

ROBERTSON MAY BE FEDERAL JUDGE

CRISIS IS NEARING IN SUGAR STRIKE

On Monday night a picket at the United States cavalry camp at Lihue challenged an intruder who was endeavoring to sneak under cover of darkness into the encampment. When the unknown attempted to dodge the sentry and to effect an entrance despite the warning the sentry fired low, sending a bullet into his leg. The wounded man howled with pain and, limping, slunk back into the darkness. The sentry did not give chase. As the injured stranger retreated, the sentry got a glimpse which convinced him that he was a Japanese. He may have been some striker who had lost his way. If he was looking for trouble, he got it.

AIEA AND WAIPAHU.
Aiea and Waipahu plantations are continuing to run along very satisfactorily under strikebreakers, now employing about 1200. Eighteen cars left the Palama depot this morning, carrying the strikebreakers to their work. This is becoming so systematized that all objectionable features are disappearing.
This morning the Chinese were loaded into the train from the Ewa end of the long platform, while the Hawaiians were admitted in the regular way through the station gates at the city end of the depot, thus to avoid the clash between races in the scramble for the opportunity to turn \$1.50 a day in the canefields or in the mills of Aiea and Waipahu.
The Chinese Consul on Sunday caused to be posted near the railway station a notice for the benefit of his countrymen to the effect that they were not to attempt to board the train or go to the plantations unless proper

police protection was afforded. This was as the result of a scuffle the day before when a couple of Chinese were hit by a police officer in a severe manner.
There are still seven thousand or more idle Japanese who have struck work on Oahu plantation.
Less than half this number is now in the city wrestling with the housing and feeding problem, with Makino's assurance that all will go well.
Now that Ewa and Waialua Japanese have struck, the strike leaders have had to reconstruct their policy and have on their hands a greater responsibility than they expected.
There is no immediate opportunity for shipping strikers out of the country.
The plantations are making no advance; it still seems up to the strikers to make the next move, in the absence of any willingness to compromise on the part of the plantations.
The possibility of a general strike throughout the islands is confronting both strike leaders, who did not anticipate so great an effect to their original agitation, and the planters who necessarily have to figure how to keep the industry going without labor, other than a very small proportion of available outside workmen.

scramble near the gate. Hence the segregation, the Chinese being admitted at one end of the platform and the Hawaiians at the other.
CHINESE TURNED AWAY.
Two hundred Chinese were turned

(Continued on Page Four.)

MAY START NEW STOCK EXCHANGE

PROPOSED CHANGES IN CONSTITUTION OF BODY CAUSE FRICTION—MEMBERS WALK OUT OF MEETING, LEAVING IT WITHOUT A QUORUM—ONE MEMBER OFFERS HIS SEAT FOR SALE AS THE RESULT—WISH TO GIVE UP LIFE INSURANCE FEATURE.

An interesting situation developed yesterday at the meeting of the members of the local Stock Exchange, which was held to consider the adoption of proposed changes in the constitution and by-laws. Considerable friction arose over some of the changes which caused the assertion that some member or members would sell their

seats on the floor and proceed to start a new exchange.
This finally wound up by so many members leaving that there was no quorum and the meeting had to be declared adjourned.
The committee on the changes in the

ALAKEA STREET.

Judge De Bolt On Gambling By Higher-Ups

Judge De Bolt this morning roared at the sheriff and police to a dun complexion, non-running color in the wash, for discriminating against Asiatics in arrests for gambling, while the Caucasian higher-ups are left free to indulge in poker and bridge whist at their own sweet wills.

It was in the case of Yong See and 23 others, who had appealed from fines of \$5 and costs each in Honolulu District Court. Judge De Bolt reduced the penalty to \$2.50 and costs each, making it \$7.50 all told. A stenographic report of his remarks is here printed.

The Court. As I have often had occasion to observe in these gambling cases, it seems to me that the law, which is impartial in its purpose, is not impartially administered. To my mind there are no mitigating circumstances in gambling; I am decidedly opposed to gambling in any form, shape or manner whatsoever, and I am equally opposed to any person whomsoever who gambles, but I do think that the law should be administered without respect to persons; it should apply to all alike; the law is no respecter of persons.

The sheriff and his officers seem to have no trouble in arresting Chinese and Japanese, and it seems to me that there ought to be no difficulty to arrest those leading members of society—sometimes they are pleased to style themselves the "cream of society"—and entertain with bridge whist and other high-toned gambling games, and I can assure you if the sheriff can arrest those people, bring them in here, we will deal with them according to law. We will deal with them impartially; we will not severely punish them but I can assure you that they will be punished.

One of the greatest things to create respect for the law and for the officers who apply and administer the law is to apply it equally and impartially to all alike. Now the fact that Chinese are constantly being arrested and brought in here, which I do not object to; I have nothing to say in their behalf for violation of the law, but if they are being constantly arrested and brought in, if guilty of course it is the duty of the court to punish them, but that creates in their minds, it creates in the minds of others perhaps occupying like positions in life, a disrespect for the law or a feeling that the law is not just; that it is not impartially administered. Now that is not what we want. If every person, rich or

poor, foreign or citizen, feels that the law will be applied to him regardless of his position, regardless of his nationality, race, creed or color, according to the evil that he has committed then there will be a respect created in the minds of all for the law, which is right and which should be.

Now there are many places, doubtless, that the sheriff could find gambling going on, and wherever he finds it, arrest them, no matter who they are. If the sheriff should find me playing poker in the Pacific Club or in the basement of the Central Union church with the Chief Justice of this Territory, why arrest both us, bring us in and I think that Judge Robinson or Judge Whitney will deal with us according to law. The law is no respecter of persons, no matter who the person may be. Many of our so-called best citizens and leaders of society are conducting these gambling games—that is what the law calls it—bridge whist and other such high-toned games for money and other things of value they think nothing of. They call it gambling, though, in the Chinese when they play their national games, games that are almost a part of their nature. They call that gambling, and as to the corrupting and wrong influence upon the morals of the people, particularly the young, I think that those who are carrying on these games among the higher members, so-called, of society are more corrupting in their influence and effects than games of this kind.

I wish, however, what I have said not to be understood in the least as mitigating gambling in any person or in any form whatsoever. Now what I have said in regard to gambling in general and with reference to others is not intended to lessen in the eyes of the law the gambling of these defendants. They have violated the law. Judge Humphreys has referred in his remarks to the Chinese gambling in their own country and lotteries being a part of the social system, perhaps you might term it, of the Latin races, and that they do not look upon it with the same degree of disapprobation as we do. That may be true, but whoever comes to the United States or any portion of the United States, whoever comes within its jurisdiction and under the influence of its laws, no matter what their previous training may have been, they must conform to the law of this country. It may be a little difficult for them to do it but they will learn by experience that it is better to obey the law.

MARINES ADD TO CITY'S PROSPERITY

PRACTICALLY \$20,000 PER MONTH PASSES THROUGH LOCAL CHANNELS FROM CAMP VERY—OF FICERS ASK FOR OILING OF SHORT STRIP OF ROAD BY COUNTY—DUST NOW AN UNCONTROLLED NUISANCE—QUARTERMASTER REPORTS LABOR PLENTY.

The amount of money being spent in this city by the battalion of Marines located at Camp Very is something which the merchants of this city are greatly interested in. At present the money being expended in this city from this source amounts to close to \$20,000 per month, and has proved to be one of the important factors in the renewed business prosperity in this city.

The pay roll of the enlisted men in the four companies located at Camp Very was approximately \$6,750 for last month and nearly every dollar of this ultimately finds its way through some business channel in Honolulu. In addition to this the officers of the detachment receive about \$4,700 per

month and this too sees very general distribution among the merchants as well as through rent to the holders of local real estate.
The cost of food for the enlisted men for the Marine battalion amounts to nearly \$4,000 per month, from the ration allowance of about 25 cents per man and outside of this nearly \$2000 additional is expended, which comes from various sources which include the post exchange and barber shop. After July 1 the ration allowance will be increased to 25 cents.
There is one complaint which is heard from the Marine corps and this was apparently well based when the

(Continued on Page Eight.)

