## FITS CURED

(From U. S. Journal of Medicine.)  
Prof. W. H. Pecke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P. O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PEEKE, P. D., 4 Cedar St., New York.

## THE LEGISLATURE.

THE CABLE PROPOSITION TO BE BROUGHT IN TOMORROW.

The Military Bill Finally Passes the House With Amendments—The Senate is Idle.

FORTY-FIFTH DAY, AUGUST 6th.

### THE SENATE.

President Wilder called the Senate to order at 10 a. m. and the usual opening proceedings were had.

A communication was received from the House stating that it concurred in the report of the Joint Committee on the kerosene bill which recommended that it be indefinitely postponed, and also that it had adopted the amendments to Sections 2 and 3 of the bill concerning rights of way.

Senator Brown explained the amendments agreed on by the Conference Committee and moved that the Senate adopt them. Carried.

President Wilder announced the following committee to act with the Minister of Interior on the feasibility of widening tires of vehicles, etc.: Senators McCandless and Rice.

The Attorney-General stated that since the arrival of the last steamer a businesslike and tangible proposition regarding the laying of a cable from these islands to San Francisco had been presented to the Government; that the matter was now receiving the careful consideration of the Executive. At present all he could say on the matter was that the scheme presented better prospects of success than any hitherto presented, and that if accepted the work of laying the cable would actually commence within one year of the signing of the contract. It was desired by the parties concerned that, if the proposal was accepted, the contract be signed at once and the approval of the legislature obtained at this session. This was necessary in order that the contract might be submitted to the Congress of the United States for its approval next December. The matter of taking a recess of the Legislature for two weeks had been suggested, but he found there was opposition to that by the native members of the lower House, to whom traveling expenses were quite an item. He left the matter in the hands of the Senate, agreeing that the government would be able to present the business in definite shape to the Senate tomorrow.

Senator Baldwin said he had talked with the members of both Houses from the other islands and found that they were all opposed to the recess proposition. He said it was not the time to discuss the question now anyway. When the government makes its statement the Legislature could determine in a short time how much consideration it would require. He would say, however, that if the government accepted the proposition as made public, it would not do, but if the terms were modified he thought the Legislature would agree to them in short order.

Senator Brown said the matter was of vital importance both politically and commercially, so much so that he thought the Senate should hold itself in readiness to act at once on any proposition advanced. The final determination of the matter rested with the Senate's appropriation of the

money necessary, in the form of a subsidy as he understood it, and it was simply how much the country could stand. He did not think it would take long to determine that.

The Senate then adjourned to Wednesday at 10 a. m.

### THE REPRESENTATIVES.

After opening routine the House received a message from the Senate announcing concurrence in conference committee's amendments to land bill, and transmitting Senate bill relating to appeals from District to Circuit Courts.

Rep. McBryde moved a resolution that the 25 copies of Proceedings, for which the House had appropriated \$125, be delivered to the Minister of the Interior, to be held by him for 10 days after the opening of the session of 1896, and sold by him to officers and members only at \$5 a copy. Any copies left over to be sold to any applicants at the same or an advanced price.

Rep. Rycroft asked if it was usual in other countries to have proceedings of the legislature published at public expense.

Minister Hatch said he did not know that it was except in Washington, where the Congressional Record was issued. He did not know of any State Legislature that paid for printing its debates.

Rep. Rycroft said that this House corresponded to the House in Washington, and he believed the projected book would be valuable. He did not think the members ought to pay for their own books.

Mr. Hanuna supported the motion to indefinitely postpone the resolution, which was then put and carried.

The Senate bill for regulating appeals from District to Circuit Courts was taken up.

Rep. Kamao moved the indefinite postponement of the bill. He declaimed against the Senate's treatment of House bills, saying he thought it was time for the House to resent the conduct of the upper Chamber.

Rep. Hanuna thought it was a good bill and that retaliation for the Senate's action on other bills would be unseemly and improper. He moved that the House consider the bill.

Rep. Kaeo favored indefinite postponement, as he considered the bill would make matters worse instead of better for the people.

Minister Hatch thought there was some merit in the bill. It was for the benefit of people who had to come before the courts. At present a man had to give four bonds on an appeal, at various stages, which was not right, and the bill provided that one bond would be sufficient.

Rep. Kaeo answered, that was all right, but it was under the rules of the court. Let them change the rules. What was the matter with a man giving a fresh bond when he carried his appeal higher? It would be a long time before the people would become aware of the change, and the repealed practice would be continued until somebody would be caught in the trap.

