HAWAII'S "BLUE" LAWS

CONSTITUTION and LAWS
Framed by the Missionaries.

LAWS of the HAWAIIAN
ISLANDS.

10. OF MULTIPLYING LAND AGENTS.

In the third Chapter, ninth section, 39th page, the following words shall be inserted; "And their land agents." It will then read thus, "It shall be the duty of those to whom the King gives land and also of their land agents, to see that they do not establish," etc.

11. OF THE TAX FOR THE YEAR 1841.

The following is the land tax for the year 1841, and is published for the information of the tax officers, and of the people universally.

1. Money is the standard by which all taxes and assessments are to be estimated, and it would be very well if all men would pay their taxes in money.

2. Kukui nuts are valuable property. In places where the kukui nuts abound, the tax shall be in those, according to the seize of the land so the tax shall be apportioned out. The price shall be a dollar and a half per barrel. Six barrels and two thirds will be equal to a fathom swine.

3. Arrow root is valuable property. Where arrow root is abundant the taxes shall be taken in arrow root. And the tax shall be proportioned to the seize of the land. The price shall be the same as that of live pork, that is three cents per pound. Three hundred and thirty-three pounds are equal to a fathom swine.

4. Turmeric is also a valuable article. Where turmeric is abundant, the taxes shall be in that. The price by the pound shall be same as that of arrow root.

5. Where none of these kinds of property can be obtained, and fish are abundant, there the tax shall be laid in fish; and shall be in proportion to what the tax of the land would be in money. If the land would be taxed a fathom swine, then there shall be an amount of fish equal in value to ten dollars.

6. If none of the articles mentioned above can be obtained, then the tax officer shall ascertain whether there be any other article of a fixed value, but if the people possess no such article, then swine will be taken.

7. Furthermore, every man shall carry his taxes to a place suitable for vessels to go and receive them, to such place too as the tax officer shall appoint.

These taxes are confined to the present year, but if found to be suitable, will be continued, but if not, will be abandoned.

12. OF ARTICLES ON THE MOUNTAINS WHICH ARE TABOO.

In the third Chapter, section 20th, on the 53rd page, the following words shall be inserted: "But the Ohia Lehua which one man can clasp shall not be tabooed. All persons shall have a right to take it. Nor shall there be any taboo on those things which are lying on the top of the ground, nor on the fruit of the trees, or roots growing in the ground. It shall be improper for the konohiki to taboo any other article except timber.

13. OF THOSE WHO ARE ABSENT ON THE LABOR DAYS.

In the third Chapter, third section, on the 29th page, certain words are erased, and certain other shall be inserted. The following words shall be erased; "twenty-five cents," and the words inserted shall be, "one rial," and also, "land agents and officers shall not refuse that price." It will then read as follows: "He that gives previous notice shall pay one rial, and the land agents and officers shall not refuse that price."

14. OF THE INTERCHANGE OF LABOR WEEKS.

The Nobles have agreed that the people shall labor on two weeks for the King and land agents. If it be agreed that those two weeks shall be in succession it is well, and if it be agreed to work on one and pass one, or to exchange, that also is well.

15. OF CURSING.

In the twelfth Chapter, at the end of the first section, on the 51st page, the following words shall be inserted: "But if the criminal choose to pay a fine in money or other property, and so escape irons, it is well, though in that respect it shall be as he can agree with the one whom he cursed, the judges also seeing that there is a due proportion between the crime and punishment.

16. OF THE PEOPLE WHO WORK ON THE LABOR DAYS.

The following words are inserted in the third section, on the twenty-ninth page. "But if a man go abroad, and the labor day of the King or kingdom arrives, if the stranger labor, it shall then be the duty of the tax officer to give him a certificate, and then he shall not be required to work again when he returns to his own place.

(To Be Continued.)

HAWAII : HOLOMUA

PROGRESS.

The Life of the Land is Established in Righteousness.

HONOLULU, JULY 28, 1894.

Why Dole Is Not Recognized?

