

FOR THE HARBOR

Governor Carter this afternoon received the following cable from Delegate Kalaniana'ole:

WASHINGTON, February 23.—Four hundred thousand Honolulu harbor passed the House.

(Signed)

KUHIO.

This means that the item of \$400,000 for the improvement of Honolulu harbor has passed the House. Governor Carter considers this one of the matters of greatest importance concerning Hawaii, now before Congress. It was in regard to the need of harbor dredging that he cabled that the Manchuria which arrived here three weeks ago, could not enter the harbor because of a lack of depth for her at her stage of loading.

CANAL COMMISSION DOOMED

(Associated Press Cable to The Star).

WASHINGTON, D. C., Feb. 23.—The Senate today passed the Panama Canal bill.

This bill is presumably the Mann bill introduced in the House by Congressman James R. Mann of Illinois, abolishing the present Canal Commission, and authorizing the construction of the Panama Canal under the direct supervision and control of the President. The argument made for it is that the present commission is too big for effective action and matters are delayed too much by red tape.

POLAND STRIKE BECOMING SERIOUS.

WARSAW, Feb. 23.—The workmen have struck at all factories in the Czerinowska district. Serious disturbances have broken out among the various employees.

SERGIUS' FUNERAL.

MOSCOW, February 22.—The late Grand Duke Sergius, who was assassinated, was buried today with impressive funeral ceremonies. The remains were interred in Chandoff Monastery.

ANOTHER RAILROAD STRIKE BEGUN.

LODZ, February 23.—The employees of the Kaluska railroad have struck.

THE LEGISLATURE

THE HOUSE DISCUSSES THE GEORGE A. DAVIES REFERENCE IN THE CODE COMMISSION'S REPORT AND BY A VOTE OF 14 TO 13 DECIDES IT CAN DO NOTHING IN THE MATTER—SENATE COMMITTEE REJECTS ANTI-SPITTING ACT.

THE SENATE

The senators were all on hand for the opening of the seventh day of the session looking as though the holiday had greatly refreshed them.

From the conference committee on the Achi concurrent resolution to refer the county act to a joint committee, Senator Wilcox reported a substitute resolution providing for a joint committee of six members from each house, to have charge of the county bill and to

The Czar Decides To Continue War

(Associated Press Cable to The Star).

BERLIN, Feb. 23.—The Emperor of Russia has decided to continue the war with Japan with the utmost energy. The domestic situation is reported to be under the control of the Russian authorities.

A SPECIAL SESSION

WASHINGTON, D. C., Feb. 23.—The President has called a special session of the Senate for March 4.

SUGAR GOES UP.

SAN FRANCISCO, Feb. 21.—The New York price of 96 degree centrifugals this day is 5.0625 cents a pound. The last previous quotation was February 20, 4.9375 cents a pound. The increase in price per ton is from \$98.75 to \$101.25. The price a year ago was \$67.80 a ton, and two years ago was \$75.20.

The London price of 88 analysis beets this day is 15 shillings, 3 pence. The last previous quotation was February 20, 15 shillings, 4 1/2 pence.

MIRACULOUS ESCAPE

JAPANESE LABORER IS RESCUED ALIVE AND CONSCIOUS AFTER BEING BURIED FOR TWELVE MINUTES UNDER SEVEN FEET OF EARTH—CAUGHT IN A SMALL CAVE-IN WHILE WORKING AT THE BIG DAM AT WAHIAWA.

A most remarkable escape from death by smothering, in a cave-in, is reported from the big dam which is in process of construction at Wahiawa. A Japanese laborer was at work digging through the drift which lies on the site of the dam. This drift is all being excavated so as to get down to the virgin soil as the foundation for the dam is to be constructed. It results from this that much of the digging is in holes and pockets.

It was in one of these that this Japanese laborer was at work when of a sudden there was a cave-in, and he was buried under seven feet of earth. Immediately a gang of men were set to work to rescue him, though as they dug and dug and still did not come to him, there seemed little hope that he would be alive. After the

twelve minutes hard work they reached the virgin soil as the foundation for the dam is to be constructed. It results from this that much of the digging is in holes and pockets.

REPORT OF WAIALUA

THE CONDITIONS ON THE PLANTATION DURING THE PAST SEASON—HOW LEAF HOPPER AND CANE RUST AFFECTED THE CROPS—WAHIAWA DITCH TO CARRY SIXTY MILLION GALLONS OF WATER EVERY TWENTY-FOUR HOURS.

The annual meeting of Waialua Agricultural Company was held this afternoon, beginning at 2 o'clock.

The annual report of Manager W. W. Goodale contains the following:

"The crop was also affected by the leaf-hopper, over the entire area to be harvested, and by the rust, or top-rot, on the low lands of Kawaihapai and Mokuleia. The cane in the Waialua district on the low lands has been affected by the rust every year during the months of February, March and April. The crop of 1905 being just at the stage to be most injured by such a disease, and weakened by the long continued storm and cold weather, was seriously damaged. The effect of the disease is to kill the tops and centers of the stalks, which rot and fall off; then if the stalks of cane are not removed the buds start, producing a bushy growth of lolas, and cane that not only robs the rest of the hill but is itself worthless for sugar. Every thing possible was done to help the cane through this time, by greater care and extra fertilizer, but apparently without effect. The yields of such fields as those of Kawaihapai and around the mill, will be very materially affected by this cause.

"Crop of 1907. We are now clearing a tract of about 600 acres of new land to be planted this year, and irrigated by water from the Kawaihapai and Pounoho streams until the completion of the Wahiawa Dam. The crop of 1907 will be harvested from a total area of about 4,000 acres.

(Continued on Page 5.)

EWA VERY PROSPEROUS

THE ANNUAL MEETING OF THE STOCKHOLDERS IS HELD THIS MORNING—REPORTS MADE—THE COMPANY BEGINS THE YEAR WITH A CASH CREDIT BALANCE FOR THE FIRST TIME IN ITS HISTORY—DIVIDENDS AND PROFITS.

The annual meeting of Ewa Plantation Company was held this morning. The reports all showed a most satisfactory state of the property and outlook for its future.

The net gain for the year was \$172,910.35. Of this, \$400,000 was paid out in dividends during the year, \$70,000 was applied in reduction of plantation's account, leaving \$402,910.35 as the surplus for the year. The net assets of

proposition was made to put the plantation on an eight per cent dividend basis, reserving the remainder of the earnings for the creation of a reserve fund to enable the plantation to make certain that eight per cent dividends can be paid even under the worst conditions of crop and prices. The proposition, however, did not receive a second.

The officers were all re-elected: E. D.

GEORGE F. RENTON, MANAGER OF EWA PLANTATION.

the company December 31, 1904, were \$6,324,802.45.

As the stockholders have usually done, an appropriation of \$5,000 was voted for moral and philanthropic purposes.

For the first time in the history of the plantation the year commences with an actual cash credit balance. A

Tenny, president; C. M. Cooke, vice-president; C. H. Atherton, secretary; W. A. Bowen, treasurer; W. R. Castle, director, and T. Richard Robinson, auditor.

