## Kauai Returns From Salvage Trip

A wireless message arrived from Kauai today, stating that the steamer Kaula, which went to French Frigate Shoals to make an attempt to salvage the stranded French bark Connetable de Richmond, arrived from the scene of the wreck this forenoon. She did not succeed in taking the stranded bark off the reef. No details regarding what she found on the Connetable de Richmond in, or what work the steamer did at the shoal, are to be obtained at present.

The Inter-island steamer Waialeale is scheduled to leave this port today, ostensibly for Lahaina and Kaaanapali. It is practically certain that she will go to the French Frigate Shoals to engage in the work of salvaging the stranded bark. Inter-island Steamship Company officials, when questioned on the subject, refused to either confirm or deny the report that the Waialeale was going to the shoal. One official, who is in a position to know, stated that it was "possible" that she might go.

In that case, it is probable that the Kaula on arriving at the shoal found that it was possible to salvage the bark by the aid of another steamer and, returning to Kauai, wired for assistance. Another possibility is that the Kaula found that the bark was in such a position that a smaller steamer might do the work which the Kaula may have been prevented by her size from venturing to do it.

## IROQUOIS TO MIDWAY FRENCH FRIGATE SHOALS

The U. S. S. Iroquois will sail for Midway Island tonight at 10 o'clock. She will carry about twenty tons of supplies for the cable people, and mail. She will take Prof. Morse as a passenger and will also take his instruments. He is to do longitude work on Midway Island.

If the weather is favorable, the Iroquois will go to the shoal on her outward trip and will, on her arrival at Midway Island send a cablegram to Honolulu relating the condition of the French bark Connetable de Richmond. Captain Rodman may also land a hand in the hoisting of the vessel, if this can be done without danger to his vessel.

The Iroquois will probably make the trip to Midway in about six days. She will only make a very short stay, leaving as soon as she has discharged her cargo. She will bring back with her the crew of the wrecked schooner Julia E. Whalen and mail.

Kekuewa, the convict who ran away from the chain gang yesterday forenoon, was apprehended on School street yesterday at 2:30 p. m.

## IS IT DOLE?

Will Governor Dole step into the position rendered vacant by the death of F. S. District Judge M. M. Estee? This is the question that is being asked in government circles and around town, based on rumors to the effect that no sooner had Secretary Carter arrived here in the Siberia than he was summoned by cable from Washington to return to the Capital on the next boat, the Korea leaving on the 3rd of next month.

It is said that the President contemplates appointing Governor Dole as Federal Judge for this district and that, possibly, he will name Carter as Governor of Hawaii; that the cable received by Carter this morning requires Carter's presence at Washington for purposes of consultation on the matter of his taking the Governorship at once in the event of the President's appointing Governor Dole in the late Judge Estee's place.

It was also said that Governor Dole had received a cable asking if he would accept the Federal Judgeship.

Governor Dole was seen this afternoon and asked in regard to these assertions.

"I have received no such cable from Washington in relation to the Federal Judgeship," said the Governor. "In fact I have received no cables this morning at all. I called the President yesterday of the sad death of Judge Estee, acquainting him with the conditions here, the state of business in the Federal Court, and recommending that someone be appointed temporarily or otherwise to take up the important work which was left unfinished when Judge Estee died.

"No answer was required. My cable

was simply one of information to impress the President with the fact that a Judge to take Judge Estee's place was needed as soon as possible.

"Would you accept the Federal Judgeship, Governor, if it were offered you?"

Governor Dole laughed pleasantly. "Well," he said, "it is impossible for me to say. I have heard nothing of the matter at all. Perhaps Secretary Carter has received some message."

H. E. Highton's name was mentioned

## WHAT CARTER SAYS

Secretary Carter was communicated with and asked as to whether he had been cabled to return at once to Washington. He answered that he had received no such cable, and when told of the rumor to that effect replied that there were rumors started here that he had not yet got into the swing of. Secretary Carter said he knew nothing of the matter of a successor to Judge Estee. He knew of nothing that would require his immediate return to Washington.

Secretary Carter's family did not return with him from the mainland.

This afternoon the Secretary is engaged with a Home Rule delegation which is anxious to get from him some definite information in regard to the rejecting of ballots, they are not satisfied with Attorney General Andrew's opinion declaring that all imperfectly marked ballots, even so in regard to the vote for one particular officer, must be rejected.

The schooner Mol Wahine is having a new mainmast put in.

as that of the possible successor to Judge Estee. It is said that he has cabled friends on the mainland and that they will work for him for the position. Others said Highton was not a Republican and that he would be a Republican who would be appointed to the late Judge's position.

