LOCAL & GENERAL NEWS.

A GIRL is wanted.

Mr. J. F. Morgan will hold a spe-
cial sale of cloths on Wednesday
next.

The Pantheon stables will run
buses to the baseball grounds to-
morrow.

Mr. Chas. J. Fishel is expected
back on the Alameda to-morrow with
new goods.

The Hawaiian Band serenaded the
Silton troupe at the Eagle House
this morning.

SOME valuable taro land is offered
for sale. Particulars can be obtained
of J. M. Monsarrat.

The luau to be given to-morrow
evening to the visiting baseballists
will be a grand affair.

A MOST beautiful stock of holiday
goods is being displayed by B. F.
Ehlers & Co. Call in and examine it.

The Alameda may be looked for
at daylight to-morrow, with the base-
ball teams and the news of the
election.

His Excellency Geo. W. Merrill,
U. S. Minister Resident will present
Manager A. G. Spalding and the two
ball teams to His Majesty.

KEEP in mind the gala performance
at the Opera House Saturday
evening, by the troupe expected on
the Alameda and the Sibbons.

CONUNDRUM—What is the difference
between a Chinese cook being
started in business by a wholesale
merchant and W. H. Graenhalder?

The Hawaiian News Company will
have something to say in these col-
umns after the arrival of the steamer.
It will be concerning holiday goods.

The diamond breast pin missed
from the dressing room of Miss Sil-
bon, the other night, has been found.
Notwithstanding many rumors to the
contrary, no person was suspected of
having appropriated the article.

A CHINAMAN driving a horse at-
tached to a brake nearly collided
with a hack last evening on King
street near the Kawaiiahi Seminary.
It is strange that people will trust
their horses to such inexperienced
drivers.

Mr. J. J. Williams will forward by
the Alameda several hundred copies
of the Paradise of the Pacific to be
distributed at the Melbourne Exhibi-
tion. By the same steamer a num-
ber of copies will be sent to Professor
Sidney Dickenson.

THE "Planters' Monthly" for No-
vember is taken up with an account
of the annual meeting of the Plant-
ers' Labor and Supply Company, and
also the several papers read at the
meeting, including Col. Z. S. Spald-
ing's paper on the Manufacture of
Sugar.

THE performance at the Opera
House to-morrow depends upon
whether the steamer will remain long
enough in port. It will be definitely
known shortly after her arrival. If
there is to be a performance the box
plan will open at L. J. Levey's, to-
morrow morning, from 9 to 12
o'clock.

WHETHER or not the "Noble" por-
tion of our Legislature is an unneces-
sary adjunct, was discussed by the
Debating Club last night. The pre-
vailing opinion was decidedly in
favor of the existence of the conser-
vative element in that body. Mr.
Heinemann was elected treasurer, in
place of Mr. Norman Logan, who
had resigned in consequence of
change of residence to the island of
Hawaii.

cing was kept up until nearly eleven
o'clock.

Through the enterprise of Mr.
Thomas Lucas a good view of the
baseball games, at the Makiki
grounds, will be obtainable to-mor-
row. Mr. Lucas has taken the
chance of unfavorable weather and
other contingencies, and is erecting
a grand stand at a suitable point for
observation. It will be completed
before noon to-morrow. Admission
to this stand will cost the moderate
sum of \$1.00. Tickets are now
procureable at Benson, Smith &
Co.'s, the Hawaiian News Agency,

POLITICAL MEETING.

A meeting of the "Hawaiian Politi-
cal Association" was held last
evening at the Honolulu Rifles
Armory with a large attendance.
The following officers were elected:
President.....J. E. Bush
Vice-Presidents.....F. Metcalfe
C. H. Clark, Jas. Kaula, W. H.
Cummings, W. S. Lokai and G. P.
Kaanaana.

Secretary.....T. K. Nathaniel
Corresponding Secretary.....
Messrs. D. Lyons, Bush, Kaula-
kou and others addressed the meet-
ing. A platform was adopted one
of the planks being as follows:
"That all officers of the Hawaiian
Government who are under the pres-
ent Constitution appointed to office
by His Majesty the King and His
Majesty's Ministers should be elect-
ed by the people, and that the Con-
stitution should be amended so as
to have all Government officers
chosen by popular election."

