# ARM. FEETLER NOW NEW 'CIO'

## Labor-Capital Harmony Stressed By Eq. At Quitoriano's Induction

**LABOR-CAPITAL**  
President Quirino declared yesterday that the expanded Philippine development program was projecting the necessity of orienting labor away from new causes of friction with management and called upon the labor department to meet this problem.

MR. QUITORIANO

Quirino emphasize this point in brief remarks he delivered after inducting Aurelio Quitoriano as under secretary of labor.

The President speaking at Malacañang's social hall, stressed that new labor problems were bound to crop up as the country's huge industrialization program goes through the process of implementation.

"I hope you will seize this opportunity given you," he told Quitoriano.

The new undersecretary rose to his present post from the Philippine consular service in which he specialized in labor problems. He joined the bureau of labor before the war as public defender and subsequently became a consul in the Philippine consulate general in Hawaii where he served as labor counselor.

His appointment was hailed in labor circles.

"I hope you will seize this opportunity given you," he told Quitoriano.

The President indicated that one of these responsibilities would be to steer Philippine labor away from the pattern of friction that is characterizing labor-management relations in other countries.

To meet this responsibility adequately, he stated labor officials should be ready to make sacrifices and subordinate personal ambitions to the general welfare.

Quirino swore in Quitoriano before a large assemblage of workers and labor leaders which included Labor Secretary Jose Fajardo.

Congratulating Quitoriano, the President said the appointment should be considered not only an honor but a new opportunity for service to the people.

## Huk Uprising In Philippines After November is Predicted

**OVERTHROW OF GOVERNMENT IS AIM, STATE DEPARTMENT SAYS**  
WASHINGTON — Communist Huk guerrillas will try to overthrow the Philippine government between November and next May by "force, arson and murder," the state department reported today.

In a special pamphlet on Philippines affairs, the department's office of public affairs warned that the Red movement and its threat to the demoralized. It said military action might be necessary.

"The Communist leaders are stimulating their partisans to devote their lives to the illegal overthrow of the elected government by revolution," the department said.

"It is known that they have set a date for the accomplishment of this revolution by force, arson and murder."

**TO DOUBLE FORCES**  
The document did not elaborate on the target date for the revolt. However, inquiry revealed that captured Huk documents call for a reorganizing drive designed to would increase the number of Red guerrillas from 10,000 to 200,000 to prepare for a coup between November and May, 1952.

The state department indicated that "vigorous action" by the Philippine defense department may be hurting the Red drive.

## Kauai Bound Racing Yachts Set Sail Off Waikiki

Craft that took part in the Honolulu to Kauai yacht race set sail in waters off Waikiki last before setting sail for Newellville at 7 last evening. The run to Kauai traditionally follows the transpacific yacht classic. The L'Apocla was first across the finish line this morning, but the winner is yet to be determined.—Star-Bulletin photo by Joe Pacheco.

## U.N. Bombers Batter Reds Supply Bases

**TOKYO** — United Nations light bombers returned to the North Korean capital of Pyongyang in day and night attacks Tuesday following up their massive assault of the day before with attacks on Communist supply bases.

The allied planes flew more than 320 sorties in generally scattered enemy targets in North Korea. The 14th air force reported only a few enemy vehicles on the roads, indicating the enemy front-line buildup was now complete. Twenty vehicles were destroyed or damaged.

**WELL-NETRENCHED**  
Communist troops in East Korea repulsed an allied attempt to capture another section of a dug-in Red company was pushed severely with United Nations artillery.

Official announcement indicated the first air drop of supplies to front line units in six weeks had helped other allied units capture a chain of key heights in the Korean mountains. But the Reds were still dug in on isolated hills.

IN ONE ACTION a small allied unit tried to capture a strategic height that resisted their efforts last week. They were turned back after a brief but intense struggle.

Another "allied" unit above Yangju in East Korea ran into heavy fire from an enemy company. The UN doughboys pulled back, called for artillery which pounded the enemy with demoralizing fire, killing or wounding an estimated 30 troops.

In Western Korea there was only scattered fighting among patrols. In West Central Korea the Reds hid during the day and went out probing attacks during the nights.

## ENRICO CARUSO RECORDS BRING IN MILLION

**NEW YORK** — Enrico Caruso, the great operatic tenor, died 30 years ago. But his voice was not stilled.

Since his death, his estate has received more than \$1,000,000 in royalties from the sale of his records alone. Radio Corporation of America said today.

## P.I. Awaits U.S. Reply On Japanese Pact

**MANILA** — The Philippine government is anxiously awaiting definite replies from Washington on two proposals designed to overcome the deadlock between the United States and the Philippines over the proposed Japanese peace treaty.

The Philippines has offered a "compromise" proposal on the issue of reparations from Japan but is pressing for conclusion of a Philippines-American defense pact as a guarantee to the security of this republic against all possible aggression.

The so-called compromise proposal embodies what the foreign office described as the "final stand" on the reparations issue and consists of three points:

1—Recognition in the treaty that Japan should pay reparations.

2—Agreement by Japan to enter negotiations with claimants to determine the amount of reparations and manner and period of payment, with the condition that Japan ability to pay will be taken into account.

3—Submission of any dispute in these negotiations to the international court of justice for decision.

**MARKED DEPARTURE**  
This proposal represented a marked departure from the earlier Japan-Philippines demand for Japan payment of at least \$6,500,000,000 as reparations.

The second Philippine proposal is a condition of the peace treaty prior to signing of the peace treaty.

Both proposals have been submitted to United States Ambassador Myron M. Cowen for transmission to Washington but there has been no sign that the state department has been silent on both plans, according to high Philippine sources.

