HONOLULU, HAWAII, WEDNESDAY, MAY 1, 1907

No. 4711

Governor Signs Municipal Bill

IT PROVIDES FOR THE ORGANIZATION OF THE CITY AND COUNTY OF HONOLULU—IT WAS SENATOR LANE'S PET MEASURE—THERE WAS A WIDESPREAD BELIEF THE GOVERNOR WOULD VETO THE MEASURE—LANE IS JUBILANT.

The Municipal Bill became a law today and Senator Lane is a changed man. The Oahu leader was feeling delighted over the fact that the governor had signed his municipal bill. The news was conveyed in the following communication to the Senate this morning from Secretary Atkinson: The honor falls upon me to notify your Honorable Body that the following bills have this day been signed by the Governor:

These new acts are: Senate bill 42 Act 118, an act incorporating the city and county of Honolulu. Senate bill 91, Act 119, An Act to regulate the sale of intoxicating liquor. House bill 219 act 120, an act to amend Chapter 17, of the Revised Laws of Hawaii by adding a new section thereto, to be known as section 213A. House bill 225 Act 121, an act to provide a sinking fund for the redemption or purchase of bonds issued by any county of the Territory of Hawaii.

MAY DAY STRIKES

(Associated Press Cable to The Star.) DENVER, Colo., May 1.—One thousand millmen and woodworkers walked out today for a closed shop, where only union labor is employed.

Kuroki Arrives At Victoria

(Associated Press Cable to The Star.) VICTORIA, May 1.—General Kuroki the distinguished Japanese military visitor to the Jamestown Exposition arrived here today from Japan, accompanied by his party. He is to be escorted across the United States by General MacArthur, U. S. A. and staff.

FIGHT OPEN SHOP

(Associated Press Cable to The Star.) LOS ANGELES, Cal., May 1.—Two hundred teamsters struck here today against open shop, where both union and non-union labor is employed.

HORRIBLE CRIME.

Julius Martin, a Portuguese boy about 17, is committed to the circuit court for ruining an eleven-year old Hawaiian girl now in the reform school. The case was reported by Humane Officer Davison.

A Noise at Midnight

Every little noise about the house at night will not startle you if you keep your most valuable papers and property in one of our vaults. Surely you have many articles that you prize highly and that never could be replaced in case they were lost, stolen or burned. Why not keep these here where they are absolutely safeguarded and are accessible on short notice when you desire them? \$5.00 will rent a safe for a year.

Trust Controls Bible Output

A Bible Trust exists and the Scriptures can only be purchased at such prices and in such quantities as the officials of the international organization see fit to name. Daniel C. Gilman, one time president of Johns Hopkins University and now a member of the General Education Board, which has at its disposition the millions of Rockefeller and Mrs. Russell Sage, is said to be an active agent in the control of Bible prices and a war is to be fought between this trust, comprising three known as the American Bible Society, the British and Foreign Bible Society and the National Bible Society of Scotland and the Union Bible Society, with headquarters at Worcester, Mass.

COELHO LAYS OUT WORK FOR 1909 SOLONS

WANTS CLAIMS THAT MAY BE PRESENTED TO THE NEXT LEGISLATURE TO BE GOT IN SHAPE—WANTS A REPORT FROM THE COURTS AND WANTS THE SUPERVISORS TO GET THEIR REPORTS READY.

LAST DAY, MORNING SESSION.

On the recommendation of the Judiciary Committee the Senate tabled Senate Bill No. 54, providing for the redemption of real estate sold under foreclosure, and Senate Bill No. 34, providing for the election of road supervisors.

Senate Bill No. 102, making special loan appropriations, was tabled, on recommendation of Knudsen. Coelho introduced three resolutions. One asked that the Territorial Auditor advertise for all claims against the Territory, which may be unpaid up to

Fumigation Holds Back Portuguese

TWO THIRDS OF THOSE INTENDING TO LEAVE IN ALAMEDA BALK AT QUARANTINE.

Over three hundred Portuguese wanted to go to San Francisco today in the steamer of the O. S. S. Alameda but most of them balked at going into quarantine for twenty-four hours and having their baggage fumigated.

As a result of the present quarantine regulations but 100 Portuguese left today in the local liner.

Some of these go to work on the Southern Pacific railroad and others go on speculation, intending to return if conditions are not to their taste on the mainland.

EVERY NOON
You can get a fine lunch at the Criterion, corner of Hotel and Bethel streets, for 25 cents. And a glass of beer goes with it.

SHIP HIDDEN BY JAMES 27 YEARS AGO, JUST DISCOVERED

BARK ADELAIDE COOPER, WHOSE HULK HONOLULU MAN SUNK NEAR SAN PEDRO, IS FOUND.

A ship hidden by Captain John F. James at San Pedro over 27 years ago and whose whereabouts has puzzled California for all that time has just been discovered.

Says the San Francisco Examiner of April 16: "While the government dredger was at work at the mouth of the inner harbor it struck the hull of an old submerged vessel which proved later to be that of the bark Adelaide Cooper which was wrecked in a south-easter some 25 years ago near the spot. She was of 1800 tons register. After being stripped of everything valuable the hull was left moored near Dead Man's Island for a long time, but one morning it was missing and was never seen until now. The owner, Captain Stecken (John F. James) could tell how it became a wreck and it was a surprise to old-timers today to learn that it had been sunk so close by."

Captain James, who has been a resident of Honolulu for five or six years, was asked today in regard to the above. It seems that the captain purchased the wreck and that it was claimed that she was obstructing navigation as she lay. There were numerous prosecutions and persecutions and one morning the old hulk had disappeared just as officers of the law were looking for her. James kept quiet as to her whereabouts, and for over 27 years she was undiscovered. At night James went aboard and rigged up lines so that the tide would swing her from her resting place and throw her into the current where she sank in comparatively deep water.

The Santa Barbara Independent of October 5, 1880, tells of a hotel Captain James had built constructed mainly of the cabin and deck work of the Adelaide Cooper.

12 GAMBLERS ARRESTED.

Detective Joe Lual escorted a dozen Chinese gamblers to the station last night.

DEPARTING.

Wednesday, May 1.
Br. S. E. Helopoloja Martin, for Hongkong from anchorage off port 2 p. m.

GROUNDS FOR DIVORCE.

"On what grounds did Mrs. Uppson get her divorce?" queried the curious person.

"Cruelty, I believe," replied the knowing party. "Her husband insisted on living in Milwaukee."

Many a fast young man has made the startling discovery that the race isn't always to the swift.

RHEUMATISM MAKES LIFE MISERABLE.

A happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

MONEY SAVERS.

The specials this week at Sachs should attract every woman that wants to economize. Alpaca, Dress Swiss, Corset Covers, Infant's Socks, and Gage Hats are underpriced.

"THE FAT OF THE LAND."

Scotty's Royal Annex Cafe makes a specialty of Frog's Legs at 50 cents a portion. After-theatre-supper a feature. Appetizing breakfasts and the popular mid-day lunch are at your service. "The Fat of the Land" at Scotty's.

Delicious pies and cakes. Candy fresh every day. New England Bakery.

