TUESDAY, MAR. 4, 1902.

A PATRIOTIC HAWAIIAN GONE.

In the passing away of the late Hon. E. C. Macfarlane, the Hawaiian people have lost a real, true and good friend. The welfare of this country, his native home, and of its people have always been uppermost in his mind and in his efforts. He was always to be found, during the most trying times and during dire extremities, to be on the side of the Hawaiian people, and was ever ready to advise and to counsel with them.

With his aged and afflicted mother, his widow of a few days only, and to his relatives THE INDEPENDENT extends its most heartfelt sympathies and condolences, feeling that it has also lost a true and tried friend, who was in truth a friend indeed.

TOPICS OF THE DAY.

In sentencing the defendant in the Chinese libel case this morning, Judge Gear remarked that he would not impose a money fine, for it would be easily paid, but that he would impose a sentence of imprisonment with hard labour attached. Now, brother editors, beware of the judge. Don't try to step on his corns, for you will be imprisoned at hard labour. But the judge ought to be a fit subject for hard labour.

THE INDEPENDENT now fears the wrath to come of Judge Gear, who yesterday intimated and launched forth from the judicial bench that it was time to compel the press to cease its attacks on public men. Hoory! By the bye, public men are not above the public, only in a way, nor are they above reproach and contempt, but still they are fit subjects for the press to pounce upon when insomnia and idiosyncratic freaks are upon them. Had not been for the press, there would be no end of trouble to which the public would not be any wiser. Officials would be doing what they pleased, money would be lavishly spent, and other matters could occur incidental to the non-

existence of a press, and still the public would be ignorant of what was transpiring about and around them. Nay, nay Judge; the press is the only public safeguard.

Once upon a time in the long ago, the late Theophilus H. Davies gave a reception at Craigside to the Bishop of Honolulu, which was largely attended by the elite of this city who are now mainly identified with the disaffected faction lately worshipping in the Cathedral Church of Honolulu. From THE INDEPENDENT'S own way of inference, that had the Bishop being then pliable to the wishes of the Kaahumanu street merchant, whose ashes are now at rest in peace and with all due respect and gratitude for the fight he made in his latter days for the oppressed and subdued people of this little country, there would not have occurred any differences whatever. That was the first and last reception given to the Bishop. The above is "past history" not yet ancient, nor is it from "the old world," but from within and right here in this community, which is still fresh and not yet quite forgotten by some of those at present living.

Judge Humphreys may, from the outlook of things, be responsible for the failure of the Kona Sugar Co. to save its creditors and shareholders alike, but we feel that the Advertiser is not behind hand in its attempt to discredit it and the country at large. If "a malicious and vengeful bench is the chief impediment today to the progress of this Territory," we also feel that a malicious and vengeful press is far worse and more derogatory to the interests of all concerned in this Territory. In upholding and sustaining the integrity of our Courts lies the stability of the country and of the investments herein, but in decrying certain matters wherein the Courts felt that the interests of the shareholders were being watched and cared for is to instill discredit at home as well as abroad. What our contemporary expects to gain from its vituperative slurs against Judge Humphreys, we are at a loss to comprehend. It is ruining the cause and chances of its own friends in its ruinous policy of discrediting whatever emanates from the bench.

Custom House Change.

W. H. Drummond, special deputy of the Custom House, has succeeded Robert C. Stackable as cashier. Stackable takes Drummond's place. E. H. Boyen, formerly of the statistical department, has been assigned to the appraiser's office. Hugh M. Tucker, formerly a day inspector, has graduated to a clerk's desk. B. K. Baird, formerly examiner's assistant, will in future do duty in the statistical department.

Botha May Surrender

NEW YORK, February 25.—It was freely stated in the lobby of the House of Commons Monday night, says a London dispatch to the Herald, that General Louis Botha, the chief Boer commander, had managed to get direct communication with Lord Milner, and had offered to surrender on certain conditions, the chief being that he shall not be banished from South Africa, and that the negotiations are proceeding.

