3:30 O'CLOCK BULLETIN ADVERTISERS ARE THE HIGHEST BIDDERS FOR TRADE EDITION

It is for the merchant to say whether he wants new business. If he is content with what he has, and is certain it cannot be invaded by competition, he may "stand pat." That is his affair. But if he really is anxious for new business he must bid for it through such a public medium as the Evening Bulletin. BECAUSE THE EVENING BULLETIN IS A CUSTOMER-FINDER.

STEPHEN DESHA RESIGNS AS PASTOR

DESHA RESIGNS His Pastorate Of HILO CHURCH

(Bulletin Wireless Special)
HILO, Hawaii, Nov. 14.—Rev. Stephen L. Desha, who was defeated for Supervisor in the election, has resigned the pastorate of the large Hawaiian church here, over which he has presided for many years. It is probable that he will exchange places with the Rev. Timoteo, who is now a traveling evangelist of the Hawaiian Board.
The resignation of Rev. Desha is of special interest at this time as there is a feeling that it has been brought about by the bitter campaign contest in which Mr. Desha was a leading orator. Desha is said to have thrown some pretty hot shot politically which angered people who thought a man of the cloth should have a care as to what he said.
Mr. Desha in his speeches said nothing so harsh as was said from pulpits in this town, but he is of a more forgiving nature than local people and would rather step down and out than be the cause for any serious friction in his church or adverse comment outside it. It is certain that he will not cease his labors for the good of the Hawaiian people.

CAPT. BERGER SAYS \$3,000 IS NEEDED

Joe Cohen's Estimate Is Backed Up By The Bandmaster

PROMOTERS MAY BE HELD FOR ALL DEBTS

LAWYERS SAY THAT THEY ARE RESPONSIBLE FOR SALARIES AND FOR RETURN OF BAND

According to a cable message received at the Governor's office this morning Bandmaster Berger believes with Joe Cohen that \$3000 is needed to bring the band home. Still the band is able to travel as Berger states in his message that they are off for Reno, Nevada.

The following cables which have passed between Governor Carter and the band tell their own story:

Honolulu, November 12. Cohen, Hawaiian Band, Salt Lake City.

How much assistance do you need to rush band home by Sierra Thursday afternoon? Answer paid.

CARTER.

Salt Lake, November 13. Carter, Honolulu.

\$3000 required for my departure direct Honolulu from here.

COHEN.

Captain Berger, Salt Lake. Want my question answered. How much assistance does Cohen need to rush band home by Sierra? Reply paid.

CARTER.

Salt Lake, Utah.

Carter, Governor, Honolulu.

Cohen answered yesterday three thousand correct. Too late Sierra. Salt Korea. Leaving for Reno, communicate there.

BERGER.

There is still a new phase of the situation in the fact which is stated by many of the lawyers of the city that the men who sent the band away are responsible for the debts which may be incurred by the men whom they expected to make money for them. The case as stated is that the ten men here who advanced the money for the band, while not an incorporated company still had formed a partnership for purely speculative purposes, and that, according to law, they can be held responsible and the band boys can collect their salaries from them. It is also said that the are also responsible for the return of the band to Honolulu.

The feeling seems to be all over the town that there is no need of \$3000 to

HILO HARBOR MAY NOT BE LIGHTED

Captain Slattery Says Contractors Want Too Much

THEIR GREED MAY STOP ERECTION OF MONUMENT

PRICE OF THREE DOLLARS PER CUBIC YARD FOR CUSHED ROCK REGARDED AS EXORBITANT

(Bulletin Wireless Special)
HILO, Hawaii, Nov. 14.— Captain Slattery has written a letter to Hilo persons in which he severely criticizes the bids sent in for the rock sand to be used in the construction of the Hilo lighthouse. He says that the rate is exorbitant and rather than pay such prices he will refuse to build the lighthouse.

The text of the letter referred to was given out by Captain Slattery this morning. It is as follows:

Nov. 6, 1906.
Mr. D. E. Metzger, Supt. Hilo Railroad Co., Hilo, Hawaii.

Sir:—Last week I called for bids for 9.14 cubic yards of rock sand and 181.2 cubic yards of broken rock, or what is generally known here as No. 2, the rock being of such size as to pass through a 1-inch ring. All bids received from Hilo were at the rate of \$3 per yard for each. This price, in my estimation, is practically prohibitive, and rather than pay such a price I feel inclined to abandon all proposed work in Hilo. It seems to me simply ridiculous to have to pay such a price for rock at a point where there is such an unlimited quantity of rock.

Will you let me know by return mail if I cannot get some cheaper price than the above.
Very respectfully,
J. H. SLATTERY,
Captain, Corps of Engineers, U. S. A.

Captain Slattery says with reference to the affair that he regards it as an attempt on the part of the Hilo contractors to hold him up, and he will not submit to what he looks upon as an attempt at extortion. It is with him a matter of principle rather than one of dollars and cents. The entire amount involved would not come to very much, but he it much or little, he will not be stuck.

"I am inclined," said Captain Slattery, "to drop the whole project and let Hilo get along without any light. This is not a private enterprise; it is for the benefit of the entire community, and I think that everybody ought to do the best he can for the town. I am willing to pay a fair price for the material I need; in fact, I want to pay a fair price, but I don't propose to pay any such price as three dollars

(Continued on Page 2)

Another \$5, was added to the band fund this morning. Henry E. Walker added this amount to the dollars that have come in as a result of the interest kept up in the matter by the Bulletin.

There will be more to follow, as the cablegrams have been going out to determine in just what position the band is and how much it needs.

One of the young down-town business men said this morning that although he had lost some money in the venture he had already contributed to a fund to assist in the return of the boys, and when he learns more about the exact situation of the band he will get out and hustle more funds together besides doing his share toward promptly collecting in the money needed.

The Police Court, through the agency of Col. Jas. H. Boyd, brought forth money for the band-boys this morning. Mr. Boyd fashioned a small contribution box from paper, marked it Band Fund and passed it about the court. The response was not large but it showed genuine good-will from some people, to whom a five-cent piece means a good deal. There was \$1.80 in nickels and dimes when the box was opened at the Bulletin office and Mr. Boyd put in an additional twenty cents to bring the amount to an even \$2.

SOCIETIES UNITE IN EFFORTS TO ASSIST BAND

A meeting of four Hawaiian societies, among which were the Kaahumanu Society and the Kamehameha Lodge, was held at the Kapiolani Estate offices this morning. It was decided to combine the efforts of the societies to make one common attempt to raise subscriptions for the band's return.

The matter was left in the hands of a committee, of which Prince Cupid is the chairman, Miss Lucy Peabody treasurer, and S. C. Dwight secretary. The sum of \$500 has already been raised.