The Philippine government has been pressing Cowen to get transmission to Washington to the defense pact so far there has been no sign that the state department has even agreed to consider the proposal.

## Gen. Van Fleet Warns Against Enemy Ambush

**ADVANCE BASE BELOW KAESONG, Korea** — Cease fire negotiations remained deadlocked for the fourth day Monday over fixing of an armistice line on the Korean front.

Gen. James A. Van Fleet, commanding the 8th army, warned his men against a possible Communist ambush.

Gen. Van Fleet, said United Nations negotiators were acting in good faith and he hoped the Communist negotiators were also. But warning his troops to keep constant vigilance, he said.

"We must not permit this great U.N. army to become a victim of a Communist ambush."

**AGREE TO CONTINUE**  
There was but one real agreement in the meeting Monday—that the fighting will continue unabated during the negotiations.

The U.N. and Communist delegations ended their 14th and longest single session in Kaesong Monday still in complete disagreement over the establishment of a truce line and demilitarized zone along the 35th mile front.

It was reported that both sides might soon agree to a recess of several days so they can give the question further study and consult fully with their governments.

The Communist insist that the Allies give up 2,125 square miles of captured North Korean territory.

## Whita Says Jury Decision Upholds Law Enforcement

The Portland, Ore., jury decision on the ILWU under the U.N. and Communist laws of the land can not be broken by anyone without penalty, according to Henry A. Whita.

Mr. White, president of Hawaiian Pineapple Co., which was awarded \$201,274 in the case, said today:

"When the ILWU on the west coast resorted to violence at the Dalles, Ore., to prevent the unloading of the pineapple idbits we sent up there during the waterfront strike in 1949, we pointed out that the principle could not fairly be considered 'hot.'"

**NOT IN STRIKE**

## Sinclair Awaits List of Welfare Men For Work

City Engineer Karl A. Sinclair said today he has plenty of work that men wanting territorial public welfare assistance could.

But he said the department of public welfare hasn't sent him a list of the men who are available.

Mr. Sinclair is interested in putting the able bodied men on various drainage jobs around the island.

The work would include digging ditches, cutting grass, and doing other preliminary work to improve potential flood areas.

Residents of the area have made appeals to the public works committee for help during the past two weeks.

Supervisors, talking about the project yesterday, were concerned with just how much work they could expect to get out of the welfare men.

"We can put the pick in their hands but how long will they work?" asked Supervisor John M. Aising.

## Hawaii County Strike Food

**HILO, Hawaii** — County chairman James Kealoha defended his action in granting the ILWU free space in county buildings for the storage of rice and other commodities needed by union members in the event of a strike.

MR. KEALOHA POINTED out sugar plantations had been granted similar privileges during the shipping strike of 1949 when bulk sugar piled up in many warehouses under county control.

Some 20 bags of rice already have been stored in a county-owned building at Lyman Field and additional space will be allotted the ILWU when further shipments of foodstuffs arrive.

THE DISCLOSURE that public buildings were being used to house strike food was the first indication locally that the ILWU has ordered large quantities of material in anticipation of a strike on Sept. 1.

ILWU bulletins sent to Big Island plantation workers have urged the storing of food supplies to last "a minimum of from four to six months."

## Kawano's Testimony Draws Lanai Strike Heads

Jack H. Kawano's sensational testimony regarding Communist activities in Hawaii brought forth Lanai strike strikers committee.

"Lanai strikers are fully aware of the fact that whenever this union—the ILWU—enters into a struggle, the Red scare is played up. Whatever its purpose is, it will affect us in any way whatsoever."

"We know that the present case did not come up by accident. It will not alter in any degree our determination to fight for our rights. We have been well received here in the Honouliuli camp. Now we must discuss all issues frankly. It will take time."

**CAN'T CONFUSE US**  
"No matter how much Red baiting they use, they cannot confuse us."

## SHERMAN GAVE WAR WARNING BEFORE HE DIED

WASHINGTON — Admiral Forrest P. Sherman warned congress a few weeks before his death that World War III is "probable" unless the United States rapidly builds up its defenses, including a mighty two ocean navy.

The late chief of naval operations testified with other high officials before the house appropriations committee in May. Their closed-door testimony, censored for security reasons, was made public.

SHERMAN SAID the nation "faces great danger" and will remain in peril "until we achieve a position of military strength."

White war with Russia is "not inevitable," he said, the present situation "is more critical than it has been since the end of the last Secretary Thomas K. Finletter. Simultaneously, Air Force law makers that an air force larger than the presently planned 93 groups probably will be necessary later. The Pentagon will make a final decision on this late this fall."

**FINLETTER APPEARED** to support the air force request for some \$200,000,000 in new funds to operate the air force during the current fiscal year.

He said the present air force is "very powerful" and a statement which was strongly seconded by Gen. Hoyt S. Vandenberg, air force chief of staff. Vandenberg is capable of "inflicting tremendous damage upon any nation that breaks the peace."

## 2 Conciliators Meet With Both Sides On Lanai

**LANAI CITY, Lanai** — Arthur C. Viat and George L. Hillibrand, two conciliators, worked today in an attempt to compose his difficulties that led to a walkout of Lanai pineapple workers and the consequent peril of the \$200,000,000 crop.

THE TWO FEDERAL men met with union representatives at union headquarters in the morning and met in the Lanai school house later in the day with spokesmen for the employers, the Hawaiian Pineapple Co.

C. C. Cadagan, vice president of the company, arrived in the afternoon to take part in the discussions.

The conciliators met with representatives of both sides.

The smell of rotting pineapple was heavy on the air as the two negotiators landed at the airport here in the morning. Some damage to the crop has been apparent daily since the strike began.

