CANAL TREATY SIGNED

Washington, Dec. 1.—Secretary Hay this morning for the Government of the United States and Senor Corrae, the Nicaraguan Minister, for his own government, signed a treaty whereby the latter government concedes to the Government of the United States the necessary rights and privileges within her bestowal for the construction of the Nicaraguan canal.

NEWSPAPER MAN'S WEDDING.

Saturday evening was the appointed time for the wedding of Archibald C. Steele and Miss Helen Willis at the residence of Mr. and Mrs. J. A. Scott at Wainaku Lawns, Hilo. Mr. Steele's friends of the Honolulu press doubtless all thought their congratulations at the time as near as they could guess the moment when the declaration of man and wife was made, and would have made them visible were the wireless in operation. The Bulletin knows it makes no mistake in conveying to the young couple the assurance of the best wishes of everyone in Honolulu knowing them, for a long and unclouded union. Mr. Steele began his Hawaiian career modestly as a compositor on a city newspaper but was quickly advanced to the foremanship, from which he was within a few years called to the management of the Hilo Tribune, whose business in every department has prospered wonderfully in his hands.

Special attention is called to the display of toys and Xmas goods at L. B. Kerr & Co.'s. A full line is in stock and of the very finest.

**Relations With
Turkey Excellent**

Constantinople, Nov. 30.—The rumors that a rupture of diplomatic relations between the United States and Turkey is imminent, are unfounded. The relations between the Porte and the United States Legation are excellent. In fact, the United States charge d'affaires, Lloyd C. Griscom, has been received in audience six times this year. Only a fortnight ago he was invited to a musical entertainment at the Yildiz palace. This proves he is persona grata at the palace.

The visit of the battleship Kentucky to Smyrna does not influence the nature of these relations, though it does induce the Porte to more strictly conform itself with the United States claims for indemnity, which were already on the point of solution.

Dr. Thomas H. Norton is going to take possession of his post at Harpoon, Monday.

The United States Legation will continue to press its demand for an extradition but a prompt solution of this question is not likely.

The order to the Cramps of Philadelphia for a cruiser will be small, the price being less than 500,000 Turkish pounds.

President Kruger.

Paris, Dec. 1.—Mr. Kruger left the Hotel Scribe at 1:10 p. m. today in a closed carriage, surrounded by a squadron of mounted municipal guards. The crowd which gathered about the hotel was decidedly small compared with the size of those which greeted Mr. Kruger a week ago. The Boer leader was cheered as he drove away, swinging his hat from the landau window in reply.

Berlin, Dec. 1.—An official of the Foreign Office informed the correspondent of the Associated Press today that it was notified late yesterday that Mr. Kruger will arrive here Tuesday. The official admitted that Emperor William's traveling plans may prevent him from seeing Mr. Kruger.

Christians Regain Confidence.

Paris, Dec. 1.—At a meeting of the Cabinet this morning Minister Del Casse announced that the Christians had reentered the towns they formerly inhabited in the province of Canton, District of Shun Tak, and escorted by French military and Chinese troops. Official notices, he added, had been posted in the villages, requesting the population not to disturb the Christians and announcing penalties for further outrages. The Chinese authorities have been notified that they will be dismissed and their goods confiscated in case of renewed trouble. The Chinese who are known to have been guilty of murder will be executed in the presence of the French troops.

Tickets Selling Rapidly.

It is certainly most gratifying to note the readiness with which people are buying the tickets for the concert gotten up to buy Christmas presents for the poor unfortunate on Molokai. Very few people are refusing the persons who are out with the tickets. Mrs. Hoffmann is at the head of affairs and she is being kept very busy supplying tickets to those who are anxious to help the work along.

A ticket seller approached a very busy man this morning and, handing out a ticket, asked for a dollar. "Not on your life," replied the man. "Then he looked at the ticket and said: 'That's different altogether.' With that, he reached down into his pocket and pulled out a couple of dollars.