The report of the manager, George F. Renton, was a very interesting one and gave complete information about the physical condition of the property.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 16 hours 39 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 9 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

U. S. DEPARTMENT OF AGRICULTURE.—WEATHER BUREAU.

The following data, covering a period of 30 years, have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month of February for 30 years. TEMPERATURE. (1870-1904, incl.) Mean or normal temperature, 71°. The warmest month was that of 1897, with an average of 73°. The coldest month was that of 1903, with an average of 67°. The coldest month was that of 1903, with an average of 67°. The highest temperature was 83°, on Feb. 17, 1890, Feb. 16, 1897 and Feb. 22nd and 23rd, 1900.

The lowest temperature was 52° on Feb. 16, 1902. PRECIPITATION (rain), (1877-1894, incl.) Average for the month, 5 inches. Average number of days with .01 of an inch or more, 12. The greatest monthly precipitation was 14.00 inches in 1893. The least monthly precipitation was 0.32 inches in 1878.

CLOUDS & WEATHER (1834-1904 incl.) Average number of clear days, 6; partly cloudy days, 13; cloudy days, 9.

WIND, (1875-1904, incl.) The prevailing winds have been from the northeast. Station, Honolulu, T. H. Date of issue: January 30th, 1904. ALEX. McC. ASHLEY, Section Director, Weather Bureau.

ARRIVING.

PHILIPPINE REPORTS.

The Supreme court library has received a copy of the first volume of Philippine Islands Supreme court decisions.

BILLS AND COMMITTEES.

President Isenberg of the Senate makes the publication of the following:

All bills introduced in the Senate, or that reach the Senate from the House of Representatives, are referred to committees. The newspapers each day report to what committees the different bills have been referred, so that business men or others who are interested in any particular measure may know at once to what particular committee they should apply for information. The same information will be posted at the door of the Senate chamber.

BAD LUCK FOR AUSTIN.

"Have you read Alfred Austin's last poem?" "No such luck!"—Cleveland Leader.

CHAMBERLAIN'S COUGH REMEDY ABSOLUTELY HARMLESS.

The fault of giving children medicine containing injurious substances, is sometimes more disastrous than the disease from which they may be suffering. Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take, as it contains nothing harmful. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

THE "FOREST CITY" ART PORTFOLIOS

Constitute a Complete and Artistic Pictorial and Descriptive History

OF THE

GREAT ST. LOUIS WORLD'S FAIR

(Reduced Pen Sketch of Cover. Size of Page, 11x14 inches.)

SO THOROUGHLY does this Great Exposition represent the world's civilization that if all men's other works were, by some unspeakable catastrophe, blotted out, the record here established would afford a necessary standard for the re-establishment of our entire civilization. And, just as the Louisiana Purchase Exposition held within its gates an epitome of the civilization of to-day, so the Forest City Portfolios are a complete record and reflex of the great Exposition. This great World's Fair, one of the most remarkable undertakings in the history of American civilization and progress, will inspire many pens, but no history of the great event can compare with the one written on the grounds by Secretary Stevens and illustrated with 480 magnificent photographic reproductions, which transfer the Exposition to the printed page.

A BEAUTIFUL SOUVENIR AND MEMENTO

This paper has made special arrangements whereby its readers can obtain the full series 30 Portfolios for only \$3.00, or 10c for any part desired. Use the "Forest City" Coupon in this issue.

Thirty Parts Now Ready

Emigrants And Immigrants

It would be interesting to know what, if anything, is being done by the authorities, or others, towards checking the threatened emigration of over a thousand Portuguese from these islands to Mexico. That such a wholesale exodus is not only contemplated but is actually being arranged for has already been told in the news columns of The Star and yet, so far as can be learned, there has been no official effort made towards prevailing on the prospective wanderers to stay in the Territory.

A Century Of Hawaii

Death has been very active of late among Hawaiians whose span of life connects this early part of this century with the early part of last century, and the vastly different conditions that prevailed then. Mrs. Isaac Harbottle, who died yesterday spanned back in her life almost to the death of Kamehameha the Great and the beginnings of civilization. Mrs. Ailau who died a week ago, was a prominent figure in the court of Kamehameha IV, a time when the foundations of the native monarchy seemed undisturbed. The death of Mrs. Ahlo's mother a month ago removed a life that spanned still farther back.

China Denies The Charge

In reply to Russia's charges of violation of neutrality by the Chinese, the State Department has received an answer declaring that the Russian charges are not true and that Russia has repeatedly violated the neutrality of China. The fact is notorious, but it is significant that China should make a formal declaration of it. The violations alleged in the Chinese note are said to be the building of bridges across the Liao River and the quartering of troops in neutral territory on the west side of the Liao, the smuggling of arms by the old trade route through Mongolia, which was used before the Siberian railway was constructed, and the forcing of Chinese inhabitants in neutral territory to sell provisions to the Russian troops.

best be described as business men. Then come these different callings, with one member each: Cab driver, laborer, searcher of records, broker, carpenter, plumber, and gentleman. Perhaps the last is not an occupation or calling, but it is the only way to describe Representative Liliuokalani. He is the Admirable Crichton of the House. He toils not neither does he spin yet Solomon in all his glory was not arrayed like one of him.

It is an extremely time find that Governor Cleghorn has made out at Wai-kihi. He has unearthed a sacrificial stone used by the ancient Hawaiians and in view of the resolution of Congress anent the election protest, it will be up to Curtis P. Iauke to present himself to the Democratic party for immolation on the Cleghorn altar.

It may be all very well from the nihilist's standpoint, but after all even a Grand Duke has some feelings. The Czar ought to declare a close season for a while.

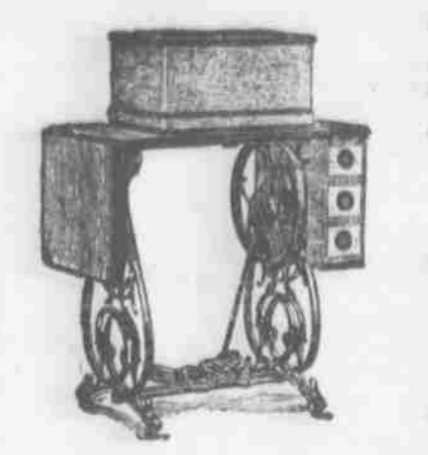

The Springfield Republican says: Secretary Taft's pleadings with Congress for lower tariff duties on Philippine products are becoming pathetic. Congress languidly listens. That's all. The duties on Philippine sugar and tobacco will stay where they are. We might take advantage of this opportunity to gloat over Secretary Taft and to say triumphantly that all his fruitless worry and labor in trying to arouse Congress to a sense of the nation's duty to the Filipinos was foreseen. But let us have none of that. As matters stand, the case is a serious one. A bill has already been passed providing for an ambitious scheme of railroad building and internal improvements in the archipelago—at the expense of the natives,—but not a thing is being done, or will be done this year, to give the Filipinos a market for their products of the soil, without which they must remain in wretched poverty. Meanwhile, two provinces of Luzon are in insurrection so far as to impel the government there to proclaim martial law. Perhaps Congress needs another Philippine war to make it realize what should be done for the islands, regardless of special interests here at home.

As a general thing in most legislative bodies throughout the United States the lawyers are found to occupy more seats on the different floors than are the members of any other trade or profession, and an examination of the list of the members of Hawaii's House of Representatives show that the same characteristic obtains here.

