WASTE IN COAL CARGOES.
 For many years there has been in vogue at Newcastle, New South Wales, a custom of taking certain percentages from the gross weight of coal cargoes and giving bills of lading for the net quantity only. The idea was to allow for the wastage which it was thought took place in various ways between the time of weighing the mineral on the Government weighbridges and its delivery to the consignee at the port of destination. During the past eight or ten years, the practice has been to deduct in this way 2 per cent from the gross weight of foreign exportations and 1 per cent from those intended for intercolonial markets. In case of, say, a 6,000 ton cargo bound for a foreign port, there is therefore a deduction of 120 tons, and not only do colliery proprietors lose payment for this quantity of coal, but the shipowners likewise lose the freight upon it.

Complaints on this score have been made within the past twelve months, and it has been decided by the colliery proprietors that from January 1st the reduction for wastage in foreign cargoes will be reduced to 1 per cent, while no allowance whatever will be made in the case of intercolonial shipments.

COAST SHIPPING.
 SAN FRANCISCO, November 22.—The barkentine Archer, Calhoun, sailed for Honolulu yesterday, and the schooner Metha Nelson, Christiansen for Kahului today. The ship Charmer, from Chamaiaus for Kahului was in the bay at Port Townsend yesterday. The barkentine Skagit sailed from Port Ludlow for Hilo today. The schooner Honolulu sailed from Newcastle for Kahului November 12. The Alameda arrived at Auckland November 29. The Doric arrived here November 21, 5 days and 21 hours from Honolulu. The transport Aztec, Trask, cleared for Manila, via Honolulu, yesterday and is expected to sail today. She will carry 400 horses and supplies for the army.

SIERRA.
 SAN FRANCISCO November 22.—Forty-one days have already been occupied by the new steamer Sierra on the trip from New York, and officials of the Oceanic Company expect the vessel to put in an appearance today. If they are not disappointed the Sierra will have beaten the best previous time from New York by four days. Seventeen years ago the steamer Alameda, then new, made the trip in forty-five days and it has never since been equalled.

THE PHILADELPHIA.
 SAN FRANCISCO, November 21.—The cruiser Philadelphia is expected to arrive tomorrow morning from San Diego, having sailed from that port yesterday. According to information given out by some of the officers, the Philadelphia will take a detachment from Mare Island for the battleship Iowa, now lying off Coronado, and proceed south as far as Valparaiso for her periodical cruise.

SUGAR STOCKS.
 SAN FRANCISCO, November 22.—This morning's market showed sugar stock steady, with Hana at 8, Hawaiian at 8 1/2, Honokaa at 31, Makaweli at 42, Paahau at 31 1/2.

THE EMPRESS WAR DECREE.
 LONDON, Nov. 22.—The Shanghai correspondent of the Morning Post referring to the rumored decree of the Empress Dowager, warning governors and viceroys to prepare for war against the allies, says he believes it refers to the provinces of Shansi and Ho Nan alone, as the Chinese fear that the allies intend to invade them.

"Good-bye Papa."

There were few dry eyes in the court room when the commission returned their verdict of "insanity," and the unfortunate man seemed to realize the gravity of his situation as the heartbroken wife bade him farewell. As the officers started to lead him from the room his little daughter came to him and reaching up put her chubby arms around his neck. Between her convulsive sobs came the pathetic words, "good-bye, papa, I guess I'll never see you anymore."

The mental breakdown which settled as a pall over this once happy family, came after years of concentrated nervous strain and overwork had sapped the brain and nerves of their vitality. How different might have been the ending had that fond father known what Mr. George H. Howard, of Marshall, Ill., knows today. Mr. Howard says: "The first trouble I noticed was inability to sleep followed by general weakness, which continued until I had to be taken to and from my store in a carriage. Finally I had to give up and for five months was confined to the house with an attendant night and day. For seventeen days and nights I never closed my eyes in sleep. I was taken to a private asylum but in a few days they brought me back again to die. A friend brought me a bottle of Dr. Miles' Nerve and Persuade me to try it. After taking one-half the contents I began to get some sleep, and when I had used three bottles I was able to return to my store. Had I taken the nerve in the first place I would have been spared months of agonizing torture and an expense of nearly \$2,000."

Dr. Miles' Nerve is sold at all druggists on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

MOVE FOR CITY CHARTER

PARTIES VIEWING WITH EACH OTHER IN MATTER.

Republicans Follow Independents With a Resolution—Proposals of Democrats—May be Joint Action.

