CHAMBERLAIN TALKS PLAINLY

Secretary of the Colonies Pays a Warm Tribute to America, Which is Received With Cheers.

Special Dispatch to The Call.

MANCHESTER, Nov. 15.—At the National Liberal Unionists' conference here to-day, Joseph Chamberlain, Secretary of State for the Colonies, made his first public speech since his return from the United States.

Mr. Chamberlain, who was much more explicit on the subject of Anglo-French relations than any of his colleagues in the Cabinet has been, said it was the hope of every friend of peace that the French withdrawal from Fashoda was indicative of their acceptance of the principle of British control of the whole valley of the Nile, "regarding which there cannot be any discussion whatever."

Going on to recite a "series of unfriendly acts perpetrated by France in other quarters of the globe during the last ten or fifteen years," he said:

"If better relations are to be established it will be necessary for French politicians to abandon tactics whose object has been to embarrass British policies in quarters where the French have no interests to protect. I refer especially to Newfoundland, where, despite the fact that the French fishery interests have declined to a comparatively insignificant point, the demands of the French have continually increased, and their interference with the development of this colony has increased.

"At the present moment Newfoundland is seriously suffering from an intervention which is of no advantage to France, although a serious detriment to the British colony. If the Fashoda incident only serves to disabuse foreign statesmen of the erroneous conception that the British will yield anything to pressure, it will be a blessing in disguise."

After referring to the "thorough and complete sympathy so noticeable between the mother country and her colonies," Mr. Chamberlain continued as follows:

"What is of equal consequence, our American kin (loud cheers) have begun to understand us better. If we have had differences in the past, I believe they have arisen entirely from the want of proper mutual understanding, but now the Americans know that in the late trouble our hearts went out to them (cheers), and they heartily reciprocate our feelings.

"I shall not attempt to predict what may follow this better feeling, but I may at least hope that in the future the understanding of which we have spoken may be perfected, and that in the face of that understanding we two may be able to guarantee peace and civilization to the world." (Prolonged cheers.)

THE PEACE NEGOTIATIONS.

Report That the Madrid Government Will Not Yield to the Demands of the United States.

MADRID, Nov. 15.—According to semi-official statements here the Spanish Peace Commissioners will maintain their present attitude in regard to the Philippine Islands and will sertainly not accept the conditions of the United States. Further, if the discussion does not return to the limits of the protocol, as viewed by the Spaniards, the Spanish Commissioners have decided, in spite of contrary reports, not to sign a treaty of peace.

It is also learned from the same sources that complete accord prevails between the Spanish Government and its Peace Commissioners.

LI HUNG CHANG DISLIKES HIS JOB.

Appeals to the Empress to Be Excused From the Appointment, but His Request Was Denied.

PEKING, November 15.—Li Hung Chang has memorialized the Dowager Empress, begging to be excused from the appointment to consult with the Viceroy of the province of Shantung as to the steps to be taken to prevent any further overflowing of the Yellow River, pleading age and infirmity as his excuse. He had a special audience on the subject with the Dowager Empress to-day, and the latter, while thanking him for his services to the throne, requested the Chinese statesman to proceed to the Yellow River without delay.

In some quarters it is believed that Li Hung Chang's appointment is due to the enmity of Jung Lu, who replaced Li Hung Chang in the Tsung-li Yamen in September, and to the animosity of Kang Yi, the head of the Council of State.

SPAIN'S PLEA FOR TIME FAILS.

American Government Determined to Assume Control of Cuba on the First of Next January.

WASHINGTON, November 15.—The Government has renewed and strengthened its determination that the Spanish evacuation of Cuba and the American occupation shall not be deferred beyond January 1st next. This conclusion has been communicated to the Spanish Government within the last few days in answer to an urgent request that the date of evacuation be put off.

Not being a subject which could be treated by the Paris Commissioners or at Havana the request of the Spanish Government was forwarded to Washington through the French Embassy, which received also and forwarded by cable the refusal of this Government to put off the date of assuming American control.

Khartoum Honors Announced.

LONDON, Nov. 15.—The Khartoum honors have been gazetted. Captain Kent, Lieutenant Montmorency and Private Byrne of the Twenty-first Lancers, and Captain Smythe of the Second Dragoons received the Victoria Cross; Lieutenant-General Sir Francis Grenfell and Major-General Lord Kitchener are made Knights of the Grand Cross of the Bath; Slatin Pasha is made a Knight Commander of St. Michael and St. George, and many others receive various decorations.

