Timely Topics.

December 16, 1895.

We have one of our show-windows filled with useful articles—hair brushes, combs, mirrors and other toilet articles. They are the patented Cosmeon articles and are better than silver for several reasons. They are lighter. They never tarnish. They are constructed as no silver goods ever were. They cost less than one-fourth as much as silver. They are made for people, who are fastidious about their toilets—for those who want the very best that money will buy, as well as for those who must count the cost. It sounds strange, but a Cosmeon hair brush is immeasurably better than a silver brush costing ten dollars. Mind you—not "just as good"—better, better because it is just as pretty, because the bristles are just as good, because it will last longer, brush better, keep cleaner and will always retain its clear, bright lustre without tarnishing. You can't keep any brush clean if it has a wooden bristle block. A solid gold block, with diamond setting, can't keep the water and oil and dirt out of the wood. There's a crevice between the metal and the wood and even constant care can't keep it free from dirt. The Cosmeon brushes are made of two solid plates of beautiful white Aluminum. The best bristles that money will buy are drawn through the front plate into a backing of water-proof cement. You can't force water in if you try. You can't soak it in. The brush is practically one solid piece. The bristles are arranged in pointed tufts—the length of the bristles varying in each tuft. This allows them to penetrate easily to the scalp. The bristles need not be especially stiff to do this. Those who like the feeling of a stiff brush will like the Cosmeon brushes even better. The greatest claim for the Cosmeon brush is its perfect cleanliness. There is no other really clean brush. That is so true that it will bear telling a number of times. There is nothing less desirable than dirt. The Cosmeon brush will last longer and brush better, than any other. That statement is not qualified—it is not a question of price. Pay what you please you can't get as good. As a matter of fact, the Cosmeon prices are very moderate, even less than silver plated goods. So much for hair brushes. Military brushes, clothes brushes and hat brushes have the same characteristics. Made the same way, of the same material. Made to keep clean, to brush with, and to last. "Better than silver"—and the cost is less than one-fourth. The military brushes are distinctively men's hair brushes. Few men in Europe use any other. The custom is growing elsewhere as the convenience becomes known. Engrave a man's initials on a pair of brushes, and he can't wish for a better present. The same of clothes and hat brushes. And to hold them a Cosmeon tray. Stamped out of a solid sheet of shimmering Aluminum—plain or engraved as your taste dictates. The expense—a trifle. The present-perfect. Cosmeon mirrors are made like brushes and the beveled French glass is put in so its stays in forever. They are light and will never tarnish. The line offers many suggestions for present seekers. The Cosmeon goods should be seen. No description will suffice. A glance is worth a thousand words in showing just how dainty and pretty and desirable they are. Cosmeon goods are remarkably low in price, but they are not recommended for that reason. Consider the quality first, then the looks, then the price.

We have a line of silverware both solid and plated. We have knives, forks, spoons, napkin rings, carving sets, sugar bowls, berry sets, ladles, pepper and salt containers, coffee sets, water pitchers and other useful articles all suitable for gifts.

THE HAWAIIAN HARDWARE COMPANY. 307 Fort street.

BY AUTHORITY.

Sale of Stalls, New Honolulu Market.

On MONDAY, January 16th, 1896, at 12 o'clock noon, at the Market House on the Esplanade will be offered at Public Auction the remaining unsold Stalls, for a term of One Year.

These Stalls are divided into four Sections, A, B, C, and D.

SECTION B. Contains 70 stalls numbered from 21 to 40 with Slating Marble Slabs and Iron drainage ways which are intended for the Sale of Fresh and Salt Fish and other Products of the sea.

SECTION C. Contains 20 Stalls numbered from 41 to 60 with Zinc Covered tops and is intended for the Sale of Poultry, Eggs, Vegetables and Fruit.

SECTION D. Contains 20 Stalls, The Makai half, numbered from 61 to 66 and to 71 to 75 with Zinc covered tops, is intended for the Sale of Dried Fish. The Mauka half, numbered from 67 to 70 and 76 to 80 with Zinc covered tops, is intended for the Sale of Poultry, Eggs, Vegetables and Fruit.

The upset monthly Rental of the Stalls will be as shown on the Map at the front entrance of the Executive Building.

The Stalls will be put up at the Monthly upset rental as marked, and sold to the highest bidder.

The rent will be payable monthly in advance.

Right of possession is non-assignable except with the written consent of the Clerk of the Market, and is also subject to all rules of the Market.

