## TOPICS OF THE DAY.

Outside of the so-called Monroe doctrine the most remarkable event in modern times is the present state of European solidarity. The evidence given of this in Lord Salisbury's speech which we reprinted yesterday is remarkable. Never before have the Powers been so unanimous or acted in such concert. Yet Salisbury sounds a note of warning when he says that the actions of the Turkish Government might upset this phenomenal agreement and bring untold war among its members. The most remarkable feature of the case is, however, the discredit the statements given, cast on the heretofore sensational reports in the San Francisco press. Here war is not predicted but lasting peace. And England with the Dreibund is not fighting France and Russia but is standing shoulder to shoulder with them. It is evident that this league of European states is intended to counteract any concerted action of American states outside of their own boundaries and to police the world generally, and that the United States will join in all reasonable efforts it makes.

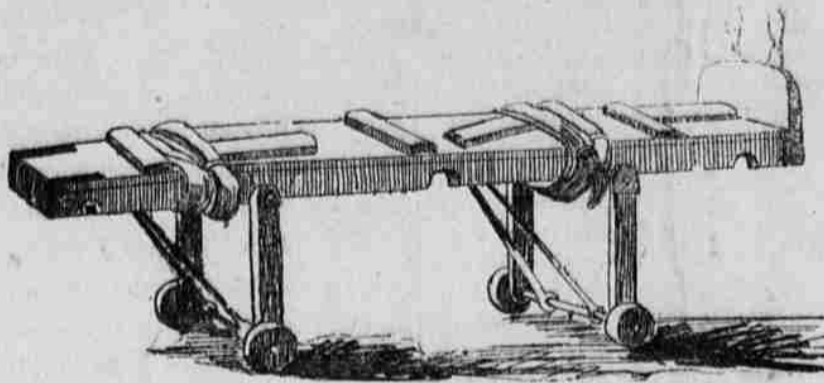

Pecksniff is outdone. Wilkins Micawber is not in it any more. In another column we reprint the fulfillment of our prophecy of Saturday, when Colonel McLean white-washed Marshal Brown and his police force with a mixture of molasses and honey, and now, to-day, Marshal Brown returns the compliment in a mixture of honey and molasses. Tweedledum and Tweedledee, what is the difference between them? This out-Gilberts Gilbert for here are not only one but two Pooh-bahs of a mutual self-admiration society. How lovely it is when Government officials have nothing else to do but sit down and write each other notes of praise and admiration (on official paper with official pens dipped in official ink). But when the filibusters come will there be the same concord in running the same way, or will they simply sit down and write more official notes ordering each other to the front as the grandest force on earth?

Our readers will be interested in our reprints to-day, especially those who follow the fortunes of American political parties. These we give are the latest authoritative utterances on the subject, and they show clearly that both Hatch's and Castle's mission to Washington were unnecessary and failures, as no action will be taken by the Republicans this session. And in 1897 it appears equally clear that Cleveland will succeed himself either as the candidate of the Republican or Democratic party, or as the leader of a fusion of the best elements of both in favor of sound money and against boss rule.

W. O. Smith went to New Zealand to study the land law there and bring back improvements to amend the Dole abortion chopped up and mangled here in the Senate. Now we are told in the Advertiser that he has said to a New Zealand paper that we already have the New Zealand land law here. Either horn of the dilemma seems to point to a lie on some one's part, and to indicate that the Cabinet always have an underhanded purpose to conceal under their most open announcements.

The California Feed Company have received a large invoice of goods by the S. G. Wilder. They quote the lowest prices, and the finest qualities in all the lines, and give full weight. Amongst the lot are to be found, hay, oats, rolled barley, bran, corn, cracked corn, oil-cake, etc. Everything is of the freshest, and if you want to get the best and cheapest the California Feed Co. will hear from you.

### DESCRIPTION AND TERMS:

"CREOLE" is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:15 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. ("Creole by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10, and is one of the gamest stallions seen this year, and besides being game, is one of the best formed and remarkably intelligent."—Breeder and Sportsman, Sept. 25, 1894.) He is 15½ hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired and his action superb. He is a sure foal getter.

## TAXATION

There has been a great deal of complaints over the manner in which the taxes have been assessed this year and we have failed to find anybody who could explain to us on what basis or principle the tax-assessor arrived at his valuations of property.

We have not noticed that property has "gone up" during the past year. On the contrary we hear from everybody conversant with the financial situation that real estate mostly has gone the other way and that the merchants keep a much smaller stock this year than they did last year, but their taxes have nevertheless been raised in a most arbitrary and incomprehensible way.