WOODRUFF WITHDRAWS

A. G. M. ROBERTSON SUPPORTED FOR FEDERAL JUDGE BY KUHIO AND FREAR.

Assistant U. S. Attorney-General Woodruff, who was nominated for Second Federal Judge of Hawaii, and whose name has been held up in the Judiciary committee of the Senate, has voluntarily withdrawn and a meeting of the Bar Association will be held this afternoon at 3 o'clock for the purpose of endorsing the name of A. G. M. Robertson for the position. Robertson, it is understood on the best of authority, will have the united support of the members of the local bar and also of Delegate Kuhio and Governor Frear. Frear and Kuhio have intimated that such would be the case to prominent members of the Bar Association.

The news that A. G. M. Robertson was a candidate for Federal Judge came as a complete surprise to most of the attorneys in the city. The first intimation of the fact, it is understood, came from Delegate Kuhio, who received a cablegram from Washington stating that Woodruff had withdrawn. Kuhio, who had opposed Woodruff on the ground that he was a non-resident of the Territory, this being done at the request of the Bar Association, then took up the matter with the officials of that body.

Governor Frear has talked over the matter with the Bar Association officials, it is understood, and has signified that he either already had or was ready now to give Robertson his support. The meeting this afternoon is expected to support Robertson unanimously.

The opposition to Woodruff, it developed, was not from any personal feeling against him, but on account of the fact that he had never held a position which showed that he was qualified to hold a position such as Federal District Judge. Feeling rather hurt at the insinuations that he was not big enough for the position offered him is believed to be the chief cause of Woodruff's withdrawal.

It is now believed that with Woodruff out of the way a local man of sufficiently high caliber will be able to obtain the position and it is thought that the strong endorsement of A. G. M. Robertson will be enough to settle Taft in his favor. His having held the position of National Committee-man of the Republican party for many years is also strongly in his favor from a political standpoint.

CRAWFORD SUSPENDED

Willie Crawford, messenger in the office of the City and County Attorney, has been suspended from his job pending an investigation by City and County Attorney Cathcart into the charge that Crawford accepted forty dollars from Lal Dak in a decidedly irregular manner.

Lal Dak was recently charged with selling opium in violation of the poisonous drugs act. His case was dismissed in police court and it was through his, Crawford's, influence or good services that he had gotten out of trouble, whereupon he accepted \$40 in consideration therefor from Lal Dak.

Crawford indignantly and emphatically declares that there is not a word of truth in the story.
Complaint was made to Mayor Fern who referred the matter to Cathcart.

THE LOG-BOOK

The Korea, which is expected to arrive Thursday morning, will bring down a large list of local people and a number of tourists are also expected. The Korea, as the favorite ship of the Pacific Mail Company, always carries large cabin passenger lists. She will bring in six days' mail from the coast.

The Pacific Mail steamer Siberia did not get away till shortly after 7 o'clock last evening, owing to the fact that the number of stovedores available for discharging her cargo was small on

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED MAY 15, 1909.
Honolulu, May 17, 1909.
GENERAL SUMMARY.

The mean temperatures were slightly higher than those of the preceding week generally on Maui, in the Koolaupoko and Waialua districts of Oahu, on Molokai, and at a few scattered stations on Hawaii—the majority of stations on Hawaii reporting slightly lower mean temperatures than last week's. The only changes greater than 1.0 deg., were excesses reported from the N. Kona district of Hawaii, the Koolaupoko and Koolauloa districts of Oahu, central Molokai, and the Hana and southern portion of the Wailuku districts of Maui.

The rainfall for the week was above the average of ten or more years in the Kona, Puna, S. Hilo, southern portion of the N. Hilo, and eastern portion of the N. Kohala districts of Hawaii, and the Makawao district of Maui; and below the average elsewhere. The departures from the average, in inches, in the several districts were: Hawaii—N. Kohala—0.46 to +0.32, Hamakua—0.13 to -0.62, N. Hilo, -0.08 to +1.17, S. Hilo +1.45 to +2.13, Puna +1.30, Kau -0.17, and N. Kona +1.88; Maui—Makawao +2.42 and Lahaina -0.14; Oahu—-0.04 to -0.51, and Kauai—Waimea -0.22.

The greatest amounts of rainfall were reported from the central, southern and western portions of Hawaii, and the Makawao district of Maui—the maximum amount reported being relatively small, 5.89 inches. The total amounts of rainfall for the week, in inches, in the several districts were: Hawaii—N. Kohala 0.45 to 1.36, Hamakua 0.18 to 1.53, N. Hilo 1.98 to 3.48, S. Hilo 3.26 to 5.00, Puna 2.43 to 5.89, Kau 0.22 to 2.10, S. Kona 2.51, and N. Kona 3.36; Maui—Makawao 1.37 to 4.07, Hana 0.82, and Lahaina and Wailuku 0.00 to 0.09; Oahu—Koolauloa 0.40, Koolaupoko 0.14 to 0.86, Honolulu 0.16, and Ewa and Waialua trace to 0.02; Kauai—Koloa 0.53 to 1.37, and Waimea 0.07; and Molokai—Molokai 0.03 to 0.81.

There was less rainfall than during the preceding week generally on Maui in the windward and Ewa districts of Oahu, on Molokai, and in the N. Kohala, N. Hilo, Kau, southern portion of the Hamakua and at scattered stations in the S. Hilo districts of Hawaii; elsewhere there was more rainfall than last week's. The greatest excess was 3.13 inches—in the Puna district of Hawaii, and the maximum deficiency 1.82 inches—in the Hamakua district of the same island.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the group:

	Temperature.	Rainfall.
Hawaii	70.2 deg.	2.40 inches.
Maui	73.2 deg.	0.29 inch.
Oahu	73.5 deg.	0.26 inch.
Kauai	73.2 deg.	0.66 inch.
Molokai	72.2 deg.	0.92 inch.

Entire Group..... 71.8 deg. 1.53 inches.
At the local office of the U. S. Weather Bureau in Honolulu clear to partly cloudy weather obtained, with showers on four dates amounting to 0.16 inch, 0.40 less than the normal for the week and 0.16 more than during the preceding week. The maximum temperature was 80 deg., minimum 67 deg., and mean 71.8 deg., 0.8 deg. below normal, and 0.2 deg. lower than last week's. The mean daily humidity ranged from 62 per cent to 1 per cent, and for the week was 66 per cent. Northeastly trade winds prevailed, with an average hourly velocity of 0.0 miles. The mean daily barometer varied from 30.05 to 30.12 inches, and the mean for the week, 30.10, was 0.08 inch above normal.

STRIKING WORK OF BENEVOLENCE

Twenty-two carpenters in the employ of Lucas Bros. built a house for Mrs. C. H. Elvin and family at Kaimuki on Sunday. Fred J. Lowrey of Lewers & Cooke donated the lumber and then referred the building to Lucas Bros. The occasion was the fact that the husband and father had been sent to the Leahi Home as a bad case of consumption, leaving Mrs. Elvin and two young children homeless but owning a lot at Kaimuki. Edward Hingley the foreman, Tommy Stroup, George Sanderson, Tom Beck, Antone Gomes, Fred Church, Frank Foster, Happy New Year, E. V. Dunn, H. Freitas, J. Silva and Manuel Gonsalves worked on the job all day and others part of the day. Thomas Mullen, a resident of Kaimuki, supplied refreshments to the philanthropic toilers.

BAND CONCERT

There will be a public moonlight band concert this evening at 7:30, at Thomas Square.

PART I.

Waltz—The Merry Widow.....Lehar
Finale—GavinBretton
Star Spangled Banner.