A Session Record To Be Proud Of

GOOD SHOWING OF PRESENT LEGISLATURE OVER PREVIOUS ONES—NOT PLEASED WITH FINANCES

It was general talk among the members of the House yesterday, that the Governor had in mind the extension of the present session of the Legislature for fifteen days more, in order that the appropriation bills might be reconsidered and patched up more to his liking. Whether or not the rumor had any foundation in fact, no one seemed to know, but the suggestion was not at all well received in the lower chamber. The members are tired, and moreover they have a feeling of complacency with themselves which is not without justification, for the Fourth Legislature's record on the whole is the best in the history of Hawaii. Regarding the appropriations the general impression among the representatives is that this important branch of legislative work has been done not half badly, and a very common opinion was expressed.

(Continued on Page Five.)

TO LENGTHEN THE SESSION

CONCURRENT RESOLUTION INTRODUCED BY LANE PASSES SENATE WITHOUT DISCUSSION.

The following concurrent resolution was introduced in the Senate this morning by Senator Lane. The measure passed without discussion:

Whereas, the Legislature of the Territory of Hawaii, has been barely able to complete its business within the session specified by the Organic Act; to wit, the term of sixty days; and Whereas, it is desirable that a longer term be granted under this Act:

Now, Therefore, be it resolved by this Legislature in regular session assembled, that the Congress of the United States of America, be requested to amend Section 43 of the Organic Act, so as to read, that the terms of the session of the Legislature shall continue not longer than ninety days:

And be it resolved, that Section 25 of the Organic Act be amended to read, "That the members of the Legislature shall receive for their services, in addition to mileage at the rate of ten cents a mile each way, the sum of One Thousand Dollars for each regular session of the Legislature, payable in three equal installments on and after the first, thirtieth and sixtieth days of the session and that no extra compensation shall be allowed for any extra or special session of the Legislature."

And be it further resolved, that a copy of this Resolution be transmitted to the President of the United States, the President of the Senate, the Speaker of the House of Representatives and the Delegate to Congress.

This resolution failed to pass in the House this afternoon by a vote of 15 to 15, the Speaker casting the deciding vote.

Last Quarter of the Moon May 4th.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 6 hours, 9 minutes. The Sun and Moon are for local time for the whole group.

U. S. DEPARTMENT OF AGRICULTURE—WEATHER BUREAU.

The following data, covering a period of 32 years, have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month May for 32 years.

TEMPERATURE.

Mean or normal temperature, 73 deg. The warmest month was that of 1893, with an average of 76 deg. The coldest month was that of 1905, with an average of 73 deg. The highest temperature was 87 deg. on May 28, 1897. The lowest temperature was 60 deg. on May 6, 1902.

PRECIPITATION.

(Rain 1877-1894, 1905-6.) Average for the month 2.21 inches. Average number of days with .01 of an inch or more, 13.

The greatest monthly precipitation was 11.23 inches in 1885.

The least monthly precipitation was 0.12 inches in 1880.

The greatest amount of precipitation recorded in any 24 consecutive hours was 9.68 inches on May 10, 1885.

RELATIVE HUMIDITY.*

Average 9 a. m. 66.8 per cent; 9 p. m. 74.4 per cent (1893-1904). Average 8 a. m. 65.5 per cent; 8 p. m. 69.0 per cent. (1905-6.)

CLOUDS AND WEATHER.

(1890-1905) Average number of clear days 10; partly cloudy days 17; cloudy days, 4. WIND.

The prevailing winds are from the NE (1875-1894, 1905-6.)

The average hourly velocity of the wind is 9.0 miles (1905-6.)

The highest velocity of the wind in 1905-6 was 28 miles from the Northeast on May 13, 1905.

Station, Honolulu, T. H. Date of issue: April 22, 1907. *9 o'clock averages from records of Territorial Meteorologist, 8 o'clock averages from Weather Bureau records. W. M. B. STOCKMAN, Section Director, Weather Bureau.

"MAKE HAY WHILE THE SUN SHINES."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so likely to follow. So it should be with every household. Dysentery, diarrhoea and cramp colic may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Encourage Beer-Drinking And You Promote "Temperance"

Strange as it may seem to some people, this is true. In the past fifty years the cause of temperance has flourished as evinced by general statistics. These same statistics show a great decrease in the sale of distilled liquors and a corresponding increase in the sale of beer. Seven people are drinking it today where only one person drank it fifty years ago. This goes to prove that beer is a good, normal stimulant—not an intoxicant, a poison. And the best beer, the finest tonic is

SPORTS

LEGISLATORS TRY A BOWLING GAME

HOUSE DOWNS SENATE TEAM BY A GOODLY NUMBER OF POINTS. A GOOD GAME.

If the Senators are the better base
ball players, the House has the satis-
faction of knowing that they were able
to put it over the solons by a hand-
some margin on the bowling alleys. In
a contest held at the Hotel Baths al-
leys yesterday afternoon the House
turned out a score of 1166 points to the
Senator's 1011.

MORE FOREST RESERVES ASKED

BOARD OF FORESTRY RECOM- MENDS THAT EXTENSIVE LANDS BE SET ASIDE.

An interesting meeting of the Board
of Agriculture and Forestry was held
yesterday morning. Reports from the
various departments were received but
probably the most important in this
respect, was that from R. S. Hosmer
superintendent of forestry.

He dealt with the proposals to create
new forest reserve at Kona and Na-
pali. Kaula and on other tracts on Maui
The Kaula area is rectangular in shape
and is 15 miles in length by 6 miles in
width. It includes 60,040 acres. One
reason for keeping a forest reserve in
that locality is the fact that the flow
of waters would be regulated and held
in check, so as to prevent the good
lands below being flooded in time of

WHITE ROCK GOLF CONTEST.

Senators—Knudsen, Prince Cupid, Lane Chillingworth, Kalam.

House—Coney, Quinn, Castro, Wise,
Rice.
Senate—Knudsen, Prince Cupid, Lane
Chillingworth, Kalam.
The score:
First game—House 595; Senate, 492.
Second game—House 671; Senate 519.
Rice was high man with an average
of 159.
Other notable scores were: Castro,
149; Lane, 58; Chillingworth, 66.

HEART TROUBLES.

Don't sleep with your troubles. If
you have palpitation, short breath,
pain in chest, side and shoulders, chok-
ing sensations, fainting spells, difficul-
ty in sleeping on left side, and you feel
anxious about it, don't sleep until you
have procured a bottle of Dr. Miles'
Heart Cure, and you can rest assured
you have a never-failing remedy for
your afflictions. If first bottle fails to
benefit, money back.

Waimea rivers, the latter being tapped
in two places. The water is used for
the irrigation of two plantations, but
no power has so far been developed.
There is swampy land on the plateau,
at the head of the larger gulches which
are admirably adapted for water con-
servation. Trees have been found on
the Waimea upland not now common
in the Hawaiian forests, the ohia, le-
hua, the koa, kooloa, kopiko, ohia ha,
liahi, or sandalwood, with many valu-
able small trees and high shrubs.
Much damage has been done by wild
cattle but private property owners are
engaged in the work of killing them
and have expressed their determina-
tion to continue until they are exter-
minated. Goats are also doing damage
by eating the vegetation that prevents
erosion along the steep sides of can-
yons.