J. A. KING, Minister of the Interior. Interior Office, Jan. 16, 1896. 803 St.

HOW WILD BILL WAS KILLED.

The Story of the Desperado's Murder in a Deadwood Saloon.

Mr. Adler has known all the pioneers of the west and is a friend of that pioneer figure in western history, Wild Bill. He was within half a dozen paces of Bill when Jack McCall shot him in the back of the head in a Deadwood saloon. He tells the story more minutely than it has ever been told in print.

To paraphrase the quaint wording of the old pioneer, the killing fell about in this way: Bill and McCall occupied the same cabin together at Deadwood in 1858. Bill came into camp with a notoriety he had been acquiring in all the border towns. He was a gambler by profession and a desperado by nature. He was the smartest shot with a pistol in the west. He had been married of Hays City in his palmy days of lawlessness, and was a member of the Abilene when that little city had almost as hard a name. He had killed so many men that he had lost the count. So when he rode into Deadwood, with his long yellow hair pouring down on his shoulders, his scowling cheek sideways on his head and with the ivory handled pistols in their holsters swinging at either side, people were naturally very respectful.

But Bill was a man to be feared rather than respected. He was an inveterate card player and gambler and robbed at the tables with the pleasantest grace imaginable. He and McCall became chums and latched together in the saloon. McCall had just as good a character as Bill, but he had never the opportunities to prove it, and if he had he would probably have been dead before Deadwood came into existence. At any rate, he and Bill used to play bridge against every one they could get to join his table under the table with them. While this process of fleeing was going on Bill and his partner presented to the perfect stranger to each other.

One day they were at their usual tricks with a greenhorn in a canvas saloon on the main street. McCall broke out and quit the game. Directly he came up to Bill and said, "Say, Bill, gimme a quarter to buy a drink." Bill looked up at him as if he had never seen him before. "Don't know you," he said. "I guess you're good at the bar." McCall went to the bar and asked for a drink, but the bartender, thinking he was joking, wouldn't let him have it.

Then McCall walked about the stove for a little. Finally he went to Bill again and said: "Gimme 50 cents, Bill; I want to get a meal." And Bill, still carrying out his role of stranger, said, with pretended heat, "Go to h— for your meal."

McCall's face flushed. He was not willing to see what Bill was driving at. He went straight out of the saloon down to his cabin and got a six shooter. When he came back, he had it cocked in his coat pocket with his hand upon it. He walked right up to Bill, and quick as a flash stuck the muzzle of the gun against Bill's head and pulled the trigger. There was a sharp report and the greenhorn fell over his face among the poker chips, stone dead.

One day they were at their usual tricks with a greenhorn in a canvas saloon on the main street. McCall broke out and quit the game. Directly he came up to Bill and said, "Say, Bill, gimme a quarter to buy a drink." Bill looked up at him as if he had never seen him before. "Don't know you," he said. "I guess you're good at the bar." McCall went to the bar and asked for a drink, but the bartender, thinking he was joking, wouldn't let him have it.

Then McCall walked about the stove for a little. Finally he went to Bill again and said: "Gimme 50 cents, Bill; I want to get a meal." And Bill, still carrying out his role of stranger, said, with pretended heat, "Go to h— for your meal."

There was a sharp report and the greenhorn fell over his face among the poker chips, stone dead.

She had Quick Consumption.

For a long time I was afflicted with lung and throat trouble. I had the best physicians, care and medicine, but nothing was of lasting benefit to me until I tried Angier's Petroleum Emulsion. Other medicines would relieve me for a few days, when I would be worse off than ever. I could not read, sing, sleep or rest. I had given up all hope, and thought I must soon die of quick consumption. Finally, when the path was very dark, I saw your advertisement, and was led to try your medicine. I am today a well woman, and have more engagements than I can fill. N. GERTRUDE STONE, Dramatic Reader, Formerly Mrs. of Chas. B. Atherton. 821 1/2

A TUBAN PICTURE.

A cool, mysterious chamber, where the glow of watery sunshine from the small barred square. Pierce white radiance through the dusty air. And in the midst, with patient step and slow. The white or trends his round, with head bent low. From his yoke, taking his simple share of labor. The revolving wheel lays bare. The trough wherein it turns and where they throw. Black olives to be crushed in this rich mass. Which fills the homely tubs beneath the press. Where, as the screw turns and the pile grows low. We see the cozy shining trickle pass. The rich reward of a measure and a fill. Symbol of grace and gladness—precious oil. —E. C. Townsend in Temple Bar.