SPORTS

WILL AGAIN TRY FOR POLO START

Just what will be done in the way of polo on Saturday next no one at present knows. When the season was projected it was confidently hoped that practice would be started and continued with a will; but the experience of last Saturday, when only a few of the steadies appeared, was surely not encouraging.

George Angus, who has the matter in hand, stated this morning that a special meeting of players would be held this week to talk over the situation. This conference will not take place until after the arrival of the Korea on Wednesday. It is hoped that as a result of it the sport can be made to take a new start.

SPORTDRIFT

A business meeting of the Chinese Athletic Club will be held this evening.

It is tomorrow afternoon, and not today, that the seventh shoot of the Hawaiian Gun Club in the present series will take place.

Dr. Hand went out to Kapiolani park track today to see what work is necessary to get the place in shape for the events of June 11. Work on the course will begin the first of the coming month.

At 4 o'clock this afternoon the first round of the men's double handicap tournament will begin on the courts of the Beretania Tennis Club. An invitation to all interested in the sport is extended to be present.

Next Sunday afternoon's baseball games at Aala park will be as follows: Wall, Nichols' Company vs. Japanese Tennis Club, at 1 o'clock; C. A. C. vs. Aalas, at 3 o'clock. The latter game is the final go for the championship and is bound to be a banger.

The following cablegram, which came in last night, explains itself:
LONDON, May 25.—Sam Langford, of Boston, negro pugilist, knocked out Ian Hague, the new British heavy-weight champion, in the fourth round of a scheduled twenty-round bout before the National Sporting Club, last night.

A meeting of the Kapiolani Baseball League will be held at the residence of John F. Syla tomorrow evening for the purpose of considering a number of important matters. Among the times on the evening's schedule is that of the withdrawal of the All Hawaiis from the League.

An exhibition of the Maxim Silencer will be given at Kakaako butts tomorrow afternoon, immediately preceding the match shoot of the Hawaiian Gun Club. The exhibition will be made by Joseph Keegan and Hillard J. Rosecrantz, who have control of the invention for the Far East and are going there to exploit it.

HERE AGAIN.

Oh, the laziness is creeping where the violets are sleeping,
And the sunshine glistens lightly on the stream
Where the timid shadows shiver on the border of the river
When the south wind wakes the crocus from its dream.
When the green is softly glinting like the whisper of a tinting
And there's music in the rhythm of the rain,
It's the lazy, hazy season, built for rhyme and not for reason,
And we're glad to have it with us once again.

Ah, we need no maypole dancing nor the glancing maids entrancing

To make festive such a gentle time as this,
For 'tis fine to watch the gleaming of the world with sunlight teeming
And existence is a sweet and priceless bliss.
There is drowsy satisfaction in this personal inaction
While around you nature toils with might and main.
There is joy enough in knowing that the grass and trees are growing
And the lazy time is with us once again.

The Alameda, leaving tomorrow, takes mail, passengers and freight to the coast. Those who do not believe in the withdrawal of the application of the coastwise passenger law to this Territory call attention to the fact that it is a long time since the Ala-

ameda sailed from this city carrying an absolutely full passenger list. The tendency seems to be to demand passage on a larger vessel and if that cannot be obtained to state that there are no passenger accommodations. The Alameda will probably carry about 100 passengers, which is not her full limit.

DON'T PUT IT OFF.

Don't allow twenty-four hours to elapse without Chamberlain's Colic, Cholera and Diarrhoea Remedy in your home. True, you may not need it within that time, but it is better than any doctor's prescription and worth twenty times its cost in cases of diarrhoea, cramp, colic or dysentery, which are liable to come on suddenly at this season of the year. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Does Beer Make

people strong, or does it require strong people to drink beer?

Notice that it's always the strong healthy people who are the beer drinkers and those opposed to beer drinking are usually of the pale, anemic variety.

If you feel run down, have a deficiency of red corpuscles, are troubled with insomnia, start in with a glass of good beer with your dinner. And remember, in Honolulu the best beer is

The Beer that's Brewed to Suit the Climate.

Be Not Deceived

There is only one cleanable Refrigerator and therefore GERM PROOF, and that is the Gurney Refrigerator handled by us.

No other make has ever stood the test and by means of the removable ice chamber as well as removable shelves, drain pipes, traps, etc., we have solved the problem.

Assail us where you will you cannot help but admit our claim. All other makes fail when it comes to keeping the ice chamber pure, sweet, clean and germ proof, but

THE GURNEY

Listen to idle talk and arguments put forth in favor of cleanable provision compartment. All refrigerators have this feature. You cannot deny that unless ALL COMPARTMENTS can be kept absolutely pure and wholesome that a refrigerator is germ-proof. Go from the provision chamber to the receptacle for the ice and it is here where all other makes fail. There's the weakness that cannot be overcome by them.
The Gurney with its removal Ice Chamber feature has supplied the great want and therefore.

Is the Only Cleanable

Come in and bring forth your arguments and if we fail to convince you we are ready to take your decision. A full line always on hand. They are used in almost every household. Do you possess one? If not why not, it costs no more than other makes.

GREATEST ICE SAVERS.

You Want the News First?

You want Your Ads Read?

Here is some advice---

Honolulu more than any other city in the World, is a place where the EVENING PAPER gets the news first. The clock here is over two hours behind the clock at San Francisco, four hours behind New York and ten to eleven hours behind the clocks in the European capitals.

This means that when THE STAR is going to press The Day Is Closed In Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for THE STAR.

Under modern conditions it takes practically no time to prepare and transmit news and

The Star gets every Evening the Cable Dispatches giving

The News of all the World

For the day just ended

Here are some of the features that go to make the evening paper the predominating factor in an advertising campaign:

It is delivered at the home each night when the whole family has plenty of time to read it.

It is carried home by the business man when his day's work is done and it stays there. A morning paper is usually carried down town by the head of the family and hurriedly read.

The evening paper is not read hurriedly, but thoroughly, so that all the advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective purchaser time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The morning paper the day after.

The evening paper presents the news first. The morning paper merely elaborates it.

The Evening Paper

Prints Daylight News

The morning paper takes what is left.

The Hawaiian Star

DAILY AND SEMI-WEEKLY.

Published every afternoon (except Sunday) by the HAWAIIAN STAR NEWSPAPER ASSOCIATION.

SUBSCRIPTION RATES.

Local, per annum \$ 8.00
Foreign, per annum 12.00

Payable in Advance.

Entered at Post Office at Honolulu, Hawaii, as second class mail matter.

Subscribers who do not get their papers regularly will confer a favor by notifying the Star Office; Telephone 365.

The Supreme Court of The Territory of Hawaii has declared both THE HAWAIIAN STAR (daily) and THE SEMI-WEEKLY STAR newspapers of general circulation throughout the Territory of Hawaii, "suitable for advertising proceedings, orders, judgments and decrees entered or rendered in the Courts of the Territory of Hawaii."

Letters to THE HAWAIIAN STAR should not be addressed to any individual connected with the office, but simply to THE HAWAIIAN STAR, or to the Editorial or Business Departments, according to tenor or purpose.

GEORGE F. HENSHALL MANAGER

TUESDAY MAY 25, 1909

NATIONAL WEALTH.

From the Statistical Abstract of the Bureau of Statistics, Department of Commerce and Labor, previously quoted in these columns, it is learned that the developed water power of the United States is reported at 5,357,000 horsepower, and the number of wheels which it turns at 52,827. The estimated coal supply of the United States is put down, from statements made before the Conservation Commission, at 3,135,708,000,000 tons; while the output from the mines of the United States in 1907, the year of the largest production, was 429,000,000 tons, as shown by another table in the same volume. The available iron-ore supply of the United States is estimated at 4,785,000,000 long tons, and the production of iron ore from the mines of the United States in the year 1907 was 52,000,000 tons, the largest total ever produced in a single year. The pig iron produced in the country in the same year of 1907 is shown to have been 25,781,000 long tons, while the world's production of pig iron in that year is given by accepted authorities at 60,500,000 long tons. The petroleum areas of the United States as at present known are set down from reports supplied by the United States Geological Survey at 8,850 square miles, or somewhat larger than the State of Massachusetts; and the gas areas at 10,055 square miles, or slightly more in area than the State of Vermont.