The following paragraph which appeared in the Reviews of Reviews shows plainly why France refuses to recognize the present abortive government of Hawaii:

An interesting article on the castes of India, by M. Emile Senart, a member of the institute, represents them as a sort of natural mould in which Hindoo races instinctively fall; inasmuch as those who have lost caste, begin to re-form castes on a lower level, and find other outcasts to despise. And, moreover, these layers of human society which seem so strict are in reality traversed by perpetual reality. Even the highest of all, that of the Brahmins, the pivot upon which the others may be said to turn, is not free from intrusions which provoke a smile.

A painful article by Pierre Loti, entitled "Profanation," is followed by one of the Crisis in Hawaii, in favor of the half English Queen, daughter of the Princess Likelike, and the Honorable Archibald Cleghorn. To any interference on the part of America, France would be much opposed, and could not see with indifference any other than the native flag floating above the walls of Honolulu.

What's Up.

Numerous letters of the following contents have been received by members of the so-called citizens' guard. Does Mr. Hitchcock want his guns returned? He won't get them:

Marshal's Office,
Honolulu, July 19, 1894.
Esq.

Sir: You will please send in to this office, without delay, the number of the rifle you now hold as a member of the Citizens' Guard.

E. G. HITCHCOCK,
Marshal, Republic of Hawaii.

Not Equity.

The senate, speaking for Uncle Sam, says the people of Hawaii shall form their own government. That is all well enough, but the trouble of the matter is that the people of the Hawaiian Islands are now powerless to act in the matter for reason that the United States overturned their government and put them at the mercy of a lot of adventurers who then formed an oligarchy that has since been strengthened to such an extent that it will require a bloody war to oust them. President Cleveland was right about the matter. The Queen should have been restored to her rights by the United States government. And the very fact that the senate voted unanimously for the resolution is an endorsement and a perfect vindication of the president's course in the matter.

The senate says in the resolution that the United States ought not in any way to interfere therewith, and that any intervention in the political affairs of those islands by any other government will be regarded as an act unfriendly to the United States. In other words, the United States, through the jack-assedness of its minister, got the people of Hawaii into trouble, and now they can fight it out as best they can, and neither will the United States take a hand to help them back to their rights nor allow any other nation to do so. This may be national law, but it is not equity by any manner of means.—Ex.

The Advertiser defends the freedom of the press in a strong article this morning. It should be remembered though that the "press" to which it refers is represented solely and only by itself. No freedom is desired for its neighbours.

MORE PLATFORMS.

The Republican Party is Deliverer of Twenty-two "Planks."

The Scheutzen Club has dropped its martial appearance, and title and branched out as a Republican Party. A platform was, of course, unavoidable and a lengthy document containing twenty-two planks was presented to an admiring assembly, which was gathered at the Beretania street armory. It is difficult enough to get any party at any time to stand by an ordinary everyday platform, and it is unreasonable to expect that the "Republican" party should be able to carry out or "stand on" its twenty-two planks. However, if it amuses them to manufacture platforms, we have no kick coming. It is a harmless amusement as any body can realize who will read the following manifesto:

First: We hold above all other considerations the protection of life, the enjoyment of property, the peace and quiet of society, the sacredness of homes, and the social purities of communities; and believing the above conditions are easier attained under republican forms of government, we heartily endorse the action of the Constitutional Convention in framing a republican policy and the action of President Dole in proclaiming the Republic of Hawaii July 4, 1894; and we will oppose any effort, direct or indirect, to establish a monarchical or any other than the republican form of the government in the Hawaiian Islands.

Second: We favor the annexation of the Hawaiian Islands to the United States of America.

Third: We favor the cession of Pearl Harbor to the United States upon terms satisfactory to both Republics.

Fourth: God endowed the sea with life for the use of all mankind. We favor free fishing privileges.

Fifth: We are in favor of the free delivery of mail in Honolulu and in other towns of the Republic when such towns may acquire a population of 10,000 persons.

Sixth: We favor such changes in the road system as will insure the better construction and supervision of all highways.

Seventh: We favor the complete revision of the laws relating to assessment and taxation; and we believe sound business principles demand that all property be assessed at its actual value, and an exemption of \$500 be allowed.

Eighth: We favor strict legislation for preserving the purity of the ballot and prohibiting the corrupt use of money in elections.

