## HONGKONG MARU GOES ASHORE AT WUSUNG Kapaa Land Exchange Refused

### Secy. Garfield Will Visit Other Islands on Mauna Kea Special

Secretary Garfield is, when he leaves Honolulu and the islands, going to be so full of information about the Paradise of the Pacific that he will be a walking Promotion Committee, if the plans outlined this morning in the Executive Building by a committee of prominent men are carried out as they were discussed and tentatively decided upon. The committee which worked out the plan of entertainment is as follows: E. A. Mott-Smith, A. L. C. Atkinson, H. E. Cooper, S. M. Ballou, and L. A. Thurston. They were appointed to act with authority by the others present.

First and foremost, Secretary Garfield will be shown Honolulu as it is in every important part of the city he will be taken, and every phase of

### \$3500 To Entertain

With the appropriation of \$3500 passed by the Executive Committee, at its meeting this afternoon, the Entertainment Committee for the Fleet will proceed at once to make preparation to carry out its program. On motion of Mr. Cooke, it was decided that the Entertainment Committee begin at once selling tickets for the subscription ball.

The question of providing shelters for the men along the boat-landings was discussed and on motion of Mr. McCandless the matter was referred to the Transportation Committee. After a general discussion, Mr. Peck of the Ways and Means Committee stated that he would welcome Editor Sheba of the Hawaii Shinjo as one of his associates. The secretary was therefore instructed to notify Mr. Sheba of his selection.

Chair called the attention of the meeting to the necessity for appointing a permanent chairman for all the Fleet Committees in place of Mott-Smith, resigned. On this account Mr. Smith moved that the appointment of such person be made at a joint meeting of the committee chairmen on Friday afternoon, at 1:30 o'clock. There being no other business on the table, the meeting adjourned to convene again on Friday afternoon, when all the chairmen of various committees are requested to attend.

### Spalding Turns Down Kapaa Land Exchange Proposed By Governor

To MOTT-SMITH:  
"My letters of May 22d and 26th relieve the Government from any further obligation to wait for Spalding's answer. Letter from Spalding same mail as yours refuses exchanges as submitted. Thanking you for your consideration."  
FAIRCHILD.

This ends the Kapaa land-exchange matter. The above was received by wireless from George Fairchild, manager of the Makee Sugar Company by Acting Governor Mott-Smith this morning. Although he had nothing to say on the matter, it is understood that Acting Governor Mott-Smith will do nothing further until the return of Governor Frear. It may be that the lands which the Government holds will be leased for pineapple purposes, and it is understood that eventually this may hurt the Makee Company to a great extent. The Government has spent about \$2,500, altogether in an attempt to bring about an exchange of these lands.

### HONGKONG MARU IS ON ROCKS

SHANGHAI, China, June 10.—The Japanese trans-Pacific liner Hongkong Maru went ashore today near Wusung. It is hoped that the steamer can be refloated.

The Maru is due to arrive in Honolulu June 23, and was thus on her return trip.

### Taft Is Not Meddler; Knox Is In Field

CHICAGO, Ill., June 10.—Hitchcock, who is in charge of Wm. H. Taft's campaign, announced today that Mr. Taft will not interfere in the convention's selection of a candidate for Vice President.

A headquarters for Senator F. C. Knox, Pennsylvania's candidate for President, was opened today.

### Bids Opened For New Kahauiki Buildings

Bids for the construction of the new buildings at Fort Shafter were this morning opened both here and in San Francisco. In order to make the opening simultaneous and to cut out the difficulty made by the difference in time between these two points, the bids were opened here at 8:30 a. m. and in San Francisco at 11 a. m.

There were only two local bidders for general construction, Lucas Brothers and W. G. Chalmers, and of these Lucas' bid of \$151,647 for the actual construction of the buildings; exclusive of plumbing and wiring, was the lower. Separate bids for wiring were furnished by Chalmers and the Hawaiian Electric Co., and for plumbing by Ed. Quinn and Chalmers.

When the bids were opened this morning by Depot Quartermaster Captain Humphreys there was quite a large number of contractors present, those who had not placed bids on file being interested in the figures submitted by the others.

When the new buildings have been erected Fort Shafter will be a regulation four company post, whereas, while at present four companies are stationed there by cramming the quarters, there is only regulation space for two companies. The new buildings include two barracks, two lavatories, one field officer's quarters, which will be occupied by Major Dunning, two non-commissioned officers' quarters,