DR. HOLMES AND HIS PUBLISHER. The Poet Was Very Careful and Exact as to His Copy. When asked as to his business acquaintance with Oliver Wendell Holmes, Henry O. Houghton said that he began with the first publication of the first volume of The Atlantic Monthly, in the initial number of which the "A Tuban of the Breakfast Table" was published in November, 1857.

"His copy was always written on common white letter paper in a clear hand and most carefully prepared, with very few interlineations, and these were only put in after the greatest deliberation. He used to bring his copy to the office himself and would afterward come and get the proofs, which he most carefully and painstakingly corrected, frequently making additional changes and correction therein when a line in cold type did not exactly suit him.

"Our firm did not print The Atlantic in those days. We only stereotyped plates, but nevertheless we were brought in contact with the young poet frequently. In fact, he was in the office every few days.

"He was very particular about his copy, and so careful was he as to detail and the exactness of his facts before letting matter go to press that he caused us very little trouble, and when anything was to blame he was far readier to assume the responsibility than to censure others.

The "SUCCESS"

Is a Perfect Filter

The filtering blocks used in this filters are made from the Natural Tripoli Stone, quarried from the mines and turned on special machinery made for the purpose.

This stone is the only Perfect Filtering Medium Known. Impurities never penetrate the surface. Its pores are so constructed by Nature, that while allowing the water to percolate rapidly through them, all Germs, Microbes and impurities of every description remain on the surface, from which they can be easily washed, the stone remaining white and pure.

WE GUARANTEE the inside of the "SUCCESS" blocks to be found as pure and clean after years of constant use in the foulest water as it was the day it was made.

The Pasteur Germ Proof Filter Co. have adopted Tripoli Stone, also the Dolton Filter Co. of Europe, who are the well-known originators of the filter business in Europe. We claim this sufficient proof of the superiority of our Tripoli Stone as a Germ Proof Filter.

We have two kinds of the "SUCCESS"; The Pressure Filter which is to be attached to the water pipe, and the Gravity Filters, which work without any pressure of water.

There are Two Principles Involved in the Use of this Filter:

FIRST. Filtration—i. e., the removal of all insoluble matter from the water, rendering it clean and bright. In this the filter is practically perfect.

SECOND. Aeration—i. e., allowing the air to be brought into direct contact with the filtered water, as it will be observed there are no air-escapes, such as all other filters have. The compressed air in the water pipes is filtered through the stone with the water. This operation tends to oxidize and aerate the filtered water, giving new life and vigor to it. In all other filters, scientists agree that filtered water has a flat taste to it. Not so in this one. For these reasons, together with the perfect lock joint and easy method of cleaning and taking apart, and simplicity of construction, these Filters are recommended for use in every household; they have proved a great SUCCESS in Europe and the United States where they are being sold in great numbers.

This lot which came in the "Aloha" is the first ever introduced here, and we ask all our friends to come and see the most perfect Filter now in use.

CARRIED INTO COURT.

HOLSTEIN ASKS THAT TWO BALLOTS BE DECLARED ILLEGAL. Papers Filed This Morning in the Supreme Court—Grounds of the Election Contest.

IN THE SUPREME COURT OF THE REPUBLIC OF HAWAII. HONOLULU, 1 SS. ISLAND OF OAHU,) ss.

In re Contest of Senatorial Election, First Senatorial District, by H. L. Holstein.

Petition to reverse decision of Board of Inspectors of Elections. The appended papers were filed in the Supreme Court at noon today by Messrs. Hartwell, Thurston and Stanley, attorneys for H. L. Holstein, who was a candidate at the recent election on Hawaii. In such cases the law requires at least 14 days notice, so the matter will not come before the court until the 13th of next month.

PETITION. To the Honorable Albert Francis Judd, Chief Justice of the Supreme Court of the Republic of Hawaii.

The undersigned H. L. Holstein, of Kohala, Island of Hawaii, respectfully presents:

1. That on the 24th day of October, A. D. 1895, a proclamation was duly issued in accordance with law, ordering the holding on January 6, 1896, of a special election to elect a Senator to fill the vacancy caused by the resignation of Charles Notley, in the First Senatorial District of the Republic.

2. That one of the precincts prescribed by law for the holding of such election is designated as the "4th precinct" of said Senatorial District, being more fully described in said proclamation; and that the duly appointed Inspectors of Election in and for said precinct are J. K. Dillon, W. D. Schmidt and J. d'Olivera.