Considerable success in preventing
forest fires has been had lately. Fines
are levied against persons leaving fire
burning and liberal payments are made
to persons putting out fires.
The board adopted a resolution re-
commending that the Governor set aside
the Kaula sections and the Koolau
and Hana forest reserves on Maui.
The recommendation by J. Kotinsky,
the assistant entomologist, in favor of
issuing a bulletin describing insect
pests which have appeared elsewhere,
was approved.

Dr. V. Norgaard the veterinarian re-
ported on the animal department of the
board. The question of having an ex-
amination made of animals after their
arrival here or before they are loaded
at San Francisco, was discussed. Paul
Isenberg had favored the examination
at Honolulu, where the animals could
be held in nominal quarantine.
Dr. Elliot's resignation as inspector
at Hilo was accepted.
Miss M. Peterson, stenographer, was
granted a seven weeks leave of absence
in August.

Be Not Deceived

There is only one cleanable Refrigerator and therefore GERM PROOF,
and that is the Gurney Refrigerator handled by us.
No other make has ever stood the test and by means of the removable
ice chamber as well as removable shelves, drain pipes, traps, etc., we have
solved the problem.
Assail us where you will you cannot help but admit our claim. All other
makes fall when it comes to keeping the ice chamber pure, sweet, clean and
germ proof, but

THE GURNEY

Listen not to idle talk and arguments put forth in favor of cleanable pro-
vision compartment. All refrigerators have this feature. You cannot deny
that unless ALL COMPARTMENTS can be kept absolutely pure and whole-
some that a refrigerator is germ-proof. Go from the provision chamber to the
receptacle for the ice and it is here where all other makes fail. There's the
weakness that cannot be overcome by them.
The Gurney with its removal Ice Chamber feature has supplied the great
want and therefore

Is the Only Cleanable

Come in and bring forth your arguments and if we fail to convince you
we are ready to take your decision A full line always on hand. They are
used in almost every household. Do you possess one. If not why not, it
costs no more than other makes

FRANK L. HOOGS MANAGER

WEDNESDAY MAY 1, 1907

Our Very Best Legislature

Today is the last day of the regular session of the fourth and best legislature the Territory of Hawaii has ever had.

The first legislature was in session 120 days, passed 22 measures, besides the appropriation bills, and cost \$92,000.

On the basis of these figures there has been a steady improvement in the quality of our legislatures since the first or Banderlog.

The number of measures passed by a legislature is not always a test of its value or effectiveness.

While this legislature is not distinguished by any great piece of legislation such as the County Act which stands to the credit of the legislature of 1905, unless indeed the municipal bill is to be ranked with it, it has a great deal of useful legislation to its credit.

This legislature also has to its credit the scalps of a number of measures which if enacted would have been important but of doubtful utility.

On the whole, however, there is every reason to feel that this legislature deserves the characterization it has received—The Best Legislature the Territory of Hawaii ever had.

Our War With Japan

Pearson's Magazine for May has for its leading article, one entitled "Our War With Japan: A brief History of Events ending with March 1917."

tifications and suggestions of possibilities which have been widely discussed, it is a most interesting article.

It assumes the election of Roosevelt for a third term in 1908, defeating William Randolph Hearst, and utterly destroying the Democratic party.

Meanwhile throughout all these years Japan had been building up her navy. She had developed the wheat fields of Manchuria and Korea, countries over which she exercised a paramount influence.

America, on the other hand, while developing her navy to some extent, had left the Philippines only partly fortified, had only begun to fortify Hawaii, and had done little to fortify the Pacific coast.

The Japanese in control of Hawaii, menaced the Pacific coast and finally led them to attack Monterey with a naval force vastly superior to any the American could muster to oppose them, and backed by an immense transport fleet with land forces to make a landing.

The Japanese in control of Hawaii, menaced the Pacific coast and finally led them to attack Monterey with a naval force vastly superior to any the American could muster to oppose them, and backed by an immense transport fleet with land forces to make a landing.

A vivid description of the Battle of Pearl Harbor is given, though it is in very general terms.

On the whole the article is interesting if it is not very convincing. It has an added interest here because Hawaii figures extensively in the story.

It seems that rapacious tradersmen these people wanted the money that delayed the sailing of Jack London was due them, and had the effrontery and the Snark. Strangely enough, to libel the Snark in order to get it.

UNCONSCIOUS JOKER IN THE ELECTION ACT

ACHI DISCOVERS IT WOULD HAVE EXTENDED TERMS OF PRESENT COUNTY OFFICIALS TWO YEARS.

The House did a wiser thing than it knew when it killed Senator McCarthy's election bill yesterday afternoon.

Under the act no provision was made for the County nominees filing their nomination papers with the proper officials so that their names could be put on the official ballot.

ALAMEDA AND SONOMA RACE TO THE COAST

SONOMA EXPECTS TO MAKE BETTER TIME THOUGH ALAMEDA MAY MAKE PORT FIRST.

There will be a race to San Francisco from Honolulu between the O. S. S. Alameda which sailed this morning at 10 o'clock and the O. S. S. Sonoma which sails at 5 o'clock this afternoon.

The Sonoma this morning arrived from Sydney, Auckland and Pago Pago docking at the Oceanic wharf at 8:10 o'clock, the Alameda shifting to the foot of Fort street to make room for the boat from the Colonies.

Passengers for Honolulu are Mrs. Mary Stuart and two children and J. E. Phythian. The through list is large.

Imports include 20 ribs beef, 25 carcasses lamb, 400 carcasses mutton, 118 cases butter, 100 cases onions and 6 cases of merchandise from Sydney and Auckland.

TEN YEARS MASTER AND NOW PLAYS BABY

SLAPPED HIS WIFE WITH A BEEFSTEAK AND CAUGHT HER SCISSORS IN HIS CALE.

For ten years, more or less, according to the neighbors, a man indicted by the Federal grand jury has caused tears to flow at home.

The man who never has been ashamed of himself has nothing of which to be proud.

Still they got it.

The cable some days ago brought news of a disastrous typhoon in the Carolines. Fuller advices say it occurred on Good Friday, March 29 and that 250 of the 300 natives of the Uluithi group were drowned.

The present legislature has been so good that there does not seem to be any objection to giving legislatures a little more time hereafter, and legislators a little more money.

The House has its work so well up that it has been doing little more than marking time, waiting for the end of the session, for the past two days.

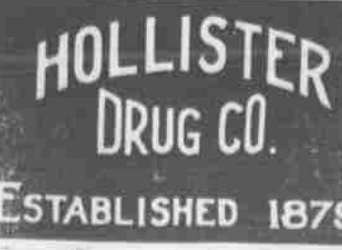

The 295 Japanese who went up on the last voyage of the Korea to San Francisco, en route to Canada, after being detained and examined in San Francisco were allowed to proceed.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy tumor.

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters should convince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes:

Dear Mrs. Pinkham:—
"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hayes, of 26 Ruggles St., Boston, Mass., writes:

Dear Mrs. Pinkham:—
"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Dear Mrs. Pinkham:—
"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."