It was also said this morning by one who is in a position to know something of the Governor's mind, that Governor Dole favors General Hartwell for the Federal Judgeship.

The general question of the late Judge Estee's successor and, if Dole were appointed, the other positions that would have to be filled, was discussed with great interest in the Capitol this morning.

It seemed to be the opinion of many that if Dole was named Federal Judge, Carter would be Governor and, possibly, A. L. C. Atkinson would be appointed Secretary.

The Federal court is at a standstill. U. S. Attorney Brooks and Assistant U. S. Attorney Payne are busily engaged in ascertaining the exact status of the court by reference to the authorities.

Resolutions have received no cable from Washington. He has heard nothing definite in any way in relation to the Judgeship.

Although there was a meeting of the executive council this morning, Secretary Carter did not attend and he showed no cable to the Governor in relation to being called back to Washington.

## Mrs. Booth-Tucker Killed In Accident

[Associated Press Special Cable.]  
KANSAS CITY, Mo., Oct. 28.—Mrs. Emma Booth-Tucker, the commander of the Salvation Army workers in the United States, was killed today in a railroad wreck near this city.

Mrs. Booth-Tucker was the second daughter of General Booth, founder of the Salvation Army movement. She was a woman of remarkable ability and played a most important part in the direction of the Army work of the States.

## FORTY-FOUR WENT DOWN

## Russians Occupy Mukden

[Associated Press Special Cable.]  
MUKDEN, China, Oct. 29.—The Russians have again occupied the guardhouses at Mukden. The reason given for this action is the alleged weakness of the Chinese to furnish proper protection.

## Kaiser Offers A Cup

[Associated Press Special Cable.]  
LONDON, England, Oct. 29.—Kaiser Wilhelm has announced that he will present a cup for the trans-Atlantic yacht race proposed by Sir Thomas Lipton. It now seems assured that the race across the Atlantic will be the yachting event of next season.

# OUR CREDIT GOOD SAYS CARTER

Secretary of the Territory George R. Carter returned from his Territorial mission in the East in the steamship Siberia this morning, bringing with him the just printed Hawaii Public Improvement Bonds, one thousand of the handsome, crisp securities, of the face value of one thousand dollars each, to be signed by the Territorial Treasurer and Registrar of Public Accounts and then, as soon as possible, returned to the United States Mortgage and Trust Company in New York, to be placed in the company's vaults and delivered as ordered by Treasurer Kepoikali after it is determined what bidders are to receive the securities.

Governor Dole, Attorney General Andrews, Superintendent Cooper, Superintendent Atkinson, Treasurer Kepoikali, Registrar Buckland and others were present when Secretary Carter arrived at his office in the Capitol this morning. The Secretary hastening to the executive building with his bonded suit case as soon as he left the Siberia. The Secretary was welcomed back, the Governor remarking: "Mr. Carter, we are just about to hold an executive council, so you are in good

time to attend."

A huge bunch of yellow chrysanthemums in a large vase decorated the Secretary's desk. The Secretary himself wore a green-leaf lei. "Yes, I am glad to be back home," he said.

F. H. Howland of the Municipal Bond Certification Department of the United States Mortgage and Trust Company of New York, was a passenger from the mainland with Mr. Carter.

Carter's suit case was at once opened and the Secretary drew out the sealed packages containing newly printed bonds.

Treasurer Kepoikali and Registrar of Public Accounts Hapal immediately seated themselves at a round table in the Secretary's office and armed with pens, ink, and blotters, proceeded to affix their signatures to the bonds. Treasurer Kepoikali signing first then Registrar Hapal, Mr. Howland witnessing the operation and handing out and arranging the securities.

The signing of the thousand bonds occupied about one and a half hours. The bonds will be sent back to New York in the steamship Korea, sailing

hence on November 3, election day.

It is required that an affidavit be made as to the signing of the bonds by the proper officials. This affidavit goes to New York with the bonds and the securities are then signed by the secretary of the United States Mortgage and Trust Company, certifying to their having been properly signed by the Territorial officials.

The blank of the proposal for the bonds is as below:

To HON. A. N. KEPOIKALI,  
Treasurer Territory of Hawaii.  
Sir:—

For \$..... par value of Public Improvement bonds referred to in the annexed notice, which is hereby made a part of this bid, ..... will pay the sum of ..... Dollars (\$.....) and, in addition thereto, accrued interest to the date of delivery of said bonds, and accept delivery of said bonds at the office of the United States Mortgage and Trust Company, 55 Cedar Street, New York City, on November 24th, 1903, at 11 a. m., unless a subsequent date shall be mutually agreed

upon.