All the steamers scheduled to sail today have been postponed to tomorrow morning, the Kinau and Claudine at 9 o'clock, and the Mauna Loa at 10, weather permitting.

CORRESPONDENCE.

How the Board of Health Has Made 75 Cents Do the Work of \$1.

ED. THE INDEPENDENT:

The Board of Health, says President Sloggett, "has made seventy-five cents do the work of a dollar." Now let us see the correctness of this statement. As an illustration, take the contract for bringing paiai to the Leper Settlement. The Wilder's Steamship Company was willing to carry the paiai from Kahului via Honolulu to Kalaupapa for 25 cents a bundle (if I am correct). As the Company is reliable and her services faithful, the paiai would arrive regularly at the Settlement, but this did not please Superintendent Reynolds (and mind you he is the Board of Health), so the contract for the transportation of paiai at 17 cents a bundle was given to E. Corra, owner of the schooner Waiialua. What has happened? A whole lot of paiai awaiting shipment rotted at the Kahului wharf a loss of about \$500 to the Board of Health. This looks rather as if the Board of Health pays one dollar to save seventy-five cents.

Again for two weeks another schooner, the "Brothers," was expected at Kalaupapa with paiai from Kahului. The newspapers report that the said schooner had to throw overboard all the paiai but 85 bags, and is rumoured the same was sold for \$50 at public auction in Honolulu. Again a loss of \$500 minus the \$50, and for what? To save a few cents freightage and we lepers had to live on flour paste. Thanks to the saving tendency of the Board of Health and of Mr. Reynolds, or perhaps on account of his grudge against the Wilder's Steamship Company we lepers have to suffer in consequence. Dig, taxpayers, dig into your pockets to enable Superintendent Reynolds, who is the Board of Health, to pay a dollar to save seventy-five cents.

Now what of the taro planting in Waikolu and Waibananui? Thousands of dollars have been spent and a few hundred dollars worth of taro not of the best quality may have been the result.

When will the Board of Health awake to their duty and put an end to the uncontrolled power of their Agent whose position as Superintendent of this Settlement makes him extravagant. Will you, Gentlemen, wait until the next Legislature?

Thanking you, Mr. Editor, for the space allotted,

I remain, yours as ever,

H. K. A.

Liner Breaks Record For Wireless Communication.

NEW YORK, Feb. 9.—The steamship Philadelphia of the American line, which arrived today, broke the record for having the longest communication with the land by means of the Marconi wireless telegraph system.

On Saturday, February 1, the steamship was, at 12:15 p. m., a few miles off the Lizard. Messages were then exchanged, and the telegraphing was kept up until midnight of the following day. The last message was sent when the Philadelphia was 150 miles distant from the land. This last message was a communication from the American line officials in England to Captain Mills of the Philadelphia. This is the longest distance in which wireless communication has ever been had between a ship and the land.

Because of the severe weather the Philadelphia had to put into Cherbourg, where she was delayed for more than sixteen hours. The Marconi system was continually working while the vessel was lying to, the connections at all times being perfect.

HON. E. C. MACFARLANE

His Passing Away on His Honeymoon Tour.

CHICAGO February 16.—Edward Creamor Macfarlane died on his wedding tour at 2 o'clock this afternoon, at the Auditorium hotel, leaving a young wife of a week a widow at 22 years of age. The body will be taken to San Francisco tomorrow, and thence sent to the Hawaiian Islands to be buried.

Mrs. Macfarlane is inconsolable. Macfarlane had been a bachelor and was 49 years o'd. They were on their way to Europe to spend their honeymoon. They reached Chicago last Monday, and Macfarlane was taken sick that afternoon. He died on pleuro-pneumonia. F. W. Macfarlane, a brother, is expected here Monday from San Francisco to take charge of the body and escort the widow home.

Mrs. Macfarlane goes back to a home crowded with wedding presents which have not even been acknowledged.

SAN FRANCISCO, February 17.—Edward Macfarlane was born on the Island of Oahu, 49 years ago, and had resided the greater portion of his life in Honolulu. Jointly, with his brother George, he was the proprietor of the Hawaiian Hotel and had an extensive liquor business. For many years he had been known as one of Hawaii's wealthiest bachelors. His partner and brother is also a director of the Bank of Hawaii, while another brother, F. W. Macfarlane, is president of the Union Feed Company.

