HE COMMANDS THE FLEET

GENERAL MACARTHUR OF THE THIRD EXPEDITION.

Has Assisted in the Mobilization of Three Armies—Now Going to the Field to Fight.

Brigadier General Arthur MacArthur, in command of the fleet and forces of the third expedition to Manila, with his staff, arrived on the flagship Indiana early this morning.

Arthur MacArthur, the last of the Brigadier Generals of volunteers ordered to report to General Merritt at San Francisco for the Manila expedition comes direct from Tampa and Chicamauga, where he assisted in the mobilization of two armies. He has until recently filled a position in the Adjutant General's Department, with the rank of Lieutenant Colonel, and it was in that capacity that he served at Chicamauga and Tampa.

"It was a pleasure to view the troops at Chicamauga and Tampa," he said. "When I left Chicamauga a few days ago, 50,000 volunteer troops were encamped there, and I think it is safe to say that a finer body of men is not to be found anywhere on the face of the earth. They are rapidly being drilled into shape and will make splendid soldiers. At Tampa, there are probably 15,000 troops at the present time, which does not include the 25,000 now afloat with General Shafter."

General MacArthur has a distinguished record. He served through the War of the Rebellion, rising from First Lieutenant and Adjutant of Wisconsin Volunteers to the brevet rank of colonel of volunteers. He was made first lieutenant of the Seventeenth Infantry shortly after the close of the war, subsequently serving with the same rank in the Twenty-sixth Infantry, and as captain in the Thirty-Sixth and Thirtieth Infantry. He was appointed Major and assigned to the Adjutant General's department in 1889, and has continued in that branch of the service until the outbreak of the present war.

FOUND FOR MANILA.
John Fay, one of the most widely known newspaper correspondents in the east, is on his way to Manila. He is with General MacArthur on the Indiana. He represents the New York World and the Chicago Tribune.

SOUVENIRS OF OUR GUESTS

THINGS WE SHALL LIKE TO REMEMBER.

Incidents, Personal Characteristics, Happenings, in Connection With the Troopers We are Glad to See.

The four companies of Wyoming troops are recruited almost exclusively from the mountain districts of the state. They are a hardy looking set, and have led lives that fit them well for the service which they will soon find before them.

Frank H. Seawell, son of Sheriff Seawell of Bernardsburg, Cal., and a nephew of Senator Seawell, is a member of the hospital corps on the Para.

Dr. Max Stone of San Francisco is a surgeon on board the Nero.

There are 704 men in the two battalions from Idaho, representing the immediately available military strength of the state. They are robust young fellows and have seen some service.

Company A of the Engineer Corps is on the Indiana. With the men already gone this will give the Manila army one of the largest and most efficient engineering contingents in the world.

A large number of the Minnesota men are wealthy, and all of them have money.

The father of Colonel Reeves of the Minnesota regiment commanded the old Thirtieth in the Civil war. The last named was mustered into the service April 29, 1861—thirty-seven years to the day earlier than the present Thirtieth took the oath.

Golden Gate Lodge, No. 208, Order Brith Abraham, has decided that all members in the ranks and those who may hereafter join the army of the United States for the war will have their dues paid as long as the war shall last. The volunteers will also be paid \$25 as a reward for their patriotism, and an endowment of \$500.

At a meeting of Court Magnolia, Foresters of America, held May 27th, it was unanimously resolved that the dues of all members of the court called upon to enlist during the present war should be kept paid up by the court.

The Indiana is a historic craft. She carried General Grant from Philadelphia to Liverpool when he started on his tour of the world eighteen years ago. She also took the first cargo of flour to Russia during the famine in that country.

Members of the Minnesota regiment have strict orders not to enter saloons, and they carry it out to the letter.

The Salvation Army will have a rally this evening to welcome Editor Milsaps of the War Cry, who arrived by the transports on his way to Manila.

Company C of Idaho has eleven men over six feet in height.

First Lieutenant F. W. Hunt of Company G, Idaho, is a state senator. Corporal P. J. Low and Private Rooker of the same company are practicing physicians.

Every company of the Idaho battalions has a flag presented by the citizens of its home town. In the battalions for mascots are two beautiful golden eagles, one with a wing spread of seventeen feet, a baby coyote, a cat and four dogs.

Captain F. A. Fenn of Company H, Idaho, is a graduate of the Annapolis Naval Academy, and has been in the Idaho legislature.

W. J. Cranwell and Joe J. Daly met a large number of their Cheyenne friends and acquaintances among the Wyoming boys. Some of them are Captain C. D. Wrighter, Regimental Surgeon John Morris, Corporal Charles Cahill, Privates Leslie Brookhart, Frank Cahill, Joe Onhaus, Ray Wiedmer, George Evans, Ralph Ewing, Charles Wisbeck, George Clause, "Stub" Bruner, "Pink" McGuire, Thomas Ryder and Max Idelman.

Officers of General MacArthur's staff took a carriage this morning and drove to Nuuanu Pali, Punchbowl and Waikiki.

Company F, Idaho, contains nineteen ex-regulars in its complement of men. All of its officers have seen regular service. First Sergeant Drumm was publisher of the Coeur d'Alene Miner. Steward Huston is the son of the Chief Justice of Idaho.

A brother of Private White of Company E, Idaho, was killed in the Maine disaster.

