MEMORANDUM FOR THE ASSISTANT CHIEF OF STAFF, OPD:

Subject: Continued Authority of the Commanding General of the Western Defense Command under Executive Order No. 9056.

The attached proposed letter to be sent to the new Commanding General of the Western Defense Command to continue his authority under Executive Order No. 9056 is forwarded for your comments.

This letter is modeled on the one of 17 September 1943 to General Munns. It has not been dated and consideration should be given to the appropriate date, in view of the fact that General Munns has been relieved before General Bonesteel's appointment became effective.

It would be appreciated if this letter could be returned to this office for dispatch.