War Preparations Still Continue.

LONDON, Nov. 16.—The Hongkong correspondent of the Daily Mail, says: War preparations continue here without abatement, and the mines in the Lai-Mum pass have been charged.

BY AUTHORITY.

IRRIGATION NOTICE.

Holders of water privileges, or those paying water rates, are hereby notified that the hours for irrigation purposes are from 6 to 8 o'clock a. m. and from 4 to 6 o'clock p. m.

II. Holders of water privileges on the slopes of Punchbowl above Green street, and in Nuuanu Valley above School street are hereby notified that they will not be restricted to the irrigation hours of 6 to 8 a. m. and 4 to 6 p. m., but will be allowed to irrigate whenever sufficient water is available, provided that they do not use the water for irrigation purposes for more than four hours in every twenty-four.

WILL THANKSGIVE TOMORROW

THE INDEPENDENT will observe Thanksgiving Day to-morrow by not publishing, as some of our "young men" wish to go to church and eat mince pie and turkey. We have decided to remain silent out of compliment to our new flag.

THANKSGIVING.

We are told that the reverend gentleman who will hold down the pulpit in the Central Union Church to-morrow will use as the text for his sermon "Young America."

We admire in many ways the young republic which, in spite of its motley population has gained a high standing among the nations of the earth. We admit that the Great Republic of the United States is progressive and illustrious, but we claim that Hawaii and the Hawaiians have no reason to celebrate the Thanksgiving Day of their conquerors.

Hawaii-nei was satisfied under its national flag. We lived happily and contentedly and our country commanded a position in the front rank of the small independent nations of the civilized world.

We have been smothered, abused, conquered and finally annexed, and yet the Hawaiians are asked to put up money, turkeys, chickens, ducks, etc., etc., for the benefit of the men who, to us at least, represent only a people that took away our country, our independence and our flag.

We feel assured that the soldiers who shortly will return to their homes in the Empire State, will often give a kind thought to the Hawaiian people. The *Hawaiians* were unable to spend thousands of dollars for turkeys and cranberries, but they always extended their *aloha* to the men, who, far from home, had to spend their national holiday in the Paradise of the Pacific.

The Hawaiians can not join in the thanksgiving to-morrow. Young America and "expansion" may be eulogized. The Hawaiians yet sit along the river of sorrow and mourn the loss of their country.

TALK THROUGH HIS HAT.

Mr. George Osborne, of Kukaiau, says of the sugar industry and changes in it brought about by annexation: "The greatest changes will be seen in the sugar mills, as many of them are behind the times, and have been so for many years, in consequence of the unsettled condition of the Government; * * *" Mr. Osborne knows, or certainly ought to know, that it was not the "unsettled condition of the Government" that held the sugar industry from development, if its development was checked, but the unsettled condition of the United States tariff. Could the treaty of reciprocity and the U. S. tariff been depended upon for even five years nine roller mills would have been installed all over the islands. If unsettled government is a menace to the sugar industry it is the opinion of THE INDEPENDENT that the future is more to be dreaded than the past ever was.

TOPICS OF THE DAY.

It is rumored that "King Billy" O'Smith is writing a paraphrase of the Bonnets of Bonnie Dundee, dedicated to Col. Barber. So far only the refrain, "the de'il's in the bonnets of bonnie New York," has been reeled off the roller of inspiration.

It is very pleasing to see that "rebels" who would not take the oath of allegiance to Mr. Dole are being freely employed on buildings erected by the United States officials. There is a big difference between true Americans and the buncomb crowd which was fostered on Hawaii under false pretenses.

In the selection of a cemetery the health of the city must be first considered and consequently no cemetery should be "within the city's walls." Perhaps, now that we are American territory, we shall in time become civilized enough to have our bones burned in a crematory, instead of placing them in the ground to poison the earth and spread disease.

It is amusing to see Dr. Bishop and the missionary-descendant editor of the Advertiser at loggerheads over the question of resurrection. It is really a pity, that the founder did not correspond with the two editors prior to the establishing of a doctrine, which the Christian world has accepted. When the two gentlemen meet on the rainbow there will be a "hot time in town" and Wray Taylor will have a hard job in tuning their discordant harps.