The certified check of \$..... being 2 per cent of the par value of bonds bid for, payable to the Treasurer of the Territory of Hawaii, accompanying this proposal, is to be returned to ..... upon the award of these bonds, provided this proposal is not accepted, otherwise to be retained by said Treasurer until the delivery of said bonds and the payment therefor, as above stated, and to be retained as and for liquidated damages in case of ..... failure to make such payment.

No addition or alteration to be made to the above proposal, and the same must not be detached from the annexed advertisement.

Bids will be received in the United States Mortgage and Trust Company, in New York, or at the office of the Treasurer of the Territory of Hawaii, in Honolulu, H. T., until 2 o'clock p. m. November 18th, 1903.

The U. S. Mortgage and Trust Company is sending out to every bank in the country pamphlets concerning Ha-

wai's improvement bonds. This pamphlet includes the form of the bonds and coupons, copies of the advertisement of the Territorial Treasurer, a financial statement, extracts from the Organic Act relative to loans, a copy of the Loan Act approved April 25, 1903, and other pertinent information.

The financial statement shows that the entire bonded indebtedness including the proposed loan is less than the annual income of the Territory and less than 2 per cent of the assessed valuation of taxable property.

By Act of Congress the public debt of the Territory is limited to 7 per cent of the assessed valuation.

Neither the Territory nor its predecessors the Republic and the Kingdom of Hawaii have ever defaulted in the payment of principal or interest of the public debt.

The entire debt of the Republic of Hawaii amounting to \$4,000,000 was assumed by the United States Government at the time of organization of the Territory, and has been paid off by the United States Government with the

**MRS. ESTEE GRATEFUL**

Mrs. Estee, just previous to her departure in the Alameda made a personal request that the Bulletin express her rincer and heartfelt gratitude to the people of Honolulu for the great kindness bestowed upon her and her late husband during his illness and following his death. The burden of her sorrow was lightened as much as it was possible for friends to do. Mrs. Estee was particularly grateful to Rev. Mr. Kincaid who was with the Judge during his illness and beside him when the final call came. Mr. Kincaid's powerful address at the funeral ceremony was mentioned especially by Mrs. Estee as a comforting memory to her, and the heartfelt sentiment of a true friend to her husband.

The general rehearsal of the "Musical Pictures from Many Countries," which is to be given for the benefit of the free kindergarten, at the Punahou Preparatory hall tomorrow night at 8 o'clock, took place last night. Almost all the numbers of the program were rehearsed. They all, without exception proved to be of the most excellent merit. There is not a single number of the program which is not in itself an absolute artistic, unique and beautiful production.

The Governor has ordered the Territorial band to play at the home of the late Delegate Wilcox at 10 o'clock tomorrow forenoon.

## SLOGGETT IS NAMED WILL HAVE CHARGE OF NEW INSANE ASYLUM

**BUSINESS OF BOARD OF HEALTH, ASYLUM SITE APPROACHING SETTLEMENT—SANITARY RULES.**

The Board of Health held a regular meeting yesterday afternoon at 3 o'clock, President C. B. Cooper, Dr. J. S. B. Pratt, Dr. W. H. Mays, Attorney General Lorrin Andrews, F. C. Smith, E. C. Winston and Superintendent Jack McVeigh being present.

The Board of Medical Examiners recommended that Dr. Jas. R. Judd be given a license to practice, which was accordingly granted.

Dr. J. T. McDonald, bacteriologist, was granted a vacation for five weeks dating from Oct. 5.

Harry Kunakahi was appointed clerk, to assist Secretary Charlack, at a salary of \$50 a month.

Dr. C. R. McLean was appointed Territorial physician for Lihue and Koloa vice Dr. E. S. Goodhue, who tendered his resignation to date from December 31.

There were three applicants for the position of superintendent of the Insane Asylum, namely, Dr. E. S. Goodhue, Dr. C. P. Peterson and Dr. H. C. Sloggett, who sent his application by cable from Shanghai. Dr. Sloggett was appointed to the position.

Attorney General Andrews submitted a regulation fixing the fee for a disinfectment certificate at \$2.50.

Dr. J. S. B. Pratt submitted a set of sanitary regulations for Lainaia, Maui. The regulations provided for the sanitary measures to be used at the fish-market, the keeping of swine outside of a limit of one mile from the post-office and a sewer system for all buildings within 100 feet of the sea. The practicability of the last measure was the subject for some discussion. It was finally decided to delay action in the matter until Dr. Maloney and Agent Vettesen could be heard from.

