WHAT IS THIS DISEASE THAT IS COMING UPON US?

Like a thief at night it steals in upon us unawares. Many persons have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint all-gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and feel clammy. After a while a cough sets in at first dry, but after a few months it is attended with a greenish coloured expectoration. The afflicted one feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable, and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become costive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow, the urine is scanty and high-coloured, depositing a sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste, and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart; the vision becomes impaired with spots before the eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-third of our population has this disease in some of its varied forms. It has been found that medical men have mistaken the nature of this disease. Some have treated it for a liver complaint, others for kidney disease, etc., but none of the various kinds of treatment have been attended with success, because the remedy should be such as to act harmoniously upon each one of these organs, and upon the stomach as well; for in Dyspepsia (for this is really what the disease is) all of these organs partake of this disease and require a remedy that will act upon all at the same time. Seigel's Curative Syrup acts like a charm in this class of complaints, giving almost immediate relief. The following letters from chemists of standing in the community where they live show in what estimation the article is held.

John Archer, Harthill, near Sheffield:—I can confidently recommend it to all who may be suffering from liver or stomach complaints, having the testimony of my customers, who have derived great benefit from the Syrup and Pills. The sale is increasing wonderfully.

Geo. A. Webb, 141, York Street, Belfast:—I have sold a large quantity, and the parties have testified to its being what you represent it.

J. S. Metcalfe, 55, Highgate, Kendal:—I have always great pleasure in recommending the Curative Syrup, for I have never known a case in which it has not relieved or cured, and I have sold many gross.

Robt. G. Gould, 27, High Street, Andover:—I have always take a great interest in your medicines and I have recommended them, as I have found numerous cases of cure from their use.

Thomas Chapman, West Auckland:—I find that the trade steadily increases. I sell more of your medicines than any other kind.

N. Darroll, Clun, Salop:—All who buy it are pleased, and recommend it.

Jos. Balkwill, A. P. S., Kingsbridge:—The public seem to appreciate their great value.

A. Armstead, Market Street, Dalton-in-Furness:—It is needless for me to say that your valuable medicines have great sale in this district—greater than any other I know of, giving great satisfaction.

Robt. Laine, Melksham:—I can well recommend the Curative Syrup from having proved its efficacy for indigestion myself.

Erlockheim, Arbroath, Forfarshire, Sept. 23, 1883. Dear Sir,—Last year I sent you a letter recommending Mother Seigel's Syrup. I have very much pleasure in still bearing testimony to the very satisfactory results of the famed Syrup and Pills. Most potent medicines die out with me, but Mother Seigel has had a steady sale ever since I commenced, and is still in as great demand as when I first began to sell the medicine. The cures which have come under my notice are chiefly those of liver complaint and general debility.

A certain minister in my neighbourhood says it is the only thing which has benefited him and restored him to his normal condition of health after being unable to preach for a considerable length of time. I could mention also a great many other cases, but space would not allow. A near friend of mine, who is very much addicted to costiveness, or constipation, finds that Mother Seigel's Pills are the only pills which suit his complaint. All other pills cause a reaction which is very annoying.

Mother Seigel's Pills do not leave a bad after-effect. I have much pleasure in commending again to suffering humanity Mother Seigel's medicines, which are no sham. If this letter is of any service you can publish it.

Yours very truly,
(Signed) William S. Glass, Chemist.
A. J. White, Esq.

15th August, 1883.

Dear Sir,—I write to tell you that Mr. Henry Hillier, of Yatesbury, Wilts, informs me that he suffered from a severe form of indigestion for upwards of four years, and took no end of doctor's medicine without the slightest benefit, and declares Mother Seigel's Syrup which he got from me has saved his life.

Yours truly,
(Signed) N. Webb,
Chemist, Calne.

THE DEMOCRATIC SUCCESS.

After nearly a quarter of a century the Democratic party of the United States has its linings in the government of the nation. Let us hope it will be truer to its trust than the last time it held sway. The success of the Democrats does not take us by surprise. Neither would that of the Republicans have done so. Several new and unfathomable elements appeared in the contest just closed which, to foreign opinion especially, made the issue exceedingly problematical. It is needless to recapitulate these, which now belong only to a stale story. In view of the President elect's social record, as laid bare upon apparently unimpeachable evidence, a measure of disgrace must attach to the choice of such a man to the highest social pinnacle in the nation. Probably, however, thousands who believed the worst scandals raised against him yet believed he was a safer man for the nation than Mr. Blaine, against whom a rather formidable indictment was made for his combination of private interests with public duties in his dealings with railway brokers and lobbyists. We apprehend no very radical change for the present in the commercial policy of the Union, on account of the triumph of the Democratic party. It gave a rather uncertain sound upon the question of free trade and protection in the contest, and is not such a unit upon the question that its leaders, even if united themselves, can afford to go far in the reversal of the policy to which the country has been so long committed. It is possible that with all its free trade proclivities the Democratic Government, supported so strongly as it is in the sugar region, may be less willing to maintain present relations with these Islands than the Republican one. Upon this and other relations the result may bear to this Kingdom it is only idle to speculate. Suffice it now to say that we rejoice to-day with our American friends who feel joyous and condole with those who feel otherwise.