First Lieutenant Burrows of Company E, Idaho, was editor of the Fremont County News. Captain Hamer was a member of the last Idaho legislature and was the leader of the Dubois senatorial fight.

AS THE BIG SHIPS SWING.

Off to the land of the feathery palm,
Off to the Isles of the West;
Off to the seas of deceitful calm,
Where the typhoon rears his crest,
They go, the gallant Boys in Blue,
They leave the farm, the store,
They leave their homes, their love so true,

They risk their all—what more—
Can country ask?
As they take the task;
And they sing,
As the big ships swing—

"Yes, we sail away today—
For far Manila Bay—
And we'll show the Dons our solid pluck, my boys—

Yes, we'll raise a loud huzza
When we get into the fray—
And to meet the Don we think we are in luck, my boys.

Left are the cliffs and the wide spreading plain,
Left are the deep northern snows,
Left are the mines that brought us rich gain;

Off to meet rough Spanish blows,
"We've left, we boys in brown and blue,
We've left the farm, the store,
We've left our homes and girls so true,

We've left our all—no more—
Is that all
For honor's call?
Yes, but,
Why, we'll die for dear Old Glory.

When the field or deck is gory,
And we'll sing,
As the big ships swing—"

"Yes, we sail away today,
For far Manila Bay,
And we'll show the Dons our solid pluck, my boys.

Yes, we'll raise a loud huzza,
When we get into the fray,
And to meet the Don we think we are in luck, my boys!

The Citizens Commissary Committee want more pies. They want them to-morrow. Honolulu pies are making a great hit with the Boys in—whatever color of uniform they wear.

FROM THE COLONIES.

The Warrimoo Makes a Smart Trip from Wellington.

The S. S. Warrimoo reached port early this morning after a smart voyage from Sydney via Wellington and Suva, making the trip from Wellington in a little over twelve days. Purser Bellmaine gives the following interesting resume of the trip: Sailed from Circular Quay, Sydney, at 1:30 p. m., June 18th, and cleared the heads an hour later. Met with southerly to easterly winds, with a heavy south-east swell to Wellington, which was reached at 2 p. m., June 22nd. Departed thence at 4 p. m., June 23rd, and arrived at Suva at 7 a. m., June 28th, having experienced strong easterly winds up the west coast of New Zealand, which veered round by south to southwest, and increased to a gale. As the southern tropic was reached, the weather improved, and fine weather was carried to Suva. Left Suva at 12:30 p. m., June 28th. Passed Alifa Suva, at 2 p. m. the following day; crossed the equator on the afternoon of July 1st.

The Warrimoo brings several passengers to Honolulu and fifty-one through passengers. Among these are Lady Tangye, who is returning from the Colonies, and Hon. E. W. Parker, manager of the Shaw-Saville line of steamers, carrying the European mails from New Zealand.

She brings fifty tons of freight for Honolulu.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by Benson, Smith & Co., wholesale agents for Hawaiian Islands. All druggists and dealers.

The store that never disappoints.
McNerny Shoe Store.

AT HALF PRICE.
Ribbons, laces, millinery goods and trimmings will be offered at half price for one week at L. B. Kerr's Queen street store. We always do what we advertise, and the rush for bargains will be great. This sale will last only one week to make room for new goods to arrive.

THE FLAGSHIP INDIANA

ARRIVES IN PORT EARLY THIS MORNING.

Brings Brigadier General MacArthur and Staff and Nearly a Thousand Men of Various Commands.

The Indiana, flagship of the third expedition to the Philippines, arrived in Honolulu early this morning. As in the case of the City of Para yesterday morning, the whistles announcing her arrival did not sound until she was almost off the entrance to the channel, at about 5:30 o'clock. The reception committee and the government band hastened down to the wharf, but were too late to get out on a steamer to escort the Indiana.

The band took a position on the upper deck of the Maui and played patriotic and other airs while the transport was coming to anchor in the harbor near the collier Nero.

The Indiana brings Brigadier General Arthur MacArthur, the commander of this expedition, and his staff.

The troops on her number 923 enlisted men, made up as follows: One battalion of the Twenty-third infantry, U. S. A., 480 men; two companies of the Eighteenth Infantry, U. S. A., 240 men; Company A, battalion of engineers, 100 men; detachment of the First North Dakota infantry, U. S. V., 51 men; detachment of the volunteer signal corps, 47 men; detachment of the hospital corps, 11 men, and one man from the Fifteenth infantry, U. S. A.

NEWS NOTES FROM MAUI

HAPPENINGS ON OUR NEIGHBOR ISLAND.

A Number of Pleasant Social Events—Kahului Wharf Completed—Reception to Manager Boote.

The July Literary held last evening at the residence of S. E. Taylor, Hamakua, was very well attended, a perfect moonlight night, and numerous Honolulu visitors adding much to the occasion.

The program consisted of a piano selection by Miss Grace Dickey, and a farce in one act, entitled "A False Note."

After the program, refreshments were served and some time given up to social converse. Manager Boote of Spreckelsville brought his bride up Wednesday, and that evening the people of Spreckelsville gave them a surprise party at their home. The band was out in full force, and played throughout the evening. After congratulations to the groom and welcome to the bride, there was dancing and merriment until after midnight.

