## TODAY'S MILITARY REVIEW

WAS SEEN BY HUNDREDS AT MAKIKI PARK.

Review by Acting President Cooper and Cabinet Ministers—A Good Showing Made by Volunteers.

The First Regiment was under arms for three hours this morning. The parade and review on the Makiki baseball grounds were witnessed by a grandstand crowded with people. Many carriages occupied positions of vantage.

The regiment assembled at the Drill Shed at 8:30 o'clock and within a few moments afterward was on the march out Beretania street to Makiki park. Lieut. Col. McLeod was in command. Maj. Jones headed the First Battalion and Maj. McCarthy was in command of the Second. All the Captains were present with the exception of Capt. E. O. White of Company B. First Lieut. T. H. Petrie assumed command of the company.

Arriving at Makiki park the colonel commanding formed the regiment for inspection. This feature of the program was intensely interesting to the spectators. Maj. G. C. Potter of the President's staff, was chief inspector. He was assisted by Maj. C. B. Cooper, regimental surgeon; Capt. J. W. Pratt, general staff; Capt. A. Gartenberg, regimental ordnance officer; Capt. W. G. Ashley, regimental quartermaster; Capt. John John Schaefer, regimental adjutant; Lieut. L. T. Kenake, adjutant First Battalion; Lieut. Ed Towse, adjutant Second Battalion.

The inspectors found the regiment in "apple pie" order. Acting President Henry E. Cooper, accompanied by Col. John H. Soper, of the President's staff, arrived at Makiki park at 10:20 o'clock. They were met at the entrance to the inner grounds by Lieut. Col. McLeod, Maj. Jones, Maj. McCarthy, Maj. Cooper, Capt. Pratt, Capt. Ashley and Capt. Gartenberg. Acting President Cooper accompanied by these officers made a hasty inspection of the regiment passing down in front of the column and then up the rear.

This done, the acting President was escorted to the reviewing stand on the mauka side of the grounds where he was joined by Minister of the Interior J. A. King and Attorney General William O. Smith. The regiment then made a circle of the park passing the reviewing stand and saluting the colors, which had been unfurled to the breeze, where the acting President and Ministers were standing.

There was a good turnout of volunteers. A number were kept away for business reasons.

### WILLIAMS', DIMOND & Co.

Williams, Dimond & Co. write to say that they have opened a branch house in New York City at 106 Wall street. O. T. Sewall, who was here a few months ago, will have personal supervision of the new branch, and E. D. Douglas, late of Smith & Schipper of New York, holds a power of attorney for the transaction of the New York business. The branch firm opened up January 1, 1898.

### MAY BE MILLER'S WATCH.

The Moana brought a letter to J. S. Dodd from the claim agent of the Denver and Rio Grande asking for the number of Harry Miller's watch. The railroad people are using every endeavor, apparently, to identify Miller's effects.

### THE CAT AND THE CHERUB.

Ruth Benson, daughter of Major Benson, formerly of the firm of Benson & Smith of this city, and who adopted the stage as a profession some three or four years ago, appeared in London in the Chinese play of the "Cat and the Cherub," taking the leading part. The incident of producing this play is historical, as two companies raced across the Atlantic to present somewhat similar plays. The company to which Miss Benson was attached won the honors. The play was produced at the Lyric theater. Miss Benson's portrait figures in "Sketch."

When you cannot sleep for coughing take Chamberlain's Cough Remedy. It always gives prompt relief. It is most excellent for colds, too, as it aids expectoration, relieves the lungs and prevents any tendency toward pneumonia. For sale by all druggists and dealers. A convincing argument. An argument in The Star.

## STRONG FOR ANNEXATION

THE TWO-THIRDS MAJORITY IS NOW CLAIMED.

The Prospect of the Senate Ratifying the Treaty Seems Good—Opposition Will Make a Hard Fight.

WASHINGTON, January 5.—"I desire to give notice that on Monday next I shall suggest an executive session for the purpose of calling up for consideration of the Hawaiian annexation treaty. I shall ask that an executive session be held each day until the matter is disposed of finally."

The session of the Senate was still young when Davis of Minnesota, the chairman of the Committee on Foreign Relations formally opened the battle for annexation when he gave the above notice.

Despite the fact that the immigration bill had been looked upon as the measure with the right way, there was no effort made by its friends to claim recognition for it. Its supporters are principally those who favor the treaty, and there was no desire to delay annexation because of the laying aside of the Lodge bill. The opponents of annexation were ready for battle, and had no objection to making it now as well as later.

The fight which was opened thus promises to be long and hard. On the part of those favoring annexation there will be few speeches. Davis, probably, will open the discussion. Morgan will talk of what he saw while in the Islands, and it is now expected that Teller, Gorman, and perhaps one, at least, of the new senators will make speeches for the treaty. The opposition will do heavy work. It is hard to find more lusty fighters than White, Jones of Arkansas, Vest and Gray. They will be aided by Mills, Caffery, McEnery, and perhaps Daniel.

Senator Jones of Arkansas is quoted as saying that the steering committee will not make this a party question, and several Democratic votes are expected. This poll gives the treaty one more vote than enough to win: Republicans—Aldrich, Allison, Baker, Burrows, Carter, Chandler, Clark, Cullom, Davis, Deboe, Elkins, Fairbanks, Foraker, Frye, Gallinger, Gear, Hale, Hanna, Hansbrough, Hawley, Hoar, Lodge, Mason, McBride, McMillan, Morrill, Nelson, Penrose, Perkins, Platt of Connecticut, Platt of New York, Pritchard, Proctor, Quay, Sewell Shoup, Spooner, Thurston, Warren, Wellington, Wetmore, Wilson, Wolcott.