STILL \$ \$ THEY \$ \$ COME

The Bulletin has the following available for a fund to provide for the return of the band-boys:

- Cash order \$250.00
- L. L. McCandless 50.00
- Bulletin 20.00
- Henry E. Walker 5.00
- George Bigelow 5.00
- Charles Hustace Jr. 5.00
- A. D. Castro 2.00
- Police Court 2.00
- L. B. Woodd 1.50
- Judge Kingsbury 1.50
- W. T. Rawlins 1.50
- James Wilder 1.00
- J. R. Galt 1.00
- A. N. Sanford 1.00
- Cash 1.00

CAMPBELL JOINS BAND RESCUERS

Waterhouse People Cable Him To Look After Instruments

SOME THINK BACKERS SHOULD RETURN BOYS

CHAMBER OF COMMERCE MAY TAKE MATTER UP AT REGULAR MEETING THIS AFTERNOON

A. N. Campbell has now joined the rescue party, which is out looking for the stranded band. Campbell is a member of the Waterhouse Trust Co. which represents the United States Fidelity and Guarantee Co., which put up the \$3000 bond which insured the safe return of the band instruments. Campbell went to the Coast a short time ago on a business trip, and is now in San Francisco.

When the Attorney General's Department yesterday made a demand for the bond, the Waterhouse people immediately thought themselves of Campbell, and wired him to take the matter up.

"We told him to get busy, and that he must attend to the matter at once," said Eugene Campbell, his brother "He will communicate with Berger and with Cohen, and will find out what the exact state of affairs is. We expect to hear from him at any time."

It is natural that Campbell's first care will be concerning the instruments, as the \$3000 will be forfeited if they are not returned. It is possible that the instruments may be taken and either turned over to the nearest military authorities, or sent back to Honolulu forthwith. Without even instruments the band would certainly be in a very sorry plight. The Waterhouse people do, however, not think it probable that this course will be taken, but expect that some other way will be found out of the difficulty.

In the meantime the discovery of the fact that a hul of the local business men, who backed Cohen's venture for \$5000, has set some of those who have interested themselves in the matter of getting the band back, thinking on another tack. It is understood that under the agreement between Cohen and his backers the latter would be entitled to a certain percentage of the proceeds, but on the other hand they were protected against any liabilities beyond a certain amount by a specific clause to that effect. There are people who express the opinion that under the circumstances they are under a moral obligation to see to it that the band is brought back, and should not allow this to be done by means of a general subscription. The backers on the other hand take the view that they have suffered sufficiently by the loss of their money.

The Chamber of Commerce will hold a regular meeting this afternoon, at

COSTA THINKS HE IS ILL-TREATED

Wants An Opportunity To Get Even With Two Men

Frank Costa, who was fined by Judge Whitney last Monday on being found guilty of assault and battery, doesn't think that he ought to be the only one punished. He wants to get even, both for the licking he received, and for the ignominy of being hauled into court and subjected to punishment. He thinks he has been badly treated. So he has had Eddie Spillner and Laelae the men who administered the drubbing, arrested on charges of assault and battery. The matter will probably be aired in Police Court tomorrow morning.

The case against Alex. Garner, charged with having used a hatchet on the head of a negro named Brady, was postponed this morning until next Friday.

Kimura and Tsurishima, against each of whom two charges of libel have been placed, were not tried this morning. The cases were continued to November 21.

Mannel Morris, Nalhe Kikaha and Chas. Kahapua all violated the law by absorbing more booze than they could carry comfortably and Judge Whitney this morning fined them the usual three dollars and costs.

Iwaki, the Japanese charged with attempt to commit gross cheat, whose case has been dragging along for several weeks, was found guilty this morning by Judge Whitney and sentenced to pay a fine of \$50, with costs amounting to \$3.30.

Iwaki tried to collect money on a fraudulent check which he drew in favor of himself and signed with the name of Imoto. He presented it at a clothing store on River street. The fraud was detected, however, and payment refused. When Iwaki was arrested the check book was found in his room.

EXPENSIVE ACCOUNTS FILED BY SOME CANDIDATES

Today some more expensive accounts were filed by candidates running for office on the Oahu County ticket.

H. W. Doane, who ran unsuccessfully for Supervisor on the Home Rule ticket, is out \$46 for his whirl in politics. His expenses are itemized as follows:

Table with 2 columns: Expense category and Amount. Items include candidate's expenses, printing and advertising, cost of stationery and postage, and total expense.

James Bicknell's re-election to the office of County Auditor cost him \$180.75. This item of expense were: Nomination fee \$25.00, Personal expenses \$11.00, Printing and advertising \$59.75, Expenses of public meetings \$10.00, Salaries of watchers \$15.00.

Total \$180.75. Joseph J. Fern, who collared a Supervisorship, as a candidate on the Democratic ticket, paid out \$57 in his campaign, as follows: Nomination fee \$25.00, Personal expenses \$15.00, Printing and advertising \$17.00.

KINEO ARRIVED AFTER LONG TRIP

Castle & Cooke this morning received in a cablegram from New York the welcome news that the schooner Kineo had arrived at Delaware Breakwater. As it was feared on account of the extreme length of the passage that she had been lost, the news was of double importance.

The Kineo left the Islands on April 27 with about 3800 tons of sugar shipped by Alexander & Baldwin and Brewer & Co. She made the trip around the Horn in 202 days, a most unusual length of time. Among the passengers she carried was S. B. Harry, a carpenter from Wailuku, whose wife is a teacher at the Wailuku public school. The cable gave no explanation of the cause of the long trip.

WISE AND NAGARAN FERNANDEZ FOR CLERK

The position of clerk of the House of Representatives is already beginning to attract some attention, although the Legislature does not meet before next February. Among the candidates mentioned so far are John Wise and Nagaran Fernandez. Wise who is now on Hawaii, was clerk of the House for a glorious twelve days, namely at the special session of 1904, called to slash appropriations. Fernandez was in the race for the same position last year together with Wilcox and Kalaukalanani, when the latter was successful. As Fernandez' two opponents are now otherwise occupied, he is considered to have a good chance. Fernandez himself says that he is not putting himself forward. He is "in the hands of his friends," several of whom have asked him to make the run.

HILO HARBOR

(Continued from Page 1) for crushed rock in a place where rock is as plentiful as it is about Hilo. We pay two dollars here, and I regard that as high. I think I should be able to get the material in Hilo for the same price. If they can't deliver the goods for less than three dollars, it shows a awful lack of efficiency on the part of the crushers. If they can, then they are trying to soak me, and I will not stand for it.

"The Territory wants to tear down the old wharf on which our light is now situated, so I had intended to build a monument light at the foot of Waiuanue street. But if they are going to try to do me they will have to get along without any light. In that case it will not be long until the owners and commanders of the ships running in there will kick, and then Hilo will have to do something."

SAY HE BIT EAR OFF A JAPANESE

Talzo Hiroyama Will Be Tried In Circuit Court Tomorrow

A case which is unusual in the courts of this Territory or anywhere else, for that matter, will commence tomorrow morning before Judge Lindsey when Talzo Hiroyama will be placed on trial.

