WILL END MELBOURNE STRIKE

RAILWAY STRIKERS DECIDE TO FOLLOW THE REPORT OF THEIR SPECIAL CONFERENCE COMMITTEE—VOTE TODAY TO RESUME WORK—THIS IS A CONCESSION TO THE DEMAND OF GOVERNMENT OFFICIALS.

Associated Press Cable to the Star.

MELBOURNE, May 18.—The railway strikers have voted to return to work. This action of the strikers was in the nature of a surprise. The decision to return to work was the result of a conference which was held between the Government officials and the Victorian Railway strikers committee. At this conference the committee acceded to the demand of the government that the men return to work and operate the trains before any settlement of their differences be arranged.

When the report of the committee was made known to the main body of strikers, there were some very severe criticisms of the action of the committee. Soberer counsel prevailed, however, and the strikers have decided to resume work and submit the matter to arbitration. This decision will cause the utmost satisfaction as business has been seriously crippled during the strike.

The first station will be in the Himalayas at Simla, 7000 feet above the level of the sea.

SAVINGS BANK.

Many people start in to save by fits and starts. They make deposits in a savings bank for two or three months and then stop and get into their old habits of spending what they earn. The Pioneer Building & Loan Association by requiring a monthly deposit of the same amount each month breaks them of the spending habit as they soon come to look upon their payments as a monthly expense that must be met. The interest earned for 1902 was 11 1/2%. The 26th series of Stock is now open for subscription. One share requires a payment of \$1.00 per month and when it matures is worth \$500.

PERRINE'S SIDE STEP

A KNOTTY QUESTION IN CONSTRUCTION OF LEAGUE RULES FOR NATIONAL GAME HAS BEEN RAISED BY THE PROTEST OF THE KAMEHAMEHA'S AGAINST THE ELKS' PITCHER IN SATURDAY'S GAME.

Baseball men are having a good deal of discussion over the protest made after Saturday's game against Pitcher Perrine of the Elks' team. Perrine has a peculiar step aside and then forward, just before he throws the ball, and it was claimed by the Kamehamehas that this is a violation of the rule which says that the pitcher shall only take one step in pitching.

Those who are versed in the legal lore of the national game are divided as to whether Perrine's movements can be called two steps or not, and on this depends the decision. It is claimed by some that the rule means only one step forward, and that Perrine's side movement with his foot, followed by a step forward as he lets the ball go, is within the rule allowing one step.

The problem has been passed up to the league and will be decided during the week.

TERRITORY SUES COTTON BROS.

Twenty-five Thousand Dollars Demanded for Loss of the Dredger at Pearl Harbor Entrance.

Suit is being brought by Attorney General Andrews, in behalf of the Territory, against Cotton Bros., of Oakland, for \$25,000 damages on account of the loss of the government dredger in Pearl Harbor channel last fall. The dredger was loaned to Cotton Bros. by the government, for use in the Pearl Harbor channel dredging and during a mild Kona storm, when the waves rolled up the channel with considerable force, the machine went down and became practically a total loss.

It is claimed that the contractors are responsible for the loss of the dredger in that they did not take proper care to keep the machine in a place of safety and did not properly provide for such an emergency as the storm which sunk the dredger. The government therefore asks for the value of the lost machine.

Efforts have been made for some time to compromise the government's claim against the contractors, but without success, and the suit has therefore been prepared. One of the reasons for unwillingness to compromise is stated to have been that a court verdict was desired as a final settlement of the matter, while in the case of a settlement out of court, the legislature might "butt in" later with investigations and reports. The case will probably be tried before a jury.

THE SENATE HAS NO WORK

THE SENATE HAS NO WORK.

Adjournment Taken Because the Calendar Is Clear—Awaiting House Bills.

The Senate met this morning and adjourned to tomorrow morning, without doing any business. There was nothing on the order of the day and no business ready to take up, as the bill last passed by the House had not yet been sent up. McCandless moved to adjourn to Thursday, but the motion was lost.

Before the Senate came to order formally, Isenberg made a motion to adjourn to Saturday and McCandless moved to adjourn sine die. Kalaokalani remarked that this couldn't be done, and McCandless replied that it would give the governor a chance to call another session.

In the real session, after the minutes had been read, Dickey moved to take a recess to 2 p. m., to await the bill passed by the House last week. McCandless proposed Thursday morning and began to give his reasons, saying that the Senate was far ahead of the House in the work of the session and that there was no business to transact. President Crabbe refused to allow discussion and put the motion. The recess and adjournment to Thursday were voted down and then adjournment was taken until tomorrow.

After the adjournment the senators met in caucus for consideration of the bids for printing the journal of the session. It is stated that the bid of the Robert Grieve Company will probably be accepted.