A band stand has just been completed opposite Manager Boote's house, and here the band will give evening concerts. Spreckelsville is becoming quite metropolitan.

Frank Alexander, of Oakland came up Wednesday, and takes up plantation work on Paia Plantation. On Wednesday evening at Hamakua, there was born to the wife of J. J. Hair, a daughter.

Dr. and Mrs. J. Weddick arrived Wednesday, and have taken up their residence in Wailuku, where Dr. Weddick succeeds Dr. McConkey.

Dr. and Mrs. McConkey have moved to Paia, and are getting settled. Finishing touches are being put on the new wharf at Kahului, and it is about completed. Preparations are now being made for building a warehouse just adjoining it.

Haiku Sugar Company finished grinding on Thursday, and Paia will be through next week.

JAPANESE CONVERTS.

Rev. H. Kihara, pastor of the Japanese Methodist Episcopal church, in Honolulu, during his recent visit, baptized ten Japanese in Lahaina besides some in Kaanapali.

LAHAINA GUARD.

The Lahaina Citizens Guard is entitled to one gold, five silver and two bronze bars. The score is as follows: J. Glenn, 404; A. N. Hayselden, 396; H. Birkenve, 390; E. Devanchelle, 387; G. W. Hayselden, 381; C. Buchanan, 380; H. Dickenson, 373; G. H. Dunn, 362.

MODEL OF THE MOON.

Valuable Scientific Relic Discovered in an Old Tenement.

A model of the moon, showing its mountains and its craters, its plains and fissures, has just come to light in Chicago. For ten years it has been boxed in the garret of an old tenement storage house there, and it was almost an accident that it was discovered at all. Yet it is one of the most interesting and valuable scientific models ever made.

In the days when it was new—some time between 1849 and 1851—Alexander von Humboldt wrote concerning it: "I have brought to the notice of the King (of Germany) this extremely precious and interesting work of art. It is worthy a place in the Crystal Palace at Sydenham. You may add my name to the others directing attention to the value of this important fabric."

It was constructed by Dr. Schmidt, of Bonn, Germany. It is a hemispherical model in 116 sections. It was exhibited in Germany. It was imported into the United States by G. C. Ryerson, of Chicago, who lost a fortune in attempting to popularize science in this country by means of exhibitions. It fell into the hands of L. Reese, with other boxes, from a storehouse. It has remained untouched in his possession until the present time, when he has presented it to the Field-Columbia Museum. It is said to give a far more graphic idea of the moon's structure in a single glance than can be obtained by long patient telescopic study.—New York World.

THE PHILIPPINES.

The United States Minister at Bangkok, John Barrett, in an interview said: "It is of the greatest importance that the United States should take the Philippine Islands. Their value is not realized at home. They are richer and larger than Cuba and in the hands of a strong power would be a key to the Far East and to the Asiatic Pacific. The United States could either hold them for commercial or strategic reasons or negotiate with Great Britain or to exchange them for the latter's West Indian colonies, or else surrender them to other powers for reciprocal advantages."

HOLDING THE BREATH.

It has been proved that man cannot kill himself by holding his breath. At the worst the result of the physical discomfort so produced would be a state of coma. When this state was reached nature would reassert herself and the breathing functions would again resume full activity, preventing a fatal issue in spite of their owner's desire.

HIS HANDS WERE TIED.

"Our little boy broke out with eczema. We were obliged to tie his hands to keep him from scratching, and he suffered everything. We began giving him Hood's Sarsaparilla, and in a short time his face healed. He took five or six bottles and has not had a sick day since." Olney Soucie, Pioneerville, Idaho.

HOOD'S PILLS are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

SOME COMPARISONS.

There is some criticism of the time it has taken for the United States to mobilize her army and strike in Cuba and Manila. These criticisms are mainly based upon the rapidity with which Germany struck at France in 1870. But the cases are by no means parallel. The war of 1870 had been brewing for six years, and each nation had been making preparations for it. As a fact Germany was an organized military camp. It was but to send an order and over a million men sprang into their uniforms and took their arms. Even the railway systems were prepared for the event, and every detail had been thought out. It was but to concentrate on the frontier and then march and fight.

A better comparison could be made with the Crimean war. In that case war was declared on March 28, 1854. Troops were concentrated at Varna May 29th, but it was not till September 14th that a landing was effected in the Crimea, and the first great battle of the war was fought September 20th. After that the war proceeded with rapidity and engagements followed engagements thick and fast. But here again there were military nations, with large drilled forces at their disposal.

Now let us look at what the United States has done. War was declared April 21st. It came out of a comparatively clear sky. Practically the matter had been brewing for only a couple of months, and it was not the policy of the United States to concentrate even its regular troops. An army had to be created, there was but a nucleus of 25,000 regular troops. For the rest uniforms, arms, etc., had to be found, and commissariat and transport had to be organized. And yet within two months of the declaration of war the invasion of Cuba has been commenced and the troops have landed in Manila, a distance of six thousand miles from their native land.

Viewed in this light what the United States has been able to do is simply wonderful and shows how great is her organizing power. She is not a military nation, and yet she has put armies into the field with a rapidity which is astonishing, and she is carrying on military and naval operations at one and the same time, in places which are almost the antipodes of one another.