Silver—Cannon, Jones of Nevada, Mantle, Stewart, Teller, Pettigrew, Populists—Heitfeld, Kyle, Turner, Butler, Harris.

Democrats—Gorman, Morgan, Pettigrew, Murphy, Money, Turpie, Ravellins, Roach.

Still thinking about it—Chilton, Bacon, Kenney, Mitchell, Smith, Tillman. Opposed—Populist, Allen; Democrats, all not here named.

While the list gives Hoar, Thurston and Morrill from former declarations they are claimed by the opposition. Thurston because of sugar and Hoar and Morrill to the annexation side, that they did not believe in taking in non-contiguous territory. In view of recent interviews with Senator Perkins he is claimed by the opposition, but his friends do not believe he has changed his position so completely.

There is no doubt that the situation in China is largely responsible for the improved prospect of the treaty, as many senators hold the opinion that for the United States to hesitate in this matter at the present time would be to manifest a serious weakness.

### THURSTON'S VIEW.

WASHINGTON, January 7.—"When the Hawaiian treaty comes up for consideration next week," said Annexation Commissioner Thurston, "our friends will lay great stress upon the situation in China and the East as a reason for ratifying the treaty. We had expected a strenuous opposition from the Southern Democrats, and particularly those who represent sugar producing states. It transpires however that some of the very men we had figured among our strongest opponents from this section have experienced a change of opinion, and in all probability will be recorded in favor of ratifying the treaty now before the Senate."

"Things look more promising now than they did before the holiday season, and we are encouraged to believe that the necessary two-thirds majority will be recorded when the final vote is reached."

Hawaiian annexationists now claim sixty-one votes for the treaty, divided as follows: Republicans, 43; Populists, 5; Silverites, 5; Democrats, 8.

## PRISON BONDS STRUCK OFF

FOUR INMATES OF DREAD OAHU RELEASED.

Reformed Law Breakers Given a New Lease on Life—T. B. Walker Promises to Do Better.

The anniversary of Hawaii's independence was fittingly observed at Oahu prison this morning by the release and restoration to civil rights of four inmates of that dreaded institution. T. B. Walker, W. B. Anderson, David Ella and Naone were the men who were given a new lease of life. Through their conduct during their imprisonment they have shown a proper spirit of repentance and they have been adjudged by those in authority as worthy again to mingle with the society of their fellow men, from which they were banished for various crimes.

The formal reading of the pardons took place at 8:30 o'clock this morning, in the presence of all the prisoners assembled in the prison court yard beneath the shade of the famous banyan tree. Attorney General Smith performed the ceremony addressing the prisoners in both English and native. Prison Directors Lowrey and Magoon were there with Warden Low and Marshal Brown.

Attorney General Smith, in addressing the prisoners said that in exercising the pardoning power, the Country of State had been guided to a large extent by the recommendations of the marshal, warden, prison directors and jailors. In almost every instance pardons had been based on the individual conduct of the prisoners. The men pardoned had shown cheerful obedience to the prison rules and accepted their punishment in the proper spirit. It was not a pleasant duty to send men to prison, but it was a pleasure to set them free. They were sent to prison, not for punishment, but to protect society, and as soon as they proved themselves worthy to be trusted, executive clemency could be exercised.

The pardoned men were then called up, one at a time, and the pardons read. The native boys, David Ella and Naone did not conceal their joy. Captain Anderson of smuggling fame looked surly and said nothing. The only man who gave expression to his feelings was T. B. Walker. With unsteady voice he thanked the Attorney General and promised in the future to lead a better life and keep out of all trouble.

After the pardons had been read Prison Directors Lowrey and Magoon addressed the prisoners, the latter in native, promising the restoration of communications to those who had been set back on account of bad conduct, if further conduct was up to a high standard.

### CITY ITEMS.

The rehearsals of the Kiloahua theatrical play begin this week.

President Dole is probably well on his way to Washington overland by this time.

A collision of the carriages driven by Mrs. L. F. Alvarez and Road Supervisor Cummings took place at Makae Island yesterday afternoon during the band concert. No one was injured. The vehicles were saved from wreckage by the timely assistance of Police Captain Spillner.

### ONE BOTTLE COMES.

Interior Department Ascertaining the Ocean Currents.

One of the twelve sealed bottles set adrift outside the harbor in Honolulu has floated into shore. It was found on the beach at Keolu and immediately taken to the Interior office.

On Wednesday last eight sealed bottles were set adrift between Kailua and the entrance of the harbor and four bottles were dropped between the sea wall east of the entrance of the harbor and abreast of Ward's old plantation, in about two fathoms of water. These bottles were of white glass and each contained an inscription of the point where it was allowed to drift.

Minister King says that the bottles were set adrift for the purpose of ascertaining the ocean currents, so that the department will know where the city's sewerage will be carried under the new Hering system.

### DR. EVANS' MILLIONS.

PARIS, January 8.—The Figaro today says the late Dr. Thomas Evans left an insignificant sum to his direct heirs and bequeathed 20,000,000 francs to the city of Philadelphia, on condition a museum be erected there to bear his name, and that a statue be erected in a public square to cost not less than 1,000,000 and not more than 2,000,000 francs. Should the city of Philadelphia refuse the bequest, the fortune is to be divided equally between the heirs of Dr. Evans.