one mess hall and kitchen, one bachelors' quarters and a coal shed.	
The bids submitted for the actual construction of the buildings by Chalmers and Lucas were as follows:	
Lucas, Chalmers	
2 Barracks, each .....	\$ 27,712 \$ 29,796
2 Lavatories, each .....	7,402 6,957
1 F. O. Quarters .....	16,114 18,810
2 N. C. O. Quarters, each .....	9,360 7,936
Mess Hall and Kitchen .....	21,631 22,245
1 Bachelors' Quarters .....	21,933 25,769
1 Coal Shed .....	3,021 3,850
Total .....	\$151,647 173,543
Chalmers' bid, as a total, including wiring and plumbing, amounts to \$182,575.	
Chalmers also submitted bids for the wiring and plumbing of the buildings as follows:	
Wiring, Plumbing	
2 Barracks, each .....	\$910
2 Lavatories, each .....	225 5,400
1 F. O. Quarters .....	604 1,202
2 N. C. O. Quarters, each .....	360 720
1 Mess Hall and Kitchen .....	699 928
1 Bachelors' Quarters .....	750 3,071
Ed. Quinn submitted the following bids for the plumbing:	
2 Lavatories, each .....	\$4,320.16
1 F. O. Quarters .....	921.78
2 N. C. O. quarters, each .....	578.11
1 Mess Hall and Kitchen .....	741.58

### LEE LET WANTS HIS \$50 RETURNED

Larnach Instructs Taylor Not To Pay The Money

Tomorrow is the birthday of Kamehameha the Great and in his memory appropriate services will be held in front of his statue on the Judiciary grounds. The Kamehameha Lodge, which attended the services last Sunday at Kawalaho Church, will have charge of the services which are to be conducted at 10 o'clock tomorrow morning. The statue, as usual, will be adorned with leis, after which one of the members of the lodge, probably Senator Kanaha, will deliver a speech in Hawaiian closing the exercises with the singing of "Hawaii Ponoi."

The Kaahumanu Society, it is said, will also be present, as well as the representatives of the Hui OIwi and Kaulikeouli Societies.

In the afternoon, a luau will be given in the Kahiliianui hall on Kukui street. Speeches will be delivered by some of the well-known Hawaiians. A special musical program has been prepared for the occasion, and during the latter part of the afternoon a dance will be enjoyed.

As is customary in Hawaiian homes, there will be feasting and chanting of the old mele. The day will be generally observed in commemoration of Kamehameha, whose name still rings in the memory of all Hawaiians.

### DISGRACE MAIL KILLED BRUSIE

LOS ANGELES, Calif., June 10. Judson Brusie is dead from nervous prostration. Brusie was arrested Monday for embezzlement from the Metropolitan Surety Company of San Pedro.

There is hardly any doubt but that Frank Thompson, an attorney for Lee Let, will make demand upon Taylor for the money, and it has now developed that the prosecution, handled by Deputy Attorney General Larnach, has instructed the Chief to hold on to the half-hundred. What the outcome of such proceedings will be can be left to the imagination.

Should Taylor refuse, following the advice of the Attorney General's Department, to give back the \$50 to Lee Let, garnishee proceedings will probably be instituted against him and the case thus renewed in a new light. Frank Thompson stated this morning that he would undoubtedly seek the \$50 from Taylor, and the prosecution was positive in the statements that Taylor had received orders not to pay it.

### IMPORTED MEN ARE NOT HOME RULERS

That the men who have been brought to Honolulu by contractors are good citizens, and are not followers of the Home Rule party under the leadership of such men as Wilcox, as has been claimed by the Advertiser, is readily shown. A short summary of the facts is given. For summary of the facts is given was noted today by a prominent citizen. For instance, the men brought here by Vincent & Belser to help in the building of the Honolulu sewer system serve as a good example.

Men who are now reckoned the best citizens of the city are among those who came down here to work on this project. Roscoe Perkins, the photographer, came to Honolulu as a time-keeper and bookkeeper on this work. Mr. Matthews, who is now connected with the sewer department, came as a foreman; Lord came here as a foreman; Jack Belser came as a time keeper and bookkeeper; and Chief Sanitary Inspector Van Huizen came here as a foreman in this work. Are these men bad citizens, and have they followed the Home Rule party instead of the Republican or Democratic? Again, all of the other labor, or the greater part of it, employed on this work, was gotten from right here in Honolulu.

One prominent man in this city expressed himself as being very indignant at the manner in which the morning paper has been expressing itself editorially, and states that the men brought here have always proven a welcome addition to the city.

### WATERFRONT NOTES

"ISTHMIAN" UNIQUE

A shipping paper published in New York has the following to say of the new A. H. S. S. "Isthmian":

The new steamer Isthmian, completed by the Union Iron Works, San Francisco, is a single-deck steel cargo craft built to Lloyd's highest class on the three-deck rule with complete shelter deck and is the latest addition to the American-Hawaiian S. S. Co.'s fleet, which now consists of fifteen modern cargo carriers.

The Isthmian was built specially for the trade between New York and the Port of Mexico, the eastern terminal of the Tehuantepec Railroad, and has the distinction of being the first steel steamer in the American merchant marine built on the Pacific Coast for service in the Atlantic trade.