"WE DO NOT KNOW when we will return to the Honouliuli camp. Mr. Viat. "We are at a critical point and are feeling our way in an attempt to bring the two factions together and solve the problem. We have been well received here. Now we must discuss all issues frankly. It will take time."

## Korea Mail Ban Still in Effect

The surface mail ban on mail to Korea is still in effect, according to A. Long, assistant postmaster.

All mail to Korea was suspended July 11, 1950, but on November 6, 1950, airmail service was resumed.

THE NEW UNDERSECRETARY OF LABOR

The new undersecretary of labor, Aurelio Quirino, brings to the labor department a deeply genuine sympathy with the aspirations and struggles of the common working man.

He has another advantage: that of a broad understanding of the whole realm of labor as it is making itself manifest not only in this country but throughout the world.

As executive officer and labor counsellor with the Philippine Consulate General in Honolulu, and then as consul in San Francisco, he had the opportunity to observe progressive labor relations and the problems attendant to militant labor leadership amidst communist machinations for control.

We believe the Department of Labor has been strengthened by his appointment.

RELEGATING ASIA TO A MINOR ROLE

Reprinted from THE STAR BULLETIN

Everywhere on this page today is an illuminating news story by the Associated Press, out of Washington.

It contains the comment of a veteran and an influential senator, the chairman of the foreign relations committee, Tom Connally, Mrs. Connally was taking William C. Foster the administration ECA plan.

He said: "You (meaning the ECA) want to take the money that is squeezed out of the taxpayers and go over there and support some of these wobbly countries . . ."

"You are chasing a problem out there when our main problem is in Europe."

This is another good illustration of the tendency to divide the world into definite zones of vulnerability. We don't mean vulnerability in the immediate "tactical" sense of openness to armed attack.

The persistent tendency of a great many Americans in public life is to put, and keep, Asia and the Pacific in a minor role of importance.

These people, including a number of congressmen, feel that Europe is vastly more a factor than in Asia. Yet it was in Asia that the "Korean incident" began, and that "incident" grown into a full-scale war, may yet touch off World War III.

Korea, Japan, Formosa, the Philippines, Indonesia, Indo-China Siam—all these are strategic points in the Asian sphere. In any one of these the Communists may create another "incident."

And if we dismiss Asia as of less concern than Europe, we naïvely invite the Communists to move in and take over. For we neglect the tasks to be done and opportunities offered in Asia to combat the Communists. So the Reds would gobble up all Asia.

Then the next step, from a communized Asia and the Philippines would be out into the Pacific and toward mainland United States. Sure, there are "wobbly countries" in Asia. So there are in Europe. Greece has been one of them. It has been saved from communism by friendly U. S. aid.

We agree with Senator Connally that we must not waste taxpayers' money on ECA aid—anywhere. But to waive off the needy Asian countries at whose borders the Communists already cluster would be as grave a blunder as to treat the wobbly countries of Europe on a grudging, grudging basis.

Freedom in this world is no divilish.

PHILIPPINE INDUSTRY PROGRESS ON FILM

Dr. Salvador Arana, administrator of economic coordination, announced that a movie feature on the progress of the Philippine industrialization program prepared under the auspices of the office of economic coordination is being shown in Manila theaters.

The film, entitled "Made in the Philippines," records actual scenes in local factories, mills and plants. It covers different phases of production in various industries: scum shoe, nail plywood, brilliantine, toothpaste, metal wafers, pencil, etc.

It depicts the determined efforts of both private and government enterprises to produce in the Philippines goods which the country has been important for the past decades. With a running time of 16 minutes, the movie presents glimpses into conditions of local shops and factories.

SUGAR CANE 15 FEET HIGH EXHIBITED

Samples of sugar cane about 15 feet high, which attracted the attention of President Quirino exhibition week in the Department of Agriculture in its booth in the department of agriculture building has varied exhibits among which are samples of fiber, oil, and spices; kenaf fiber, three meters long, used on production plants; ramie fiber and living plants; abaca fibers taken from different leaf sheaths; and pampas, that palm, straws and finished hats.

Also shown are samples of vanilla plant with pods and cured pods with crystals and data on production; black seeds, ground pepper, pepper vines, guava, pineapples and oil seeds; rice plant; distillation; lumbung nuts and oil; castor oil plant, nuts and oil; chaulimuga plant, fruits, and nuts good for leprosy; and different varieties of coffee and prepared coffees.

PROMPTER ACTION SEEN ON CAFES' CEILING

PRICE ADJUSTMENTS The prompter action on restaurant ceilings is indicated today by recent OPS action, according to Warren C. Johnson, territorial price stabilization director.

The territorial director has been granted authority to act on all applications for price action and adjustment in the "food cost per dollar of sales" formula used to determine restaurant ceiling prices.

"Such applications, made under section 13 of CPR 11, will be approved only in cases of extreme hardship," he said. Such adjustments can be made only where the base period food cost ratio is not representative of operations after the base period and before April 1.

"The mere fact that an operator has high food cost ratio in his base period will not be sufficient reason to justify an adjustment," Mr. Johnson explained.

"The operator must be able to prove to OPS's satisfaction that he is suffering undue hardship because of the base period food cost," he said.

PROMOTED TO RANK OF REAR ADMIRAL WASHINGTON — President Truman today nominated five naval officers for promotion to the temporary rank of rear admiral.

They are Leslie A. Kissinger, Bernard E. Manseau, Logan McKee, George A. Holderness, Jr., Seiden B. Spangler and Joseph N. Wenger.