The site for the new insane asylum was discussed by Dr. Cooper, who stated that a decision should be reached in the near future. There were two sites especially adapted, one at Palolo, where there were fine public lands with water and taro patches. This place

would afford such facilities for the inmates to raise food plants that the institution could become almost self-supporting in that line. There was another good site near Waialua. Governor Dole and Superintendent Cooper seemed to favor the Palolo site.

Plumbing Inspector Kean submitted the following report:

I have to report the following detail of the work of this office for the semi-monthly period ending October 15th, 1923:

Number of plans received and permits issued for same, 23; number of final certificates issued, 25; number of building plans received, 5, of which I have approved 4, one being irregular; number of inspections of plumbing and house sewers made, 76; number of sewer connection made, 8; number of inspections of new and old building sites made, 18.

The following two letters were submitted by Dr. Cofer:

I have to report the health conditions in the Orient as follows:

Hongkong, two weeks to September 26—Plague cases 3, deaths 3.

Shanghai, two weeks to September 27—Cholera cases 0, deaths 25.

Nagasaki, two weeks to October 3—Cholera cases 2, deaths 0.

Yokohama, two weeks to September 26, 1923—Cholera cases 2, deaths 2.

I have to report the health conditions in the Orient as follows:

Hongkong, two weeks to October 3—Cholera cases 1, deaths 1; plague cases 4, deaths 4.

Shanghai, two weeks to October 2—Cholera cases 0, deaths 23.

Nagasaki, two weeks to October 9—Clean.

Yokohama, two weeks to October 2—Plague cases 3, deaths 2.

Kobe, two weeks to October 11—Cholera cases 2, deaths 1.

It is a Real Pleasure to us to speak favorably of PAIN-KILLER, known almost universally to be a good and safe remedy for burns and other pains of the body. It is valuable not only for colds in winter, but for various summer complaints, and should be in every family. The casualty which demands it may come unawares—Christian Advocate. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

## REPUBLICAN ORATORS AROUSE ENTHUSIASM FOR STRAIGHT TICKET

Inclement weather did not interfere with the rousing Republican rally at the Orpheum theatre last evening.

Numerous ladies, as well as hundreds of the sex that votes gathered in the hall early in the evening, and, while waiting for the bursting forth of the numerous fountains of eloquence situated on the brilliantly lighted stage like so many cones about to act in a magnificent volcanic display, listened to spirited music by William Ellis' quintet club and observed the decoration of the hall, consisting of numerous American flags and a generous display of national colors in other forms, wrapping pillars, covering walls and covering the boxes near the stage.

Chairman Attorney General Andrews, with a rap of the hammer, opened the proceedings, welcoming all present in the name of the Young Men's Republican Club. He spoke of what the club stood for. It stood for good government and the speaker believed that good government could best be obtained in the present case by the voters of the country casting their ballots for the candidates named on the Republican ticket.

**No Home Rule Party.**

Referring to the Home Rule party, so called, the opponents of the Republican party, Mr. Andrews stated that this opposing party was not in reality a "Home Rule" party, not a party organized for home rule; as some one had well said on some previous occasion, the opposing party was not of the people, for the people and by the people, but of Kalaupokalani, for Kalaupokalani and for Kalaupokalani.

R. N. Boyd, candidate for surveyor, being complimented and introduced, said, among other things:

"Not many years ago we Hawaiians were an independent nation and were spoken of in history as the only dark skinned people in the Pacific who were capable of self-government.

"Now I am glad to say that we are citizens of the great United States.

"The stepping stone to success is trust and confidence in one another. Without this in furthering the interest of our Republican party, the work becomes a hindrance instead of a pleasure.

"We must have capable officers to steer our political ship to a safe anchorage.

**Business Proposition.**

"This county government is a great business organization of which every voter is a member. We must see to it that we give the offices under that organization to men who can be trusted. We must give these duties in the charge of the best business men of the city and we can do no better than to vote the straight Republican ticket, for

there honest, capable men are named. Support those candidates and you will support good government.

"We are proud to be citizens of the great nation whose eagle screams over these islands, whose eagle screams from the icicles of the arctic to the tropic. Let us honor the American flag which gave us and our sons the right to vote for our own officials.

"Congress believed that we were the sons and daughters of the soil as much as any others whom Columbia has taken under her care."

**Republican Representative.**

Harry Murray, candidate for clerk introduced in terms of praise by the chairman, began by saying:

"I come before you as a representative of the Republican party. I ask you to vote for me; and I believe I am as capable of filling the position of county clerk as is my opponent on the other ticket.