She is 355 feet long between perpendiculars, 50 feet beam, 28 1/2 feet deep, 26 feet draught loaded, 2750 I. H. P. at 70 revolutions to develop 11 knots, is 5404 tons gross, 3463 net register and able to carry 7200 tons dead weight cargo. Her cargo space in feet is rated as 3380, 918 cubic feet, not including 4248 feet for coal, 5719 for stores and about 80,000 feet for water and oil fuel.

While it is intended for the present to use coal fuel on the Isthmian, she is piped up and fitted with tanks and every provision for readily changing her to an oil-burner. She has six water-tight steel bulkheads and one screen bulkhead between the engine and boiler rooms. The double bottom is divided into twelve water-tight and oil-tight compartments by means of five transverse divisions and a center line keelson. One of the derricks is of steel and has a working load capacity of thirty tons; the remaining derricks, sixteen in number, are of Oregon pine and have a capacity of five tons each.

There are large cold storage chambers and a Clayton Fire Extinguishing plant with distributing pipes in the various holds. The propelling machinery consists of one set of inverted triple expansion engines. A speed of 12 1/2 knots was attained on the trial trip with a partial load.

The cylinders are 28 inches, 47 inches and 78 inches, with a common stroke of 48 inches. The propeller has a cast iron hub, four bronze blades, 18 feet 4 inches diameter and 18 feet 4 inches pitch. There are three Scotch boilers with a working pressure of 200 pounds per square inch with grate area of 162 square feet.

THE STEAMER KINAU, Gregory, arrived at 3:07 o'clock this morning, from Kamaul, with passengers, and the following freight: 601 bags A sugar, 159 bags rice, 100 bags sugar for T. H. Davies & Co., 5 cases honey, 11 bags coconuts, 11 barrels empty bottles, 10 empty boxes, and 13 packages sundries.

## Big Ball Games On

Three big baseball games are the order of the day tomorrow. Morning and afternoon, the ball-tossers will hammer the horsehide at Baseball Park. In the morning and the first part of the afternoon, players of the Newspaper League will be in the limelight, and in the afternoon, as the closing event of the day and the crowning effort, two picked teams of the Big League will be on the taps.

This last game especially promises to be well worth seeing. All the pitchers in the local game who can get off will be used, and most of the catchers. The star infielders and the best of the men in the garden will be out. And the combination will be noteworthy, to say the least.

The first game of the day will be at 11:30 o'clock in the forenoon, between the Bulletins and the Mercantiles. This will be followed at 1:30 p. m. by a game between the Stars and the Advertisers. Then, at 3 o'clock, the main event will come off.

The efforts of the men who are behind the baseball game here in getting all this arranged this morning, after the league had decided yesterday to have no baseball, are very commendable. Pat Gleason mentioned it to Eddie Fernandez; James W. thought the newspaper men would like to play; and the thing was soon arranged on a percentage basis.

The games which the newspaper men are in for are those which were regularly set for Sunday, and so have been merely moved up a peg.

Barney Joy will be seen behind the bat. What do you think of that? Barney must have made a hit with the ladies the last time he presided at that important post.

The special teams will line up: Fernandez—Joy, c; Hamilton, Leslie, p; Fernandez, 1b; Hoogs, 2b; Costello, 3b; Evers, ss; Olmos, McKenzie, lf; Kia, cf; Lemon, rf.

Vannatta—Lyman, Davis, c; Chillingworth, St. John, Lota, p; Bruns, 1b; Vannatta, 2b; Lota, Henderson, 3b; Miller, ss; Bruns, lf; Aylett, cf; Desha, En Gee, rf.

Sam Chillingworth will umpire the two afternoon games.

Berger's band will be out with its usual concord of sweet sounds, Jack Doyle and Doc Monsarrat will be on hand by special request, and everybody will be happy.

Washington, May 29.—The cruiser Albany, the gunboat Wilmington and the torpedo boat Perry were the trophy winners in their respective classes in the annual record target practice at one mile for 1908, according to the results announced at the Navy Department today. The Albany had a final merit of 76, with the St. Louis at 69 and the Charleston at 67 as star ships. The Wilmington's final merit was 67. The Perry had a final merit of 68. Star ships are those that attain at least 85 per cent of the final merit of the trophy winners.

In the standing of fleets the Pacific fleet leads with a final merit of 64, the Atlantic fleet being next with 55. It is said that in the percentage of hits and rapidity of fire the records show approximately double those of 1907.

# KAMAHAMEHA SCHOOL CLOSING EXERCISES

## Graduates Read Papers On Instructive Topics

"Imua me ka lanakila" (Onward to victory) and "E noho me ka manao maikai" (Live meekly with good judgment).