Mrs. S. J. Barber, of Scott, N. Y., writes:
Dear Mrs. Pinkham:—
"Sometime ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Funk, Vandergrift, Pa., writes:

Dear Mrs. Pinkham:—
"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for tumor growths as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc. Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women. Don't forget to insist upon it when some druggist asks you to accept something else which he calls "just as good."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham, in advising. Thus she is especially well qualified to guide sick women back to health.

A SESSION RECORD TO BE PROUD OF

(Continued from Page One.)

pressed that another fifteen, or fifty days would not result in any material changes being made, except for the increased expense account which it would cause.

The Governor has not been silent regarding his disapproval of the manner in which the appropriations have been made. He declares that the appropriations have been on erroneous estimate of the revenues of the Territory for the next two years. The financiers of the House show a convincing bunch of figures, and have pointed out to the Executive that if there is a mistake it lies in the item of \$271,783.94, the amount available from the present biennial period as taken from the Governor's own report.

As a matter of comparison the amount of work done by the present Legislature, and the time and money required in which to do it, is away ahead of any of the other terms. Follow some data on the subject:

Session 1901—Time, 120 days; number of bills passed besides the appropriation measures, 22; cost, \$92,000.

Session 1903—Time, 50 days; number of bills passed besides appropriation measures, 63; cost, \$53,000.

Session 1905—Time, 82 days; number of bills passed besides the appropriation bills, 103; cost, \$67,000.

Session 1907—Time, 60 days; number of bills passed besides the appropriation measures, 114; cost, about \$50,000. About a dozen measures at this writing are in the Governor's hands, a number of which will likely become law.

The House yesterday cleared its calendar so far as the regular course of bills are concerned, although there are a number of vetoed measures which have yet to be passed upon. It is likely that up to about 9 o'clock tonight the Governor will continue to return various measures in his hands, and they will be acted on as fast as they are presented.

To-night the House will close its work in a blaze of oratory and love feast pow-wow. It is one of the encouraging traits of human kind that differences of opinion which loom like mountains at the time they occur can grow so small in perspective when compared with the general results accomplished in the advancement of the race. Obstacles that seemed insurmountable become so small as to almost escape observation. A visitor in the House today would never imagine that the beautiful harmony in evidence had on a number of occasions been strained to near the breaking point during the past eight weeks, and that predictions of hopeless strife were not uncommon a number of times. But a strong hand at the helm, and an inherent spirit of fairness in the members, inspired the members to a sportsmanlike give and take policy, which safely carried the legislative craft over the mud banks which threatened to ground her.

To the outside observer, who has not had his sense of proportion distorted by too close scrutiny of the various details, the situation of Hawaii today is bright. Considering the troubles of the previous legislatures, the present record shows a long stride ahead in the matter of statesmanship. That such can be the case, in a territory where the population is so diverse in character, and is yet able to pull together in running a successful popular form of government, speaks eloquently for the character of the mass of the people, and for the future of the islands.

Despite the claims made by the House during the session of the legislature, that the Senate was holding up House bills and not conducting its work rapidly enough, the work done by the Senate was of a very effective character. The membership of the Senate was more limited than that of the House and the material to serve on committees was, in consequence, scarcer. The result was that the members of the Senate had to double up on committees work and practically all of the members were on at least two committees. The work done by the Senate committees was of an especially creditable character and the Senate as a body gave more time to the deliberations of the various measures than did the House.

There were introduced in the Senate 117 bills. Of these 53 reached the Governor and were approved, while 58 were passed, dying either on vote or by some other process in the Senate. The Governor vetoed six Senate measures and of this number two were passed over his veto. On the remainder the veto was sustained. In the last legislature there were 114 bills introduced in the Senate.

There were introduced in the Senate 117 bills. Of these 53 reached the Governor and were approved, while 58 were passed, dying either on vote or by some other process in the Senate. THE SENATE

(Continued from Page One.)

the legislature of 1907, and have them ready by February 1, 1909.

On motion of Smith the resolution relating to the courts was amended so as to provide only for probate cases. All of these resolutions were adopted except the last one.

The veto of House bill raising the income tax exemption to \$1600 was taken up, but on motion of Lane action

was deferred until 2 p. m. The same was done in regard to the veto of House Bill 34, the leper bill, and House Bill 212, which provides that 50 per cent of the taxes, district court costs and license fees be turned over to the Counties, and the veto of House Bill 128, the County grab bill was sustained.

House Bill No. 24, the medical practice measure, as amended by the Judiciary Committee, passed third reading by a vote of 9 to 1, although Makekau tried unsuccessfully to have the bill indefinitely postponed.

House Bill No. 171, the measure providing for the marking of ballots, passed third reading.

A message was received from the Governor vetoing a claim of \$2500 of R. Maka for lands taken for the widening of Beretania street; and \$1500 of F. R. Lucweike, as damages for the non-fulfillment of a contract by the government. The first veto was sustained but the second was overridden.

A recess was taken to enable the clerk to catch up on certain work until the afternoon be reconsidered. His Excellency moved that the action to defer action on the Governor's appointments idea was to refer the various appointments of license commissioners to the different island delegations to report upon at 2 p. m. On motions of Makekau and Knudsen the appointments for those islands were not included in the motion.

Coelho's motion carried, and such disposition was made. The appointments of the Hawaii and Kauai liquor commissioners were confirmed without discussion.

Scope Of New Municipal Law

(Continued from Page One.)

for a city and county to be incorporated out of the present county of Oahu. The original bill was amended in numerous ways but the most material features were unchanged during the progress of its passage through both houses of the legislature.

The city of Honolulu is to be divided into six districts. There is no very material change from the present system of county government, except that an additional officer that of mayor is created under the act. The mayor is given considerable discretionary power and serves as a check upon the board of supervisors, as he has the power of the veto. All mayors are given the right to a seat and a participation in the debates of the supervisors but are entitled to no vote.

Under its original draft, the bill provided for an election this year but after considerable debate in the Senate this section was amended so that the election will be held conjointly with the general elections next year. The question of salary of the mayor was discussed at some length and it was reduced from its original figure of \$4,500 amendment being \$2,400 a year. The mayor has the appointing power of all officers of the city and county, whose election or appointment has not otherwise been provided for. The supervisors are elected at large.

addition to the lands now in use by the Department of Education. It also gives this department a valuable piece of property for the erection of a High School for the advanced education of the children of this territory, and the

TO TAKE ENGINES OUT OF OCEANIC BOATS TO FORTIFY BASES

EXPERT ENGINEERS HAVE BEEN INVESTIGATING—MAY RESUME AUSTRALIAN RUN.

Expert engineers have been traveling on the vessels of the Oceanic Steamship Company for some time and it is understood that they have reported in regard to the steamships Sonoma, Ventura and Sierra that the foundations for the engines were structurally weak.

On the strength of the reports furnished, says the Wellington (New Zealand) Times of April 17, the engines and boilers are to be lifted out and the foundation or engine base of each vessel is to be strengthened sufficiently to stand the vibration of the powerful engines possessed by the steamers.