Great Fight Progressing.

London, Dec. 1.—The Evening Standard reports that a great fight is in progress between General Knox and General Dewet, near Reuzville, in the Southeastern extremity of the Orange River Colony, and that the capture of General Dewet seemed imminent.

London, Dec. 1.—The British had five men killed and 56 wounded in the fighting with the Viljoen and Erasmus commands near Rietfontein Nov. 29.

The Orpheum.

There will be new talent at the Orpheum this evening, that arrived in the Zealandia. A character woman for the stock company comes and little Claire Fox, who is expected to be a great card by the management will come in the same steamer. The orchestra will be completed by the addition of a concert player and a cellist and may now fairly boast the claim of being the best vaudeville orchestra in perhaps all America. Conlon and Ryder have a complete change for tonight.

The Czar Better.

Livadia, Dec. 1.—The following bulletin was issued today: The Emperor passed a very good day yesterday and slept very well last night. His Majesty's condition is very satisfactory.

A dainty piece of lacquerware or some odd-looking Japanese curio would make an excellent Christmas present. For sale by Iwakami, Hotel street.

**GRAND JURY PRESENTS
SEVERAL INDICTMENTS**

Man Poon Gets Seven Years for Burglary—George Hons Wins First Case Under New System—Other Court Notes.

Wailuku, Dec. 8.—The December term of the Circuit Court of the Second Circuit was convened at the Lahaina court house, Lahaina, Maui, at 10 o'clock on the morning of December 5. The proceedings were opened with prayer by the aged Rev. Kekela, Hon. John W. Kalua was the presiding judge and Deputy Attorney General J. W. Cathcart was there as the prosecuting officer. Among those present were the following: Sheriff L. M. Baldwin, Deputy Sheriffs A. N. Hayselden, R. C. Lindsay and Sam E. Kalama; Captains of Police Kauhaha and W. E. Saffery; Lieutenant of Police Wm. Keana and Attorneys George Hons, J. M. Kaneakua, John Richardson, Wm. White and P. N. Kahokuoluna; Chinese Interpreter La Cheong; Hawaiian Interpreter Charles Hopkins and Japanese Interpreter Chester A. Doyle.

Stenographer D. H. Case arrived from Honolulu Friday evening and then Judge Kalua delivered his charge to the Grand Jury. All the cases in which Judge Kalua was disqualified were continued until the next term as it had been found impossible to get a judge from Honolulu to act in his place.

Judge Kalua appointed F. W. Hardy foreman of the Grand Jury and the jury itself elected W. A. Kay as its clerk. This body went into session on Wednesday afternoon. When they returned into the court room Thursday afternoon the Grand Jury found true bills of indictment in the following cases:

Territory of Hawaii vs. Man Pooa, alias Wai Tai, alias Nai Wei, charged with burglary in the first degree. Territory of Hawaii vs. Ah Fu, Ah San and Ah Fook, charged with assault and battery with a weapon obviously and imminently dangerous to life. Territory of Hawaii vs. Kaula, charged with assault and battery with a weapon obviously and imminently dangerous to life, on one Maikaele. Territory of Hawaii vs. Kaula, charged with assault and battery with a weapon obviously and imminently dangerous to life on one Keana. Territory of Hawaii vs. Doyo, charged with larceny in the second degree.

The jury further reported that they found no bills of indictment in the following cases:

Territory of Hawaii vs. Ah Luau, charged with selling opium.

Territory of Hawaii vs. John Eberly, charged with malicious injury.

The Judge thanked the grand jurors for the prompt manner in which they had transacted the business brought before them and then excused them for the term.