"It is the sense of this conference that the executive committee of the Republican party of Hawaii appoint a committee of thirty members from among the representative citizens of this city, none of whom shall be a member of the Legislature, and that they form a charter for the city of Honolulu to be submitted to the Legislature as a Republican measure."

The above resolution was framed and accepted by a number of prominent Republicans at a meeting held Wednesday evening. It has been referred to the executive committee of the party for final approval and will doubtless be acted upon before the week is out. Most of the men present at the preliminary conference are members-elect of the Legislature.

The idea of the Republicans is to frame a charter so perfect in its every detail as to be beyond criticism by the Legislature and a lasting monument to the party in these islands. They believe this can be done. All branches of business and life would be represented in the committee of thirty so that the charter would be made equally advantageous to all classes.

The Independents had already proposed a joint charter committee of twelve of their own party, twelve Republicans and six Democrats, making thirty in all. Chairman McCarthy, of the Democratic central committee, was at first disposed to accept this proposal, but the action of the Republicans has delayed action. Among the leaders of the Democrats there is a disposition to form a joint committee of fifteen men each, or thirty in all, to draft a charter, and the following are suggested as members of the Independent committee: J. O. Carter, Prince David Kawanakoa, S. M. Damon, Paul Iseberg, John Wise, Abraham Fernandez, E. C. Macfarlane, E. B. McClanahan, A. A. Wilder, J. M. Camara, John E. Rugh, John A. Cummings, J. A. Oso, C. W. Booth and Frank Harvey.

If all the charter plans carry it is not unlikely that the Legislature will have quite an assortment from which to pick.

DIED A RECLUSE.

Jonathan Spooner Found Dead Sitting in His Chair.

Jonathan Spooner was found dead in a chair on a veranda at Kalihi Way, yesterday afternoon. Life had been extinct so long that it was impossible to hold an autopsy. The coroner's jury secured the opinion of physicians and a few witnesses, letting the matter go at that. A verdict was returned yesterday morning that the deceased had come to his death about November 20 of natural causes. This was as near as it was possible to reach the facts. The remains were buried in Makiki cemetery.

The respondent here the reputation of being an eccentric character. He lived the life of a hermit, and not tolerating company explains why his dead body was not sooner found. He left one daughter, Mrs. William Rice, wife of the stock man in the store of the Hawaiian Wine Company.

Mr. Spooner at one time owned considerable property. Only a few years ago he brought suit in the Circuit court to recover a piece of land in Kalihi which he valued at \$25,000. The respondent was the Bishop Estate, by whom Spooner claimed he had been beaten. He was his own lawyer and drew his own papers. The original bill, which was in no sense in legal form, presented a trade against the rich for oppressing the poor, etc.

The Bishop Estate won the case, proving payment and release. After that Mr. Spooner decided his property to his daughter, Mrs. Rice, on condition that she pay him \$5 a week the balance of his life. Cecil Brown was made trustee of the money and up to the middle of this month the old man had called regularly for it.

A GOOD THING. There's one good thing when they feel dry. That business men cannot pass by. For far and wide it's fame you hear. They stop to drink of "Rainier" beer On draught or in little at Criterion.

FRIDAY, NOVEMBER 30, 1900

WARE FRISCO.

Dr. Kinyoun's report upon plague in San Francisco is certainly a startling one. The disease seems to have taken solid hold of Chinatown and the doctor's belief is that the area of infection is growing. Moreover, Dr. Kinyoun believes that with the return of laborers from the vineyards and the salmon packing, upon which industries many thousands are employed, the number of cases will increase. The returning men live under the worst hygienic conditions, they gorge themselves with oriental foods, to which we, in Hawaii, traced cases of plague, and they will prove a fertile field for the disease to get in its deadly work.

San Francisco, in spite of scientific demonstration, has insisted that no plague cases have ever been within its borders. The storm of abuse which was cast upon the Board of Health, made the members reef their topails. Firm men who believed in their own integrity would have held to the position or resigned. The members of the San Francisco Board of Health, however, held on to their places, their position with regard to Bubonic plague they retired from, and resignation was not in their program.

It now remains to be seen what the results of this line of action may be. As a rule plague in cities of the temperate zone is not now very virulent. It is only virulent under filth conditions. Cities of the temperate zone, as a rule have excellent hygienic conditions. But the Chinatown of San Francisco is thoroughly unhygienic. It is one festering mass of filth. Plague, which has up to the present, been only playing with its victims, in Chinatown, may burst forth with the utmost virulence. If it does, San Francisco will suffer to the tune of millions upon millions of dollars. The few hundred thousand, required to kill the plague in its insipience, will look but a bagatelle if plague begins to rage and the city has to be isolated from the rest of the State.