According to the indictment, Talzo "upon Yosaku Kato an assault did make, and the right ear of him, the said Yosaku Kato, unlawfully, feloniously, wilfully and maliciously, and without authority, justification or extenuation by law, and maliciously intending, the said Yosaku Kato, the main, disfigure and mutilate, did bite and tear off."

The assault, which is commonly known as mayhem, was committed on September 1 at Ewa and was the result of Yosaku Kato's trying to stop a fight which was going on between the defendant and another Japanese. As usual, the peacemaker got the worst of the transaction, as he emerged from the fray with only 1-1/2 ears left. Fully three-fourths of his right ear is gone and it is doubtful if any surgeon could have performed a neat job, though the victim seems hardy satisfied.

The offense is one of the most serious which can be committed in the line of assault and is punishable with a prison sentence of ten years.

WIFE BEATER FINED BY JUDGE LINDSAY

When A. H. Leong, charged with assault and battery, appeared for trial before Judge Lindsay this morning he surprised the prosecution by changing his plea from guilty to not guilty. Judge Lindsay sentenced him to pay a fine of \$5 and costs.

Leong, it was alleged, came home one night and, not finding that the meat for his supper had been cooked to his liking, he proceeded to beat his wife. He was arrested, and demanded a jury trial in the District Court. To save the expense of this the matter was taken before the Grand Jury and an indictment found.

In sentencing Leong, Judge Lindsay warned him that if he was ever brought before him again in a similar case that he would get the limit as far as imprisonment was concerned. He stated that he remembered his case from the lower court and that Leong had better keep away from his wife if she did not want him around.

Road Work Stopped By Supervisors, Who May Reduce Police

LOW FINANCES NECESSITATE RETRENCHMENT

The work on the roads must stop until the Board of Supervisors finds out where it is at financially. This decision was reached by the Board last night after Moore had reported on estimates, showing that unless more money could be had than was at present in sight, all not absolutely necessary work must stop for the present.

The following opinion by the County Attorney was read:

Dear Sir: In response to the communication of Supervisor H. T. Moore, dated the 12th inst., requesting my opinion on Section 64, Chapter 14, of the County Act, I beg to say as follows:

The section in question reads as follows:

"The Board shall not, for any purpose, contract debts or liabilities which exceed in any fiscal year the income and revenue provided for such year."

I understand the communication of Supervisor Moore to mean that the \$18,000 in question will be the balance due and payable to the County of Oahu within the first fifteen days of January, 1907, as provided by Act 93 of the Session Laws of 1905. The amount in question is, in my opinion, such an amount as is "provided for" the year 1906, as contemplated by Section 64 of Chapter 14 of the County Act, but not payable until January, 1907.

The present Board of Supervisors will not go out of office until the seventh day of January, 1907, at noon, and until that time the board has the power of disbursing public moneys which have already been "provided for" for the year 1906. I can see no reason why the present Board of Supervisors could not contract debts or obligations to be paid out of this reserve fund which is payable within the first fifteen days of January, 1907. Otherwise it would simply mean that a considerable amount of necessary public work would have to stop for the lack of funds, a condition which was never contemplated by the Legislature when the Act in question was framed. Respectfully yours,

E. A. DOUTHITT,

County Attorney, County of Oahu.

"That means that this Board, going out of office on January 7th, has that amount of money available, said Smith. "But suppose they don't pay it out before January 7?" asked Archer. Moore said that in any event the fund could be regarded as an asset, against which bills could be drawn and still the Board would turn everything over in a solvent condition. It was impossible, he said, to stop everything.

"Well I have no kick as long as we don't exceed the \$18,000," said Archer. "No, we will keep well within it," said Smith. "We will turn a substantial balance over to the new Board."

Moore reported for the Ways and Means Committee that the Auditor had said that the Board would be given \$58,000 until the end of the year. In addition to this there was a balance of \$10,205 and about \$12,075 road taxes. As against this there would be outstanding expenditures on contracts, transformer, fire alarm boxes, bridges, etc., amounting to \$10,113. A total expenditure was in sight of \$77,378, without the \$18,000 fund. This would, when drawn on make up the deficiency, give the incoming Board about \$9000.

In view of all these things, said Moore, he did not see how any additional expenditures could be made. The Auditor and Treasurer had said a few thousand dollars might be derived further from taxes, but did not hold out much hope. He moved that all road work be stopped for the present until it could be ascertained from the Aud-

itor how much money was coming in. Lucas seconded the motion.

Archer wanted to know what about the lunas who were drawing big salaries, if they had no men to oversee.

Smith said they could be laid off in spite of the fact that they were paid by the month.

Archer said that they should be laid off.

Moore said his motion covered the ground. Only the men whom it was absolutely necessary to keep would be kept, as men looking after stock, etc.

Lucas said of course it would be necessary to lay off the lunas.

Moore's motion was put and carried. He then read his estimate for expenditures amounting to a total of \$23,345.

Archer and Police

The police expense estimates were kicked at by Archer. Lucas fell in with him, saying that he would rather spend money for parks than for private police detectives, who were no good anyhow. Archer said plaintively that almost one-third of the county's income went into the police department.

Smith said it was to be hoped that the next legislature would provide that fines and costs would be turned over to the County.

Archer moved to reduce the Police Department pay roll \$2000.

Lucas said that it could only be done by having the police committee see the Sheriff and tell him he must dismiss so many men, so as to come within the money which would be given him.

Archer moved to refer the matter to the police committee with instructions to consult with the Sheriff regarding a reduction of the appropriation from \$9000 to \$7000. Carried.

The following appropriations were made:

- County office rent, \$120.
- Koolauloa road district, No. 2, \$299.25
- Koolauloa road district, No. 2, \$499.82
- Fire department, \$757.11.
- Kapiolani park, \$343.22.
- Election expenses, \$410.85.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained.

When a cheerful, brave, light-hearted woman is suddenly plunged into the perfection of misery, the BLUES, it is a sad picture. It is usually this way. She has been feeling "out of sorts"

Mrs. Rosa Adams

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling, and during her periods she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

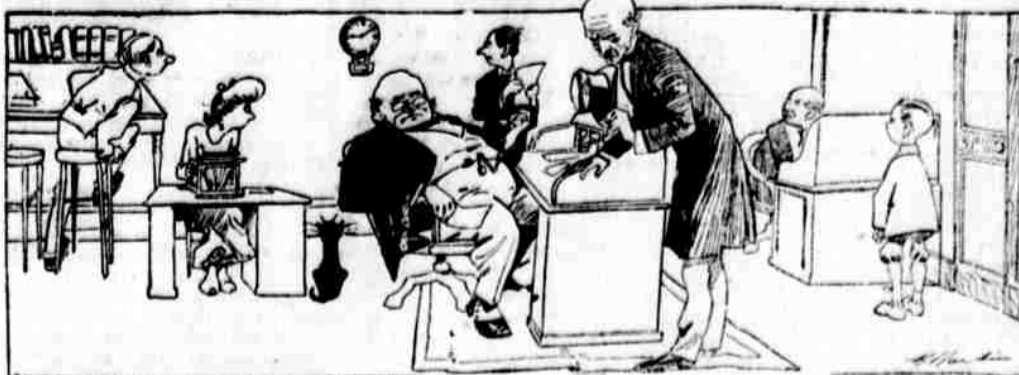

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: Dear Mrs. Pinkham:

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lameness, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

SORROWS OF MR. WORMWILL-TURN.

