BILL JONES
 For twenty years Bill Jones had
 worked
 For this firm and for that;
 But had to borrow at the end
 The price of a new hat.
 This week Bill up; he tore his hair;
 Some say Bill even swore;
 But he struck a deal through a Bul-
 letin ad,
 And now owns a grocery store.

CARTER IS INVESTIGATING CHARGES

DAMON UPHOLDS Carter's Conservative LOAN FUND POLICY

"I am unalterably opposed to the wanton expenditure of loan funds and piling up indebtedness for future generations unnecessarily."
 "Then you approve of Governor Carter's policy in holding down the loan fund expenditures?"
 "I most certainly do."
 This bit of conversation tells the story of where Hon. S. M. Damon stands on the question of Territorial finance. Mr. Damon is head of the house of Bishop & Co. and former Minister of Finance, who kept the affairs of the Republic of Hawaii on a sound basis. In talking with the Bulletin man this morning Mr. Damon remarked that he thought the money that was being expended by the Federal Government at the Kahauiki barracks and along the waterfront would put money in the hands of the people and that he next twelve months would show an improvement in this direction over former conditions. Then he put in the remark about the loan fund which is the cause of not a little comment on account of the position taken by the Governor in not floating all the bonds the appropriation bill calls for.
 When asked if he objected to the publication of his views, Mr. Damon responded, "Certainly not."
 "But, mind you," he added, "the inquiry began when Governor Carter started in spending the first two million in order to carry the election."
 "Why, we are almost as deeply in debt as we were before annexation and we have hardly begun our career

under the new conditions. It isn't the immediate effect that is to be the most regretted. It is the future and the example we are setting in the matter of public expenditures. This money has to be paid back sometime. What's more, we are not settling a very good example for those who come after us when we start in spending with more abandon than the 'effete' monarchy."
 "But that first two millions was the first sin. The Territory paid a very high price for the election."
 Speaking of general business conditions, Mr. Damon said that he thought the next twelve months would see an improvement, although it might not be a boom. The total business done in the Territory is large, though it is moving in different channels. The big men are getting more of it and the little men not an increasing proportion. The direct shipments to the other islands are hurting Honolulu, and in some instances purchasers are going over the hands of the San Francisco middlemen and buying direct in New York.
 Notwithstanding the general alleged depression of recent years Mr. Damon learned while travelling on the steamer with Registrar Merriam that there has been an increase in the real estate transactions during the past year.
 "Conditions have changed, to be sure; business is done on a closer margin," said Mr. Damon; "people can't afford to be as easy-going as they were in the old days, but there is more business done. The totals are larger."

Federal Grand Jury Discharged But Report Kept Secret

The Federal Grand Jury this morning filed its final report and received its discharge. The report was presented by Foreman L. C. Ables, but was not read, as the trial jury in the Bolton counterfeiting case was present and as the report dealt extensively with the subject of counterfeiting cases which the Grand Jury had investigated which might, it was thought, exercise an undue influence on the minds of the jurors to the prejudice of the defendant.
 The report was given to the press,

but the court at the same time gave instructions that it must be kept secret until the rest of the counterfeiting cases on the calendar had been disposed of.
 On discharging the Grand Jury Judge Dole thanked it for the work it had done, the report showing that a large number of cases had been investigated. The Grand Jury was a safeguard. It represented the best public sentiments of the community. It had human sympathy and its object was to see that

WANT TO SETTLE REYER SALVAGE BY A COMPROMISE

It is understood that the matter of salvage in connection with the rescue of the French collier Ernest Reyer off the reef near Diamond Head is to be settled as soon as possible. In addition to the extra expenses attached to the boat now in port the cargo cannot be removed until the question is adjusted.
 Theo. H. Davies & Co., representatives of Lloyds Underwriters Association, London, now have the affair in hand and it is said a settlement will be reached within a few days by means of a compromise.
 The three claims against the ship aggregate \$15,000. Two of these are for \$20,000 each put in by the Inter-Island Company and the owners of the tug Fearless. Captain Miller's claim, of the steamer Lehua, is for \$5,000. When the matter was up to Hind, Rolph & Co., charterers of the collier, it is known that the amounts were considered excessive. The matter is now in the hands of Lloyds altogether who through their agents hope to arbitrate and settle by a compromise in each of the three claims.

PLEASED WITH U. S. SAYS TAKAHIRA IN THE PHILIPPINES

Washington, Oct. 19.—Declaring that Japan welcomes the presence of the United States in the Philippines, Mr. Takahira, the Japanese Minister, tonight gave a statement to the Washington Post, replying to its inquiry, in which he says that Japan feels "great repose about the Philippines, because they are occupied by the United States with the firm hold of its authority over the archipelago, not to speak of the many object lessons being given there by the new owners by introducing modern improvements in various ways."
 Regarding Japan's future, Mr. Takahira said:
 "I presume it would be better for you to wait a little while before you will be able to see what Japan will do actually. I firmly believe that there will be no departure made hereafter from the line of policy hitherto pursued by the Japanese Government. The open door policy proposed by the United States and readily joined in by Japan in July, 1900, will be scrupulously observed throughout the future and the legitimate rights and interests of all nations will be duly respected wherever our influence would extend."
 Regarding Japan's ability to meet her indebtedness, Mr. Takahira said:
 "No doubt the burden is very heavy, but if we consider the fact that the extraordinary special tax alone was raised since the war to the amount of \$75,000,000 per annum without hampering the growth of commerce and industry. I feel sure there is no cause for pessimism and moreover a satisfactory sign is the continued development of both internal and external trade."