MINDANAO: AN APPRAISAL AND PROPOSAL

My old impressions of Mindanao gave way to new ones as I revisited strategic points of the island recently with inspection party of Vice President Fernando Lopez, officials and technicians of the department of agriculture and natural resources and of bureau under that office.

The plantation of the Philippine Packing Corporation in Kidkiddin is a prime example of developing the natural resources of Mindanao by private enterprise.

With an investment of about \$4,000,000 this firm has planted on less than 5,000 hectares, pineapples and Bugo, Cagayan, some 24 kilometers from the plantation. By producing around 3,000,000 boxes of canned pineapple a year, Philippine Packing Corporation rates as the Philippines top individual dollar-earner.

The workers are provided with good quarters, light and water, and a hospital. Marsman Project: Adjoining the Davao penal colony and former Nafo abaca projects is a reservation of about 7,000 hectares. This was leased to a subsidiary of Marsman & Co. by the government through Nafo.

One of the aims of this reservation is to develop the natural resources of Mindanao by private enterprise. It is a reservation of about 7,000 hectares. This was leased to a subsidiary of Marsman & Co. by the government through Nafo.

In order to comply with the terms of the lease contract, Marsman concentrated on abaca production and overlooked the timber potential revenues. Conservative estimates based on operations of the penal colony show a recovery of 100 cubic meters of lumber per hectare of forest land opened up for cultivation.

1. By corporate enterprise properly backed by capital and technical organization along the pattern of the Philippine Packing Corporation. In consonance with our policy to attract capital to this under-developed country, this should not close the door to bonafide investors prepared to invest the necessary amount and bring the required technical know-how for the full and fast development of the Mindanao area.

2. Research work in agriculture should be undertaken under the direction of technical experts to be supplied by ECA. Thereafter, the Philippine government should provide funds to assure continuing of such service to insure farmers and settlers.

3. Establishment and creation of rural banks under private management, dedicated exclusively to financing agricultural operations.

WAR IS NOW DEAD CONGRESS REPORTS WASHINGTON — The recent price war on fair-traded merchandise has "all but died out," according to two congressional committees.

Furthermore, the committee reported, the price war had no lasting effect in driving prices down. All but a few of the stores which slashed prices have returned to the old levels, a survey showed.

The report was issued by the joint committee, both of which had looked into the price war's "possible adverse effect on small independent companies, unable to absorb losses."

MANILA IS PERMANENT WORLD HEALTH CENTER MANILA — An agreement under which Manila becomes the permanent site of the regional office of the World Health Organization was signed here Sunday.

Regional Director Dr. R. Pang and Philippines Public Health Secretary Juan C. Salcedo Jr. The office is being transferred here from Hongkong.

ALLEVIATING DUCK RAISING TRADE

Steps to revive the shortage of ducks in which the duck-raising industry depends were taken by the department of commerce and industry.

Saturino R. Mendimetro acting secretary of commerce recommended to Sotero Baluyut, secretary of public works and communications, that the dredging of the Laguna lake be undertaken bringing about the abundance of snails in lake waters where duck-raising is the main livelihood of the people.

People engaged in the industry had complained to the commerce department that the blockage of the flow of the San Mateo river and the lack of other outlets to the Laguna lake have caused a scarcity of snails which constitute the principal food of ducks. The effects of this scarcity were already shown by the poor quality of eggs being produced in the duck-raising towns.

Mendimetro pointed out in his recommendation that the duck-raising industry should be given every encouragement to prevent any serious shortage in the supply of poultry products, particularly eggs. The importation of ducks has been limited to quantities which, if not supplemented with local products, will not be enough to meet the local demand, it was added.

The commerce under secretary also pointed to the rapid progress of the industry not only in Rizal and Laguna lake towns but in Marikina, Calabarzon, Tarlac, Nueva Ecija and other provinces in Mindanao.

1. Opening of more roads for faster and cheaper transportation to the market. In this connection all main roads opened by Laseado should automatically be turned over to the national government for surfacing and maintenance (funds for which might be provided by ECA), in connection with the proposed new highway to prospecting the provinces in Mindanao.

2. Research work in agriculture should be undertaken under the direction of technical experts to be supplied by ECA. Thereafter, the Philippine government should provide funds to assure continuing of such service to insure farmers and settlers.

3. Establishment and creation of rural banks under private management, dedicated exclusively to financing agricultural operations.

WAR IS NOW DEAD CONGRESS REPORTS WASHINGTON — The recent price war on fair-traded merchandise has "all but died out," according to two congressional committees.

The report was issued by the joint committee, both of which had looked into the price war's "possible adverse effect on small independent companies, unable to absorb losses."

MANILA IS PERMANENT WORLD HEALTH CENTER MANILA — An agreement under which Manila becomes the permanent site of the regional office of the World Health Organization was signed here Sunday.

Regional Director Dr. R. Pang and Philippines Public Health Secretary Juan C. Salcedo Jr. The office is being transferred here from Hongkong.

FARM EXHIBITS ARE DRAWING CROWDS

Vice-President Fernando Lopez announced the opening of the agricultural exposition in the department of agriculture and industry. The exhibits were ready by the opening and over 35,000 persons have attended to day the exhibits are drawing more people every day.

Among the prominent visitors have been the President, Antonio Gullon Gomez, Spanish ambassador, former secretary of agriculture and natural resources Vicente Singson Encarnacion and his family, former secretary of education Manuel Gallego, former undersecretary of agriculture and natural resources Victor Biazcanino, ex-nayor Valeriano Fugoso, and supervisors, Biazcanino, teachers and principals. Big delegations from the Women's University, Sta. Theresa College, St. Paul's College, Rodriguez Vocational School, FEATI School of Business, and other schools visited the booth Saturday.