Rep. Rycroft had not heard any good arguments against the bill, and after the Minister's explanation he favored its passage. Members should not show spite against the Senate.

Rep. Kaeo said there was no spite in him.

Minister Hatch, in answer to Rep. Bond, said the extra bonds would increase costs and cause trouble in getting security.

On a narrow majority the bill was ordered referred to a committee, and the Speaker gave it to

the Judiciary committee.

Rep. Rycroft objected to the Judiciary committee because its only two members present were opposed to the bill.

Rep. Kamao claimed the objection was too late, and the Speaker concurred.

The Military bill was then put on third reading.

Clerical errors were corrected and the bill passed by unanimous vote.

The bill appropriating \$3000 additional for expenses of the session was read a third time and passed.

The bill exempting public library associations from taxation was read a third time and passed.

A message from the Senate announced concurrence in the rights of way bill as coming from conference committee.

At 12:30 the House adjourned till 10 o'clock tomorrow.

### IN THE CIRCUIT COURT.

Sentences Passed on Yacht Stealers and Gamblers—Decision by Judge Cooper.

Judge Whiting sentenced John Montgomery, J. Sullivan and Paul Berens each to six months' imprisonment and to pay a fine of \$25 and costs, for larceny second degree in stealing the yacht Bonnie Dundee, valued at \$2000, the property of S. B. Dole, W. W. Hall, E. O. White and W. L. Wilcox.

Kaahanui, Kailianu and D. Kaupaa, who appealed from the District Court's sentence for gambling, were each sentenced to pay a fine of \$100 and \$3.50 costs.

J. Kupihea was on trial all morning before a native jury for robbery. Robertson for prosecution; Neumann for defendant.

Judge Cooper has rendered a decision on the bill for specific performance of *Vittoriano Ohera vs. J. D. Ackerman*. The bill is dismissed on the grounds that an assignment of lease by John Costa to plaintiff was fraudulent and that the plaintiff was not entitled to a renewal of lease because he allowed the land to be overrun with lantana. Neumann for plaintiff; Carter and Kinney for defendant.

### A Mixed Up Mess.

Judge Perry needed the legal acumen of King Solomon badly this morning when he had to determine which was telling the truth, two Chinese who were arrested for assaulting a policeman named Espindor, or the policeman himself with a native companion officer who arrested the Chinese for violating the Sunday law in keeping a shop open on Sunday afternoon. The testimony was so much at variance that the Court gave the defendants the benefit of the doubt and let them go. George de la Vergne prosecuted and A. S. Hartwell and W. L. Stanley appeared for the defense.

A. V. Gear has some fine residences for sale in the city.

Dr. McGrew has a house of tea rooms to let on Punchbowl street.

N. S. Sachs calls for the payment of all accounts before August 15.

The Leilani Boat Club will have a special meeting at the hotel at 7.30 this evening.

The American Legion of Honor meets to night at 7:30 at Knights of Pythias hall, Fort street.

The Pacific Hardware Company exhibits a fine bunch of plantains in one of their show windows. It was grown at Seeloy Shaw's place on King street.

**Popular Topics of the Day.**

This filibustering business is growing monotonous; the people who are engaged in manufacturing rumors should switch off and do something else or the government will lose confidence in them. Such reports do the country no good and we fail to see where the rumor makers are benefited—Hawaii does not seem to mind it much for things are as quiet and peaceful here as in a well conducted grave-yard.

We believe we have quite the best stock of leather in Honolulu and it comprises besides sole leather the celebrated Spotts light and heavy harness leather, and leather for saddles. The best of russett and red calf skins. Leather for carriage makers, colored lining skins and soft dash leather. All kinds of leather is higher today than it was two months ago; in some instances it has advanced as much as ten per cent, but as we were well stocked before the rise we can sell at the same old price and perhaps a little lower. We have a very complete stock of Shoe and Harness findings and tools for all kinds of leather work—the price of which is entirely satisfactory to all of our customers.

We have the goods and the prices will suit you.