WANTED FLAGS FOR DRESSES

THE MOROS IN THE MINDANAO REGION CAST COVE-TOUS EYES ON THE YORKTOWN'S SIGNAL FLAGS WHICH THEY WANTED TO MAKE SUNDAY CLOTHES OF—THE DATOS WARNED NOT TO TOUCH THEM.

Evidently the trouble in the Island of Mindanao between the bolomen and the American forces, is of recent origin. The gunboat Yorktown was on duty within 100 miles of the district where the recent fighting has occurred, and up to the time that the gunboat left that island, things were absolutely quiet. The gunboat officers had not the slightest trouble in dealing with the natives and the men on the Yorktown are in ignorance of the cause for the latest fighting which has been reported in the cable dispatches.

The Yorktown has had a very busy career in the Philippines. There has scarcely been an island in the group that she has not visited or sighted on patrol and other duties during the time she has been in Philippine waters.

She went to the Island of Mindanao this year and from February 11 until April 6 she was engaged in survey work in the vicinity of Zamboanga. This place was used as the base, but the work took her some distance on either side of Zamboanga. The Yorktown was within a hundred miles of the scene of the fighting in Mindanao. There was not the slightest indication of any trouble with the Moros, at the time that the gunboat was there.

The captain of the Yorktown took particular pains to establish friendly relations with the natives. The datos or native chiefs were invited to visit the boat, and captain and executive officer also visited them ashore. When the chiefs came aboard, some of the machine guns were fired apparently in honor of the visitors, but as a matter of fact, the guns were used for the purpose of showing that the American were prepared

W. H. WRIGHT IS IN MAZATLAN

THE DEFAULTING TREASURER OF THE TERRITORY IS SAID TO HAVE GONE INTO BUSINESS IN THE LOWER CALIFORNIA METROPOLIS AND KEPT COMMUNICATION WITH HAWAII THROUGH ROTHENBERG.

William H. Wright, former treasurer of the Territory, is in Mazatlan, Mexico, it is stated, and so far is he from hiding away that he is in business there. It is said that he has a partner and has settled down to continue business in Mexico.

With Barber Rothenberg of the Alameda as a sort of messenger, Wright is said to have been in communication with his relatives here almost ever since he left. His whereabouts are known to quite a number of Honolulu people, but it is not likely that steps will be taken to bring him back, as the case against him is said to be a very weak one.

It is claimed by many attorneys that a conviction would be impossible under the indictment charging Wright with embezzlement of public funds, or property of the Territory, as the Chinese fund was not a Territorial fund. It was owned by several thousand individual Chinese. For these and other reasons, it is stated, sending for Wright would be a useless expense.

McLENNAN IS IN THE HOSPITAL

Treasury Agent's Illness Becomes Worse—Fire Claims Drafts All Finished.

Treasury Agent McLennan has been taken to the hospital for treatment, his illness having taken a turn for the worse, and his condition may cause some further delay in paying fire claims. By this morning the last of the drafts were finished in the Auditor's office and Secretary Carter turned them all over to McLennan.

The work of making comparisons of the various records is going on today, and a few errors are being found. By tomorrow night, it is expected, the only thing left to be done will be the signing of the drafts by McLennan. If he is still confined to the hospital, the drafts will be sent to him there, and he can sign them in bed. His illness, however, will probably put the beginning of payments over to next week or later.

MANY MAY BE CALLED

BUT FEW WILL CHOOSE TO GO. POLICE RAID TURK HOUSE AND GET LIST OF ALLEGED VISITORS

Deputy High Sheriff Chillingworth has gone into the florist business. He went out Saturday night and plucked a bunch of primroses that grew along the Path of Dalliance on Beretania street. He raided the Turk residence. Mrs. F. J. Turk and Miss Mabel Lyle were arrested as was M. A. Sylva, the chauffeur. The women were charged with violating Section 489 of the Penal Laws, in keeping a disorderly house. Sylva was charged with violating Section 109 of the Penal Laws. This section provides punishment for soliciting patronage for an immoral resort. The arrests occurred at an early hour Sunday morning, and were made by the Deputy. Mrs. Turk was seen, so the Deputy states, to sell a bottle of wine to a male visitor.

The names of the three defendants were called in the police court this morning. As had been anticipated, an unusually large crowd of people attended the session today, evidently attracted by the anticipated presence of Mrs. Turk and Miss Lyle. But the crowd was doomed to disappointment. The court room did not show the presence of the women. In their stead, Judge Humphreys appeared in behalf of the defendants and asked for a continuance which was granted until Friday. The case against Sylva was also continued.

The officials have kept tab on the residence of Mrs. Turk and have quite a formidable list of men who are alleged to have visited the resort. The list numbers fully twenty names. These men, many of whom are understood to be quite prominent in one way or another, may be subpoenaed to appear as witnesses. The statute under which the women are to be prosecuted, provides that a disorderly house is a place kept for the purposes of prostitution or else where liquor is sold without a license. Mrs. Turk is alleged to have no license to sell liquor.