3. That said special election was duly held on the said sixth day of January, 1896.

4. That the only candidates for election at said special election were Alexander Young, of Honolulu, Island of Oahu, and your petitioner.

5. That among the ballots cast at said precinct upon the said sixth day of January, at said special election, two ballots were marked in a manner prohibited by law, viz: In the blank space at the right of the name of the said Alexander Young "A" instead of a x, as prescribed by law, and the other of said ballots is marked, in the same blank space, with the name of the said Alexander Young is printed, with a mark of symbol as follows, viz: *

6. That when the said inspectors counted the ballots at the close of the said special election, both of the above described ballots were counted for the said Alexander Young, and so reported by the said inspectors to H. E. Hitchcock, Sheriff of Hawaii.

7. That upon the adding up of the returns from all of the precincts of the said Senatorial District by the said E. G. Hitchcock, Sheriff, in accordance with law, the said two above described ballots being included in such count, it was found by such Sheriff that there were one hundred and twenty-seven ballots cast for each of said candidates, resulting in a tie, and such result was thereupon reported by said Sheriff to the Minister of the Interior.

8. That, in accordance with the law in such case made and provided, the said Minister of the Interior is now about to issue a further proclamation to hold another special election to fill the said vacancy.

9. That your petitioner claims that said two above described ballots are irregular and void, and should not have been counted by the said Board of Inspectors, nor reported as returned by them to the said sheriff.

10. That if said two ballots had not been counted for said Alexander Young he would have had but 125 votes at said election, and your petitioner would have had a majority of two votes.

11. That all of the matters and things hereinabove stated and set forth appear in the records on file in the office of the Minister of the Interior, to which records your petitioner refers for verification hereof.

Wherefore the petitioner prays as follows:

1. That the said decision of said Board of Inspectors in counting and reporting and returning to the said Sheriff the said two ballots for said Alexander Young be reversed, and that said two ballots be declared illegal and void, and that the petitioner be declared to be the duly elected Senator for said special election.

2. That the Minister of the Interior be enjoined by a writ of injunction issued by your Honor from issuing a proclamation for another special election in said District or otherwise proceeding in the premises under this cause shall have been finally disposed of by this Court.

3. That such notices shall be given and made to said Inspectors and to said Alexander Young and to the Minister of the Interior and to any other persons or interests are particularly affected and who shall be designated by the Court as the law requires, and that said Inspectors and said Alexander Young, and the Minister of the Interior be summoned to appear at a time not less than fourteen days from the giving of such notices to show cause if any they have why the prayer of this petition should not be granted, and

For such other and further relief, orders and decrees as may be required.

And your petitioner will ever pray. (Sig) H. L. HOLSTEIN.

IN THE SUPREME COURT OF THE REPUBLIC OF HAWAII. HONOLULU, 1 SS. ISLAND OF OAHU,) ss.

In re Contest of Senatorial Election, First Senatorial District, by H. L. Holstein.

Petition to reverse decision of Board of Inspectors.

Highest of all in Leavening Power.—Latest U. S. Gov't Report. Royal Baking Powder ABSOLUTELY PURE

HEALTH BOARD MEETS.

IMPORTANT MATTERS BEFORE IT FOR ATTENTION. Cholera Talk—Fishing Matters—Tahu Baked City Water Drainage—Comertoria, Etc.

The Board of Health met in regular weekly session at 3 p. m. Wednesday, President Smith in the chair. Remarks on the claim of Dr. Bowie that the Belgic did not land cholera at Honolulu were tacitly advanced. It was the unanimous opinion that circumstantial evidence was to strong against the Belgic. Several statements made by Dr. Bowie caused the physicians of the Board to smile.

Minutes of last meeting and department report were read and filed. Dr. Monsarrat's annual report showed 7,580 bullocks killed during 1895.

Mr. Waterhouse reported disease among swine near Honolulu. Said a dealer had told him a disease had broken out and affected animals were being brought to town. Orders will be issued requiring an immediate and strict investigation.

The matter of the strike of fish vendors at the market came up. President Smith explained the circumstances leading up to the trouble. No action was deemed necessary.

Mr. Keliipio wanted to know whether salt and dried fish came under the general regulation, or could be sold away from the market. It was a matter of health. Packed fish were salted at the market, under the supervision of Mr. Keliipio.

Mr. Waterhouse suggested that impure salted fish might be brought from Kauai, Kona, etc., if there was no inspection.