JAPANESE CLAIMS ANDREWS ACCEPTED SPECIAL \$200 FEE

Rumor has it that charges have been made against Attorney General Lorrin Andrews, who is now in Shanghai, to the effect that he has accepted a fee from certain Japanese to prosecute Douse, who is charged with being the cause of his Japanese helper's death at Punnene. It is reported that Andrews accepted a fee of \$200 with the understanding that there was \$300 to follow it later on. The same report has it that Judge A. S. Humphreys, who is conducting the case of the prosecution against Douse, placed the matters this morning with Governor Carter who is now investigating the matter.
 It will be remembered that Andrews was on Maui at the time of the Douse affair and that he had a conference with a body of Japanese, the friends of the dead man, at the time. When he returned to Honolulu Andrews spoke with considerable indignation of the verdict of the coroner's jury, which practically exonerated Douse, as well as of the medical testimony on which it was based. At the same time he announced his intention to personally conduct the prosecution of the Douse case.
 Judge Humphreys was called up by telephone this forenoon and asked what he knew about the matter and if he had preferred charges against Andrews to the Governor.
 "I don't want to be interviewed," was his answer. "The Governor might resent it." He gave as his very significant reason.
 In the mean time the stir which was evident in official circles during the entire forenoon, showed plainly that there was something unusual in the wind.
 Judge Humphreys was seen to enter

ANNAPOLIS, Md., Nov. 1.—Prince Louis of Battenburg has arrived here.

not \$200. Andrews said that was to be used to pay the expenses, fees for the medical experts and so on. Then there was also an understanding that he should get \$300 later on, but this was never collected. Now Andrews has gone away and left me in a lurch. I don't think it is right. I asked the Governor if he was going to do anything about the matter, but he said that he would have to make a full investigation first.
 His Imperial Japanese Majesty's Consul General here, Hon. Miki Saito, seen by a Bulletin reporter this afternoon, stated that he was not in possession of details in regard to the affair above noted.
 "It is none of my business," said the Consul.
 Mr. Saito went on to say that his assistant had indeed spoken of some such complaint from Punnene. He believed, he said, that some complaint had been made to Judge Humphreys, by Japanese at Punnene and that Humphreys was taking steps to have the Governor investigate the matter. He also stated that his former assistant had heard much talk of the business among the Japanese at Punnene. Officially, he, the Consul, was not interested.
 Shortly after 2 p. m. Governor Carter was seen.
 "Are you at present investigating charges against Attorney General Andrews?" asked the reporter.
 "I have nothing to say," said the Governor.
 At this moment Peters and Anderson arrived. The Governor and they closed themselves in the executive chamber and the conference was resumed.

C. L. Clement Has Closed His Career With Pistol Shot

[Special by Wireless Telegraph]
 WAILUKU, Maui, Nov. 1.—C. L. Clement, recently editor and manager of the Maui News, was found this morning in the Iao Cemetery with a pistol shot through his head.
 Clement committed suicide Monday night.

The sad ending of Mr. Clement will give rise to general regret, as he was very well known in this city, and up to recent months had made a very good record on Maui. Clement came to the Islands some eight or nine years ago and first secured employment with the advertising department of the Gazette Company. He later started the Pioneer Advertising Company and was connected with other concerns here and in Hilo at various times. When Clement attended to business he was very successful. He was well thought of and even in his adversities found not a few friends. He was one of those men, however, who seemed un-

THEIR RAILWAY STARTS

SEATTLE PROJECT IN WHICH GILL AND FARLEY FIGURED

HAVE SECURED MILLION AND A HALF IN BONDS—RAPID TRANSIT TO THE SUBURBS.

The Seattle Times of Oct. 12 says: A new interurban electric railway, running between Seattle and Everett and beyond, will be built by the Silver Lake Syndicate, Salisbury House E. C., London, England, within a year. Record of the mortgage, which means an immediate expenditure in this city of \$1,500,000, was placed on file in the King County auditor's office this morning.

Contracts for the construction of the line have been let to local residents. Work will actually start within a month and the road will be in operation as far as Everett within one year.

The mortgage is given by the Seattle, Everett and Skagit Electric Railway, a corporation organized here about a year ago. While no work has been projected beyond Everett, the right of way has been purchased and all arrangements completed to extend the road as far north as Bellingham, thus giving a through rapid transit system from Bellingham Bay to Seattle.

The mortgage as filed this morning runs to the Colonial Trust Company of New York, trustee, and the interest coupons on the bonds secured by the mortgage are made payable on the first of October and the first of April, each year at the office of the Silver Lake Syndicate, Salisbury House, E. C., London, England.

Mortgage Secures Bonds.
The mortgage is made to secure the payment of 1,500 \$1,000 gold bonds, payable forty years after date, and bearing interest at 5 per cent, per annum. It covers all the franchises, rights of way, property of every description now owned or hereafter to be acquired by the electric railway company in the construction and equipment of its railway between Seattle and Everett.

It is now almost two years since Mr. Goldson, a California man, came here representing London capital to look into the question of building an interurban electric line from this city to Everett. The more Mr. Goldson investigated and studied the subject the more firmly was he convinced that such a road would pay.

The matter was then laid before the London people who, after careful investigation and reports by eminent engineers, decided the investment to be a good one and authorized Mr. Goldson to have his company execute the necessary papers for the securing of the bonds, after which they would advance the money needed for the construction of the road.

In order to complete all transactions David Calvert, head of the Silver Lake Syndicate, of London, came here to close the deal, and the filing of the mortgage this morning in the office of the county auditor is the consummation of the negotiations.

Judge W. Lair Hill, who is interested in the line and is vice-president of the corporation, said:
"I have been actively associated with Mr. Goldson in this enterprise from the first, having come to Seattle with him when he came here two years ago to investigate it. The building of the road is now assured and there can be no more question of its being a paying enterprise than there is that Seattle is destined to be a great commercial city in the very near future."

The officers of the Seattle, Everett & Skagit road are: W. H. Goldson, president; W. Lair Hill, vice president; Edwin S. Gill, secretary; Otto Stendahl, treasurer; P. J. Farley, W. P. Morrison and J. H. Wortham, directors.

Mr. Goldson is a former California man and well known as a promoter of large enterprises. For several years past he has represented English capital in various investments both in the United States and Mexico.

W. Lair Hill is well known among the lawyers of the Pacific Coast. Edwin S. Gill is a prominent attorney of this city.

Otto Stendahl is a lumber man of Seattle, having made his home at the Diller Hotel for several years past. W. P. Morrison is a large land and timber owner of Skagit County, where he resides.