"You are late, Wormwill."

"I helped chloroform a street car hog and then had to drown him in the East River myself."

"All right, but do try to get here on time, Wormwill"

OLD SUPERVISORS AND NEW ONES MEET

At the opening of the meeting Smith instructed the Clerk to extend an invitation to all the Supervisors-elect to attend the meetings of the Board, which might prove interesting to them.

A little later Joe Fern and Frank Harvey, both Supervisors-elect, and a number of other Democrats, filed in and formed an interested audience.

A number of routine matters were attended to. The loan of a rock crusher to the Territory to be used in the construction of the Makiki dam was ratified.

A letter from Walter E. Wall stated that the 54-acre Pilipili tract at Maunaloa was being cut into house lots. He offered to deed the streets to the Territory, if the County would macadamize and maintain them.

"They want the government to fix the road for their own benefit," said Archer sourly. "But they'll sell the land and put the money in their own pockets."

The matter was referred to the County Engineer.

The O. R. & L. Co. agreed to have the government road at Kawaihoa run through its paddock instead of on the beach as at present.

The following report of the County Engineer was read:

Honolulu, T. H., Nov. 9, 1906. Mr. J. Lucas, Chairman, Committee on Roads, Bridges and Parks, Board of Supervisors, County of Oahu.

Sir:—I would respectfully ask that the appropriations for the various outside districts for the month of November be made as follows:

- Ewa Road District—To be expended in macadamizing main road \$1,750.00
- Waianae—To be expended under supervision Mr. Meyer .. 250.00
- Waialua—See letter.
- Koolauloa No. 2—See letter.
- Koolauloa No. 1—To be expended on Kahana beach road and breakwater 750.00
- Koolaupoko—To be expended in general repair work 700.00
- Pali road—Whitehouse contract 1,500.00

I would report that the breakwater at Pakoie, Koolaupoko, is completed.

A camp has been erected at Pupukea, Koolauloa No. 2, and considerable progress made in clearing the right of way. Approximately 2000 feet of road regraded south of Waimea hill, Waialua district.

Owing to a breakdown of the engine of the Ewa crushing plant, only 400 feet of road was metalled during the month. The appropriation was expended in the quarry, subgrading 2000 feet of main road and on general repairs, ditching, etc.

Respectfully submitted, G. H. GERE, County Engineer, County of Oahu.

NEW MANAGER HERE FOR RAINIER BEER

The new manager for the Rainier Bottling Works, of this city, is Chas. A. Nelson, of Seattle. Mr. Nelson is one of the most capable managers in the employ of the Seattle Brewing and Maltng Co. and he will undoubtedly make a big success of the company's product in this field. The Rainier Bottling Works has been advancing with giant strides during the past two years under the management of E. T. Herriek and his promotion to a larger field is a recognition of his efforts in Hawaii. Mr. Nelson will undoubtedly keep up the same degree of progress.

AH CHIN FOUND GUILTY

There was practically no defense in the case yesterday of Ah Chin, who was charged with burglary in the first degree. He was caught in the act of choking the proprietor of the store which he had been robbing but pretended that he had been in a trance all the time and that he only woke when in the police station. The jury was only out for a few minutes, bringing in a verdict of guilty as charged.

Dear Sir:—I used your "Save-the-Horse" on two Splints, on inside of front legs, interfering with the cords of the leg and causing lameness so badly that a very short drive would make the horse act the "part of a cripple." After using two bottles the lameness is gone and the splints disappeared entirely. Yours truly, WM. LARSEN.

Costs from \$5 to \$25 for repeated firing, horse must be laid up for several months; not 5 per cent. of the case are cured. Blistering is less effective. Mercurial preparations produce irreparable injury. "SAVE-THE-HORSE" eliminates all these factors. Cures without sear, bluish or loss of hair.

Positively and permanently cures Spavin, Ringbone, Thoroughpin, Curb, Splint, Capped Hock, Wind Puff, broken down, bowed or strained tendon or any case of lameness. WEDNESDAY, NOV. 14, 1906

It is certain that the semi-annual tax payment system has met with general favor.

We have not heard that anybody is envying Joe Gilman his job as immigration distributing agent.

Governor Carter's former plan of placing return tickets in the hands of Captain Berger would satisfy everybody.

Governor Carter has certainly strengthened the Board of Immigration by appointing E. D. Tenney as its superintendent.

There is no doubt that all kinds of return postage will be put on the band should it go forth on another tour in the near future.

There is one thing that we can all be thankful for on November 29, and that is because the political campaign season has closed.

Will Mr. Sargent bring with him a commission appointing Mr. R. C. Brown as Inspector in Charge of the Immigration office at Honolulu?

The prospect of ample defense being afforded to Honolulu by the Federal authorities should tend to strengthen the value of all real estate.

Captain Slattery has been prompt to make the point that Uncle Sam does not expect to have his leg elongated when doing work in Hawaii.

When J. P. Cooke leaves for the Colonies next week, he will take with him the best wishes of the whole community for a speedy return in the best of health.

Gentlemen who accept commissions to serve the public in any capacity should certainly attend to their duties—or give other people the opportunity to do so.

In the midst of other interesting occurrences, let us not forget that the revenue refund bill is still awaiting action at the hands of the House of Representatives.

With specially prepared county maps and descriptions of the various counties of the Territory, in his annual report, the Governor might well ask the Washington officials to furnish him with an extra supply.

For a Venezuelan president, Castro's incumbency has been singularly free from internal strife and international embroglio. Fully a year has passed without any effort to drive him out of the country, or assassinate him in his bed.

Joe Cohen cabled to the Governor that he wanted three thousand dollars to bring the band boys back to Honolulu. As the most extravagant figuring shows that not more than two-thirds of that amount could be used for railroad and steamer fares, the question is: "How much does Joe want?" Or does he need funds to get the boys out of back?

Whether a human life is held of less value in San Francisco than a few sticks of dynamite, we do not know. Judging from the fact, however, that the earthquake ruins are allowed to topple over and kill people, the inference is that humanity is below par there. A few damage suits against the authorities might change the complexion of affairs.

GET THE BAND.