The rapid transit act has indeed had a very narrow escape. It may be said to have got through by the very skin of its teeth. Brought in early in the session it has remained pigeon-holed till it has had to be taken with a rush just at the very end. That it has been got through at all is due to the energy of one or two Senators, who practically crowbarred it out of committee and galvanized it into life. It would have been a serious loss to the public if it had not been brought forward, for it would have meant having to put up with the present miserable transit for another two years.

TELEGRAPH CABLE.

So long as we get the cable all hands will be satisfied, but there certainly has been some odd work with regard to the cable bill. It passed both houses in the very teeth of ministerial opposition, and then instead of going straight on to the President it got shelved in a conference committee for a long time. There was little need of it staying there, for the difference between Senate and House was merely a slight verbal one. However, it did hang fire, and then there was a talk of the President's vetoing it. This led to some filibustering against the passage of the appropriation bills and that might have been continued for a few days longer, but it was given up when it was understood that the bill would be signed. It was stated that there was a promise to this effect. As a fact the bill has neither been signed nor vetoed, and has practically gone into the waste basket.

It savors somewhat of sharp practice for the Cabinet to fall back upon an old law, when the law which the two house of the Legislature had passed is still hanging in the air, as it were. The act should have been vetoed, and, if the Cabinet had further information, its members could have come forward and have explained the situation during the debate to set aside the veto. What has been done looks like a clever trick which the

Legislature may or may not resent. And then, how about the understanding to sign the bill? Was that a sharp trick, too? However, we all hope that the cable will be laid. We can swallow much if we can get that.

It is merely a little bit of old womanish sentimentality this effort to keep the Hawaiian flag. Each state and territory adopts a coat of arms, and it will be the province of our territorial legislature to settle upon what is desirable in that line, and also to adopt a territorial flag if it sees fit. It does not seem proper for the present legislature to have anything to say in the matter. The present order of things is passing away and it savors very much of a testator striving to regulate the lives of future generations, for the present legislature to attempt to prescribe the flag of the future. The flag we have to do with is Old Glory, and the sooner that is floating from the government buildings, the better.

A very small error may vitiate a bill. An act passed at the commencement of the session, signed by the President and published, was found to be worthless because the figures referring to previous acts had been miswritten. No one had noticed it and it was not found till a printed copy reached Hilo. The matter was remedied yesterday by ralloading a bill through the House, which took the place of the useless act. But how easily mistakes creep in and pass unnoticed.

The miners' strike in Wales is given as an excuse by the British government for not holding the naval maneuvers this year. At the same time the telegrams announce that the British admiralty never possessed a larger stock of coal on hand than it does at present. Putting two and two together, it is more than likely that the British government thinks there may be use for sterner purposes than naval maneuvers. There is considerable unrest in Europe and there is no telling what a week, or even a day, may bring forth.

WITH THE SOLDIERS.

Their Doings on Ship and Shore Today.

At 7 o'clock this morning companies of the Minnesota regiment had drill on the street near the Pacific Mail wharf. Extended order was the leading feature. A big crowd witnessed the movements. Soon after the troops were given shore leave until 11 o'clock.

The Wyoming troops were given shore leave early this morning until 11 o'clock. Save for a small guard, all of the battalion was ashore.

At 9 o'clock the regulars of the Eighteenth were landed and marched out Fort, Beretania and King streets to Waikiki. They were in two detachments, and armed. On the way to the beach the men had riot drill. They did excellent work. The men invested the bath houses near the American Minister's.

At 11:30 o'clock the Minnesota regiment and Wyoming battalion formed on their respective wharves and marched into the grounds of the Executive building. Soon after the regulars arrived from Waikiki.

The feast was carried out on much the same lines as the former ones.

At 2 o'clock the Minnesota regiment formed and marched out to the baseball grounds for drill.

At the same hour the Wyoming and regular troops marched back to the transport Ohio at the Oceanic wharf. At 3 o'clock the Ohio will put out into the stream to make room for the other vessels to coal.

The Indiana began taking coal from the lighters soon after coming to anchor in the stream this morning.

The Morgan City anchored at the edge of the new Pacific Mail wharf slip. She will remain there until the Para gets all of her coal aboard and goes to the stream. This will be between 2 and 3 o'clock. None of her men will be allowed ashore until the wharf is reached.

All day the men on the Indiana have been cooped up aboard ship. They will come ashore about 3 o'clock. In sight of land all day with no chance of reaching it, has tired them very much.

Get a picture of Manila bay, where the great naval battle was fought. You will find it in the Manila and Philippine Portfolios, which are now ready for distribution. Ten cents at Star Office.

STEAM IS ALWAYS EXPENSIVE.

Economy in the amount of steam condensed in the piping which transmits the steam to the engines and other points in the sugar mill is what all plantation managers are seeking.

By using our
Anti-Caloric Boiler Compound

for your steam pipes you will arrive at the minimum in the amount of steam condensed. It is the best covering yet found and is in general use on the plantations.

This is the time of year for general repairs and at a small expense you can cover your pipes with the ANTI CALORIC BOILER COMPOUND, and be surprised at the saving gained in fuel. A saving of 20 per cent in fuel can be safely counted on.

At a recent test made by Engineer Kopke of the Pioneer Mill, Lahaina, Maui, the following results were disclosed:

Asbestos 115F.
Scotch Compound 108F.
ANTI-CALORIC 101F.