FURNITURE FOR YOUNG HOTEL

LARGE SHIPMENT BEING UNPACKED READY FOR OPENING PROBABLY NEXT MONTH.

Manager Lake and assistant Smith of the Young building hotel are engaged in unpacking a large shipment of furniture for the hotel, shipped round the Horn from New York. There were twenty-two carloads in the shipment as it left the factory for New York, to be loaded for shipment.

It is expected that the big new hotel will be ready for opening next month. The furniture is in good condition and rapid work is being done in preparing it for the rooms. It is highly expensive furniture and the shipment was the largest and most costly of the kind ever received here.

THE KOREANS ON HAWAII

DISCUSSION OF THE NEW COMERS BY THE KICKER AND OTHERS IN HAWAII HERALD.
 "What do you think of the new arrivals, the Koreans?" asked the Early Kicker. "The big fellows who attracted so much attention at Ah Hip's last Saturday."
 "They look as though they would make good field hands," answered the Kicker, "though they show a strong disposition to sit down. I suppose they are not used to so warm a climate. They look very much like the Manchurians as to size and when you come down to it they are about the same as the Chinese though a youthful member of that colony says that they are 'ten times more worse.' Up in Oloa they say that all those people need is wings but I don't know how to take that, whether it is all that is required to make them angels or whether the Koreans would like to have wings in order to fly back home is not stated. We sure have a conglomeration of races here now and there will be more to come."—Hawaii Herald.

YORKTOWN ARRIVES.

Makes Port Yesterday Morning From The Orient.
 The U. S. gunboat Yorktown arrived yesterday morning from the Orient, en route to Mare Island where she will receive an overhauling. The vessel sailed from Yokohama May 3. Nothing of particular interest occurred during the run, except the disappearance of a blacksmith named Madsen. The man had been drinking heavily at Yokohama just before coming aboard the vessel and he is supposed to have jumped over board after the vessel sailed.
 The Yorktown has been stationed at Zamboanga, island of Mindanao, for about three months. She went to the Cavite Naval yard and, after being put into sea going commission, was dispatched for home. She stopped at Yokohama some days.

The Yorktown passed through Honolulu about four years ago, en route to the Philippines. Lieutenant Gilmour and party who were captured by the Filipinos were from the Yorktown, on an inland expedition at the time they were overwhelmed by the enemy. The party subsequently effected their escape and were rescued by the American forces.

The Yorktown has a crew of 190 officers and men, including fifteen marines. Her battery consists of six 6-inch guns in the main battery, two 6-pounders, two 3-pounders, two 1-pounders and two machine guns.

Her officers are as follows: Comdr. D. D. V. Stuart, Lt-Comdr. W. H. Alderdice, Lt. C. S. Starnworth, Lt. C. B. Brittain, Lt. P. N. Olmsted, Lt. L. E. Jones, Lt. H. V. Butler, Asst. Surg. K. Olmstrong, Asst. Paym. W. B. Rogers, Ensign R. A. Abernathy, Pay Clerk G. A. Wilson, Pay Clerk C. B. Bee.

The Yorktown will take about 250 tons of coal at this port. She will remain about a week in this port.

AMERICAN RULE IN PHILIPPINES

Associated Press, Morning Service.
 ROME, May 17.—Mgr. Guidi, who was sent out by the Vatican to report on conditions in the Philippines, has just made a statement of affairs as he found them.
 In his report the Bishop says that he found everywhere evidences of improved conditions. The rule of the Americans is being accepted heartily and the establishment of civil government is resulting in prosperity for the people.
 Mgr. Guidi recommends the retention of the Friars in the Philippines in the interest of the people and the Church.

BAD IN CAGAYAN.

Associated Press, Morning Service.
 WASHINGTON, May 17.—The governor of the province of Cagayan reports a deplorable state of affairs in his district. The people are ravaged by disease, while floods have destroyed the crops.

Eight Hundred marines have been concentrated at Olongapo. It is announced that this has no connection with Chinese affairs.

ELLEN M. STONE ASKS DAMAGES

Associated Press, Morning Service.
 WASHINGTON, May 17.—Miss Ellen M. Stone, the American Missionary who was captured by Macedonian brigands in Turkish Territory in 1901, and held by them for 172 days until ransomed by Americans, has filed with the State Department a claim for damages against the Turkish government. The claim will be vigorously pushed.

JEW'S MUST NOT RESIST.

FELL INTO A FATAL POOL

CHINESE WAS DROWNED AT OPEA WHILE FISHING—COULD NOT SWIM.