EDITORIAL NOTES.

The largest party in Honolulu to-day is probably composed of those who say they expected nothing but what has happened in the Presidential election—the old "I-told-you-so" party.

The following is the Presidential vote of 1880:—

James A. Garfield, Rep., 4,454,416
 W. S. Hancock, Dem., 4,444,952
 J. B. Weaver, Greenback, 308,578
 Neal Dow, Prohibition, 10,305

A correspondent seems to think that the surplus of the late regatta should go to redeeming former regatta obligations. We are of the same mind, and after the Marine Railway crew gets the cup it won two years ago, this paper might be paid its regatta advertising account of last year. The modesty of the

committee in withholding the advertisement from the BULLETIN this year, while the prospect of being able to pay for it and last year's was doubtful, was very admirable. It is fortunate that the financial results of this regatta will relieve next year's committee from the embarrassment of having no paper in the place which could be asked to do the advertising except as deadhead.

A correspondent suggests that a scheme of civil service examinations—primarily for the benefit of young Hawaiians—should be instituted. It is a suggestion we can heartily support. We should like to see a missionary spirit in its broadest sense pervade the white people who make their home here. There would be infinitely more glory in raising the native race—a more noble one than most barbarian races found in modern times—in saving at least a remnant of it to civilization, than to ruthlessly bear it down beneath the hoofs of that pagan worldliness which has rushed through the door opened by Christianity. The nominal policy of this country has been in this respect in the right direction, but there is evident a growing disposition to be impatient of the aboriginal backwardness and negative qualities, and to leave the native to the sure and fatal issue of unassisted competition with expert Christian and heathen rivalry. It is to be hoped this disposition may be checked, and the scheme suggested by our correspondent is one item in the bill of our duty in that regard. Canada is succeeding well in her efforts to civilize the remaining depleted tribes of her Indians, who were not half so promising subjects for the process as the Hawaiians, and the conditions of civilization are much more severe there than here.

In California State Blaine received a majority of 11,479 in the popular vote, the figures standing Blaine 87,590; Cleveland 76,001.

Blaine also carried San Francisco, getting 24,614 to Cleveland's 20,695—a majority of close on four thousand.

The Democratic majority in North Carolina is 25,000.

Nevada gives Blaine 800 majority. The latest from New York shows a majority for Cleveland of not less than 1,400.

There is tremendous excitement in the South over Cleveland's election.

Mr. Blaine says he does not feel disappointed, in any personal sense, but profoundly so on account of the vast national interests depending upon the result.

Bex Butler got 23,866 votes in Massachusetts.

Cleveland has an estimated plurality of 105,000 in Texas.

Pennsylvania gives Blaine 80,000 plurality; Kansas, 50,000.

All the Northern States except New York seem to have gone heavily for Blaine.

THE REGATTA SURPLUS.

EDITOR BULLETIN:—It is well understood that the surplus of money over and above the expenses collected for this year's races is to be awarded to the five contesting clubs in the regatta. The writer would like to know what the Marine Railway crew did two years ago to be left out in the cold, as they have been in not receiving the cup which was won by them but never passed over by committee.

FAIR PLAY.

THE CIVIL SERVICE.

EDITOR BULLETIN:—I do not profess to say whether your ideas of "breeding" statesmen are "wise or otherwise," but it seems to me that more should be done than hitherto to train young Hawaiians for official positions under the Government. I don't see why all such positions should not be ultimately filled by Hawaiians, instead of outsiders. My plan would be to have a Board of Examiners to examine boys who had completed their schooling and were candidates for government positions, placing all successful competitors on the list of eligible applicants, in the order of their merit as decided by their examination. When admitted to the public service they should be entered at the bottom, and have the opportunity of working their way to the top. This would both give to young Hawaiians the chance to which they have a natural right, and result in an efficient public service. Having once entered the service their tenure of office should be "during life or good behavior." I am of opinion that no civil service can reach a high grade of purity and efficiency where this condition is lacking. Moreover, where promotion to higher duties and increased emolument depends upon merit, and is sure to come sooner or later if deserved, an honorable ambition, producing diligence and faithfulness, inspires the breast.
 YOUNG HAWAII.