Of the thirty members of the House no less than nine are lawyers and the remaining members of the House are very much scattered as to their daily walk in life. There are three ranchers and three farmers, though the list of distinction between ranchers and farmers is not so distinct as to be readily recognized. The House is comparatively rich in Ministers of the Gospel for, in addition to the regular chaplain, two of the members are sky-pilots. Two members are plantation employes, two are contractors and two more may

TOPICS IN BRIEF. Senator La Follette may have to divert some of his time from national legislation to the task of seeing that things do not go wrong in Wisconsin. There was a time when Bryan's presence at the White House as a guest was regarded as no less improbable than his presence there as a host.

To Those Seeking A Low-Priced MACHINE

Our AUTOMATIC B-MACHINE possesses advantages and automatic features found in none of the other low-priced machines, and although it is without some of the improvements and recent inventions which are only embodied in our "latest" AUTOMATIC, it is by far the best and most desirable low-priced machine that can be obtained.

NEEDLE—shortest in use—straight self-adjusting—cannot be set wrong. ATTACHMENTS—best in use—self-adjusting as far as possible—no screw-driver required. SAFE—the most delicate use it with ease and safety.

IN THE HOUSE

(Continued from page one.)

Public instruction went to a full list of school teachers in the Territory together with a record of the certificates held by each. Secretary Rogers of the Public Instruction department sent in a list of employes other than teachers. Reports as to employes and salaries were also sent in by Treasurer A. J. Campbell, Chief Engineer Thurston of the Honolulu Fire Department, O. L. Sorenson of the Survey Department, and President Pinkham of the Board of Health. They were ordered printed.

A letter from Secretary Cahanoff of the Trades and Labor Council asking for copies of all bills introduced was filed.

Rep. Andrade presented a report of the Judiciary Committee on the letter of G. A. Davis in which the latter asked to have a reference to his case expanded from the new Revised Laws of Hawaii.

The report was to the effect that it could not do anything towards advising the striking out of the reference to the case. The Code Commission had only done its duty in making the reference. He moved the adoption of the report.

Rep. Coelho disagreed with the report. He thought a grave injustice had been done a citizen by the reference to the Davis case. He thought that the Code Commission should have reported the decision of the United States Court and by the Department of Justice in the case in point. The Supreme Court had found Davis guilty but the U. S. Court had exonerated him, and it was due to Davis that the facts as stated should be quoted. He moved that the report be tabled. Only Rep. Kaniho supported the motion.

In speaking to the main motion to adopt the report Rep. Smith contended that the Code Commission had only acted in accordance with its instructions. It had not been instructed to compile notes as to official communications from the Department of Justice or any other source. It was expressly instructed to compile notes only from cases appearing in Hawaiian reports. The Code Commission had merely done what the law said it should do in quoting the Davis case. He seconded the motion that report be adopted.

Rep. Aylett asked why the names of the other lawyers concerned in the case were not mentioned.

Rep. Holstein thought the Judiciary Committee should have conferred with the Bar Association before reporting. He wanted to see that Davis, as well as every one else, got fair play.

Rep. Harris thought that the request of George A. Davis was a fair one. Davis asked for an investigation before the act was passed, had the Judiciary Committee given Davis a chance to be heard?

Rep. Andrade replied that it was not within the province of the Committee to hold such an investigation. The case had been adjudicated upon by the court of last resort and nothing that the Committee could do could alter it.

Rep. Harris insisted that Davis should have been given a hearing and moved the report back to the committee.

Rep. Andrade strongly opposed such action. If the Judiciary Committee was to give Davis a hearing it would be necessary to have all the witnesses present who appeared before the Supreme Court. He deprecated any meddling with the work of the Supreme Court by the House.

Rep. Aylett supported the motion to refer the report back. The matter should have been enquired into thoroughly before the Committee reported, both sides should have been heard.

Rep. Sheldon believed the report should be adopted as it was not within the province of the House to review any decision of the Supreme Court.

Rep. Long thought that Davis deserved a fair hearing.

Rep. Holstein moved the previous question, but Rep. Smith protested that he wished to be heard on the matter and Rep. Holstein withdrew.

Rep. Smith objected to Holstein's characterizing his remarks as a defiance of the Code Commission. He believed that the Davis and Sumner matter was a closed incident and that everyone should be glad that it was closed. It would be better for everybody concerned if it remained closed. The Code Commission had done its duty by referring to a certain case which had come before the Supreme Court. He asked what Mr. Davis could possibly be heard on by the Judiciary Committee. Nothing that Davis could say would change the decision of the Supreme Court.

Here Rep. Smith read the decision in the Davis case as rendered by the Supreme Court.

Rep. Smith contended that the Committee had acted with absolute correctness in reporting as it had.

Rep. Coelho returned to the attack on the ground that Davis should have fair play, but Rep. Greenwell failed to see how the Committee could do anything towards righting what Davis considered to be a wrong in the light of the Supreme Court's decision.

By a vote of 14 to 12 the motion to refer back was lost and by the same vote the report of the Committee was adopted.

This means, in so many words, that the reference to the Davis case will remain in the Revised Laws of Hawaii.

The report of the Judiciary Committee recommending the passage of the Revised Laws was adopted. Vice-Speaker Cox was in the chair for the first time in the temporary absence of Speaker Knudsen.

The Committee on Public Lands and Internal Improvements recommended the reference of the \$15,000 appropriation for school buildings at Waialua to the Education Committee.

The \$25,000 for repairs to the Kalia-Kaliwai-Kaliwai road was recommended.

For embankment of the Waimea river \$11,000 was recommended instead of the \$20,000 asked.

The relocating the Kaawali road to

THE VOUCHERS TO BE PUBLIC

HOUSE AND SENATE DISPOSED TO MAKE THEIR EXPENDITURES FOR SESSION KNOWN.

There is a movement on foot in the legislature to have the vouchers for the session expenses made public, as was done by the Senate last time. Governor Carter said this morning that he had been informed that there was a disposition to follow the last Senate's course, and that he thought it would be a very good plan.

The House last time had a lot of trouble over its vouchers for session expenses, which were concealed and several times reported destroyed, and were only recovered when the federal Grand Jury called for them. The Senate made a complete record of all its expenditures and made it a part of its journal. It is said that this will be done by both houses this time, and that all the warrants and records will be open to inspection.

DON'T AFFECT IAUKEA

The recent action of the House in declining to take action in the matter of the alleged illegality of the election of Kubio Kalamianale to the Fifty-ninth Congress, said Col. C. P. Iaukea this morning, "has absolutely no bearing whatever upon the contest that the Democrats are making before U. S. Judge Dole. The contest which I have brought against Kubio is not for his seat in the Fifty-ninth Congress but in the Sixtieth Congress. Our contest will continue."

The action of Congress reported yesterday was evidently upon the Home Rule petition asking for a special commission to be sent to these islands to investigate alleged frauds at the election. The Home Rule party leaders making the protest filed it with Congress so naturally Congress took cognizance of it. The conditions are different with the Democratic contest. The contest has not been brought before the present Congress for the seat involved is not that of the Fifty-ninth but of the Congress to come. The present Congress could not therefore take any action with our contest as we have not made any contest before it. Our contest will be taken before the Sixtieth Congress which is the proper body to decide upon the validity of the election of those who shall compose it.