THE U. S. S. ADAMS AT SAMOA.

The following appears in the Syd-
ney "Herald" of Oct. 27th, from
their special correspondent at Apia,
Samoa, under date of Oct. 16th:—
"The land between Mullinu Point
and the town of Apia is owned by
an American half-caste named Scan-
lan. About ten days ago some of
Tamasese's men broke into Scan-
lan's house, carried off some of his
goods, cut down his trees and
threatened to shoot him. This out-
rage was reported by Scanlan to the
American Consul, who, in his turn,
reported it to Captain Leary, of the
U. S. S. Adams. Captain Leary
thereupon wrote to Capt. Fritze,
of the German gunboat Adler, asking
if Tamasese's men were under his
protection, as he observed that an
armed guard of some 50 German
marines were stationed on shore
under the Tamasese flag. Captain
Fritze replied, referring Captain
Leary to the German Consul. Capt.
Leary replied that this was not a
diplomatic nor political question,
but one of a military nature, and
again demanded a reply from Capt.
Fritze. In the meantime prepara-
tions were made for landing a de-
tachment of American marines on
Scanlan's land. The manager of the
German firm here made repeated
offers to buy or lease it at any price
he offered high. Failing in this they
offered to pay him a pension of 100
dollars a month if he would only
haul down the American flag; but
to all those proposals Scanlan tur-
ned a deaf ear. Finding that the
Germans could not induce
Scanlan to abandon his claim or
withdraw his complaint, and
knowing that Captain Leary was
determined to act, Tamasese and
Brandies voluntarily abandoned
Mullinu Point and the protection of
the German war vessel. They left
Mullinu Point with all their follow-
ers about midnight on Friday. Some
of Tamasese's people have returned
to their houses in Savaii, but the
majority have gone to Salufata, a
place on the coast about 10 miles to
the eastward of Apia. There they
are daily expecting an attack from
Maliotoa's forces. A battle will
probably be fought this week, which
will probably end in the extinction
of the Tamasese party. The follow-
ers of Maliotoa are as six to one
compared with those of Tamasese,
and the former include the whole of
the Tuamasa party, which is the
great fighting tribe in the Samoan
Islands.

THE PROGRAMME.

ARRANGEMENTS FOR THE RECEPTION
OF THE BALL-PLAYERS AND GAMES.

Last evening a meeting of the
committee on arrangements for the
visit of the two American baseball
teams and tourists, was held at the
Hawaiian Hotel. Mr. George W.
Smith in the chair. Mr. Gardner
K. Wilder was appointed secretary,
and in addition to the committee
there was present Mr. Harry H.
Simpson, assistant manager of the
two teams; Mr. Harry M. Whitney,
captain Honolulu Baseball Club;
and Mr. Henry Kaia, captain Ha-
waii Baseball Club. Following are
the arrangements agreed upon for
Saturday, the day the steamer is
expected:

1. The Royal Hawaiian Band will
meet at the Beaver coffee saloon at 6
o'clock a. m., to accompany the
party of welcome outside the har-
bor.

2. An invited party—consisting
of large subscribers to the fund,
leading ball players and patrons of
the game, etc.—will be notified by
telephone if the S. S. Alameda is
signalled before 6 o'clock, when they
will embark on the Government
tug Eleu or some available steamer,
to meet the mail steamship this side
of Diamond Head. The Port Physi-
cian will go out for his inspection
on board the tug, so that the party
may go on board the Alameda,
where Mr. Simpson will introduce
them to Mr. Spalding and the tour-
ing players generally.

3. After serenading the incoming
tourists, the band will be landed on
the wharf in advance of the Ala-
meda's docking, there to play dur-
ing the landing of the passengers.

4. From the dock the visitors will
be conveyed to the Hotel in carriages
distinguished by being draped with
the American flag.