C. D. Loveland of Hamakua was one of the grand jurors subpoenaed for this term but he failed to appear on opening of term and even a notification of any kind was given the Judge. At noon on Thursday, December 6, Judge Kalua ordered the clerk of the court to issue a bench warrant for Loveland and at 1 p. m. that day, an officer was dispatched to Hamakua to get him. On the 6th C. D. Loveland obtained a certificate from Dr. McConkey stating that Loveland was ill and under his treatment. Sheriff Baldwin left for Wailuku today. The officer has not returned yet with Mr. Loveland. On Thursday morning that gentleman was at Paia depot to see a friend off.

Bail was forfeited in the following cases: Rep. Hawaii vs. Dan Mahuka, assault and battery; Ter. Hawaii vs. Ping Teong, opium in possession; Ter. Hawaii vs. Hirata and wife, keeping a disorderly house.

Territory Hawaii vs. Ten Chee, opium in possession. The case of the Territory of Hawaii vs. Salyou (w), liquor selling, was nolle pro'd, while in that of the Territory of Hawaii vs. Kekulele, liquor selling, defendant pleaded guilty. Sentence was suspended until the next June term. The case of Territory of Hawaii vs. Frank Garcia, liquor selling, was the first tried before the trial jury on Friday. Deputy Attorney General Cathcart for prosecution and Geo. Hons for defense. At 5:45 p. m. the jury, after being in the room for two hours and twelve minutes, returned a unanimous verdict for the defendant. At-

ney Hons now bears the honor of winning the first case in the circuit under the new jury system.

In the case of Ter. Hawaii vs. Man Poon the defendant pleaded guilty to indictment presented by grand jury charging him with feloniously and burglariously stealing and taking away goods and chattels from the Kahului store on the night of September 5, 1900, to the value of \$400. Defendant was sentenced to seven years imprisonment at hard labor.

The case of Ter. Hawaii vs. Kaula, assault and battery with deadly weapon on his wife Moeikeahi and his mother-in-law, Keana, defendant pleaded guilty to two different indictments by the grand jury. Sentence was reserved until Tuesday.

Fourteen civil causes have been continued until next June term, and disclaimers filed by defendants in two civil causes. There remained for trial two criminal cases, about seven civil causes, one divorce and five causes to be heard in vacation. This term will likely terminate either next Thursday or Friday. Several Honolulu attorneys are expected next week to hear some ejectment cases.

THE TRANSPORT MEADE

**SHE WAS FORMERLY
AN ATLANTIC GREYHOUND**

**Carries Christmas Gifts as well as
Recruits to Army in Philippines—
Well Equipped
Vessel.**

The transport Meade docked at the Navy wharf last Saturday at 3:30, having left San Francisco at noon on December 1st. She will take on a thousand tons of coal and expects to get away by Wednesday, and arrive in Manila in time to distribute some 2200 Christmas presents. She is loaded with supplies and has 232 soldiers recruited to fill up the regular regiments in Manila.

The Meade is a remarkable boat in many respects, besides which she has a history. She was built in 1874 and in 1875 she was the champion Atlantic liner. She was first constructed for the Inman line and was named the City of Berlin. When the Inman line was merged into the American line she was called the Berlin. The Meade was purchased by the United States Government in July, 1898, and was rebuilt in 1899. She is a sister ship to the Chester, now called the Sedgwick, and when in the Atlantic service she held the gold medal for her splendid record in crossing the Atlantic. She is good for 16 1/2 knots but to do this would require an enormous consumption of coal.

The Meade is constructed on lines that offer the smallest amount of resistance when driving through the water. When she was rebuilt last year the most modern appliances and improvements were introduced and beyond question she is one of the finest appointed transports in the service. On her trial trip out from New York just after she was rebuilt by the government she made her 18 knots an hour. Walking through from one department of the vessel to another one becomes impressed with the completeness of the arrangements. The electrical installation is most complete and somewhat unique.

The Meade is in command of Captain Geo. Wilson, who has sailed her ever since she became the property of the Government. W. H. Harstedt is first officer and W. H. Kelly chief engineer. The army officer in command is R. M. Schofield, captain and assistant quartermaster. U. S. A. Ralph L. Taylor is ship's surgeon.