The other side will have to be heard in the matter before any action is likely to be taken by the new Congress. Some time will therefore elapse before we can get any decision regarding our contest.

DISPUTE OVER LAHAINALUNA

STATEMENT OF FACTS FOR SUBMISSION TO THE SUPREME COURT FOR ARBITRATION.

Attorney General Andrews received from the American Board of Missions its statement of facts to be agreed upon and submitted to the Supreme Court in the matter of the controversy over Lahainaluna Seminary. The Board claims \$15,000 for the Territory on account of alleged violations of the deed by which the seminary property was deeded to the government for school uses. It is claimed that the deed requires that the school shall teach the doctrines of religion which the board represents, whereas since the school became a government institution it is conducted as non-sectarian.

The controversy will be submitted in a few days to the Supreme court.

Kaula gulch \$20,000 was recommended.

For opening a new road from Mahukona to Kawahine-kai \$25,000 was asked, but the Committee considered the expense unnecessary and recommended the resolution tabled.

For roads and bridges in Hamakua \$20,000 was recommended, but a second item of \$20,000 was struck out as unnecessary.

The House rose at noon.

Star Want Ads pay 25 cents.

EWA ADVANCED ON CHANGE TODAY

REPORT OF INCREASE IN DIVIDEND CAUSE SLIGHT INCREASE IN PRICE.

There was not much doing on the stock exchange today. The sales were 75 shares of Ewa at \$22 and 20 Kahuku at \$22 at the session sales. There was an advance in the price of Ewa due undoubtedly to the report that the stockholders had determined at a meeting this morning to increase the dividend to 1 1/2 per cent a month. Should this advance be decided upon there will undoubtedly be a sharp advance in Ewa.

The following cable was received from Pollitt and Company by the Henry Waterhouse Trust Company Ltd. today:

"Market active and advancing. Quotations this morning's Stock & Bond Exchange: Hawaiian Commercial & Sugar Co. \$8; Makaweli \$3; Honolulu \$2; Paauhau \$2.50. London bests 4 1/2."

DISEASE DROVE HIM TO ATTEMPT SUICIDE

NATIVE LIVING AT IWILEI SHOT HIMSELF IN THE STOMACH TODAY BECAUSE OF ILLNESS.

Kapeu Mu an Hawaiian about 55 years of age, attempted to commit suicide this morning about 11 o'clock by shooting himself in the stomach. He shot himself with a .28 caliber revolver. The man had been ill with consumption for the last four years. He had been bedridden for that period and was helpless.

Police Captains Parker and Kanne were sent to the scene of the affair at a house in Iwilei near the soap works. The injured man was alive and stated that he was tired of suffering. He was sent to the Queen's Hospital. The extent of the injury has not been exactly determined by the physicians at the hospital as they did not care to risk probing about the abdominal cavity so soon after the accident. The sick man has two children one 14 and the other about 11 years of age.

LAUDON BROKE THE FRISCO FROG TRUST

SAWS THE COMMISSION MEN WANTED TO GIVE HIM ONLY 80 CENTS A DOZEN FOR FROGS.

Hawaiian frogs are the real thing for San Francisco gourmets. George Laudon "Frenchy" returned last week from a very successful trip to San Francisco with a large shipment of frogs from E. Devauchelle's ranch. The shipment consisted of 500 dozen. Laudon says that he ran up against a frog trust when he reached San Francisco. The commission merchants had the nerve to offer him only 80 cents a dozen for his frogs. Then they raised him to \$2 a dozen, but he refused to accept such an offer and started out independently to peddle the frogs about the city.

He hired a man to carry his frogs. Laudon went to the St. Francis, the Palace, the Louvre and the California Hotels. He met with complete success he says and sold 200 dozen at \$4 a dozen. Then the commission men came to him with an offer of \$4 a dozen for the remainder of his stock and he accepted it. He says that he was informed that the Hawaiian frogs were the finest in the market, being large and very vicious.

BIRBE AND THE REPUBLICAN PARTY

DIDN'T LIKE HIS COMPANY AND SO PROCEEDED TO GET OUT OF THE PARTY.

H. C. Birbe has left the Republican party, according to testimony given by him in the Iaukea election contest, which was resumed this morning before Judge Dole. Birbe told the attorneys that he didn't like his company in the party, and thought it time to get out. "I was a member," he said, "but when the party got into certain hands I thought it time for me to leave and seek better company." This is supposed to have been a veiled reference to Birbe's friend McCants Stewart.

Birbe was called for the purpose of testifying as to the depositing of numbered ballots in the boxes. He stated that the election officer in his own precinct started to deposit his ballot in the box with the number on. Birbe objected and there was a dispute which ended in the number being torn off. He testified that he saw ballots cast with the numbers on.

A QUICK DECISION.

After hearing argument the Supreme Court this morning gave an oral decision sustaining the plaintiff's exceptions, in the case of F. E. Thompson vs. Whitney & Marsh. The case was argued, C. F. Clemons appeared for plaintiff.

CONGRATULATED THE LEGISLATURE

CARTER RECEIVES AN OFFICIAL CALL FROM PRESIDENT ISENBERG AND SPEAKER KNUDSEN.

Governor Carter this morning received an official call from President Isenberg of the Senate and Speaker Knudsen of the House. The heads of the two houses called together, and had a conversation with the executive, in which the latter expressed his congratulations to the legislature, on the strong showing so far made in both houses. "Many things have occurred which show earnest intentions to carry on the work of the session diligently and in a very creditable spirit," said the governor, "and I was very glad to receive the call and to express my appreciation of what is being done."

This evening the governor and Mrs. Carter will receive the members of the legislature in a reception at the Carter residence. It is believed that all of the forty-five members will attend. In addition to them the invited guests are to be local federal and Territorial officials.

BARFOOT BILL'S CASE.

Mrs. Barefoot Bill was a witness in Judge De Boit's court this morning in the trial of her husband for burglary. The case is on trial this afternoon.

HALEIWA.

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, fresh and salt water bathing, shooting, fishing, riding and driving. Tickets, including railway fare and one full day's room and board, are sold at the Honolulu Station and Trent & Company for \$5. For departure of trains, consult time table.

On Sunday, the Haleiwa Limited, a two hour train, leaves at 8:22 a. m.; returning arrives in Honolulu at 10 p. m.

IN THE SENATE

(Continued from page one.)

report in ten days. The report was adopted and Dowsett, Lane, Hewitt, Woods, Hayselden and Gandall were appointed as the Senate members of the joint committee.

Senator Paris introduced the following:

Be it resolved, that the following items be inserted in the Loan bill:

\$15,000 for a court house with sheriff's office and jury rooms, jail and water-tanks in the District of North Kona, Hawaii.

\$30,000 for two wharves so that large vessels can dock, one at Kailua, North Kona and one at Kealahou Bay, South Kona.

\$3000 for the Aleka and Papa Homestead Road, South Kona, Hawaii.

\$1500 to build a road from the Haluanua road leading to Kailua to the Kona Orphanage.

\$400 for four teachers cottages, one at Kalaoa, North Kona, one at Alaa, South Kona, one at Papa, South Kona and one at Miihii South Kona.