To-morrow is Thanksgiving Day in the United States, of which we form an infinitesimal portion. At least we suppose that our semi-annexed rulers imagine that, for this purpose, as it does not materially interfere with their usurped functions, we are, since they accept President McKinley's proclamation of the day and do not, of their own accord, invite us to go to Church, play football, eat turkey, and drink to the health of the occasion. Certes, we are annexed.

We think we have sufficient cause to rejoice to-morrow, the first Thanksgiving Day under the Stars and Stripes, and therefore we ask all to be merry to-morrow, as we intend ourselves to be by taking a thorough holiday, and for the richer brethren to remember their poorer relatives. Before next Thanksgiving Day let us devoutly hope that the oligarchs will have passed away and a new regime have the controlling of our affairs. It is about time that the dictatorial factions were Americanized.

Mr. W. C. Parke handily and timely contradicts Dr. Price A. Morrow in his statements that the small pox epidemic of 1853 carried off 15,000 victims. His father's records show that the number of cases was 6,405 and of deaths 2,485 and these figures are taken from official records. It is the same spirit of exaggeration and misrepresentation that prevails on the mainland, through careless compilers, that gives us the credit of having had 20,000 lepers, when in fact we have never had one-third of the number and probably not one-tenth of bona fide "leprosy" cases. We shall give the exact figures on Friday in an article now in type.

Thanksgiving Turkeys.

By the Australia the California Fruit Market, D. G. Camarinos, received in their ice house all the delicacies of the season in fowl, fish and vegetables, especially splendid Turkeys and superfine oysters. Tel. 378.

S. S. Australia.

The S. S. Australia, Captain H. C. Houdlette, arrived early this morning, 6 days, 16 hours from San Francisco, bringing an interesting number of cabin and steerage passengers, and 1816 tons of cargo. Work on the steamer's ice-house goods commenced promptly at 7 a. m. The refrigerating chambers contained a large number of dressed turkeys for merchants in town to meet to-morrow's onslaught. Purser Thomas McCombe kindly furnishes us with the Australia's list of passengers and report as follows:

Passengers—Geo Alexander, Mrs H B Arnold, Miss Arnold, W S Bell, F W Bearslee, A Brown, J K Brown and wife, J K Brown, Jr, J P Castle, Mrs W A Clark, Miss Cornwall, Geo Compere, wife and child, C A Field, Chas Cowan, Mrs K Evans, Chas Gay, R E Glaze, wife and child, V C Gray, Capt Godfrey, wife and two children, Miss Godfrey, Miss C Godfrey, Mrs R B Harris, J Henela, L B Kerr, wife and two children, W C King, Mrs M B McGowan, Mrs E McPhetridge, A Mirrlees, L B Newell and wife, L B Nutting and wife, J L Nicholl, L E Pinkham, Mrs Eliea Polachek, Mrs P Rewmrn, J W Romaine, P O'Reily, Jas Scott, wife and two children, Jno A Scott, wife and two children, Miss Scott, A B Shearer and wife, W G Smith, C E Williams, Mrs C Wright. L M Polachek.

Report: Left San Francisco, Nov. 16, 1898, at 2 p. m., with 64 cabin and 46 steerage passengers, 86 bags mail. Experienced moderate N. W. to N. E. winds, smooth sea and fine weather all the way, arrived at Honolulu, Nov. 23d at 6 a. m. Time, 6 days, 16 hours.

S. S. Miowera.

The R. M. S. Miowera, Captain Hemming, arrived this forenoon, 18 days from Sydney, with one cabin passenger, Mr. W. B. Hill, and a cargo of 125 tons of merchandise and 110 tons of fuel. The Miowera sails for Vancover at 4 p. m. to-day.

Klondykian Cold.

In a warm climate, such as ours, ice is an absolutely necessity as a food preserver and a means towards preserving an equal temperature of body and mind. Ice chests and refrigerators are no longer a luxury but a necessity and the wise woman always selects the best for her household. This undoubtedly is the Alaska as experience has proved.

The ALASKA is constructed upon strictly scientific principals, by which low temperature and dryness of air are naturally and inevitably obtained.

The ALASKA has preserved fresh meats perfectly for three weeks in the hottest weather and produces better results with less ice than any other.

The ALASKA has the only provision chamber free from odor, for between the outer and inner walls there is an inch and a half space filled with pure charcoal, and experience has convinced all that the ALASKA is without doubt, the best refrigerator on the market, in construction, in preserving perishable goods, in economy of ice, and in all points necessary to make them first-class.

