandless moved to cut it to \$300. Dickey moved to pass it as in the bill. Carried.

In the Public Works Department, the Superintendent's salary was the cause of some discussion. McCandless said County government would reduce his work. Dowsett spoke against cutting it. The item passed as in the bill. The Assistant Superintendent was left at \$250, but no additional salary was given him as Superintendent of Water Works. The chief clerk was cut from \$200 to \$175.

Paris moved to refer the entire Public Works Department to the Lands Committee, so it could be found out how many positions County government would cut from this office, in order that the cutting of salaries could be done judiciously. Dowsett was of the same opinion. Bishop said Holloway had told him only few positions which he enumerated, could be cut out. Paris withdrew his motion. Gandall and McCandless spoke against referring the matter, the former saying it was best to cut the big salaries and leave the small ones alone.

More Salaries Reduced. The salary of the first assistant clerk was cut from \$150 to \$125, and that of the second from \$125 to \$100. The third clerk was stricken out. The Assistant Superintendent's stenographer's salary was cut out, his clerk's salary was cut from \$125 to \$100. The office boy had the duties of a messenger added to his work and had his pay raised from \$30 to \$50. The assistant superintendent's stenographer item was reconsidered and put back in the bill at \$60 instead of \$75.

The item of pay of road engineers, draughtsmen, transmitters, etc., at \$36,800 for the period was the cause of great discussion and was finally cut out. The items of the Third Superintendent's bookkeeper were stricken out. The salary of the harbormaster was, after much discussion, left as in the bill at \$225.

The Senate took a recess until 2 p. m.

PORTUGUESE BOY MISSING FROM HOME.

Joe Ferreira, a 16-year-old Portuguese boy, has been missing from his home on the corner of King and Punchbowl streets for over a week. His parents have become greatly worried over his continued absence. This morning they sent a neighbor down to the police station to inform the authorities of his absence.

According to the police, young Ferreira has rather a bad reputation, and has several times previously attempted to run away on departing vessels and been stopped. When the boy disappeared last week he had a week's wages with him, and it is believed that he has succeeded in getting away from this port, either to some of the other islands or on an ocean-going vessel.

PAY FOR THE TEACHERS

QUESTION IS BROUGHT UP IN TERRITORIAL ASSOCIATION

EXPRESSION WILL GO TO LEGISLATURE — MR. SCOTT AND SUPT. DAVIS DWELL ON NECESSITIES.

The Territorial Teachers' Association held a meeting in the assembly room of the High School last evening and took formal action towards bringing to legislative attention the desirability for reinstating the former salary schedule for teachers of the public schools.

Mr. Richmond, president of the association, called the meeting to order and the subject for discussion was very ably presented and developed by Principal M. M. Scott. The gist of his thought was that the broad duties of citizenship which now fell to the lot of every citizen of the Territory demanded that the youth should be properly educated. To accomplish this result the teachers must at least have living remuneration. He was convinced that a dignified expression from the teachers would not only be received by the lawmakers but appreciated.

Superintendent of Public Instruction Davis was given a very cordial reception by the teachers as a preface to his remarks. He was convinced from his practical experience in the schools that the work done by the teachers was deserving remuneration in keeping with the standards of other advanced communities. He believed the whole department was in sympathy with the proposal to put the teachers' salaries back to former figures. Commissioner Farrington called upon a representative of the Commissioners of Education, remarked that he could hardly be expected to speak for the Board in view of the fact that he had been a full-fledged Commissioner only about three hours, his signed commission having been received from the Governor during the afternoon. Personally he was thoroughly in sympathy with the movement. He suggested that the teachers should offer their statements, comparative figures and statistics on the question of salaries to the newspapers of the city, so that the general public might become better acquainted with the facts of the local situation and what other American communities do for their schools.

Dr. C. T. Rodgers gave some interesting and valuable figures bearing on the question. Mr. Baldwin and Mr. Fassart were among the speakers of the evening. The committee report was adopted and will be presented in the form of a resolution to the Governor and both houses of the Legislature.