The work in Honolulu has often been criticized, the expense incurred is still a bone of contention, but at least we have this to our credit. We stamped out the plague. With care, and by keeping our city clean, we can keep the plague out. The policy of San Francisco is to have plague always on hand. Our duty is clear we must look with great caution at everything that comes from San Francisco. We have two enemies in the city of the Golden Gate, plague and leprosy, and they are two very grim specters indeed.

MANY DIFFICULTIES.

The developments in the Chinese question are worse than they were reported on November 20. It is now well understood that the Empress-Dowager by no means realizes the determination of the powers to enforce their demands at every sacrifice. She is after all playing the old Chinese game. She will promise anything without the slightest idea of performing what she promises. History after all repeats itself. The attitude of the Chinese towards the European powers at the present time, is very much the attitude of the Christian nations of Europe towards the Saracens. It was a tenet of religion in the middle ages that no faith need be kept with an unbeliever, and the breaking of faith led to the practical annihilation of the Christian hosts at the battle of Narna.

Now the thing is what are the powers going to do. They may make up their minds that unless they can bring a great deal more pressure upon the Chinese governing powers, that they can never get the princes properly punished. If such punishment is to be meted out, the German government is correct in asking for it as a preliminary to peace negotiations. It is certainly not the intention of the Empress to carry any such decree out. That these ruffian princes should be punished is undoubtedly just, but whether they ever will be punished unless they fall into the hands of some of the European troops is problematical.

Then comes the question of indemnity. The sum to be demanded is enormous, and if grows from day to day while the armies remain in the field, for the daily expense of the armies is duly charged up against the Chinese. Then there are the actual losses through the destruction of American and European property. How is this all going to be paid? Something will have to be sold or pledged.

This of course means the partition of a portion of China. If China cannot pay she must give an equivalent. This equivalent will be in Coast line and sea ports, with probably some of the riverine basins. And here comes the difficulty to our own country. It is against our policy to take land in China. We want Chinese trade, we do not want Chinese land. But how else are we going to have our bill paid?

How are we to reimburse the many American subjects for the property losses they have sustained?

The present phase of the Chinese question is a very serious one for the United States. From a commercial point of view the United States has immense and growing interests in the Far East. If our country is forced into the background in the negotiations the loss in commerce and manufactures will be immense. The other commercial nations of the world are intensely jealous of us, and several of them would gladly shut the Chinese door in our faces by prohibitive tariffs. It will need the nicest diplomatic care for us to steer our well-freighted ship through shoals and quick sands, which lie before. We want to avoid conflict, but we want to protect our rights. Our bearing in the Chinese question, up to the present, has been admirable, and we can all hope that like skill and forbearance will lead us to the position which we now wish to occupy.

ART PULSATIONS.

It is always a matter of pride that Honolulu can show as excellent an art display as it does in the Kiohaha Art League. When we consider the isolation of the Territory, two thousand miles from the nearest art work, and that by no means an art center, and the immense distance it is from true art centers, it is really wonderful how the pulsations from those are felt upon these little dots in the Pacific.

But a large section of our population is migratory. Just as the plover and the northwest duck annually wing their way from the frozen north and bask in the sunshine of our Southern Isles, guided by a god-given sense which is the puzzle of the naturalist and the philosopher, so do numbers of our population take wing yearly in the early spring and visit the great centers of the world, returning in the fall with a wealth of ideas which pass from mind to mind, and help to keep the intellectual life invigorated. To the Islander a journey of eight or ten thousand miles is of less account than a journey of twenty or thirty miles to the farmer in the interior of the mainland.

It is thus our intellectual life is always kept fresh and that we are able to appreciate the artistic efforts of those amongst us who strive for the higher aspirations, who would lead the minds of their fellows from the groveling but necessary work of money getting into the purer atmosphere of the ideal and the beautiful, which Bulwer said were one.

Again it is fortunate that our artistic circle is not composed of Amateurs entirely. Amateur art, without proper stimulus from professional art, always sinks to below mediocrity. To be a true artist a man or a woman must devote time and life to study after an unrealizable ideal. The world says of a work "it is perfect," the artist says "it does not realize my ideal," and it is never realized. He who realizes his ideal is on the downward track. With careful studying professional artists and with many brilliant amateurs, Honolulu in its Kiohaha meetings assemble an amount of interesting and fascinating material which would be a credit to many a city twice its size.