P. J. Farley is an attorney of this city, and J. H. Wortham is a large property owner and merchant of Corvallis, Oregon.

Louisville, Ky., Oct. 14.—The football team of the Kentucky Institute for the Blind was defeated by the Crescent Hill team this morning by a score of 25 to 0.

The blind boys made a plucky effort, but the handicap of almost a total lack of sight was too great. The game was the real article, with a few amendments to the rules to enable the blind players to keep around the ball.

China has ten railways in operation, with a total mileage of 2,235, or about one-tenth that of Great Britain.

HANAIEI NEWS NOTES

Hanaiei News Notes
Hanaiei, Kauai, Oct. 30.—C. H. Willis, the manager of the Pitcairneville plantation who has been seriously ill with appendicitis, was operated on Sunday by Doctors Putnam and Wilkinson. According to latest reports, Mr. Willis is doing nicely and hopes for his recovery are brighter. W. F. Sanborn is at present acting in Mr. Willis' place as manager of the plantation.

W. E. Rowell came down from the woods Friday and reports that work on the trail is progressing rapidly. Already about three miles of the trail has been cleared. On account of the swampy country, the trail will not be safe for horses to travel on.

Mr. Robertson, who is now working for the Kauai Electric Co., was in Hanaiei Friday and Saturday on business.

Mr. and Mrs. A. S. Wilcox and Miss J. Quinn arrived in Hanaiei on Monday. A. S. Wilcox comes over on business.

Mr. and Mrs. Moler and child, on their way to Wainiha Monday from Elele, spent the night at Hanaiei at Deverill's Hotel.

The Kauai Electric Co. is now putting in a telephone line from Hanaiei to Wainiha. When this line is in, those in Wainiha will feel in a way somewhat nearer civilization.

DUNNE HAS SET-BACK.

Chicago, October 15.—Mayor Dunne's traction plans received another jolt today. The United States Supreme Court did it by advancing the ninety-nine-year franchise cases, appealed from Judge Grosscup's court on motion of the traction interests, fixing January 24 as the date for oral arguments.

This, with the delay of the hearing in the quo warranto cases in the State court, was a decided setback for the Mayor.

The legal department of the city opposed the motion to advance the cases because the city desired to have the State Supreme Court decide the quo warranto proceedings striking at the ninety-nine-year rights, so as to have the decision as a precedent in the review of the Grosscup decree and the hearing by the Supreme Court at Washington. In the ordinary course an appeal pending in the Federal Supreme Court would not be reached for months.

The Hospital

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

subscribed and sworn to before me this 28th day of October, A. D. 1905. P. H. BURNETT, Notary Public, Honolulu, County of Oahu, Territory of Hawaii.

WEDNESDAY, NOVEMBER 1, 1905.

Editorial Note and Obituary have been heard that the country is free.

If Bernard Shaw needed further advertisement, the police in stopping his play has furnished it.

Promoter Wood is an optimist who backs his big hope with the world work that brings success.

Hawaii's Promotional Committee is not likely to hesitate over what the trophy shall be, if the yachts for the ocean race are in sight.

The greatest victory of Russia's awakening is found in the retirement of Pohlmannstair, the Holy Russian detactor of former years.

Supervisor Smith's proposal to macadamize Bernatia street should be approved with the proviso that an eighth fence be taken down.

Though "Scotty," the Death Valley frecklehead, was not killed, it can truthfully be said, as of those who have gone before, "He done his man."

Europe can't bear the idea of giving up Royalty and allowing free advance to Republican form of government.

Senator Achi wants to fight a battle of legal technicalities with President Pinkham. It would seem appropriate that the premises in question be first dealt with in a manner that indicates a degree of public spirit appropriate to a Civic Federation agent interested in the improvement of the town.

Retiring Superintendent of Public Instruction Davis is one of those men who does not require high positions as an inspiration to work for the welfare of the Territory and its future citizens.

Perfection Policies. With the Promotion Committee laying their plans to secure action in beautifying Honolulu and the County Supervisors taking what seems to be a real interest in this line of work, there ought to be something accomplished.

It will indeed be refreshing and gratifying if the citizens of all sections cooperate in a manner that not only evidences an appreciation of what others are willing to do for general public welfare, but equal readiness to act themselves.

Some day the citizens of Honolulu and all other districts of the Territory will learn that the best and most successful political policy for public servants to follow is the course that in the broadest sense improves the town. It seems strange that this has to be learned by intelligent men, but there are still those who think it is good politics to be tricky and allegedly keen, in preference to shouldering straightforward work for a general upbuilding.

Honolulu is already an attractive city to visit or for permanent residence. Nevertheless it can be improved a hundred per cent, and the improvement along the lines indicated by the Promotion Committee will be a greater income-producing investment than the expenditures under the present plan.

The Promotion Committee improve ment program sets the people at work doing for themselves for present as well as future benefit.

When the Promotion Committee asks you to take up the improvement club work, don't respond with the announcement that you haven't the time. Don't think there is nothing to do, as long as there is a broken fence that should be wiped out, a seedy lawn that has possibilities, or streets that can be beautified through operation of residents in a unified scheme of tree-planting or shrub cutting.

Don't be a laggard in work for the town.

THE LOAN FUND POLICY

Hon. S. M. Damon's interview on loan fund expenditure is a valuable addition to the array of comment in which the policy of the Governor has resulted. Mr. Damon knows what it is to provide funds for the conduct of government; he knows how a surplus is created and he is not unacquainted with the art of dealing with the people when there are many difficulties in the way.

He is also accustomed to speaking his mind in a business, non-partisan manner.

Present indications seem to point to a general acquiescence of the Governor's scheme of spending only a portion of the loan funds appropriated by the Legislature. Undoubtedly the citizens of the Territory on sober second thought will be satisfied that there are other considerations in spending loan funds that carrying an election.

Of one thing however those opposing the Governor's policy may rest assured. Their opposition will amount to nothing more than a nagging whine unless they are prepared with a conviction and a determination that will carry the question to Federal authority and secure a review of the reasons for setting aside a portion of the bands

anticipated by the last loan appropriation.