While it is to be regretted that arrangements could not have been made for the Hawaiian band to arrive here next week by the Sierra, it is to be hoped that the active agitation of the past few days will bring the boys back to their native land on the Korea on November 26th, in time to spend their Thanksgiving Day in their homes.

It may prove ultimately that the mishaps which have attended the Hawaiian musical organization on its trip will be of ultimate benefit. All public officials, whether Territorial or County, should certainly have learned a lesson, because there is no doubt that there has been some looseness in the method adopted of allowing fifty or sixty Hawaiians to go thousands of miles away from home without any proper provision being made for their return. It may be that it is nobody's business; but what is nobody's business is everybody's business. Concerning the fate of the band instruments there need be no cause for alarm, because they are pretty sure to turn up safe even if somewhat battered and worn.

As for the nine gentlemen who joined Mr. Cohen in the musical speculation which has turned into such a fiasco, they expected to make money, and had Mr. Cohen been correct in his predictions they would have made good money. It would certainly be a nice thing for each of the nine gentlemen who has lost \$500, in the speculative venture to start out at once with a subscription list and see how much they can add, jointly and severally, to the Bulletin and General Fund for bringing the band-boys back to their homes.

EDUCATION OF JAPANESE.

The education of Japanese children is evidently not regarded in the same light on the Pacific Coast as it is in Hawaii. The reason for this is obvious. For a quarter of a century California has been strongly opposed to immigration from the Orient, and the daily life of the Chinese there has been made a burden to him. It is the direct result of a labor agitation which has not extended as far west as Hawaii, and this animosity toward one Oriental race is being extended to all Japanese who go to the Coast. The little brown man is regarded with suspicion, and sometimes with more than dislike, because he is willing to work for less wages than are demanded by the white American citizen, and for no other reason.

There is no doubt whatever that California is indebted, or otherwise as she may think, to Hawaii for the large number of Japanese that have been going to the Golden State within the last few years. They come here as plantation laborers. They acquire a smattering of our language, of our manners, customs, business and so

meistic habits. With these acquisitions they are attracted to the Coast by the higher wages that they are told they can earn there for themselves. They think they are bettering their conditions.

At the same time they tend to increase the labor supply on the Coast and to diminish the wage standard, both of which are regarded with decided disfavor by American Labor Unions.

Here, we have long since become accustomed to the Japanese, not only as field-workers but also in our homes where they perform the duties of our household. The proportion of Japanese in Hawaii is so large to our total population that these Orientals become almost a part of ourselves and of our surroundings. Having the men and women around our homes, we object less to having their children in our schools, and provision has always been made here for the liberal education of Japanese children on terms of equality with our own children. In California this is an innovation and one to which the Pacific Slopers can not yet accustom themselves.

With the rebuilding of San Francisco the opportunities for Oriental labor there have become greater, and with the larger influx of Japanese laborers into Hawaii during the past few months, it is extremely probable that still more of our plantation workers will go East. The problem before the Federal Government is not an easy one to solve, and it would surprise us if the visit of the Commissioner of Immigration, Mr. Sargent, at this time had not as much to do with the subject of Japanese immigration into Hawaii as with the mere arrival of one shipment of immigrants from the Azores. He has only to go to New York to see thousands of European immigrants arriving in the United States daily, so that there can be no novelty to him—no lesson to be learned by witnessing the arrival of one vessel of one thousand people at Honolulu.

POLITICS IN HAWAII

[Waterville (Mc) Sentinel] It behooves the student of national affairs, who wishes to inform himself fully upon them, to give some thought to political matters in the more remote portions of this country. The making of history goes on rapidly in these years of Roosevelt activity. The annexation of far-off islands, the creation of colonies, the formation of Territories, can but precede the admission of new States into the Union, and States a long way removed from us both in distance and in thought.

The time will come when the Territory of Hawaii will be adopted into the family of States and have a voice in the electoral college, and it requires no great stretch of fancy to look forward to the day when the single vote of a kanaka elector may decide the Presidency and the political control of the country.

A contest like that which occurred in 1876, when Rutherford B. Hayes was counted into the White House by a majority of one, is likely to be repeated at any time and the one necessary vote may well come from Honolulu as from New Orleans. The politics of Hawaii become, therefore, an object of real interest to us and it is desirable that we should know something of their public men.

There is a campaign going on there now. We are informed by the Honolulu Evening Bulletin, in regulation headlines, that the Democrats are courting the Achi labor party and asking endorsement of Ode Fern and Kalkela; that Iaukea is nominated for Sheriff and that Fernandez and Harvey are contesting the nomination for Supervisor. The names are peculiar but the rest of it sounds strangely familiar. We are sorry but not surprised to find the Hawaiian Democrats making fusion nominations. They may learn better in time. And it seems just like home when we read an extract from the Hawaiian Gazette speaking of Mr. Iaukea, the candidate for Sheriff, before his nomination, as a weak, vacillating man, ready to move in any direction and having indelible spots on his record, and after the convention had nominated him, find the same paper saying that that gentleman has the respect of the entire community and has filled important offices to the satisfaction of everybody. It is very natural.

One would almost think that it was the Lewiston Journal speaking of Charles E. Littlefield. We infer from the Evening Bulletin that one J. K. Kalkela is a bolter, for we find on its editorial page this item: "Did not J. K. Kalkela appear before the Republican convention and pledge himself to accept the result of the ballot and support the candidates nominated?"

We also learn from that paper that the Home Rule party desires to elect Senator Kalaokalani and Jesse Makainai for Auditors, but that unless these gentlemen are endorsed by either the Republicans or Democrats, their chances of election are slim. Politicians should familiarize themselves with the men who, in that distant life, are qualifying themselves for full American citizenship by getting fusion nominations, bolting conventions and abusing one another, for the time may come when the Iaukeas, the Kalkelas and the Makainais will fill the place in our national political life now occupied by Charles F. Murphy and Benjamin B. Odell.

Their acquaintance must be cultivated by men who seek public honors. It is to be hoped that as they become more prominent they will adopt the simplified spelling so far as proper names are concerned, because a convention would need to be in a state of enthusiasm approaching frenzy before it could be induced to give three cheers for Kalkela and Makainai.

We shall await with interest the result of the Hawaiian election and shall confidently expect that the defeated candidates will claim that they have been defrauded and demand a recount.

We will place on sale THOUSANDS OF REMNANTS OF SILKS, WOOLEN GOODS, FLANNELS AND FLANNELLETTES, the accumulation of the past six months of heavy selling, so you may be sure that the lot contains something that you want at a price that will compel you to take it.

A few of the many are displayed in our makai windows.

FRIENDS ADVISED USE OF PE-RU-NA.

Suffered Much—Catarrh Affected Throat and Nose—Pe-ru-na Proves Highly Satisfactory.