The radical wing in the Reichstag, is attacking the Kaiser's policy in China, and objecting to the sending of troops before calling that body together and asking its advice. The Emperor always has his own way so it matters very little what the radicals may say. It serves to blow off steam and does not alter the Imperial policy one iota.

Coroner's inquests are again to the fore. There have been four within a week. The investigation into the Iosepa case revealed a peculiarly horrible condition of affairs. While the head of the household was dying and actually died from the effects of jag on swipes, the rest of the family were carrying on a disgraceful debauch upon the same villainous compound in the room where dissolution was taking place.

The Star in criticizing the management of the Leper Settlement drew its inspiration from the report of the Board of Health as published in its last meeting. The Star made no charges, but alluded to rumors current in the city and suggested that an investigation as to their accuracy should be made when the Legislature met. This is the only body competent to make such an investigation. Mr. Reynolds seems to have been looking round for a suit of clothes and to have put them on. As to the fit The Star has nothing to say, that is Mr. Reynolds' own business. The Star is quite satisfied to await the investigation by the Legislative committee, and trusts that the rumors will be dissipated like mist before the morning sun.

If laborers come here now they come as immigrants not as contract laborers. No government has anything to do with their coming. There can now be no lobbying with Portuguese, Italian or German governments, to allow laborers to come here. If they come they come of their own free will, and if the planters like to employ them well and good. A man may say "I can get you a certain class of laborers," but it is purely a verbal promise. Neither he nor the laborers can be held in the matter. The quicker we begin to understand this the better. The light in which the last effort to get Italian laborers for this country was regarded, in Washington showed the view taken under the old conditions. Present conditions are entirely different.

MANY KILLED IN STORM

DESTRUCTIVE TORNADO SWEEPS THE STATES.

May Have Been the Same Storm that Swept the Islands Earlier in the Month—The Killed.

Apparently the same storm that raged over these islands during the first half of November reached the Mainland November 20. The whole Pacific coast experienced it and at every port on the coast except one or two of the southern ones, storm signals were flying. This is something almost unprecedented.

The whole state of California experienced the storm. There was heavy rainfall with high winds, and in some places electrical disturbances. From every county and from almost every city and village in the state reports are published in the San Francisco papers of floods and winds, railroad traffic interfered with, street car service blocked, buildings damaged, and fields flooded.

The storm, it is feared that when one, swept over the mountains and did great damage in Colorado, in Mississippi, Tennessee, Ohio and as far east as Buffalo, New York and wrought havoc to the shipping on the Great Lakes.

The storm seems to have been most destructive in Tennessee. In that state and in Mississippi, the number of killed reported was 64, and the number of injured 52. In Alabama also a number were killed and injured.

NASHVILLE, Tenn., November 21.—Dispatches up to 9 p. m., indicate that last night's storm which swept over Northern Mississippi and Central and Western Tennessee was one of great severity. Advice shows that the loss of life in the territory visited by the tornado already amounts to sixty-four, and the number of injured to over fifty. Telegraphic communication to the regions visited by the cyclone is suspended, and it is feared that when full details are known the list of dead will be lengthened.

The following list shows the loss of life, together with the injured, compiled from dispatches forced through by courier and telephone from the devastated territory:

OVERDUE VESSELS HERE

FOUR WINDJAMMERS MAKE PORT AT LAST.

The Long Awaited St. Katherine Loses a Hundred and Twenty Hogs—Other Arrivals.

Four of the overdue sailing vessels made port Wednesday night and yesterday, the barkentine Planter, brig W. G. Irwin and bark St. Katherine from San Francisco and the German bark J. C. Glade from Bremen arriving in quick succession.

The St. Katherine and her large deck load of hogs was the most anxiously awaited of the lot, for it was feared that he thirty days at sea would result in deaths of a lot of the animals. She lost 120, killed by the heat and the hardship of enduring the constant rolling of the vessel. Up to the 21st day out all was well, but after that the hogs began to give out, and they died fast. The vessel was constantly becalmed and the heat was too much for them. The dead bodies were cast over one after the other, and many a shark got good meals by following in the wake of the bark. For the captain and crew the trip was a decidedly unpleasant one. There was no scarcity of water, or food however.