The ice machines on the transport have a capacity of two tons daily, and the soldiers are supplied with ice water at all times. The dining room is capable of seating 120 persons and is a model of neatness and convenience.

Saturday's Football.

In a game of football between the Catton, Neill & Co. and the Honolulu Iron Works Saturday afternoon, the score stood 1 to 1. This was the result at the end of the first half and the players were bent on scoring in the second but they couldn't do it. There was too much stubborn playing on both sides.

In the game between Iolani and England, the former won by a score of 2 to 0. When it came to the second half, it was found that the ball had collapsed so there was no more playing for that day.

A portion of the wrecked dredger which collapsed at Navy wharf No. 2 has been removed to the Honolulu Iron Works for repairs. Yesterday all hands were at work picking up portions of the machinery from the water. All possible speed will be made to place the dredger in shape for continuing the work of dredging out the slip.

**Matters Handled in Governor's Council
This Forenoon—Treasurer Lan-
sing Makes Estimate
of Receipts.**

Several very important matters were brought up during the session of the Governor's Council this forenoon. The first matter was brought up by Attorney General Dole who spoke about the articles of incorporation asked for by the Hawaiian and Honolulu News Co. He reported that these people had not complied with the law in regard to the filing of oaths of the president, vice president and secretary. On this showing, the meeting decided not to grant the papers asked for.

Applications from the following to retail liquor licenses for the sale of light wines and liquors were read and denied: Ah Lee, Kapa, Kana; J. Dudoit, Kalihiwai, Kana; N. Hamana, Kalihiwai, Kana; E. Palmer, Kapa, Kana.

Governor Dole read a letter from Secretary John Hay stating that the papers in the Cranstown claim had been received. In this letter was enclosed a copy of the letter to the British Ambassador at Washington, stating that Cranstown was in the conspiracy to overthrow the existing government of the Hawaiian Islands, and that this would justify his expulsion from Hawaii as an act of high police.

This opinion upholds the action of the Provisional Government. A Bulletin reporter asked for a copy of the letter but this was refused.

Mr. Lansing read figures of the estimate of receipts for the coming year. These will be in the neighborhood of \$2,300,000 of which \$1,500,000 will come from taxes. These receipts will come from licenses, stamps, water works here, at Hilo, Laupahoehoe and Wailuku, rents of public lands (including laundries), market incomes, fines, costs and forfeitures, harbor masters' receipts from towage, etc. Mr. Lansing is unable to make an estimate of expenditures because he cannot tell what the Legislature will do. However, the bare running expenses and pay rolls he has estimated at \$1,800,000. This is outside of improvements, the pay of district magistrates and the like.

Mr. McCandless spoke of the appointment of Mr. Richards of Hilo as the government agent at that place, under the Superintendent of Public Works. The meeting made no objection to this but, as there was no appropriation for the office, Mr. Richards would have to wait until the Legislature meets for his salary.

Mr. McCandless presented a petition from C. S. Desky and others for the improvement of the Pauoa and Booth roads. The meeting decided to improve the Pauoa road if the people living along the route would appropriate the requisite land. In the matter of the Booth road, the government could not act as this was a private thoroughfare.

Mr. McCandless read a communication from John Emmeluth to Superintendent of Water Works Andrew Brown asking for an estimate of receipts from the reservoirs and the value of the land. No action was taken.

**Storm Dam Bids
Opened This Noon**

Bids for the construction of a storm sewer at the corner of Fort and Queen streets were opened in the office of the Superintendent of Public Works at noon today. They were as follows: W. H. Russell & Co.—27-in. pipe, \$6.25; 21-in., \$5.00; 18-in., \$4.50; 12-in., \$1.58; 10-in., \$1.50; man holes \$7.75; catch basins, \$8.75; and back excavations, \$1.25 per foot.