Singson Encarnacion commended the officials of the department of agriculture and natural resources for the excellent resources for the splendid show in the exposition and expressions of his former department of agriculture and natural resources.

SURIGAO CONSOLIDATED Mining company produces 9,427 tons valued at P. 242,298 during June. This compares with the gold mining company's 9,248 tons worth P. 244,900 produced during the preceding month.

U. S. MAY SEND 2 MEDIATORS ON PINE STRIKE SAN FRANCISCO — The federal mediation service may send two of its mediators to Honolulu to try to break the deadlock in the Hawaiian pineapple strike.

ARTHUR C. VIAT, crack labor trouble shooter and director of the federal mediation service's San Francisco office, was picked for the job earlier today by Howard Durham, chief of the federal mediation service's San Francisco office.

Durham later said George Hiltenbrand, who successfully mediated a longshore strike in Hawaii in 1949, might accompany Viat.

P. I. UNCOVERS HIT-RUN RAIDS MANILA — The Philippine army reported it had uncovered guerrillas for a series of "hit run" raids aimed at disrupting the island's economy.

An army unit which raided a guerrilla command post in Nueva Ecija province of central Luzon reported finding a copy of and order from Luis Taruc, Huk leader, outlining the plan.

The guerrilla squads were to be directed against farmers and were intended to prevent large-scale planting of rice, the army said.

Intelligence reports indicated the main body of Huks was forced behind the Sierrita ridge spring and southeast of Manila last spring after larger army units were assigned to the central plains area.

The success of the army campaign in forcing the Huks into the mountains encouraged many farmers to return to hard-to-reach areas in the central provinces.

The planned increase in rice planting, aided by fertilizer bought with American ECA funds, was expected to ease the Philippines' financial position making food imports unnecessary.

22 OAHU FILIPINOS TO LEAVE TOMORROW FOR WORK UNDER CONTRACT IN CALIFORNIA

Twenty two Filipinos are scheduled to leave tomorrow for work under contract in California vineyard, E. B. Peterson, territorial labor director, said today. The workers were recruited on Oahu recently by L. R. Hamilton, a grape grower in Reedley, Calif.

Mr. Peterson said transportation has been obtained from the U.S. immigration service. The workers will be paid a minimum of \$70 a month and \$50 each for the rest has been furnished as required by the immigration service. 85 CENTS MINIMUM

Under contracts approved by government agencies involved, the workers will be paid a minimum of 85 cents an hour, described as the prevailing rate in the area.

Mr. Hamilton recruited through arrangements with the California state employment service, federal employment security bureau and the Hawaii employment service office.

This group is the first recruited here under government authority. Whether more will be hired by the least states is not indicated, Mr. Peterson said. Large job orders anticipated several months ago have not materialized so far.

Mr. Peterson said a conservative estimate is that about 3,000 persons with agricultural background are unemployed in the territory now.

CHINA REDS CLAIM ATTACK ON MANCHURIA TOKYO. — The Chinese Communist Peiping radio said early today that eight United States jet planes "invaded" Manchuria territory last Saturday and that seven of them were shot down by Chinese air forces.

Peiping made its broadcast only a few hours before the scheduled resumption of cease fire talks in Korea.

According to the Red radio, the announcement of the "invasion" was made by Wang Chia-hsing, vice minister for foreign affairs in the Chinese Communist government.

DEEP PENETRATION Mr. Wang was quoted as saying that the jets "penetrated deeply" into Manchuria at 8:29 a.m. Saturday, flew toward Mukden and then toward the Lioyang area.

"Our air units immediately engaged the enemy and shot down seven out of the invading planes and forced the other plane to flee," Peiping said.

HIGH COST OF MEAT AFFECTS BLOOD BANK PASADENA, Calif. — The high cost of meat is causing bad blood bank.

Doctors noted yesterday that there were 53 rejects in obtaining 239 pints of blood. A year ago, the medical said, the radio was about 30 rejects.

They believe the reason is that the high price of meat is causing housewives to prepare more and more meatless meals. Roasts, steaks and the like are a rich source of protein and good blood, the doctors said.

AIRPORT NOTES HIGH TEMPERATURE OF YEAR Honolulu airport had its highest temperature of the year yesterday when thermometers recorded a maximum of 87 degrees. Maui reported a high of 97 degrees better, reporting a high of 97 degrees for the 23 hours ending at 8 this morning.

Plymouth advertisement featuring an illustration of a car and a driver, with text: 'There's new motoring pleasure waiting for you at the wheel of the new Plymouth... Safety-Flow Ride' and 'Takes the BOUNCE out of Bumps'.

# SOCIAL NEWS-NOTES

Arthur J. Goby, business specialist for the Hawaii Office of Price Stabilization, has resigned from the price agency to make his home on the mainland. His resignation is effective today.

Mr. Goby, with his family, will leave Honolulu Monday, August 6, for San Francisco. A veteran employee of American Factors, Ltd., Mr. Goby was employed in the San Francisco office for 18 years before being transferred to the Honolulu office in December, 1941.

He resigned from the Kansas firm in May and accepted a temporary appointment with Hawaii OPS.

Although he has no definite plans, Mr. Goby hopes to settle in the Bay area.

He will be accompanied by his wife, their daughter, Camilla, and their two sons, Arthur Jr. and Lincoln. The latter is a Punahou student.

**ALLAN R. KING JOINS VAN'S FURNITURE MART**

Allen R. King has returned to Honolulu as general manager of Van's Furniture Mart, 732 S. Beretania St.

Mr. King is well known in Hawaii, having arrived in the islands with the army in 1942. He served with the army exchange service as a lieutenant colonel. In 1946 he assumed the management of Kapoliani Furniture, a division of Electrical Distributors, Ltd.