### SCHUMAN'S WAREHOUSES.

Call at Schuman's warehouses, No. 320 and 322, Fort street, next door above the Club stables, and inspect his large stock of wagons and harness. By reason of favorable connections with eastern factories he is able to sell and import to order at low prices. Go and select what you want or have it imported to order.

## ADMIRAL BELKNAP TALKS

HE ADVOCATES STRONGLY THE ANNEXATION CAUSE.

The Annexation Movement Is Inspiring Stirring Speeches From All the Statesmen Who Look to the Future.

Rear Admiral Belknap in a speech before the Boat and Shop club of Boston, said:

"I have been an annexationist ever since I first saw the Islands in 1874. Unless all signs fails the Pacific will become within a generation a field of enterprise and activity which will rival if not surpass anything the Atlantic has ever seen."

"Honolulu from its happy situation will become the great port of call of the ships of many nations. At no distant day a cable will connect Honolulu with San Francisco. The nation that holds such a point of vantage will be a great gainer financially, and its commercial importance to our people, if they have the good sense to take what is offered them, will be incalculable."

"The interests of the United States in the Islands are indeed paramount to those of any other country, all nations recognize this fact and are willing to buy to it, if we do not shortsightedly reject their nod. What the Islanders are today is due to the reciprocity between them and our country."

"The question is where sovereignty of the group is to go when native control is impossible."

"The idea of the neutralization of the Islands is, in my judgment, not only absurd, but mischievous. It would be a continual breeder of international trouble."

"The island republic has been established. We have recognized its validity by receiving its minister at Washington and by sending our minister to Honolulu. The republic of Hawaii offers itself to our sovereignty and there is no reason why we should reject it."

"The admiral further pointed out how easily the Cramps could lessen the time between the United States and Hawaii to four and one-half days, and he ridiculed the idea of warships coming at sea as an argument minimizing the strategic value of the island ports."

He termed the Hawaiian anti-annexation petition to Congress the last card in the hands of the obstructionists, and pointed out that the Massachusetts Reform club, which opposes annexation, also condemned Mr. Cleveland's robust and rigorous Venezuelan message.

He said in closing: "Under the terms of international law, all States are said to stand on an equality of right, but ever and always might is the real factor. While the European powers are cutting up China, let us see to it that their land hunger does not extend to Hawaii."

### TWENTY THOUSAND DOLLARS.

VANCOUVER, B. C., January 6.—J. A. McRae of this city has just received a letter from his brother, Archie McRae, at Dawson City, in which he says that he refused \$1500 for 200 pounds of supplies. Flour will probably be scarce before spring, but fresh meat is plentiful at \$1 a pound. He reports that claims worth working are selling for \$5000 for twenty square feet. In one day three men shoveled into the sluice boxes of a claim on Bonanza creek \$20,000.

### WILL LEAVE ON THE COPTIC.

Mr. and Mrs. Tracey C. Drake, prominent society people of Chicago, who are returning home from a wedding trip to Japan, will leave by the Coptic tomorrow. Mr. and Mrs. G. W. Banks of Philadelphia and Miss Etta Birdsall of California will also take passage on the same boat.

MERRY SHARPSHOOTERS DINE AND CHAT AT HAWAIIAN HOTEL.

Outburst of Enthusiasm Over the Good Annexation News—No Compromise Monarchy in Theirs.

The Sharpshooters held their fourth annual dinner at the Hawaiian hotel Saturday evening. Over fifty Sharpshooters and invited guests were present, and it was a long table indeed which stretched from end to end of the hall, with Captain Dodge and Acting President Cooper at the head, and Joe Marsden at the foot, flanked on either side by some of the best shots and most genial fellows in the country.

CAPTAIN F. S. DODGE, Who Officiated as Toastmaster Over the Sharpshooters' Banquet.

The dinner table was prettily decorated and well served and ample justice was done to it by both teams and their guests. There was entire unanimity as to the fare and when it came to speech making, there was entire unanimity as to the cause for which the company had been organized.

Captain Dodge, acting as toastmaster, opened by saying how pleased he was to see such a good turn out. In the absence of the President they had a worthy representative in Minister Cooper, whom he called upon to respond.

"If all has gone well," said Acting President Cooper in the course of his remarks, "the President is on American soil tonight. If all goes well, as we hope and trust and have reason to believe, when the President returns to the Islands, in a few weeks, he will again step from a ship to American soil."

Dr. Emerson was the historian of the evening. He gave an account of the Sharpshooters from the day of their inception up to the present time. Lieutenant John Cassidy, whose team won the day and were the guests of Lieutenant McLean's team, at the banquet, was ornamented with a brass medal when he was called upon for a toast. Lieutenant Cassidy stated that the shoot was only a lark in the family, but that the Sharpshooters could pile up much better scores when out for bigger game.

Lieutenant J. L. McLean was in favor of the Sharpshooters keeping together. Even after annexation came, he commended the conduct of the government and stated that the Sharpshooters were glad that they had supported it from the first.

Joseph Marsden was the next speaker. He honestly believed that the Sharpshooters had among them ten shots which could not be topped in any part of the United States. Mr. Marsden is counting on Honolulu having Uncle Sam's crack rifle team.

The representatives of the press then spoke in turn. Captain John Kidwell, the first captain of the company, and Ex-Captain Walter E. Wall, made brief addresses. President Hosmer was proud of his connection with the Sharpshooters. He spoke ardently for annexation. Two-thirds of the human race bound the Pacific Ocean. The struggle in the twentieth century would be commercial. It was under-consumption and not over-production that has brought on hard times in the States.