The resolution went to the Public Lands committee.

Bishop introduced a resolution appropriating \$20,000 for widening a part of Nuuanu avenue. Referred to the Public Lands Committee.

Lane introduced a concurrent resolution providing that the Code Commissioners and the County Act Commissioners be presented with copies of the Revised Statutes. Referred to Judiciary Committee.

McCandless introduced a bill to amend the session laws of 1903 so as to encourage agriculture, horticulture and forestry. Read first time by title. At the request of the administration, Dowsett introduced a bill to facilitate the collection of debts due the Territory. Passed first reading by title.

Hayselden introduced a prison parole bill. Passed first reading.

Lane introduced a bill providing for the treatment of lepers. Passed first reading.

The following report came in from the Judiciary committee on Senate bill 29:

Hon. D. P. R. Isenberg, President of the Senate:

Sir: Your Judiciary Committee to whom was referred Senate bill No. 29, respectively report as follows:

There is a law similar to this law, which was passed during the legislature of 1898, and known as Act 31 of the laws of the Session of 1898. Said law was declared by the Supreme Court to be unconstitutional.

See the case of the Republic of Hawaii against Ching Geung and Kalng and others Hawaiian Report Vol. 11 page 667, from which decision we believe if this law shall be passed as it is, the act may be declared unconstitutional.

We however believe a law of this nature ought to be passed, to protect the people in some way.

We draft a law which we believe will stand the test of the constitution; a copy of said substitute act is hereto attached and made a part of this report.

We therefore recommend that senate act No. 29 may be laid on table, and the substitute act may be passed.

Respectively yours,
 W. C. ACHI, chairman.
 C. H. DICKEY,
 JOHN C. LANE.

The report was laid on the table to be considered with the bill.

The following report came from the Health Committee:

Honolulu, Feb. 23, 1905.
 Honorable D. P. R. Isenberg, President of the Senate.

Sir: Your Health Committee to which was referred Senate Bill No. 4, entitled "An Act to Regulate Spitting," begs to report as follows:

While your committee feels that the object of the bill may be good, we doubt the ability of the authorities to enforce its provisions more particularly those in regard to spitting by persons afflicted with tuberculosis into receptacles over which they would by virtue of this act be forced to carry about with them on the public streets.

And furthermore your committee feels, that the difference between spitting on the sidewalk of any street or road and spitting on the street itself would be so slight that the passage of this bill in its present form, would be

productive of little or no results, and we therefore recommend the bill be laid on the table.

Respectfully submitted,
 S. E. KALAMA, chairman,
 J. M. DOWSETT,
 J. T. BROWN.

On motion of Dickey, the report was laid on the table to be considered with the bill.

The regular order was then taken up, and the House appropriation bill passed first reading by unanimous vote.

Senate bill 21, providing for the registration of land titles by executors under wills, came up on third reading and was lost, nine yeas to six nays, as follows:

Ayes—Achi, Bishop, Dickey, Gandall, Kalama, McCandless—4.
 Noes—Brown, Dowsett, Hayselden, Hewitt, Isenberg, Lane, Paris, Wilcox, Woods—9.

Senate bill 22 to provide for the support of the families of deceased persons out of their estates was in order next on third reading. Before the vote there was a call for the report of the Judiciary committee favoring the bill and it was read. There was more discussion, after which the bill passed, 11 to 4, as follows:

Ayes—Achi, Bishop, Brown, Dickey, Gandall, Hayselden, Hewitt, Kalama, Lane, Paris, Wilcox—11.
 Noes—Dowsett, Isenberg, McCandless, Woods—4.

On second reading Senate bill No. 7, to register land titles went to the Judiciary committee; the Dickey bill to provide for a juvenile court went to the Judiciary committee.

The departmental appropriation bill No. 24, went to a special committee of one from each district. The committee is Bishop, McCandless, Brown, Kalama, Wilcox and Hayselden.

Bill 34, on second reading, providing for registration of land titles went to the public lands committee.

Bill 35, to amend the civil code with reference to the conveyances of lands, went to the public lands committee.

The County Act on second reading went to the joint special committee. On motion, all bills to regulate county government were taken up and referred to the same joint special committee.

On second reading Dickey's spitting bill went on the table to await the report of the Board of Health.

The bill to prohibit sprinkling of clothes from the mouth, with an adverse report on this particular measure and favoring a substitute measure came up on second reading. The substitute was read and the report was adopted. The bill went to the Judiciary committee, after first reading.

Senate bill No. 8 went to the Judiciary committee on second reading.

Senate bill No. 10 repealing certain laws relating to the manufacture of spirituous liquors went to the Ways and Means committee on second reading.

Senator Dickey introduced a resolution asking that the Superintendent of Public Works be requested to furnish detailed information with the report of the collection and disposition of garbage.

Dickey gave notice that the railroad special committee would meet at 2:30 and the Senate adjourned until tomorrow morning.

SHIPPING INTELLIGENCE

DEPARTING.
 Thursday, February 23.
 S. S. Rosecrans, Olsen, for San Francisco, at 5 p. m.
 Am. bark Annie Johnson, Nilson, for San Francisco, to sail in afternoon.

FOR HONOLULU

The cable which Governor Carter received yesterday from Delegate Kuhio, relating to the lighthouse appropriation, refers to Honolulu harbor only, and not to the appropriations for all the islands. The message states that \$40,000 has been recommended for Honolulu harbor lighthouse. This sum will be sufficient. It is thought, to secure a very fine light-house in place of the small imperfect one now used.

Bad Blood

Have confidence in Ayer's Sarsapa-
rilla. It has been curing people in all
parts of the world for over 30 years.
It is the greatest family medicine in
the world. It purifies, strengthens,
enriches, builds up.

Mr. George Fountain, of Mt. Torrens, So.
Australia, sends his photograph and this
interesting letter:
"I had a very bad case of eczema. Medical
men had told me nothing more could be
done. I tried several blood remedies, but
without relief. The eruption was over the
whole of my body and arms. My friends
told me I must try Ayer's Sarsaparilla. To
please them, I did so. To tell the truth, I did
not have much confidence in it. I had tried
so many medicines. To my great surprise, I
found that after only one bottle the scales
were beginning to disappear. It took just
five bottles to make a complete cure. My
skin is now perfectly smooth, and not a trace
do I have of my former trouble."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas.
Be sure you get "Ayer's."

Elastic Carbon Paint

It is unexcelled for roofing
purposes of every description. It
will make a worthless roof prac-
tically as good as new. It makes
a roof, be it metal, canvas,
wood, felt or shingle, impervious
to water and makes a splendid
appearance on metal roofs.
Equally serviceable for iron
fences, iron buildings, ships'
bottoms, steel bridges, piers, sug-
ar refineries, iron and steel
structures. Or anything re-
quiring the application of a first
class paint. Sold by

EWA PLANTATION IS VERY PROSPEROUS

(Continued from page three.)

In the furrows for practically six weeks. When, therefore, 32
inches of rain fell in two months, under such conditions it was
bound to effect severe damage to the crop. A comparison is
given below between rainfall for years 1902 and 1903, and that
for months of February and March, 1904.

Rainfall for year 1902, 25.41 inches. Rainfall Feb., 1904, 25.21 inches.
Rainfall for year 1903, 32.66 inches. Rainfall Mar., 1904, 6.79 inches.