We have them in several sizes, at from $15 to $25 and also keep the ALASKA ICE CHESTS.

NO TARIFF TINKERING THIS SESSION.

Congressman Dingley Declares There Is No Cause for Any Revenue Legislation.

NEW YORK, Nov. 14.—The Washington correspondent of the Herald telegraphs: "There will be no tariff revision nor any revenue legislation of any kind during the session of Congress this winter," was the declaration made to me with much emphasis this evening by Representative Dingley, chairman of the House Committee on Ways and Means. "There is no reason for any revenue legislation," continued Mr. Dingley, "and you can say definitely that there will be none. It may be possible that some slight amendments of administrative features of the war revenue bill may be desirable and some such amendments may be enacted, but there will be no general legislation in the way of removing taxes or changing rates."

Arabian Nights.

Why the play presented yesterday at the Opera House was titled "Arabian Nights" is above the comprehension of the ordinary patron of the Opera House.

It was a very silly farce indeed, and the sympathy of the audience was extended to the able actors and actresses who took a part in the show which briefly can be described as condensed "rot."

Miss O'Neil was pretty and clever, of course. Even as a "tough" she is superb, and the way she smokes a cigarette would make any Oakland girl envious. Herbert Carr is a jewel, and Stockwell is undoubtedly up to-date. The male part of the large audience fell in love with Miss Foster—they all do—and the McVickers showed talent that should be developed in something better than a "fake" like Arabian Nights.

Leslie Morosco is the cleverest actor in the company and we bespeak a great future for the handsome youngster, if he remains on the stage. But do drop that beastly English twang.

To-morrow evening the great historical drama, Elizabeth, will be presented, and the season will close with the Danites on Saturday and Led Astray on Monday next.

The Planters' Monthly.

This invaluable and ever interesting monthly is again to the front. It is probably of more real benefit to the country than all our inaccurate and perversely biassed newspapers. The courteous *doyen* of the fraternity deemed it necessary to explain that the Advertiser's premature publication of an article from the advance sheets was unauthorized by him, as the magazine had not been published at the time, but one cannot, in these unconscienceless days, blame the P. C. A. for taking advantage of work given to the Gazette job office, as both offices are in the same building.

A Suggestion.

The Hawaiian Mission's Children's Society will meet at Mrs. Frank Cooke's on Friday evening. While they are discussing country libraries can they, in their generous hearts, remember the children in the Leper Settlement and send them a few children's books. Thomas K. Nathaniel will take care of them at Kalaupapa.

Play Ball.

The football game to-morrow will be most interesting and deserves to be witnessed by the whole town. The soldiers, who feel happy because they are ordered home, will be there, and the town people are anxious to see the intercollegiate game. The Punahou boys will win as a matter of course.

NO HOPE OF FLOATING THE TERESA.

The Cruiser Lies on a Rocky Reef, Exposed to Heavy Seas—Report Made by Captain McCalla.

WASHINGTON, Nov. 15.—In a cablegram to the Navy Department from Nassau to-day regarding the Maria Teresa, Captain McCalla, says: "After a careful examination of the stranded ship and its situation and a careful consideration of instructions from the department and appreciating the great interest taken by the Nation and the Government in the fate of the Teresa, I regret exceedingly to express the opinion that it is hopeless to expect to rescue the ship. Craven, Blow, Hobson and Crittenden confirm my opinion. The wreck is stranded in from sixteen to twenty-one feet, with its head to the northward. With the exception of a few feet astern and forward, where cut away the ship rests on a rocky reef, covered with corals and interspersed with bowlders."

Fast Sugar Vessels for Hawaii.

Trade with Hawaii is on the increase and there seems to be a constant demand for sailing vessels to put in the sugar trade. At the present time three new vessels are being built for the Honolulu business and will be ready to go into commission about the first of the year. Two of the vessels will be four masted schooners and one is being built at Eureka by H. D. Bendixsen and the other at Alameda by Hay & Wright. The other vessel will be a four masted barkentine, and she also is being built at Eureka.

The schooners will be sister ships to the Muriel and Honoipu, now on a race from San Francisco to Puget Sound, Australia, Hawaii and home. They are 164 feet long, 37 feet broad and 13.8 feet deep, and will be named the Robert H. Hind and James Rolph, after the members of the firm of Hind, Rolph & Co., who own the fleet. The barkentine is 191.6 feet long, 39.10 feet broad and 16 8 feet deep.. She has not been named yet. All three vessels when completed will load here for Honolulu. —*S. F. Call.*

PRICE OF SUGAR ADVANCED

First General Advanced Since the Cutting War Began.