President Smith thought the matter very important. He doubted that the cause of sickness resulted from eating salted fish. He was opposed to fish peddling on the streets. (Mr. Waterhouse: "It is done in the streets of every city in the world.")

Mr. Lansing thought a system of inspection should be established to enable peddling of pure fish. Dr. Emerson said the present system was expensive and inconvenient. Some people, poor people at that, had to hire a hack to go to market. Once there, fish were found to be much higher than they would be if peddling was allowed.

The matter of a new regulation was left over to the next meeting. President Smith suggested that the trouble with the market strikers would by that time be settled, and the whole matter could be acted upon together.

Mr. Smith asked the pleasure of the Board with regard to fishing off Iwilei. The Chinese fish working the rights at that place were sustaining great losses by being closed out of their grounds. Dr. Wood moved to take the restrictions on fishing off the ponds and the harbor. This motion was taken with surprise by members of the Board, and the Board could then decide whether or not a permanent tabu of fishing in the harbor should be declared.

Dr. Wood accepted an amendment to leave the harbor restrictions, and open the private fishing rights to the public. It was noted that the title to the only fishing right in the harbor was being contested by the government. It was claimed by Sumner and Dowsett. The motion to allow the Chinese fish to fish, and sell their fish, was carried.

Mr. Waterhouse said the Nuanuu water supply needed attention. Road trash and impure substances were swept into the reservoirs by heavy rains and came down in the city water. Referred to the Executive officer with instructions to carefully investigate and report.

Mr. Smith brought up the matter of the crowded condition of the cemeteries. Nuanuu and the Catholic cemeteries were becoming crowded. Makiki was full. The matter of burial grounds was fast becoming a serious problem. The population of the city was increasing, and even now nearly all of the plots were taken up. Matter referred to Sanitary Committee.

Mr. Smith reported that Mr. Marsden had sent lots of trees to Mr. Clark on Molokai during the past two years. The commissioner thought they should have a cheap house over there to start the trees, and should have some direction until the trees were under way. He would send a forester over if the Board desired. Mr. Marsden was authorized to send a forester for that purpose.

Mr. Smith reported a purchaser for the wind mill at Kalia, now out of use. Mr. Reynolds was authorized to sell it.

The Board voted to take over the property known as the immigration depot at Kakaako at a rental of \$300. The property is owned by the Bishop estate and now rented by the Interior department.

A system of drainage for Kukui street was adopted. The water will be run off to Nuanuu stream. It was decided to notify owners of property from the old fish market around to King street bridge that the condition of the low land in that locality is a menace to public health, and must be filled in immediately.

At a previous meeting it was agreed to divide the Kona into two medical districts. The Board thought best to offer North Kona to Dr. Crane, a very competent practitioner of Chicago. Dr. McWayne was a very popular suggestion, but it was understood that he would not accept unless he could get both districts.

Dr. Herbert's biennial report of the Insane Asylum was presented by the President. At 4:40 the Board adjourned.

ALL ALONG THE DOCKS.

KAUAI SENDING DOWN HER SHARE OF SUGAR. Route Almost Filled Out—Waimanalo On the Ways—Hull Will Leave Tomorrow.

Captain Young of the ship Reaper, reports a deserter from his vessel. The steamer Keonohu will leave for Koloa and Eleale at 4 o'clock this afternoon.

The bark Aldergrove began discharging pig iron at Fort street wharf this morning. The Hawaiian bark Rosalie, formerly the Don Adolfo, has received her new mainmast.

The bark Ceylon came off the marine railway this morning, and hauled up to Allen & Robinson's landing. The steamer Waiakale will be due tomorrow from Kauai and the Iwailani probably from Lahaina and Hamakua.

The steamer J. A. Cummins arrived this morning with Waimanalo sugar, and left again at noon for the same place. The bark Alden Besse is receiving sugar at the Kinau wharf from the steamers J. A. Cummins and Ke Au Hon.

The steamer Waimanalo went on the ways to have her new shaft put in. The little steamer will resume her Koolan route next week. Seven tourists took out tickets for the Volcano at the Interior office yesterday. They leave by the W. G. Hall tomorrow morning.

The steamer Kaala arrived this afternoon with paddy and rice. Fine weather prevails around the island, although there is plenty of rain. The schooner Mowihaine did not get away yesterday for Paunilo, owing to the quantity of lumber to be taken. She will leave this afternoon.