Is it necessary to say anything than that

ANTI-CALORIC BOILER COMPOUND
is economical in every way!

A Good Article

Is worth striking for. And in nothing is this better illustrated than in Footwear.

Ten cents taken out of the sole, and fifteen cents taken out of the upper, in the factory, makes the biggest kind of a difference when the Shoe is put into actual service. It's wise in the end to spend the extra twenty-five cents and thus secure security for your feet and pocket-book.

There are heaps of job lots sold at \$2.49 a pair, when an outlay of a few cents more would secure for you the real article.

Don't be led away by odd figures. A Shoe dealer with a reputation to sustain cannot afford at any time to put out a shoe that will not sustain this reputation of value.

THE POWER OF HABIT

A certain groove is easily fallen into; due to the fact of unconscious action. Many will perform the same act repeatedly, not thinking that a change might make matters less arduous and more beneficial. Habit is caused by lack of interest, and people through habit often miss opportunities of advantage. The practice of buying without considering is a fault, due to habit. Many dollars could be saved if people were less inclined to stay in the same old groove.

POLITICIANS EVIDENTLY THINK ANNEXATION NEAR.

Are Beginning to Seek Appointment on the Commission Provided for by the Newlands Resolution.

SAN FRANCISCO, June 24.—The appointment of the commission provided for by the Newlands resolution affords a splendid opportunity for aspiring politicians. Besides, the emoluments, there is a great deal of prominence of a desirable kind to be gained by the members. The work to be done is of international and world-wide interest, and the men to whom it is entrusted will be in the public eye for months.

The commission or committee will consist of five members, three of whom will be appointed from the United States and two from the Islands, one of the latter to be an anti-annexationist.

Among the names that have been mentioned in connection with the impending appointments are those of Judge Peterbaugh of San Diego, M. M. Estee, State Senator Stratton of California, Richard Olney, ex-Secretary of State; Ex-Minister Stackpole, and Hawaiian Minister Hatch. Of these, two have declared that they have no desire for the appointment. Minister Hatch is quoted as having said that he did not want the honor, and M. M. Estee positively asserted today that he had no aspirations in that direction.

It is thought that Senator Stratton can secure one of the appointments if a man is to be chosen from California, as senatorial influence will have much to do with the selection, and Stratton will have the support of Senator Perkins.

MAJOR McCLURE.

CASTE IN CUBA.

A Spaniard was born in Spain. His son, who was born in Cuba, is not a Spaniard, adds the New York Times, but a Cuban. If a Cuban should go to Madrid when he is two weeks old and spend all his life in the place he would still be a Cuban, and not quite as good as a Spaniard. If a Spaniard should go to Havana when he is two weeks old and spend all his life in that city or upon a plantation he would still be a Spaniard, and enjoy a distinction and social position which a Cuban can never attain. The sons and the daughters of Spaniards are Cubans if they are born in Cuba, but the sons, and grandsons, and great-grandsons of a Cuban must always be Cubans no matter if they were born in Madrid and spend their whole lives in that city. No Cuban can ever become a Spaniard, no matter what happens to him, and from the Spanish point of view he is a degenerate.

MORGAN CITY IN PORT

FOURTH OF THE THIRD FLEET ARRIVES.

Brings Men From Idaho, Oregon and Nebraska—Is Met in the Channel by the Committee.

The transport Morgan City was sighted at 5:30 off Koko Head. She is the smallest and slowest of the troop ships in this expedition. A part of the Committee of One Hundred and the band went out in the steamer Maui and accompanied the vessel to port.

The Morgan City has on board nearly 1,000 men, comprising the two battalions of Idaho volunteers, and the men recently recruited for the Oregon and Nebraska regiments, that passed here some days ago.

The officers of the Idaho battalions are as follows: Lieutenant Colonel Jones, commanding; Major Figgins and Major McConville, Major D. W. Springer, surgeon; Lieutenant Conant, assistant surgeon; Stewards Huston and Hendy.

Company A—Captain McRoberts, First Lieutenant Harry Syms, Second Lieutenant George Steunenberg.

Company B—Captain C. D. Schattner, First Lieutenant E. O. Martinson, Second Lieutenant John O. Barbour.

Company C—Captain J. W. Murphy, First Lieutenant R. H. Hartman, Second Lieutenant E. M. Holden.

Company D—Captain Edward Smith, First Lieutenant W. E. Gage, Second Lieutenant J. K. Bell.

Company E—Captain Thomas R. Hamer, First Lieutenant Burrows, Second Lieutenant

Company F—Captain M. J. Linck, First Lieutenant W. A. Kip, Second Lieutenant L. M. Busby.

Company G—Captain W. E. Whittington, First Lieutenant Frank Hunt, Second Lieutenant R. H. Tschudy.

Company H—Captain F. A. Fern, First Lieutenant Wortham, Second Lieutenant

SOUVENIRS OF OUR GUESTS

(Continued from Page One.)

Private E. A. McKenna of Company B, Idaho, was until he enlisted for service, lieutenant colonel of the National Guard. Private J. A. Gill was a practicing physician. First Sergeant R. D. Stinton resigned his position as chief clerk of the Nez Perce agency.