NEW YORK, Nov. 14.—The Tribune will say to-morrow: The American Sugar Refining Company yesterday (Monday) advanced the price of all grades of domestic refined sugars one-eighth of a cent a pound, this move being promptly followed by the independent refineries. The increase makes the price of granulated 5⅛ cents a pound, or 4.84 cents net, inclusive of trade discounts, and is the first general advance since the beginning of the cutting of prices between the American Sugar Refining Company and the outside companies.

CHAMBERLAIN TALKS PLAINLY

Secretary of the Colonies Pays a Warm Tribute to America, Which is Received With Cheers.

Special Dispatch to The Call.

MANCHESTER, Nov. 15.—At the National Liberal Unionists' conference here to-day, Joseph Chamberlain, Secretary of State for the Colonies, made his first public speech since his return from the United States.

Mr. Chamberlain, who was much more explicit on the subject of Anglo-French relations than any of his colleagues in the Cabinet has been, said it was the hope of every friend of peace that the French withdrawal from Fashoda was indicative of their acceptance of the principle of British control of the whole valley of the Nile, "regarding which there cannot be any discussion whatever."

Going on to recite a "series of unfriendly acts perpetrated by France in other quarters of the globe during the last ten or fifteen years," he said:

"If better relations are to be established it will be necessary for French politicians to abandon tactics whose object has been to embarrass British policies in quarters where the French have no interests to protect. I refer especially to Newfoundland, where, despite the fact that the French fishery interests have declined to a comparatively insignificant point, the demands of the French have continually increased, and their interference with the development of this colony has increased.

"At the present moment Newfoundland is seriously suffering from an intervention which is of no advantage to France, although a serious detriment to the British colony. If the Fashoda incident only serves to disabuse foreign statesmen of the erroneous conception that the British will yield anything to pressure, it will be a blessing in disguise."

After referring to the "thorough and complete sympathy so noticeable between the mother country and her colonies," Mr. Chamberlain continued as follows:

"What is of equal consequence, our American kin (loud cheers) have begun to understand us better. If we have had differences in the past, I believe they have arisen entirely from the want of proper mutual understanding, but now the Americans know that in the late trouble our hearts went out to them (cheers), and they heartily reciprocate our feelings.

"I shall not attempt to predict what may follow this better feeling, but I may at least hope that in the future the understanding of which we have spoken may be perfected, and that in the face of that understanding we two may be able to guarantee peace and civilization to the world." (Prolonged cheers.)

THE PEACE NEGOTIATIONS.

Report That the Madrid Government Will Not Yield to the Demands of the United States.

MADRID, Nov. 15.—According to semi-official statements here the Spanish Peace Commissioners will maintain their present attitude in regard to the Philippine Islands and will sertainly not accept the conditions of the United States. Further, if the discussion does not return to the limits of the protocol, as viewed by the Spaniards, the Spanish Commissioners have decided, in spite of contrary reports, not to sign a treaty of peace.

It is also learned from the same sources that complete accord prevails between the Spanish Government and its Peace Commissioners.

LI HUNG CHANG DISLIKES HIS JOB.

Appeals to the Empress to Be Excused From the Appointment, but His Request Was Denied.

PEKING, November 15.—Li Hung Chang has memorialized the Dowager Empress, begging to be excused from the appointment to consult with the Viceroy of the province of Shantung as to the steps to be taken to prevent any further overflowing of the Yellow River, pleading age and infirmity as his excuse. He had a special audience on the subject with the Dowager Empress to-day, and the latter, while thanking him for his services to the throne, requested the Chinese statesman to proceed to the Yellow River without delay.

In some quarters it is believed that Li Hung Chang's appointment is due to the enmity of Jung Lu, who replaced Li Hung Chang in the Tsung-li Yamen in September, and to the animosity of Kang Yi, the head of the Council of State.

SPAIN'S PLEA FOR TIME FAILS.

American Government Determined to Assume Control of Cuba on the First of Next January.

WASHINGTON, November 15.—The Government has renewed and strengthened its determination that the Spanish evacuation of Cuba and the American occupation shall not be deferred beyond January 1st next. This conclusion has been communicated to the Spanish Government within the last few days in answer to an urgent request that the date of evacuation be put off.