The steamer Kinai will return from Maui and Hawaii tomorrow afternoon. She is expected to bring a number of passengers from the Volcano. The steamer W. G. Hall will leave for Lahaina, Kona, Kau and the Volcano at 10 o'clock tomorrow morning. She will take a number of passengers for the Volcano.

The ship Reeper cleaned up the sugar on the Oceanic wharf in good shape yesterday. She has hauled out into the stream to make room for the SS. Alameda due from San Francisco.

The steamers Ke Au Hon and Kilauoa Hou arrived from Kauai and Hawaii today with 6,421 bags of sugar. The Kilauoa Hou's sugar is being stored in the Oceanic Co.'s warehouse.

Charlie Peterson, the lookout, reported it foggy off port this morning. An island steamer was reported at noon ten miles west. It is likely the steamer Kaala from a circuit of Oahu.

August, an elderly man, who has charge of the yacht's Bonnie Dundee and Hawaii, was taken to the Queen's hospital this morning. He has been ailing for some time and was so weak that his friends had him removed. August is well known on the water front, and has had care of the yachts soon after they were launched.

ARRIVALS. THURSDAY, JAN 16. Steir Ke Au Hon, Thompson, from Kauai. Steir Kilauoa Hou, Everett, from Hawaii. Steir Kaala, Thompson, from circuit of Oahu. Steir Lehua, Syc, from Hawaii.

DEPARTURES. THURSDAY, JAN 16. Steir Ke Au Hon, Thompson, for Kona. Steir Likileke, Weir, for Olowala, Paunilo and Oolaka.

CARGOES. Ex Ke Au Hon, from Kauai, Jan 16—3000 lbs sugar and 11 lbs sundries. Ex Kilauoa Hou, from Hawaii, Jan 16—2420 lbs sugar and 9 lbs sundries. Ex Kaala, from circuit of Oahu, Jan 16—2055 lbs paddy, 360 lbs rice and 14 lbs sundries.

EXCURSION VESSELS EXPECTED. Am bk Edward May, Boston. Steir K. F. Frazier, Honolulu. Steir K. F. Frazier, Honolulu. Steir K. F. Frazier, Honolulu. Steir K. F. Frazier, Honolulu.

THE V. V. ASHFORD SUIT. Plaintiff Wants to Prevent a Sale of Land. In the matter of the bankruptcy proceedings against Samuel Parker, judgments have been satisfied and proceedings discontinued.

The Alimira M. Kabananni breach of promise suit against V. V. Ashford has taken an interesting turn. Mrs. or Miss Kabananni is now petitioning for an injunction against James Ashford, father of V. V., to prevent him from disposing of certain lands, note and mortgage upon said lands on the Island of Maui. Plaintiff alleges as follows:

That V. V. Ashford owed her money; that they went together to Maui to buy a piece of land for plaintiff's right; that she gave one, Gracia \$1,000 for the property on advice of V. V. Ashford, and the latter made out the transfers; that since the latter departed the Republic, plaintiff has ascertained that the mortgage was made over to him (V. V.) and he had made it over to his father. V. V. claimed that this course was taken to collect an amount of about \$1,500 alleged to be due by plaintiff to him. The plaintiff is suing for the property with the mortgage and preliminary proceedings are to keep Ashford from pressing the latter.

WE WANT NAMES. We desire to secure the addresses of persons suffering from throat or lung trouble, to whom we will send a little book pertaining to Angus's Petroleum Emulsion, the pleasant Food Medicine. Anyone sending us a list of not less than ten names and post-office addresses persons known to have stubborn cough, bronchitis, weak lungs, consumption, or any wasting disease, will receive, free of one of Angus's Letter Weighers, made Mrs. or Miss Kabananni is now petitioning for an injunction against James Ashford, father of V. V., to prevent him from disposing of certain lands, note and mortgage upon said lands on the Island of Maui. Plaintiff alleges as follows:

That V. V. Ashford owed her money; that they went together to Maui to buy a piece of land for plaintiff's right; that she gave one, Gracia \$1,000 for the property on advice of V. V. Ashford, and the latter made out the transfers; that since the latter departed the Republic, plaintiff has ascertained that the mortgage was made over to him (V. V.) and he had made it over to his father. V. V. claimed that this course was taken to collect an amount of about \$1,500 alleged to be due by plaintiff to him. The plaintiff is suing for the property with the mortgage and preliminary proceedings are to keep Ashford from pressing the latter.