5. After breakfasting at the Hotel
the party will at 10 o'clock be pre-
sented to His Majesty the King.

6. At noon a light lunch will be
taken by the players at the Hotel.

7. The whole party will assemble
at the Makiki recreation grounds at
12:30, when the teams will have
practice of fifteen minutes each.

8. At 1 o'clock sharp the game will
be called between the Chicago and
All-America teams, and at the close
of the match game a of prob-
ably five innings will be played by
the winning team in the above and
a picked local team.

9. A grand luau tendered the
tourists and resident invited guests,
by His Majesty, Hons. John A.
Cummings, Saml. Parker, John Ena,
and Mr. George C. Beckley, will be
held upon Her Majesty's premises,
Luakaha, corner of Queen and
Punchbowl streets, at such hour in
the evening as will prove most con-
venient.

10. Wind and weather being favor-
able, there will be a balloon ascen-
sion from Makiki grounds by a
skilled aeronaut, who will ascend
one thousand feet and from that aw-
ful height leap to the earth with
the aid of a parachute.

Score cards will be for sale on the
baseball grounds, the same kind of
cards as are used on the Chicago
grounds, at 10 cents each. Mr. J. W.
Winter will be the official scorer for
local purposes. There are four ex-
pert ball scorers among the press
men with the expedition.

The grand stand belonging to the
ball grounds is reserved for ladies.

Mr. Lucas has put up a stand for
which a charge will be made for ad-
mission.

Admission to the grounds will be
free.

Merchants are requested to close

MAGNIPHONE.

"Magniphone" is the name of a
little funnel-shaped instrument,
made of tin. It is intended for at-
tachment to a telephone transmitter.
Its use, as the name indicates, is to
magnify the sound. With one of
these little instruments attached to
a telephone from which a message
is being sent enables the person at
the other end to hear the faintest
whisper—in fact to hear distinctly
ordinary conversation held in any
part of the room where the magni-
phone is doing duty. This is a new
and extremely useful invention.
Mr. Phillip Peck is agent for the
Hawaiian Islands, and is now can-
vassing for orders. He has here at
present a few samples only, which
have been tried by several promi-
nent citizens, with the result of an
order being given in each instance.
Mr. Peck brought a magniphone to
the BULLETIN Office for trial this
morning, and the BULLETIN testifies
that the trial was completely satis-
factory. The ease of transmitting
a message by its aid is wonderfully
increased. No one who once uses
the instrument will ever consent to
be without it. Its price is \$1.25.

COURTING IN AUSTRALIA.

"Our blacks," said Mrs. J. R.
Reid, a native of New South Wales,
"are different in type from the
African. Their hair stands up, wiry
and bushy, like that of the Circas-
sian women in your dime museums.
In the bush they wear no clothes,
but when they come in town the
authorities compel them to be clad.
The women object strenuously to
clothing. If you give a woman a
gown she will seldom put on one
arm in a sleeve, letting the garment
hang from her shoulders and dis-
playing one side of her bosom. The
blacks find an abundance of food,
and there is thus no incentive for
them to accept civilization and learn
to work. The country swarms with
kangaroos, wallabies (an animal
similar to the kangaroo), rabbits
and birds. Then the blacks makes
a large part of their diet of snakes
and worms. Worms they eat raw,
just as they dig them from the earth.
They eat snakes of all kinds.

"The blacks are not prolific, a
couple seldom having three child-
ren. The women, of course, are
brutally abused by the males, and
kept in the most degraded state of
servitude. When a black wants a
wife he falls upon some young
woman, chokes her so she cannot
cry out, and runs with her into the
bush. There he must stay with her
for three or four months. He can-
not return to his own tribe until the
expiration of this period. When he
does take her back, if she utters no
complaint of hunger against him—
that is, if she does not show that he
has utterly failed to supply her with
sufficient worms, kangaroo meat and
snakes—he can keep her. But for a
year he must stay out of the way
of her tribe, for if they catch him
they will kill him and take the young
woman back. The sign of the mar-
ried state adopted by the woman is
the pulling out of one front tooth.
When the male becomes a Benedict
he indicates the joyful fact by cut-
ting off the little finger of his right
hand at the first joint. They live in
low, skin-covered huts, and, I think
are in every respect beneath the
North American Indian in intelli-
gence."—[Chicago Herald.