What is the value of property? It is certainly that the amount which the property will fetch in the market. The tax-assessor does not follow that theory however. Property bought a few months ago at \$700 and on which no improvement has been made, is assessed at \$1500. The Campbell block in which one or two stores have been standing without a tenant for several months during the year, has been raised \$38,000 probably because it has received a coat of paint. The leasehold of the Hawaiian Hotel, which expires in less than two years has been assessed \$10,000 higher this year than it was last year when it had three years to run. Can anybody explain such actions?

What has added to the dissatisfaction is that there seems to have been considerable discrimination used in assessing in regard to whom the tax payer was and what his political opinions were. A prominent supporter of the government had the value of his property raised by \$85,000. He raised "Old Harry" with the assessor, the government and everybody else and \$45,000 were deducted without recurrence to the Appeal Board. Now, if the Tax-assessor did think that the property in question was increased in value \$85,000 why did he not stand up for his opinion and submit the question to the Tax Appeal Board. If on the other hand he considered that the property only had increased in value \$40,000 why did he try to play a "bluff by raising it \$85,000?"

A compromise seems to have been arrived at in most cases but we

think such tactics are highly undignified for the government to pursue and resemble too much the attempt of a storekeeper or a dutch auctioneer who offers his goods at an upset price and then says "well, if you won't give that; how much am I offered?"

This state of affairs seems to be confined to Honolulu alone. From the other islands we hear no complaints and hardly of any appeals. And it is on the other islands that a rich field could be found for an increase in assessments. When we find plantations valued for taxation purposes at a figure less than the yearly dividends paid to the stockholders we think there must be something radically wrong and that the time has come to enforce equalization of taxation. What's the matter with sending the Honolulu assessor to the other islands next year and give the inhabitants a dose of his tactics? Honolulu is tired of him.

## TOPICS OF THE DAY.

Once again the Advertiser displays its ignorance of everything outside of Kennebec, Maine, by styling New Zealand "the land of the Kangaroo." New Zealand is known as the land of the Moa and the Maori, but unless an imported specimen now in zoological gardens at either Wellington, Auckland, Christchurch, or Dunedin, never a kangaroo or any other marsupial animal in prehistoric or historic times ever set its foot on that group. Kangaroos are found in Australia, Tasmania and New Guinea only.

Most Americans know the definition of "a republic." Knowing that, what would they term a government which, on Thanksgiving Day, parades the streets of the capital with troops, with sharpshotted cartridges in their belts, and with gatling guns, Hotchkiss guns and two field pieces? And after that fear-inspiring display on Thanksgiving Day, imports two Drigg-Schroeder twelve-pounder to add to the arsenal with which it surrounds its headquarters, presumably to swell the next parade which we suggest takes place on Christmas Eve, when peace to earth and all mankind was proclaimed. This Government which feels it necessary to make such displays, and to drain the treasury for purchasing instruments of war for the purpose of converting the "people" of the country into accepting the views of the small minority represented by it, calls itself "a republic." What do you call it?

That ancient and spavined war-plug S. E. B. has once more smelled battle and rushed into the fray. Everytime the name of U. H. Davies occurs in print he goes into conniption fits and blind stagers and proceeds to reel out drivel by the inch. And he calmly proceeds to show that President Cleveland's statement in his message to Congress in '93 "that the lawful Government of Hawaii was overthrown by a process, every step of which it may be safely asserted, is directly traceable to and dependent for its success upon the agency of the United States, acting through its diplomatic and naval representatives," was repudiated by asserting that the adoption by the Republican party in the Senate containing the following language:

"He (Stevens) gave to them (U. S. citizens) the protection they had the right to demand, \* \* and the committee find no cause of censure either against Minister Stevens or Capt. Wiltse, of the Boston." p. 19, totally repudiates the former statement. Now how on earth this direct admission by Morgan of the truth of Cleveland's statement can be considered a refutation or repudiation of it can only be discovered by wiseacres of the S. E. B. type who are always ready to declare anything is so when it suits their purpose and who lie out of it when it doesn't. Next time S. E. B. should follow journalistic ethics and

reply to Mr. Davies in the Standard where his letter originally appeared or in this paper which was the only one republishing it. Or does he simply like the centipede vomit his venom better in obscurity and secrecy, being afraid to boldly come out and strike at its opponent.

## Pratt-Torbert.

J. W. Pratt was married last evening to Miss Ellen Torbert at the residence of the mother of the bride at Pearl City. Rev. D. P. Birnie officiated. A special train took a number of the friends of the contracting parties to Pearl City where a very pleasant evening was spent. J. W. Jones was best man.

The bridegroom is well known in Honolulu. He was for several years superintendent of the Mutual Telephone Co., and is now bookkeeper in the Water Works bureau. In military circles he is also very popular and has recently been appointed aide-de-camp on the staff of the President with the rank of captain. The young couple will for the present reside at Pearl City.