Says the Auckland (New Zealand) Star of April 17, the day before the S. S. Sonoma, which arrived here this morning, left that port:

With the departure of the Sonoma it seems that New Zealand's long association with the "Frisco mail service" will be broken through. We have so often pointed to the advantages that have been secured for the colony by subsidizing this service that we need say nothing more on the subject just now, except to express our regret that what has so long proved to be the fastest and best route for the transmission of mails to and from England is no longer open to us. At the same time we have at least the hope that at some future date the connection with America via San Francisco will be renewed. The "New Zealand Times" has just published a presumably authoritative statement to the effect that the Oceanic Company intends to overhaul and thoroughly refit and where necessary, reconstruct its colonial fleet. After this is done, and the steamers have been rendered in every way fit for the colonial trade, the company will probably approach the New Zealand government again to negotiate for a renewal of the subsidy. If this can be arranged it is believed that the service from San Francisco to Sydney via Auckland will be re-established. But if our government refuses to give terms that the Oceanic Company regards as satisfactory, New Zealand will be simply cut off of its programme. It is perhaps too soon to anticipate such a contingency, but when the time comes we hope that some suitable arrangement of the sort can be made. So far as Auckland is concerned the withdrawal of the A. and A. boats is a distinct loss to us. But we have never attempted to plead the cause of the "Frisco service" on the low ground of local interest, and we believe that as soon as the Oceanic Company can show that it is in a position to provide a fast and reliable service, with up-to-date steamers, the colony will be glad once more to take advantage of the many benefits that we have so long secured by utilizing the San Francisco route.

In this particular case the facts, circumstances, and evidence have perhaps justified the exchange of large areas of public lands for other lands held by private parties, but your committee strongly urges and submits that it cannot be accepted and adopted as a precedent for the future disposal of Public domain within the Territory. The conditions are applicable only to the matter under consideration and cannot and should not be used in the future as a justification for a similar transaction. Your committee feels that the best interests and the future development of this Territory demand that the public lands hereafter to be disposed of should be divided into small holdings or parcels in order that the man of limited means may be in a position to acquire them. The offering of large areas in many instances requires that the intending purchaser should be in a position to stand a large outlay of capital, and those who are desirous of and are in a position to purchase a smaller area are discouraged and prohibited from so doing by that fact. Under the Organic Act (Section 73) all matters pertaining to public lands are placed in the hands of the governor and commissioner of Public

And so much bad in the best of us—
That it hardly behoves any of us
To talk about the rest of us.

HONOLULU DRUG COMPANY.

and you will always be talking—the best ever.

AROMATIC COLD DRINKS AND DELICIOUS HOME-MADE ICE CREAMS

"WHAT MAY HAPPEN."
It is a strange but true thing that some of the worst, we might use the terrible term "demons" of our civilized life, in all the larger cities and towns have often, for their boon companion a woman, and not unusual, a young woman.

She comes to share (in time and often an apt pupil) his fearful crimes against the State and against the individual.

She is a foil so to speak, a shield and an active helper. If she be "smart" and keen, thinking twice let us say where he can think but once, what a cunning and dangerous tool she becomes.

And too very often, a woman is gifted with "nerve." If a woman with many natural gifts becomes the helper of a depraved man, crime prospers and furors and judges are alas, circumvented!

It seems a most fearful thing to think that "woman," and the name is so sweet, woman that was meant and made, by the All-loving Master of us all, to be a comfort and a cheer, the soft hand, the gentle voice the calm eye and the restraining power, in every-time of danger—the true adviser the glad and ready sacrificer that she under the terrible influence and bane of a bad and ungodly life, should become a potent instrument of harm and crime, and that her gates should lead down to hell. But so it is.

And we feel compelled so to speak, to endorse the opinion often of the good and wise judges on the bench, that woman is sometimes worse, because worse, even than the man, her wicked companion.

"This is the conclusion of the whole matter," and what a dire and sad conclusion it all is and must ever be, until the millennium shall have come on our earth.

THE MAY DAY OF MERRIE ENGLAND

OAHU COLLEGE STUDENTS THIS AFTERNOON ARE GIVING A MAY DAY PAGEANT ON THE PUNAHOU CAMPUS IN WHICH MANY OF THE CUSTOMS AND MUCH OF THE SPIRIT OF TWO CENTURIES AGO IS REVIVED.

A May Day Festival, reviving some of the old English May Day customs and pageants, is being given this afternoon on the Punahou Campus by Oahu College students.

The pageant will leave the rear of Bingham hall at 2:30 p. m. and will proceed in front of the Preparatory school along the makai side of the field to the front of Pauahi hall, thus giving all a chance to see it. The May-pole dance will take place not far from old school hall; Robin Hood will be played makai of Pauahi hall; all of the other numbers on the program will take place on the terrace in front of Pauahi hall. The chairs will be placed here.

On account of the need of the driveways and of the lawn about the buildings, carriages and automobiles will not be allowed on the grounds. Chairs can be had by those who arrive early. The public, especially the friends of Punahou, are cordially invited.

The program will be as follows:

The Pageant—From Bingham hall through campus to Pauahi hall.

May-pole dance—Under trees.

Chorus—Pauahi Hall.

Titania and the Fairies (chorus of girls)—Pauahi Hall.

Chimney-sweeps—Pauahi Hall.

Chorus—Pauahi Hall.

Robin Hood Scene—Makai of Pauahi Hall.

Rose drill—Pauahi Hall.

French dance—Pauahi Hall.

Morrice-dance—Pauahi Hall.

Pyramus and Thisbe—Pauahi Hall.

Spanish dance—Pauahi Hall.

Chorus—Pauahi Hall.

Withdrawal of court.

ORDER OF THE PAGEANT.

McCandless, Ida Wehslan, Omsted Atwater, Platt Cooke, Joe Farrington, Gordon Wakefield, Garda Everton, (Priscilla); Gladys Graham.

IN THE SENATE

AFTERNOON SESSION

Second reading of House Bill 94, the medical practice regulation measure, was the first business called.

Lane wanted to amend the bill by striking out the provision that the examination could be held in the English language if they so desired. He contended that if the bill were so amended the medical trust would not have control of affairs. He said that there was no occasion to change the present law by giving the Board this discretion in the matter of language. The Board might turn down physicians as they had done in the case of Wallach to treat lepers. Woods supported the amendment which carried.

Smith wanted to indefinitely postpone the consideration, but later withdrew this motion. He offered an amendment making the granting of admission to practice on diploma discretionary with the medical board. The amendment passed after which the bill passed second reading, as amended by the committee.

Third reading of House Bill 215, the old loan fund measure, was called. Makekua wanted to strike out \$3,500 for the completion of the Kaliahaena school. The motion was lost on an aye and no vote.

Knudsen wanted to cut the item for wharves and landing on Kaula at \$6000 and to insert a new item for school building of \$5000. His motion was lost. Coelho then moved the passage of the bill. The bill passed, 8 ayes, 6 noes.

