## Washington Assists Our Immigration

TREASURY DEPARTMENT ALLOWS LABOR COMMISSIONER STACKABLE SIX EXTRA WEEKS LEAVE TO HANDLE SECOND SHIPMENT OF SPANIARDS, PER S. S. KUMERIC—FURTHER CHARACTERS AWAIT DETAILED INFORMATION OF NEW LAW.

Upon the recommendation of Acting Collector of Customs R. C. Stackable, backed by the recommendation of United States Immigration Commissioner-General F. P. Sargent at Washington and at the suggestion of the Hawaiian Board of Immigration, the leave of absence of Labor Commissioner E. R. Stackable has been extended six weeks.

This extension of leave permits the local immigration board's representative in Europe to take charge of the embarkment of the second load of Spanish emigrants to these islands per S. S. Kumeric which is to sail between April 25 and April 30 for Honolulu with about 2000 individuals.

The S. S. Heliopolis is now en route to Honolulu with over 2000 Spanish laborers and their families and, since the Kumeric was already chartered for a shipload and Stackable's leave of absence from the Treasury Department was to expire about the time the Kumeric was to sail, it became necessary, if Stackable was to look after this second shipment, that his leave be further extended.

Stackable cabled the Board of Immigration here to this effect, from London.

Yesterday afternoon there was a meeting of the Board of Immigration

## THE HOUSE AND THE PUBLIC LIBRARY

EFFORT WILL BE MADE TO GET A RECONSIDERATION OF THE VOTE ON THE ITEM.

It is likely that steps will be taken in the House to secure a reconsideration of the item of \$5,000 for a public library. The item was killed yesterday, largely through the efforts of Representative Rice of Kauai, but it was defeated by a narrow vote. It is believed by the supporters of the bill that a further canvass of the members of the House will result in securing additional support, sufficient to get the item passed. Among the arguments advanced yesterday in support of the item was one that the circulation of books would tend to educate the natives.

It is urged in further support of the measure, that if the legislature will appropriate the nucleus for the library, a sufficient sum can be secured from the Carnegie library fund, to install and conduct the public library. If the item be appropriated by the legislature, local influence will then be exerted to secure from the Carnegie fund the additional money to conduct the institution.

## Red Tape The Cause Of Delay

DEED FOR SITE OF MAKAPUU LIGHT HELD UP IN ATTORNEY GENERAL'S OFFICE.

The delay in commencing work on the construction of the Makapuu Point light house was explained this morning by Captain Otwell, United States Army Engineer officer in charge of harbor, lighthouse and army construction by the statement that the deed for the property is being held in the United States Attorney General's office in Washington, awaiting its regular turn to be passed upon.

"There has been no undue delay," explained Captain Otwell, "and the regular formalities in such matters is simply being carried out. In its turn the Attorney General's office will pass upon the deed to the property on which the light will be erected, after which we shall be free to proceed. Until then, of course, no steps can be taken. I confidently expect that the deed will be approved within the next six weeks or two months."

Regarding the construction of the Front Range light, which has been delayed waiting for cement, Captain Otwell stated that he expected the material would be here in a few days, when work will be at once pushed with all expediency.

## Experiment Station Is Appreciated

HIGH PRAISE GIVEN REPORTS OF HAWAIIAN SUGAR PLANTERS' ASSOCIATION IN OTHER PLACES

W. M. Giffard, chairman of the committee in charge of the Hawaiian Sugar Planters' Experiment Station, has just received information which shows the extent to which the work of the Hawaiian planters is appreciated elsewhere and reflects much credit upon Mr. Giffard and the station he represents.

The latest Zoological Record gives 1669 titles of publications on entomological subjects, as the total output for the year 1906. Of these the recorder gives special notice of 49, amongst which are the Bulletins of the Entomological Division of the Hawaiian Sugar Planters' Experiment Station. High praise is accorded to these Bulletins in the statement that "the most remarkable of the Economic work of the year is the series produced as Report of the Hawaiian Sugar Planters' Association by Perkins and others. They include a great deal of matter of interest to the Naturalist as well as the Economist."

## Visitors See Bishop Museum

SEEING THE CHIEF BUSINESS OF DAY—GO TO WAHIAWA TOMORROW.