**"BE NOT FORGETFUL"**

EDITOR BULLETIN:—The eight young lady school teachers who arrived in Honolulu on the S. S. Miowera, returned to their homes in Victoria on the Warrimoo on Thursday last. This is the first excursion of the kind that has visited Honolulu from British Columbia and will, no doubt, be followed by many more in the near future. Amongst the party was Miss Agnes Deans Cameron, principal of South Park School, Victoria, who is a bright newspaper correspondent, and who will, no doubt, give Hawaii a splendid advertisement in the Victoria press, as all the ladies were perfectly charmed with their sojourn here. The boast of this country has always been its exceptional advantages as a resort for tourists. This is all very fine so far as climate, scenery, hotel accommodation and all that sort of thing is concerned, but unless a little of the milk of human kindness and hospitality is thrown in these count for naught. We would like to know how many of the local teachers entertained these young ladies while they were here, and how many families invited them to their homes? Even the newspapers, with two exceptions, failed to refer to their presence in the community. This may seem a small matter to be discussed in a newspaper, but then it must be remembered that life is made up of little things and some of the items apparently very insignificant at that. The fact is that eight highly respectable and cultivated young women from a friendly country have been permitted to spend eight days in Honolulu, and with a single exception did not receive common ordinary hospitality. Had it not been for the fact that friends of some of the ladies in Victoria communicated with members of the Scottish Thistle Club here the pleasure of the visitors would have been very much curtailed. The officers of the Thistle Club deserve credit for their forethought in extending hospitality and information to these ladies. While here the visiting teachers engaged rooms at the Hawaiian Hotel and also carriages to be at their disposal whenever required. They took advantage of every moment of time to take in the sights and were sorry their vacation term did not permit them to stay a month in the country. On Wednesday evening they entertained the few friends they made in Honolulu to a dinner such as the Hawaiian Hotel can put up, when a very pleasant evening was spent. Your correspondent views the tourist travel as one of the chief sources of income to this country in the near future and every effort should be made to encourage it and make people coming here under similar circumstances to the above feel that there are good, warm-hearted, hospitable people living here and that it is a pleasant place to come to in every sense of the word. I venture to say that if ever a party of teachers from Honolulu have the good fortune to visit Victoria, B. C., especially if they are ladies and alone, they will not find any clam-shell exclusiveness there, but lots of good baked clams and a warm welcome to as pleasant and refined homes as there are to be found in Honolulu, and first to receive them and give them welcome will be Miss Cameron and her friends who recently visited the Paradise of the Pacific.

**THE LEGISLATURE.**

PROCEEDINGS AT YESTERDAY AFTERNOON'S SESSION.

The Alcohol Bill Finally Disposed of in the Senate—Military Bill Finally Disposed of.

Forty-Third Day, August 5th.

**THE SENATE.**

The Senate resumed its session at 1.30 p. m.

On motion of Senator Rice the report of the Committee on Accounts was reconsidered, in order to allow two bills to be referred to the Printing Committee for correction.

The alcohol bill was taken up on its third reading.

On motion of Senator Baldwin Section 3 was made to include alcohol "and all preparations thereof." A further amendment requires all methylating to be done at the Custom House under the supervision of the Collector-General and certified to by the government chemist. The permission to withdraw alcohol for use in manufacturing perfumery was also stricken out of the bill.

After the title had been patched up the bill passed its third reading by 13 ayes to 1 no; Senator Waterhouse voting no.

Senate bill 13, relating to bonds on motions for new trials, was next in order on its third reading. The bill passed unanimously.

The Senate then adjourned.

**THE REPRESENTATIVES.**

The House continued the consideration of the Military bill after recess.

Section 41 which provides that "No commissioned officer of sharpshooter companies in time of peace or war, upon marches, guards, in quarters or on other duty shall rank commissioned line officers of the uniformed military forces of the Republic of Hawaii."

Minister Hatch moved to strike the section out as superfluous. Carried.

Section 42 as amended provides that the Sharpshooters must respond to a call to arms with the National Guard or any part thereof; failing so to do is to be guilty of disobedience of orders, and may be tried and punished by a court martial.

The bill passed its second reading and was made the order of the day for Tuesday.

The Kerosene Oil bill was indefinitely postponed.

Senate bill appropriating \$3000 for additional expenses of legislature passed first and second readings under suspension of the rules.

The Act to exempt the Honolulu Library from taxation passed first and second readings.

The Act authorizing the Hawaiian Tramways Company to use electricity was read the first time and referred to the Committee on Public Lands.

Rep. Richards was excused for the balance of the session and the House adjourned.

OBSERVATIONS.

It may be proper to say that no member of the Scottish Thistle Club wrote or even suggested the letter elsewhere regarding the visit of the Victoria teachers.

It is enough to make Wagner turn over in his grave and bring Professor Berger back without participating in the anniversary of the battle of Sedan, to have the morning organ talk about "the strains of Lohengrin's beautiful wedding march."