One of the teachers present had compiled the following comparative statement showing the difference between the annual salaries paid teachers in New York City and Hawaii, a difference to Hawaii's discredit, not justified by the wealth of the Territory or the relative cost of living:

COMPARISON OF SALARIES. Ward Schools. New York. Honolulu-Differential, etc.

Principal \$2625 (av.) \$1920 \$ 705 Vice Princip'l \$1950 (av.) \$ 960 \$ 990 Teacher \$1225 (av.) \$ 609 \$ 616

SIERRA FROM COLONIES

LINER BRINGS MANY THROUGH PASSENGERS

HAS GOOD WEATHER FROM COLONIES TO EQUATOR AND THEN HIGH SEAS—MANY LEAVE THIS PORT.

The Oceanic liner Sierra arrived in port this morning from the Colonies, docking at the Oceanic wharf at 8 o'clock. The Sierra brings 168 cabin passengers, six of whom are for this port and will be able to get away early this afternoon for San Francisco. The Sierra had a very good trip on the whole, though after the equator was crossed she encountered bad weather most of the way to this port.

She left Sydney on April 17, had fine weather with moderate winds to Auckland. She stayed a day at Auckland, leaving at 7 p. m. April 21st. Fine weather was enjoyed to Pago Pago, where the Sierra touched on April 25. She left the same day and had more fine weather with moderate southeast and east winds to the equator. There the wind freshened and changed to a steady northeast wind. The Sierra encountered many rain squalls with high head seas. The entire length of the passage was 15 days and 12 hours.

Among the through passengers on the Sierra are Dr. James Kingsbury, Mrs. Kingsbury and family of Sydney, where Dr. Kingsbury is a prominent physician. They will make their future home in Southern California. Mrs. and Miss Venables Kyrke, and Miss Most, prominent in Auckland colonial circles, are en route to England.

Former House Clerk

SOLOMON

Meheula On Trial

The case of Solomon Meheula, the former clerk of the House of Representatives, charged with gross fraud, was taken up by Judge De Bolt this forenoon. Deputy Attorney General Fleming conducted the case of the prosecution, while C. W. Ashford appeared for the defendant.

Meheula is charged with having defrauded the Territory out of a sum of money while he was clerk of the House. It is alleged that he drew a warrant for \$500 on the Treasury payable to himself, and cashed it. A couple of days later he got two vouchers for \$500 signed by the Ways and Means Committee by representing that he had bought 15 copies of the civil and 15 of the penal laws for the use of the members for the money. It is said that the members never received their copies. Seven or eight of these books were received by members but they were paid for by another voucher.

Do you know that tired feeling which comes with the end of the day's work? You don't feel it when your energy is concentrated on the task in hand but it comes over you when you leave the store or office, homeward bound.

SUPREME COURT'S BONDS SUFFICIENT

The Supreme Court today rendered M. Vivas vs. G. Akuna, exceptions from the Second Circuit Court. Plaintiff obtained judgment for \$150 in the district court at Makawao. The defendant appealed to the circuit court and filed a bond in the sum of \$310. The court on plaintiff's motion dismissed the appeal in the grounds that "there is no bond paid for costs in the sum of \$100 as required by law so as to perfect an appeal to a jury, and the bond filed does not cover the required amounts authorized by the law." The defendant excepted to the ruling. This exception is sustained and the case remanded.

The following remark is made by the court in its decision in Vivas vs. Akuna: "By Rule 8 the exception in this case could have been simply stated without bringing up the records in the case."
Rule 8, to which attention is called, reads as follows: "Bills of exception shall contain only such statements of decision for uriam in the case of J. facts or evidence and only such papers as may be necessary to explain the bearing of the rulings upon the issues or questions involved; undisputed facts shall be so stated, and not the evidence from which they are or may be deduced."

HIGHTON REFERRED TO COOPER AND STUART

Henry Highton who will conduct the attack on the County Act in the courts today came to consult Attorney General Andrews on the matter. It is desired that the prosecution and the defense in their presentation of the case agree on the facts, so that the test can be decided on questions of law alone, and no side issues be allowed to interfere.