THE DUCK CONTROVERSY.

EDITOR BULLETIN:—Your two sporting correspondents of yesterday—one of whom lately favored a grateful public with details of his inimitable prowess, free of charge—evidence such delight in misrepresentation and such repugnance to fact, that as one of the five referred to, I feel called upon to put in a word. Instead of a day's sport as Mr. Spalding imaginatively has it, we bagged all our birds in a little over half a day, and that with the assistance of one dog only, all we had. While thoroughly appreciating Mr. Spalding's keen sarcasms on the difference between Californian and Hawaiian game, I regret to note his contemptuous attitude towards that unfortunate bird, the spoonbill, which has hitherto furnished such a large proportion of the sport available here, and which it is to be feared will in future direct its annual flight to other shores, beyond the reach of darts more terrible than sportsman's lead.

THE CHURCHES.

At St. Andrew's Cathedral to-morrow the Bishop will preach in the morning. Rev. George Wallace in the evening.

At Fort Street Church Pastor Cruzan will preach in the morning. In the evening Mrs. Leavitt, of Boston, will address a union congregation on the subject of temperance.

At the Bethel Union Church to-morrow Rev. E. C. Oggel will preach in the morning at 11 o'clock. Subject, "Temperance and Evangelistic services," with reference to the work of Mrs. Leavitt and Mrs. Hampson. Sunday school at 9:45 A. M.

The Myrtle Boat Club held a meeting last evening with a good attendance of members. It was voted to accept the share of the balance left over from the regatta. A committee was appointed to draft a complimentary letter to Mr. Alfred Rogers, the builder of the new boat, Stranger, and also give him full particulars of the race she won. The club also decided to ask for a statement from the Judges with regard to the second six-oared race on the regatta programme, which ended so unsatisfactorily.

Some valuable imported horses will be sold by Mr. E. P. Adams at his sales rooms on Monday at 12 o'clock noon.

AN ALARMINING DISEASE AFFLICTING A NUMEROUS CLASS.

The disease commences with a slight derangement of the stomach, but if neglected, it in time involves the whole frame, embracing the kidneys, liver, pancreas, and, in fact, the entire glandular system, and the afflicted drags out a miserable existence until death gives relief from suffering. The disease is often mistaken for other complaints; but if the reader will ask himself the following questions, he will be able to determine whether he himself is one of the afflicted—Have I distress, pain, or difficulty in breathing after eating? Is there a dull, heavy feeling attended by drowsiness? Have the eyes a yellow tinge? Does a thick, sticky, mucous gather about the gums and teeth in the mornings, accompanied by a disagreeable taste? Is the tongue coated? Is there a fullness about the right side as if the liver were enlarged? Is there costiveness? Is there vertigo or dizziness when rising suddenly from a horizontal position? Are the secretions from the kidneys scanty and highly colored, with a deposit after standing? Does food ferment, soon after eating, accompanied by flatulence or a belching of gas from the stomach? Is there frequent palpitation of the heart? These various symptoms may not be present at one time, but they torment the sufferer in turn as the dreadful disease progresses. If the case be one of long standing, there will be a dry, hacking cough, attended after a time by expectoration. In very advanced stages the skin assumes a dirty brownish appearance, and the hands and feet are covered by a cold, sticky perspiration. As the liver and kidneys become more and more diseased, rheumatic pains appear, and the usual treatment proves entirely unavailing against this latter agony of the disorder. The origin of this malady is indigestion or dyspepsia, and a small quantity of the proper medicine will remove the disease if taken in its incipient stage. It is most important that the disease should be promptly and properly treated in its first stages, when a little medicine will effect a cure and even when it has obtained a strong hold the correct remedy should be persevered in until every vestige of the disease is eradicated, until the appetite has returned, and the digestive organs restored to a healthy condition. The surest and most effectual remedy for this distressing complaint is "Seigel's Curative Syrup," a vegetable preparation sold by all Chemists and Medicine Vendors throughout the world, and by the proprietors, A. J. White Limited, 17, Faringdon Road, London, E. C. This Syrup strikes at the very foundation of the disease, and drives it, root and branch, out of the system.

Market Place, Fockington, York, October 2nd, 1882.

Sir,—Being a sufferer for years with dyspepsia in all its worst forms, and after spending pounds in medicines, I was at last persuaded to try Mother Seigel's Curative Syrup, and am thankful to say have derived more benefit from it than any other medicine I ever took, and would advise any one suffering from the same complaint to give it a trial, the results they would soon find out for themselves. If you like to make use of this testimonial, you are quite at liberty to do so.