In the neighborhood of 150 of the Los Angeles excursionists went out to the Bishop Museum this morning where the interesting exhibit was much enjoyed by everyone. The party assembled at 9:45 o'clock in front of the office of the Promotion Committee from which point a start was made shortly after 10 o'clock in special cars.

The remainder of the visitors spent the morning in manner most pleasing to their individual tastes, some going out to Waikiki Beach, some driving to the Pali, and others visiting the Capitol where the legislature is in session. This afternoon a large crowd is at Kapiolani Park where a band concert is the chief attraction.

Tomorrow a trip has been arranged by train to Wahiawa. About 150 of the Island's guests have signified their intention of taking this trip and the crowd will leave on a special train at 1 o'clock. This jaunt promises to be one of the most interesting of any that have yet been taken, as the great pineapple industry and small farming projects will undoubtedly be a revelation to the visitors of the possibilities of the island. The train will return at 4:30 in the afternoon.

The dance tomorrow evening at Moana Hotel will be the formal affair of the kind, an dthe last dance before the excursionists start for home on Friday. Special music has been arranged for this occasion together with a band concert.

### WANT LILHA STREET REPAIRED.

## THE LEGISLATURE

### TOO LOOSELY DRAWN THE GOVERNOR SAYS

VETOS AMENDMENT TO CORONER'S INQUEST LAW BECAUSE OF CARELESS CONSTRUCTION.

THE HOUSE. TWENTY-THIRD DAY. MORNING SESSION.

The Committee on Public Lands recommended the tabling of House resolution No. 135 introduced by Representative Mahoe, appropriating \$15,000 for a new bridge at Kaluanui; also the same action of House resolution No. 134, introduced by Representative Kahana, appropriating \$6,880 to extend Richardson street in Hilo. Both reports adopted.

The same committee also made the following reports: Recommending the passage of House resolution No. 138, presented by Representative Mahoe, asking \$700 to repair the court house and jail at Waianae. Recommending the tabling of House petition No. 28 from the taxpayers of Kalihi introduced by Representative Correa, asking \$5,000 to extend Gulick avenue. Recommending the tabling of House resolution No. 133 introduced by Representative Correa appropriating \$10,000 to extend Pua lane to School street. The two latter measures to be considered with the Appropriation bill. All reports adopted.

This committee made further reports as follows: Recommending the passage of House Resolution No. 140, introduced by Representative Keouli which asks \$2,000 to extend the water pipe at Waimea, with the reduction of this amount to \$1,500. Recommending the tabling of a petition from Rev. S.

## GORE FOR FEDERAL BUILDING

MOVEMENT ON FOOT BY ELEMENT OF COMMUNITY TO URGE PALACE SQUARE.

It is understood that Henry E. Cooper has been enlisted to use his influence to secure a change in the selection of the Federal building site. A movement is now on foot to have the Gore site taken in the triangle bounded by Alakea, Merchant, King and Palace Square, selected instead of the Mahuka site on King street.

A concurrent resolution declaring in favor of the Gore site was introduced in the Senate this morning and was referred to the Committee on Public Lands. It is understood that a very strong element of the community will attempt to overcome Mr. Taylor's selection of the Mahuka site and urge that the Gore be the location for the building.

A memorial favoring the Gore site is also being circulated.

### WANT SENATE TO FAVOR GORE SITE

CONCURRENT RESOLUTION INTRODUCED THIS MORNING ON THIS MATTER.

SENATE. TWENTY-SECOND DAY. MORNING SESSION.

Owing to the continued illness of President Bishop, Vice President Kalama presided today. The selection by President Bishop yesterday of Senator Knudsen to preside, was in no way intended as any slight to the vice president. Mr. Bishop was very ill with dengue fever and in his desire to relinquish the gavel and seek his bed, selected Senator Knudsen without thinking what construction might be placed on his oversight. However matters were very amicably settled when Senator Knudsen did not appear in time to open the Senate at in the afternoon and Kalama took the chair. The incident at first occasioned some feeling but when the cause was explained to Kalama, he was entirely satisfied.

A communication from Secretary Atkinson notifying the Senate that the Governor had signed five bills yesterday was read and placed on file.