Kong Yet, a Chinese, was drowned at Opea, Hawaii, May 8, while fishing for opou. High Sheriff Brown received notice of the death from Deputy Sheriff Swain.
 It appears that the Chinese went in company with a ten-year-old daughter to a pool to catch the fish. The pool was quite deep. The Chinese, in his eagerness to get the fish, fell into the deep part of the water and was drowned. His daughter stood helpless on the side of the water, crying for aid.
 No one heard her cries. Not until she had gone some distance to the residence of some natives did any one go to the pool. The body was recovered. The circumstances were such that an inquest was not deemed necessary.

MELBOURNE STRIKERS.

Associated Press, Morning Service.
 MELBOURNE, Victoria, Australia, May 17.—The Victorian Railway strikers' committee has acceded to the demand of the government that the men return and operate the trains before any settlement of their differences be arranged. Now the strikers have repudiated the committee and probably will continue the strike.
 It is very probable the men think they will be able to win because of the fact that the Federal Parliament is now in session at Melbourne, and that the latter will force the Victorian officials to arbitrate the strike difficulties. Business in Melbourne has been at a standstill for some time, and vessels here to load or discharge cargoes are idle owing to the fact goods cannot be moved to or from the wharves. The depression is serious.

FIFTY INJURED IN A RIOT.

Associated Press, Morning Service.
 BRIDGEPORT, R. I. May 17.—Fifty persons were injured in a riot between striking street car men and non-union workers today. The riot followed the running of a car down town, it being detailed and the strikers closing in on the men who were running it and the guards as well. Several of the injured were onlookers.

CRISIS NOT SETTLED.

 SOFIA, May 17.—All attempts to form a new cabinet have failed so far.

MABINI'S FUNERAL.

 MANILA, May 17.—Aguinaldo, with a company of 8,000 Filipinos, took part in the funeral of former Minister Mabini today.

RECEIPTS AND EXPENDITURES.

WASHINGTON, May 2.—The monthly comparative statement of the Government receipts and expenditures shows that for the month of April, 1903, the total receipts were \$45,426,100, and the expenditures \$41,753,814, leaving a surplus for the month of \$3,672,286. Customs receipts showed an increase for the month of \$1,610,000, and internal revenue receipts a decrease of \$3,192,000. For the ten months of the present fiscal year the receipts exceeded the expenditures by \$35,419,946.

AMERICAN FACTORY IN PRUSSIA.

BERLIN, May 7.—A dispatch to the Lokal Anzeiger from Osnabrueck Prussia, says a syndicate of American firms with a capital of \$500,000 is erecting a factory there for the manufacture of photographic paper.

THEY CAPTURE ROME.

ROME, April 25.—Messdames Charles Carroll, Stuyvesant Fish and Pembroke Jones have captured Roman society, both the Quirinal and Vatican sets. Mrs. Carroll, owing to her being a Carroll of Carrollton and the wife of a member of the family of Archbishop Carroll, the first prelate appointed in the United States, is having numerous Cardinals at her dinners. Mrs. Fish has the powerful influence of the Di Rudini family working in her behalf, socially. The guests at her dinners are drawn from the fashionable circles of Roman society.
 Socially Mrs. Jones apparently needs no influence for fashionable society is eager to attend her functions. The luxurious Jones yacht, anchored in the bay of Naples, serves as a golden key, opening every door of aristocratic Roman society, which is haughty but not rich. The Romans are bewildered by the examples of American luxury shown them by the distinguished trio of American women.
 Harrison Power of New York and New Orleans has been received in private audience by Pope Leo. His Holiness talked to him about the progress of religion and business in the United States. It is reported that Power may be made a Papal Count.

It is almost impossible to treat the House seriously. It does present so many comical and so many childish aspects.

The House has put itself in a very uncomfortable position. It stands charged with the grossest misuse of funds during the last session.

Granted that some of the rumors are incorrect about the wrongful diversion of funds, there are enough straightforward statements, not from outsiders and guessers, but from members of the House,

MANCHURIAN TRADE.

The importance of knowing something of our trade with China, at this stage of affairs in the East is self evident.

The main articles exported are American drills, jeans, sheetings and kerosene oil. These all come from the East, and a sudden stoppage of trade would at once be felt among the Eastern mills.

With this fact before us we can readily see that Russia's control of Manchuria is a most important factor in her trade.

The Cunard Bulletin though but a tiny sheet, is one of the most curious and interesting newspapers ever published.

A Woman Who Kept a Vow of Secrecy.

A woman's wrongs are not often kept unavenged when her own misfortunes and unhappiness could be instantly banished by a word, and the story of a woman who voluntarily shouldered the sin of another to her own detriment, furnishes a rare and exciting tale.

Such a story with its ramifications and final happy ending, is drawn in masterly fashion by the author of the play "Woman Against Woman," presented at the Orpheum this and tomorrow evening by the Elleford company.