Total for 2 years... 58.07 inches. Total 2 months, 32. inches.
In order to further show the result of this excessive amount
of water a statement of cane per acre, cane per ton of sugar,
and yield for years 1903 and 1904 is inserted for your informa-
tion.

Year.	Tons Cane per Acre.	Tons Cane per Ton Sugar.	Tons Sugar per Acre.
1903	69.82	7.34	9.54
1904	70.06	8.37	8.37

Please note that the amount of cane per acre in 1904 exceeds that
for 1903. Had the cane contained the normal amount of
sucrose the estimate of 32,000 tons would have been conserva-
tive.

The result of the unusually heavy rains of Spring, 1904, has
been purposely treated at some length because the reduction in
yield bears an immediate relation to the increase in cost to pro-
duce a ton of sugar, which is greater for Crop of 1904 than for
that of 1903.

CROP 1905.
This consists of the following areas:
1,618.94 acres Plant Cane.
566.08 " Long 1st Ratoons.
967.72 " Long 2nd Ratoons.
329.72 " Short Ratoons.
3,482.46 acres total.

To this there is to be added 48.80 acres of Long 2nd Ratoons
to be ground for the Apokaa Sugar Co.

As far as can at present be seen, the fields, as a whole, should
yield fully as much per acre as those of 1904, or a total of 29,150
tons of sugar. There will not, in all probability, be a repetition
of the extraordinary storms of 1904, and the Crop for 1905
should have a higher sucrose content. Again the flowering on
the lower fields has been lighter than usual and a large number
of the canes on these lands will still grow. The deprivations of
the "leaf-hopper" in March, April and May were probably
greater than in any previous year, and at one time it was
thought would be serious. It is gratifying to be able to state
that the growth during the Summer and Fall was very rapid
indeed, so that, unless unforeseen contingencies arise, the esti-
mate above given may safely be counted upon.

CROP 1906.
This area consists of:
641.52 acres Plant Cane.
542.78 " Long 1st Ratoons.
954.41 " Long 2nd Ratoons.
1,253.10 " Long 3rd Ratoons.
99.60 " Long 4th Ratoons.
200. " Short Ratoons (estimated).
2,691.41 acres total.

In addition to this the area to be ground for Apokaa Sugar
Co is:
10.30 acres Long 1st Ratoons.
75.10 " Long 3rd Ratoons.
85.40 acres total.

Under favorable conditions the yield for 1906 should be large.
It is too early to make any estimate as to yield, but it should
certainly be safe to expect at least 30,000 tons.

MILL.
Grinding season ended October 19th, 1904. Owing to an in-
sufficiency of labor, especially that of cutters and loaders, it was
unduly prolonged. In February and March, because of the
weather, very little, comparatively speaking, was done. Never-
theless had the mill been kept fully supplied with cane harvest-
ing should have been completed at the end of July or early in
August. This lack of labor in this branch of work was a very
important factor in deciding upon the purchase of three Wilson-
Webster loading machines which, it is expected, will prove of
great value during the coming busy season.

The factory work of the year was well done throughout and
at a lower cost per ton of sugar than for the previous year. The
low sucrose content of the cane for the season was against the
mill, for the reason that, with a low sucrose content, there is a
large percentage of impurities in the juice which entails great
loss in manufacture. Nevertheless the actual loss was but
11.99% sugar on the extremely low average sucrose content of
13.22% for the crop.

It will be necessary in 1905 to replace six multitubular boilers.
Two of these are already ordered and will possibly be installed
during grinding. The remaining four will be set up before
grinding is begun in 1906. The boilers to be replaced are those
which have been in service since the beginning of the Planta-
tion. They were built by the Union Iron Works. There will
also be purchased during 1905 two top rollers to replace others
as they become too worn and weak for first-class extraction.

PUMP STATIONS.
The pump cylinders of No. 3 Pumping Engine have given
out and must be replaced this year. With this exception, all of
the Stations are in first-class order, and, beyond repairs and
expenses incident to ordinary operation, no large expenditures
are at this time anticipated.

PERMANENT IMPROVEMENTS IN 1904.
As outlined in the last annual report No. 3 Pumping Engine
has been removed to its new location. The increase in amount
of water delivered by Pumps Nos. 3 and 4 after moving is 7,078-
200 gallons in twenty-four hours. Two 220-H. P. Babcock &
Wilcox boilers with fuel oil tank have been erected, with con-
nections complete, at No. 3 Station. Two multitubular boilers
and one experimental crystallizer have been set up at mill.
Change from stake cars to box cars is being steadily carried
forward. In other respects there have not been any extensive
improvements.

STORM FEBRUARY 9th, 1904.
The actual amount expended for repairs on this account dur-
ing 1904 was \$14,885.10 distributed as follows:
Repairs Fields and Furrows.....\$ 3,887.00
" Supply Ditches..... 880.00
" Storm Ditches..... 1,820.75
" Plumes..... 847.31
" Roads and Bridges..... 1,398.68
" Railroad..... 699.75
" Fences..... 125.65
" at Mill..... 205.76
" Scattered..... 119.90
\$14,885.10

This does not include the large loss incurred through deteriora-
tion of cane. In this connection it may be well to state the
indirect gain from the heavy rainfall more than compensates
for any loss. This indirect gain, which lies principally in the
increase of the artesian water supply, does not, however, appear
on the Balance Sheet. Nevertheless it is worthy of note that in
April, 1904, the artesian water level at Station No. 1 was 31' 7"

BY AUTHORITY
NOTICE TO CONSUMERS OF GOV-
ERNMENT WATER.

The water supply is getting so low
that every precaution must be taken
to avoid unnecessary waste and to use
only such water as is absolutely neces-
sary, or the consumers (especially on
the upper levels) will be without water.
Consumers of Government water are
hereby notified that until further notice
water for purposes of irrigating is not
to be used except between the hours of
4 and 6 p. m.
This regulation will be rigidly en-
forced as the Water Works Inspectors
have been instructed to shut off all ser-
vices where they find irrigation outside
of these hours. The services so shut
off will not be turned on again until
all costs and expenses connected there-
with shall have first been paid.
J. H. HOWLAND,
Superintendent of Water Works.
Honolulu, February 21, 1905.

PEAHI TO KAILUA ROAD.

Proposals will be received at the of-
fice of the Supt. of Public Works, Ho-
nolulu, T. H., until 12 o'clock m. of
March 12, 1905, for construction of re-
location of section of Kailua to Hono-
kalo, of road Peahi to Kailua, Hama-
kualoa, Maui, T. H.
Plans and specifications are on file
with the Asst. Supt. of Public Works,
and with W. O. Aiken chairman Maka-
wao Road Board, Makawao, Maui.

copies of which will be furnished in-
tending bidders on receipt of \$5.00,
which sum will be returned after de-
positing bid and returning plans and
specifications.

No proposal will be entertained un-
less submitted on the blank forms fur-
nished by the Asst. Supt. of Public
Works, enclosed in a sealed envelope
addressed to Hon. C. S. Holloway, Su-
perintendent of Public Works, Honolulu
T. H., endorsed "Proposal for Road,
Peahi to Kailua" and delivered pre-
vious to 12 o'clock m. on the day speci-
fied.