Notification was received from the House that it had sustained by aye and no vote, the governor's veto of Senate bill No. 14 relating to the right of married women to deal with their own property. Notification was also received that the House had concurred in Senate amendments to House bill No. 97.

A long petition was received from the Maui teachers asking for an increase in

COURTESY FOR CRAFTS SAYS SENATOR SMITH

SIX HOURS IN HAWAII THE REVEREND REFORMER SPEAKS WITH AUTHORITY ON DOPE.

EDITOR STAR: There is danger that your report of the meeting between Rev. Wilbur F. Crafts and the Senate committee on sale of Spirituous Liquors will give the impression that he was treated with discourtesy. Mr. Crafts was listened to and treated with courtesy, and the protests made to his statements as to the great increase of the use of opium in Hawaii were made to prevent his giving an erroneous impression to others. His statements as to the prominent part he had taken in the United States and Europe in the temperance cause and his present mission around the world, made it seem important that exaggerated impressions should be corrected. Although Mr. Crafts had been here only about six hours, he could say that he had been in Hawaii and made personal investigation, and had had a conference with a committee of the legislature, and his statements would probably have weight. There was no intention of treating him with discourtesy, and no discourtesy was shown.

W. O. SMITH. Honolulu, March 16, 1907.

WEEKLY WEATHER BULLETIN

For the Week ended March 16, 1907. Honolulu, T. H., March 18, 1907. GENERAL SUMMARY. Cool weather obtained generally throughout the section. All stations on Maui and Molokai, all but one on Kauai and Oahu, and several in the northeastern portion of Hawaii report mean temperatures from about 1.0 deg. to 3.5 deg. lower than during the preceding week. In the Hilo, Puna, Kau and Kona districts of Hawaii they were from .3 deg. to 1.3 deg. higher than last week's.

The greatest amounts of rainfall during the week occurred in the Puna, Kau, Hamakua and northern portion of the Hilo districts of Hawaii, in the extreme northern portion of Kauai, and on Maui—excepting in the Waialuku district,—and ranged from 1.15 to 6.06 inches, the larger amounts occurring on Hawaii. In the remaining districts the total fall did not equal one inch, except in one instance. No rainfall occurred during the week at the following stations: Waiawa and Waianae Oahu and Elelele, Kauai.

At stations having a record of ten or more years, the amount of rainfall in all districts, excepting in the Hamakua, Kau and Puna districts of Hawaii. The deficiencies ranged from -.33 inch to -3.11 inches on Hawaii, and -.31 inch to -1.26 inches on Oahu and Kauai. The excesses on Hawaii ranged from +.22 inch to +1.01 inches in the Hamakua and Kau districts, and +3.50 inches in the Puna District. Moderately heavy to excessive rains occurred on the 9th generally on Maui and in portions of the Hamakua district of Hawaii, and in the Hilo district of Hawaii on the 12th. An excessive rain, 5.53 inches, occurred at Kapoho, Hawaii, on the 8th.

Strong winds were quite prevalent over the section during the week. The following table shows the weekly averages of temperature and rainfall for the principal islands and for the group:

Table with 3 columns: Location, Temperature, Rainfall. Rows include Hawaii, Maui, Oahu, Kauai, Molokai, and Entire Group.

At the local office of the U. S. Weather Bureau in Honolulu, generally clear weather obtained, with measurable rainfall on one date, amounting to .02 inch, .54 inch below the normal for the week, and 1.17 inches less than during the preceding week. The maximum temperature was 78 deg., the minimum 62 deg., and the mean 69.2 deg., which was 1.9 deg. below the normal and that of last week. The mean relative humidity was 70.0 per cent., and the prevailing wind direction was NE with an average hourly velocity of 7.7 miles. The mean barometer was slightly below the normal, wys-ik.tfvv8uovJ.fon.Nk

LOS ANGELES IS AFTER KOA WOOD

J. M. CARPENTER OF THAT CITY IS TAKING BACK SEVERAL HUNDRED FEET IF KOA LUMBER.

Efforts are to be made to establish the Koa furniture industrial relations between Los Angeles and Hawaii. J. M. Carpenter one of the visitors on the S. S. Ohio and one of the partners of the mill firm of Builes and Carpenter at that city, will make the experiment. While on Hawaii, Carpenter made inquiry into the possibility of koa lumber and purchased several thousand feet for the purpose of taking it back to Los Angeles with a view to turning out furniture. He considers that an industry can be built up and will endeavor to do it.