The Attorney General referred Highton to McCants Stewart and Henry E. Cooper in whose hands the defense of the County Act now rests.

How true does this philosophy apply to Shoes? There's many a shoe which not only looks well but wears well, for a while; but it is only a short time when weak points develop.

Below a certain price, a shoe must be slighted, must be filled, and the lower the price, the more weak points must appear.

CONVOGATION AT SAINT ANDREWS

See-House Is Postponed Because Of Lack Of Funds

MONEY IN LONDON DUE BI-HOPRIC ENDOWMENT

LEGISLATION COMMITTEE AND TREASURER HAVE REPORTS. DEACON TESTA HAS OBJECTION.

In St. Andrew's Cathedral Sunday school room last night, while the Government band played strenuously in Emma square, "next door," was held the first session of the Episcopal Convocation of the Missionary District of Honolulu.

After the certificates of lay delegates were found in order the Bishop declared the Convocation ready to proceed to business.

Rev. D. D. Wallace, Kona, not having been in office six months was given a seat without a vote. As treasurer of the board of directors Henry Smith reported a balance as per last report of \$103; since then he had received \$250 as rent and donation from S. M. Damon and B. F. Dillingham; total receipts were \$454.57, and expenditures \$376.29, leaving a balance of \$78.28; \$1000 had been borrowed from the banks. This report was accepted and referred to the finance committee.

Chancellor Stanley stated that two lay brothers from Kohala were not constitutionally entitled to sit in the Convocation, being women. Rev. Polivene was chosen secretary and Carl Lovatost assistant.

The report of the committee on legislation and privilege read by the Rev. J. Osborne, was in part as below: Right Reverend Sir and Gentlemen:

Your Committee on Legislation and Privilege respectfully beg leave to report:

1. That in the matter of privilege, there is nothing before them.

2. That in respect to legislation, they have endeavored carefully to examine the constitutions, canons and by-laws of this missionary district and have prepared and herewith submit in connection with this report their proposed amendments and additions thereto, which require little explanation. They may state, however, that it was considered expedient to designate somewhat more fully the rights and functions of the Bishop to separate, the "Dean and Chapter of the Cathedral of St. Andrew," from the parish of St. Andrew, and to define the line of demarcation between the rights, functions and property of each, to establish the parishes throughout the diocese as separate corporations, to limit the distinct ownership of property in the name of the board of directors of the Protestant Episcopal church in the Hawaiian Islands so as to exclude the property of the dean and chapter and of the parishes and to extend the rights of voting for wardens and vestrymen to all communicants of eighteen years of age or over and to all baptized persons who have attained the age of twenty years and who have contributed to parish funds, in some manner recognized by the rector and vestrymen of their respective parishes, for six months prior to an election. The last amendment, it will be seen, obliterates the distinction between the sexes, so far as the qualifications for voting are concerned and it is proper to all that these particular amendments are not concurred in by Mr. Stanley, chancellor of the diocese, a member of your committee.

In the event of adoption of the amendments proposed by your committee to Canons XXI and XXII, they suggest that the present articles of incorporation of the Protestant Episcopal church in the Hawaiian Islands be further amended so as to conform to the revised Canons. It is obviously not within the province of your committee nor of the Convocation itself specifically to present the form of these amendments, which should be carefully framed in conformity with the law, and with the object of consummating the alterations contemplated so clearly and so precisely that no question or doubt can arise.

Your committee have bestowed some attention upon the present state of the corporation laws in the Territory of Hawaii and upon the expediency of devising new legislation in correspondence with the applicable parts of statutes carefully framed and enacted upon the mainland of the United States with the object of enlarging and exactly defining the rights and meeting all possible necessities of the Protestant Episcopal church in the Hawaiian Islands. It was intended to submit a statute, covering these points, for the consideration of the Convocation. Its meeting, however, after the adjournment of the Territorial Legislature, allows further time for the completion of this important work and your committee are of the opinion that they or their successors may well be authorized to submit the new enactment to the next Convocation. Meanwhile they are convinced that the existing Hawaiian statutes will permit the formation of such corporations as may be necessary under the amendments and supplements now submitted.