The wealth of the United States in 1850, according to the figures of the Census Office, was 7 billions of dollars, speaking in round terms; in 1860, 16 billions; in 1870, 30 billions; in 1880, 43 1/2 billions; in 1890, 65 billions; in 1900, 88 1/2 billions; and in 1904, 107 billions; the average wealth per capita being, according to the same authority in 1850, \$308; in 1860, \$514; in 1870, \$780; in 1880, \$850; in 1890, \$1,039; in 1900, \$1,165; and in 1904, \$1,310. The wealth production on farms, according to the estimate of the Department of Agriculture, was in 1897 \$4,250,000,000, and in 1907 \$7,412,000,000. Among the valuable articles produced on the farm are included wheat, of which the farm value in 1908 was set down at 617 million dollars, a larger sum than in any previous year in the history of our production; cotton, of which the value in 1906 the year of largest valuation, was 722 millions; hay, in 1907, 744 millions; and corn, in 1908, 1,616 millions—these being in all cases values on the farm.

AMERICAN COLONIAL TRADE.

Discussing the trade of the United States with its non-contiguous territories, the Chicago Record-Herald says it will amount to 150 million dollars for the present fiscal year, as against 70 million dollars in 1899. It calls particular attention to the purchases made by the mainland, showing that in every case one or two large items make up the greater part. Thus of \$22,937,649 worth of merchandise bought in Hawaii the first eight months of the twelve, \$20,937,649 was paid for sugar alone. The Philippines sold the parent country a bill of \$7,070,132, nearly \$5,000,000 being for hemp and \$1,584,609 for sugar.

To the Record-Herald the statistics "indicate pretty clearly what the industrial conditions in the territories are. There is not much promise of a great diversity of products in marketable quantities. Furthermore, if there is any menace to home industries it is plain that it does not come from the Philippines. Tobacco is not mentioned among the imports from those islands in a bulletin sent out by the bureau of statistics. The sugar imports had increased, but they were less than a third of the imports from Porto Rico and about one-thirteenth of the imports from Hawaii. Taking these figures in conjunction with the figures of domestic production and the figures on the imports from foreign countries, it will be seen that the Philippines are a negligible quantity. They could not affect the market if they had free trade, and yet the most exaggerated fears are expressed over the possibilities of disaster from conceding them free trade. The desire to hold the market may be natural enough, but the lack of intelligence that is shown by those who oppose any concessions in discussing the conditions is amazing."

With the limit on the quantity of sugar to be admitted free from those islands, in the Philippine tariff bill that passed the House yesterday, there would be no menace to the American sugar industry in present circumstances where the domestic supply is still far behind the consumption. Possibly a large measure of free trade with the Philippines will be one of the first great factors in rehabilitating American commerce in the Pacific. It should develop a large commerce with all the Far East, having Manila as the chief base, and the trade with the Philippines would form a large proportion thereof. Restricting the carrying trade between the United States and the Philippines to American ships, especially with a subsidy thrown in, would give a prodigious impetus to commerce under the Stars and Stripes. Travel as well as trade would go with the flag, and Honolulu would benefit in large measure from the American tourist route.

The request coming from the officers of the Marine Corps that a short strip of the road passing in front of Camp Verry should be oiled is a most reasonable one, and it is to be hoped that the Board of Supervisors will find its way to do this work in the near future. At a small expenditure the comfort of

the officers and men of the Marine Corps, numbering over 400, can be greatly increased in this manner.

If the Chicago Record-Herald knew more than it does about industrial development in Hawaii, it would not say, with inclusion of this Territory, that "there is not much promise of a great diversity of products in marketable quantities" in the territories. The pineapple exports are already respectable and rubber and tobacco are coming right along. And there are other things in the category of great possibilities.

Probably the opposition to free trade on the part of Filipinos comes from far-sighted home rulers. It would make American capital and influence dominate the islands, putting far off the day of irresponsible and unrestricted native government as they view things, but in reality hastening the time when the islands might safely be granted independence.

Washington, D. C., saw the start of its first school city a few days ago. Honolulu has had a successful school city for years. Congress ought to return the compliment of the Congressional visit to Hawaii by inviting a bunch of the wise men of Hawaii to make an educative mission to Washington.

CRISIS IS NEARING IS SUGAR STRIKE

(Continued from Page One.)

away at the depot this morning and many others were not given an opportunity to become strikebreakers, there being so many more applying than could be used. There is work for them to do, however, for the rice season is coming in and men are wanted and wanted badly. Twenty-four dollars a month is paid a Chinese for harvesting rice, but it seems that they prefer, not unnaturally to make \$1.50 per day working on a plantation. Some rice men are now offering thirty dollars a month to get laborers.

MORE MEN NEEDED SOON.
Today it was reported that more strikebreakers may be taken tomorrow than have heretofore been required, for Ewa may take a considerable consignment. This, however, is by no means certain.

EWA AND WAIALUA GOING.
The Ewa and Waialua plantations are running after a fashion with Portuguese, Spaniards, Porto Ricans and Chinese, having each about a third of their original working forces on hand, the striking Japanese constituting about two thirds of their original operating forces. The works of necessity as far as the conduct of plantation affairs is concerned are being performed and at present these two great plantations, not altogether dependent on Japanese labor, are making a good show.

WAIALUA MEN BACK AGAIN.
All the Japanese field and mill hands of Waialua have gone back to work. They were working yesterday. It appears. They number about 350. They went out on strike and returned to work without presenting any demands.

CONSUL NOT WELCOMED.
The Japanese consul visited Waialua on Sunday out for some reason was not enthusiastically welcomed. It appears that the men of Waialua are not altogether in sympathy with Fred Makino's strike campaign and have the idea that Makino and the Consul are too friendly. The consul advised them to return to work, but they returned through their own choice.

KAHUKU IS QUIET.
Kahuku, in spite of her Japs being out, has nothing to worry about. When the strike started she had but 600 tons of sugar to take off and two thirds of her seedling was accomplished. She is using men from the coun-

try, Hawaiians and others, and getting along splendidly with these and her own Chinese, though the latter are in great fear of what the Japanese may do to them. The roughest crowd of Japanese is probably to be found at Kahuku. As a general rule the strikers are remarkably peaceful and are behaving as strikers seldom behave on the mainland where strikebreakers are resisted and trouble is constant.

MAKINO'S SERENITY.
Fred Makino is a little tin god in a way and wields a great influence, an influence all the more remarkable for the reason that a mingling with the strikers seems to reveal a great lack of sincerity on their part. They themselves have no grievances large enough to have brought about the general strike on this island. They were making more money than they could spend on what they heeded, otherwise why were they all the time sending money back to Japan. But along comes Makino and his gang and spins yarns of how the planters will be had by the throats if the Japanese on the plantations quit work and how they must perforce dig up higher wages.

It is even asserted that some of the leaders are circulating the falsehood that the Japanese government is going to support the strikers until the planters give in and pay the Japanese higher wages. And then there is the transport story which is shoved down the throats of the ignorant, that Japan will send transports here to take the strikers home.

HOTELS OVERCROWDED.
A tour of the Japanese hotels in this city this morning discovered the situation to be anything but reassuring for the Japanese strikers or for the community at large. At nearly every Japanese hotel the proprietor declared that his establishment was full and that he had no room for another man, woman or child, and yet in front of his hostelry would be standing strikers clamoring for accommodations, hacks laden with baggage; while mothers with blankets full of household effects and backs laden with offspring, sweated and balanced on their wooden sandals to perfect a picture of confusion.