Jealousy, the weakness of an erring girl, the strength of her elder sister, furnish the motive for a plot of intense interest, while comedy lightens the tale and leads up to the ultimate explanation and happy ending. The play as presented is made more interesting with specialties by Myrtle Selwyn, True Boardman and Baby Maitland. This is the first of the last six plays

TELL WEATHER IN THE CLOUDS

HOW EVERYBODY CAN BECOME HIS OWN WEATHER PROPHET—GAZE INTO THE CLOUDS.

Every one has a feeling that he knows all that there is to know about weather, but few people know how to forecast it. Clouds have much to do with weather, and are divided into four classes, the headed-up cumulus, the cirrus, or delicate fleecy little clouds, the wide spreading sheets of clouds called stratus and the nimbus, or rain cloud. In weather forecasts no clouds are worthy of such attention as the cirrus clouds, says Pearson's magazine, which attain a greater elevation than any others, averaging in summer a height of five or six miles above the earth. Their sudden appearance in a clear sky is generally a signal of foul weather, especially when their streamers have an upward tendency, for this indicates that the clouds are falling. After heavy rains, on the other hand, the formation of these clouds is often a sign of improvement.

When cirrus clouds appear in summer the assumption is that rain will occur in two or three days. They are seldom seen in winter, and never for long. When cirrus clouds assume the form of stratus, at an altitude of four or five miles, their persistence is an almost certain sign of rainy weather. If, on the contrary, they remain of small size and quickly disappear no change is to be apprehended. Among the most significant of the cirrus formation of clouds is that delicate white veil called cirro-pallium, which is gradually drawn across the sky. This, with its accompanying lunar and solar halos, almost certainly foretelling rain and bad weather for the next day.

Cumulus clouds vary enormously in size, but so long as they remain of moderate dimensions in fine weather they indicate a continuance of brightness. But when in hot weather, they grow exceptionally large they give warning of storms with high temperature—and with great certainty when they assume a dome-like shape. The ordinary stratus, the fog of the sky, is common in all seasons, but is generally observed in the morning or evening. It causes fine rain, seldom of long duration. None can mistake the nimbus formation, those dark, heavy-looking masses, with clearly defined outlines, the certain precursors of immediate rain. They may attain the size of immense mountains of vapor, the base less than a mile above the ground and the summit as high as five miles.—Springfield Republican.

LINCOLN PALLBEARERS.

But Two of Them Survive After Thirty-Eight Years.

It is now thirty-eight years since the funeral of Abraham Lincoln on April 29 1865. Of the distinguished men who carried to the grave the body of the martyred President, but two now remain. One, Henry G. Worthington, who then represented the comparatively new state of Nevada in the House of Representatives, is now a resident of Washington. The other is former Representative Coffruth of Bedford, Pa. The latter is getting well along in years, but is still active in the practice of law in his home town. Several years ago he was mentioned for the Democratic nomination for governor of the Keystone state, but his party took up another standard bearer.

Mr. Worthington is still active, although time has whitened his hair and beard. He is a familiar figure about the Capitol when Congress is in session, and possess a rare fund of reminiscences. He was with the filibuster Walker on one of the latter's expeditions. He was a member of the legislature of California in the days when Grant lived in the golden state, and they became warm friends there.—New York Sun.

HAWAII POLITICS.

HILO RAILROAD.

Engineer Sisson was engaged last week surveying the beach line of the Hilo railway north of Lihikai. Grading has already begun.—Hawaii Herald.

BUT TWO SURVIVORS.

WANTED FLAGS FOR DRESSES

(Continued from page 1).

to deal effectively with any emergency that might arise from hostile action on the part of the natives against the men from the gunboat.

In the course of the survey work, it was necessary to place a number of flags ashore for signalling purposes. The people were very poor on that island, and the flags might have served as fine material for clothes. In fact the different colors of the signal bunting would have helped to make the native dandies simply irresistible, while the village maidens would have taken the community by storm if attired in a bunting dress. It was with covetous eyes that the dandies and maidens gazed upon the American signal flags flying from the different places on shore, but the officers of the Yorktown had served warning on the native chiefs that the flags were not to be touched. The dates were warned that the officers would hold them responsible for any act of depredation committed on the signal flags. The Yorktown people would have taken some very positive means of punishing the community had the flags been bothered. The dates held their people under control, however, and none of the flags were harmed.

In spite of the friendly relations that had been apparently established with the dates and the natives, the men from the Yorktown went armed during the entire work. The men carried revolvers and the shore boats were equipped with rifles and ammunition to enable the sailors to resist possible attack. The ability of the Yorktown to punish any over act, evidently discouraged the natives from any such project, if indeed, they had had any such idea. The visit of the gunboat was uneventful, so far as fights with the Moros were concerned.

MOST POPULAR SINCE GRANT

WASHINGTON, D. C., April 24.—Two prominent writers on western politics, W. W. Jermaine, Washington correspondent of the Minneapolis Journal, and F. A. Johnson of the St. Paul Dispatch, came back to town today after trips of several weeks through the northwest for their respective papers.