The above report will be acted upon tonight.

Deacon F. J. Testa objected to having the legislation committee's report considered at 7:30 tonight, it was too much like railroad.

Bishop Restarick made mention of the SE. P. G. holding securities to the credit of the Honolulu Bishopric Endowment. He had written to London about the fund (the income is approximately \$1000 per year).

ACT 74.

AN ACT

To AMEND SECTIONS 1770, 1776, 1777, 1779, 1780, 1782 AND 1786 OF CHAPTER 119 OF THE REVISED LAWS OF HAWAII, ENTITLED "JURIES AND TRIAL BY JURY" AND TO ADD A NEW SECTION TO SAID CHAPTER TO BE KNOWN AS "SECTION 1782 A".

Be it Enacted by the Legislature of the Territory of Hawaii: SECTION 1. That subdivision 1 of Section 1770, of Chapter 119, Revised Laws of Hawaii, entitled "Juries and Trial by Jury", be and the same is hereby amended to read as follows, to wit:

"1. If he is a male citizen of the United States, and of the Territory of Hawaii, of the age of 21 years, and possesses the qualifications for registration as a voter, and is a resident of the Circuit from which he is selected; and"

SECTION 2. That Section 1776 of the Revised Laws of Hawaii be and the same is hereby amended, by striking from said Section, at lines 3 and 4 thereof, the words "for the next calendar year", and insert in lieu thereof, the words "for a period of one year from and after the said first day of December".

SECTION 3. Section 1777 of the Revised Laws of Hawaii is hereby amended so as to read as follows:

"Section 1777. Duty to make list, etc. The jury commissioners of each circuit shall, before the fifteenth day of December in each year, or at any subsequent time, if omitted or neglected before such day, make two lists of persons to serve respectively as grand and trial jurors in the circuit court for the ensuing year. They shall proceed to select and list from the citizens, voters and residents of the several precincts in the circuit, as near as may be according to and in proportion with the respective number of registered voters last registered in each of such precincts, the names of one hundred persons who, in their opinion, are qualified to serve as trial jurors and the names of fifty persons who are so qualified to serve as grand jurors under the provisions of this Chapter; provided, that the number of persons so selected and listed as aforesaid, shall be two hundred and fifty as trial jurors, and seventy-five as grand jurors in the first circuit and one hundred and fifty as trial jurors and fifty as grand jurors in the fourth circuit, and in making such selections and lists as aforesaid, they shall take the names of such only as, in their opinion, are not exempt from serving; who are in possession of their natural faculties, and not infirm or decrepit, of fair character, of approved integrity and of sound judgment, provided, that if, thereafter, it be judicially determined that the lists contain the names of persons disqualified or exempt from serving, the same shall be stricken from such lists and the Jury Commissioners shall select and list, upon request of a circuit judge, additional names to make up the full number required above; provided, that if in any of the circuits, the Jury Commissioners shall not be able to select the number required by this Section for jurors, they may select a less number, and the highest practicable; and provided further, that they shall not select, unless necessary, the name of any person who has served as a juror within one year. Certified lists of the names of the persons so selected from each precinct to serve as jurors shall at once be placed in the possession of the clerk of the circuit court; provided, however, that until such Jury Commissioners shall have been duly appointed and qualified according to law, or in case they shall, at any time after such appointment and qualification, neglect or fail to make such selection and list of persons to serve as jurors as aforesaid, then such selection and list of such persons to serve as jurors as aforesaid shall be made, in the manner aforesaid, by a judge and a clerk of the circuit court."