The Superintendent of Public Works
reserves the right to reject any or all
bids for either section or both.
C. S. HOLLOWAY,
Superintendent of Public Works.
Honolulu, T. H., February 21, 1905.

EWA PLANTATION IS VERY PROSPEROUS

(Continued from page six.) above mean sea level, or 1 1/2 inches higher than in May, 1890, when the measurements of levels of first wells drilled on the Plantation were taken.

LOADING MACHINES. An order for three of these machines of the Webster type has been placed. Within a short time they will be in use. It is unnecessary, perhaps, to point out their indirect benefits. They are well known. The direct gains on the flat lands at Ewa Plantation are these: The machine loader will deliver cane on cars at a slightly lower rate than that loaded by hand, and it will require a less number of men who need not be picked men. The above has been demonstrated by actual trial in the field.

PROPOSED EXPENDITURES FOR IMPROVEMENTS AND REPLACEMENTS. The improvements are: 3 Loading Machines—Wilson-Webster Type. 1 Locomotive (for "spare"). 6 Houses for skilled workmen and laborers. Digging new course for Main Storm Ditch. Clearing 75 acres of land below mill.

The necessary replacements are: 5 Multitubular boilers. 3 Top Rollers for Mill. 20 Mules. 2 Pump Cylinders for No. 3 Pumping Engine. 3 Miles track 30 lb. Rails.

It is estimated that the above will aggregate about \$100,000, the largest single item of which will be the six multitubular boilers. Perhaps the one thing in the above lists which requires explanation is the 3 miles of rails for track. The portable track now in use is made of sixteen pound rails; a portion of it, through age and use, is becoming too light to fulfill its work. There is upon the branch lines of permanent track a number of miles of eighteen pound rails. The proposition is to take up sufficient of this eighteen pound track to properly equip the portable track system of the estate and to lay heavier rails in place and thus in time gradually work up both permanent and portable track systems to a heavier standard.

FIELD CULTIVATION CONTRACTORS. It will interest you to know that Koreans now form a large proportion of those engaged at this work. The following is a statement of fields cultivated by contract and by plantation day labor for Crops of 1905 and 1906, also nationality of laborers cultivating by contract.

Table with columns for Crop 1905, Crop 1906, Nationality of Contract Cultivators, and Total. Rows include Japanese, Porto Ricans, Koreans, Chinese, and Total men.

GENERAL. The cold weather during the past month has retarded the ripening of Crop for 1905 and held back growth of young cane all around.

Damage by leaf-hopper at this time to Crop of 1906 is hard to estimate. At any rate it is no more than, if it is as much as, at a corresponding period last year. The "Fairchild" parasite which was introduced from Waialua last January, 1904, is scattered all through our fields. Another parasite, a minute yellow fly, which attacks the egg of the leaf-hopper, is now being colonized here by Mr. Terry of the Entomological Division of the Planters' Association. It is stated that this latter parasite is very active and effective.

It is almost unnecessary to say anything about the stiffening of the sugar market. With this, however, in view, and the sound financial condition of the plantation as shown by the accounts, there is every reason to expect a very prosperous year. Respectfully submitted, GEO. F. RENTON, Manager.

NEWS BY CABLE

FUNERAL OF SERGIUS. ST. PETERSBURG, February 22.—The Grand Duke will depart for Moscow tomorrow to attend the funeral of Grand Duke Sergius.

GRAVE SITUATION IN CAUCASUS. ST. PETERSBURG, February 22.—It is reported that racial disorders have developed in the Caucasus. The Armenians have revolted in one district and have imprisoned the officials.

RAILWAY STRIKES SPREADING. WARSAW, February 22.—The railway to Vienna is tied up by the strikes. It is probable that the other lines to the Austrian and German frontiers will be involved.

IN FAVOR OF RUSSIA. PARIS, February 22.—It is semi-officially reported that the North Sea Inquiry Commission has decided that the Russian vessel had a right to fire, legitimately believing the fleet to be endangered. It is said that the report

SANITARY WORK OF THE MONTH

REMAINS EXPOSED IN THE DIGGING OF GRAVES IN SOME OF THE LOCAL CEMETERIES.

The report of Dr. J. S. B. Pratt, an executive officer of the Board of Health was presented at the meeting of the board yesterday afternoon. It contained the following: "Fifty-eight recommendations for hotel, restaurant and lodging-house licenses were issued and 428 persons can be lawfully lodged in the buildings."

"There were 41 inspections of graves made, one being a disinterment. Four graves were not inspected on account of other work."

"In the King street Catholic cemetery, the edges of three boxes were exposed and the bones of two adults."

"In Puna cemetery, the edge of one box was exposed, also the same in Kalaheo and Puna Church cemeteries."

"In Kawaiahae, one body and the edge of three boxes were exposed."

"Eighteen permits to keep pigs were issued."

"There were 12 deaths investigated and, where found necessary, post mortems ordered."

BODIES RECOVERED. BIRMINGHAM, February 22.—The bodies of seventy-five victims of Monday's colliery disaster have been recovered.

JAPAN STILL PREPARING. TOKYO, February 22.—A fourth domestic loan of one hundred millions has been decided upon by the government. The new fleet of destroyers will be completed in a year.

CALIFORNIAN SUICIDES. SAN FRANCISCO, February 22.—Ira Bishop committed suicide yesterday. Ira Bishop was a resident of Oakland. He was superintendent of the Pacific Power Company and San Francisco representative of the Falk Company.

PORTO RICANS AT INAUGURAL. WASHINGTON, February 22.—A battalion of infantry from the Porto Rican provisional force will participate in the inaugural ceremonies.

DIED. HARBOTTLE.—At the home of her grandson, James Hakuole, Kunawal of Liliha street at 6 p. m. Wednesday, February 22, 1905, Mrs. Kekulalono Harbottle, widow of the late Isaac Harbottle. She was a native of Maui and about 80 years of age.

Mrs. Harbottle leaves a daughter, five grand-children and nine great grand-children. Besides Mr. Hakuole already named, Isaac Harbottle of the Tax office is a grandson of the deceased. The funeral will take place from Hakuole's house at 3 p. m. today.

RESOLUTION SIGNED. Governor Carter yesterday signed the resolution asking Congress to appropriate \$150,000 for a medical commission to study leprosy at the Molokai settlement. The governor was of the opinion that it should have been a concurrent resolution, so that it might have been a purely legislative affair and expenses of sending it forward might come out of legislative funds. It was cable to Prince Kuhio.

Pursuant to call of the Vice President a special meeting of stockholders of the Nahiku Sugar Company, Limited will be held at the office and principal place of business of the Corporation, Stangenwald Building, Honolulu, on Wednesday March 1st, 1905, at 9 a. m.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From This Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals.

More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:— "About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed forms and finally told me that I had a tumor on the womb and must undergo an operation. If I wanted to get well, I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with a aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

ALEX. SOC. ASHLEY, Section Director U. S. Weather Bureau

Live Shark at the Aquarium, Morgan, advertises a sale of vehicles. The European Barber shop will keep open on Sundays hereafter.
Registered Treasury warrants 551 to 1000 will be paid on presentation.
The Colonial ball at the Royal Hawaiian Hotel takes place tonight.
Merchants Association will hold a meeting Thursday, 2 p. m. to consider taxation matters.