NEWS OF EAST AND WEST

SPAIN WILL ASK THE UNITED STATES TO INTERVENE.

Starvation on the Klondike. Heavy Frost in Florida—Fifty Per Cent of Pine Apple Crop Ruined.

Spain is considering a formal request to the United States to use its good offices to stop the fighting in Cuba. Intimations have been received at the State Department that the Sagasta government has become convinced that the only way to save the Island of Cuba is to accept the proffered good offices of the United States. It is understood that the Cuban republic will insist on formal recognition before undertaking any negotiations with the United States, claiming that it cannot treat with a power which regards it only as an organized conspiracy of riot and piracy. Officials at Washington are inclined to the belief that the public announcement of the acceptance of this country as a mediator will result in instant revolution in Spain, but they admit it is the last hope and is being seriously considered.

The situation in the Klondike district continues to grow more serious. Thousands of people who went in there poorly provided, are fleeing over the ice and snow to avoid the famine and pestilence. The American government is preparing with all speed to send relief. Two avalanches in Chilkoot pass destroyed eight tons of provisions. Meanwhile the golden flood pours out. One steamer arrived in San Francisco with \$1,225,000 in dust, owned by four prospectors.

The announcement was made at St. Paul on the 4th inst. that Ignatius Donnelly, the well known Populist leader and famous as an author, will in six weeks marry Miss Marian Hansen, who has been stenographer in the office of his newspaper. "The Sage of Niangua," as Mr. Donnelly is called, is 66 years old, and Miss Hansen, 29.

On the night of the 4th inst a very heavy frost was experienced in southern Florida and throughout the entire southern states, during great injury to fruits and garden truck. Over 50 per cent of the pine apple crop was ruined. The damage will foot up to millions of dollars. The orange crop was almost entirely ruined.

Henry A. Janvier and Sidney E. Bowen of Bridgeport, N. J., are on their way to a central province of the big Mongolian empire, where they are to construct mints for silver and copper coins on an order from the Chinese government. They will have to travel 900 miles inland before they arrive at their destination.

Dr. William Smith, wanted in Chicago for body snatching, charges the nurses and physicians of a state hospital with ending the lives of patients in order to sell their bodies to dissecting rooms, offering to the purchaser the choice of the patient to be killed.

A London dispatch says important evidence in favor of Mrs. Edith May Carew, who poisoned her husband in China, has been discovered and an influentially signed petition to the Queen asking for her retrial in England is preparing.

The crime records recorded by the Associated Press dispatches under the date of January 8th include the lynching of four men in Arkansas and one at Colfax, Wash., and the burning at the stake of two Indian rapists in Texas.

The rate war between the Southern Pacific and the Oregon Railway and Navigation Company, on the Portland-San Francisco route, is at an end. The steamship rates have advanced to \$12 for cabin and \$8 for steerage.

Dr. J. H. Barrows, the Chicago divine who lectured here last summer, has had a most flattering call from New York, but his own congregation is so anxious to keep him that a new \$200,000 church will be built.

The new board of supervisors of San Francisco has decided to have no more book making or pool selling in the city. It will likely put an end to horse racing, as it has elsewhere in the United States.

By the last dispatches from the Ohio state capital Senator Hanna and his managers were claiming a complete victory. The vote for United States Senator of Ohio took place on the 11th inst.

Prince Albert of Flanders, future king of Belgium, will soon make a tour of America. A Belgian military attache recently stated that in the course of his travels, he would probably visit the Islands.

Maj. Moses P. Mandy a very well known newspaper man, and promoter of great expositions, died at Chicago on the 8th.

REGARDED AS A DUTY. "I lost my appetite and became weak. At last I was taken very sick. My attention was called to Hood's Sarsaparilla and I took a bottle and it made me feel better. I have taken five bottles and am now well. I feel it my duty to tell you what Hood's Sarsaparilla has done." Mrs. A. Eversen, Wedderburn, Oregon.

**NEARING THE END.**

The most encouraging news that the annexationists have received for a long time came by the belated Moana. The newspapers, private letters, private telegrams, and the observation of those citizens who have just returned from the United States all announce that the annexation cause has gathered immense strength, in spite of the determined effort of those opposed to it. Reports vary from sixty-one Senators, according to Mr. Thurston's statement, to sixty-three Senators in favor according to the very latest telegram received.

When people here were somewhat discouraged, it was pointed out that a great gain had been made, when the party leaders of the Democratic wing did not make the annexation matter a party question. This left those Democrats who favored annexation free to vote in its favor, and it is among the Southern Democrats who were counted as our bitter opponents, that we have received an accession of strength.

There is no doubt that the action of the European powers in the East, has opened the eyes of many of the Senators to the immense importance of the Islands both from military and commercial reasons. Before the European hand began to close on China, it seemed almost a dream that European interests would center around the Pacific. At least such an eventuality would seem to be far off, and the denouement might be waited for. But the object lesson came suddenly and swiftly. It has become plain that the commercial key of the Pacific must be grasped now, or that some other hand may make a grab for it. It is the realization of this fact that has made many of those, who were opposed to the treaty, become strong advocates of it. Of course the condition of affairs had all along been predicted by the annexationists, but it is one thing to listen to an argument, however well it may be put, and a totally different thing to see the premiss of that argument come out of the nebulosity of supposition into the hard light of fact. The course of the European powers in China is no supposition. It is there, a hard, indisputable fact, and from that fact a good deal of theory, of a very valuable kind can be based.