EXHIBITION OF RICE.
At the Kiushuya hotel there was an odd exhibition of rice and soy, perhaps thirty sacks of rice and fifteen tubs of soy, each container plastered with a legend that proclaimed in Japanese characters that said rice and said soy were consecrated to the strikers. There were forty-five men in the hotel, the rooms were full, and a hundred men, women and children lined the sidewalk in front.

STRIKE HEADQUARTERS.
At River and Beretania streets

there is a headquarters of the strikers and here the proprietor unflinchingly announced that he charged no fee for the accommodation of strikers. Nevertheless he was wearing the lock of the inner closet of his safe with making change.

STRIKERS SEEING HONOLULU.
Today there are all of three thousand strikers in Honolulu and anyone may see them, here and there, on the streets of the city's center and out of town, noticeable on account of their more or less indifferent attitude and apparent lack of destination. They are taking in the sights, studying the city, taking a holiday, "seeing Honolulu," admiring the show windows and figuring what they will buy when the planters take them back to work and pay them all the wages they ask. Peaceful does not begin to describe them.

BAGGAGE AT WAIPAHU.
It is figured that a thousand men have come in from Waipahu planta-

tion, altogether, on the train, who have left all their baggage at stores and the houses or camps of friends near the plantation. Whether this be because they have hopes of being called back, or are waiting to be ordered back by their leaders, higher wages or not, cannot be said. Even Makino doesn't know, if he wanted to tell. What Makino doesn't know about the situation would startle the strikers themselves if they realized it. Makino is as reticent as most of the plantation men to give out the facts.

STANDPATTERS ARE SILENT.
In the meanwhile the plantations are not acceding to any requests or demands and are standing pat and saying nothing, and letting the strike take care of itself, in hopes that it will wear itself out. The general hope expressed around town is that the strike will wear itself out, but

MAY START NEW STOCK EXCHANGE

(Continued from Page One.)

constitution and by-laws, which submitted its report yesterday consists of A. N. Campbell, of the Waterhouse Trust company, William Williamson, and R. R. Reidford, of the Bishop Trust Company. The members who protested against the changes proposed apparently felt that the changes would throw an undue advantage to the corporations who are in the exchange as against those in the smaller concerns or who represent themselves.

The first article which caused trouble was in connection with the giving up of the life insurance feature of the exchange. Each member at present has life insurance for \$2500 carried by the stock exchange and the committee reported against this feature, recommending that the money in this fund be divided up at the rate of \$1000 per member, the remainder being placed in the general fund. The protest against this was made that the old members of the exchange who had been paying in regularly would then get \$1000 in cash instead of \$2500 which would be paid to such person as they might have designated in case of death. In other words they would be \$1500 out on the plan. This caused considerable discussion and some rather heated remarks.

The old members of the Stock Ex-

UNCLE SAM—Gosh! This roller skating does more to make people happy than a Peace Congress. The American roller skating fad has become the rage of Europe.—Newsitem.

change hold ironclad contracts with the Exchange which guarantees them the \$2500 life insurance, while the newer members, it appears, have never obtained the contracts mentioned. That the fight amounts to something and may lead to the formation of a new exchange is shown by the advertisement appearing in this issue of The Star, in which Harry Armitage, one of the most prominent of the unattached brokers, offers his seat on the exchange together with the contract for the \$2500 life insurance policy for sale. A second meeting to go over the proposed changes in the rules will be held Saturday morning at 9 o'clock. To change the constitution and by-laws a two-third vote of the members of the exchange is necessary.

There are a number of other changes which have been proposed which are distasteful to a number of the members and a lively fight is looked for.

CRISIS IS NEARING IN SUGAR STRIKE

(Continued from Page Four.)

is salted with the opinion that it will be a wonder if it does, and that, so far, at any rate, the Japanese deserve immense credit for conducting themselves quietly and according to law. SANITATION IMPORTANT. President of the Board of Health Mott-Smith, who is also Secretary of the Territory, has been through Chinatown and taken a look at the Japanese camps and has drawn attention to the necessity of carefully watching emergency conditions brought about by this influx of strikers from Waipahu and Aiea. There are 3,000 in town. There may be 4,000 more in town before many days.

300 FROM WAIPAHU. Three hundred Japanese, probably the last from that plantation, came in from Waipahu last evening. They came without baggage. Earlier in the day there was a demonstration of Aiea Japanese near Moanaiua, when a band and flags were in evidence and there was much jubilation and holiday spirit, the strikers seemingly hopeful.

CLAIMS OF LEADERS. The leaders of the strike still claim to have things in good shape. They say there are \$30,000 in reserve for food and shelter. If this is so there will be enough to support the strikers for several days, but the question is beginning to be agitated as to what is going to happen if the strike money runs out and the strikers hungry. The Japanese merchants can't afford to commit commercial suicide by contributing provisions gratis and it will be up to the City and County to throw up an emergency poor house or to provide jail room for seven thousand "vagrants," for they will be without visible means of support and cannot be compelled to go back to work on the plantations.

THE KAHUKU INCIDENT. "No rioting at Kahuku" was the statement made in the morning paper today. Nevertheless, the authoritative report from Kahuku was that the Japanese strikers had torn down a pumping station chimney, an act which constitutes rioting. Today the statement is modified from Kahuku to the effect that it was noticed that a pumping station chimney was out of plumb and it appeared that some one had cut a guy wire. The plantation sent a message for Sheriff Jarrett to go there and the report to the police station was that strikers had torn down

the chimney. The Star's statement was not based on rumor, but on a substantial report.

READY FOR SOUTH AMERICA.

Lists of names of those of the strikers who wish to go to South America are being prepared by the strike leaders who declare that the next boat bound that way from the Orient will take as many as can be accommodated, anywhere from 300 to 300.

MANAGERS' MEETING.

That the plantations, while standing pat, are considering ways and means, is shown in the fact that a consultation of all the managers of the plantations of Oahu is practically in continual session, for they are all in consultation with each other and other officers of the various companies and agencies. And a meeting has been called of all the plantation managers in the Territory to consider any possible emergency in view of the threatened general strike throughout the Islands.

MICHI RETURNS.

Detective Michi went to Waialua last evening to join Sheriff Jarrett and to act as interpreter. He returned this morning, reporting everything quiet and no sign of trouble.

TO THE PUBLIC.

In regard to the failure at the opening of the Aloha Theater, I would like to say a word in self defense. Mr. Overend was advised by myself and others competent to judge the conditions, that the place was not ready to open; electrical connections and the machine not being in proper condition to run. In the face of this advice he opened it and ought to be willing to shoulder the blame himself.

THE OPERATOR.

A SURE CURE.

"My why don't you wash your face?" "Aw, I keeps it doity so'g de gotta 'll not allus be kissin' me!"

TO HALEIWA ONLY.

Or only to Haleiwa, as you prefer. It is about the only place on this island that maintains a strictly first class hotel at all seasons a hotel for transient and permanent guests where they have an opportunity to get much of "the great outside" and remain healthy or get back their health if they have lost it. The golf links lure players every day because they are de-

WITHINGTON IN HARVARD'S CREW

A YOUNGER SON OF JUDGE CHOSSEN FOR TEAM TO RACE CORNELL MAY 30.

A Boston paper of May 2, received in the last mail, contains an interesting account of the arrangement of the Harvard crew for the race with Cornell on May 30.

Paul and Lothrop Withington, both sons of Judge Withington, of Honolulu, were candidates for a position in the racing crew, the latter being selected.

Harvard's crew has come back to the form that won the race with Columbia. Coach Wray is particularly optimistic, because he gave the boys a week of rest after winning the race, and at the end of that week the eight oarsmen took their place in the boat and sped away as though they had rowed together all the time.

On Monday the crew started out for a long, easy row down stream for two miles and back, and on the following day had a row of similar length with a half-mile or so of fast work at the end of it.

WITHINGTON WINS A PLACE. The race with Columbia settled a point of doubt in the boat as it was made up for the race.