The W. G. Irwin, fast sailer that she is, was about as long as the St. Katherine. Like Captain Saunders of the latter vessel, Captain Generaux of the Irwin has only calm and south winds to report. The trade winds did not blow, and the vessels had to do the best they could without them. The barkentine Planter, Captain McNeil, had the same luck, and Captain Stege, with the German bark J. C. Glade, also has a kick to make against the weather. He was 116 days in getting here from Bremen. The Glade, however, long as she was, was much quicker than the American ship. Henry Falling, which is now out 220 days from New York.

THE CUP DEFENDER.

Names of the Men Who Will Build Her.

NEW YORK, November 21.—After five weeks' wait a full statement of the composition of the new cup defender syndicate was given out by J. V. S. Oddie, secretary of the New York Yacht Club, tonight. The first official advice Oddie received was in a letter to him from Commodore Ledyard. This came after 6 o'clock and by 7 o'clock the following was posted on the boards in the hall:

NEW YORK, November 21, 1900.—To J. V. Oddie, Esq., secretary of the New York Yacht Club, 67 Madison avenue. Dear Sir: I take pleasure in announcing officially that the association formed to build a yacht to compete with the Columbia for the defense of the America's cup is composed of Vice-Commodore Belmont of the Minola, ex-Vice-Commodore James Stillman, Captain Oliver Payne, O. T. Aphrodite, Captain Frederick G. Barnes and Captain Henry Waters of the Narda. Captain W. Butler Duncan Jr., will have charge of the yacht. Yours very truly,
"H. CASS LEDYARD, Commodore."

PROF. KOEBELE'S WORK.

Prof. Koebele, who has just returned from California, brought little that is new in the pest destroyer line, although a quantity of the old parasites are in his valise. He brought no woodpeckers and for a special reason. The Professor is not sure what the habits of this bird may be in the tropics and wishes to inform himself on the point before risking them here. It is a fact, however singular, that most imported birds change their habits in this climate, some to the extent that they cannot the same any longer.

A POI LUNCH.

There will be poi luncheon tomorrow from 11 until 2 o'clock, given by the ladies of St. Andrew's Cathedral in the church rooms on Boretania street.

If you stop eating you will surely get thinner and thinner, until at last you starve to death. Grass won't answer, although it is good for the horse. You must have a food suitable to your needs.

Ayer's Hair Vigor

is a hair food. It won't take the place of grass or bread. It is good for the hair, and that is all. It feeds the hair with hair food. The hair can't keep from growing. It stops falling out because it is hearty and strong. And it always restores the early rich, dark color to gray hair. We say that "gray hair is starved hair"; and the only way to treat it is to supply the best kind of hair food. This is where Ayer's Hair Vigor differs so greatly from other hair preparations; it feeds the hair. Just keep that in mind all the time you are using it.

THANKSGIVING SPORTS

STIRRING EVENTS ON THE PARK TRACK.

Every match a Success and Satisfactory—Winners and Time Made—Alumni Win Football Game.

Although the crowd was not so large as it would have been were it settled earlier that there would be races at Kapiolani park yesterday, the races were of a high class and gave eminent satisfaction. There was no unpleasant incident of any sort and the most was voted a success. Betting was rather light, although there was a live interest in every event. Following was the result of the various races:

Six furlongs, running—Amarino, first, Antidote, second; Lawrence H., third. Time, 1:23 1/2.
Three-eighths mile—Faust, Cronje, Shenandoah, Jr., and Bly, in their order. Time, 41.
Special trotting and pacing—Tom Riker and Mongoose. Time, 2:50 1/2 and 2:45 1/2.
Six furlongs—Virgil A., Aggravation and General Cronje. Time, 1:34.
Half mile—Amarino, Frank S. and Abbey. Time, 55 1/2.
One mile, free for all—Billy McCloskey, Antidote, and Watassa. Time 1:56 1/2.

There will be a full program of races tomorrow afternoon. The Alumni football team beat the students in the game at Punahou yesterday afternoon, the result when time was called being 12 to 0. Both teams played remarkably well, but the graduates were plainly too heavy for their younger opponents. Most of the points were made by force of weight. Throughout, the "little fellows" made a desperate fight for their line and were highly complimented after the game by many of those present.

STAR ENTERTAINED NEWSBOYS.

Crowd Enjoyed Thanksgiving Dinner and Witnessed Football.