With the above mottoes, the former for the girls and the latter for the boys, thirteen young ladies and twenty young men, graduated last night from the Kamehameha Schools, in the presence of a large audience which gathered at the school chapel. The interior of the chapel was attractively decorated for the occasion. The pictures of Mr. and Mrs. Bishop occupied conspicuous places in the hall. The platform, on which were seated President Horne, Hon. W. O. Smith, Principal Miss Ida M. Pope of the Girls' School, Miss Knapp of the Preparatory School, Rev. J. L. Hopwood, Rev. Lono, Vice President U. Thomson, Miss L. Abolo, and the graduates of Girls' and Boys' Schools, was adorned with evergreens as a background, in front of which was a variety of beautiful flowers. The choir was likewise adorned attractively. The singing, under the leadership of Prof. Livingston, was of excellent quality.

Of the girl graduates, Miss Julia Lazaro of Kona won the admiration of the audience by the reading of her essay on "Ancient Hawaii as Told by a Retainer." Her delivery was perfect, every word said being clear and distinguishable. Miss Elizabeth Macy read her essay well. Her subject was "Industries of Ancient Hawaii." Miss Lillian Broad, although she did not speak as loud as the audience might have wished, carried out her part successfully.

In speaking on the subject "Modern Hawaii" Henry Waiata delivered one of the best speeches of the night. Joseph Ordenstein, who spoke on "What Kamehameha Can Do for the Hawaiian People," was loudly applauded at the end of his speech. His subject, though difficult, was successfully handled. James Mahikoa dwelt on "Hawaii of Tomorrow." It was an interesting subject and contained many good passages. John Pahia spoke on the "Industries of Modern Hawaii" and described all the industries that are being carried on in these islands.

President Horne in presenting certificates to each of the boy graduates advised them to go forth and prove themselves a credit to the schools and to themselves. Charles K. Kaul, Willis P. Kauwahu, Daniel K. Komomua, James K. Mahikoa, William Naeole, and John Smith received double certificates, one for academic work and one for manual work. Robert S. Lono was especially complimented for his musical attainments. Albert K. Naukana, an accomplished machinist so far as the school was concerned, received special praise from President Horne.

When all had been presented with their certificates, the graduates were showered with leis of various colors from relatives, friends, and admirers. In this connection, a number of lei women stationed themselves near the gate and in the yards and did a rushing business. All the leis and bouquets of flowers were bought and they went away with empty baskets and broad smiles.

Miss S. L. Byington presided at the organ, rendering a number of appropriate selections.

President Horne expressed himself pleased to see so many Hawaiians present at the closing exercises.

Prominent among those present were Mr. and Mrs. Wm. B. Olsson, Theodore Richards, Dr. Hutchinson, Mr. S. Lazaro, Frank Pahia, Treasurer Campbell, F. E. Richardson,

Rev. D. K. White, Judge Kaulukou, Sol. Hanohano, and others.

Tonight the exercises close with the school annual dinner, to be given at the Boys' dining-rooms. It is an invitational affair and all the Kama and those who have received invitations are expected to be prompt on the time stated in the invitations. Aside from the dinner, speeches will be made by special guests who have consented to come. Music will be provided by the school glee club under the leadership of Prof. Livingston and a general good time is assured.

## WHAT WOULD YOU THINK?

If you had charged that a merchant had bribed you, and got some witnesses to think so too; and during the trial before twelve good men, the merchant had testified that the \$50. was a loan; and the jury, after hearing all the testimony, returned a verdict of "Not Guilty" in three minutes. What would you think of the credibility of the testimony of the man who was "bribed," and of his "supporting" witnesses? What should you think? What ought you to conclude?

## KEY NOTE IS ANTI-AMERICAN.

THE KEY-NOTE of the abusive morning-paper outfit is that THEY DON'T WANT HAWAII AMERICANIZED and they DON'T WANT AMERICANS IN HAWAII.

They may explain and trim and abuse and misrepresent: that is the sum and substance of the whole campaign.

On no other basis is it possible to explain such a monstrous thing as the editorial commitment of Tuesday morning, in which the mechanics of the Pacific Coast are put on a plane with thugs, and Honolulu is represented as not wanting them.

To make the claim that an iota of decent Americanism is contained in such a declaration as "BUT CITIZEN LABOR FROM CALIFORNIA MIGHT DO THE COMMUNITY MORE HARM THAN GOOD" or that a loyal American spirit is behind it, is utterly preposterous. Columns of explanation and diverting comment cannot destroy the illuminating force of that phrase alone.

No civilized American is such a phlegm as to doubt the purpose of a person or collection of persons who, when an influx of American mechanics is in prospect, turn to receive them with a sneer and vile abuse and remark, "It's not the mechanic; it's the farmer we want."

To pluck out a few patriotic phrases from the mass of abuse is like seeking a bouquet of roses in a cesspool.

The morning-paper outfit DON'T WANT AMERICANS IN HAWAII, and THEY KNOW IT.

The only honest explanation of the attack on the American mechanic contained in Tuesday's paper is, that it was a slip of the pen and by an inadvertence exposed the real purposes of the gang that has fought every progressive step in popular American government in these islands.

They have talked of the benefits to be gained from the tourists and as soon as the tourist campaign promised to bring some results, they called the tourists "one-lungers."