The United States must maintain her position among the nations of the earth, above all the United States must occupy the commanding position in the Pacific Ocean. The greatness of the commercial future in this ocean is beginning to dawn upon those of the United States Senate who, from natural causes, had been unable to realize what the conditions here were.

Not only is the cause of annexation hopeful, and almost assured, but those who are opposed to and working in the interests of the ex-Queen, are beginning to lose heart. Even Julius Palmer, who has so persistently championed her cause, has come to look upon it as a lost battle.

The annexation cause is a good cause, a cause which aims at the betterment of these Islands, a cause which will give the inhabitants a far higher degree of liberty than they have ever enjoyed, a cause which will raise the country to a position which it never has, and never could, occupy save in this way alone. The advantages to the United States are great, but the advantages to the people of this country are incalculable.

May the consummation of this event be not delayed, and may, within a few weeks, the Stars and Stripes be once more raised on the Islands, to remain floating over the outpost of American civilization into the dim ages of futurity.

This day is the anniversary of the fall of the monarchy. It may prove the day upon which the plans formulated five years ago may be clinched by the Senate of the United States, and Hawaii may celebrate in future times not the fall of the monarchy, but the rise of The State.

**FLOWING WELLS.**

The fact that a flowing well has been sunk on the Island of Kauai is a far more important one than many people think. The flowing wells of Oahu have been of immense benefit to hundreds, one may say, thousands of

people. If flowing wells are not confined to Oahu, we may be sure that that they are not confined to Kauai. Of course the discovery that a flowing well has been sunk on the east coast, will urge others to try their luck, and there is little doubt that within the next year there will be quite a chain of wells running northward from the Waialua river.

But there are other Islands besides Oahu and Kauai. There is the neglected Molokai. Large tracts of land there need only water to bloom into fertility. Rain falls abundantly upon the mountains, whose highest peak is some five thousand feet in height, yet along the coast there is little or no fresh water. At Kamaekahi the people all drink brackish water, and so along the coast, if you call at a house for a drink of water, nine times out of ten you will get brackish water. Yet the formation of the land is such that the water which falls on the mountains makes its way to the sea on the Kamaekahi side, and you can see the cattle standing at the edge of the sea and lapping the fresh water which is forcing its way through the sand. Whoever gets possession of the Kamaekahi and adjoining lands and sinks wells upon them will find that a bonanza has been struck, and then every one will say, why didn't we see that chance before?

When people talk about these Islands being easily filled up, the fact is they are talking nonsense. Places that are barren now will in course of time be made to yield abundantly. The Islands are not supporting one-fifth of the population they should, and mayhap not a tenth. But how difficult it is to make people look into the future.

The San Francisco papers of all classes are filled with detailed accounts of the last days and the execution of Durrant. Some of these details might advantageously have been left out, especially that account of the ghastly feast beside the corpse of the dead man, which appeared in the Call, a paper which is forever pluming itself upon its family style. Nothing in what people call "yellow" journalism, which, after all, means energetic and up to date journalism, can equal that in horror and ghastliness.

Enough reason for buying Schilling's Best baking powder; it does more work to the cent than any other.

It also makes better cake.

December 30, 1897.

Our attention is naturally drawn to the next holiday event, which will be the races on march 17th, and horsemen and others are brushing up their harness and getting everything in order to make a good appearance on that day. Hadn't you better lay aside that old Harness and let us fit you out with a bran new set. We can give you something good and reasonable in price both in black and in russet. We also carry a large stock of Express Harness—strong and durable.

Come to think of it, we can fit you up with a "Racine," or the celebrated Whitman Riding Bit, while being easy to the horse's mouth are so arranged that a horse with a strong mouth is under full control.

To complete your outfit get one of our Linen or Momic Lap Robes. Your choice from from \$1 to \$2.50.

We have imported some Metal Feed Boxes because we knew they would sell on sight. They can easily be attached to the manger or to a post, and will pay for themselves in a very short time, as the horse cannot waste his feed and it prevents slobbering.

Your outfit is not complete without a Whip, and we have some good ones. Also Sponges, Curry Combs, Ivory Rings, and every article necessary to complete a well equipped stable.

We haven't said much about prices, but if you have ever dealt with us past experience will tell you that they are low. The fact is we put prices down to the point that keeps our goods moving all the time.

### Prompt Payment of a Big Sum

December 4th Rouse, Hazard & Co. mailed their attorney at Chicago a draft for \$17,810.96, payable to the Western Wheel Works, that being the amount which had been in litigation between the two companies for several years. The ability of Rouse, Hazard & Co. to forward this large sum just at this season of the year, when the pay rolls and other expenses of bicycle manufacturers are very large, and receipts very small, is certainly a most convincing evidence of the solvency of one of the oldest bicycle concerns in the United States. Of the manufacturers and jobbers of bicycles who were in business when Rouse, Hazard & Co. entered that line, more than eighteen years ago, the number that still exist can be counted on the fingers of one hand. Rouse, Hazard & Co. report that their present prospects are the brightest of any time during all the years they have been in business. They now have bona fide orders from gilt edged concerns for a larger number of machines than they ever had orders for at any one time. The next Australia will bring us a full line of these wheels. They will have more than their share of up-to-date features, and will make up the most elegant line of 1898 wheels that will be seen here this year. We shall also receive a line of Kensington's. It will pay you to wait.

## ARE ALL FOR HARMONY

### THE POLITICAL PRISONERS WILL SEEK LIBERTY.

Carl Widemann Will be the First to Follow Wilcox With His Petition and Oath of Fealty.