WHY HE DID NOT GO TO THE HOSPI-
TAL.

HE COULD LEAP THROUGH THE AIR.

MY object in writing is two-fold:
to express my gratitude for a
great benefit, and to tell a short story
which cannot fail to interest the
feelings of many others. It is all
about myself, but I have remarked
that when a man tells the honest
truth about himself he is all the
more likely to be of use to his fel-
low-creatures. To begin, then, you
must know I had long been more or
less subject to attacks of bronchitis,
a complaint that you are aware is
very common and troublesome in
Great Britain in certain seasons of
the year. Some months ago I had
a very severe turn of it, worse, I
think, than I ever had before. It
was probably brought on by my
catching cold, as we are all apt to
do when we least expect it. Weeks
passed by, and my trouble proved
to be very obstinate. It would not
yield to medicine, and as I also be-
came to have violent racking pains in
my limbs and back, I became great-
ly alarmed. I could neither eat nor
sleep. If I had been a feeble, sick-
ly man, I should have thought less
strangely of it; but as, on the con-
trary, I was hearty and robust, I
feared some new and terrible thing
had got hold of me, which might
make my strength of no avail against
it. I say, that was the way I
thought.

Presently I could not even lie
down for the pain all over my body.
I asked my doctor what he thought
of my condition, and he frankly,
"I am sorry to have to tell you that
you are getting worse!" This so
frightened my friends, as well as
myself, that they said "Thomas,
you must go to the Hospital; it
may be your only chance for life!"

But I didn't want to go to the
hospital. Who does, when he
thinks he can possibly get along
without doing it? I am a labouring
man, with a large family depending
on me for support, and I might al-
most as well be in my grave as to
be laid on my back in a hospital
unable to lift a hand for months,
or God only knows how long. Right
at this point I had a thought flash
across my mind like a streak of sun-
shine in a cloudy day. I had heard
and read a good deal about Mother
Siegel's Curative Syrup, and I re-
solved, before consenting to be
taken to the hospital, I would try
that well-known remedy. On this I
gave up the doctor's medicine and
began taking the Syrup. Mark the
wonderful result! I had taken but
three doses within twenty-four hours
when I was seized with a fit of
coughing, and threw up the phlegm
and mucus off my chest by the
mouthful. The Syrup has loosened
and broken it up. Continuing with
the Syrup, the racking pain, which

I believe came from the bitter and
poison humors in my blood and
joints, soon left me entirely, and I
felt like going to sleep, and I did
sleep sound and quiet. Then I felt
hungry, with a natural appetite, and
as I ate I soon got strong and well.
I felt I could leap through the
air with delight!

In a week I was able to go to my
work again. It doesn't seem possi-
ble, yet it is true, and the neigh-
bours know it. There are plenty of
witnesses to prove it. And,
therefore, when I say I preach the
good news of the great power of
Siegel's Syrup to cure pain and dis-
ease far and wide, nobody will
wonder at me.

Whale Boats.

IN answer to several enquiries con-
cerning Whale Boat Frame, we
have now in course of construction,
3 Whale Boat Frames 74 feet by 13 feet
long. These frames are bent in one
piece of oak, and held to shape thus
requiring little lat to set them up and
build. The full frame for such boats,
including canvas, 45 sections in number,
is sold at \$28; with large stems of keel,
and ready to plank \$40. They are not
intended to be clinker built, nor are the
laid imported whale boats proper, but
are intended for rough use and dura-
bility, yet light weight, for fishing and
trading purposes. We have ex-ported
these frames and intend doing so, and
make this offer to amateurs and those
desirous of trying their hand, with
plenty of leisure and small cash to make
a business. Will bend frames 1 to any
given model from 5 to 25 tons. A 30 ton
boat for sale. Surf and Pleasure boats,