Colonel Jones of the Idaho regiment is proprietor of the Blackfoot News. The citizens of that town presented him with a handsome sword when he started to the front.

In the Idaho battalions are forty-five students of the State University, who average only 19 years of age each. Captain Smith, their leader, is only 22.

First Sergeant Fred M. McKenzie of Company C, Idaho, gave up the superintendency of the Buffalo mine and tramped sixty miles through deep snow to join his command for Manila. Such is the stuff Colonel's Smith men are made of.

Major Figgins of the First battalion, Idaho, is a practicing physician at Boise City.

First Lieutenant Harry Syms of Company A, Idaho, was connected with the Caldwell Tribune. Second Lieutenant Steunenberg of the same company is a brother of Idaho's present governor.

There was a bet in town this morning that General Merritt would bring annexation, either by resolution or as a war measure. It is stated by prominent officers of the MacArthur expedition that President McKinley, in the event of a Spanish demonstration toward the Pacific, would immediately take the Hawaiian situation in his own hands.

The Knights of Pythias hall on Fort street has been made the headquarters of Knights among the visiting American troops. Numbers of them have called there.

The rooms of the Waverley Club on Bethel street have been a favorite calling place of the Boys in Blue. Writing material and other conveniences have been afforded the visitors there. The rooms of the club are being kept open almost day and night.

They had a big Fourth of July celebration on board the Indiana. The oration, a magnificent one, was made by Major H. M. Lord. The Declaration of Independence was read by Major Keleher. General MacArthur made an address. Then there were athletic sports and in the evening fireworks.

Selma Woodworth, executive officer of the Nero, is a capitalist in San Francisco. He resigned from the navy several years ago to engage in business in which he has been highly successful. When the war broke out he offered his services to the government, and left his business. He was here twenty years ago as an officer on the Pensacola.

H. P. Ritchie, assistant surgeon of the Minnesota regiment, is a son of Parke Ritchie, dean of the Medical College, University of Minnesota.

John I. Barrett, of Company A, Thirtieth Minnesota, represents the St. Paul Globe.

TYPEWRITERS' CRAMP.

Hood's Pills

Cure Liver Ills

Hood's Pills are as peculiar and as pleasant, in comparison with all others, as is Hood's Sarsaparilla. To compound a pill which shall be pleasant to take, shall not increase with what by age becomes insupportable, which shall be just that mild stimulant to the liver and bowels which shall not venture to restore her disordered functions—that is the problem for the pharmacist.

It is easy to judge, but that is not what is wanted. Give out sure and un-

CURE

disturbing catarrh will set Nature to going, and relieve the head, the stomach, the liver and all the organs of the body from the evils of a clogged drainage.

The Liver is the gateway between the stomach and the organs which the stomach purveys for. Stop up the gate and death quickly ensues. Burden it with obstructions and a thousand ills result.

Hood's Pills CURE Liver Ills, sick headache, biliousness, indigestion, nausea, constipation, without purging, without pain, without violence.

Everybody at sometime needs them. Everybody should keep them on hand at all times for emergencies.

Liver Ills

Hood's Pills are sold by all druggists, 25 cents. Sent by mail on receipt of price, by C. I. Hood & Co., Lowell, Mass., U. S. A.

Hawaiian Electric Company.

The cleanest, brightest, safest and really the longest run, the cheapest and best light use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Don't think it over and make up your mind at once; get the best and safest light; send for the Hawaiian Electric Company and tell them what you want. We have a complete stock of everything in our line and have just received a lot of the very latest designs in chandeliers.

THE BLUE AND THE GRAY

OLD OPPONENTS UNITE AGAINST COMMON FOE.

Colonel Jones the Gray, and Major McConville the Blue—Now Fight Together.

Lieutenant Colonel C. W. Jones, the commander of the First Idaho regiment, was one of the gallant men who fought under the Stars and Bars in the War of the Rebellion. Major E. McConville, also of the Idaho regiment, donned the Federal blue when Lincoln issued his first call for troops and served throughout the war. Jones and McConville confronted each other on many southern battlefields, not only the divisions to which they were respectively attached being in opposing lines of battle, but their very regiments and companies encountering each other mid the clash and the roar of arms.

Colonel Jones went out from Richmond in 1861 as a private in the Fifty-first Virginia infantry. He received his baptism of fire at Fort Donaldson, and returned to Richmond and joined Lee, with whom he remained until the end. He was in the seven days fight around Richmond. The colonel was originally with Pickett's brigade. After Pickett's promotion to be major general, Colonel Jones was with General R. B. Garnett. He had charge of the skirmish line that covered Garnett's front in Pickett's famous charge up Cemetery Ridge on July 3, 1863. For gallant and meritorious service Colonel Jones was promoted repeatedly until he gained the eagles. He surrendered his regiment at Appomattox.

Major McConville went out with the Twelfth New York as a drummer boy. He carried a rifle after the first Bull Run. He served under Fitzjohn Porter and after two years was mustered out. He re-enlisted at Elmira, N. Y., with the Thirteenth New York cavalry, and served until Appomattox. The major was opposite Jones' brigade at Malvern Hill, and both were at Gettysburg. Both men bear mementoes of the field. Jones was wounded at Fraser's Farm, and so he missed Malvern Hill; McConville caught a spent ball at Gettysburg. The colonel is from Blackfoot, Id., and the major from Lewiston.