Governor Carter has presumably made up his mind to a permanent policy. His recommendation to the President is for the approval of a certain number of bonds. The President will certainly follow the suggestions of the Governor unless representations should convince him that this policy is wrong.

Hence citizens of Hawaii who grow angry over the Governor's alleged arbitrary assumption of authority are barking up the wrong tree. They can call the Governor names or criticize his recommendations, but in the final analysis it is the President that establishes the limit of the bonds that shall be sold, and the money Hawaii shall expend on account of futures.

There are three factions at least in the matter of the proposed revision of Republican party rules and regulations. One wants but one convention, outside of the Territorial convention, to be known as the County convention and to handle the nomination of legislators and all County officers, and is willing that the number of delegates be increased.

Another wants District Committee conventions for the nomination of legislators and the County convention for the nomination of County officers.

The third wants the District Committees to become subcommittees of the County Committee.

Now that the reports of the revision committee are to be made next Saturday evening, and some amalgamation of ideas is obligatory, it is agreed by a number of those at the head of affairs that something along the line of the following scheme will be eventually adopted and the rules revised accordingly.

1. One general County Convention for the nomination of members to both houses of the Legislature and all County officers.

2. The doing away with District Committees, as such.

3. The doubling of the number of delegates to the County Convention, providing for a delegate for every twelve instead of for every twenty-five electors.

4. Providing for the election of members of the executive committee of the County Committee, instead of their nomination by the committee and appointment by the chairman of the County Committee.

5. Providing for two representatives from each precinct in the County Convention.

WORTH A KING'S RANSOM.

Saved From the Maelstrom of Catarrh. How Pe-ru-na Saves Life.

MRS. COL. E. J. GRESHAM.

MRS. COL. E. J. GRESHAM, Treasurer and President of the Herndon, Va. Improvement Society, writes the following letter from Herndon, Fairfax county, Virginia:

Herndon, Va. The Peruna Medicine Co., Columbus, O.: Gentlemen—I cannot speak too highly of the value of Peruna. I believe that I owe my life to its wonderful merits.

I suffered with catarrh of the head and lungs in its worst form, until the doctors fairly gave me up, and I despaired of ever getting well again.

I noticed your advertisement and the splendid testimonials given by people who had been cured by Peruna, and determined to try a bottle. I felt but little better, but used a second and a third bottle and kept on improving slowly.

"It took six bottles to cure me, but they were worth a king's ransom to me. I talk Peruna to all my friends and am a true believer in its worth." —Mrs. Col. E. J. Gresham.

Thousands of women owe their lives to Peruna. Tens of thousands owe their health to Peruna. Hundreds of thousands are praising Peruna in every state in the Union.

We have on file a great multitude of letters, with written permission for use in public print, which can never be used for want of space.

Address The Peruna Medicine Co., Columbus, O., for a book written especially for women, instructively illustrated, entitled "Health and Beauty," sent free to women.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle, or six bottles for five dollars.

Those wishing direct correspondence with Dr. Hartman can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A.

Benson, Smith & Co. will supply the retail drug trade in Honolulu.

Many are called TO TESTIFY IN KANEALI CASES

A number of subpoenas were this morning received from Kaula summoning several well known Honolulu people to appear before Judge Hardy at Lanue next week as witnesses in the two cases of the Territory against Kanealii, the Kaula Supervisor who is charged with forging his nomination papers.

The ones who are subpoenaed are Chief Clerk C. R. Buckland, Clerk of the Supreme Court Henry Smith and Charles Nottley, the Home Rule chief-tain.

All these are ordered to appear on Monday, November 6, and Wednesday, Nov. 8. Buckland is commanded to bring with him such records relating to the candidacy of Kanealii as are to be found in the Secretary's office, while Smith is ordered to bring the original nomination papers of Kanealii and also of S. Kanewann, who is a candidate for Deputy Sheriff, and a letter of Kanealii to Mr. Rowell.

Gustave Rose, the license clerk, is ordered to appear before the Kaula Grand Jury with the records regarding liquor licenses.

THIS BRINGS IT HOME

It is curious but satisfying fact that Chronic Brights Disease which according to medical authorities is an incurable and fatal disease is now actually being cured. We have not attached importance to the statements of recoveries we have seen in papers from the States but that they are not all rumors is now evident from several recoveries here.

A. H. Otis of the Honolulu Drug Co. tells us of two interesting cases. He was swollen with dropsy due to advanced Bright's Disease and both the patient and his physician had given up hope. Otis kept urging a trial of the new specific till the patient finally consented. Recovery was complete, the patient leaving a few months later for California where he now resides.

Another case was that of an officer on one of the island steamers. He was in a hospital and considered hopeless when put on the treatment. He has now been back at his post for some time.

The specific that was employed is called FULTON'S COMPOUND FOR BRIGHT'S DISEASE. It seems to be a genuine discovery. Otis says that there are very few failures but that it requires patience.

KICKED-ON-THE-JAW.

The foregoing is not intended to tell what happened to one Carlisle football player—it is the name of one of Woodruff's latest candidates for the Indian eleven. Kicked-on-the-Jaw, while possessing all of the athletic ferocity which the name might suggest, is a mild-mannered red-skinned Seneca, just arrived at the voting age, who received his name as the result of a kick on the chin received when he was 19 years old, and while he was trying to ride bareback on two Indian ponies. His given and Christian names are Herbert John. Before coming to Carlisle he played lacrosse against such teams as the Torontos, Crescents, and St. Catharines, of Canada.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

The Sporting World

GOOD SPORT BILLED BASEBALL AND FOOTBALL

The baseball park will present a busy scene on Saturday. For the first time in the history of Honolulu sport there will be a game of football and a game of baseball played on the same ground and on the same day. All for 25 cents. All this fun will happen Saturday when the Diamond Head baseball team meet the Alohas in a challenge game, and the St. Louis College struggle with the High School for football honors.