Bituminous Rock Paving Co., Ltd.—27-in. pipe, \$2.50; 21-in., \$1.95; 18-in., \$1.75; 12-in., \$1.20; 10-in., \$1.10; man holes, \$6; catch basins, \$10 and back excavations, \$2.50 per foot.

J. R. Higby—27-in. pipe, \$3.70; 21-in., \$2.44; 18-in., \$2.00; 12-in., \$1.41; 10-in., \$1.15; man holes, \$6.75; catch

basins, \$115.50 and back excavations, \$3.00 per foot.

J. Duggan put in a bid of \$5040 for the whole job.

These estimates have not been figured out yet so that the one to whom the contract will be awarded, cannot be decided on yet.

"Take a Club."

In the Police Court this forenoon, Hanah Kealoa appeared on the charge of assault and battery on D. Hanamakai by biting him. The defendant stated that the man had made improper proposals to her and that she had done her best to get away from him. He retaliated by pouring water on her and declaring he would arrest her. He was a special policeman under Captain Parker. Judge Wilcox called the complainant before him and gave him a lecture that he will not soon forget. He then turned to the defendant and told her to go. As she was walking out, Judge Wilcox said: "The next time don't bite; take a club to him."

Fire in Treasury Department

Washington, Nov. 30.—At 11:30 today fire was discovered in room 60 on the third floor of the Treasury Department, which is occupied by the auditors for the Interior Department. It destroyed some temporary supplies used in the office. The loss is small. The cause of the fire is not definitely known but it is supposed to have been either from spontaneous combustion or a defective flue.

On Friday, the band will play a farewell concert for the Zealandia passengers on the Oceanic wharf. There will be a concert on the grounds of the Hawaiian hotel Thursday night as usual.

Benches Have Not Arrived.

Although the order for iron benches for that part of the Capitol grounds surrounding the band stand was sent in to a local agency some four or five months ago, not a single one has yet put in an appearance. They are very necessary as the crowds at the Sunday concerts are increasing every week.

Sugar Advance.

New York, Dec. 1.—The American Refining Company advanced the list price of its fine granulated sugar today to 5.35 cents per pound.

Daniel J. Kaalwai appeared in the Police Court this forenoon on the charge of carrying a revolver. He made the statement that he was drunk at the time. The police tell the story that the fellow was endeavoring to "stand off" a gang he thought was in the act of attacking him. A fine of \$10 and costs was imposed.

A complete new stock of shoes has been received at L. B. Kerr & Co.'s shoe store, corner Fort and Hotel streets and will be sold at the nearest shaving of profits.

Old Hawaiian Dead.
 J. N. Keelolono, aged 56, died at Makao, Koolauloa, on the other side of this island on Saturday. The cause of death was pulmonary hemorrhage. "Old Joe" as he was familiarly called, was an old retainer in the Lane family. When Dr. Carter of Makao married Miss Lane and went east, they took the native with them and on their return to Hawaii he brought him back. He was a very well known Hawaiian and was well up in the affairs of his country. The funeral will take place at the Carter home in Makao today.

A wholesale desertion of men from the ship Bousset occurred last night. There were six in all who failed to report at the proper time. Warrants for their apprehension have been issued by High Sheriff Brown, and it is only a matter of a few hours when they will be in durance vile.

Elston and Ross Win Out Nicely. There was a very good attendance at the championship tennis match on the courts of the Pacific Tennis Club Saturday afternoon. The match was won by Elston and Ross. The first set in the match was perhaps the hardest fought of the afternoon. Brock and Adams succeeded in winning 9-7. The second set went to Ross and Elston by the equally close score of 7-5. These players kept up their swift play and won the deciding match by a score of 6-3. Cooke and Atherton, the champions of the last tournament, now came forward to defend their title. They were perfectly fresh, while Elston and Ross were tired out by their stubborn contest with Brock and Adams, to win which, it was necessary to play three sets. However, the two players gritted their teeth and went into the fray with a determination to win. Cooke and Atherton seemed confident, but at the end of the first two sets, they found they had something like a stone wall to back up against. For Elston and Ross had won both, the scores being 4-1, 6-3. It was at the beginning of the third set that Cooke and Atherton played a net game with such good results that they found themselves winners in the second two sets, the score being 6-0, 6-3. The spectators held their breath while the champions took their positions for the deciding set. Elston and Ross looked as if they had played all they possibly could but they had reserved a store of energy for the final struggle and now this was summoned. They went at their opponents hammer and tongs, rushing up to the net and retreating at just the proper periods. Then came glory. They had beaten the champions of the last tournament to the tune of 6-3, thus wresting from them the championship.