Kalama introduced a resolution allowing the clerk the following rate of compensation for typewriting, 15 cents per folio; 5 cents per carbon copy; for the copies of the Journal for the secretary and others 75 cents per page, and to hire proof-readers at the rate of 17-1/2 cents per page. Kalama wanted to pass the resolution, but Smith wanted to refer the matter to the Public Accounts Committee.

After some debate the matter was referred to the Public Accounts Committee. The clerk was also given authority to make any clerical corrections necessary in the work of preparing the Senate Journal.

On motion of Brown the vote defeating the Lahaialuna profit-sharing measure, was reconsidered. He then moved that the bill pass third reading. The bill was then passed.

House Bill 116, the teachers' pension measure, came up on third reading. The teachers' pension measure failed of third reading.

The Senate, on motion of Woods, declined to concur in the House amendments to Senate Bill 61, Chillingworth, Dowsett and Knudsen were appointed a committee on conference.

A recess was taken after which a communication from Secretary Atkinson relative to the Governor having signed a number of bills, was read.

Lane was appointed a committee of one to confer with the Board of Health relative to a meeting between the Board and the legislature and others.

The Senate adjourned after hearing some communications from the House read.

IN THE HOUSE

FIFTY-NINTH DAY.

The House passed at third reading Senate Bill 61, the "Standard Oil bill," regulating the storage of oil in licensed warehouses. The vote stood 25 to 3. Quinn, Kaluna and the Speaker opposing it.

The consideration of the Governor's veto to Senate Bill 13, the proposed new election law, was taken up.

Spall moved to sustain the Governor. Sheldon moved to suspend action until tomorrow.

Long wanted the matter disposed of and urged that the vote be taken. Quinn stated that he understood that the bill might be in conflict with the

Seeing IS Believing

There is no only cleanable refrigerator, as some dealers would have you think; but there is one that is more easily cleanable than any other. That is the

LEONARD Cleanable Refrigerator

This is no idle statement. We leave you to be the judge. Compare the Leonard with any other refrigerator and you will soon be convinced of this fact.

In most of the refrigerators now on the market, the air circulation passes through the narrow passages in the ends or front, or lid of the refrigerator and these passages soon become foul from various causes. Frequently something is accidentally spilled right into the air passage, and constantly various smells are passing up from the food below and lodging their taint on the inaccessible walls of the air flues. In a short time the refrigerator begins to smell as though there was something dead in it, and you cannot get rid of the smell unless you possess a Leonard Cleanable. If you do, you can simply slip out the irons which make one side of the air passage and wash the flues as sweet and clean as new.

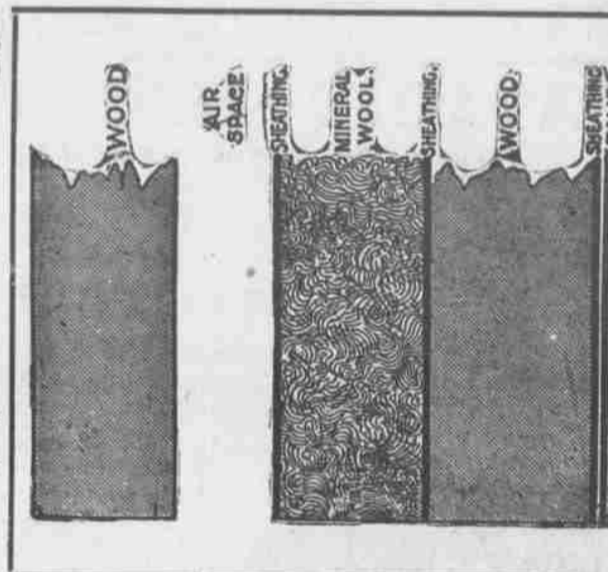

In the illustration above we show how easily this is done. Some manufacturers are trying to get around our patent by making the whole ice box removable but a moment's reflection will convince any housekeeper that she does not want to break her back every time she cleans her refrigerator. Besides; when you inspect the Leonard you will see that it would be just as reasonable to remove the whole interior lining of the refrigerator as to remove the ice chamber. We defy anyone to find any portion of the interior of the Leonard Cleanable that cannot be easily and conveniently cleaned—more easily than removing the whole ice chamber of any other make.

Other New Features

Where the Leonard Excels

It possesses the ideal insulation; there being eight separate and distinct walls, in the order shown in the cut opposite.

This means a great saving in your ice bill.

The Leonard refrigerator lock holds the door absolutely air tight by bolting it both at top and bottom. Other refrigerators lock only in the middle and the least warping of the doors admits the warm air from without at top and bottom.

The Leonard Cleanable

is not a cheap refrigerator. It is made of the finest materials obtainable and on the most scientific principles. Special attention is called to the improvements for 1907 which, as in all other Leonard features, are fully protected by patents.

One should buy a refrigerator only once in a life time and it pays to get the best. The best is

GOVERNOR SIGNS NINE MORE BILLS

NUMBER OF IMPORTANT MEASURES RECEIVE EXECUTIVE APPROVAL

The Governor yesterday signed nine more bills thus making them a part of the Hawaiian laws. The several new acts are as follows:

Senate Bill No. 97, Act 108, an Act to amend Act 39 of the Session Laws of 1905, entitled "An Act Creating Counties within the Territory of Hawaii and Providing for the Government thereof," as amended by Act 8 of the Session Laws of 1907.

House Bill No. 37, Act 109, an Act relating to procedure in divorce cases, amending Sections 2290 and 2231 of the Revised Laws.

House Bill No. 203, Act 110, an Act to establish the rights of hotel-keepers and like persons with respect to baggage and other property of guests.

House Bill No. 211, Act 111, an Act to amend Section 1065 of the Revised Laws of Hawaii, relating to laundries.

House Bill No. 220, an Act to amend Section 390 of the Revised Laws of Hawaii, relating to penalty for violations of inspection by the Board of Agriculture and Forestry.

House Bill No. 23, Act 113, an Act to limit the time within which actions for compensation for damage or injury to persons or property may be instituted.

House Bill No. 229, Act 114, an Act to amend Act 100 of the Session Laws of 1905, entitled "An Act relating to bonds of public officer," by amending Sections 66 and 11 thereof.

House Bill No. 231, Act 115, an Act to repeal Section 2355, Revised Laws of Hawaii, relating to the appointment of agents to take acknowledgments.

House Bill No. 240, Act 116, an Act relating to hunting with firearms.

More Teachers For Philippines

WASHINGTON, April 6.—One hundred and twenty American school teachers will sail for the Philippines before June 1. The first new teachers will go upon the Korea, sailing from San Francisco on April 23. Another party will leave upon the America Maru on May 3, and the third party of teachers will sail on the

Siberia May 10. Most of the new school teachers are men, as the Philippine Commission prefers them to women because of the hardships which must be endured at interior towns.

BACKACHE.

Delicate women who are subject to nervous spells, backache, bearing-down and periodical pains, take Dr. Miles' Anti-Pain Pills and find in them a pleasant and sure relief. They cure by their soothing influence upon the nervous system. They do not affect the bowels in the slightest degree, and are perfectly harmless. 25 doses, 25c. Never sold in bulk.