Is Mr. Thurston's "Memorandum" only a pilot engine to Col. Spalding's cable scheme? If so, what has kept the Colonel from coming home with his proposal until close to the end of the session? At this writing we are unable to gather, from what has transpired about the proposal, whether the \$50,000 a year for twenty years wanted from Hawaii is all the assistance the company requires. Surely the United States is not going to receive the great benefits of the cable without paying anything therefor. And if she pay in proportion to what is asked of Hawaii, five per cent interest on a million dollars of capital is rather steep for this country. Hawaii must not pay too dear for her whistle, especially if her sister is to have as much blowing through the instrument as herself. Since the foregoing was put in type, the Attorney-General has promised to lay the scheme before the Senate tomorrow. He says it is to be submitted to the United States Congress for approval, but without mentioning whether or not a subsidy is to be asked from the United States Government. Senator Baldwin evidently agrees with this paper that the boon is offered at too high a price for this country.

So the editor of the Friend takes his authority for insinuations against President Cleveland from the "royalist sheet," because the royalists "have usually proved well-informed as to Mr. Cleveland's intentions." In this instance, however, its authority distinctly scouted the idea that President Cleveland had any personal knowledge of Durell's claim. As to the "sacrilegious assumption" charged to the Friend by this journal, it was not based on the solitary quotation given by the editor of the Friend in this day's paper. Past numbers of the Friend, as we take it, are replete with such "assumption." But even in the citation made the thing is obvious enough. He was talking of the claims for wrongful imprisonment against this Government, and piously invoked Providence to protect the nation in civil proceedings as yet unadjudicated between man and man. In principle it was just as sacrilegious, besides improper because relating to matters that are *sub judice*, as would be a similar invocation on behalf of the nation against the claim of the unfortunate blind bookseller against the Government, on account of injuries he received from falling into a hatchway left open through alleged laxness of police surveillance of the sidewalks.

THE FRIEND REPLIES.

EDITOR BULLETIN: In your not discourteous criticism of the August No. of *The Friend*, you seem not altogether discriminating. I will specify: You say it "expresses tacit sympathy" for Joseph Cook. It certainly expresses a strong sympathy for both Dr. Cook and Minister Willis. Nothing tacit about it.

You find "partisan bias" in the statement that "it is apprehended that this (Durell) claim is presented by the U. S. Government in a hostile spirit, etc." Possibly you suppose *The Friend* to be Royalist partisan, since it supports the above statement by the authority of "the Royalist sheet, *The Independent*," which regards this claim as "the thin end of the wedge which will rend Mr. Stevens' Republic." You may feel assured that any such supposition is groundless. *The Friend* was merely acting as a reporter of what is the general belief of both parties, but especially that of the Royalists, who have usually proved well-informed as to Mr. Cleveland's intention.

You impute to *The Friend* "the sacrilegious assumption that the ruling party are the especial favorites of the Deity." Is not that rather a strong construction to put upon so guarded an observation as that "A gracious Providence has long protected this nation. We may continue to trust in the same protecting hand." Surely this is reverent.

You are so kind as to say what would improve *The Friend*. I feel so little impressed by it that I am discouraged from repaying the favor by suggesting obvious ways of improving the BULLETIN.

Timely Topics TO

Most people make their wills before they die, and some of them are great curiosities in their way. Among the many curious legacies made lately is that of a Christiana man who directs that his whole fortune shall be expended in bicycles. A Norwegian newspaper which does not give itself up to the comic element relates that a Dutch lawyer, named Nikolson, bequeathed the whole of his property to trustees, to be employed in the purchase of bicycles for the use of children attending school, while part of the money is to go towards paying the teacher to train the boys in bicycle riding.

The validity of the will has been disputed by the sons of the testator, who refuse to acknowledge it, so that it is still a question of doubt whether the children will reap the benefit of the strange bequest. That the testator was sincere enough, and that he recognized in the wheel untold blessings which might have escaped the observation of minds of less acumen, the concluding portion of the will should go to prove. It says:-

I have always found a bicycle capital protection against the importunity of those people who persist in stopping you in your walk to spin a long yarn in the hot sun or in the biting east wind. My machine, unlike a horse, never shied once; and in my drives I have had no need to distrust life and limb to the tender mercies of a coachman.

Now that lawyer had good hard, solid sense and plenty of it, in fact, a good deal more of it than most lawyers are credited with, and yet not more than many boys and girls in Honolulu have, for are there not many of the latter who are spending their whole fortunes in purchasing a bicycle and they are wise in spending their money on something that will give them their money's worth every time.