"I ask you to give me your votes and if you do give them to me, I will do the best that is within me to properly fill the position.

"I am put on the ticket because it is believed that I can fulfill the duties of that position and I shall do all in my power to support that ticket."

**Robertson Asks Obedience.**

A. G. M. Robertson spoke earnestly for a straight ticket. Said he: "Supposing there are coming down toward a winning point two stately yachts. All other things being equal, that yacht will win the race whose crew best obey the commands of their officers.

"Here are two vast armies facing each other, ready and anxious to engage in mortal combat, that army best organized, best equipped, will go to victory.

"This is no new idea. It is a law of nature.

"When America gained her independence, she formed a confederation. There was no executive to enforce command. In marked contrast to this was the government that followed, the government of the great United States of America.

The very nature of this government required something to back it up. This was found in the formation of parties. The organization of these parties meant party obedience and party loyalty.

"It is said this is a government of, for and by the people.

**The Parties Rule.**

"It is more correct to say that this is a government of and for the people by parties.

"It is necessary for the welfare of any great party that there should be implicit obedience to those in command, just as it is essential in the example of the yachts and of the opposing armies.

## Don't Stay Sick When a Postal Will Bring You Help.

Write me today, for each day's delay means a day more of ill-health. Just tell which book to send.

I will mail you an order—good at any drug store—for six bottles Dr. Sloop's Restorative. You may take it a month on trial. If it succeeds, the cost is \$5.50. If it fails, I will pay the druggist myself—and your mere word shall decide it.

While you are waiting, thousands of others are cured. Out of each 40 who make this month's test, there are 39 who pay for it gladly, because they get well. I willingly pay for the rest.

You don't need to have faith in me. I have the faith, for I know the remedy; and I take the risk. Won't you simply try to get well?

I have spent a lifetime in learning how to strengthen weak inside nerves. My Restorative brings back that power which alone operates the vital organs. I treat a weak organ as I would a weak engine, by giving it the power to act. My way always succeeds, save when a cause like cancer makes a cure impossible. And most of these chronic diseases cannot be cured without it. You'll know this when you read my book.

Simply state which book you want, and address Dr. Sloop, Box 117, Racine, Wis.

Book No. 1 on Dyspepsia  
Book No. 2 on the Heart  
Book No. 3 on the Kidneys  
Book No. 4 for Women  
Book No. 5 for Men (sealed)  
Book No. 6 on Rheumatism

All cases not chronic, are often cured by one or two bottles. All druggists.

## COMBINATION GAMES

The final series of league baseball games will start Saturday and it is certain the combined teams will furnish first class ball. The series will be for the best two out of three, the losers to put up a team for the winners. The make-up of the teams follows:

Brooks—Gorman, c; Kaal, p; Cunha, 1b; Moore, 2b; Steere, 3b; Lishman, ss; Kennedy, if; Forbes, cf; Kiley, rf. Wise—Kekuewa, c; Renter or Lem-on, p; Gleason or Leslie, 1b; Vannatta, 2b; Ed' Sue, 3b; Williams, ss; Plunkett, if; Aylitt, cf; Jones, rf.

Henry Rosa, the wealthy Cuban planter, who, it is said, gave the greater part of his fortune in aid of the Cuban revolutionists, is confined in the Bloomingdale Asylum for the Insane. Mr. Rosa's estate, which at one time was in the millions, has dwindled, it is said, to \$50,000.

## THE BURNING QUESTION

Ask your neighbor how much it costs to burn incandescent electric lights. She will tell you "not any more than kerosene."

Now how about the convenience?

Do you think there is any comparison?

Most people think electric lights come high, but that is a mistake—ask your neighbor—if she uses electricity she will tell you.

## SAYEGUSA, JAPANESE DRY GOODS.

1120 NUUANU STREET. HONOLULU, H. T. TELEPHONE WHITE 3971.

To ask your support for myself and for every other candidate on the Republican ticket on November 3.

"I believe the Republican party is the party that means success, progress and prosperity to the Territory. It is the party that is in power on the mainland, the party that can and will help us.

"A Republican victory here on the 2nd of November will greatly assist the work of our delegate to Congress. It has been stated that 'Brown has been in office too long,' that he has grown 'fat in body and fat in pocket.' I only wish the latter statement were true. If the convention sees fit to nominate a man for the office of sheriff, who has been in office eight or ten years, that convention evidently has confidence in the man and every Republican should support him.

"There have been many grand juries in the last eight or ten years; if there was anything rotten about Brown it seems that they should have found it out.