ENGLAND FEARS AMERICA. New York, Nov. 24.—A cable to the Sun from London says: "The alarm, not to say panic, which prevails in several important branches of British industry on account of the enormous growth of American competition now occupies the foremost place in public attention. It is discussed on all platforms by leaders of opinion and is the chief topic in the serious press. There is not the slightest doubt that a thorough awakening of manufacturers in nearly all lines has already taken place, but the contrary is the case among the rank and file of workers, who really control the situation. The sharp rise of the cost of living is impelling the latter to increase their demands, to the still further embarrassment of employers. The situation would be radically changed if labor's request for high wages was accompanied by an offer of greater effort and increased output during working hours. This, however, has in no case been suggested. On the other hand, it will be strenuously resisted, and the policy of minimum work for standard pay will be persisted in, according to the present outlook, until disaster to British trade has been irretrievably accomplished. Lord Rosebery delivered a strong warning last week, and yesterday Herbert Asquith member of Parliament, told the heads of the Chamber of Commerce what to expect. He admitted the present prosperity of Great Britain was enormous and unprecedented, but he pointed out that England was not holding her own. Germany and the United States had stepped from the rear to the front ranks. Instead of England enjoying supremacy in trade, as was confidently predicted half a century ago, she was now fighting for every inch of ground with all her available strength in every international market. "There are some obvious reasons for this," said Asquith, "not due to shortcomings on our part. We have long ceased to enjoy relative superiority in the natural advantages with which we started upon the race. Look across the Atlantic and what do you see? A nation which in point of numbers is almost if not quite double our own nation, sprung to a large extent from the same stock, nurtured among the same free traditions, endowed in at least as full measure as we with facility in invention and the spirit of enterprise, occupying a country unrivaled in extent and diversity of natural resources, and enjoying throughout the whole of that vast territory the incalculable boon of internal free trade. Can we wonder that such a nation, under such circumstances and conditions, is the most formidable of our industrial competitors?" Hugh Pearson always spoke of Dean Stanley as the most absent-minded man in the world. He was once driving with him into Palermo; he complained of feeling cold, and as Stanley had his traveling bag with him, he advised him to put something extra on. He did so, and both resumed their papers. A loud laugh from some boys suddenly caused Pearson to the realization that Stanley was driving through the streets in his nightshirt, which he had put on over his coat, in pure absence of mind.—London News.

DEATH OF MRS. GEHR. Mrs. Gehr, wife of H. B. Gehr, died at the residence of Captain and Mrs. Hoole, Church street, at midnight on Monday after a short illness. About three weeks ago a boy was born to Mrs. Gehr and shortly afterward the mother was attacked with a fever which her system was unable to combat. Two weeks ago she has improved sufficiently to admit of Mr. Gehr leaving for Honolulu, but a few days later her condition grew worse and the Kalaniani was chartered to go to the capital and return with him. After he returned Mrs. Gehr seemed to be recovering, but on Saturday last she began sinking and on Monday night she died. Deceased was born at Northport, Wis., twenty-seven years ago and was the daughter of E. N. Miller of that place. She received her education in Chicago and in November of last year was married to Herbert B. Gehr, president of the Kohala-Hilo railway. Shortly after the wedding Mr. and Mrs. Gehr came to Hilo. She was a lady of rare social attainments, beloved by every one who had the honor of her acquaintance and by them her death will be keenly regretted. Funeral services were held at the First Foreign church at 4 p. m. Tuesday and burial took place in Church cemetery, Rev. J. A. Cruzan officiating. The church was well filled with friends of the family and floral offerings were numerous. The pall bearers were Judge Little, R. T. Guard, F. M. Wakefield, W. T. Balding, M. G. Goss and Paul Soule. The arrangements were under the direction of George W. Lockington. Mr. Gehr has decided to take the baby to his mother who resides in Chicago. Mrs. G. W. Paty, who attended Mrs. Gehr during her illness, will accompany him. They will probably return to Hilo January 19.—Herald.