The bicycle of the Khedive of Egypt is a gorgeous machine, almost entirely covered with silver plating but if anyone wants a duplicate of it we can furnish it, or if something "English you know" is wanted we can supply similar machines to those used by the Prince of Wales' boys and girls, all of whom are expert riders.

But for common every day people like those who reside in Paradise, we mean the Hawaiian Paradise, the Monarch is the machine to buy. It gives you better value for the money than any other make, and we can furnish it in any style and price. We have received by the Australia the largest consignment of wheels ever brought to the islands, and also a complete line of extra fittings. If any portion of a Monarch wheel gets broken or out of order we can replace it at a moment's notice at factory prices.

Mr. T. V. King, who arrived by the same steamer, will have charge of the mechanical department of our bicycle business. His large experience in that line enables us to guarantee satisfaction in all work entrusted to him.

Yale's La Freckla

is Mme. Yale's infallible cure of Freckles, Tan and Sunburn. It is the only remedy ever compounded that will remove freckles completely and surely. The fairer and more delicate the skin, the more likely it is to freckle and the worse it will look after it is freckled. Thousands of women, otherwise beautiful, are disfigured by these unsightly, brown blotches. Nothing will hide them. They are a source of misery, but they can be cured. La Freckla is the death-warrant to freckles. The preparation of La Freckla is one of Mme. Yale's greatest achievements. There are many imitations, some of them very dangerous and hurtful to the skin; none of them really effective. For safety and certainty, insist always on getting the genuine and original La Freckla. New Process Stove

FREE.

No lottery, raffle or game of chance, but a straight business proposition. Every person who purchases one of our New Process Stoves between Thursday Morning, June 27, and 6 o'clock Wednesday, August 7, will be entitled to one guess as to how many of these stoves will be sold up to that time. It being then just five months since the first stove was purchased. The person guessing correctly, or coming nearest to the correct number, will receive at once a present in cash of the full amount paid for his stove; in case of two or more persons guessing the winning number, each shall make a further guess on the sales of the following week, one person thus finally receiving the prize. As the stoves will be sold at regular price, no one risks anything, only if you guess nearest to the right number your stove costs you nothing. The prize being simply an ad. for New Process Stoves. Seal your guess in an envelope and place your name and address on the inside, and some private mark on the outside. The envelopes will be carefully kept and no one but the guessers will know what is inside each until the date of opening. A correct list of stoves sold will be hung up before the opening of envelopes, which will be done at our store in the Waring Block, Fort and Beretania, at 1 p.m. on August 7, in the presence of stove purchasers and the public.

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen:—I take great pleasure in advising you of my cure by Hood's Sarsaparilla and gladly recommend it to all suffering as I have been. My system became thoroughly deranged and life seemed little else but a burden. I was very bilious and my kidneys and liver were out of order. I had no appetite and seldom ate any breakfast. I had taken tonics and had been treated by different physicians but with little or no success, and had become quite disheartened, fearing my case was

MRS. AUG. DARROW.

WELLS, RICHARDSON & Co.,

Gentlemen:—I was very much run down, had no appetite at all, was very nervous, had no sleep night or day; to sum it all up, I was perfectly wretched. But thanks to Paine's Celery Compound I can now eat and sleep and work just as well as I could before I was taken sick. When I commenced taking the Compound I weighed 136 pounds; I now weigh 153 pounds and do all the work for my family of five. I have recommended the Compound to three families already and they are very much pleased with it. I am now taking my fifth bottle, and would recommend it to all who are suffering with stomach trouble or nervous trouble.

Yours respectfully,  
MRS. AUG. DARROW.

### ANNIE MAY ABBOTT.

The Little Electric Magnet In Honolulu.

Few women are better known to the reading world than Annie May Abbott (the little Electric Magnet), who arrived here on the Alameda en route to the Orient and around the world. Miss Abbott has yielded to overtures to give exhibitions while here and will appear at the Y. M. C. A. Hall Thursday and Friday evenings, Aug. 8 and 9.

After a recent exhibition in the capital city of Montana, the Helina Herald said:

"What is it?"