"Three states are after the vice-presidency on the Republican ticket," said Mr. Johnson this afternoon. "Iowa, Minnesota and Wisconsin. Iowa wants Gov. Cummins to have it, but the anti-tariff revision people bar the way. Minnesota thinks Gov. Van Sant would be a good man. He is very popular on account of his course in the Northern Securities case. Wisconsin is getting ready to urge Gov. La Follette."

"Wouldn't that be about the limit for the conservative east, Roosevelt and La Follette?"

"I guess it would kind of rile them down Wall street way, but the west isn't staying awake of nights worrying about Wall street troubles. I never saw anything like the wave of popularity for Roosevelt that has swept over the western country. He is the most popular man who has been before the public since the days of Blaine."

"What do the Democrats think about the situation?"

"They don't know what to think; they haven't any one to focus their thoughts on. When you talk about presidential candidates to a Democrat out west the only fixed idea he has is that the candidate ought to be a man who supported the ticket of '96 and 1900. 'Regularity' is about the only qualification he is ready to prescribe."

"For three weeks," said Mr. Jermaine, "I have been traveling through Wisconsin, Minnesota, the Dakotas, Iowa, Kansas and Missouri, part of the time with President Roosevelt's party. The thing which impressed me most, in a political way, is the unanimity with which western voters, regardless of party, are sounding the praises of the President, and predicting his nomination and election next year."

"In Chicago, Milwaukee, Minneapolis, St. Paul, Kansas City, St. Joseph and St. Louis I was reliably informed that Roosevelt would poll a larger western labor vote than ever polled by a Republican candidate. This vote, as we all know, has always been largely Democratic."

"So far as I could discover, the west is not yet taking any active interest in the second place on the Republican ticket. At the proper time it is probable that half a dozen middle-west states will have candidates, but no names are now being seriously mentioned."

"President Roosevelt had his greatest reception thus far on his western tour at Milwaukee. The program was a copy of the program arranged by that city for the visit of Henry of Prussia, and if what I was told is true, the President made a stronger impression upon the conservative German element there than did the Hohenzollern prince. Milwaukee is the most influential German center in the country, and the way its people capitulated to the President promises much in the way of a Republican German vote next year."

DEVELOPING RUSSIA

SAN FRANCISCO, May 5.—John Rosene, president of the Northwestern Commercial Company and managing director of the Northwestern Siberian Company, which have obtained from the Russian Government a valuable concession on the eastern coast of Siberia, arrived from the East yesterday and is at the palace. Through the medium of Rosene the American company and its Russian adjunct have secured the commercial rights to about 200,000 acres of mining and agricultural land situated on the Tchukotsk peninsula of Siberia, which lies just opposite Seaward peninsula on the Alaskan coast.

Last year the companies established three trading and supply stations along the Siberian coast and sent sixty American and 120 Russian prospectors to their properties for the purpose of beginning mining development work, and this year it is proposed to build additional stations and reinforce the Americans by at least 300, and put to work as many Russian laborers in the salmon fisheries and the gold and coal mines, which are to be extensively operated.

Behind Rosene in this gigantic project are some of the highest officials in Russia, among them Grand Duke Nicholas, uncle of the Czar; Prince Dolgorouki, general aid-de-camp to the Czar, and Colonel V. M. Woularlarski. The American company has among its stockholders men of prominence, such as Ferdinand Peck of Chicago, John I. Waterbury of the Manhattan Trust Company; W. F. Yokum, president of the St. Louis and San Francisco Railroad; Lyman J. Gage and James Ramsey, president of the Wabash road.

In February last the Czar of Russia conferred on the companies the privilege of selecting Rosene as general manager of the Russian concern, which is a special distinction in that it is the first time that an American has been permitted to assume the duties of manager of a Russian incorporated commercial concern.

The purpose of Rosene's visit to the city is to purchase a steamer, of which the company already has three, one having left Seattle last week for the Siberian coast. In discussing the big enterprise last night Rosene said the intention of the companies is to develop their concession in the same manner that the lands of Alaska have been developed, and in this work they are assured every possible encouragement from the Russian Government.

The Trans-Siberian Railway will be used by the companies as a means of reaching the European markets with their fish, and it is expected that the mining for coal and gold will greatly enhance the commercial relations between Russia and the United States.

A TRAVELLING GREYNA GREEN

CHICAGO COMPANY WILL CARRY PREACHERS ON ITS BOATS FOR MARRYING PURPOSES ONLY.

"Pipe all hands on deck, boss!" "Aye, aye, captain!" "Call the chaplain from the cabin!" "He's here, sir."

"Good. When you are ready, chaplain. With some such formula as this—and perhaps the dipping of the flag and the firing of a salute—marriages will be performed on the Graham & Morton boats this summer. Each steamer will carry its own chaplain and, if necessary, a complete set of clerks and recorders, as Mr. Graham puts it.