The appeals for harmony made by Minister Damon and one or two Councilors at the Council of State meeting on Friday afternoon, touching upon the political prisoners, has already begun to bear fruit.

Carl Widemann, son of Judge Widemann, who was one of the leaders of the '95 revolution, and who was in a very bad way with the present government, will place his application for pardon, accompanied by an oath of allegiance to the Republic of Hawaii, in the hands of Attorney General Smith this week.

Robert W. Wilcox's petition for pardon, which was tendered the Attorney General on Friday afternoon, just a few moments before the Council of State meeting, will probably receive the consideration of the Cabinet this week. From Mr. Wilcox it is learned that several other political prisoners now on parole, are contemplating following the move taken by Mr. Widemann and himself.

Mr. Wilcox insists that his oath to the government is sincere and that he will do all in his power to bring out harmony. He believes that the big family row here has existed long enough. He has no doubts but that harmony will prevail between the government and the political prisoners within a very short time, now that the government.

### ADVERTISED FOR A HUSBAND.

A marriage which was brought about by an advertisement in a Chicago matrimonial paper, and which has aroused a great deal of comment among the relatives of the bride and groom, was that of Mrs. Joseph Laurier of Binghamton, N. Y., and Leroy H. Wright of San Francisco. Mrs. Laurier is an ardent admirer of the Remington bicycle and it was through the advertisement of a husband who rode a Remington that she procured her wish. ## WHAT SAILOR MEN TALK OF

### CAPTAIN HATCH OF THE LOUIS DEAD.

Fort George and Kate Davenport in Port—Sugar Vessels Ready to Go—New Charters—News and Gossip.

The Captive is expected from Yokohama this afternoon.

The Iredale will sail for the Coast tomorrow with 1800 tons of sugar. The Nuamuu will go to Kahului tomorrow afternoon in tow of the Claudine.

The Lehua arrived this morning, after an absence from port of nearly two weeks.

The brig John D. Spreckels sailed at noon with a full cargo of sugar and four passengers.

The S. C. Allen is discharging at the Fremont wharf and will be ready for sugar Wednesday morning.

The R. P. Rittel will receive her first sugar today, 1000 bags from the Makae and 2000 from the Iwatali.

The day is not being observed anywhere on the front. Although there is plenty of hunting flying, the crews are all the work.

Mate Wolters of the J. L. S. N. Co.'s fleet has accepted the position of first mate in the Robert Lewers, which will shortly leave for the Coast.

It was inadvertently stated in this column last week that Mr. Matthews had resigned as purser of the Mauna Loa. He has not resigned, but is merely lying off on account of ill health.

The S. S. Monna arrived late Saturday afternoon, having been detained in San Francisco until the 9th, on account of the mails. She experienced two days of very bad weather. The Monna sailed on the same day at 10 p. m. for the Colonies.

The American bark Kate Davenport arrived yesterday from the Sound, with 1,165,000 feet of lumber for Allen & Robinson. She was 29 days on the way, experiencing considerable rough weather. Mrs. John Nichols and daughter were passengers.

The Hawaiian ship Fort George, arrived yesterday, 23 days from Nainaimo, with 2803 tons of coal for the Inter Island company. She comes to secure a permanent Hawaiian registry and will carry back a cargo of sugar. Captain Morse is very well known in this port. The Fort George is lying in the stream.

The last steamer that left San Francisco for the Orient had on board 3550 bales of cotton for Japan. These cotton shipments continue increasing in volume and are practically double what they were last season. Steamship room is lacking to keep the consignments going promptly forward.

A press dispatch from Lima, Peru, dated January 2nd, says: Captain A. J. Hatch, of the schooner Louis, which recently arrived here from San Francisco with a cargo of lumber, died at Callao. Captain Hatch was well known in this port, where he has called several times. The Louis was here with a coal cargo a few months ago.

The little white steamer J. A. Cummins made a great showing last week. Despite the heavy weather she made three trips to Oahu ports, taking full cargoes, and bringing back over 4000 bags of sugar in addition to a quantity of rice. Captain Searle stops for neither wind nor weather, and is proving himself the right man in the right place.

George U. Hind and James Rolph, Jr., both gentlemen well known in business circles here, says the San Francisco Commercial News, have formed a partnership under the firm name of Hind, Rolph & Co., and embarked in the shipping and commission business, paying particular attention to the Hawaiian trade. They have ample capital at their back. They are agents for the Island Line of sailing vessels, trading between this port and Honolulu.

### ILLITERACY OF SPAIN.

As Spain is backward in statistics, as in everything else, the latest educational reports obtainable are those of 1889, in which the percentage of the adults unable to read or write is fixed at 71.5, the highest rate of illiteracy in Europe, except perhaps in Portugal and the Italian Islands. The annual increase of population is from one-third to one-half of 1 per cent as against 11.65 in England. With a soil 80 per cent of which is productive, and a mineral wealth surpassing that of almost any other European country, her mineral resources are almost undeveloped, agricultural is neglected being pursued only on a small scale, and in the most primitive fashion, and, with the exception of Madrid and Seville, her cities with their grass grown streets and silent plazas, wear an air of poverty, desolation and ruin. Of trade there is little, of commerce almost none, and an atmosphere of decay broods over the land which seems slumbering under some enchanter's spell, dying of inanition in the midst of plenty.

Not smoother is the sea of glass. Oft heard about in Bible class—Than one from Charles Molteno's place With a newly shaven face. On Merchant street, "just as of yore," He'll cut your hair La Pompadour.