Ninth: We are opposed to the employment in Government offices, if avoidable, of the relatives of those holding salaried offices under the Government, and favor a system of civil service examinations and promotions, especially in the higher grades of employment. We believe that the interest of the Republic will be served and promoted by appointments for merit and not for family influences. We oppose changes in minor offices for political reasons alone, if the incumbent is loyal to the Republic and meritorious, and we strenuously oppose the importation of persons from abroad to fill Government positions so long as there are loyal residents of the Republic competent to occupy them.

Tenth: We favor a graduated income tax.

Eleventh: We demand that revenues shall be limited to the necessary expenses of the Government.

Twelfth: We favor such legislative and executive policy as will improve the condition and maintain the rights of all people who labor, and by constant effort, both by legislative act and individual example, to develop and improve the natural and artificial resources of the Republic, and to keep the money of Hawaii at home for the benefit of all its people.

Thirteenth: We favor a law governing convict labor in the penal institution of the Republic that will work the least possible injury to free labor.

Fourteenth: We favor that the Constitution should be amended to the end that the President shall be selected by a direct vote of the people.

Fifteenth: We favor the absolute suppression of Asiatic immigration into this country, and a close check upon the importation of contract laborers for any term of months or years.

Sixteenth: We stand unequivocally for the American system of public schools, and opposed to any appropriation of public moneys for sectarian schools. We declare that only by united support of such common schools, taught in the English language, can we hope to become and remain a homogeneous and harmonious people.

Seventeenth: We unequivocally condemn trusts and combines of any character whatsoever and any agency tending to amass wealth in the hands of a few. The land of the Republic should be controlled and possessed for the benefit of the producer, and limited in acreage to each possessor to such a degree as to insure the people against the monopoly and speculation. We have granted to landless native Hawaiians of the aboriginal race, a "kuleana" (a small holding), that is for such as have families dependent upon them for support and who are loyal citizens of the Republic.

Eighteenth: We advocate the perpetuation of systems of public works in order that the surplus labor population of the Republic of Hawaii, except Asiatics, may be afforded employment.

Nineteenth: We advocate a reduction in the qualifications for elective privileges as rapidly as the change of sentiment in the common enemy and the political condition of the country will render safe to the cause of civilization and the Republic.

Twentieth: Believing as we emphatically do, in equal rights to all, and opposed as we are, to monopolies of any nature whatsoever, we favor the prohibition of issuing more than one license for the same kind of business to any one man directly or indirectly, or any set of men associated together for the transaction of business.

Twenty-first: We demand the repeal of the obnoxious and iniquitous Sunday law, and favor such legislation as will insure band concerts on Sunday and other amusements afforded the people in enlightened communities.

Twenty-second: We invite all loyal citizens of the Republic to join with us in support of these opinions

Brainless Vaporings

OF
VAPOROUS BRAINS

OR
The Constitution of the
Republic of Hawaii.

EDITOR HOLOMUA.

Years ago in 1885-6-7 we used to be treated daily, by the party who have revolutionized themselves into power today by the assistance of that arch Devil Stevens, to diatribes about ONE MAN POWER as used by the late King for the purpose of carrying out his own ends. Strange anachronism but nevertheless a fact another King assumes control, and under the power vested in him by his vaporous constitution in article 17 section 4 he becomes a veritable despot. Strange but true, "whom the Gods destroy, they first make mad" and where in the worlds history has there been so much madness displayed as can be found in this dream of the wide acres thrown to the winds and called "constitution;" better have let it take a walk for the benefit of its constitution, than hoping for any idea of its success ever being accomplished.

Shortly before the Republic was proclaimed a man of eight years residence and possessing property took the oath as prescribed to support the Republic and voted for delegates to the convention, now mark where he

got left when he wanted to register as a voter under the Republic. read article 17 section 2. He was good enough to vote for the delegates to the convention but the Autocratic King (of one man power) says he cannot vote under the Dole Republic. To show the absurd inconsistencies of autocratic King, he assumes to himself the right (not given in the constitution) to ask whether the applicant signed the annexation roll? What the devil has the annexation roll got to do with citizens of the Republic of Hawaii? that thing, fathered in iniquity and foisted on the people to catch votes and sympathy on the 17th, January 1893 is busted long ago, and where does it come in now?