Three score and nearly a dozen more Star newsboys and carriers were the guests of the paper yesterday at Thanksgiving dinner. It was the first annual event of the kind and was probably one of the liveliest and most completely successful affairs since its inauguration. The boys gathered at the Star office long before noon, and waited for the arrival of the representatives of the business and editorial departments who were to superintend the feast.

Shortly before 1 o'clock the crowd formed in line, and numerous, valiant, and hungry they started up Fort street for Love's Bakery where the proposed to take from turkey indemnity for whatever hunger they might have experienced since the last Star dinner. Turkey, cranberry sauce, vegetable, pie, candy and soda water composed the menu. It was probably the speediest attack on record and within a remarkably short space of time every vestige of edibles had disappeared. The crowd overlooked nothing. They seemed hollow from the ends of their hair to the tips of their toes. Seniority or size seemed to make no difference. The little fellows ate as much as the big ones and the force was kept busy renewing the plates, for young Hawaii's appetite was as devastating as a Galveston storm.

After dinner the crowd was photographed and again forming in line marched back Nuuanu street to King to Fort to the Star office where the boys were given fish horns. Into two of Pain's four horse busses they were bundled and then, to the noise of never tring lungs and far reaching toots, they were driven about the city winding up at the Punahou grounds at 3 o'clock in time for the foot ball game. The crowd were driven back to the Star office at the conclusion of the game from where, after giving three cheers for the Star, the youngsters dispersed to their homes. The Bulletin also treated its corps of newsboys and carriers to dinner and a drive.

A BEAUTIFUL WEDDING.

Sparklets

TRADE MARK

SPARKLETS are tiny capsules of thin steel, filled with Compressed Carbonic Acid Gas, and so arranged that by means of simple mechanism, and in most inexperienced hands, their contents can be discharged into a bottle containing the liquid which it is desired to charge, producing instantly perfect aeration and all its most desirable attributes.

SPARKLETS are to be used in connection with a SPECIALLY PREPARED BOTTLE which may be used for an indefinite time and absolutely free from danger of explosion inseparable from the ordinary carbonic water bottle.

THANKSGIVING SERVICES

DELIGHTFUL SINGING AT THE VAHIOUS CHURCHES.

Japanese Christians and Buddhists Observe the Day—What Was Done in the Other Churches.

Services in the various churches yesterday were well attended, the music being of a special order. At Central Union the church was packed to overflowing. Kamehameha school was largely represented while large crowds from the Young Men's Christian Association and Young Women's Christian Association attended. Services were opened by the organ prelude played by Prof. Ingalls, and after singing by the choir Rev. Silas P. Perry gave a responsive reading. The anthem "Festival Te Deum" was sung by a quartette composed of Mrs. A. H. Otis, Miss Della Griswold, H. F. Wichman and W. W. Burns, and choir. Mrs. Otis and Mr. Wichman sang the offertory. The sermon was preached by Rev. G. L. Pearson of the Methodist Episcopal church. In the collection which was taken for the benefit of the Victoria Hospital for Incurables \$286 was realized.

The music at St. Andrew's Cathedral especially fine. Organist Wray Taylor deserving praise for his successful efforts in arranging this part of the program. The Te Deum, Jubilate and Harvest Anthem were rendered by the choir of the Second Congregation, the soloists being Mrs. Charles C. Cooper, Mrs. Walter Hoffman, Mrs. Glade, Mr. and Mrs. Elston, Miss Bagley, Arthur Wall, W. L. Stanley and Ernest Ross. Rev. V. H. Kicut intoned the service, the Tallis festival responses being used. The lessons were read by Rev. Hamilton Lee who also preached the sermon.

The Amateur Orchestra took part in the musical part of the service. The effect of the organ and orchestra was most excellent.

At the Roman Catholic Cathedral the services, commenced at 9 a. m. and consisted of low mass said by the Bishop of Panopolis. "Ave Marie" was sung by Miss Alice Campbell with vocal obbligato by Paul E. The duet was sung by Miss Campbell and Mrs. Nani Alapai.

The services at Kawaiahao church were conducted in the native language, the music being as usual, especially fine.

Rev. A. V. Soares preached the sermon at the Portuguese church. The services began at 10 a. m.

The Methodist, Christian and Congregational Japanese churches held a union meeting in the evening at the Nuuanu street church. The various Sunday schools went to the North Pacific Mission Institute where the children played about the ground and enjoyed games in the morning. Another branch of the Japanese church observed the day on Pacific Heights. An entertainment was given by the Buddhists.

The boys at the Boys' Training school were entertained by a musical and literary program in the evening.