The veterans are now comrades in arms, under the Stars and Stripes, ready to surrender their lives for their common country.

PARADES AND DRILLS.

The regulars and Wyoming troops from the Ohio came ashore at 2 yesterday afternoon and marched out to the Makiki baseball grounds for drill. They went through various maneuvers. A large number of town people and military men witnessed the drill.

At 4 p. m. the Minnesota men landed and marched to the same place for drill. The men were very neat indeed in their maneuvers, drilling with the precision of regulars.

HUMBERG-SLOGGETT WEDDING.

Two Popular Young People Married Last Evening.

The marriage of John F. Humberg, assistant manager of the business of H. Hackfeld & Co., and Miss Myra Sloggett, daughter of Dr. Sloggett, took place at St. Andrew's cathedral last evening. Rev. Alex. Mackintosh performed the ceremony and Wray Taylor officiated at the organ. August Humberg and Digby Sloggett were with the groom, and Miss Allie Wall and Miss Lucy Ward attended the bride.

The cathedral was beautifully decorated for the affair.

After the wedding a reception was held at the residence of the bride's parents on Beretania street.

M. and Mrs. Humberg leave by the Warrimoo today for an extensive wedding tour abroad. When they return they will reside at Punahou.

BASEBALL TODAY.

There will be a baseball match on the Makiki grounds, beginning at 3:30, this afternoon, between a nine of the Minnesota regiment and a picked team from the Regiment and Honolulu clubs. The game should be a close one, and will doubtless draw a full house.

POLICE OFFICERS PAU.

Police Captain Kahookano and Lieutenant Needham have been dropped from the force. This was done late yesterday. They are among the oldest officers in the department.

A SPECIAL CORRESPONDENT.

Harry McGill of the San Francisco Bulletin arrived by the C. D. Bryant to write up the Islands for his paper. He will be here about a month. Mr. McGill says annexation is coming and the Bulletin wants to have a man on the grounds when the steamer bringing the news gets in.

DANCE MEASUREMENTS.

An average waltz takes a dancer over about three-quarters of a mile. A square dance makes him cover half a mile. A girl with a well filled program travels thus in one evening: Twelve waltzes, nine miles; four other dances, at half a mile apiece, which is hardly a fairly big estimate, two miles more; the intermission stroll and the trips to the dressing room to renovate her gown and complexion, half a mile; grand total, eleven and one-half miles.

Our baby had been continually troubled with colic and cholera infantum since his birth, and all we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by Benson, Smith & Co., wholesale agents for Hawaiian Islands. All druggists and dealers.

LIEUTENANT SCHLEY HERE

SON OF THE COMMODORE NOW AT SANTIAGO.

Goes to Help His Dad in the War Against Spain - A Bright, Daring Young Officer.

A son of Commodore Schley is on the troopship Indiana now in this port. He is second lieutenant of Company F, Twenty-third Infantry, and his full name is Thomas Franklin Schley. The lieutenant expects in the near future to add a bar to his straps. In fact he has already successfully passed the examination at Mobile, and his appointment to the office of first lieutenant has been recommended.

Lieutenant Schley was born at Annapolis, Md., in 1894, and lived there for sixteen years, attending St. John's College. In 1880 his father was sent to Boston as lighthouse inspector, and his son accompanied him, and attended college in Boston for four years. After leaving college he entered the army and saw service throughout the west. During his seven years service in the ranks Lieutenant Schley was promoted from a private to a first sergeant.

In March, 1891, he took his preliminary examination for promotion at Fort Snelling, and in July of the same year he successfully passed his second examination at Fortress Monroe, and was assigned to the Twenty-third Infantry, with which regiment he has served ever since.

Lieutenant Schley is now detached from his company as regimental commissary. In December, 1894, he married Miss Lila M. Langhorne of Lynchburg, Va., who is a first cousin of Mrs. Charles Dana Gibson, the wife of America's foremost illustrator.

Lieutenant Schley is short of stature, with clean cut features, dark hair and keen, blue eyes. He has about him that air of determination which characterizes his father. Lieutenant Schley is greatly admired by his brother officers.

NEW OFFICERS INSTALLED.

Doak, warden; C. Sawyer, conductor; P. Nelson, I. S. G.; A. M. Mellis, R. S. S.; J. J. Lecker, R. S. N. G.; E. Lofquist, L. S. N. G.; W. J. White, R. S. V. G.; George Johnson, L. S. V. G.; Rev. Alex. Mackintosh, P. G., chaplain.

Polynesian Encampment installed the following last Friday evening: O. Sorenson, C. P.; L. W. Hough, H. P.; F. W. Wood, S. W.; L. L. La Pierre, scribe; H. H. Williams, treasurer; C. Sawyer, J. W.; P. Nelson, guide; J. J. Lecker, first watch; George Johnson, T. S.

HYMN BEFORE ACTION.

The earth is full of anger The seas are dark with wrath The nations in their harness Go up against our path! Ere yet we lose the legions - Ere yet we draw the blade, Jehovah of the Thunders, Lord God of Battles, aid!

From panic, pride and terror, Revenge that knows no rein - Like haste and lawless error, Protect us once again. Cloak thou our undeserving, Make firm the shuddering breast, In silence and deserving To taste thy lesser death!