Eight years this same man has lived here, spent his money here, paid taxes on property here, used his right of franchise here, and yet, he is denied the right to have a voice in the affairs of the Republic, and why? Simply because ONE MAN POWER under this beautiful constitution says NO, yet this same King signed a permit for an adventurer who has not been four months in the country, who has never paid taxes, who has not a dollar at stake, and gave him all the rights of citizenship. Beautiful justice, beautiful constitution.

Next, the same man tried naturalization under article 18. But there comes a cincher, sec. 5 says, only foreigners can be naturalized whose country has treaty relations with the Hawaiian Republic. Poor devil, left again, because not a single country in the world either has or ever will have treaty relations with such a concern.

To sum up, everybody is disfranchised except those dollar seeking poltroons who carried guns to put into power men who are seeking their own selfish ends, and yet we are expected to believe in their immaculate purity of motives. Bah!

The wonder to me is that there can be found among us men of ordinary intelligence in other respects, yet, when it comes to being led by the nose by the missionary clique they go like lambs to the slaughter. How a majority of 38 men who sat in that convention could pass Art. 17 is beyond my conception, because the autocratic power of one man can make the article a whip with which to lash almost every mother's son of them when he goes to register.

The police boat was the means of transit used by a deserting seaman of the departing schooner Aloha, to reach the shore again this morning. Reward of \$10 was offered for his capture, but the vessel left without him.

The "weed which soothes" is obtainable at the corner of Merchant and Fort Streets in the very best qualities. Hollister & Co. carry the finest brands of cigars in the country. Cigarettes—well smoke them per guardian.

Mr. Creighton the attorney of Lee Tong, in the assault case, which was tried in the District Court this morning made the astonishing statement that he never had robbed any body except professionally; not even a "feather" had been taken by the virtuous lawyer.

The celebrated Viavi remedies for sale at 109 King street are becoming known through out the World for their wonderful curative propriety and hope is entertained that they will cure Leprosy. Lectures will be given every Monday afternoon at Harmony Hall, King street, at 3 o'clock. Admission free.

The new premises of Benson and Smith on the corner of Hotel and Fort streets are very handsomely finished. The store would do credit to any large city in America or Europe. The outside painting of the store was done by E. C. Rowe the well-known master painter.

Edward Towse a late arrival, formerly connected with the Star, is now the chairman of a Board of Examiners who are privileged to franchise or disfranchise old residents. F. I. Cutler is added to fill the vacancy made by the resignation of J. A. Magoon.

Independence Day.

Next Tuesday is the anniversary of the occasion when Admiral Thomas restored the Hawaiian flag over the government buildings and hauled down the British ensign. The day will be remembered by a band-concert at the Hawaiian Hotel in the evening by the National Band to which all true Hawaiians are invited. The band will play at Washington Place in the morning of the national day.

The Lee Tong Assault Case.

It will be remembered that Gideon West was assaulted a few days ago by a Chinese hack-driver named Lee Tong who was arrested. The case was tried this morning in the District Court before Judge Robertson. Gideon West and Dr. McLennan were called as witnesses by the prosecution while Mr. C. Creighton, the attorney for the defense called Deputy Marshal Brown and Lee Tong. The case lasted all morning, and resulted in a decision of "guilty" and a fine of \$25. The defendant noted an appeal to the Circuit Court.

LATE news from Samoa gives the information that a petition, emanating from the German official authorities in Samoa, was, before the departure of the mail, being circulated for signature, praying the German Emperor to annex Samoa.

At a meeting of the trustees of the Queen's Hospital, held in the rooms of the Chamber of Commerce, this morning, it was voted to appropriate money to meet the expense of the addition of an artesian well to the institution.

Alfred Griffiths, the son of the popular Captain Griffiths of the bark *Albert*, is reported by the *Examiner* to have made another record run from San Francisco to Salinas, 111 miles, carrying 200 copies of paper. The distance was covered in nine hours; the papers being carried, on the twenty-five pounds Cleveland wheel, on a platform over the rear wheel behind the saddle.

The second hare and hounds race, or "paper chase" will be started this afternoon at 4 o'clock from McIntyre's corner, Fort and King streets, and promises to be very interesting. James Spencer and Louis Singer will be the hares and William Prestige will be the captain of the hounds. The finish will end at the place of start and about 7 o'clock. The hounds feel confident of a capture.