COLLEGE CLUB HAS BRITHDAY

GAVE A PLAY LAST NIGHT FOLLOWED BY A DANCE AT BRNICE PAUAAH HALL.

The second anniversary of the founding of the College Club was celebrated last evening at Bernice Pauaui hall. Mrs. W. F. Frear, president of the club, Mrs. Lindsay, Mrs. Ivers and Mrs. Griffiths were the reception committee, and received in the lower hall. Queen Liliuokalani, accompanied by Princess Kawananakoa, occupied seats of honor.
"The Land of Heart's Desire," a play by William Butler Yeats, was presented. Those who took part in the play, which was very well given, were Miss Ruth Farrington, Mrs. F. C. Atherton, Miss Mary M. Thomas, Miss Ruth Huntington, Mrs. A. F. Knudsen and Miss Ida Pope.
Dancing following the play, music being supplied by an Hawaiian quintette club.

Helen Sutton Christens Vessel

SAN FRANCISCO, April 18.—One of the most successful launchings at the Union Iron Works took place at eleven o'clock yesterday morning when the American-Hawaiian Steamship Company's new steamer Columbian took her initial plunge in the waters of the bay. There was not the slightest hitch to mar the proceedings.
Miss Helen Kathleen Sutton, daughter of A. M. Sutton, the freight traffic manager of the American-Hawaiian Company, had the honor of christening the latest addition to the American merchant marine, and she performed

"THE GIRL FROM TEXAS"

A STRONG AMERICAN PLAY TO BE PRESENTED BY THE ELLEFORDS TONIGHT.

There was another good house last night at the second performance of the "American Girl," by the Ellefords at the Orpheum. The play has a good strong American spirit and is splendidly put on by the Ellefords.
Tonight "The Girl From Texas" will be the play, and it will be repeated tomorrow night. It is a comedy drama by Mark Swan, and has been a success every where presented.

"The Girl From Texas" is the story of a little Texas girl who goes to England to visit relatives and her aunt has visions of her niece marrying a titled Englishman. They arrive at the English country house on July 4th, and the little Texas maiden proceeds to celebrate the anniversary of our independence in true American style and shocks the staid Britishers. She discovers her aunt's plans and proceeds to make herself as rough and uncouth as possible; the arrival of her father, an old Texan rancher, with his bluff manner, helps along and all of the titled foreigners are wary of tying up with such a girl. She finally persuades her father that American men are good enough for her and they both go back to Texas where a pure American product is waiting for the little girl's return. It is a pretty breezy story with lots of comedy. The Osborn children, Mattie Lloyd Luce and Mr. Lavigne all present new specialties.

that important function so well that the Union Iron Works presented her with a beautiful jade pin.

THE REPUBLICAN LIQUOR ACT

MR. HOCKING'S STATEMENTS REGARDING ITS ORIGIN CONTRADICTED BY SENATOR DICKEY.

EDITOR HAWAIIAN STAR:—If Mr. Hocking's statistics as given by him in this morning's Advertiser are no more reliable than his assertion in regard to Liquor Bill 47, I fear that they are not to be trusted.
He says that "Bill 47 was handed to the Legislature as a Republican Party bill, instead of which it was the concoction of the Civic Federation and the Anti-Saloon League."

This is entirely false. Mr. Hocking has been doing some extravagant guessing and has apparently convinced himself that his guesses are true. If he will simply ask Mr. Ballentyne who drew the bill he will probably learn who did it. I am a member of the executive committee of the Civic Federation and of the special sub-committee of that body on liquor legislation, and I can say positively that neither organization had anything to do in the drafting of that bill. The liquor dealers' committee did grant us the courtesy of allowing us to confer with them over their bill before it was introduced, but the Republican Central Committee did not, and we were unable to see the bill until it was in print.
At the request of the Federation I drew up a bill amending the present law, the principal changes being the abolishing of fifth class licenses and raising the first class licenses to \$1,000. In fact the bill covered the platform of the Civic Federation in regard to the liquor traffic as published by them. When House Bill 47 appeared it

WILL START A RAT CRUSADE

BOARD OF HEALTH WILL TRY A NEW PREPARATION ON THE RODENTS.

The board of health will institute a new campaign against the rats. The campaign will be waged by means of a new poison called azox which has been secured from Detroit. The poison when eaten by a rat or a mouse, infects it with a disease that kills it in from eight to fourteen days. The rodents are cannibalistic in their nature and as they eat each other, it is hoped that the well rats will eat the sick rodents and in turn, become infected with the disease.

The rats when affected considerably leave their places of abode and go into the open air to die. The new preparation will be mixed in oatmeal.
The board of health desires 125 rats at the rate of 25 cents each, in order to carry on the work of experiment. No mice are desired.
It was seen that it embodied most of the platform of the Federation and my bill was accordingly dropped.
Until Mr. Hocking's article appeared I had never heard a doubt expressed that House Bill 47 was not a measure of the Republican Party, and I must say that his assertion has not created such a doubt in my mind.
Respectfully,
C. H. DICKEY.
OUT OF PATIENCE.
When ever we read of a stock broker making \$1,000,000 in one day, we get out of patience with the laboring people who doubt the country's prosperity.—Washington Post.

LA GRIPPE.
Dr. Miles' Nervine not only prevents la grippe if taken in time, but is a remarkable cure for all the after-effects, which usually follow the disease, caused by the nerve-wrecking aches and pains. Sold by druggists, who guarantee to refund money for first bottle if it gives no benefit.

as Square.

Among the departing passengers by
the Manuka were Mrs. H. E. Gares
and her children who go to join Mr.
Gares in Alberta. Mr. and Mrs. Rat-
cliffe, the latter Mrs. Gares' sister, ac-
company them.

There will be an illustrated lecture
by Prof. Hart, on the subject "Austra-
lia," at the Normal School Saturday
evening May 4, at 8 o'clock. The pub-
lic is invited and especially teachers
and students.

The bark Emily F. Whitney is
through discharging coal at Makaweli
and takes in ballast this afternoon. The
barkentine Helga is still discharging
coal at Makaweli. The bark Foohing
Suey is at Elecie loading sugar.

Prof. Hart of Melbourne University,
who is visiting here, addressed the
seventh grade pupils of the Royal
school yesterday on the history of pho-
tography. This is the second time
Professor Hart has encouraged these
pupils in their freehand drawings.

Dr. N. A. Cobb, who has been at the
head of the department of Pathology
and Physiology in the Planters' Experi-
ment Station left by the Alameda to-
day for Washington where he will take
charge of a newly created division in

HOUSE CONSIDERS VETOES OF GOVERNOR

SUSTAINS EXECUTIVE IN VETO OF LEPER BILL, BUT NOT BY THE UNITED HOUSE—ELECTION LAW ALSO GOES BY BOARD—OVERRIDES COUNTY POUNDS BILL—GOVERNOR MUST SIGN ANOTHER MEASURE OR HAVE TWO KINDS OF POUNDS.

HOUSE, SIXTIETH DAY, MORNING SESSION.
The House was called to order as usual at shortly after 9 o'clock by Speaker Holstein, after which a prayer was offered by the chaplain and the minutes of yesterday's sessions were read and approved.