ISLAND OF GUAM SWEEP BY TYPHOON

U. S. Auxiliary Cruiser Yosemite Totally Wrecked.

GOVERNOR'S HEADQUARTERS AND TOWNS DESTROYED

Marvelous Escape of Yosemite's Crew--Believed Hundreds of Natives Killed and Crops Wiped Out.

New York, Nov. 28. -- A cable to the Sun from Manila says: The transport Sherman, which has just arrived here, brings news of a terrible typhoon which swept over the island of Guam on November 13th, demolishing thousands of dwellings, including Governor Schroeder's headquarters, and destroying the United States auxiliary cruiser Yosemite.

The storm burst with terrific rapidity at about 10 o'clock in the morning. The Yosemite, which was occupying a berth near the collier Justin, dragged her anchors and was driven around a hundred yards from the reef. The bows were crushed in. A launch with a crew of five men had previously left the ship to endeavor to find a safe anchorage, indications being that the anchors would not hold where the cruiser was.

The storm veered round after the Yosemite grounded and she was driven off and carried to the Somaye cliffs, where her rudder and propeller were broken. Boatswain Sweeney and twelve of the crew volunteered to take a life line ashore. A boat was lowered for this purpose but it was immediately swamped by a big sea that swept over it.

Meanwhile the atmosphere had become of inky blackness, and the Yosemite, which had again been blown off land, was drifting helplessly. The gale was now blowing at the rate of a hundred miles an hour. All hope of saving the cruiser was abandoned and the officers and crew prepared for death.

The sea anchor had been put out and held the Yosemite up in the teeth of the storm and prevented her from falling into the trough of the sea. She rode to this anchor and drifted rapidly until 6 o'clock in the evening, when the weather cleared. The cruiser was then sixty miles north and forty miles west of Guam. She had labored so heavily that she had sprung a leak and all hands, including the commander, Lieutenant Bierer, and the chief engineer, worked heroically in trying to clear her of the water that was pouring into the rapidly filling forward compartments.

After the violence of the storm had subsided efforts were made to start the engines. They were finally got to work and the Yosemite, with a damage propeller, struggled landward at the rate of two knots an hour. The water kept gaining in the hold and the ship was gradually sinking. At 1:30 p. m. on November 15th the Justin, which had started in search of the Yosemite, picked her up and attempted to tow her back to Guam. Two hawsers were broken and it was then decided that it was impossible to take her into port.

The cruiser was then scuttled, after she was abandoned, all hands going aboard the Justin. The Yosemite sank bow first at 6 o'clock and the Justin stood away for Guam. Paymaster Ballard saved \$68,000 (Mexican) from the sinking ship. Joseph Travis, a passenger on the Sherman, was the first to bring news of the disaster.

Manila, Nov. 29. -- The typhoon at Guam on November 13th was of unprecedented violence. Many persons are reported to have been killed or injured. At Agaña three were killed and ten died of exposure. The town of Morajan was destroyed, thirty of the townspeople being killed and many others injured. It is believed that there was considerable loss of life elsewhere in Guam, and all the crops were destroyed. Many dwellings in Agaña were demolished.