Only ten days ago Rev. Father Lyons united Mr. Macfarlane and Miss Florence Ballinger in marriage in San Francisco. The affair was a quite home wedding, and the couple at once departed for Chicago on their bridal tour. The widowed bride was a popular young resident of the Mission, and is the daughter of Mrs. Robert Watson and a sister of Frank J. Ballinger, both of whom are well known here. Miss Ballinger's home was with her mother, at 3125 Twenty-third street. She met Macfarlane during an extended stay in Honolulu.

Great Library For Stanford.

STANFORD UNIVERSITY, Feb. 11.—An immense library is the latest probability in the building up of Stanford University. President Jordan has announced that such a building will be erected and will have a capacity of 1,000,000 volumes. The present large library, the gift of Thomas Welton Stanford of Australia, will continue to be used as a storehouse for the general reference works used by the undergraduates.

Mrs. Stanford is expected to return from the East tomorrow, and will probably then make known the plans for the proposed library and for other improvements soon to be started.

Matters Before the First Circuit Court in Jury and Chambers.

HEARD AND FILED IN CHAMBERS

Divorce matters was on in full swing last Saturday. Judge Humphreys heard the Degreaves divorce of long standing, and after a third trial granted the divorce.

On a demurrer raised by Gill & Farley in a divorce case Saturday, Judge Humphreys made a ruling which practically declares every divorce decree granted since June 14, 1900, invalid. Under the ruling, not only are these divorces null and void, but any marriages which have been contracted by divorcees can be of no effect, and any transfers of titles of property in which the signature of husband and wife would also be involved.

The above is already having its effect. An amended libel was filed yesterday in the case of B. K. Ah Sing vs. Akai Sing, in which the fact of two years' residence was added.

Senator Kahilina has filed a motion for a new trial from the order of Judge Humphreys granting a divorce to his wife. In the petition his attorneys, Kaulia and Pospo, allege that the \$1000 alimony is "to enormous." Judge Humphreys heard the motion and took the matter under advisement, intimating that he might make some change in the amount of alimony Senator Kahilina is required to pay.

George S. Houghtaling, an inmate of the insane asylum, has sued his wife for divorce through his brother. Adultery is alleged.

Mrs. Bertha Hough has sued Luther W. Hough for divorce on the ground of failure to provide.

Judge Robinson granted the annulment of marriage asked for Saturday in the case of Jacintha Walsh vs. Patrick Walsh, on the ground that the girl was not old enough to agree to the marriage. The girl is but 13 years of age, and looks even younger. The husband is over 30. The girl said she had not given her consent to the wedding, but that her mother had told her she had to marry the man.

Judge Humphreys granted a separation without counsel fees of alimony in the case of E. Froboese vs. G. F. H. Froboese, but later set the order aside, and continued the case for the term.

An amended bill to set aside and cancel a deed, has been filed in the case of Puhipaka Malama Guerrero, a minor vs. Frank Pahia et al.

Objection has been made to defendant's bill of exceptions in the case of T. M. Harrison vs. J. A. Magoon et al.

The Supreme Court issued an execution yesterday against defendant in the case of J. M. Monsarrat vs. A. H. Abakuelo, for \$154.87. The judgment given in the District Court could not be satisfied by property within that jurisdiction.

H. M. von Holt was yesterday appointed administrator of the estate of Frank Brown, deceased, with a bond of \$3,000.

The trial of the Chinese libel case was concluded yesterday, the jury finding the defendant guilty in the second degree, after being out twenty minutes. Judge Gear sentenced Wong Shui King to one month's imprisonment at hard labor this morning.

Judge Humphreys took up the case of J. D. Paris vs. J. A. Magoon, guardian, yesterday afternoon. This suit is for breach of contract to supply cattle to plaintiff, and about \$10,000 is the amount involved. A jury was impanelled and the case proceeded to trial, and is still going on today.