They have lauded the Portuguese as laborers and future American citizens, and immediately the movement to land the Portuguese and Europeans in Hawaii was vigorously forwarded, they smirched the European immigrant by classing him as the undesirable "lazzaroni."

They have devoted a few perfunctory phrases to the blessings Hawaii would derive from an increase in the population of middle-class Americans, the skilled mechanic, the American workman. And the very first opportunity that offers they give editorial notice that the California mechanic is not wanted for Pearl Harbor work—"they might do the community more harm than good!"

When they get a few small farmers of the type they have been discussing for the last year or so, these same small farmers on arrival in the Territory may be expected to receive a volley of abuse and slops from the same old can.

The morning-paper outfit don't want Americans in Hawaii. They have fought the Americanization of Hawaii's government at every step, and become especially virulent when the prospect of increasing the American voting population of the islands seems remotely probable.

## THE FUTURE KAMEHAMEHA.

Young men and young women going out into the world at this anniversary period, after years of careful preparation, can gain much inspiration from the practical struggles of life from the career of the great Kamehameha.

The first Kamehameha knew no such yord as fall. We do not know the Hawaiian word for "can't" but we doubt that it was ever found in the utterances of the Hawaiian leader.

It is not given to the youth of today to practise the arts of war and gain distinction and power by the great physical prowess for which the Kamehameha was noted. But they have daily duties to perform, as citizens of a great republic, that call for an equal degree of determination and vigor, patriotism and noble qualities of kindly character.

The future Kamehameha of Hawaii is the man who can unite, not the islands under one government, but bring all the races and nationalities assembled here into a perfect union that shall recognize one God, one country, one flag, be free from prejudice, and by their intelligence and sturdy patriotism promote an harmonious government of, by, and for the people.

We may hope for many Kamehamehas in the present generation.

## LEE LET VERDICT.

The result of the Lee Let trial of "bribery" of Chief of Detectives Taylor was just what the community expected it would be.

Not five men in the whole town believed Lee Let was guilty of having bribed anyone. The whole "bribery" case, as it has been paraded before the people in the bribery organ from day to day, and used as a medium for attacking officials, reeked with the earmarks of a put-up job created for political purposes.

Naturally the bribery organ of abuse looks for a convenient hole to crawl out of. It needs one.

The record of the "briber's" unsupported testimony being accepted by the jury in preference to the testimony, under oath, of the Chief of Detectives, and two employees of the bribery organ, is a very fair demonstration of what cause the community has to believe anything for which the bribery organ stands sponsor.

The trial brought out in sworn testimony the well-recognized fact that the Chief of Detectives is sort

## A Frank Statement

Peruna is the Best Medicine in the World.

I RECOMMEND PE-RU-NA.

MR. EMILE MAROIS.

MR. EMILE MAROIS, 1879 Ontario street, Montreal, Canada, writes: "After taking nine bottles of Peruna, I find that I am cured, 'I still take it occasionally. For me it is the best medicine in the world. 'I have recommended it to a number of persons."

Mr. J. C. Hervus Pelletier, Dept. de l'Agriculture, Ottawa, Ontario, writes: "The Peruna is particularly efficacious in the cure of catarrhal affections of the lungs and bronchial tubes. 'Six bottles cured me this winter of bronchitis. I am completely restored and I owe thanks to the Peruna. 'I have recommended this remedy to a large number of my friends afflicted with the same trouble, and they have verified my good opinion of this valuable remedy."

The following wholesale druggists will supply the retail trade: Benson, Smith & Co., Honolulu, Hawaii

of an errand boy for his old employers. It also proved that anyone who believes the combined testimony of the whole outfit makes himself ridiculous.

The deplorable feature of the whole affair is the fact that a reputable business man of Honolulu may be subjected on such flimsy "testimony" to the disgrace and mental suffering consequent to the repeatedly emblazoned charge that he is a giver of bribes.

It is a disgrace to the fair name of Hawaii that such things can be. To conduct such a campaign as the Lee Let furore involved is a civic crime although the public, owing to the discomfiture of the criminal campaigners, is disposed to laugh.

## COMPLIMENTS.

The following appeared in the morning paper:

The Bulletin, which mis-stated the testimony in the Lee Let case from the first, now quotes to criticize yesterday's labor editorial in this paper, leaving off the first or keynote paragraph, which would have spoiled the point it was trying to make. It is persistent dishonesty of this sort with its readers which accounts for the utter lack of influence of the Bulletin upon public opinion here. It cannot tell the truth about any matter that elicits its prejudices, and even if it tried to it would probably fail from lack of practice. There is small wonder that such a sheet has to buy its readers with livery prizes.

Abuse from such a source must be considered a compliment. Particularly is this true when the community has still fresh in mind the fact that a jury of twelve good men and true accept the unsupported evidence of a Chinese merchant as against the combined testimony on oath of the Advertiser bribery staff.