Aside from the novelty of being married in midlake, with the blue shore of Illinois edging one and the white sands of Michigan the other semicircle of the horizon, the proposed system promises to be a great convenience. A marriage license may be secured at the county building, the marriage solemnized before the Carter Harrison crib is passed and the honeymoon begun on the upper deck with the moon above, Lake Michigan below and the steamer leaving a bridal train of white foam in its wake. With a chaplain on board, too, there will be no need of rush and worry when St. Joe or South Haven is reached. If the bride is shy or the bridegroom bashful, they will not have to face the grinning natives in order to become man and wife.

"We'll be encouragin' on of matrimony," remarked Captain Barker, who has piloted more newly married couples across the lake than any other man. "Many's a time I've seen some gal what was too put out by the crowds to go up the hill an' get spliced, which is not sayin' she warn't sorry later, for she was. Whereas, says I, if we had a chaplain aboard, which is only a modern accommodation, they is tied up and lives happy ever after, and, as I says, startin' on a favorable tide, as they says down East, is a good thing to reckon by."

Mr. Graham, whose idea it was to have a chaplain on each boat has not decided just what the program will be, but he intends to have some sort of a ceremony outlined so that each couple married on board may be united in shipshape manner. Special rooms and places at the captain's table will be reserved for those who are married on boats of the line, and a marriage certificate bearing a picture of the steamer—and which, from the drawing, resembles an engineer's license—will be issued, the officers acting as witnesses.—Chicago Inter-Ocean.

VESSEL WEST DOWN.

On April 1 the cadets at Annapolis were gathered in one of the big halls to witness the annual cadet play. Just before the curtain rose an instructor rushed into the hall, climbed on the stage, and said, in a sorrowful voice: "Gentlemen, I have a sad duty to perform. I have received a telegram saying that one of the vessels of the navy has gone down with all on board, and think that the play should be postponed." A deep silence fell over the hall, for many of the cadets have fathers on the sea, and no one knew who the sad news would hit. Then a voice called out: "What was the name of the ship?" The instructor looked up and said "The Holland." Then he ducked out of sight.

It's an easy job for the barber to part the hair on a head like this. It's just as easy to prevent baldness if you only do the right thing. Baldness is almost always a sure sign of neglect; it is the story of neglected dandruff. Dandruff is untidy, unnecessary, and unhealthy.

Ayer's Hair Vigor cures dandruff and prevents baldness. You save your hair and you are spared the annoyance of untidy clothing. It also stops falling of the hair, and makes the hair grow thick and long. Do not be deceived by cheap imitations which will only disappoint you. MAUNAOLU'S NEW PRINCIPAL

MISS ALEXANDER WHO HAS BEEN THERE SEVERAL YEARS IS GIVEN A FAREWELL.

WAILUKU, May 16.—A farewell entertainment was given to Miss M. E. Alexander and Miss Mary Pihl at Maunaloa Seminary, Pala, Friday evening, May 15. The entertainment consisted of Hawaiian songs by the pupils. The room presented an attractive appearance with its festooning of ferns. There were many floral lei souvenirs, such as the Hawaiian people know how to bestow.

Miss Alexander has been connected with Maunaloa Seminary, as Principal, for five years. Her friends wish her a speedy restoration to health, and a well earned rest as she returns to her home in Ann Arbor, Mich., after five years of faithful service. Miss Pihl has been a pupil of the Maunaloa Seminary for ten years, and Assistant Matron for the past year. She accompanies Miss Alexander to Ann Arbor, for the purpose of continuing her studies, and avail herself of whatever advantages open to her.

Miss C. M. Snow, Miss Alexander's successor, has entered upon her duties. Miss Snow has been connected with Hampden Institution, Va., for fifteen years, and the Seminary to be congratulated upon securing the services of one so long identified with this noble institution.—Maui News.

MANY PORTUGUESE STABBED.
Ugly Street Row Last Night With Painful Results.

Five Portuguese were stabbed during the course of a row on Kinau street between Miller and Alapai streets, last night about 9 o'clock. The names of the men injured are John Gomes, alias Spaniola, stabbed in right side, knife blade entering pleural cavity; serious. Charles Ferreira, stabbed in right side of abdomen; not serious. John Hollerson (Peter), stabbed in left side of abdomen; not serious. Antonio Souza, stabbed in lower part of abdomen; not serious and Joaquin Torres, Torres is alleged to have stabbed the other men. He sustained a knife wound in the right hip. The wound is not serious however. Most of the injured men went to the Queen's Hospital.