## Democracy's Defeat May Set the People to Shouting for the Third Term.

The Richmond Times thinks it probable that Tuesday's elections will prove a powerful stimulus to the movement for a third term for Mr. Cleveland. The men who have swamped the Democratic party by dragging it down into the sloughs of Populism, seeing the day of reckoning that they have brought upon themselves, are going to turn to shouting for Cleveland to save them from the fate that they have brought on themselves.

## Timely Topics.

Honolulu, Dec. 3, 1895.

The war cloud abroad as well as at home seems to have disappeared and the world can look towards a peaceful and pleasant Christmas and the closing of the year. Stability and prosperity are showing again in Hawaii, and the proper time has come to establish new homes, and embellish and renovate the old. To facilitate this we have imported a complete stock of household goods, and invite the public to call in and inspect them. We have Lamps in all qualities and everybody can find just what he wants in that line. Our Parlor Lamps and Piano Lamps are beauties; and we keep the prices within reach of all. We offer also a fine assortment of Hanging Lamps and Chandeliers in beautiful designs. Lamps, however, are not the only necessary article in a household. Our Stoves have given absolute satisfaction to our numerous patrons. We have Cooking Ranges in several sizes and of the most approved construction, in which coal and wood can equally be used as fuel. We can also recommend the "Dietz" Tubular Stove for oil or gas. This excellent stove has been a very handy and convenient furniture. It can be used to do all kinds of cooking—boiling, baking, frying, roasting—and it excels all stoves in broiling. It can be used in a room with open doors and windows, or on a porch or lanai where there is free circulation of air. It is portable and can be readily removed from one room to another. It is absolutely free from any taste or smell of oil as long as kept clean, and it takes no more work to clean it than a common lamp. While the stoves will do the heating business, our Ice Chests will do the cooling business. We have large sized Ice Chests suitable for large household, and we have them of a size suitable for a small family. They are of the latest pattern, and besides being useful, are ornamental and make a handsome appearance in a dining-room. To keep water cool, we recommend a Water Cooler, which we have in different varieties. These Water Coolers are eminently suitable for schools, churches and other places where numerous people gather. The most useful Christmas present which we can recommend is a Sewing Machine for the "old" woman—not the "new" woman, you know—and Bicycles for the rest of the family. Our Sewing Machines can be best appreciated by a personal inspection. The fame and reputation of our Monarch and Tribune Bicycles are already fully established here.

 Attorney General W. O. Smith and Mr. George Wilcox will probably return from New Zealand on the 12th inst.

The friends of Judge Bickerton will be glad to learn that the judge has so far recovered as to be able to ride out.

 The meeting of the H. A. A. C. yesterday was very poorly attended. It is hoped that the boys are not getting weary of sport already.  
 The sentence on Cowan of three months' imprisonment for stealing less than \$20 worth of goods, seems rather stiff in view of other similar recent cases.  
 A rider was thrown from his horse at the band concert at Emma Square last night, and a stampede among the numerous carriages ensued. Nobody was hurt.

Hack Inspector Sam Macy caused the arrest of Kulia, a driver of one of Paine's busses yesterday, using profane language to him. Another instance of official bungledom.

**Arrival of a Circus**  
 Wirth's Pacific Circus arrived by the Miowera yesterday from Samoa, where it has been for two months. The circus is composed of twenty-three artists, besides assistants and horses, trained animals, etc. It will be located on the corner of Fort and Beretania streets, where a large tent is being erected. J. J. Cameron is the manager of the show.  
**Adlai Not a Candidate.**  
 PITTSBURGH, Nov. 12.—Vice-President Stevenson passed through Pittsburgh to-night on his way home to Bloomington, Ill. He thought the recent Republican victories would not affect Democratic chances next year. He said that President Cleveland could have a renomination if he wants it.  
 Mr. Stevenson said he would not be a candidate for the office.

**Something Wrong**  
 We receive constant complaints from our subscribers on Maui for not receiving THE INDEPENDENT. The paper is mailed every day from this office under our personal supervision and if not received the fault lays with the post offices. The postmasters in the country districts are generally running their offices in an easy manner, and while assorting mails their friends and others generally hang around the office helping to assort or picking up and reading the latest papers—addressed to somebody else. Such are then forgotten or mislaid, and the subscribers naturally feel vexed. A subscriber at Hana tells us that the postmaster there strews the newspaper mail on the counter in his store and leaves it to the addressees to pick out their own (somebody else's) paper. A few complaints to the Postmaster General may remedy the evil.