## HUSTACE SAID D--- AND DWIGHT H---

Dias Writes of His Efforts to Get Some Road Work Done in His Section of This Man's Town.

Editor Evening Bulletin: Kindly allow me space in your valuable columns to explain my position concerning my letter published in your paper of the 4th inst. and Mr. Hustace's remarks concerning same.

On July 22nd, 1907, I presented a petition to the Board of Supervisors to have Liliha street extension macadamized as far as the Country Club grounds and lights installed, and the same was promised to be done. On Aug. 1st, 1907, the macadamizing of said road was started from Kanai road and downward towards Wyllie street. On Oct. 16th, 1907, that portion of the road was completed, but the upper portion was left in the same condition as previous and up to the finishing of the lower portion.

In the early part of November, 1907, I met Mr. Chas. Hustace on Queen street in front of the Inter-Island S. N. Co.'s office and asked him how soon they would be able to macadamize the upper portion of Liliha street, as I intended to present a petition to the Honolulu Rapid Transit and Land Co., Ltd., to run their cars to the end of the road for the accommodation of the people living in that portion of the district, and this was his answer: "I'll do my damnest not to improve any roads for the interest of the car company as long as we do not get a ten minute service on Bereunia street," and then I asked him if he was looking out for the car company's interest or the people's interest, and the reply was, "I don't give a damn. You ought to be satisfied," and I walked away.

On Feb. 5th I communicated with the Board concerning the road and lights and the reply was, it might be taken up at some future date. On Feb. 8th I communicated with the Board and complained about the Road Committee macadamizing two roads where a single resident was making use of said roads, and we needed a good road and have failed to get it. It happened that a prominent gentleman lived on one of the roads and at three times the original cost of putting that road in proper shape, it was done.

On Mar. 11th a Taxpayers and voters' petition was filed and so far nothing has been done on the road. On the same date I communicated with the Board and the same was placed on file. In the same letter I mentioned to the Board the manner in which Mr. Dwight answered me to a civil question. I approached Mr. Dwight on Fort street in front of Honolulu Planning Mill and asked him the following "Mr. Dwight, when are you going to complete macadamizing Liliha street?" and the answer was "The Hell with Liliha street; we don't intend to do a damn thing more on that road."

Neither of these gentlemen stop to think what they have said, but Mr. Hustace takes the occasion to criticize other's doings. No doubt Mr. Hustace has had a better education than myself, but I certainly have done everything I could in a peaceful way, but have failed to get anything from Mr. Hustace.

I am after equal rights and a poor man's money is just as good as a rich man's money, and the Board should not show any discrimination in any of the public's rights.

In concluding, I beg to say I certainly with pleasure would like to take a few lessons in letter-writing from Mr. Hustace.

Thanking you in advance for your kindness, I beg to remain, Respectfully yours,

J. J. DIAS.

Does it not seem more effective to breathe in a remedy for disease of the breathing organs than to take the remedy into the stomach?

Cresolene cures because the air, rendered strongly antiseptic, is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a Consumptive Tendency will find immediate relief from Coughs or Induced Conditions of the Throat.

## SHOW LAST NIGHT WAS EXCELLENT

"The Man of the Hour" is Strong Play and Was Splendidly Acted By Amateurs.

The "The Man of the Hour," which was given at the Hawaiian Opera House last evening, was the best production put on the stage by an amateur cast in Honolulu in a long time. It was the consensus of opinion of those present. It was a big play—one that calls for the best in a good actor,—and there was no disappointment last night, for those carrying the leading parts swung into their roles with the ease and grace and force of professionals, as, indeed, some of them have been.

You must take off your hat to Gus Murphy as the best "heavy" that has played in Honolulu for years. His part, that of "Boss" Horrigan called for a big stature, but Gus overcame this disadvantage by the strength and bulldozing energy he put into his lines. He has been in the business before, but it has been years since he has been prominent before the footlights. Last night he was like "an old warhorse that smells the smoke of battle."

It is not often that an amateur company is fortunate enough to have strong men in the leading parts, "the hero and the villain," but opposed to Murphy was W. D. Adams, who was everything that could be desired as "The Man of the Hour." His acting was flawless, and he showed a keen knowledge of each critical situation. Miss Nellie McLennan carried the leading-lady part with skill and ease. She has had considerable training of late in local productions, and her acting last night showed that she has taken advantage of her opportunity. Her voice was good and she was at home on the stage. Another part which, though not among the leading ones, was raised far above the average by the excellency and finesse by which it was acted, was that of the Irish alderman taken by G. C. Potter. The part suited him and he suited the part. Along with him in the character-acting was Mrs. McLennan, who was exquisite. Her tenderness in one of the strong scenes of the play, when she tells her son to do right, matter not the price, left many in the audience with tears in their eyes.

W. L. Emory, as Charles Wainwright, one of the principals of the play, gave his part the dignity which it called for, and his acting was good throughout. Mrs. Webb was at a disadvantage on account of a severe cold which prevented her from speaking loud, but her part was carried forward well nevertheless.