Mr. Raoul Pilon, 116 Rue Notre Dame, Lachine, P. Q., writes: "I write you a few words to express to you my satisfaction at being cured. 'I was afflicted with catarrh of the throat and nose and suffered much.' 'I was greatly discouraged.' 'I had a bad breath and a bad taste in my mouth in the morning.' 'I took treatment for some time without obtaining relief.' 'At the advice of friends I tried Pe-ru-na and the results have been highly satisfactory.' 'At the end of four months I was completely cured.' 'Neglected catarrh becomes chronic. Having developed into the chronic stage, longer and more persistent treatment will be required to cure it than if the disease were treated at the onset.' However, Pe-ru-na will bring relief, whether the catarrh is acute or chronic. If you are wise you will keep Pe-ru-na on hand and take a few doses at the first appearance of a cold or cough, and thus save yourself both suffering and expense.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Pe-ru-na is for sale by the following druggists and will supply the retail trade in Honolulu, Hawaii: Benson, Smith & Co., Hobron Drug Co., Honolulu, Hawaii.

DECISION IN SUIT OF HELEN WILDER Judge De Bolt Orders Trust Deed To Be Cancelled

In the suit of Helen Wilder vs. E. D. Tenney for the cancellation of the trust deed which the plaintiff executed to the defendant in September, 1897, Judge De Bolt this morning rendered a verdict in favor of the plaintiff. The suit was an entirely friendly one.

The story that came out in the taking of the testimony was that Miss Wilder had been engaged to marry a man whom her family stated was an adventurer and wished to marry her for her money, and that in response to their wishes she had turned her property, consisting of 800 shares in the S. G. Wilder Estate, over to E. D. Tenney in the form of a trust deed. As soon as the object of her affection found that this had been done he promptly broke the engagement and left her. Mr. Tenney stated on the stand that the property was worth about \$100,000 and yielded an income of from \$500 to \$6000 per year. Judge De Bolt found for the plaintiff and ordered that the trust deed be set aside and cancelled, stating that the reason for the deed was at an end when the engagement was broken.

ROOSEVELT AT COLON

(Continued from Page 1.) usual experiences, but his trip to Panama will furnish him with several new thrills.

Mr. Roosevelt will spend only four days in Panama, but they will be busy ones. His only opportunity to rest will be on Sunday, November 18, the last day of his stay. The three preceding days are to be crowded with sight-seeing, excursions and social functions.

The President will make two speeches, one at the Fiesta; then he will respond to an address of welcome by President Amador, and later, at a reception on Pier 11, at Cristobal.

The President is accompanied by Mrs. Roosevelt, Ethel Roosevelt, Dr. Rixey, Surgeon General of the Navy, the President's physician, and a secretary.

The distance from Wolf Trap Light to Colon is 1788 miles and the voyage will take six days. The Louisiana will reach Colon Thursday morning, November 15.

President and Mrs. Amador, chairman Shonts, of the Canal Commission, and Mrs. Shonts, who will leave for Panama so as to be there when Mr. Roosevelt arrives, and Chief Engineer and Mrs. Stevens will go aboard the battleship before President and Mrs. Roosevelt set ashore.

Immediately after landing the party will be taken aboard a train and run slowly across the Isthmus to La Boca, giving the President a casual view of the town, the canal and a parade of the native school children.

At La Boca there will be an inspection of the terminus of the old French canal and of the Panama railroad. The entire plan of the canal will be explained to President Roosevelt and he will be given information regarding sites and plans for the proposed dam, lock and lake at La Boca. There will be a trip in a launch to the islands of Perico, Naos and Flamenco, thus giving President Roosevelt a view of the actual deep-water southern end of the canal, the approaches, the harbors of La Boca and Panama and the surrounding country.

Luncheon will be served at Ancon, followed by a trip around Ancon Hill and a visit to the hospital. The remainder of the day will be given by President Roosevelt to the government of Panama, and while the program has not been finally arranged, enough of it has been prepared to show that it will be a busy day for the President. It will be a gala day and the dirt is not expected to fly on this occasion. The city of Ancon will be decorated elaborately and illuminated brilliantly in honor of President Roosevelt.

Some time during the afternoon the executive party will be met by officials of the Republic of Panama, and conducted by them and escorted by a hundred young Panamanians mounted, the President will drive about the city. The drive will end at a stand to be erected in one of the plazas, from which President Amador will deliver an address of welcome, to which President Roosevelt will respond. If there is time, the Presidential party will review a parade.

At night President Roosevelt will be entertained by President Amador in the Palace at dinner. Additional guests will be Chairman and Mrs. Shonts, Chief Engineer and Mrs. Stevens, the cabinet of President Amador and other leading citizens of the Republic of Panama.

After the dinner President and Mrs. Roosevelt and the other members of the American party will attend a reception and ball to be given by President Amador to President Roosevelt. They will remain a few minutes at the ball which will follow the reception, and will then return to their hotel, the Tivoli.

Friday morning, November 16, President Roosevelt, accompanied by Chairman Shonts and Chief Engineer Stevens, will leave Ancon by special train for Culebra Cut. Here he will be attended in rubber boots and a mackinac

comparatively small amount, and his special travelling fund will be depleted to a very small extent on account of it. He will insist on paying for his meals but there will be no other expenditures, as the ship is in commission and the pay of the officers and men and the expense of maintaining the vessel and furnishing coal will be the same as if the vessel were not at the disposal of the President. This ship will be put through her paces during the voyage, to show the President what a splendid fighting machine she is.

Extreme precautions will be taken to protect the President and Mrs. Roosevelt from exposure to yellow fever while in Panama. There have been no cases of yellow fever on the Isthmus since last November, and there is little danger of infection. The headquarters of the party will be at the Hotel Tivoli, and it will be completely enclosed in mosquito netting so as to prevent mosquitoes, which spread the yellow fever germ, from stinging the President or the members of his party.

The ship will reach San Juan November 22, and the President will remain there twenty-four hours. He will be entertained by Governor Winthrop. The President will employ all his time there in making himself familiar with the conditions existing in Uncle Sam's possession in the West Indies.

The party will leave San Juan November 23, and the President, on the big battleship, will be conveyed to Wolf Trap Light and transferred to the Dolphin. He will come up the Potomac river on this little craft, and reach Washington November 27, in time to eat Thanksgiving dinner at the White House.

President Roosevelt's trip will be made in regal style, as the battleship Louisiana is the most magnificent of the splendid modern fighting machines of the American navy. A beautiful suite of rooms on the vessel will be prepared for the use of the President and Mrs. Roosevelt. The ship has been docked and overhauled, notwithstanding that she is new, and has been in commission only a few months.

Three of the most spacious cabins will be fitted up especially for the President and Mrs. Roosevelt, while another will be at the disposal of Surgeon General Rixey. President Roosevelt did not wish any expense incurred in fitting the Louisiana for the Panama trip, but the Secretary of the Navy decided that no expense should be spared in refreshing the decorative work of the cabins and making every provision for the comfort of the President and Mrs. Roosevelt.