Either one of these games would be well worth the price of admission. The Diamond Heads and Alohas put up the finest kind of baseball. Any one who saw their game on Sunday will certainly be on hand Saturday to see the first two teams of the Winter League fight it out a second time. The Diamond Heads feel confident that this time they will take a fall out of the champions. On the other hand the Alohas are just as confident that they will win. In any event it will give the lovers of baseball a chance to see the brand of ball that the Winter League are capable of playing.

The football match between the two schools is attracting much attention amongst the younger sports. Both elevens are composed of husky young athletes who certainly know how to act in football togs. There is much rivalry exists between the two teams and the game will be of the red hot order.

Gleason's men from St. Louis College are showing good form and from the way they trimmed the soldiers they can "go some." The High School boys will line up full of confidence and ginger. They are all in good physical condition and should have no excuse in case they lose. The two teams will probably line up as follows:

- | | |
|---------------|----------------------------------|
| HIGH SCHOOL. | ST. LOUIS. |
| Center. | Center. |
| Gilliland | Left Guard Right—Kalana |
| Wright | Right Guard Left—Bishaw |

AMATEUR FIGHTERS TRAIN

The fighters who will appear at the Orpheum on Saturday night are all busy training for their coming mills.

FIVE WITNESSES

After struggling against Bright's Disease 18 years, Mrs. Adeline Sweet of San Francisco, aged 74, was told by her doctors she could not live three days. She recovered. We asked several of the friends to attest the facts. Here they are:

San Francisco, Dec. 12, 1904. Jno. J. Fulton Co.—Dear Sirs: As requested, we visited Mrs. Adeline Sweet of 304 Carl street and found her a charming old lady, bright and sunny, her every word carrying conviction. She suffered with Bright's Disease over eighteen years and had been under the care of the best physicians, including Drs. Monihan and Irvine of Minneapolis and several here.

Early in November, 1902, they decided she couldn't live three days. Her next-door neighbor, Mr. J. A. Eveleth, president of the Eveleth-Nash Fruit Co., procured Fulton's Renal Compound for Bright's Disease and insisted upon her taking it. She commenced to rally, and is today a living testimonial to the value of this life-saving Compound. She took dozens of it, and although 74 years of age she is now well enough to visit friends, assist in the housekeeping and can do her own shopping. She closed, "I hope my story will reach and impress many suffering ones." Facts certified and approved by signed MRS. NEVADA PLASTERER, 480 Geary St.

Signed MRS. J. WADLEIGH, 480 Geary St. Signed MRS. J. F. NOUNNAN, 3024 California St. Signed MRS. M. N. VANNOY, 3024 California St.

Also by J. A. Eveleth, president Eveleth-Nash Fruit Co., 312 Van Ness Ave. Up to the discovery of Fulton's Renal Compound there was no cure for chronic Bright's Disease. Advertised medicines have claimed to cure it, but any of the medical text books will tell you there has been no cure. Under Fulton's discovery about 87 per cent recover.

FOURTEEN BUSY PUGS

Fourteen busy pugs are daily going through their conditioning process. Boxing, wrestling, punching the bag, skipping the rope and road work is being indulged in.

It has been many a day since the Honolulu sports have had a chance to witness two heavy weights in action. When the two hard hitting heavies, known as Lang and Dixon, face each other there is going to be something doing. These lads will each tip the beam at 200 pounds.

Nigel Jackson claims that when he gets through with Wahilani he will be ready to meet Jack McFadden or Jimmy Britt. It is a question, however, whether he will take the measure of the local lad. It is going to be tough work.

Interest is centered in the Nelson-Heine fight for the feather weight championship. Heine is well liked amongst local sports and will probably enter the ring a slight favorite over Young Nelson. Nelson is the only youngster who has been able to down Kid Harris. This was one of the best fights ever seen at the Orpheum. Cohen claims that Nelson is the dandy.

L. A. C. MEET

The Portuguese Athletic Club will meet Thursday night at the Orpheum at 7:30 o'clock. At this meeting a schedule will be decided upon for the baseball league. The grounds will also be chosen.

TENNIS DRAWINGS

There are all sorts of tennis matches booked for this afternoon. Youngsters will swing rackets against the older players. Englishmen will face Americans and cracks will go up against "has-beens." In all the matches promise to be well contested.

D. H. Hitchcock and W. H. Babbitt will start the ball rolling with Allen Lowrey and R. Paris at 4 p. m. At 4:30 p. m. A. T. Brock and Dr. Hobby will play R. C. Van Vliet and C. G. Boekus. This promises to be one of the hardest games of the day.

At 4:45 D. W. Anderson with L. Lewton Brain meet I. S. Dillingham and Captain Humphrey. This match will be English against America.

The following will play tomorrow: F. E. Greenfield and A. C. McKeever vs. M. F. Prosser and W. P. Roth. C. H. Cooke and F. Atherton vs. A. P. Griffiths and Prof. French. H. Dillingham and G. G. Fuller vs. W. Warren and H. S. Gray. E. R. Adams and S. G. Wilder and F. T. P. Waterhouse and G. S. Waterhouse drew eyes.

New York, Oct. 18.—The visit of the English Pilgrim Association football team to America to introduce the association football game to colleges and leading athletic clubs in this country has received a big impetus from the Metropolitan Association Football League, which organization has selected a committee to advance the game in all of the prominent colleges with the ultimate object of establishing a big intercollegiate league.

The leader of the English team is now in Washington trying to secure President Roosevelt's attendance at Saturday's game at the polo grounds. Failing this the Britisher will offer to take the visiting eleven to Washington and play and exhibition game before the President.

Chicago, Oct. 14.—Six tank records, including two world's records, were broken by H. J. Handy at the October meet of the Central Y. M. C. A. last night. He lowered the world's record for the 440-yard swim by 1-15 seconds, although it is regretted that the mark was not made in real competition, so as to go down as a world's record. His time for the distance was 5:58.3-5. The previous indoor record was 5:59.4, held by F. Galley, of San Francisco, and the outdoor record is 6:02.2-5, held by F. Daniels, of New York. Handy has been swimming under the world's record in practice for some time, and it is hoped by the members of the Association that in real competition he will do still better.