The race with Columbia was the first regular match trying out for Lothrop Withington, and if he had failed to make good Hooper or Paul Withington would have been substituted for him.

There has been much talk about the advisability of putting ex-Captain Severance back in the boat, as he has fully recovered from his illness, but the boat is going so smoothly at present and is so well balanced that it is extremely doubtful if Coach Wray will alter the personnel of the eight.

Severance is a strong and experienced oar, but he is hard to keep in condition, because he goes stale very quickly and has always had to be given lay-offs.

CRICKET FIELD FOR CITY CENTER

Cricket enthusiasts are working up an idea in regard to grounds that must prove a winner should it ever materialize into a fact. It is understood that the suggestion was first made by Dr. Pottie, a cricketer of the first water, and has since been taken up by others.

In a nutshell, the proposal is to secure the use of the park lot in front of the Young hotel for cricket purposes, for the next several months if not for a longer period.

If the plot can be secured there is, of course, no argument against snapping it up. It would form within itself the greatest boost that cricket has ever had or could hope to have in Honolulu.

The park is small but cricket does not call for so large a batting area as baseball, and the men who know say that the plot is quite large enough.

The distance to and isolation of the cricket grounds has had most to do in snatching the sport in the past. Practice was inconvenient for players, and the public does not take kindly to searching around through the middle distances and lantana for a field game, no matter how enjoyable it may be.

With games on the site at Bishop street, these and many other drawbacks to the sport would be wholly removed.

PUNS WIN FINAL GAME FROM KAMS

HARD BATTLE, TIED SCORE IN THE NINTH AND ELEVEN INNINGS NECESSARY.

The Punahou and Kamehameha played a redhot eleven innings game at Kamehameha school yesterday afternoon, the former winning in the end by a score of 8 to 7.

This game leaves the Punahous at the top in the series. They were in the lead before, having lost only two games, the principal point decided yesterday being as to how the other teams would line up for second place.

The game was not largely attended, the steamers in port and other things usual to a Monday keeping many away. Withal, the rooting was lively and at times, when the plays were close, there was tuptop fanning.

The Kams came back in the first of the fourth, however, with two runs, but the Puns rapped back with two in the sixth and then with two more in the eighth.

The official score of yesterday's game was: PUNAHOU— AB R BH SB PO A E Taylor, rf ... 6 2 3 0 1 0 0 Lowrey, ss ... 5 1 1 1 3 8 0 Hoops, 3b ... 5 0 2 0 3 2 0 Townsend, cf ... 5 0 1 0 0 0 0 Akina, lf ... 4 0 0 0 10 1 0 Fraser, lf ... 5 1 2 0 1 0 0 Chi Bui, c ... 2 2 0 0 8 1 3 Ordenstein, 2b ... 5 0 0 0 7 2 1 Hitchcock, p ... 5 2 1 1 0 4 0

Totals ... 42 8 10 2 23 18 5 KAMS— AB R BH SB PO A E Mackenzie, lf ... 4 2 2 0 2 0 0 Kamalopili, 1b ... 3 1 1 0 10 0 1 Josiah, ss ... 3 2 1 0 5 4 1 Robinson, 2b ... 5 0 1 0 0 5 1 McIntyre, cf ... 5 0 0 0 4 0 2 Kallimapehu, c ... 4 0 0 0 10 3 1 McGowan, rf ... 2 0 0 0 0 0 0 Bartels, 3b ... 4 1 0 1 0 0 0 Milikan, p ... 3 1 0 0 0 3 0 Norton, rf ... 2 0 0 0 0 1 0

Totals ... 35 7 5 1 31 16 6 Puns Runs: 0 3 0 0 0 2 0 0 1-8 B. H. 0 2 1 0 0 1 2 2 0 0 2-10 Kams Runs: 2 0 2 0 0 0 0 3 0 0-7 B. H. 4 0 0 0 0 0 0 1 0 0 0-5

Three-base hits, Townsend 1, Josiah 1; base on balls, off Hitchcock 4, on Milikan 6; struck out by Hitchcock 6, by Milikan 9; wild pitch, Hitchcock 1, Milikan 1; passed balls Chi Bui, Kallimapehu; sacrifice hits, Kamalopili 2; double plays, Lowrey to Akina, Time 1 hour 45 minutes. Umpire, H. Chillingworth. Scorer, C. F. Schmutzler.

BLACK DIAMONDS ARE ORGANIZED

The "black diamond" baseball team has been organized and Aala park is now certain of some cloudy weather. Magnate Vierra has succeeded in enlisting almost two nines of inkty gens for the mill and a place will be made for them in some series of the immediate future.

Addison has been elected manager of the team and H. Walker captain. The other players will be: Tom Pedro, H. Brito, A. Timas, Sambo, Philip Kekaula, John Peter, C. Brito and Abe Lincoln. (It is perhaps needless to say that some of these are nicknames.)

The blackness of this black aggregation will be intensified by the addition of flaming red sox, and the team will be known on the field as the "Red Sox." In looking over the list, some familiar names of baseball players are found.

Tom Pedro is well known about town as a pitcher of no small prowess. Walker is a leaguer, while Timas and Brito are both well known lights (dark lanterns, perhaps) in baseball circles.

A meeting of owners and skippers of yachts will be held at the Commercial Club at 8 o'clock this evening for the purpose of arranging for the race for the Cooper cup.

PLANS FOR FINAL BASEBALL GAMES

The final games in the military baseball series will be played next Sunday afternoon, one of the games at Lilehua and the other at Fort Shafter. The National Guards have already won the pennant, or glory or whatever there may be coming. Next Sunday's results cannot alter that.

There will be no changes in the National Guard team, save that Bushnell will probably pitch straight through, Burns being held in reserve. The Fort Shafter will probably be able to play Bateman behind the bat by that time, in which case the soldier team will be greatly strengthened.

The lineup for the game at Schofield Barracks will be about as follows: National Guard—Soares, c; Bushnell, p; Burus, rf; Marcellino, 1b; Lemon, ss; Lota, lf; Kaai, cf; Sumner, 2b; Smith, 3b. Fort Shafter—McCall, 2b; Moran, lf; Lemm, 3b; Bateman, c; Oakley, ss; Ellis, lf; Gongol, cf; Boloum, p; Ramsey, 1b.

The lineup for the game at Schofield Barracks will be about as follows: Marines—Hayes, cf; Williams, c; Gaw, ss; Call, 3b; Gibson or Hines, p; aDvis, rf; Thompson, lf; Makia, 2b; Hines or Gibson, 1b. Fifth Cavalry—Guyon, c; Kanna, p; Shepherd, 1b; Bates, 2b; Groninger, 3b. Walter, ss; Butler, lf; Hanson, cf; Dines, rf.

Sergeant Barry, of the National Guard, retains the idea of a sweeping challenge to the army and navy for a series of games. This will probably be impracticable for some little time, however, as several of the N. G. H. ball players are figuring on going to the national shoot in a few weeks.

The challenge, which will be to everything on the island of Oahu in uniform, will be made to take effect late in the summer.

LOLANIS DEFEAT THE KAM SECONDS

The Alliolani choobboys met the second baseball team of Kamehameha school at Alexander field yesterday afternoon and the latter got the worst for the introduction. As a general thing the playing was good, but there were at least three spells when the players seemed to forget what they were doing and all sorts of landslides struck them.

The score by innings was as follows: 1 2 3 4 5 6 7 8 9 Kams ... 0 1 0 0 4 0 1 0 3-9 Alliolani ... 0 0 5 0 0 5 1 *-11

KID NINES PLAY SIXTEEN INNINGS

The Lanakila and Haulani baseball teams played a record game at the Moanalua polo field last Sunday afternoon. At the end of the ninth innings the score was tied, 1 to 1, and sixteen innings were played before the contest was decided, the Haulanis finally making one more run, leaving the final score 1 to 2.