SECTION 4. That Section 1779 of the Revised Laws of Hawaii be and the same is hereby amended to read as follows:

"Section 1779. On receiving such certified list of names from the Jury Commissioners, the clerk shall file the same in his office, and at least ten days before the first day of the next succeeding term of such circuit Court, such clerk thereof, shall write the names of such persons selected and listed as aforesaid, on separate pieces of paper of the same size and appearance, and fold each such piece so as to conceal the name thereon, and deposit them all in an appropriate box to be called the "Jury Box." Thereupon, the clerk, at the direction and in the presence of the Judge, shall, after first shaking the "Jury Box" containing the names deposited therein as aforesaid, so as to thoroughly mix said pieces of paper upon which such names are written, draw therefrom by lot the names of not less than thirteen nor more than twenty-three persons to serve as Grand Jurors at the ensuing term of the court; and in the same manner the names of not less than eighteen nor more than twenty-six persons to serve as Trial Jurors at the ensuing term of the court; provided, that each Judge, if there be more than one judge of such court, may, for such term, direct that the names of a sufficient number of persons to serve as Trial Jurors be drawn and summoned to appear before him or before another judge or judges thereof; and any one of such judges may also direct that the Grand Jurors for such term be drawn and summoned to appear before him or before another judge thereof. A certificate containing a list of the names of the persons thus drawn as Grand Jurors and a true statement of all the essential facts of such drawing, signed by the judge and attested by the clerk, shall then be filed in the office of such clerk. Provided, that no such drawing or list need be made for Grand Jurors or for Trial Jurors for any special term if, in the opinion of the judge, it is unnecessary.

SECTION 5. That Section 1780 of the Revised Laws of Hawaii be and the same is hereby amended to read as follows:

"Section 1780. After adjournment of the court for the term for which jurors have been drawn and at which they have attended and served, the clerk shall enclose the pieces of paper containing the names of those who so attended and served as jurors in an envelope, under seal, stating thereon the term, and the said names shall not be returned to the Jury Box except as hereinafter provided. The names of all those who have been excused by reason of exemption or disqualification shall be placed in a separate envelope, marked for that purpose, and shall not be returned to the Jury Box so long as such exemption or disqualification shall continue. All other names shall remain in or be returned to the Jury Box, which shall then be and remain locked until the Judge shall order it to be opened for the next drawing.

At least ten days before every succeeding term, juries shall be drawn as nearly as may be in the manner above specified from the names thus remaining in the Jury Box; provided that whenever the Jury Box contains no names, or a number of names insufficient for the purposes above set forth, then the clerk may, under the direction and in the presence of the judge open the envelope containing the names of those who have served at the most remote term of that year and deposit the names in the Jury Box for the purpose of being drawn, as above set forth. Whenever occasion requires the other envelopes may be opened and their contents deposited in the Jury Box in the order in which said envelopes were sealed."

SECTION 6. That Section 1782 of the Revised Laws of Hawaii be and the same is hereby amended by striking out all of the second paragraph thereof, and all the portion of the first paragraph, after the word "require" on line 13 of said section, and insert in lieu thereof, the following:

"direct that from said Jury Box may be drawn names sufficient in number to fill said Grand Jury panel so that the same may then contain not less than 13 or more than 23 Grand Jurors, or, if the deficiency be in the Trial Jury, that from said Jury Box may be drawn names not more than 26 in number for the purpose of filling the panel and acting as Trial Jurors for the residue of the term; whereupon the court shall direct the sheriff to summon the persons whose names have been thus drawn to appear forthwith for the purpose or purposes aforesaid."

SECTION 7. That said Chapter 119 be and the same is hereby amended by adding thereto a new section to follow Section 1782, and which said new section shall be known as "Section 1782 A", and which said new section shall read as follows, to wit:

"Section 1782 A. If for any reason at any term of a circuit court, the whole list of persons to serve as jurors for that year made and filed by the Jury Commissioners, shall be exhausted, and more jurors shall be needed, the presiding judge, together with the clerk of the court, may select and file a new list of as many jurors as may be necessary, and a new venire may be drawn and summoned to appear forthwith."

SECTION 8. That Section 1786 of said Chapter 119, be and the same is hereby amended to read as follows, to wit:

"Section 1786. Before the Grand Jury is sworn, the prosecuting officer, or any person held to answer a charge for a criminal offense may challenge the panel, or an individual juror for cause to be assigned to the Court. All such challenges shall be tried and determined by the Court. The Clerk shall then enter upon the jury roll the names of jurors present, not excused and sworn to serve upon the panel."