This trip will cost the President a

DAMAGE IN CUBA

REPORTS FROM PLANTATIONS INDICATE SLIGHT LOSSES

REVIEW OF SUGAR MARKET AS GIVEN BY NEW YORK FACTORS—WORLD ESTIMATES ARE MADE

The Czarnikow, Macdougall & Co sugar circular for October 26 has the following on the sugar market: Our last report was dated 19th October.

The smallness of the supplies of ready sugar continues to restrict the business in cane descriptions, and the only spot sale reported is that of 7500 tons Illinois, part of the balance of some old importations of that grade, of which only 7200 tons remain unsold.

In addition to the spot business referred to, there have been moderate sales of Demeraras for shipment within the next six weeks, and, therefore, due here during the period of scarcity of cane sugars, which will only terminate on the advent of the Cuban crop. On the basis of these sales, quotations remain at 4c. for 96 centrifugals, 3 1/2c. for 89 Muscovados and 3 1/2c. for 89 molasses sugars.

The scarcity of cane sugars, combined with the firmness at which they are held, have caused our refiners to turn their attention again to Europe, where they bought this week 10,000 tons beets for earlier delivery, and at 1-2c. lower parity than the cane sugar put forward by sellers. As United States refiners are not inclined to pay any premium on cane sugars, their value here, until Cubas come on the field, will be regulated by the prices at which beets are offered, particularly as, for the present, there is no competition from Canadian buyers for the B. W. I. sugars now coming upon the market.

The important feature of the week has undoubtedly been the sharp decline in European beets. Whether this is due to the reported "phenomenally fine weather," and the possibility that this will result in still higher crop estimates, or whether it is due to present financial stringency in Europe, it is impossible to say. The chances are that both factors have had their share in bringing about the decline. Today's

TERMS ACCEPTED

The contracts that were signed by Barney Joy and En Sue, settling forth the terms they desired to play with the Frisco ball team, have been accepted by Cal. Ewing, the manager of that team and he now wants pictures of these two players to run in the Frisco papers. This shows that the wise manager is always looking to advertise his team and the pictures of these two Hawaiian ball players will be quite a novelty to the ball fans on the Coast.

Joy and En Sue will probably sail about March 1.

DAN PATCH

It is not exaggeration to state that the horse that occupies the largest space in the public eye of both continents today is the unbeaten Dan Patch. 1:55. What horse in the world thoroughbred or light harness that has broken so many records, nearly all his own?

Chronologically speaking, his history is summed up as follows: Brown horse, by Joe Patchen, 2:01 1/4; dam, Zelica, by Wilkesberry, 2:30; foaled in 1896 at Oxford, Ind.; bred by D. A. Messner Jr.; appeared first on the turf in 1900; won all his races—four—and made a record of 2:16; won all his races in 1901—12—\$13,800 in stakes, and lowered his record to 2:04 1/4; March, 1902, purchased by M. E. Sturges, New York City, for \$20,000; Aug. 2, 1902, paced in 2:00 3/4 at Columbus, O.; August 23, 1902, paced in 2:00 1/4 at Readville, Mass.; August 29, 1902, paced in 1:59 1/4 at Providence, R. I.; Sept. 23, 1902, paced in 1:59 1/4 at Readville, Mass.; Dec. 8, 1902, purchased by M. W. Savage, Minneapolis, Minn., for \$60,000.

Memphis, Tenn., Oct. 29, 1903, paced a mile in 1:56 1/4; Memphis, October 26, paced in 1:56; Lexington, Ky., Oct. 7, 1905, paced a mile in 1:55 1/4; Hamline, Minn., Sept. 8, 1906, paced in 1:55. The first quarter of last mile at Hamline was paced in 0:28 1/2; the half in 0:57; the three-quarters in 1:26 1/4. His quarters were paced in this trial as follows: First quarter, 0:28 1/2; second quarter, 0:28 1/2; third quarter, 0:29 1/4; fourth quarter, 0:28 3/4.

If a volume were written about this wonderful stallion, but little could be added of personal interest. His performances speak more eloquently than can words of his supreme power as a pacer, the like of which has never worn bridle or been subject to the will of man.

DEAD WINNERS

Bicycle riders have been known in several instances to die during a sudden burst of speed, but the only recorded instance of a dead man winning a race was in February, 1899, when James Somerville was one of the competitors in an English race. In the last lap there was a close finish and the weary riders exerted themselves to the utmost. Somerville sprang into the leadership 25 yards from the tape, and then was seen to lurch forward over the handle bars and lose his footing on the pedals.

The impetus of the machine was sufficient to carry it across the tape half a length ahead of Somerville's nearest rival. While the shouts and plaudits of the crowd were ringing in the air Somerville pitched to the ground, dead. In this case also the doctor who examined him said that the race was won by a corpse, as the rider had just expired before the tape was reached.

In a running race between Carter, a pugilist, and John Power, a Lancaster sprinter, nearly a hundred years ago, the finish was most tragic. The race was over a mile course and so closely did the two men pace one another that the finish was desperate. Within the last fifty yards Carter made a mad dash and rushed ahead of his opponent. When he was within a few feet of the goal he stumbled and fell, rolling on his side across the line just ahead of Power. He won the race but he never knew it. When picked up he was dead.

A renowned billiard player, Jonathan Kentfield, was beaten by a corpse in a game played at Brighton. Kentfield's opponent, a Brighton amateur, was given a long lead in a 200 point game. There was \$250 at stake, and the game was exciting. The finish close, Kentfield had come within three points of the coveted 200 when he missed an easy shot and left the balls in position for his rival. The Brighton man was within one point of winning, and leaned over the table and made the last shot while the crowd watched him with breathless interest. It was a difficult play, and just as he made it he fell back to the floor and expired before the balls stopped rolling and proclaimed him a winner.

ATHLETIC GOSSIP

There is no immediate danger of either Rugby or soccer making any inroads in the popularity of the Amer-

ican college game of football, but the New Zealanders when here last winter showed that Rugby has attractive features. More for the fun than for anything else a number of Yale players tried their hands at it, playing a scoreless game with a team made up of Englishmen. There was not much science on that occasion, but a lot of fun, and it is thought Rugby has features that may be introduced in the American game with benefit.

Dave L. Fulz, the famous center fielder, who finished the 1905 season with New York Americans, is now a full-fledged lawyer with New York offices. Fred W. Murphy, the former Brown University coach, is his partner.

Norman Densham, a Rugby player from England, has been engaged to teach the game to the Pomona, Southern California, college boys.

Of 551 games played in the Eastern League, 195 were decided by a single run.

The Cleveland club has selected Jacksonville, Florida, as spring training grounds.

After the Chicago series Pitcher Overall said this would probably be his last year in baseball.