24th with supplies for the families of Governor Schroeder and the other officers. WASHINGTON, Nov. 28. -- The navy department today received the following cablegram from Admiral Rowley, confirming the report of the disaster to the auxiliary cruiser Yosemite at Guam: "CAVITE, Nov. 29. -- Bureau of navigation. Washington: Captain of transport Sherman reports total loss of Yosemite on November 13th. Chained in typhoon, drifted to sea and sank seventy miles out. The collier Justin went to the rescue. A steam launch and crew of five lost. Shall send Keppel to Guam tomorrow to ascertain the extent of the disaster and transport the Yosemite's crew to Cavite."

News of Shipping Along Water Front

The barkentine Amalia from Tacoma is discharging at Elele. There is 10,256 bags of sugar left on Kaula.

The ship Iroquois landed the large electrical generators for the Rapid Transit Company. They weighed four-ton tons.

The Nilian from Kaula ports reports 8550 bags of sugar on hand. In discharging the machinery for the McHyde plantation at Elele the hawsers parted in trying to pull the screw off. Had fine weather crossing the channel.

The American schooner Rosamond arrived Sunday from San Francisco 21 days out. She brings a general cargo, besides a lot of iron work. A lot of one hundred and fifty bags arrived in excellent condition and were unloaded yesterday.

Last Thursday the schooner Kawailani operated by Sing Cheong & Co. went ashore near Mokoli'i Rock and in all probability will become a total wreck. The vessel was under the command of Captain Moses and a Japanese crew. She was built at San Francisco in 1883.

The employes and other attaches in and around the wharf of the Inter-Island Steamship Company have been trying to solve the mystery in the shape of a man who has been holding down the wharf for the past four days and nights. Whatever his business is he is certainly a stayer. Some have advanced the idea that he is keeping tabs on vessels in the harbor, while others are of the opinion that he is a special agent of the Treasury department.

The recently constructed American steel bark Kaulani loaded with a general cargo for this port and which cleared from San Francisco on the 1st inst., had to return to her wharf owing to her deck load being top heavy. When he realized that any attempt to proceed further on his journey would be suicidal. When the upper topalls were set Captain Dabel began to look serious, but when the royals were spread he lost no time in heading for 'Frisco water front. By this time no doubt the good ship is on her way here.

Fake Inventor Agencies.

An interesting example of the extent to which trustful inventors may be victimized by foreign patent agencies is furnished by some recent proceedings in the English bankruptcy court in the case of one Percy R. J. Willis. The bankrupt testified that he was associated with another person in carrying on what they called the International Patentees' Agency. He and his partner also used the name of Donald Cameron in carrying on the business.

The names of inventors in the United States having been ascertained, he sent out to them a number of circulars containing invitations to remit money for the purpose of having provisional patent rights granted to them in England. In response to these invitations he received a large number of remittances with instructions to protect the inventions specified. In 533 instances the remittances were not used. It appeared that the bankrupt's firm had absorbed in its business more than \$10,000 received from inventors in the United States and not applied to the purposes for which the money was sent. Mr. Willis could not file any statement showing what had been done with these receipts. The surprising feature of the business is the ease with which the promoters obtained money from their foreign customers. The bankrupt freely admitted that in the case of one of his corporate agencies he appeared in the double capacity of Richard Rainsford, the manager of the company, and Percy Willis, its consulting engineer.

SIMPLICITY OF SCIENCE.

Science is always simple. It's only quackery that juggles with jargon. Medical treatment of the past dealt with "simples," the pure vegetable remedies provided by nature. Sagwa is compounded of simples. It is pure vegetable. It is scientific, because it is based on the known curative properties of the herbs, roots, barks and gums which it contains. It is the most efficient blood purifier and blood builder known. Ninety per cent of diseases are curable by the prompt and proper use of Sagwa. It expels from the blood all corrupting and corroding elements and builds up a new body with new blood. There is no substitute for Kiekapoo Indian Sagwa.