"I endorse the sentiments of Mr. Robertson and I don't want any man to vote for me if he is going to scratch any name on the Republican ticket."

Isaac Sherwood followed, speaking chiefly in Hawaiian. He said by way of introductory:

"There are before you two sets of men. One party calls itself the Home Rule party. The other party is that to which you and everybody here belongs and for whose candidates we are all going to vote."

**Business Man's Advice.**

J. A. Gilman, in brief, spoke as follows:

"It is not unnatural, having been a business man half of my life, that I should look at this campaign as a business proposition. The question comes before us on November 3 as to whom we are going to put in charge of this county government.

"You must ask yourself whether you would choose the ticket put up by the Republican party or the ticket put up by the opposition.

"I don't want to see any scratching of the Republican ticket. When you scratch you put in a man on the opposition ticket and there is not a man on the opposition ticket capable of fulfilling the duties of the office for which they are named. They have all of them lived here a long time and are known to you, but they have never been able to do anything for themselves, these men on the opposition ticket, and they cannot be expected to do anything for the community."

**Grand Old Man.**

Chairman Andrews introduced John

Gandall as the "silver tongued orator of Hawaii" and also as "the grand old man of Hawaii."

Speaking for unanimity of action, addressing the house in the Hawaiian language, urging that all vote the straight Republican ticket and allow no internal dissension to interfere with results on election day, the speaker gave as an example of the danger of internal strife the following:

"If I should die and leave a piece of land and there should be a quarrel between my son and my daughter as to which of them should own this piece of land, and my son should hire a lawyer, and my daughter should also engage a lawyer, and they should contest the matter, the whole thing would end in the lawyers getting everything and my children getting nothing, whereas, if they agreed between themselves they might both enjoy the land in common. So is it in this campaign, to enjoy the benefit we must stick together or we will get nothing."

Mr. Gandall held the audience for some time, arousing great mirth, enthusiasm and applause.

**What Lucas Said.**

The last speaker was Jack Lucas; as he talked he walked up and down the stage and delivered his words quickly and pointedly.

"You know what I'm here for," he said, "I'm looking for votes.

"I have lived in this country long before Ashford ever saw it and I intend to stay here when Ashford has gone out of it.

"I don't propose to have Ashford get up before a lot of Home Rulers and say that I don't know my business or can't take care of myself. He knows in his heart that he's a liar.

"I don't intend to be led by the nose by anybody, as Ashford says I will."

E. S. Attorney Breckons did not speak last evening out of respect to the memory of Judge Estes, whose funeral had taken place in the morning.

The meeting closed with music and rousing cheers for the Republican ticket.

Those seated on the platform were: Attorney General Lorrin Andrews, presiding; High Sheriff Brown, candidate for County Sheriff; Harry Murray, for County Clerk; Isaac Sherwood, for Auditor; J. W. Pratt, for Tax Assessor; R. N. Boyd, for Surveyor; W. T. Rawline, for County Attorney; S. E. Damon, for Treasurer; J. A. Gilman and A. Hocking, for Supervisors 4th District; Hon. E. P. Dole, Hon. A. G. M. Robertson, Hon. Clarence Crabbe, Senator A. L. McIndless, Hon. John Gandall, Nabura Hipa, E. K. Liliakani, W. C. Rowe, John Lane and Jack Lucas, for Supervisor-at-Large.

SIBERIA BRINGS LARGE LIST OF PASSENGERS

TRAVELERS FOR BUSINESS AND PLEASURE—COOK'S TOURIST PARTY—OFFICERS OF NAVY.

The Pacific Mail liner Siberia arrived from San Francisco this morning.

The Siberia brought over two hundred cabin passengers, among them being a number of well known island people returning from the mainland.

Among the other well known Honoluluites are Mr. and Mrs. C. C. von Hamm, P. C. Jones, W. A. Kinney, Mrs. A. C. Lovelin, Miss M. J. Mutch, T. J. McKay, Mr. and Mrs. N. S. Sachs, Mr. and Mrs. A. B. Wood.

W. G. Cooper, cashier of the First National Bank, returns from a short trip to the coast.

Among the passengers for Oriental ports the greater percentage are tourists who avail themselves of the excellent new steamer in taking a jaunt around in the far east.

Among the passengers for Yokohama is general old Tom D. McKay, the well known passenger agent, who has visited Honolulu a number of times.

Commander G. B. Harber and Commander H. Osterhaus are both officers of the U. S. Navy, going on duty on the Albatross.

K. Okura is a wealthy Japanese merchant of New York, who, with his son, M. Okura, is taking a trip to his old home in Japan.