E'en now their vanguard gather, E'en now we face the fray - As thou didst help our fathers, Help thou our host today! Fulfilled of signs and wonders, In life, in death made clear - Jehovah of the Thunders, Lord God of Battles, hear! - Rudyard Kipling.

THE SILK PETTICOAT.

One of the extravagances of the season is the silk petticoat. As they are arranged in the windows of the shops they look like a huge bouquet of colored blossoms. The most beautiful petticoats are confusions of ruffles and lace, plaitings of chiffon and tucks. They are all cut on the lines of a dress skirt, fitting closely about the hips and flaring well at the bottom. Circular flounces are used which all spread wider at the back than in the front. Every known variety of lace is used and cerise and turquoise blue are numbered among the popular shades. Flounces are ornamented with motifs of lace insertion outlined with a frill of narrow ribbon on chiffon rouches, while other flounces are elaborately tucked and finished with frills of lace. Black lace is effectively used in delicate colors, and rich flounces of chiffon with shirrings between rows of lace insertion are seen.

FULFILLING HIS DESTINY.

"Ah," joyfully cried the young man who had got employment at painting the union depot, "the prophecies of my family are now being fulfilled. They often said that I would adorn some great station before I died." - Cincinnati Enquirer.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by Benson, Smith & Co., wholesale agents for the Hawaiian Islands. All druggists and dealers.

NEWS IN A NUTSHELL.

Bits of Paragraphs that Give Condensed Notes of the Day.

Dante at the Opera House tonight. Born—July 6th, to Mr. and Mrs. A. Rasmussen, a son.
The steamer Warrimoo is noted to sail at 2 o'clock today.
There was no business to speak of in the higher courts today.
Baseball between the Minnetonas and the Regiments at 3 o'clock.
The present session of the Legislature will close at noon tomorrow.
Dante will give a special performance to the Boys in Blue tonight.
Mystic Lodge No. 2, K. of P., meets at 7:30 o'clock this evening. Work in third rank.
Sebastian Reid, a Spaniard, was committed to the asylum for the insane this afternoon.
In the police court this morning Frank Wade paid \$5 for battery of a native friend last night.
Mrs. Judge Bickerton was a passenger by the W. G. Hall yesterday from the west coast of Hawaii.
The soldiers sat down to the feast on the grounds of the Executive building at 1 sharp this afternoon.
The Y. M. C. A. kept open house again today and has been the headquarters for the American soldiers.
McInerney still strongly recommends the Stein-Block clothing. They carry a full line, and can perfectly fit any customer.
Several hundred American soldiers enjoyed the special concert by the band on the grounds of the Hawaiian hotel last evening.
The Tribune wheels are for sale only at Eakin & Whitman's, Fort street, next to the Golden Rule Bazaar. They are the sole agents.
Two sailors of the steamer Ohio, arrested last night for being drunk and disorderly, paid the usual fines of \$2 each in the District Court today.
Kerr's store is still crowded with buyers. His low prices have been verified, and the people are eager to supply themselves before it is too late.
Notice is given in this issue of the dissolution of Campbell & Co. Mr. A. J. Campbell will receive all amounts due the firm and pay all obligations.
Two visiting soldiers on a tandem charged into a street car yesterday afternoon. The wheel was smashed, and the men were quite badly bruised. Bargains can be secured at McInerney & Decker's "clean up" sale of gent' furnishing goods. They will soon move from their present store room.
The Newport and Valencia are expected late this afternoon or early tomorrow morning. The former will bring General Merritt and the Astor battery.
The N. S. Sachs' Dry Goods Company, Ltd., have a change of advertisement in this issue, and claim that patrons will find everything as represented.
The troop ships now in this port have positive instructions to await the arrival of General Merritt here, when they will receive further orders about proceeding.
During the time lunch is being served at the Executive grounds only those willing to assist will be admitted. After 3 o'clock the gates will be thrown open to the public.
W. W. Dimond & Co. give notice that all accounts due the firm March 31, 1898, have been disposed of to Mr. A. S. Humphreys, and that all further transactions in regard to the same should be made with him.

COON ON TRIAL.

W. J. Coon is on trial in the District Court at press hour—2 o'clock—on the charge of having opium in possession. He is his own lawyer. Mr. Coon refused to plead, whereupon the court entered a plea of not guilty for him.

WITHOUT FOUNDATION.

There is a report all over town to the effect that seventy of the first expedition died on their way from this port to Manila. As no news of the expedition had reached San Francisco up to the departure of the last mail it is clear that nothing can be known about the matter. The report has absolutely no foundation.

JAMES G. BLAINE, JR.

James G. Blaine, Jr., is a captain on the staff of Governor General Merritt. Young Blaine is a son of America's great statesman who died five years ago. He was appointed a captain by President McKinley and ordered to report to General Merritt for service in Manila.

FOR ONE WEEK.

Great bargains will be offered for one week at L. B. Kerr's Queen street store. Sheetings, pillow casing, table linen, napkins and dress goods, will be sold at cost prices. Heads of families will no doubt take advantage of this sale to lay in a year's supply.

NOTICE.

I desire to inform the public that I have arranged accommodations for them at Remond Grove.
J. W. CHAPMAN.

HONEST VALUE.

We intend to give our patrons real honest value only. Everything will be found as represented.