The Nippon Maru arrived about 9:30 o'clock last night from San Francisco, which port she left Feb. 25. She encountered terrific weather on the way down, but arrived on schedule time, bringing 349 bags of mail. She has on board 3000 tons of through freight, and will leave this evening, the mail closing at 4 o'clock.

The High School concert takes place this evening at the Young Men's Christian Association hall.

H. J. Burnison, formerly a bookkeeper with Irwin & Co., leaves today on the Nippon Maru, for Shanghai.

The Fish Commission steamer Albatross has gone on Mare Island dry dock to make ready for her cruise to Honolulu.

No invitations have been issued by Princess Kawauanskoa and she will be "at home" to all callers from 8 to 6 o'clock this afternoon.

The second jury trial of the condemnation case against the Honolulu Plantation Co. is on before the U. S. District Court.

Heavenly downpours are the order for today, which began yesterday at intervals, and following in the wake of the prevalent gale.

The annual meeting of the Hawaiian Jockey Club, which was to have been held last night, was postponed until next Monday evening on account of the lack of a quorum.

The America Maru arrived yesterday forenoon, in a good run of about 9 1/2 days from Yokohama, and left after 8 o'clock last night for San Francisco. She brought a small list of passengers for here.

The America Maru left Hongkong on February 13, and Yokohama February 22, in the afternoon. She brought 394 Japanese for the Islands, 5 Japanese stowaways, and about 500 tons of freight.

A company of native ladies called on Princess Kawauanskoa last Saturday afternoon. An enjoyable time was had, for they were provided with eatables, and they were right royally received and entertained by the Princess and the Princesses. Col. and Mr. Parker were also present.

The Supreme Court opened its March session yesterday morning. After arguments were heard in certain cases, and others set for hearing, Chief Justice Fiear announced that adjournment would probably be taken next week to Monday, April 27th.

The First Local Mint.

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall. It is interesting to enter the large main working room, where general manager McDonough and his corps of assistants are at work. The cool and large lanai is a proper resting place and the vaults, where the "bars" to be minted and beer are kept present a very tasty spectacle. The Mint is open from 5:30 a. m. to 11:30 p. m. and during those hours the work never ceases. Visitors after looking over the place will find first class refreshments and the purest of liquors.

REWARDS FOR DETECTIVES.

Forty-Nine Thousand Dollars if the Modoc Lynchers Be Convicted.

REDDING, Feb 12—If all the men indicted for participation in the Modoc lynching are convicted the persons who cause their conviction can claim reward aggregating \$59,000. The Governor of California offered \$50,000. The International Council of the World, a secret order having branches throughout the United States, Canada and the United Kingdom, offers additional rewards as follows: "The sum of \$500 for the apprehension and conviction of each and every person whatsoever implicated in the murder of Calvin Hall." Then follows the names of the other persons lynched, with like rewards offered. This means that a reward of \$500 is offered for each of the five men lynched, making a total of \$2,500 for each and every person implicated. If eighteen men were convicted this would yield to the detectives the sum of \$45,000.

The Anti-Mob and Lynch Law Association (incorporated), with headquarters in Springfield, Ohio, offers \$500 for each person convicted of participation in the Lookout lynching. This will add \$9,000 to the sum already mentioned, the whole, with the Governor's reward, reaching the sum of \$59,000 for the conviction of the eighteen men.

NOTICE.

Office Commissioner of Agriculture and Forestry, Honolulu, February 25, 1902:

It having come to the knowledge of this department that it is the intention of certain persons to carry the lantana scale (Orthosis insignis) now prevalent in certain districts of the Island of Maui, to other districts on that Island, and also to other islands of the group where lantana is growing; it is earnestly requested that all persons co-operate with this department in its efforts not to spread the scale until it has been finally determined that it is not detrimental to other vegetation. The government entomologist, who is about to leave for Mexico to find beneficial enemies for the destruction of lantana, and strongly advises the above request, is of the opinion that the lantana scale is dangerous to other vegetation.

 Commissioner of Agriculture and Forestry. 2141-3t