A communication from the Territorial Secretary reported to the House the signing of a number of bills by the governor.

VETO SUSTAINED.
The House failed to over-ride the governor's veto to House bill 213 providing for the counties to receive half of the fines and costs, and taxes and license fees, collected in their boundaries. The vote stood 15 to 14 in favor of over-riding but requiring a two-thirds majority lost.

The vote was as follows:
Ayes: Alawa, Correa, Games, Joseph, Kahana, Kaluna, Kaleo, Kalana, Kaniho, Keouli, Leliwi, Mahoe, Moanauhi, Nallima and Nakaleka.
Noes: Akau, Castro, Coney, Hughes, Kaloopa, Long, Pail, Quinn, Rawlins, Rice, Sheldon, Silva, Waiwaloale and Mr. Speaker.

LAND COMMISSION PROVIDED.
A joint resolution providing for the appointment of a Land Commission to look into the condition of public lands and the laws regulating same, was passed on a third reading by the House.

VETO SPLIT.
The House in acting on the Governor's veto to Senate bill 103 for payment of private claims of R. Maka, \$2,500 and F. P. Lucwelo, \$1500, sustained the veto of the first item and passed over the second in spite of the veto.

This was in accordance with the action of the Senate, but caused some discussion among the House members who thought that the claimants had not been treated equally fair.

LEPER BILL KILLED.
Considerable discussion resulted over the consideration of the Governor's veto to House Bill 35, the Leper bill, which the Governor pointed out would make the segregation of lepers difficult or impossible, owing to the means by which the bill provides commitments shall be made. It prevents the holding of suspected persons, and no one unless actually afflicted with the disease can be vited to appear before the magistrates for examination.

Kaniho made a long speech in favor of passing over the Governor's veto.

The United States Agricultural Department.

Henry Vierra was today discharged from bankruptcy.

CASES IN THE COURTS TODAY

ABORTION TRIAL STILL BEFORE JUDGE DE BOLT—OTHER MATTER UP FOR SETTLEMENT.

The trial of Dr. Akina for attempted abortion was resumed before Judge De Bolt this morning. Fook Kyau, the principal witness against the defendant, occupied the stand and was cross examined. The session was enlivened by some exchanges of remarks between Judge De Bolt and Deputy Attorney General Milverton.

The trustees of the S. C. Allen Estate have brought suit against Namokuono Kwaiiko, et al. to foreclose on a mortgage to some property in Paoa and on Kuakini street given to secure a note for \$1500 on September 23, 1906.

Quong Wah Yuen Co. have brought Hoffschlaeger & Company in as garnishees in the case against the Sam Wo Chan Company. A judgment for \$698.35 was obtained against the Sam Company.

An order and decree in the Maria Barste case for admeasurement of dower was signed today.

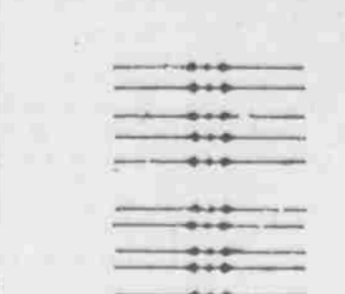

Notice of appeal has been filed by the First National Bank, a defendant in the case of H. Hackfeld & Co. vs. J. M. Monsarrat and others. The appeal is to be carried to the Supreme Court.

Abraham Nalaka has brought action for divorce against Mary Nalaka on the grounds of desertion.

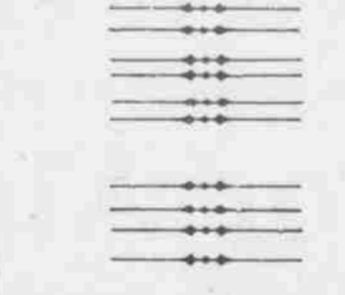

Lee Sa Kee was sentenced to serve one hour in prison by U. S. Judge Dole today for adultery. A slight sentence was imposed as there were circumstances that ent wto mitigate in favor of the defendant.

\$2500
will buy a fine home.
Easy terms.

To Unveil His Father's Statue

CLARENCE MACKAY WILL COME WEST TO THE DEDICATION OF BRONZE MONUMENT AT RENO.

SAN FRANCISCO, April 9.—A large bronze statue of John W. Mackay in miner's costume is to be unveiled at Reno early next September on the occasion of the dedication of the Mackay School of Mines, given to the University of Nevada by the late multi-millionaire, whose proud boast it was up to the time of his death, in 1902, that he had been a citizen of Virginia, Nev., since 1859. Clarence W. Mackay, the son, will come West to witness the unveiling of his father's statue, and it will be his first visit to the Coast since the landing of the Pacific cable, five years ago. Clarence Mackay, who is practically the owner and the head of the Postal Telegraph Company, the Pacific Cable Company and several allied corporations concerned in the transmission of messages by electricity, has no plans for new buildings in San Francisco. The only building to be erected for his interests will be the "hut" for the land end of the Pacific Cable, out near the ocean end of Golden Gate Park.

At the time of the great fire the cable operators in the Hobart building, on Market street, finally mistrusted the security of the vault in the office and removed the \$30,000 delicate duplex instruments used in submarine telegraphy and took them out to the safety of the cable hut near the beach. By so doing they saved \$30,000 worth of property and six months in the time that would have been required to rehabilitate the system. But the disaster shattered the little brick hut. The new cable hut will be of re-enforced concrete and will have a vault for the instruments. Clarence Mackay is going to Europe early in May on a six weeks' trip before coming West.

THE COUNTRY CLUB
Is the place for you to spend your leisure time after business hours; turn your book-keeping over to The Henry Waterhouse Trust Co., Ltd., and go out and enjoy yourself.

ONLY PART OF THE GOOD NEWS HERE; YOU GET THE REMAINDER WHEN YOU VISIT OUR STORE

THE FINEST CANDIES

are Gunter's. A new shipment has been received by THE PALM.

WHEN IT COMES to home-made Candies, THE PALM is far ahead of all. A large assortment of home-made also at

Palm Cafe

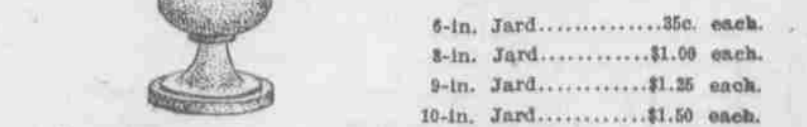

Hotel Street.

Simple Fact

Don't be fooled into buying anything, but a Wachusett Shirt. Insist upon it. Pajamas, light and heavy. Shoes of all description. We also carry a large assortment of Men's Furnishing Goods.

Wah Ying Chong Co.

KING STREET EWA FISH MARKET

Big Values In Jardineres

The American as well as the European Manufacturers have produced some very striking and highly artistic specimens this season, the best of which we are now showing to the delight of our customers. The low prices at which some styles (and they are all good) can be bought obviate the reason of economy for makeshift coverings for unsightly flower pots; coverings which do not insure against accidental musses from over-watering.

No flower pot should be without its Jardinier—when it costs so little and means so much practically and artistically.
ALL SIZES IN DIFFERENT STYLES.