IS AN OHIO MAN.

W. C. Weedon is an applicant for the office of Collector of Internal Revenue. His application to the President was forwarded some days ago. The Executive Committee of the Republican party has formally endorsed his application. This endorsement will go forward by the Rio.

Mr. Weedon first came to the Islands 25 years ago. He has not resided here continuously since, however, but lived in Ohio for 17 years, where he was actively affiliated with the Republican party. He was identified with the party of annexation here from the time annexation became an issue until it was consummated. He is a member of the firm of Bruce, Waring & Company.

A DIVIDEND.

The Oceanic Steamship Company has declared a dividend of 50c. per share, payable on December 1st.

ACTING BOER PRESIDENT.
LONDON, Nov. 22.—The reported death of General Schalk-Burger, acting President of the Transvaal since Kruger's departure, is discredited here. There is a mere rumor that he died at Johannesburg on November 9, but the report lacks confirmation.

STUDYING SLOYD.

The Rev. Alexander Mackintosh when last heard from was in Sweden where he has been studying the sloyd system of wood working in schools in its original home. The sloyd as it is used on the mainland is a modification of the true Swedish original. It is a good thing for the education of the Territory that one of its foremost teachers should have had the opportunity of seeing the working of the system in its original home.

NOT A SURPRISE.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it. Of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by all dealers. Benson, Smith & Company, general agents.

PACHECO'S DANDRUFF KILLER.
A GREAT PHYSICIAN SAYS: "75 per cent of all diseases and sickness is caused by the pores becoming clogged, thus shutting up in the blood the poisons and impurities which Nature intended they should eliminate." Pacheco's Dandruff Killer opens the pores and expels all the poisons in the scalp, leaving it clean and healthy.

A FEW TESTIMONIALS.

Council Bluffs, Iowa.
(Letter No. 1, May 21, 1897.)
Gentlemen:
If the Blickensderfer has the merits
you claim for it, it ought to sell like
"hot cakes." If people can get a ma-
chine for \$40.00 that does the work of
the hundred dollar machine, there
ought not to be much hesitation in get-
ting one.
(Signed) NEW NONPAREIL CO.,
By VICTOR E. BENDER,
Secretary and Manager.
(Letter No. 2, June 1, 1897.)
Gentlemen:
Send one Blickensderfer No. 5, at once
by first express.
NEW NONPAREIL CO.,
By VICTOR E. BENDER,
Secretary and Manager.
(Letter No. 3, Oct. 30, 1897.)
Gentlemen:
Can you send us six more No. 5's
one same terms as other machine? If
we can so arrange with you, we'd like
the agency here. Your machine seems
to be attracting considerable attention
here, and we are sure we can do you
good.
NEW NONPAREIL CO.,
By VICTOR E. BENDER,
Secretary and Manager.
(Letter No. 4, Feb. 14, 1900.)
You have not asked for a testimonial
from us, but we desire to give you
assurance of the entire satisfaction
which the typewriters have given us.
We have used them for three years, and
find them "hardy and long lived," easi-
ly operated, quickly adjusted, portable
and convenient. The Blickensderfer
beats them all for amount of service
it gives for the money involved.
Yours truly,
NEW NONPAREIL CO.,

NEWS IN A NUTSHELL.