New York, Oct. 14.—The final contest for the women's national golf championship began today between Miss Margaret Curtis and Miss Pauline Mackay at the Morris County Links, at Convent Station, N. J. Miss Curtis represents the Essex County Country Club, of Manchester-by-the-Sea, Mass., and Miss Mackay, the Oakley County Club, of Watertown, Mass.

Over at New York recently Chicago O'Brien again made his presence in the ring felt. The bricklayer plunger went around to each book and offered to lay all the way from \$3,000 to \$12,000 on Consideration at 1 to 5. It is estimated that he got down \$50,000 on the horse at 1 to 6.

RICE'S LETTER

The Garden Island publishes the following:

To Editors:—The Garden Island requests that the newspapers, which published Governor Carter's letter to the Hilo Chamber of Commerce on the collection of the income taxes be kind enough to publish above letter from Representative Rice, giving the other side of the question.

EDITOR.

Lihue, Kauai, Oct. 26th, 1905. Editor Garden Island, Sir:—I have read the letter written by Governor G. R. Carter to the Hilo Chamber of Commerce, dated October 21st, in which he states that the members of the last Legislature are entirely to blame for the trouble the outside Counties find themselves in regarding their just share of the corporation income taxes.

Governor Carter states that the outside members did not try to adjust the law so as to prevent any dispute about the share of the outside counties in the income taxes, and by their indifference practically agreed that Oahu County should have all income taxes.

I deem it my duty as a member of the last Legislature to take issue on his statement of fact.

The outside members all wanted the matter adjusted so as to make all dispute as to where the taxes should go impossible, and to that end introduced the following amendment to the income tax act and passed the same through the House, to-wit:

"Section 9. Where Tax Payable. The taxes on income imposed by this chapter shall be payable in the Taxation Division in which the person has his legal residence and in the case of a corporation in the Taxation Division where the property of the corporation or the major part thereof is located."

This amendment was passed through the House by the unanimous vote of all outside members and was opposed by the unanimous vote of all members from Oahu.

This amendment was killed in the Senate by the interference of the Treasurer and the Governor, who represented that such an amendment might invalidate the constitutionality of the income tax act, and thus defeat a good law which the Supreme Court had upheld in its former condition.

Governor Carter, as represented to me by Treasurer Campbell, stated at that time, before the Senate killed the amendment, that he would veto any bill containing this amendment.

Governor Carter and Treasurer Campbell sent for me to come to the Executive Chamber to consult with them in regard to this amendment, which I had introduced, after the amendment had passed in the House, on the same day, and urged me to secure a reconsideration of the bill and have this amendment withdrawn, which I declined to do.

After the Senate had acted, and the time came for the appointment of the Conference Committee from the House to confer with the Senate committee as to whether the House would yield this amendment, Treasurer Campbell, who had prepared the original bill, again came to me to induce us to drop the amendment.

At that time I conferred with Representatives from the outside Islands regarding the matter and stated to

them what Treasurer Campbell had told me, "that in future he would try to have all the corporation income taxes collected in conformity with the spirit of the amendment, so as to give the Counties their just shares" and acting upon this promise of the Treasurer, and the view of a leading member of the Judiciary Committee that under the law, as it stood, the outside Counties could get their shares anyway, we conceded to the Administration's request, and dropped the amendment.

Now, does the Governor mean to say that the outside members of the Legislature raised no objection to an unjust appropriation of the income tax by the Administration for the benefit of the County of Oahu?

Hawaii, Maui and Kauai members of the House did all in their power to protect their constituents and secure for them their just share of the taxes, and would have succeeded in the Legislature but for the interference and lobbying of the Administration, and its fair, false promises. Yours very truly, CHAS. A. RICE, Representative from Kauai; 6th Representative District.

Berkeley, Oct. 17.—The best men on the freshman team that defeated Stanford Saturday have been transferred to the Varsity squad, and will try for places on the big team. The men who have come out are: Schaffer and Henry, who played quarter; Stanton, right half; Cerr, left half; O'Connor, right end; Snell and Reinhart, fullbacks, and Cunha, who made such a good showing in the freshman game at tackle.

Godwin Smith, who has outgrown the small title of "Professor" by the breadth of his intellectual activity and usefulness to an advanced age, was 82 years old the other day. The Toronto Globe on Saturday, in calling attention to the anniversary, referred to Mr. Smith as "the most distinguished" Canadian now alive. But Mr. Smith is more than a Canadian. He belongs to the English race.

"SAVE-THE-HORSE" SPAVIN CURE

Registered Trade Mark

WERE THESE TWO CASES WORTH THE COST OF TREATMENT?

Brooklyn, N. Y. One of my horses went lame from side or shell bones on both feet, which extended entirely around the quarter, and was laid up for about three months. I used two bottles of "Save-the-Horse," and the horse is perfectly sound. I have driven her over paved roads, and one day gave her a sixty-mile drive and she never showed the least particle of lameness. The growths have nearly all disappeared. I have owned horses for years, used them to build railroads and in all kinds of contract work, and have used remedies, blisters, firing and electricity, but never saw anything take hold and produce such results as "Save-the-Horse" in this case.

Nyack, N. Y. In August I had a mare with an ankle cocked from a bad wrench in a race. It was so bad I had concluded to shoot her, but was persuaded to breed her and turn her out. I bred her but instead of turning her out used your "Save-the-Horse." In three weeks I was more than surprised to see the swelling disappear, and the remedy produced a complete cure. She is as good as ever. I have raced her since and drive her any distance without any sign of lameness. I cannot say too much for your remedy. GEO. F. BEHRINGER, JR.

WOOD ENTERS UPON DUTIES

New Secretary Makes A Report to The Committee

WILL REQUEST CITIZENS TO ORGANIZE FOR IMPROVEMENT

PROMOTION MEMBERS FAVOR A YACHT RACE AND WILL OFFER A TROPHY TO WINNER.

At a meeting of the Hawaii Promotion Committee yesterday afternoon H. P. Wood, the new secretary, entered upon his duties in place of E. M. Boyd retiring. In departing from this work Mr. Boyd said it had been one of the most satisfactory experiences in a quarter of a century and assured the members of his appreciation. In a few well chosen words the retiring secretary paid Mr. Wood a number of compliments.