Outfielder Billy Lush, formerly of Cleveland, is again coaching the Lake baseball men.

George James has won the Bay counties tennis championship.

Jack Munroe and Marvin Hart are matched.

Bill Squires may visit America and fight some of our best men.

Joe Thomas has any offers to him.

The Hawaiian Rifle Association will hold their shoot on New Year's Day. Valuable prizes will be given.

SPORTING TIPS

The All Hawaii baseball team will not visit Honolulu.

Soccer season opens on Saturday and the kickers will have an inning.

T. H. Davies' baseball nine will meet the Rapid Transit team Saturday.

WILLIAMSON BUYS SEAT ON EXCHANGE

William Williamson was this morning elected to the Honolulu Stock and Bond Exchange, he having bought the seat held by George P. Thielen. The price paid for the seat was \$5000, which is the same figure that Mr. Thielen paid when he purchased it from Mr. Eakin. This figure is higher than the last previous seat sold and purchased by Mr. Reidford of the Bishop Trust Company.

TWENTY-THREE FOR THEM

The Police Court station blotter this afternoon looks like the census list of a Chinese village or the names of "those present" at a social function in the interior of the Oriental Empire. Two whole pages are taken up with heathen names, and opposite each name is the number that stands for the offense of gambling. Officer Joe Leal ran in a bunch of 23 Chinese for wooing the Chinese god of fortune in a house near the corner of Beretania and River streets. They were all released on bail.

LUAKANA LAND SOLD

A piece of government land at Luakana, in Nuuanu valley, 3.73 acres in extent, was sold at auction this noon by the Superintendent of Public Works. The upset price was \$2,797.50. It was bid in by J. A. McCandless, who was the only bidder, for \$2800.

Miss Marion de Camara, principal of the Pahala, Hawaii, school, who was granted a year's absence at the beginning of this school term, left on the Alameda today. She will visit on the mainland for an indefinite period. Last night she was given a farewell dinner by Mrs. Geo. Lycurgus, several of her lady friends being present.

The island schooner Lavinia, which sailed yesterday for Honolulu with a cargo of coal and general freight, put back today, it having been discovered that she was leaking badly. The Lavinia is the property of Captain Weisbarth.

M. D. La Cruz and E. Kaulahea varied the monotony of existence today by engaging in a fight at the fish market. Officer Ringer put a stop to their innocent diversion by taking them down to the police station.

There will be a game of baseball Sunday at 1:30 p. m. sharp at Waikiki park between the All-Portuguese and the 10th Infantry for the championship.

GRAND JURY NOW WORKING

The Territorial Grand Jury is once more dipping into politics and is making a new investigation of the registration frauds which are alleged to have been perpetrated in Kakaako. Frank Klemme is again waiting around the Executive building to give out information in regard to his boarding house in that district and several other witnesses from the same section have been summoned. P. W. Hilder, the superintendent of the Kakaako Mission, is also on the carpet as well as a cigar store man of the same section named Bergin. When the case against Schultz was called, before Judge Robinson on the day before election Deputy Attorney General Prosser made the statement in court that he would not prosecute the case but would have a second indictment brought by the Grand Jury and bring the case before the court again. Schultz was not in evidence this morning though his case may have been taken up.

ALAMEDA SAILS WITH VERY LARGE CARGO

The Alameda got away on time this morning for San Francisco with a small number of cabin passengers but with about 350 Japanese who are going to try their fortunes on the mainland. She had a full cargo of freight, including 7000 cases of canned pineapples, 6000 bunches of bananas, 1500 bags of rice and a lot of miscellaneous freight. The total cargo amounted to about 2000 tons. She took no sugar, as she did not have room for it. Among those who sailed on the Alameda was Miss Grace Tower, the last member of the editorial party which came to Honolulu on September 7. Miss Tower during her stay in Honolulu has been connected with the Bulletin. A large number of her friends were on the dock to see her off. Dr. Grossman goes to Chicago to be married. J. W. Keyston and Miss Keyston are returning to their home in San Francisco. They have been visiting in Honolulu for the past few weeks. Miss Gussie Clarke, well known here, is on her way to California for a visit

It's an easy job for the barber to part the hair on a head like this. It's just as easy to prevent baldness if you only do the right thing. Baldness is almost always a sure sign of neglect; it is the story of neglected dandruff. Dandruff is untidy, unnecessary, and unhealthy.

Ayer's Hair Vigor

cures dandruff and prevents baldness. You save your hair and you are spared the annoyance of untidy clothing. It also stops falling of the hair, and makes the hair grow thick and long. Do not be deceived by cheap imitations which will only disappoint you. Be sure you get AYER'S Hair Vigor. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

Note The Flavor

We could serve a soda concoction of the ordinary kind and make more money than we do from the kind we serve—Hobron's kind—but we prefer to maintain a reputation for giving the best—the kind that sparkles; not the tapwater sort.

SIX-MASTER EXCITES MUCH CURIOSITY

The six-masted barkentine Everett G. Griggs, which arrived yesterday from Newcastle, is an object of considerable curiosity to those whose business takes them to the waterfront. The Griggs is the only vessel of that particular rig afloat, and is rather an experiment than anything else. Vessels with more than four masts are rare on the seas. On the Eastern coast there is one seven-masted schooner, the Larch, and also several five-masted, one or two of which come around the Horn occasionally.

When five masts were first tried two vessels of that rig were built at the same time. They were the only ones afloat at that time. One of them was running down the New England Coast and the other was returning from a voyage around the Horn. With all the seven seas in which to cruise, the two schooners managed to run into each other off the coast of Massachusetts. No serious damage was done. They got their spars tangled up some, and a few holes were punched in their hulls, but repairs were soon made.

That the peculiar rig of the Griggs is a fast one is demonstrated by the fact that she made the voyage up from Newcastle in twelve days' less time than the bark Fiers Cross. Both vessels arrived yesterday.

The masts of a six-master are known as the fore, main, mizzen, spanker, jigger and driver.

LOTS AT KAIMUKI SOLD AT AUCTION

A couple of interesting land sales were held at Morgan's auction room this noon. Auctioneer Stevens doing the honors. A large crowd had assembled, but the bidding was not particularly brisk.

Four Kaimuki lots in block 27, adjoining Judge Gear's and Allan Clark's places, were offered for sale by Dr. W. H. Mays, who will soon leave for the Coast. Lot 6, containing 23,366 square feet of cleared land, was bid up to \$575, but was retained by Mays. Lot 8, containing 12,187 square feet, was sold for \$219 to I. N. Cox. Lot 7, containing 20,237 square feet, was bought by O. H. Sweezy for \$300. Lot 5, containing 20,237 square feet, was offered, but no bid was made.

A large lot on Pensacola street near Wilder avenue, below to Halleentyne place, was sold to the order of Harry Armitage for \$2250.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day. For \$1 a year.