Mr. King has been in the furniture business for many years as buyer and manager of furniture departments with large mainland department stores, such as Gimbel Brothers of Philadelphia and Lantry's of Washington, D. C.

He is a member of Honolulu Consistory and Aloha Temple.

**STANDPATT MEET ON THURSDAY**

The standpatt Oahu county committee will hold its regular monthly meeting Thursday night at 8:30 in Central Intermediate school auditorium, Jack Burns is chairman, said Monday.

He added that nothing in particular is on the agenda "but I've heard alot of rumors" as to what might happen at the session.

**AT THE LAST MEET** a composite faction of right wingers and snappers put John K. Akai Jr., a right wing Democrat, in as secretary and runner of the same group will attempt to upset Mr. Burns at Thursdays meeting.

**SANCES THE COMMITTEE** carries the names of county delegates elected by all precincts of the Democratic party on its rolls, both standpatt and walkout members legally can attend. That's what happened at the last meeting.

**GREER GARSON SAILS FOR HOME SADJENED AT LEAVING ISLANDS**

Although there were tears in her eyes and warm farewells for all, including the large crowd on the dock, Myra Greer Garson wasn't acting when she left aboard the Lusitane yesterday.

The red haired Academy Award winner said: "I wish I could tell you how much I love it here. It's like nothing else in the world. The people—and I mean all of them—are the friendliest I have ever met."

"Even the tourists catch the spirit of the thing and become friendly."

Miss Garson's husband Texas oilman E. E. (Buddy) Fogelson and her mother, Mrs. Nina Carson, left with her.

Also bound for San Francisco aboard the ship are Queen Mother Nazif of Egypt and her daughter, Princess Pathia, and Pathia's husband, Rial Gharib.

"My heart aches," the queen mother said. "It is such a lovely place. I want to come back soon."

**IMPROVTOPI HULA**

Miss Carson dashed off an impromptu hula for the 150 hula members before the ship sailed

## ESTER CABULONG BRIDE TO BE

Mr. and Mrs. Quintin Cabulong of 1615 - A 10th Ave. have announced the engagement of their daughter, Ester Carmen. She will be wed to Pete A. Buenaventura, the son of Mr. and Mrs. Zoila Buenaventura of Ceiba City, P. I.

Miss Cabulong attended the University of Hawaii and Phillips Commercial school, where she joined Eta Lambda chapter of Alpha women's sorority.

Mr. Buenaventura was graduated from the University of Manila.

The wedding is planned for the month of November.

TITO CEZAR AND GINGER RICH DANCING AT HOME

**ADMINISTRATION WELL VERSED** in top government procedure, Dr. Peale said most of the men in Washington today have begun to deteriorate morally.

"Harding and the men who surrounded him have gone down in history as an administration lacking morals," he said, "but they were Sunday school teachers compared with the present administration. At least Harding believed in the American system and never sold it out."

**REP. YAMAUCHI MARRIED IN HILO** (By Radio) - Rep. Joe T. Yamauchi, married Kay (Usagawa) in ceremonies proclaimed by the Rev. Masao Yamada Saturday at the Church of the Holy Cross.

Rep. Yamauchi a public accountant and tax second term as Republican representative from East Hawaii. The bride is a vocational homemaking teacher at Hilo intermediate school.

Both attended Hilo elementary and high schools. Rep. Yamauchi was graduated from the University of California at Berkeley with a B. S. degree in business administration and accounting.

**WAR VETERAN** A veteran of World War II, he is a member of the American Legion veterans committee, the 100th club, American Legion and the AJA council.

A graduate of the University of Hawaii, the bride is the daughter of Mrs. Junkichi Usagawa of Hilo and the late Mr. Usagawa. Rep. Yamauchi is the son of the late Mr. and Mrs. Giichi Yamauchi.

Y. Yamauchi served as best man for his brother, Miss Minnie Kawahara was maid of honor at the formal wedding.

## THE DRAPEES GET VOLUNTEER DEADLINE

Lt. Col. William Boyen, in charge of the local selection service office announced yesterday that according to word from Washington men called up for a physical may continue to volunteer for branch of the service of their own choosing until August 31.

A temporary decision permitting this was to expire by day. All local boards and recruiting offices have been so advised, Col. Boyen said.

## ELEANOR BILLIAMOSA MARRIED IN ASIA

St. Elizabeth's church in Aiea gave setting for the marriage of Miss Eleanor Billiamosa to John P. Toledo Jr. at 8 a.m. July 21. The Rev. Cyril Eirik officiated.

The bride is the daughter of Mrs. Theresa Billiamosa of Aiea. The bridegroom is the son of Mrs. Moses Bonilla and the late John J. Toledo of Honolulu.

**THE BRIDE'S GOWN** was of white satin trimmed in lace and detailed with orange blossoms at the sweetheart neckline. Her net veil was trimmed to matching lace and caught to a crown of orange blossoms.

Mrs. Mary Ganancial was the matron of honor. The bridesmaids were the Misses Faye Bernadette Ida Togadi, Shirley Billiamosa and Fely Lebaga. All were gown-d in pastel frocks of taffeta over organdy and carry white carnation leis.

Janet Callejo and Geraldine Nanod were the flower girls. Donald Carter was the ring bearer.

**SERILLO AGBANGLOO**, was the best man assisted by ushers Robert Toledo, Peter Oesler, Rudy Inabao and Danny Labaya.

A reception at Forester's hall followed the ceremony. After a luncheon on Maui the couple will live in Aiea.

Mr. Yamauchi was graduated from Farrington high school. The bridegroom attended schools on Maui and the American school in Chicago, Ill.