Those present at the meeting were: E. J. Spalding, F. C. Smith, A. Gartley, E. M. Boyd and H. P. Wood.

In responding to Mr. Boyd and actually taking hold of the committee's secretaryship Mr. Wood read a letter which is as follows:

To the Chairman and Members of the Hawaii Promotion Committee.

Gentlemen: It gives me pleasure to report that having accepted your offer of the secretaryship of the Hawaii Promotion Committee, I severed my connection with the San Diego Chamber of Commerce, September 20th, leaving that day for San Francisco, via Los Angeles, in order to take passage by the Alameda sailing September 20th. I remained in Los Angeles until 3:30 p. m. of the 27th which gave me ample time to thoroughly investigate conditions there.

The committee's representative at Los Angeles has been known to me for several years. Miss Whitlock has the confidence and respect of the management of the Southern Pacific and Santa Fe railroads and works in perfect harmony with all the railroads and steamship lines represented at Los Angeles which, as you are aware, is the tourist clearing house for California. Being on friendly terms with Mr. J. J. Byrne, G. P. A. of the Santa Fe, and also being well acquainted with Messrs. Graham and Martin of the Southern Pacific, I approached these gentlemen concerning Miss Whitlock, and was assured by them that in their opinion Hawaii could not have a better representative at Los Angeles, thus confirming my own opinion. Miss Whitlock's office at Los Angeles, 297 W. Third street, is centrally situated and well arranged for the work carried on.

The visitor is cordially greeted, all questions being courteously and reliably answered. You are at once impressed with the earnestness and thoroughness of the young lady in charge. I am pleased to state further that Miss Whitlock has now completed arrangements whereby she has secured the services of a competent assistant, a young man experienced in railway passenger business, of good address, who during the winter months will be constantly traveling throughout California visiting at regular intervals all the prominent hotels, distributing our folders and making a special effort to turn the attention of the traveling public toward Hawaii. At present I understand that the committee is allowing Miss Whitlock \$100 per month, which includes rental of office and service. I also have been given to understand that from the 15th of October or the first of November an additional \$50 per month might be allowed, this amount having been subtracted from the original allowance for the purpose of meeting sundry expenses at the Portland Fair. I have no hesitation in recommending that Miss Whitlock be retained as the committee's representative in Los Angeles and that the allowance of \$150 per month for this branch of the work be continued. The only further recommendation in this connection would be to authorize the making of a transparency containing the words, Hawaiian Information Bureau, to be placed over the doorway at the entrance to the office. Such a sign would not be very expensive and would serve to give additional publicity as to the location of our headquarters.

As you are doubtless aware, the Los Angeles Chamber of Commerce maintains a large and most interesting exhibit of the products of the southwest in its handsome building on Broadway, which is visited on an average by at least 1500 persons daily, mostly tourists. I am of the opinion that we could obtain floor space, say 15x20 feet, in a desirable part of the main exhibit room at a monthly rental of \$25, which would include the distribution of pamphlets, care of exhibit, etc. It should not be a particularly expensive matter to collect and forward an interesting exhibit sufficient to fill such a space, and I fully believe that it would prove of decided value to us. A card suitably worded and prominently displayed would cause those sufficiently interested to desire further information to call at 297 W. Third street, and thus

would prove of valuable assistance to Miss Whitlock. I have a plan for furthering work along these lines which I will endeavor to formulate and submit at a future meeting of the committee.

Upon my arrival in San Francisco I called at the rooms of the California Promotion Committee and was assured by Mr. Rufus P. Jennings, the executive officer, with whom I have had most pleasant relations for some time past, that the California Promotion Committee would be very glad to cooperate with the Hawaii Promotion Committee in every way possible. Their rooms at 25 New Montgomery street are visited daily by a great many travelers and could be used to advantage by us. As you are aware the ticket office of the Southern Pacific Railway in the Grand Hotel, corner of Market and New Montgomery streets, is constantly thronged by the traveling public. The quarters are now being added to and improved and a much larger space allotted to the information bureau than at present occupied. Believing that our folders, though unusually attractive, would be lost if placed in the racks with hundreds of others, I secured a promise from the chief of the bureau, Mr. Arthur R. James, that we should have a special rack space of about two by three feet, in which a suitable sign could be painted calling attention to the attractions of the Islands, the folders being placed below the same thus making it possible for every person approaching the Information Bureau to have their attention attracted to Hawaii. The chief of the bureau also expressed a willingness to give us wall space for enlarged photographs, paintings, etc.

The State Board of Trade of California is also willing to allot us exhibit space for our advertising matter. The St. Francis Hotel has its information bureau in which Hawaii literature occupies a prominent place. The Palace Hotel has no information bureau but now that its assistant manager, Mr. N. S. Mullen, is making himself acquainted with the attractions of Hawaii, his knowledge and friendship will prove of great assistance in turning the attention of travelers this way. In my opinion it is only a matter of a very short time when all the leading hotels throughout the Pacific coast will realize the desirability of including Hawaii as an additional attraction to the traveler who is visiting the Pacific coast. They will then urge their patrons to make the trip, largely of course from selfish motives, hoping thereby to again have the pleasure of welcoming them upon their return from this delightful voyage across the Pacific.

All the railroad lines and steamship lines centering in San Francisco can be depended upon to materially help in advertising Hawaii. Your Committee has been in constant communication with them, they already know and appreciate the value of your work.

In addition to circulating folders throughout the territory covered by his representatives, Mr. Dunan, G. P. A. of the Pacific Coast S. S. Co., promised me that he would have included in all folders issued by his company in the future a paragraph devoted to the Islands urging travelers to visit Hawaii after doing the Pacific Coast. And in this connection I might say that immediately upon receipt of my notification of my appointment as secretary of the Hawaii Promotion Committee I forwarded a circular letter to a large number of railway men with whom I had previously been in correspondence asking for their assistance in advertising the attractions and advantages of Hawaii. A number informed me that they were already in touch with the committee through Mr. Boyd's efforts and gladly promised to continue in line.