H. K. Tetsuka is a Japanese business man from New York, returning to Japan. He is accompanied by his wife and child.

Among the passengers for Manila is Mrs. H. C. Cabell, who is on her way to Sumatra, where her husband holds a high official position.

Mrs. M. Ide and Miss A. L. Ide are daughters of Judge Ide of the Philippine Supreme Court, who go to Manila to join their father.

Mrs. E. E. Custer, one of the passengers for Hongkong, is the widow of the famous General Custer whose gallant "last stand" has gone down in the annals of American history.

Hon. Beekman Winthrop was formerly private secretary to Governor Taft of the Philippines. He is a passenger for Hongkong.

The Siberia carries a large number of steerage passengers and has a very large cargo.

**NEW CHINESE TREATY**

**TERMS OF THE COMPACT SIGNED AT SHANGHAI**

**ADVANTAGEOUS TO AMERICAN TRADE—LIKIN TAX AND THE METHOD OF COLLECTING TARIFFS.**

Washington, Oct. 8.—The State Department was informed today that the American-Chinese commercial treaty has been signed at Shanghai. The cablegram announcing the signing of the treaty was sent from Shanghai and was signed by Minister Conger, Consul General Goodnow and Mr. Seaman, the three commissioners who negotiated the instrument. An imperial decree by the Chinese Government has made the treaty effective so far as that Government is concerned, but it must be ratified by the United States Senate before ratification can be exchanged and the treaty put in operation.

Great satisfaction is expressed at the State Department at the outcome. It makes certain that the two ports in Manchuria will be opened to the United States no matter what the outcome as to the negotiations for the evacuation of that territory by Russia may be. The assurance that Russia had previously given and to which this Government would insist upon is that the treaty arrangements made with China covering Manchurian ports will be binding upon the Russian Government.

The negotiations between China and the United States, which culminated in the treaty signed today at Shanghai, were initiated under the provisions of Article II of the final protocol, signed by the powers at Peking on September 5th, 1901, terminating the anti-foreign outbreak of the preceding year. The present treaty has for its object to extend the commercial relations between the contracting powers by amending our existing treaty of commerce and navigation with China and other subjects concerning commercial relations with the object of facilitating them.

Articles 1, 2 and 3 refer to the rights and privileges of diplomatic officers, consuls and citizens of the United States in China and embody a number of changes which have been sanctioned by usage in China since the treaty of 1858.

Article 4 is the most important of the treaty. By it the Chinese Government, recognizing that the present system of levying dues upon goods in transit and especially the system of taxation known as likin, impedes the free circulation of commodities to the general injury of trade, undertakes, after the ratification of the treaty and at a date to be mutually agreed upon, to abandon the levy of likin and other transit dues throughout the empire, and to abolish all the barriers and tax stations maintained for their collection. The United States, in consideration of this change, agrees, if all other powers having treaties with China do likewise, to pay at the port of entry on all its imports into China a sort of one and one-half times the tariff import duty. By this payment they shall assure complete immunity from all other taxation whatsoever in the empire. Exports from China shall pay 7 1/2 per cent. ad valorem (as at present), the whole amount of the duty being collected at the port of exportation. These are the salient points of this article, which officials believe may bring about a complete and satisfactory reform in the fiscal administration of the empire, and enable the central Government to derive much larger sums from the internal taxes than it now does, when the cost of collection is perhaps 50 per cent. of the whole.

The remaining provisions of article

4 relate to the method to be followed in abolishing the present internal tax levying system. It limits the places where native custom houses can be maintained, provides for certificates of identification for foreign imports and the treatment of Chinese machine-made goods, which are to enjoy a rebate on the import tax. Finally, it provides the method of investigation of complainants and declares that an imperial edict shall be issued at a date to be hereafter fixed, setting forth the abolition of likin taxation and charging the various high officials of the empire with carrying it out.

By another article, the Chinese Government agrees to the establishment of bonded warehouses by citizens of the United States at the open ports of China.

By article 7, the Chinese Government, "recognizing that it is advantageous for the country to develop its mineral resources and that it is desirable to attract foreign as well as Chinese capital to embark in mining enterprises," agrees within a year from the signing of the treaty, to conclude the revision of its mining regulations so that citizens of the United States will be able to carry on in Chinese territory mining operations and other necessary business connected therewith.

Article 9 provides for the protection of trademarks in China.

Article 10 provides for the protection of patents, and article 11 for the protection of copyrights.