Not being a subject which could be treated by the Paris Commissioners or at Havana the request of the Spanish Government was forwarded to Washington through the French Embassy, which received also and forwarded by cable the refusal of this Government to put off the date of assuming American control.

Khartoum Honors Announced.

WILL THANKSGIVE TOMORROW

THE INDEPENDENT will observe Thanksgiving Day to-morrow by not publishing, as some of our "young men" wish to go to church and eat mince pie and turkey. We have decided to remain silent out of compliment to our new flag.

THANKSGIVING.

We are told that the reverend gentleman who will hold down the pulpit in the Central Union Church to-morrow will use as the text for his sermon "Young America."

We admire in many ways the young republic which, in spite of its motley population has gained a high standing among the nations of the earth. We admit that the Great Republic of the United States is progressive and illustrious, but we claim that Hawaii and the Hawaiians have no reason to celebrate the Thanksgiving Day of their conquerors.

Hawaii-nei was satisfied under its national flag. We lived happily and contentedly and our country commanded a position in the front rank of the small independent nations of the civilized world.

We have been smothered, abused, conquered and finally annexed, and yet the Hawaiians are asked to put up money, turkeys, chickens, ducks, etc., etc., for the benefit of the men who, to us at least, represent only a people that took away our country, our independence and our flag.

We feel assured that the soldiers who shortly will return to their homes in the Empire State, will often give a kind thought to the Hawaiian people. The *Hawaiians* were unable to spend thousands of dollars for turkeys and cranberries, but they always extended their *aloha* to the men, who, far from home, had to spend their national holiday in the Paradise of the Pacific.

The Hawaiians can not join in the thanksgiving to-morrow. Young America and "expansion" may be eulogized. The Hawaiians yet sit along the river of sorrow and mourn the loss of their country.

TALK THROUGH HIS HAT.

Mr. George Osborne, of Kukaiau, says of the sugar industry and changes in it brought about by annexation: "The greatest changes will be seen in the sugar mills, as many of them are behind the times, and have been so for many years, in consequence of the unsettled condition of the Government; * * *" Mr. Osborne knows, or certainly ought to know, that it was not the "unsettled condition of the Government" that held the sugar industry from development, if its development was checked, but the unsettled condition of the United States tariff. Could the treaty of reciprocity and the U. S. tariff been depended upon for even five years nine roller mills would have been installed all over the islands. If unsettled government is a menace to the sugar industry it is the opinion of THE INDEPENDENT that the future is more to be dreaded than the past ever was.

TOPICS OF THE DAY.

It is rumored that "King Billy" O'Smith is writing a paraphrase of the Bonnets of Bonnie Dundee, dedicated to Col. Barber. So far only the refrain, "the de'il's in the bonnets of bonnie New York," has been reeled off the roller of inspiration.

It is very pleasing to see that "rebels" who would not take the oath of allegiance to Mr. Dole are being freely employed on buildings erected by the United States officials. There is a big difference between true Americans and the buncomb crowd which was fostered on Hawaii under false pretenses.

In the selection of a cemetery the health of the city must be first considered and consequently no cemetery should be "within the city's walls." Perhaps, now that we are American territory, we shall in time become civilized enough to have our bones burned in a crematory, instead of placing them in the ground to poison the earth and spread disease.

It is amusing to see Dr. Bishop and the missionary-descendant editor of the Advertiser at loggerheads over the question of resurrection. It is really a pity, that the founder did not correspond with the two editors prior to the establishing of a doctrine, which the Christian world has accepted. When the two gentlemen meet on the rainbow there will be a "hot time in town" and Wray Taylor will have a hard job in tuning their discordant harps.

To-morrow is Thanksgiving Day in the United States, of which we form an infinitesimal portion. At least we suppose that our semi-annexed rulers imagine that, for this purpose, as it does not materially interfere with their usurped functions, we are, since they accept President McKinley's proclamation of the day and do not, of their own accord, invite us to go to Church, play football, eat turkey, and drink to the health of the occasion. Certes, we are annexed.

We think we have sufficient cause to rejoice to-morrow, the first Thanksgiving Day under the Stars and Stripes, and therefore we ask all to be merry to-morrow, as we intend ourselves to be by taking a thorough holiday, and for the richer brethren to remember their poorer relatives. Before next Thanksgiving Day let us devoutly hope that the oligarchs will have passed away and a new regime have the controlling of our affairs. It is about time that the dictatorial factions were Americanized.