It is rumored that the Philadelphia will leave next Wednesday for target practice. The "unofficial" call a few days ago of Dole and Jones, it is claimed was caused by a well understood anxiety on the part of the government to prevent the departure of the "sheet-anchor" of the Republic even for a day or two. You are safe gentlemen. Let the Philadelphia go and don't let her departure disturb your sleep.

By the Irmgard Billy Cunningham received a fine lot of preserved cherries a most valuable ingredient for a first class cocktail. Out of compliment to Mr. Bush who is advertising the Anchor Saloon—a first class manner the great concocter has invented a *Ka Leo* cocktail made principally from Long Life whiskey and flavored with ministerial records, Malietoa memoirs, Samoan experiences ni and Cherries. Come on, Johnny, and try one!

There is one thing that a man yet can do in this country without a guardian, and with some pleasure. You can't register, you can't vote, your divorce is per guardian, your marriage will be per guardian, in fact, after a while your funeral will be per guardian. But you can get a shave at Chilton's barber shop which will induce you to believe that you are either in Heaven or as near it as you can possibly be—say in Dole's presidential chair.

Always A Plague.

Samoa is evidently gaining experience in regard to the Lantana. At the last recorded meeting of the Apia Municipal Council, the following took place:

The president suggested that when the war was over and the people returned to Apia, that 100 girls and boys be obtained to act under the supervision of the council in removing the weed. Councillor Carruthers undertook to supply the press with information in regard to the dangerous qualities of the weed.

John Hapa a notorious character has lately managed to get himself in the toils of the law, and is now booked for trial for highway robbery.

LADIES COLUMN.

You took our advise last week and have profited by our Hosiery offer, and we think are satisfied you have the best of the Bargain, there are not many left, but what there is go at our Cut Price.

All through this week your smiling faces will mean the Blues to us, as we see Bundle after Bundle of Victoria Lawns going out of the store at 75 cents for 10 yards—and Merrimac Prints at 50 cents for 10 yards—and Gingham, that are Gingham, 12 yards for \$1—or Brown Cottons 16 yards for \$1, can you blame us for having the Blues when you are carrying off goods at these prices? This thing goes on all the week.

WEDNESDAY, JULY 25, marks another day of Sacrifice so far as we are concerned. Colored Wool Dress Goods (all wool) you have paid us 75 cents for same Class of Goods. Now they are yours at 50 cents a yard. These goods are worth buying if you don't make them up for a year. They are all New Goods and Patterns.

SATURDAY, JULY 28, takes in everything, but the Remnant Buyers will have it all their own way. Every piece we have goes without reserve at your own prices—it's a picnic for you, but we want the room for New Goods. Underwear is receiving our special attention, the mark down has been general all through our Stock, in fact the fundamental law of our house is to sell at a very small profit in every Department the days of fancy prices are over. Next week you will hear something to your interest.

Yours etc.,

B. F. Ehlers & Co.

The FRANK L. HOOGS' Personally Conducted Excursion to the Volcano.

LEAVING ON THE KINAU FRIDAY, AUG. 3, 1894, AND RETURNING TO TOWN ON SATURDAY, EIGHT DAYS LATER.

Some people who claim to know all about it are of the opinion that the Crater's present great state of activity may not last over two months, and then it may drop out of sight altogether. If this story should turn out to be correct, there would be hundreds of people in this city who would regret that they allowed an opportunity to visit it to go by. Why not go now? The Steamer Kinau will leave on Friday, August 3d, with an Excursion Party on board—another chance of the same kind may not present itself for a long time, and you are sure to enjoy the trip. A ticket will cost you \$50, which includes hotels and transportation. You will never forget your first sight of the Great-Burning Lake, and without seeing it you will remain in the dark as to its appearance, as no pen can do it justice. The trip is a most enjoyable one; you spend a day or so in the Beautiful town of Hilo; you traverse the Volcano Road with its wealth of tropical foliage, and when you reach the Volcano House you will say that the trip, so far, is of the memorable order. But this is nothing compared to the awful splendor of the Crater; there is nothing like it in this earth. Read the Advertiser of Monday, July 23rd, and get an idea of what awaits you high up in the mountains of Hawaii. Jy26