### MERCHANTS' EXCHANGE.

No expense has been spared in fitting up the Merchants' Exchange saloon, and it is a very attractive place. Mr. Shaw gives his personal attention to all details, so that customers are sure of getting pure liquors. Enterprising beer is handled here, fresh by every steamer. Your patronage solicited.

### DESERVING OF PATRONAGE.

The Criterion Barber Shop is deserving of your patronage for the reason that the artists in charge make it a point to make you feel that you are at home and no one is slighted or neglected.

## Facts About Health

### It is Easy to Keep Well If We Know How

### Some of the Conditions Necessary to Perfect Health.

The importance of maintaining good health is easily understood, and it is really a simple matter if we take a correct view of the conditions required. In perfect health the stomach promptly digests food, and thus prepares nourishment. The blood is employed to carry this nourishment to the organs, nerves, muscles and tissues which need it. The first great essential for good health, therefore, is pure, rich blood. Now it is certainly a fact that no medicine has such

### A Record of Cures

as Hood's Sarsaparilla. It is literally true that there are hundreds of people alive and well today who would have been in their graves had they not taken Hood's Sarsaparilla. It is depended upon as a family medicine and general regulator of the system by tens of thousands of people. This is because Hood's Sarsaparilla makes the blood pure. This is the secret of its great success. Keep your system in good health by keeping your blood pure with Hood's Sarsaparilla, which absolutely cures when other medicines fail.

"I had pimples on my face and a large boil on one hand. I began taking Hood's Sarsaparilla and after using three bottles I was cured." J. W. JOHNSON, 3 South Broderick St., San Francisco, Cal.

### THE MAUI TELEPHONE CO.

MOVES INTO NEW OFFICES AND SHOWS PROGRESS.

Grand Concert at Spreckelsville proves a Success—Pumping Plant Does Good Work—Jap Commits Suicide.

Maui, January 15, 1897.

The stockholders of the Maui Telephone Company elected the following officers last Monday, at Paia plantation office: H. P. Baldwin, president; D. C. Lindsay, vice president and auditor; C. H. Dickey, secretary; E. B. Carley, treasurer. The new trustees elected were R. A. Wadsworth, A. Hanneberg and W. O. Allen.

The company have leased the premises just makai of A. Fernandez's store at Paia, and here Superintendent Carley and family will reside, and the Paia central office will be located. This move is made to improve the service, and with the same object in view another line of poles is to be placed from Paia to Makawao. The Paia office will be in running order within a week.

A Japanese laborer at Spreckelsville committed suicide at Camp 2, about a o'clock this morning, by hanging himself with a rope to the rafter in his room.

The pumping plants are doing wonders at Spreckelsville this year. The plantation expects 14,000 tons this year. When the new pumping plant is finished, making several thousand acres more available for cane a crop is looked for that will surpass the islands, and place their plantation up in the front rank.

William H. Bailey has resigned as chieftainer at Hanakoupo and he leaves today en route for his Oakland home. E. A. Wilson, formerly a firm at the same place, is the new timekeeper.

J. P. Cooke came up last night on the Kihau, and returns this afternoon with his family. Other departures on the Claudine are Miss Kate Paty, Mr. and Mrs. J. Waldvogel, and Mrs. H. G. Alexander and daughter.

Paia plantation commenced grinding last Monday morning.

T. H. Davies & Co.'s Paia store is now closed, the stock remaining having all been removed to Waikuku.

The barkentine Eureka sailed Wednesday last in ballast for the Sound.

The concert at Spreckelsville on Tuesday night last was quite a musical treat, and very much of a success. The house was well filled by people from all parts of the central Maui and about \$70 was realized. This money goes to fit out the brass band being formed at Spreckelsville. The program of the evening was as follows:

### PART I.

March—"El Capitan"..... Souza Orchestra.

Vocal Selection—"Old Oaken Bucket"..... Woodworth Quartette.

Zither Solo—"O'kehr zurueck, du susser Traum"..... Andorff Joseph Schulmeister.

Waltz—"Tres Jolie"..... Waldteufel Orchestra.

Ocarina Trio..... Deteeles Sanborn, Seales, Schulmeister.

Violin Solo—Fantasia, "Home, Sweet Home"..... Bowman Joseph Schulmeister.

Potpourri from "Il Trovatore"..... Verdi Orchestra.

### PART II.

Selection from "Chimes of Normandy"..... Planquette Orchestra.

Flute Solo, with Violin Obligato—"Nightingale Song"..... Zeller Percival S. Seales, Jos. Schulmeister.

Waltz—"Annen," from "Nanon"..... Genee Orchestra.

Zither Trio—"Vermahlungs Polka"..... Paschinger

Mrs. E. L. Vander Naillen, Joseph Schulmeister, E. R. Lind.

Clarinet Solo—Fantasia, "Rocked in the Cradle of the Deep"..... Rollinson Thomas P. Rochfort.

Mele Hawaii..... Arranged by Schulmeister Orchestra.

The different numbers on the program were well executed, and received much applause. The vocal selection, "Old Oaken Bucket," by the Quartette, deserves special mention, as does also the selection from "Il Trovatore," by the Orchestra. After the program dancing was indulged in until the hours were well on towards morning. A most enjoyable evening was had, and it is hoped it may be repeated soon.

When the brass band is fitted out Maui will then indeed have music in the air.

## Crazy Competition

is the ruin of all business enterprise. People cut prices to get trade because they can't get it any other way. A good mechanic can command and get a fair price for honest work. My standard of work and prices are the same as they have been for the five years I have been in business here.