**Bits of Paragraphs that Give Con-
densed Notes of the Day.**

Ables has 12 lots for sale on easy
terms.
A shipment of Rainer Beer is expect-
ed today.
C. Boite is back from a business trip
to the Bay City.
Christmas opening of The White
House tomorrow.
Morgan will sell the Hoting premises
tomorrow at noon.
Government employees are receiving
their salaries today.
C. Afat, Nuuanu Street will hold a
clearance sale for 30 days.
John N. Wright is quite ill at his
home near Independence park.
W. W. Dimond & Company will have
a special announcement tomorrow.
The band gave a Thanksgiving con-
cert at the Hawaiian hotel last evening.
The Bargain Store, Fort and Geor-
gia Streets, is holding a special sale this
week.
St. Andrew's church fair will be one
of the leading events of tomorrow af-
ternoon.
Hanan & Sons' shoes are popular in
Honolulu. Buy them at McInerney's
shoe store.
William Haywood will not leave for
Washington until the Zealandia on De-
cember 14.
J. G. Rothwell returned by the Mari-
posa from a business visit to San
Francisco.
Alexander Young came down from
Oahu on the Mariposa to look after
his interests here.
Frank Hustace and wife returned
yesterday from a tour of several weeks
of the mainland.
Editor Gill, of the Republican, gave a
Thanksgiving dinner yesterday to his
reportorial staff.
Manager Allen, of the Hawaiian hotel
gave a special Thanksgiving dinner to
his guests yesterday.
This is the evening of the reception
by Mr. and Mrs. Robert Lewers in
honor of Miss Bagley.
Hundreds of people took the opportu-
nity afforded by the holiday and visited
Pacific Heights yesterday.
The Lace House, M. Drasch & Com-
pany are showing a fine display of tailor
made skirts and petticoats.
Prof. A. B. Ingalls has been appointed
examiner of tea for the port of Honolu-
lu at a salary of \$2,000 a year.
It has been arranged to have the
postponed annual meeting of the Hea-
lani Boat club on Saturday evening.
Children of the Japanese Methodist
Sunday school were given a ride on the
electric railway to Pacific Heights yester-
day.
A dance will be given by members of
the Myrtle Boat club on the evening of
December 7. Arrangements are already
well under way.
H. J. Nolte returned in the Mariposa
in not very good shape. He met with
an accident on the voyage that bruised
him up not a little.
The internal revenue office will to-
morrow be removed over to W. F. C.
Hasson, pending a permanent ap-
pointment by the president.
Mr. and Mrs. Louis Schoven celebra-
ted the fortieth anniversary of their
wedding last Saturday at the home of
their daughter Mrs. L. A. Augst in
North Kona.
The story that Professor Koehle was
thinking of introducing woodpeckers
into the Islands is entirely apocryphal.
The Professor had no more in-
tention of doing so than he had of
adding another pest to our already
long list.
Ben Bruns, the man who introduced
vaudeville to the Hawaiian Islands ar-
rived by the Mariposa yesterday. Since
leaving here a year and a half ago, he
has delivered a number of interesting
descriptive lectures on the islands in
various parts of the states.
The Hawaiian Electric Company's
salesroom on Alakea street near Mer-
chant has a very handsome and com-
plete line of electrical fixtures. A visit
there may solve the problem of "What
to get for Christmas." A Piano or
Library lamp would make a very hand-
some serviceable Xmas gift.

WATER FLOODS ALAKEA STREET.
For a while this morning the Ewa
side of Alakea street was the bed of
a swift running stream. The water
came from the foundation of the Alex-
ander Young building from where it
was being pumped. During the recent
storm a large quantity of water ac-
cumulated in the foundation and seri-
ously handicapped the men when they
came to work. So serious was this
interference that Vincent and Heiser
the contractors brought one of their
pumps to the place and for several
days past have been throwing the wa-
ter out. The water was kept within
the bound of the gutter on Alakea
street between King and Merchant but
from Merchant to Queen the water
overflowed into the street and made it
very muddy. The work was stopped
this afternoon.

POPULATION OF HONOLULU.
The population of Honolulu, as given
out by Director Merriam is 39,306. The
population of the Territory is 154,001.

PACIFIC HEIGHTS
Magnificent View,
Refreshing Breezes,
Easy of Access,
An Unsurpassed Residence Site

These lots are on the Pauoa side of Pacific Heights.
They face on Pauoa Road, now being widened and macadam-
ized, and adjoin the Pacific Heights Electric Railway.

A Chance for Investors:
Any one with money to invest looking
for something that will bring good
returns on sums invested, has here a
fine opportunity. Houses built on
these lots will find ready rental at
strong rates by good tenants.

Attractions Offered in this Site to Homeseekers:
LOCATION. They are located on high ground at an elevation of from 200 to
500 feet, affording unsurpassed scenic and marine views.
ELECTRIC RAILWAY AND LIGHTING. The Electric Railway makes ac-
cess most easy, and power for lights may be had at most reasonable rates.
WATER. Water will be sup-plied at the rate of \$15 per year for each lot,
from our Pacific Heights Water System. This is less than city rates.
SPECIAL INDUCEMENTS TO BUILDERS. To all who will b...in the erec-
tion of houses within 60 days, we will make special inducements in the matter
of transportation of building material over our railway.
LOW PRICES, GOOD TERMS. Prices of lots range from \$400 to \$750 each,
according to size and location. One-fourth cash only is asked. Balance in
installments at terms to suit purchasers.
HEALTHFUL AND COOL. The air is always cool and bracing. We can re-
commend this property as being especially desirable and attractive to per-
sons seeking a choice location for a home at a moderate cost.