J. A. Wilder brought down the house by his presentation of Judge Newman, who is honest but willing to act as an intermediary in a bribery proposition. He is a finished actor for such parts. W. L. Warren is always good as a lovelick lad, and he acted the part to perfection. L. S. Conness looked natural as the newspaperman, looking for a story.

As a whole, the acting was natural, not forced, and the players deserve great commendation. It is worthy of note that the theatergoers of Honolulu were not much in evidence last night, and consequently they missed a show that held the interest of all throughout. Lovers of a strong play, well acted, should not miss being at the next performance Thursday night.

The complete cast is:  
 Chas. Wainwright... W. L. Emory  
 Alwyn Bennett... W. D. Adams  
 Scott R. Gibbs... E. K. Arnold  
 Richard Horrigan... A. E. Murphy  
 James Phelan... Gen. C. Potter

# HEALTH NOTICE

Every citizen of Honolulu should take immediate steps to free his premises from rats, the primary cause of the dreaded bubonic plague.

Use a reliable poison like Stearns' Electric Rat and Roach Paste, which can be depended upon to drive the rats out of the house to die, and clear the premises of the deadly vermin.

Nearly all druggists now have Stearns' Electric Rat and Roach Paste, and a 25c box is usually all that is needed, as it will kill off the rats in an average house in a single night. For barns, warehouses, etc., it is better to buy a dollar box which contains eight times as much as the 25c size.

Everyone should get to work at once in the fight for sanitary conditions.

EDITED BY FREDERICK B. MOORE

VARIETY OF EVENTS  
FOR ANNIVERSARY OF  
KAMEHAMEHA DAY

Tomorrow is Kamehameha Day,  
and the usual number of sporting  
events is on in celebration of the  
anniversary of the man who once  
amused himself by catching all the  
spears that six men could throw at  
one time. Baseball, boating, racing,  
golf, shooting, and other events are  
on the card.

Aquatic Sports

The Kamehameha Aquatic Club is  
holding a big number of events at  
Kalihi, including canoe races and  
the like. The program of the events  
has been announced at length, prizes  
are up, and all lovers of the water  
sports will find pleasure a-plenty in  
the meet this club is holding.

Special Baseball

Special baseball is on. In the  
morning, the Press League will hold  
forth in one game at Baseball Park,  
and in the afternoon the printers  
and a picked team of the big league  
will perform. At Makiki in the  
forenoon Mills and Aliiolani will  
hold forth.

Horse Races

The local horsemen are giving a  
number of races at Kapiolani Park as  
a sort of reminder of the old days,  
when June 11th was the date the  
fillics ran, and the great racing was  
seen.

Golf Medal Play

The Country Club has a medal  
play on, in which it is hoped the  
best of golfers in the local field  
will take part. This play will be  
in the afternoon.

Two Shoots

The Hawaiian Gun Club holds its  
semi-annual prize shoot tomorrow,  
having a large number of events on  
the board for the occasion, and  
enough of a variety of events to  
suit about all entries. The shoot  
is in the hands of the House Com-  
mittee. This afternoon, the semi-  
annual championship shoot of the  
club is to be held.

Alumni Social

In line with the sporting events,  
also, is the social of the Royal  
School Alumni, which is to be held  
tomorrow evening.

The first baseman of the Sweet  
Violets denies having made a bunch  
of errors at Heela field. He says he  
made only one, and this was due to  
a bum throw from second.

The H. C. C. will have a game of  
cricket at Makiki on Saturday, be-  
tween full teams, one to be chosen  
by the captain and the other by the  
vice captain.

The talent are picking the winners  
with great regularity at Louisville.  
The Sausalito poolroom is not gather-  
ing much nowadays.

ALOHA'S WILL GIVE DANCE

The Tong Ho "hard times" dance  
was changed into a "good times"  
dance by the Chinese Aloha Club at  
the regular meeting held last Sun-  
day evening. The members thought  
that as it has already been published  
that the club will give a ball, it was  
better to go ahead with it.

This grand ball will take place at  
the K. of P. hall on the 3d of July,  
the night before Independence Day,  
so that everybody will have an oppor-  
tunity to dance up to midnight with-  
out interfering with work, as Satur-  
day will be the Fourth of July, which  
is a holiday. The committee in  
charge is getting things into shape  
and promises to make the affair one  
of the best ever given by any athletic  
organization. Prizes will be given  
for different events, which will be  
decided later.

John Akana, who is now the presi-  
dent of the Chinese Alohas, heads the  
list of the committee as chairman  
and will have as his assistants G. Ho  
Lim, John Townsend, A. Akana and  
L. A. Fair. Nearly all these gentle-  
men are expert dancers and will  
therefore be in a position to know  
what is good for such an occasion.  
One of the best glee clubs in town  
has been engaged for the dance.  
Tickets will be on sale by members  
at 50 cents, which will admit a gen-  
tleman with his lady friend.