Mr. W. C. Parke handily and timely contradicts Dr. Price A. Morrow in his statements that the small pox epidemic of 1853 carried off 15,000 victims. His father's records show that the number of cases was 6,405 and of deaths 2,485 and these figures are taken from official records. It is the same spirit of exaggeration and misrepresentation that prevails on the mainland, through careless compilers, that gives us the credit of having had 20,000 lepers, when in fact we have never had one-third of the number and probably not one-tenth of bona fide "leprosy" cases. We shall give the exact figures on Friday in an article now in type.

Thanksgiving Turkeys.

By the Australia the California Fruit Market, D. G. Camarinos, received in their ice house all the delicacies of the season in fowl, fish and vegetables, especially splendid Turkeys and superfine oysters. Tel. 378.

S. S. Australia.

The S. S. Australia, Captain H. C. Houdlette, arrived early this morning, 6 days, 16 hours from San Francisco, bringing an interesting number of cabin and steerage passengers, and 1816 tons of cargo. Work on the steamer's ice-house goods commenced promptly at 7 a. m. The refrigerating chambers contained a large number of dressed turkeys for merchants in town to meet to-morrow's onslaught. Purser Thomas McCombe kindly furnishes us with the Australia's list of passengers and report as follows:

Passengers—Geo Alexander, Mrs H B Arnold, Miss Arnold, W S Bell, F W Bearslee, A Brown, J K Brown and wife, J K Brown, Jr, J P Castle, Mrs W A Clark, Miss Cornwall, Geo Compere, wife and child, C A Field, Chas Cowan, Mrs K Evans, Chas Gay, R E Glaze, wife and child, V C Gray, Capt Godfrey, wife and two children, Miss Godfrey, Miss C Godfrey, Mrs R B Harris, J Henela, L B Kerr, wife and two children, W C King, Mrs M B McGowan, Mrs E McPhetridge, A Mirrlees, L B Newell and wife, L B Nutting and wife, J L Nicholl, L E Pinkham, Mrs Ellea Polachek, Mrs P Rewmrn, J W Romaine, P O'Reily, Jas Scott, wife and two children, Jno A Scott, wife and two children, Miss Scott, A B Shearer and wife, W G Smith, C E Williams, Mrs C Wright. Report: Left San Francisco, Nov. 16, 1898, at 2 p. m., with 64 cabin and 46 steerage passengers, 86 bags mail. Experienced moderate N. W. to N. E. winds, smooth sea and fine weather all the way, arrived at Honolulu, Nov. 23d at 6 a. m. Time, 6 days, 16 hours.

Klondykian Cold.

In a warm climate, such as ours, ice is an absolutely necessity as a food preserver and a means towards preserving an equal temperature of body and mind. Ice chests and refrigerators are no longer a luxury but a necessity and the wise woman always selects the best for her household. This undoubtedly is the Alaska as experience has proved.

The ALASKA is constructed upon strictly scientific principals, by which low temperature and dryness of air are naturally and inevitably obtained.

The ALASKA has preserved fresh meats perfectly for three weeks in the hottest weather and produces better results with less ice than any other.

The ALASKA has the only provision chamber free from odor, for between the outer and inner walls there is an inch and a half space filled with pure charcoal, and experience has convinced all that the ALASKA is without doubt, the best refrigerator on the market, in construction, in preserving perishable goods, in economy of ice, and in all points necessary to make them first-class.

We have them in several sizes, at from $15 to $25 and also keep the ALASKA ICE CHESTS.

Call and see them.

NO TARIFF TINKERING THIS SESSION.

Congressman Dingley Declares There Is No Cause for Any Revenue Legislation.

NEW YORK, Nov. 14.—The Washington correspondent of the Herald telegraphs: "There will be no tariff revision nor any revenue legislation of any kind during the session of Congress this winter," was the declaration made to me with much emphasis this evening by Representative Dingley, chairman of the House Committee on Ways and Means. "There is no reason for any revenue legislation," continued Mr. Dingley, "and you can say definitely that there will be none. It may be possible that some slight amendments of administrative features of the war revenue bill may be desirable and some such amendments may be enacted, but there will be no general legislation in the way of removing taxes or changing rates."

Arabian Nights.

Why the play presented yesterday at the Opera House was titled "Arabian Nights" is above the comprehension of the ordinary patron of the Opera House.