Yours respectfully, (Signed) R. Tinsley.

Seigel's Operating Pills are the best family physic that has ever been discovered. They cleanse the bowels from all irritating substances, and leave them in a healthy condition. They cure costiveness.

St. Mary-street, Peterborough, 7 November 29th, 1881.

Sir,—It gives me great pleasure to inform you of the benefit I have received from Seigel's Syrup. I have been troubled for years with dyspepsia; but after a few doses of the Syrup, I found relief, and after taking two bottles of it I felt quite cured.

I am, Sir, yours truly, Mr. A. J. White. WILLIAM BRENT.

Hensingham, Whitehaven, Oct. 16th, '82.

Mr. A. J. White.—Dear Sir,—I was for some time afflicted with piles, and was advised to give Mother Seigel's Syrup a trial, which I did. I am now happy to state that it has restored me to complete health.—I remain, yours respectfully, (Signed) JOHN H. LIGHTFOOT, 15th August, 1883.

Dear Sir,—I write to tell you that Mr. Henry Hillier, of Yatesburg, W. Va., informs me that he suffered from a severe form of indigestion for upwards of four years, and took no end of doctor's medicine without the slightest benefit, and declares Mother Seigel's Syrup which he got from me has saved his life.

Yours truly, (Signed) N. Wrenn, Chemist, Calne.

September 8th, 1883.

Dear Sir,—I find the sale of Seigel's Syrup steadily increasing. All who have tried it speak very highly of its medicinal virtues; one customer describes it as a "Godsend to dyspeptic people." I always recommend it with confidence.

Faithfully yours, (Signed) VINCENT A. WELLS, Chemist-Dentist, Merthyr Tydfil.

To, Mr. A. J. White.

Preston, Sept. 21st 1883.

My Dear Sir,—Your Syrup and Pills are still very popular with my customers, many saying they are the best family medicines possible.

The other day a customer came for two bottles of Syrup and said "Mother Seigel" had saved the life of his wife, and he had, "one of these bottles I am sending fifteen miles away to a friend who is very ill. I have much faith in it."

The sale keeps up wonderfully, in fact, one would fancy almost that the people were beginning to breakfast, dine, and sup on Mother Seigel's Syrup, the demand is so constant and the satisfaction so great—I am dear Sir, yours faithfully, (Signed) W. BOWKER, To A. J. White, Esq. 367 Jy

"BAZAAR."

(Thoroughbred.)

By Jack Malone, he by Lexington, 1st dam, Ivy Leaf, by imported Australian; 2nd dam, Bay Flower, by Lexington; 3rd dam, Bay Leaf, by imported Yorkshire; 4th dam, Imported Maria Black, by Phillo da Putah, etc., etc.

Bazaar was bred at the great Woodburn Farm, near Lexington, Ky., by the late R. A. Alexander, and was sold to W. L. Pritchard, of Sacramento, Cal., for \$5,000. He stands 15 1/2 hands, weighs 1,095 lbs., and is a bright chestnut color. During his racing career he downed many a favorite, and won many a hatful of money for his owners, and proved himself one of the greatest of horses over a distance, most of his races being at two and four miles. He has already sired several colts in California that are winners, among which are Lizzie Dunbar, Young Bazaar, Sophia, and another called the Bazaar. Minerva Colt, he being out of Minerva by imported Lexington, the sire of Parole and Inroquois. Lizzie Dunbar greatly distinguished herself last year in her two-year-old form by defeating one of the largest fields of two-year-olds that ever started in California, among which were the two beautiful fillies brought here last Spring by Mr. Agnew, distance 5/8 mile; time, 1:04 1/2, the fastest time on record for two-year-olds at the distance. This year she has won several important events, and has proved herself to be a crack three-year-old.

Bazaar has now been brought back to Honolulu, and will remain here the balance of this year, and breeders, horse owners and stock raisers should avail themselves of the opportunity to obtain his services while they have the chance. Terms, \$40. Payable at time of service.

The imported Clydesdale Stallion Donald Dinnie, Jr., will stand at the same time and place at \$20 for the season. He was bred in Canada, sired by imported Donald Dinnie, and out of an imported Clydesdale mare. He is a beautiful dapple grey, 16 hands high, and weighs 1,400 lbs.; is very active, and as fine a large horse as could be found anywhere.

Also, the fine large imported Kentucky Jack Saumon. This is one of the largest Jacks that we could find in California, and is an animal of immense bone; is a very sure breeder, and should be liberally patronized, as he is one of the very best animals of his kind. Terms, \$30 for the season. The public are cordially invited to call and inspect the above animals.