The fifteen or twenty letters accompanying this report offer ample evidence of the success attending the issuance of the circular letter above referred to. We have therein the assurance of many a fine advertising agency that Hawaii will be remembered by them hereafter, assistance whose value, if measured by dollars and cents, would be considered very valuable. In conclusion permit me to say that I thoroughly appreciate the opportunity you have afforded me to work for Hawaii and that I shall do my utmost to faithfully serve the interests represented by the Committee.

Respectfully submitted,

H. P. WOOD, Secretary.

With the idea of organizing the city into districts for the purpose of universal beautification it was decided by the members to consider themselves a general committee and at a meeting in the near future invite their friends to be present to talk over plans for Honolulu's improvement. The idea is to systematically organize citizens who will take an interest in making their lawns attractive as well as the thoroughfare and avenues. Mr. Spalding suggested that rolling hedges would add to the beauty of the places.

Well known men will be asked to form a central committee on improvements and then sub-committees will be selected. After organizing the Promotion Committee will cooperate and help the citizens in every way possible.

TO MAKE TROPHY PERMANENT.

A communication from T. W. Holron was read referring to the proposed yacht race between Honolulu and San Francisco. Mr. Gartley was of the opinion that a permanent prize would be the best offer, so that the winner would have something to remember his victory. He also suggested that specifications should be stated so that smaller boats could not enter the con-

test just for the fun of the thing. His suggestions were well received. Mr. Holron will be invited to attend a meeting of the Committee and confer with them on different subjects relative to the yacht race.

Mr. Wood read a letter from R. B. Jennings, of the California Promotion Committee, at San Francisco, stating that the people there, as well as himself, were much interested in the boat race of more than 2000 miles and desiring additional facts on the proposition.

Matters concerning the annual flower parade, a water carnival and the possibility of securing the Shriners to visit the Islands after their meeting in Los Angeles next May, were discussed. Mr. Smith thought it would be best to have those interested continue the water carnival three or four days instead of just one night as before. It was suggested to have the automobile flower parade on January 1st instead of Thanksgiving Day. No action was taken in either matter.

Frank Seaman's Advertising Agency of New York will continue to handle the committee's magazine advertising. Mr. Gartley being in a hurry to catch a 5 o'clock boat the committee adjourned to meet again next Wednesday afternoon, instead of Tuesday afternoon.

Cambridge, Mass., Sept. 22 - Harvard's football practice yesterday showed conclusively that Coach "Bill" Reid fully understands the importance of a kicking game under the new rules and intends to play it this year. Almost all of both sessions, morning and afternoon, was taken up with punting. In the morning formations to prevent the blocking of punts were rehearsed. In the afternoon different kickers were tried out and the ends and backs practiced catching punts.

Chambers Drug Co., LIMITED. COR. FORT AND KING STREETS. PLUGGED BATS WON GAME FROM KALIHIS SAYS BOSS MARINO

Edward Marino, manager of the Kalihis baseball team, which was defeated Sunday morning by the Star Lines by a score of 9 to 2, claims that the Star Lines were not entitled to the victory.

Marino declares that the Star Lines used plugged bats during the first three innings. He says the bats were stuffed with cork and that they sent the ball very much farther than would be possible with a legitimate bat.

The trick, says Marino, was discovered at the end of the third inning and the Star Lines were compelled to use the bats of the Kalihis.

It was in the first three innings that the Star Lines scored eight runs. After bats were changed the Star Lines made but one run to the Kalihis' two. All on account of stuffed bats, says Manager Marino.

THE INDEPENDENT AFTER 10 YEARS CEASES PUBLICATION

The Independent, F. J. Testa, editor, ceased publication with yesterday's issue, having for ten years, day by day, lived closely to its name.

"Vale!" With this word The Independent begins and ends this article; a farewell, for a time at least, to its patrons and the public and The Independent disappears from its well known position in the local newspaper galaxy to, mayhap, appear later in brighter glory or be lost forever among the disrupted fragments of the great majority of like.

"And one by one, crept silently to rest." In retiring from its well established and well known position as a thoroughly open, fearless and unpurchasable newspaper, The Independent cannot but feel that it will be missed; but, the long and weary fight for the unattainable, commenced and carried out through the columns of this paper, for over ten years, viz: the single-handed, consistent and eminently justifiable opposition to the loss of Hawaii independence and absorption by Annexation, this good fight made by The Independent is at last, ended and we lay down our pen today, proud, even in defeat, that we have done our duty well.

In passing out we desire to say to those who have been our friends in the many times when we encountered much

of trial and tribulation, the oftentimes when there was "heaps of trouble on de ole man's mind," to those who then proved themselves by their support and words of cheer, friends, to them The Independent says "Aloha," and that their good offices will ever be remembered. We have no complaints to make of any kind or nature; we are aware; we have held our position on the firing-line so long that we feel that we can retire to the rear with credit, and we make no charge that anyone has blundered. We fought for the weak against the strong, but "taps" have been sounded and we pass out, The Independent dies in harness and with its face towards its foes.

To our brothers of the newspaper press of the city, we simply say au revoir, and thanks for the good-fellowship displayed by the Evening Bulletin and Hawaiian Star; we may meet again.

And now the end has come; with regret the paste-pot and the scissors are pushed aside; we slide from our well worn tripod and with a last flourish of its over-worked pen, The Independent writes: Vale! Farewell!!!

BETWEEN FRIENDS.

Miggles—"Congratulate me, old man; I'm engaged to be married." Wiggles—"Ah, I never fully realized the truth of that quotation before?" Miggles—"What quotation?" Wiggles—"The one about fools rushing in where angels fear to tread."—Chicago Daily News.

INCONSISTENT.

George Washington was seated on the front porch talking to a friend. "My motto," said the papa of his country, "is 'live and let live.'" Just then he aimed a crushing blow at a mosquito that had perched on his nose. "Huh!" sneered the mosquito, as he sought a place of safety. "And that is the man who couldn't tell a lie!"—Chicago Daily News.