It was a very silly farce indeed, and the sympathy of the audience was extended to the able actors and actresses who took a part in the show which briefly can be described as condensed "rot."

Miss O'Neil was pretty and clever, of course. Even as a "tough" she is superb, and the way she smokes a cigarette would make any Oakland girl envious. Herbert Carr is a jewel, and Stockwell is undoubtedly up to-date. The male part of the large audience fell in love with Miss Foster—they all do—and the McVickers showed talent that should be developed in something better than a "fake" like Arabian Nights.

Leslie Morosco is the cleverest actor in the company and we bespeak a great future for the handsome youngster, if he remains on the stage. But do drop that beastly English twang.

To-morrow evening the great historical drama, Elizabeth, will be presented, and the season will close with the Danites on Saturday and Led Astray on Monday next.

The Planters' Monthly.

This invaluable and ever interesting monthly is again to the front. It is probably of more real benefit to the country than all our inaccurate and perversely biassed newspapers. The courteous *doyen* of the fraternity deemed it necessary to explain that the Advertiser's premature publication of an article from the advance sheets was unauthorized by him, as the magazine had not been published at the time, but one cannot, in these unconscienceless days, blame the P. C. A. for taking advantage of work given to the Gazette job office, as both offices are in the same building.

A Suggestion.

The Hawaiian Mission's Children's Society will meet at Mrs. Frank Cooke's on Friday evening. While they are discussing country libraries can they, in their generous hearts, remember the children in the Leper Settlement and send them a few children's books. Thomas K. Nathaniel will take care of them at Kalaupapa.

Play Ball.

The football game to-morrow will be most interesting and deserves to be witnessed by the whole town. The soldiers, who feel happy because they are ordered home, will be there, and the town people are anxious to see the intercollegiate game. The Punahou boys will win as a matter of course.

NO HOPE OF FLOATING THE TERESA.

The Cruiser Lies on a Rocky Reef, Exposed to Heavy Seas—Report Made by Captain McCalla.

WASHINGTON, Nov. 15.—In a cablegram to the Navy Department from Nassau to-day regarding the Maria Teresa, Captain McCalla, says: "After a careful examination of the stranded ship and its situation and a careful consideration of instructions from the department and appreciating the great interest taken by the Nation and the Government in the fate of the Teresa, I regret exceedingly to express the opinion that it is hopeless to expect to rescue the ship. Craven, Blow, Hobson and Crittenden confirm my opinion. The wreck is stranded in from sixteen to twenty-one feet, with its head to the northward. With the exception of a few feet astern and forward, where cut away the ship rests on a rocky reef, covered with corals and interspersed with bowlders."

Fast Sugar Vessels for Hawaii.

Trade with Hawaii is on the increase and there seems to be a constant demand for sailing vessels to put in the sugar trade. At the present time three new vessels are being built for the Honolulu business and will be ready to go into commission about the first of the year. Two of the vessels will be four masted schooners and one is being built at Eureka by H. D. Bendixsen and the other at Alameda by Hay & Wright. The other vessel will be a four masted barkentine, and she also is being built at Eureka.

The schooners will be sister ships to the Muriel and Honoipu, now on a race from San Francisco to Puget Sound, Australia, Hawaii and home. They are 164 feet long, 37 feet broad and 13.8 feet deep, and will be named the Robert H. Hind and James Rolph, after the members of the firm of Hind, Rolph & Co., who own the fleet. The barkentine is 191.6 feet long, 39.10 feet broad and 16 8 feet deep.. She has not been named yet. All three vessels when completed will load here for Honolulu. —*S. F. Call.*

PRICE OF SUGAR ADVANCED

First General Advanced Since the Cutting War Began.

NEW YORK, Nov. 14.—The Tribune will say to-morrow: The American Sugar Refining Company yesterday (Monday) advanced the price of all grades of domestic refined sugars one-eighth of a cent a pound, this move being promptly followed by the independent refineries. The increase makes the price of granulated 5¼ cents a pound, or 4.84 cents net, inclusive of trade discounts, and is the first general advance since the beginning of the cutting of prices between the American Sugar Refining Company and the outside companies.

When we offer an article for sale and call it something we're quite sure there's no false label on it; quite sure, indeed, that it is just what we call it or we wouldn't expect to hold our position in the trade very long.

We haven't labored steadily well on toward the one fourth century mark to reach the top in our line of business just to fool away that good name we prize so much on a game of chance like misrepresenting an article of food.