**Japanese Acrobats**  
 On Thursday evening the first appearance of renowned acrobats from Ozaka, the Takizawa family, will take place at the corner of Richards and Merchant streets. Japanese acrobats have from time immemorial been famous for their wonderful agility, daring and strength, and the company is composed of men who have followed the tradition. The entrance fee is only small—adults 50c., and children 25c.—and the theatre will undoubtedly be crowded. Mr. Thos. Evans is managing the show.

**The First Gun.**  
 W. S. Luca, the auctioneer, has realized that Christmas is coming in earnest. He leads the special Christmas sales of the season and will, on Saturday evening at 8 o'clock, at his salesrooms, offer a fine stock of Christmas goods, especially suitable for presents. An excellent chance is given the many people who, as usual, are beginning to worry over the oft repeated puzzle what the deuce to give her or him as the case may be.

## MOLASSES FOR SMOOTH ROADS.

Mixed With Gravel It Is Said to  
Make an Excellent Highway.

It is not generally known, but the  
Utah Sugar Co. has begun a novel  
use for the waste products from the  
works at Lehi, known as the by-  
product, or molasses. Roads are  
actually being constructed with the  
syrops which are valueless as sugar  
producers, the life having been ex-  
tracted. The molasses is used as a  
cement, the body of the road being  
made up of fine gravel.

This new method was first used  
on the road leading from the coun-  
try road on the sugar factory, and  
the travel over this thoroughfare  
since the opening of the sugar sea-  
son has demonstrated the value of  
the syrops and gravel as materials  
for the improving of roads. The  
piece of road that has been so im-  
proved is as hard as the best of  
macadam, and even the heaviest  
loaded wagons do not cut it up.  
The syrops are first poured over the  
roadway to be improved, and then a  
layer of gravel is sprinkled on. More  
syrops and gravel follow in their  
turns, until the road is in perfect  
condition. There seems to be suffi-  
cient potash salts in the molasses to  
give it the necessary cement quali-  
ties.

This making of roads and walks  
with refuse syrops from sugar fac-  
tories has also been successfully  
tried in California. It is not at all  
unlikely that at the end of the pre-  
sent season the company will make  
more improvements on the roads  
leading to the factory. At first the  
molasses showed a tendency to ooze  
up through the gravel, but the ap-  
plication of an extra coating of gravel  
remedied this, and made the road  
as smooth as a floor.—Salt Lake  
Herald.

## No Legislation, Says Cannon.

Washington, Nov. 12.—Representa-  
tive "Joe" Cannon of Illinois, who  
was Chairman of the Committee on  
Appropriations in the Fifty-first  
Congress and aspires to the same  
place now, arrived here to-day. He  
said to a reporter:

"With a Republican House, a  
Senate controlled by neither party,  
and a President whose economic  
policies are antagonistic to the Re-  
publicans, there is no hope of legis-  
lation. In my judgment this Con-  
gress will pass the appropriation  
bills, and do that business which is  
necessary for Congress, and will  
wait until they have the power to  
legislate before attempting to put  
their policy into force. The country  
is relieved from all danger of bad  
legislation, and, in the absence of  
power to accomplish that which  
they want, they prefer no legisla-  
tion at all. The people know what  
they want and are willing to wait  
for it. The tide will continue, in my  
judgment, in favor of the Repub-  
licans, until, in 1897, they will have  
both branches of Congress and the  
Presidency.

"I believe that on the afternoon  
of the fourth of March, 1897, after  
the inauguration of a Republican  
President, there will be called an  
extraordinary session of Congress,  
and within four months there will  
be enacted legislation which will  
provide a sufficient revenue for the  
Government and put in force those  
economic policies which all true Re-  
publicans believe in, and which have  
the approval of the majority of the  
voters of the United States."

## Marshal to the Colonel

The following self-explanatory  
letter from Marshal Brown to Col.  
McLean has been received at mili-  
tary headquarters:

HONOLULU, NOV. 29, 1895.  
COLONEL R. H. McLEAN,  
First Regiment, N. G. H.

Dear Sir:—I beg to acknowledge  
the receipt of your communication of  
this date in acknowledgment of the  
services rendered by the police upon  
occasion of the parade and review  
of yesterday, and in reply allow me  
to state that the police feel highly  
honored for the compliment you  
have so graciously bestowed upon  
them and consider it an honor to  
act as an escort to such a body of  
well-trained, disciplined men as com-  
pose the First Regiment of the Na-  
tional Guard of Hawaii.

Trusting that the cordial feeling  
existing between the First Regiment  
and the police of Honolulu may  
ever continue, I am,

Very truly yours,  
A. M. Brown,  
Marshal Republic of Hawaii.