In New York the star of Matthew-  
son is eclipsed. Christy, who has  
been the dominant body in baseball  
these several years, is now outshone  
by Manning, whose name is now on  
all lips. Manning is a young pitcher  
Clark Griffith took out of the Tri-  
State League last fall and it is his  
work chiefly that has put New York  
to the front in the American League  
race. Is it to be wondered at that all  
the New York fans are now singing  
the youngster's praises. Just as they  
were Matthewson's not so many sea-  
sons ago?

DICK SULLIVAN,  
LOCAL CHAMPION, IS  
BADLY WHIPPED

Dick Sullivan was badly beaten  
lately in a scrap held in Vallejo, by  
his old-time rival, Kyle Whitney.  
Sullivan here this afternoon in a  
well-known scrapper in these islands.  
His career is being followed with in-  
terest in this place. The following is  
an account of the go:  
Vallejo, Calif., May 30. — Kyle  
Whitney, the colored scrapper of San  
Francisco, won his fight with Dick  
Sullivan here this afternoon in the  
twenty-second round of what was to  
have been a 25-round contest for the  
welterweight championship of the  
Pacific Coast at the Palm Athletic  
Club's new arena on the outskirts of  
the city.

Although not knocked out, Sulliv-  
an's seconds, to save their man,  
who had already received a terrible  
beating in the last few rounds,  
threw a sponge into the ring, and  
Referee Billy Roche promptly declar-  
ed Whitney the winner. The fight-  
ers entered the ring about 4 o'clock  
and both seemed to be in the best of  
condition. For the first three  
rounds Whitney had a slight advan-  
tage, but Sullivan from then on took  
the lead and up to the fifteenth  
round had the advantage. In this  
round he was forced to take the  
count two times. He managed, how-  
ever, to stay until the gong rang and  
came back strong and fought hard  
for the next two rounds.

Again in the eighteenth the negro  
had him in a bad way, and in this  
round Sullivan fell and struck his  
head on the floor, which dazed him  
considerably. The gong, however,  
saved him from being counted out.

In the nineteenth and twentieth  
rounds Whitney had Sullivan taking  
the count several times. When Sulliv-  
an left his corner in the twenty-  
first round he was a beaten man, and  
shortly after the round commenced  
his seconds saw that it was useless to  
have their man receive any worse  
beating, so they threw up the sponge.  
A large number of San Francisco  
sports were in attendance and were  
very much pleased with the day's  
sport.

Billy Roche will probably match  
Whitney and Sullivan to appear be-  
fore his club in the city.

"Michigan" Smith recently dispos-  
ed of his two shifty sprinters, Bur-  
leigh and Gypsy King, to M. D. Mil-  
ler for the reported sum of \$4500.  
Burleigh was one of the most con-  
sistent performers at Emeryville this  
winter. It is Miller's intention to  
race the pair at Seattle this summer.

Jack Glennon the other day secur-  
ed the signature of Abe Attell to a  
set of preliminary articles to box  
Owen Moran in the month of August.

GOOD RACING IS ON  
AT KAPIOLANI PARK

Tomorrow afternoon beginning at  
about 3 o'clock, the track at Kapiol-  
ani Park will be the scene of a sort  
of revival of the old racing meets on  
Kamehameha Day, which were once  
so popular in this place. Four horse  
races are assured, and an auto race  
is also on, in case the last arrange-  
ments can be made with one of the  
entries today. The events are not  
fully closed yet, owing to the fact  
that the promoters have not been  
able to get around enough in the  
last two days.

The first event will probably be  
between Makana and the "surprise  
party" which beat out the fast quar-  
ter-miler last Saturday. This new  
wonder is named Leah Girl, and is  
a whirlwind, even if she is a little  
bit of a thing.

Other races have been made, but  
the entries are not yet in condition  
to be given out. A quarter-mile  
event will be held, with four en-  
tries; a half, probably with two en-  
tries; and a three-eighths, also with  
two.

An effort will be made to get the  
traction company to put up prizes.  
No admission is to be charged.

COUNTRY CLUB GOLF

The Country Club will hold a med-  
al play tomorrow on their links, for  
which two beautiful prizes are of-  
fered. The event is special, out of  
the regular schedule, and for that  
reason the committee in charge is  
particularly anxious to see it made  
a big success. Entries open at 19  
o'clock in the morning and close at  
2 p. m.

Members who go out to take part  
will secure score cards from the  
head steward. The entrance fee is  
50 cents. Contestants will play  
around in pairs. The score cards  
will be taken up in the evening, and  
prizes awarded to the lowest score,  
and the next lowest.

The Honolulu Baseball League decid-  
ed yesterday to hold no games to-  
morrow, as was for a while agitated.

Chi Bul won the Cooper batting  
cup at Oahu College.  
Cincinnati has turned Pitcher Fos-  
ter back to Buffalo.