By article 13 the Chinese Government agrees to take the necessary steps to provide for a uniform national coinage which shall be a legal tender throughout the empire.

Article 14 relates to Chinese Christians and to missionaries. It insures the former the free exercise of their religion and protects them against the injustice of the native officials, while not, however, removing them from their jurisdiction or claiming for American missionaries the right to interfere with the exercise by the native authorities of their jurisdiction over their nationals. To the missionaries it secures what they have sought for years, a recognition of their right to rent and lease in perpetuity such property as their societies may need in all parts of the empire.

**DYNAMITE BRITISH BALL.**

Lincoln, Neb., Oct. 16.—William J. Bryan today authorized a denial of the report which quoted him as saying he believed that free silver would not be considered at the Democratic National Convention in 1904.

Mr. Bryan said he had not talked with a reporter in Iowa City, from which place the report emanated.

Mr. Bryan announced today that he would make his European trip, concerning which he had doubts a short time ago, and that he would leave within a few days for the East.

if the loan bill had passed that reading by aye and noes. "I could not show him that the Senate had taken the ayes and noes vote, for, if you remember, the matter was referred to a conference committee and the report of the conference committee was accepted by a majority of the Senate. In the House the ayes and noes were taken. For a minute it looked as if I would have to leave the matter there and return to Honolulu to wait two years before the bonds could be issued.

"Judge Dillon said that if Hawaii would take advice from one so far away and so little known here, he would recommend that hereafter that conference committee reports in the Legislature be acted on finally by calling for the ayes and noes. "If the law had permitted the disposal of the bonds at private sale I could have had a million dollars available forty days ago. I could have sold the whole issue to one firm at a better figure than that offered by Politz of San Francisco whose bid, I think, was 98.

"The United States Mortgage and Trust Company people are all right. They did everything in their power to assist things along. They made inquiries in regard to the question of the rate of interest on the bonds, and it was through their advice, since the favorable action taken concerning our bonds in Washington that the rate of interest was reduced to four and a half per cent.

"The Trust Company prepared the form of the bonds and submitted it to Judge Dillon, of Dillon & Hubbard, one of the best-known legal firms in the United States.

"When the Treasurer of the United States announced the acceptance of our securities as security for deposits of public money, the Associated Press reports throughout the country brought immediate inquiries from many sources. Not knowing whom to address, the inquiries were sent to the Treasury Department and came to New York subsequently. One inquiry was from Denver, Colorado; another from Richmond, Virginia. This just shows something of the interest at once excited.

"Some financiers, when I was in New York calling on bankers and waiting for an opportunity to see the President, would not consider any proposition under a million dollars. They wanted the whole bond issue or none. "Bearing Magoun & Co. of New York offered to give me a certified check for the whole issue, the bonds to be delivered later, but of course I could not dispose of the bonds at private sale.

"Now the bonds will be signed and advertised here as they are in New York, there to be held by the Trust Company to await the orders of the Territorial Treasurer after bids have been received and opened and decided upon. The aggregate of bids for portions of the issue may be better than the highest bid for the whole issue, the Treasurer reserves the right to reject any or all bids.

"When I was visiting the Department of the Interior and the Treasury Department in Washington, President Roosevelt communicated with these departments, requesting that everything be done to assist me in the work on hand, and I was certainly treated with the greatest courtesy by all."

Following is the letter sent to the Secretary of the Interior by Secretary Shaw concerning the Federal acceptance of Hawaii's bonds:

Treasury Department, Office of the Secretary, Washington, Oct. 2, 1902.

The Secretary of the Interior. Sir:—I have received your letter of October 2d, suggesting the advisability of the acceptance of Hawaiian bonds issued in the sum of \$1,229,108.03 under the Hawaiian Territorial Loan Act for the present year, as security for deposits of public money of the United States in national banks, and in reply I have the honor to advise you that this Department will accept these bonds as security for deposits of public money in national banks on the basis of ninety per cent. of their par value whenever further deposits may be made, and that said Hawaiian Territorial bonds may at any time be substituted for United States bonds now held as security for deposits, upon condition that the United States bonds thus released be used as security for additional bank note circulation.

Respectfully, L. M. SHAW, Secretary.

F. H. Howland of the United States Mortgage and Trust Co. stated that all legal papers in connection with the bonds are in the custody of the trust company. If prospective investors wish to inquire into the merits of the issue they are at liberty to examine these papers. This often makes a difference to an investor and the record of Hawaii's bond issue is on file for reference at all times.

The engraving of the bonds is a splendid piece of work. It would be impossible for any alterations to be made in the signatures without that alteration, no matter how slight, being detected.