This, of course, was a kid game, but even at that was remarkable, considering the fact that the batting was not weak. For six straight innings not a man of either side crossed the plate. In the seventh the Haulanis got one man over and the Lanakilas made a run in the eighth. There the score stood until the last half of the sixteenth inning, when the Haulanis succeeded in forcing a man home.

Bert McShane, captain of the Haulani team, struck out fifteen men during the game. Next Sunday afternoon the Haulanis will meet the Asahis in a new series. The game will begin at 9:30 o'clock on the grounds back of Kamehameha school.

In the handball tournament for school boys the finish of the second round will be played at the Y. M. C. A. gymnasium this afternoon, the contestants being Cardin vs. Rice and Ingalls vs. Norton. The two winners in these matches will have to play with Marcellino in the finals.

A. B. Arleigh and wife left for the Coast in the Siberia last night. Mrs. Arleigh's health has not permitted of her remaining in the Islands for some time past, and Mr. Arleigh has consequently decided to make his home on the mainland.

RIOT FOLLOWS EARTHQUAKE

Refugees at Reggio Raid Barracks for Food and Are Shot Down.

NO DAMAGE FROM THE SHOCK.

The Supreme Court Finds Officers Guilty of Contempt for Not Preventing Lynching.

MESSINA, May 25.—The severest seismic shock since the big earthquake was felt here yesterday. There was a fearful panic, but no casualties are reported.

REGGIO, May 25.—The earthquake refugees attacked the barracks on account of the failure of the authorities to distribute relief. The soldiers opened fire on the mob, killing six and wounding others.

SOUTHERN OUTLAWRY.

WASHINGTON, May 25.—The Supreme Court has found a Tennessee deputy sheriff and four others guilty of contempt of court for not preventing the lynching of a negro who had been granted an appeal of his case after conviction last Tuesday. This is the first time that the Supreme Court has taken such action, and it is intended as a warning to competent respect for the law among Southern officials.

CUTTING MILITARY EXPENSES.

WASHINGTON, May 25.—President Taft returned the military estimates to the Secretary of War yesterday, asking that they be cut to thirty-six millions.

THE NEGROES MUST GO.

ATLANTA, Georgia, May 25.—The striking employes of the Georgia Central want all negroes ousted from the employ of the railroad. The strike may spread to other roads. Arbitration has been refused by the railroad.

A DAY AT WAIKIKI

Illustrated with a double column picture, "Under the Shade of a Hawaiian Rubber Tree," the following appears in the San Francisco Call of May 8 as a contribution from Irma Wann, 2436 Elsworth street, Berkeley, Cal., age 14 years:

Our home for the vacation was a two room cottage on Waikiki beach in Honolulu. Waikiki beach is the best bathing place in the world. Not being on the windward side of the island, the water is naturally calm, the long, rolling swells scarcely ever breaking.

The water is not warm enough to enervate, nor is it cold enough to shock one.

Let me, if I can, give you a day on Waikiki beach:

Early in the morning we are awakened by the music of the "birds singing overhead, and mosquitoes humming 'round your bed."

We, my sister and I, dress quickly in bathing suits and splash in the surf for a few minutes.

After breakfast, eaten on the lanai (veranda), we, with a number of friends who also live in hotel cottages, go on the beach, where we play for about an hour before going into the water.

We take a long time going to the raft, out a fourth of a mile, as we are diving and playing as we go. Well do I remember the defeats and victories in the water fights waged fiercely among ourselves. On reaching the raft, we have great fun diving for coral.

When on the bottom, searching for pretty things, it is not hard to imagine that the coral towers, which the Hawaiians tell about, really exist. One easily gets accustomed to having his eyes open under water.

At lunch time we are glad to find that mother has had it brought out on the beach.

Reasonably soon afterward we get into little canvas canoes, in which we spend the afternoon. Carefully as we may paddle there are frequent capsize, but that only adds to the fun.

We dress for dinner, as we eat at the hotel for that meal. Near the dining room, which is a huge round lanai, is a banyan tree, under which a number of Hawaiian musicians sing, their soft, melodious voices being accompanied by several ukuleles and other stringed instruments.

The moonlight silvers the gentle waters, and throwing high lights on dark, gloomy Diamond Head, was such an alluring temptation that we all fell, even father. This time we stayed in only an hour.

But, lovely as it all was, we were glad to come back to the States to our home near the dear old San Francisco bay.

A POPULAR AMERICAN REMEDY.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., U.S.A., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market." For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

SYNOPSIS OF ENOCH ARDEN

Like all program music which tells a story, Enoch Arden is made up of themes, and from them much of the outline of the lives of the characters may be gathered even without the written words, while the depth of feeling each man had for "that one girl" is exemplified and intensified by Strauss' conception of their personalities and the wonderful logical way in which he has woven them together. Strauss' introduction to "Enoch Arden" is the low rumbling of surf on a rocky shore, made realistic by the swelling and dying away of long runs in the left hand of the piano part, while the melody in the right hand is very gentle and quiet, leaving an impression of the peace and simplicity of the town.

"Annie Lee, the prettiest little damsel of the port," is introduced by a light tripping measure, the quiet notes divided into groups of six each. "Philip Ray, the miller's only son," is represented by a most melodious passage, the notes divided into triplets, and, as some one has said, we perhaps never realized before what a thoroughly sweet character Philip's was.

"Enoch, stronger made," has a much more decided and compelling theme, which, in the story of his last days, impresses upon us the strength and impelling insistency of his personality.

The theme showing the union of Enoch and Annie is first heard when Philip "saw the pair—hand in hand," and is soon repeated, "as their faces drew together." Thereafter one listens for that short unfinished melody, which always means their love, their union, their children, and which is especially poignant in the end when, through Miriam Lane, Enoch sends messages to each one of those dear ones, "his yet his no more."

The passionate theme of their parting, when Enoch determines to seek his fortune in far distant lands, occurs only a few times of course, yet it is mingled and lost so pathetically with that of their love that it is not easily forgotten. As the years with their sorrows and troubles go by, Annie's stress of mind, shown in a quick, agitated passage, is soothed by the sweet melody of Philip's theme, while her excessive weariness, too, finds comfort in his sympathy, and his theme again

brings a distinct sense of his quieting influence. "And where was Enoch?" After a brief description of his misfortunes, we hear his theme soft at first, as from a distance, then growing louder and more and more confused, plainly picturing the loneliness, the eternal sameness of his life for so many years on an island, rich beautiful, but forsaken of mankind. Then as he dreams of his old home, of "people, things and places known far in a darker isle beyond the line," we hear the rushing of the first theme, from far away, the theme of their united lives, a scrap of Annie's theme, even "thus far off pealing of his parish bells."

When Enoch at last returns we hear again the theme of "Enoch and Annie's

united love, with a tremolo accompaniment which shows only too plainly the agitation in the man's mind as he stands outside and witnesses the happy family life, and "that other reigning in his stead." Then Enoch's own theme begins to make itself noticed, at first faint, and far away in his physical weakness, but gradually more and more persistent, until it seems impossible that the urging of his inner self can be disregarded.

His messages to his loved ones, shown by the theme of their first union, broadens out into the most noble and while the theme of his own individuality is distinct to the last, that same heavenly melody reminds us that he found his comfort in something higher and stronger than self.

Miss Margaret Lum gave a reception last evening to the members of the Chinese Students' Alliance, at the Kawaiahao Seminary.

The Ideal Touring-Car

Franklin Model D

Practically no Tire Trouble

With its light-weight and easy-riding strong construction Model D is aptly termed the ideal of all automobiles for family use. Weighing as it does a third less than the average water-cooled automobile of smaller capacity, it gives minimum tire and operating expense. It most nearly fulfills universal requirements. Its compactness, ability, handsome body, large wheels, and the ease with which it handles place it in a class by itself—an ideal touring-car, not too large for city and business use, light-weight, refined and easy-riding.