Versions of the affair differ considerably. Torres claims that while walking along Kinau street last night, he heard a stone whist past his head. He turned and saw a crowd of young Portuguese men standing in the shadow. He surmised that they had thrown the stone at him so he brandished his walking stick and drew his pocket knife and struck a couple of his supposed assailants, who closed in on him. Torres was apparently able to give a good account of himself for he wounded four of the men. He thinks that either Gomes or Ferreira stabbed him. His reason for this belief is that some days ago, he got into trouble with these men because he took the part of a Portuguese who was being attacked by them. Gomes and Ferreira are quoted as saying that they would "get even" with Torres.

Ferreira claimed that he had been attacked by some unknown men. Other men in the crowd, assert that Torres attacked the young men.

THE POTATO BLIGHT.
The much advertised potato blight on Maui has practically proved to be nothing but potato starvation. In other words the Kula and Makawao potato lands have so long been cultivated to potatoes that the elements of the soil essential to potato growth have absolutely been exhausted. New lands, or old lands properly fertilized with potato food fertilizers, and planted to potatoes imported from healthy stock on the coast or on the east produced the same wonderful potatoes that were the pride and delight of the Maui housewife. This has been demonstrated by practical tests since the alleged blight appeared, and potatoes can today be bought in the Makawao district which are as good as can be raised anywhere on earth.—Maui News.

WAILUKU, May 16.—Venues have been issued for grand and petit jurors for the June term at Wailuku, beginning June 2.

A SILENT SUNDAY.
On next Sunday, May 24, a week from tomorrow, the central telephone office at Pala will be closed from early morning until about five or six o'clock p. m. for the purpose of moving the office from its present location into the Pala hall. The Pala, Makawao and Kula telephone line will consequently be out of commission during that day.—Maui News.

THE ELKS' SHOW

The Elks' entertainment at the Hawaiian Opera House Saturday night was attended by a splendid house. Almost every seat was taken. The entertainment, though of course in the main a repetition of that of Thursday night, had some new features. The current events of the last two or three days offered opportunity for some new jokes which was taken advantage of. The performance was smoother than it was on the first rendition, and some features of which there had been criticism, were cut out.

The minstrel first part was finely given. There were some fine touches in Dunn and Newton's spiritualistic fortune telling stunt. Captain Sam Johnson's detachment, in their silent bayonet drill, carried the house to an uproar of enthusiasm, and had to repeat it. The Florodora Sextette, George Kunkel in his songs, the Taxico Quartette in theirs, and the circus suggested by Ben Bruns and carried out with Frank E. Thompson as "speller" were all mirth provoking and enjoyable.

She was born in Georgia in 1849, and came to the Hawaiian Islands with her father in 1882, and has resided mostly in Lahaina and on Lanai. FIGHT WITH EAGLE.

James Ogle, a farmer at Nashville, Ind., had a fight with an eagle recently which came near proving serious. He was working with his two sons when he heard some of his lambs bleating. He went to investigate and as he was climbing a fence a large eagle flew at him, struck him on the head and chest with its wings and knocked him down. It then flew away and Ogle went for a gun and then to his lambs. He found that two had been killed, and while he was looking at them the eagle came back and attacked him a second time. He fired several shots at it, and it flew away, seemingly unhurt.

CIRCUMSTANTIAL EVIDENCE

JURORS WHO WOULD REFUSE TO TRUST TO IT IN A MURDER CASE.

Prejudice against returning a verdict of guilty in a capital case, on circumstantial evidence, caused difficulty in getting a jury this morning to try the case of Patrick Murphy, charged with the murder of Joseph Perry, at Makua, Waianae, on March 12. Twenty-six jurors were called to the box and 14 of them were excused during the morning session, nearly all of them because they said that they would not trust circumstantial evidence in a murder case. One or two didn't know the difference between circumstantial and direct evidence.

The excused jurors were: J. A. Gon-salves, W. B. Rice, W. L. Eaton, A. R. Phillips, W. D. Hamilton, C. J. Hutchins, F. E. King, J. Luahiwa, W. Messman Jr., A. H. Tarlton, J. Recard, A. Recard, J. J. Hogan, John K. Inch. The following jurors were in the box at the noon recess Robert K. Pahan, G. K. Fox, M. S. Deonte, L. A. Parish, M. E. Silva, C. Lambert, A. H. R. Virra, G. Roenitz, J. A. Noble, S. Kuby, J. W. Chapman, A. Q. Marcellino.

Judge Robinson issued a summons for 14 more jurors whose names were in the box, to appear in court at two o'clock this afternoon. There are two more on the old panel unexamined, and eighteen challenges may be made, so that getting a jury today is doubtful. The following are the jurors summoned: Albert Christian, P. P. Davis, E. Dunbar, G. H. Aea, F. A. Mayfield, G. Milton, F. C. Bertleman, S. B. Dankey, F. R. Tranquada, Solomon Mahelona, J. A. Lavelawe, Abraham Kekai, P. Gleason, Charles Girdler.

Murphy is being prosecuted by Deputy Attorney General Peters and defended by Robertson & Wilder and Henry Hogan.