**DOUGLAS BETTER THUN TRUMAN**

CHICAGO. — Sen. Paul H. Douglas said today that he's better equipped to pick good federal judges for northern Illinois than President Truman.

BUT HE DENIED again that he is "leading" with the president over two vacancies on the federal bench.

Mr. Truman has passed over two of Douglas's nominations for two Illinois vacancies and two bar groups are conducting polls to obtain opinions on whose choice is the best.

**RUBBER SHOE HEAD TAKES ON INDUSTRY**

Investors will be given greater and wider opportunities to open new fields with the latest techniques being used in the large-scale operation of the rubber shoe industry, declared Carlos Geromino, president of El Porvenir Rubber Products, Inc.

In a radio interview with Dionisio K. Yorro, secretary of the Public Relations Association of the Philippines, Geromino said the total investment of the four projects at normal production rate is in the country approximately P. 4,000,000 as compared with P. 300,000.

**THE EINO** head reported that the total daily output of rubber shoes at normal production rate is as high as 16,000 pairs. The products today are far superior in quality than that of 1935, he added.

He does not see a bright future for the rubber shoe industry in the Philippines until the businessmen unite and work hard for a common end—toward the immediate rehabilitation of the Philippines.

**SAIBACK HASKING OF SEN. MCKELLAR** — Senator Kenneth McKellar, chairman of the powerful senate appropriations committee, indicated today he may go to bat for former Governor Ingram M. Stainback's opponent to the Hawaii supreme court.

McKellar told the United Press Stainback tomorrow to decide he will probably confer with what to do.

**THINK GOVERNOR STAINBACK** should be confirmed for this justiceship," the Tennesseean declared. "I don't see why there should be any opposition."

McKellar is fond of Stainback a man "from my own home. He has the power to be very helpful in Stainback's fight for confirmation."

THE SENATE judiciary committee, headed by Nevada's Pat McCarran, has been sitting on the Stainback nomination since April. Although a move apparently is on to get a quick confirmation, committee aides say there has been no hearing in plans for holding a hearing in Hawaii first.

By Genevieve Romo Editor

Miss Esmenta Yadao has been appointed a Hawaiian Airline's sales representative on the Island of Kauai, Joh nS. Pugh, general traffic manager of the airline has announced.

Daughter of Mr. and Mrs. Apolunario I. Yadao of Kilauea, Kauai, Miss Yadao attended Kilauea grammar school, Kilauea High School and Honolulu business college.

Miss Yadao is a member of the Kauai Filipino civic association, Kauai Filipino Catholic club, Kauai Catholic Club, and the Kauai Filipino club for the prevention of juvenile delinquency.

She has served with the department of public instruction on Kauai and more recently as secretary to the chairman of the Kauai board of supervisors.

Miss Yadao is a tennis enthusiast and her hobbies are stamp and coin collecting.

**MRS. JOHN DOLEDRO JR. MANILA JAYCEES TO HOLD MEETING**

The next general meeting of the Manila Junior Chamber of Commerce will be tomorrow at the New Selecta, Dewey Boulevard at 12:30 p.m.

This will be a business meeting and will serve as a valedictory for the outgoing board of director. Reports will be rendered by the outgoing officers to be headed by Alberto M. Meer.

Jaycees who arrived last week from the sixth Jaycee world congress in Montreal—Ramon V. Gonzales, Alberto M. Meer and Vicente B. Fernandez—will be honored at the affair.

40 WITNESSES WILL BE CALLED IN LLANOS TRIAL
Howard H. Hodick, acting U. S. attorney, and Frank E. Kenamer, San Francisco attorney for the security exchange commission, left yesterday for Kauai where they will interview witnesses expected to testify in the trial of Alejandro D. Llanos, 38, and eight others charged in a \$1,500,000 swindle case.

The government expects to call about 40 witnesses in an effort to prove that Llanos, his wife and their "gang" conspired to swindle Filipinos in Hawaii in a large scale fraudulent investment scheme.

The trial will go before Federal Judge Deibert E. Metzger August 20. Witnesses will include the victims of the alleged swindle, residents of Oahu, Maui, Hawaii and Kauai. The government officials expect the trial to last about six weeks.

According to the charges brought by the government the Llanos group in obtaining money from the alleged victims violated the federal securities act and mail fraud laws in the period between 1946 and 1951.

Charged with Llanos as alleged co-conspirators are Mrs. Salome Y. Llanos, Honorice A. Andrada, Antonio L. Bacilio, Dionicio Flores, Aquilino S. Galiza, Rogelio Adycayan, Giuseppe G. Rodriguez, and Anastasio L. Pailox.

After the interviews on Kauai Mr. Hodick and Mr. Kenamer plan to conduct similar interviews on Hawaii and Maui. They will return to Honolulu the end of the next week.

OPS HEAD

Stanley Davis, territorial price executive for the Hawaii Office of Price Stabilization, leaves today for a three day series of conferences with Kauai businessmen.

While on the Garden Island, Mr. Davis will confer with both organizations and individual businessmen. Friday night, he will address the Retail Board of the Kauai Chamber of Commerce at Hanalei on the general price stabilization program. Tentative plans also are being made for Mr. Davis to meet with Kauai Rotarians at noon Friday.

The OPS price executive will have with him the new regulation affecting soft drink bottles and will discuss it with Garden Island bottlers. In addition, Mr. Davis hopes to call on individual businessmen to discuss their price control problems.

CONSOLIDATED MINES

Consolidated Mines, made a production of 25,750 tons worth P. 618,000 during June, compared with 17,800 tons valued at P. 427,200 in the previous month.