Franklin Model D, \$2800. Four-cylinder, 28 horse-power, five-passenger touring-car. 36-inch wheels, same size as used on the best water-cooled automobiles weighing 1000 pounds more. Aluminum body on steel angle frame—the strongest and lightest automobile body made.

Three large powerful brakes acting on transmission and rear wheels, selective type transmission, positive gear-driven oiler, Bosch high tension magneto.

NEWS IN A NUTSHELL.

Paragraphs That Give Condensed News of the Day.

The best 25c lunch in the city is to be had at Thurlow's. A bankruptcy notice appears in this issue.

Cecil Brown is booked to leave in the Alameda. A gold chain bangle was lost near Alakea and King streets.

Moss for hanging baskets and floral pieces at W. W. Dimond & Co., Ltd. The Hawaiian Electric Company now has 25 and 40 watt Tungsten lamps in stock.

A glass of beer with your short order at Thurlow's is just the thing. Enoch Arden tonight at the residence of Mr. and Mrs. J. A. McCandless, Nuuanu avenue.

Sanitary cleaning by vacuum process. Rugs, carpets, portieres, mattresses, etc. Inquire 1187 Alakea, Phone 639.

The Pacific Picture Framing Co., 1050 Nuuanu street, are showing some very attractive picture and tasteful frames.

In cleaning Lace Curtains it is necessary to exercise the greatest care to avoid injury. The French Laundry returns them in perfect condition.

The advantage of having a good agent to handle your real estate, is shown by actual results. We show results, Hawaiian Trust Company, Ltd.

The Board of Supervisors will meet this evening. Some important reports on the new obligations placed on the municipality by the Legislature will be due.

Mrs. Frear's farewell reception for the young ladies who leave for Seattle on the Alameda as hostesses of Hawaii, will be held this afternoon at four-thirty.

P. M. Pond, the local contractor, furnishes soil, sand, coral or rock to fill up depressions on your land, or to terrace. He also furnishes men to do the work. Phone 890.

Modern sanitary plumbing is a science little understood by the average plumber, John Mattos, 1175 Alakea street, is a scientific plumber.

William Mutch, who has had the contract for the construction of some of the buildings of the Federal Leprosarium on Moloai, is booked to leave for the Coast in the Alameda.

Fresh frog legs and all the delicacies of the seasons at Thurlow's all the time.

L. G. Blackman intends to spend some weeks on the Coast during the summer. In Seattle he will join a party of friends from England with whom he will visit the exposition.

H. P. Baldwin paid the fare from Fiji to Victoria, E. C., in order to secure his passage in the steamer Makura. He can shake hands on equal terms with Mr. Leeds of Indiana who paid his own and wife's fares from Yokohama to obtain passage in the steamer Siberia from here to San Francisco.

The annual meeting of the Woman's Board of Missions is an event today. It opened at 10:30 and at 12 o'clock luncheon was shared with the men of Central Union church. Business was resumed at 1:30. The program is especially attractive because of the presence in town of Rev. Dr. and Mrs. D. T. Sheffield of China and President George A. Gates of Pomona College.

Dr. Maxwell, who was at one time in charge of the Planters' Experiment Station here, arrived in Honolulu in the Makura yesterday. Dr. Maxwell was to have joined the Roosevelt party in the trip to Africa, but was unavoidably detained in Australia. He then missed connections and could not reach London in time to go with the party.

Dr. J. H. Raymond, Dr. A. N. Sinclair and Dr. Bruce Mackall are candidates for City and County physician to attend the dispensary, jail and police station. Whether the appointment will be made by the Board of Health or the Mayor may depend on where the larger portion or the whole of the salary comes from. Dr. Mackall was lately made dispensary physician by the Board of Health.

At a meeting of the Wireless Telegraph Co., 4900 of the 5000 shares being represented, it was unanimously voted to accept the recommendations

BURIED \$1,000

A TANGLED WEB OF AFFAIRS BETWEEN ALEXANDER LAZARUS AND HIS RELATIVES.

A unanimous opinion of the Supreme Court, written by Chief Justice Harwell, decides that a bill in equity to declare a trust brought by Alexander Lazarus against Lena Grace Rosewarne was properly dismissed by Judge Robinson on the evidence. Defendant is niece of plaintiff, who sought to establish a trust by parol in his conveyance to her, April 11, 1905, of a parcel of land in Honolulu, and in his conveyance to her, April 22, 1905, of land at Kaupo, Maui, and his bill of sale to her dated April 22, 1905, of a piano, with certain pictures, chairs, sofas, rings, bracelets, watch, rugs, bed, cash register, trunks, sewing machine and tables.

It was alleged in the bill that Lazarus had agreed with his niece that he should appoint her his trustee to take care of his property and that on account of his confidence in her he deposited with her \$1000 he had saved and kept buried in the ground and which, on his attorney's advice, was afterward paid to his wife in connection with the settlement of their affairs consequent on her securing a divorce. There was a deal of cross-examination mentioned in the evidence, and early in the game the bill was dismissed as to Maria Andrade, who was shown to have bought certain land without knowledge of any trust.

Lazarus testified that his sister told him to turn his property over to his niece to manage because he was "a drinking man" who "would be busy and go off on a spree" etc. He signed the papers at the office of J. J. Dunne, Assistant U. S. District Attorney. He had not known that his niece claimed the land until he heard that it was sold to a Portuguese. On one meeting with his relatives he told them "he had \$1000 in gold he had buried underground—under the house in which he lived with his wife." When he made arrangements for the divorce Dunne told him that if he would pay the \$1000 he could recover his property. His niece returned the money to him at Dunne's office and he paid it to his wife, who, as plaintiff said, would have no further claim on his property.

The only witness corroborating the plaintiff was always called a lolo (hum-mox), and that he heard a talk between the plaintiff and the defendant and her mother in 1905 that there was going to be a trust deed between them. Antonio Manuel, messenger of the Federal court, who drew the bill of sale; Mrs. Juen, the plaintiff's sister, and the defendant all testified against the claim. In conclusion the Supreme Court says: "The least we can say about the case is that the bill was not sustained by the evidence and was properly dismissed."

W. C. Achi for plaintiff; C. F. Clemmons (Thompson & Clemmons on the brief) for defendant.

MARINES ADD TO CITY'S PROSPERITY

(Continued from Page One.)

camp was visited by a Star reporter this morning. The complaint is made against the dust which drives into the offices and tents in thick clouds, being swept down South street, and along the Esplanade. It is requested that the road committee of the Board of Supervisors have the Esplanade cleaned for a distance of about 600 feet between the Inter-Island coal bunkers and the sewer pumping station and also for a short distance up South street.

The matter has been called to the attention of Supervisor Quinn, the chairman of the road committee, who will take the matter up at the meeting of the board tonight. Captain Marix, the quartermaster of the Marine corps made the request to Quinn, who promised to bring the matter before the Board.

Captain Marix has forwarded to Washington a full report upon the matter of obtaining labor and material for the construction of marine barracks at Pearl harbor. The sum of \$135,000 for barracks has been appropriated by Congress and also the sum of \$50,000 for officers' quarters. It is proposed to build the structures either of concrete or brick and the local contractors state that with the exception

of the joint committee of that company and the Mutual Telephone Co. It remains for the Mutual stockholders to take similar action, when \$100,000 of Mutual stock will be issued for the purchase of all the Wireless interests. These include the lands, options and franchises held by U. J. Hutchins for the Automatic Telephone Co.

of sand and crushed rock all material must be obtained from the States. Captain Marix reports that the labor needed is available in this Territory. The buildings at present under contemplation are for the detachment of four companies, the same number now under the command of Major Long at Camp Verry, but when the naval station is completed a much larger number of marines will be required. Captain Marix states that before he left Washington the Bureau of Navigation had notified the Commandant of Marines that later on a minimum of 1500 marines would be desired for the Pearl Harbor station.