That was the question which could be heard on every side as the large audience that had gathered at the auditorium last night witnessed the wonderful performance of Annie May Abbott, "the little magnet." And no one could or tried to answer this question regarding the power or force which Miss Abbott used, with which she exercised force enough to combat the strength of from four to ten men, and even with this great amount of physical strength opposed to her, Miss Abbott conquered and overthrew it all by the use of the wonderful hidden power of which she alone is a master. A committee of many of the prominent men of the city were asked to take seats on the stage. Among these were Gov. Rickards, W. E. Cullen, Col. Lambeth, A. J. Craven, Dr. E. D. Leavitt, S. A. Swiggett, John W. Wade and many others, and the entire performance was carried on directly under their eyes and in every test one or more of this committee took an active part.

Miss Abbott began her series of "tests" by having one of the committeemen hold the chair and she by placing the tips of her fingers against it would force the holder all over the stage, no matter how hard he tried to stand still. Although Miss Abbott only weighs 98 pounds, three men could not lift her from the floor. She lifted a chair holding four large men, and to show that she used no pressure with her hands to perform this wonderful feat, two of the committeemen held an egg against the chair and Miss Abbott placed her hand on the outside of theirs. A line of nine men could not push her against the wall, although there was enough force expended to shove out the side of the building. She exerted her power on a little girl at a distance of over thirty feet, and this little girl could not be lifted from the floor. These and many more wonderful tests completed the performance.

One of the most startling things was Miss Abbott's temperature before and after the performance. Dr. Leavitt took both and found at the beginning her pulse 106 and her temperature normal, 98½. At the conclusion her pulse was 144 and her temperature 90. This can be appreciated when it is understood that a fall of two degrees in the temperature of any person would cause death.

### NAVAL NOTES.

Movements of Some of Uncle Sam's Naval Vessels and Men.

Work has been commenced on the repairs to the Adams at Mare Island.

Gunner Tresselt has been detached from the Philadelphia and has left for New York on a month's leave.

Lieutenant George M. Stoney, long time aid to Commandant Howison, has been transferred to the Philadelphia.

Uncle Sam is finding it very difficult to get men for his cruisers. The applications at the Navy-yard have been plentiful enough, but the men are either too old or are not physically perfect. In consequence the admiral of the fleet in the Orient has been instructed to send no more short-time men home by steamer, but to transfer them all to the Baltimore. The cruiser has been ordered home and will probably go to the Atlantic coast via the Suez canal.

## Don't Make a Mistake!

The oldest, best and cheapest furniture store in the city was established by the veteran furniture dealer and undertaker, Mr. C. E. Williams, in 1859, and is now conducted by him and his oldest son Ed. A. Williams at 611 King St. We wish to notify our patrons and the public generally that we have no connection whatever with any other furniture and undertaking establishment in Honolulu.

## THERE IS NO MISTAKE.

When people walk into the CITY FURNITURE STORE at the corner of Fort and Beretania streets and ask for Mr. H. H. Williams, they make no mistake.

They know where they can get the best value for their money and a good variety to select from.

C. E. WILLIAMS having sold his ENTIRE INTEREST in the Furniture and Undertaking Business to Mrs. Ed. A. Williams on the 17th day of June, A. D. 1895, and having left the country, his second son, HENRY H. WILLIAMS, now becomes the oldest experienced FURNITURE DEALER AND UNDERTAKER in Honolulu.

MR. H. H. WILLIAMS entered the employ of his father about twenty-five years ago, since which time he has made a continuous study of the Furniture and Undertaking Business. He graduated from Dr. S. Rodgers' Perfect Embalming School in 1890, since which time he has made a success of that branch of the business.

He does not advertise the oldest nor largest stock of Furniture in town, nor does he covet all the trade in town.

He only asks for his share, and from appearances he is getting it, consequently he is satisfied.

He receives new goods every month and fills order promptly.

## WELL! WELL!! WELL!!!

### Just Look at the Mistakes.

When people order by telephone of another Furniture Store and then walk into C. E. WILLIAMS & SONS Store and ask why the goods are not delivered on time they make a mistake. When a lady telephones to the store of C. E. Williams & Son to come and take back a piano that was sent to her by another furniture man she makes a mistake.

It is a Mistake to think that C. E. WILLIAMS has left the country without a return ticket.

It was a Mistake to try to stop him from going.

It is a Mistake to imagine that he will not return with a stock of goods, with prices that will make the public happy and paralyze some folks.

It is a Mistake if Clark's school of embalming from which Mr. ED. A. WILLIAMS graduated last year is not the best on Earth.

It is a Mistake if you think we do not covet all the trade in town; we do! We would like the Earth and Necker Island thrown in.

It is a Mistake if you think (all insinuations to the contrary) that we do not still remain, Yours as ever,