W. H. Hoogs returned from the mainland by the Korea after an absence of six weeks. He went on business.
Governor and Mrs. Carter will receive members of the legislature and other invited guests at home this evening.

Elastic Carbon Paint is the best for iron and steel structures. It is fire-proof and acid proof. Sold by Levers & Cooke, Ltd.
Joseph P. Medeiros is the duly authorized manager of the Waihua Mercantile Co., and has authority to transact all business of said company.

A memorial service to Mrs. Mary Anne Kaunamokulani Pittman Ailau will be held in St. Andrew's Cathedral on Saturday, February 24, at 10:30 a. m.

Frank Jernyn, a capitalist of Scranton, Pennsylvania is a visitor who arrived here on the Korea, to tour the islands. He was entertained at dinner last night by George A. Davis.

W. A. Love, Harold Gilbert of Portland, and Frank Hoogs Jr., spent Washington's birthday at Waihua. They rode down on horse-back Tuesday afternoon and returned this morning.

S. G. Ayres, librarian of Drew Theological Seminary, Madison, N. J., has written to the author of the handbook "Hawaii" for a copy to be deposited in the fireproof library of that institution.

The Star is requested to state that no invitations have been issued for Governor Carter's reception to members of the Legislature this evening except to officials, in addition to the chief guests of the evening. Society people in general are not to be included in the reception.

At a meeting of the executive committee of the Civic Federation League of Honolulu held on Tuesday, the resignations of F. J. Lowrey, as first vice-president, and Theodore Richards, as second vice-president, were presented and accepted. J. A. Hughes and H. H. Trent were elected to succeed them.

Mr. and Mrs. Clarence H. Cooke returned by the Korea after an absence of about three months in Colorado and Southern California. They had a very enjoyable time, and Mr. Cooke's health is much improved. Mr. Cooke says that Southern California is crowded with tourists and people spending the winter there.

TRIED TO CUT EWA DIVIDENDS
MOTION TO REDUCE THE DIVIDENDS BY THIRD TO CREATE RESERVE FUND FAILED.

There was a great deal of talk on the street this morning over the attempt that was made at the annual meeting of the stockholders of Ewa Plantation to reduce the dividends. A motion was offered at the meeting to reduce the rate of dividends from 1 per cent a month now, to 8 per cent annually, for the purpose of creating a reserve fund. This motion failed to receive a second, however, so the present rate of 1 per cent a month will continue. It was thought by some of the stockholders that a reserve fund should be secured, but the majority of those at the meeting apparently did not approve of such measure and wanted to see the dividends continue.
A motion was offered to increase the dividends to 1 1/2 per cent a month, but attention was called to the fact that the increase of dividends was a matter for the directors to pass upon, so the motion was not considered further.

WAIALUA MEETING
(Continued from page 1.)

plans of smaller size and less expensive construction. Sites for such reservoirs are many, but the cost of construction of a number sufficient to hold a quantity of water equal to the Waihua reservoir, would far exceed the cost of the latter. Suitable reservoir sites for impounding the waters of great freshets are few in number even in a district as large as Waihua.
"The Waihua ditch is to be 2075 feet long and is to deliver the water from the Waihua reservoir at the 740-foot level. It is to be large enough to carry 600,000 gallons of water per day of 24 hours. It has 19,040 feet of tunnel, 1,990 feet of open ditch and 60 feet flume. The longest tunnel is 1,742 feet in length. Much of the material found in the tunnels is very hard rock, and while expensive to excavate has good holding qualities for water, and does not require timbering. On February 1st there had been completed 10,200 feet of tunnel, and 1,400 feet of open ditch. Work is being carried on night and day, and it is expected that the ditch and the Waihua Dam will be completed at about the same time.
"Waihua Dam.—The cost of the construction of the Waihua Dam is not carried as a permanent improvement account, this work being done by the Waihua Water Company, Limited. The most difficult and expensive part of this work is now finished. The pipe line and outlet tunnel are completed, with gate valve and tower. The relief dam, for diverting the water of the stream and the tunnels for carrying it off while the dam is being built, are finished, and the water is now running through the tunnels. A concrete cut-off wall has been built to a depth of about 40 feet below the bed of the stream. 32,000 cubic yards of rock have been quarried. Four and a half miles of railroad track built to the quarry, crushed rock prepared and cement, lumber and other materials bought and paid for. The actual building of the dam is now going on, and if there are no unforeseen difficulties the dam should be finished by July 1st.
"The successful completion of this work should settle one of the greatest difficulties that has been met in the development of the Waihua plantation, viz: the great cost of water for irrigation when pumped, and the limited area of land available for planting below the elevation to which water can be pumped with profit. When this dam and the ditches are finished there will be about 11,000 acres of land that can be irrigated with mountain water.
"The building of the dam is carried on under the direct supervision of L. G. Kellogg, manager of the Waihua Water Co., Ltd., with H. C. Kellogg, of California as consulting and construction engineer.
"Insect Pests.—The cane borer is still to be found in some of the fields. The cane for the crop of 1905, now being harvested, has not been as seriously affected as the crops of 1903 and 1904. During the year 1904, 1,182,492 beetles were collected by children and destroyed. This system has been carried on for two years and has reduced the loss from borers.
"The leaf-hopper is present in all of our fields, but we have the Fairchild parasite also. These parasites are collected in fields where they are most numerous, and have been distributed all over the plantation. The new parasite just brought from Australia has been started in two places, but so recently that no effect can yet be seen.
"The rust, or top-rot, one of the most serious pests, is not in the department of the entomologist, but of the plant pathologist."

AFTERNOON SESSION
Representative Aylett took the floor when the House was called to order this afternoon and asked what the Reference committee was doing.
Representative Smith, chairman of the Reference committee, said that the committee was doing business right along and asked if Aylett was enquiring after the health of his Sunday observance bill. Aylett admitted that he was, and was informed that the Reference committee was holding that bill inasmuch as there are several other bills of a similar nature to be introduced during the session and the committee wished to compare them.
Then Aylett blew up. There was no other bill on the subject at present before the House, he said and the committee had no right to hold his bill back. He moved that the committee be instructed to report the bill back to the house at once.
Representative Harris asked if the Reference Committee thought it within its province to make amendments to bills a proceeding which Smith promptly disclaimed.
"If the House is going to adjourn from day to day because the Reference committee is holding up bills in anti-

A CABLE ABOUT DAVIS
"In view of the action of the legislature," as he put it, George A. Davis today made public an interesting document connected with his disbarment case, which has not before been seen the light. It is a cable which was sent to the Department of Justice when Davis' appeal was pending at Washington, signed by Circuit Judges De Bolt, Gear and Robinson and stating that the disbarment of Davis was unwarranted. Here is a copy of the cable: "To the Attorney General of the United States, Washington.
"Disbarment of Davis unwarranted. (Signed) J. T. DE BOLT, GEO. D. GEAR, W. J. ROBINSON, Circuit Judges."

The cable is on file among the records of the case at Washington, but has never been made public. It probably had considerable influence in securing a hearing for Davis by the Department, with the resulting instructions that the matter be taken up in the federal court here.