I don't claim to know it all and don't want it all, but just take this opportunity to let the public know that the old stand is still open at 231 King street, opposite the Arlington Hotel.

## Company.

The cleanest, brightest, safest and really, in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks."

This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

## ENGLAND LATE IN ACTING

### GERMANY'S SUCCESSFUL COUP IN THE FAR EAST.

Gains Cession of Kiao-chau Bay—England May Aid China Financially—English-Japanese Alliance Likely.

The situation in the Far East is very critical. Germany was successful in securing from the Chinese government the cession of Kiao-chau bay, a formal announcement that an understanding had been reached being announced from Berlin on the 24th inst. It is conceded on every hand that England was outwitted by the German diplomats, and that it will cost her dearly to get what she wants in the Far East at this late date. The English press, after taking a most gloomy view of the situation at the latest accounts, was trying to belittle Germany's acquisition in the Orient.

The declaration said to have been made by Great Britain to the powers engaged in the seizure of Chinese ports, and the absorption of Chinese franchises is calculated to bring matters in the Far East to a crisis. According to the text Great Britain has not only denied the right of any power to obtain special and exclusive concessions of naval ports, mine and railroad properties, but has insisted that, if territories are ceded, British interests must be safeguarded and the British government given ample compensation.

China is said to have applied to England for a loan of £15,000,000, at 3 per cent, at the same time asking for the good offices of the British government. England according to the dispatches has considered the matter favorably.

The London Standard of the 8th inst., in an important editorial, apparently inspired, says: "For the present it must suffice to say that China has made earnest overtures for Great Britain's good offices, and that Lord Salisbury is giving the closest attention to the matter in its practical aspects. The probabilities point to a settlement, which, without involving undue risk to the British exchequer, will secure for England advantages, the value of which cannot be appraised in mere monetary terms."

The editorial proceeds to state that the loan will be partly devoted to paying the Japanese indemnity, and "will thus make the Emperor of China again the master of his own house, while enabling the Mikado to increase his army and fleet so as to render Japan a power which the strongest western state cannot afford to affront."

The editorial declares "it is the common policy of England and Japan to bring the commercial development of China into harmony with its territorial integrity, and in pursuance of this policy the cordial co-operation of the United States may be presumed."

With reference to difficulties in the way of a British guarantee loan the editorial says: "Happily, there is no absolute dearth of expedients."

England is said to be assembling a powerful fleet in Chinese waters. Japan shows a disposition to become England's ally in putting an end to the aggression of Germany and Russia.

A special dispatch from Shanghai, on the 8th inst., says that a Japanese fleet of three battle ships, three first class cruisers and numerous smaller vessels have received orders practically placing them at the disposal of Sir Alexander Buller, British commander in chief of the Chinese station, this step being taken in case Russia persists in ignoring the joint interest of England and Japan.

Russian aggression has become so marked that she practically has seized that much despised territory.

A New York dispatch of the 8th inst. says when the Germans seized Kiao-chau bay, England protested as is already known, but it was not known until today that the German government gave certain assurances which ordinary persons would call extremely vague, but which, in the language of diplomacy, would be described as satisfactory. Today it is learned that those assurances by no means square with the terms of the bargain secured by Germany. Fresh protests will have to be made therefore from London, and it was doubtless for hearing Lord Salisbury's new note and of discussing the scheme for guaranteeing the Chinese loan that the Ministers met today.

A London dispatch of the same date has the following important information:

It is amusing to notice Russia and France courting Japan. Both of them are in deadly fear of her forming an offensive and defensive alliance with Great Britain. As a matter of fact, there are things much more unlikely than the eventual alliance of Great Britain, China and Japan, and the contingency should acquire still more probability should Great Britain, as it now seems certain, guarantee a Chinese loan. At the present moment, so far as Great Britain is concerned, the loan is the kernel of the whole question.

A suggestive piece of news is that Japan has purchased two cruisers of 9000 tons each which have been building in England for China.

Mr. Elisha Berry of this place says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which afforded prompt relief. R. F. Baker, druggist, St. Paris, Ohio. For sale by all druggists and dealers. Mrs. Owen was a resident on the Islands for some years and has kept in constant touch with them since her departure, after her husband's death.

L. A. Choy Proves His Mettle in the Flowery Kingdom.

L. A. Choy, of Lahaina, is in Shanghai, China, at present. He has been in the hospital there, ill with typhoid fever for a month, but has now recovered.

He has been keeping up the reputation of the Lahaina Citizens Guard in that part of the world, for just previous to his illness, he went out with some of the boys there, and in fifteen shots made 67 points out of a possible 75, at 200 yards.

Most of the members of the Lahaina Citizens Guard have commenced to practice again in good earnest, for Wailuku is talking of challenging Lahaina to a ten man shoot.

Nearly two years ago Lahaina sent a formal challenge to Wailuku, but up to the present has received no answer to it. If Wailuku does pluck up spirit Lahaina will not be found to be backward in accepting.

Lahaina, January 15, 1898.

**LIEUT. LEFAVOR'S SENTENCE.**  
WASHINGTON, January 6.—Acting Secretary Roosevelt has acted upon the proceedings of the court martial, which, at Mare Island, found Lieutenant Frederick H. Lefavor, the executive officer of the gunboat Wheeling, guilty of drunkenness on duty, but acquitted him of the charge of scandalous conduct.

The sentence of the court was that he lose four numbers on the list of the lieutenants. This was approved by the department, with the comment that the sentence appeared to be inadequate for the offence.