SECTION 9. This Act shall take effect and be in force from and after its passage.

Approved this 26th day of April, A. D. 1905.

The Weekly Editor of the Evening Bulletin gives a complete summary of the news of the day

CASE AGAINST MCGREW

Editor Evening Bulletin:—The Advertiser of yesterday, without making any effort to ascertain the facts in the case, as they might be related by either Mrs. Roe or myself, published a wholly false account, of the circumstances leading up to the institution of the suit by my wife against Dr. McGrew, for an assault committed by him against her, with a deadly weapon, on the 12th instant.

The Advertiser states that "on the night of the 12th mentioned in Mrs. Roe's complaint Dr. McGrew heard voices on the water in front of his place and suspecting trespassers, went out with a pistol and fired some shots in the air." The "incredible cause of action" and "the strident phraseology" of Mrs. Roe's attorney are also referred to by the paper mentioned. The entire article smacks of biased and strenuous advocacy in the doctor's defense, and was written with the evident intention of letting "one of the most honored citizens of Honolulu" down easy, with the hope that that clamorous and powerful agency might operate upon the minds of the jury, and so prevent a fair and impartial trial of the case upon the law and the evidence; or, perhaps the article was written in pursuance of that general policy, to which some people habituate themselves, of making a defense of any one in the charmed and select circle of high society against any suit or complaint, however just, brought by one occupying a humble station in life. In either event, it's course is discreditable and deserves the censure of all fair minded men. I have no desire to try my wife's case in the newspapers, it being our intention to call the doctor to account before a jury, in a court whose judgment will command respect. Under these conditions the doctor will enjoy every opportunity to explain his "incredible" conduct, as it is charged in the complaint, now of record in the Circuit Court, and where "the strident phraseology" of Mrs. Roe's attorney may be appropriately objected to. I am inclined to think, however (and wishing to be fair I state it) that the doctor's conduct on the occasion in question would appear to be "incredible" to those who have no knowledge of the facts of the case; but when we stop to consider that hardly a day passes in which some grave wrong is not committed by a hitherto good citizen, enjoying the respect and confidence of his fellows, the folly of kicking a case out of court, in advance of a trial, merely because it seems to be "incredible," becomes apparent.

The shot fired by Dr. McGrew, of which Mrs. Roe complains, was not fired at night, but in the broad open day light, at two o'clock in the afternoon, when we sat in an open boat, unarmed and defenseless; apparently he aimed straight at us and blazed away without a word of warning, except to say simultaneously with his firing the pistol, "get out of here you damn you, I will kill you." At this time we were in Dr. McGrew's private waters, but upon the public, common waters of the Territory. We were within easy hailing distance—no less than 50 feet—of the doctor who stood on the end of his pier, and thinking that I might pacify him, I arose in the boat, held up my hands and exclaimed "Don't shoot doctor, don't shoot, I am Roe, we are friends," to which he replied: "I don't care a damn who you are, get out of here you damn you, or I will blow your heads off."

This is a concise and absolutely true statement of the facts in the case and I'll guarantee to prove them to the satisfaction of a jury of twelve honest, fair and impartial men, as they are here related, and upon that proof I shall hope to see the doctor substantially mulcted for the injury done to the health of my wife. No man has a right to claim immunity from responsibility for his wrongful acts because of his advanced years or because he is "one of the most honored citizens of Honolulu." Nor have his friends the right to make such a plea for him.

Ye Canvas Hamme

occupied pride of place at King Arthur's round table and furnished pleasant cheer, washed down with draughts of foaming ale, to gallant knights and their liege lord. "ALOHA" HAMS and BACON adorn many a local breakfast table and once used are always used. They are Eastern meat resmoked in our smoke-house. This because Eastern hams, while of prime quality, are somewhat dry after getting here. "ALOHA" HAMS are fresh, juicy and rich and are famous for their superb quality and unrivalled flavor.