MARSHALL SAYS 'FRONT LINE' PACIFIC ARMY GROWING
WASHINGTON — Defense Secretary George C. Marshall said today that Gen. Dwight D. Eisenhower's Atlantic pact army is gaining "real momentum" and will total 2,840,000 fighting men including 240,000 Americans, by the end of next year.

Marshall said the ready force plus trained reserves would give Eisenhower a potential army of 5,000,000 men within 90 days after total mobilization is ordered.

But he warned the senate foreign relations committee that Eisenhower's timetable will be wrecked unless congress approves the full \$8,500,000,000 which President Truman has asked for military and economic aid.

If congress tried to economize by spreading the program over two years as some lawmakers have proposed, it will cost Eisenhower 14 divisions of badly-needed troops, Marshall said.

Under questioning by the committee, Marshall said reluctantly that it would be better to cut defense spending for the armed forces than to reduce arms shipments to allies on the "front line" in Western Europe. But he said he was distressed to hear congress even thinking of cutting either form of defense spending.

The 71 year old soldier-statesman then lectured the lawmakers in cold, angry terms for considering a let-down in the defense effort just because there is a chance of a truce in Korea. Asserting that Korea is only an "incident" in the life of death global struggle with communism, Marshall said "it is unthinkable... it is tragic and humiliating that American determination to remain could be shaken by a single Russian peace overture." Marshall was optimistic about the outlook for erecting strong European defenses if the present arms aid program is continued full-blast.

MAN INJURED IN CAR CRASH DIES

Police yesterday questioned Walter Nihipali, 23-year-old city and county garbage collector, in connection with a traffic accident June 24 in which a passenger of the car he was driving suffered injuries from which he died Wednesday at Tripler hospital.

THE VICTIM, Charles Bridges Kaahu, 23-year-old World War II veteran living at Hauuli, reportedly suffered a fractured skull at the time of the accident, which happened on Kaneohe highway in Late-Maalo district at about 1:50 a.m. The driving following the accident.

YOUTH, SHOT BY POLICE, AMONG SEVEN INDICTED

Clifford S. Y. Kauwe, 19, of 1915-A Wahiawa Ave., who was shot in the leg by a policeman June 22 while allegedly attempting to escape from custody, was indicted yesterday on a charge of burglary in the first degree. Kauwe was one of eight persons accused of crimes in seven indictments returned by the Territorial grand jury.

THE YOUTH was apprehended leaving a coffee shop on California Ave., morning of June 22, by Officers Michael Chun and Raymond Lee. Stopped for questioning, he broke and ran. They brought him down with a pistol slug in the leg.

Kauwe, a former football player at Iolani school, is charged with stealing candy and cigars from the store.

TWO MEN WERE indicted on charges of first degree larceny in connection with the theft of \$145 from a delicatessen store at 305 N. Vineyard St., June 20. Accused are John S. K. Kang, 25, of 1380 Pahala lane, and Harold W. Kamekona, 21, of 1308 Lusitana St.

An indictment charging both burglary and larceny was returned against Emery P. Atkins, 22 of 1727-A Kaunauli St.

The youth is accused of breaking into a hotel room at 12 N. King St., June 3, and stealing \$30 from the wallet of the occupant, Robert J. Kennedy, 20, a seaman attached to the receiving station, Pearl Harbor.

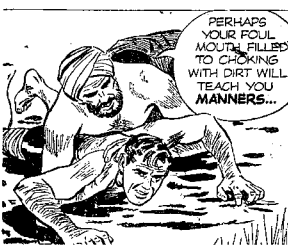

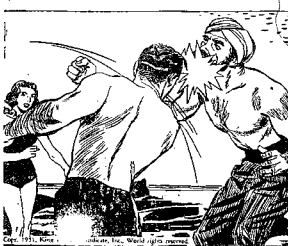

OTHER INDICTMENTS

Edward Kaupa, 19, of Nanaulu on charges of burglary in the second degree. Siriraco Flores, 39 of 1653-A Kam IV Rd., and Herbert H. Kaleleiki, 22 of 919 Factory St., on sex charges involving girls under 16, and Herman K. W. Law, 19, of 2818 Kaneali St., for alleged auto theft.

Sgt. William Huch said Nihipali was driving his vehicle in a Kahuku direction of Kam highway when the car failed to make a curve in the road, struck a pole there, and overturned. The victim was confined to Queen's hospital following the accident, and later transferred to Tripler.

SGT. HUCH yesterday would not commit himself on whether the driver faced criminal charges in connection with the victim's death.

BIG BEN BOLT

CAMINOS APPEAL DENIED BY 9TH CIRCUIT COURT
The ninth circuit court of appeals in San Francisco has denied the appeal of former police captain Clarence C. Caminos, only officer convicted in Honolulu's 1947 police graft trials. Mr. Caminos, under sentence of \$5,000 fine and 10 years in jail said today he will have to talk to his attorney, Oliver P. Soares, about the possibility of a further appeal to the U.S. supreme court. Mr. Soares, who went to San Francisco for the appeal hearing, won't be back until tomorrow. Its decision denying the appeal the U.S. court noted: "We have examined the points raised by the appellant and find in none of them anything involving the constitution, laws or treaties of the United States. There is no showing whatever of the absence of due process." The court noted that Hawaii attorneys had been advised in the past of the limited grounds on which criminal cases can be ap-

pealed from the territorial supreme court and dismissed one of the arguments raised as "patently frivolous." Mr. Caminos, former captain of the police vice squad, was convicted May 26, 1947, on two charges of receiving bribes, the only person convicted out of 26 indicted in the police investigation. Public Prosecutor Allen R. Hawkins was called to San Francisco to answer questions of the court in the appeal case.