Lloyd Childs the Los Angeles agent of the Promotion committee, is a member of the Ohio party. He says that the concert of some of the visitors was certainly taken out of them by their visit to S. M. Damon's place last week. Even they had to admit that they had seen things that were more beautiful than Southern California could produce. All of the visitors, Mr. Childs says are delighted. The committee could have brought a party of 500, had there been sufficient steamer accommodation.

Senate Forces Nomination Of Isenberg

HELD UP THE NOMINATION OF KELLOGG BECAUSE ISENBERG HAD BEEN PROMISED PLACE.

The Senate was chuckling yesterday over the latest action of the Governor in the matter of appointments to the Board of Agriculture and Forestry. He sidestepped the issue raised by the appointment of L. G. Kellogg and the Senate had the satisfaction of feeling that it had won out for Senatorial courtesy.

Some time ago the Governor appointed L. G. Kellogg to the Board of Agriculture and Forestry, and sent the name to the Senate for confirmation. It had been the impression that former President of the Senate, D. P. R. Isenberg was to have received that appointment. In fact, the Governor gave Isenberg such an impression. When it was learned that Isenberg had been given the overlook his friends in the Senate were angry and they have ever since hung up the confirmation of Kellogg. This morning the Governor sent to the Senate a message announcing the appointment of D. P. R. Isenberg to the Board of Agriculture and Forestry to succeed L. A. Thurston, resigned. This appointment apparently solves the tangle. There is nothing against Kellogg personally, and now that Isenberg is nominated both will probably be confirmed.

of convenience. But the Englishman, as a rule, has compelled the aborigine to learn his language whatever the inconvenience.

It seems very likely that in this may be found one of the reasons why the English has become such a world language.

Conquered and servient races, as a rule show greater facility in acquiring language than any other. The Poles are generally reckoned the readiest linguists in the world.

The Armenians, who have been vassals to every conquering horde which has swept over their land, are looked on as the linguists of Asia minor.

There is something more in this sturdy refusal of the Anglo-Saxon to readily learn other languages than his own, than the mere accident of insularity in England, or isolation in America.

A half a million a year for European immigration ought to effect a great change toward rolling back the tide of orientalization in these islands.

teachers salaries, was read and referred to the educational committee. The communication said that the teachers resented certain members of the legislature referring to certain classes of teachers as "fussy old maids," as a reflection upon the dignity of the teachers.

Senator Lane presented a petition from 107 residents of Ewa and Waiānae for a government physician be assigned to that section. It was referred to the health committee.

The following message from the governor was read, consideration being deferred until tomorrow:

Herewith I return House bill No. 15, entitled "An Act to Amend Section 2737 of the Revised Laws of Hawaii, relating to Coroners' inquests," as I am unable to give my sanction to a law which is so loosely drawn.

The bill proposes certain specific words as an amendment, and then it re-states the section as amended, the same words are not used. Further, it deliberately alters another word in the present law without even mentioning it.

The changes may not be material and the object sought is not questioned, but legislation of this kind does not reflect credit upon us.

Report was received from the Judiciary relative to House Bill No. 51, relating to the publication of statements of copartnership; the report recommended the passage of the bill. The same committee also reported favorably on House bill No. 51, amending Section 2866 of the Revised Statutes by authorizing a verdict or judgment for a lesser offense under a charge of a greater offense.

The Maui teachers sent to the Senate today a communication which was somewhat peremptory in demand, and incidentally administered as the Maui school teachers probably regarded it "a stinging and well merited rebuke" to the Senate for some levity of reference to certain elderly teachers.

A report was also presented relative to House bill No. 53 relating to quo warranto proceedings. The report recommended the passage of the bill. The same committee recommended in favor of the passage of the House bill No. 24, entitled "an act requiring street railway companies to sprinkle certain portions of streets in Honolulu." The reports were laid on the table, to be considered with the bill.

The Judiciary committee also reported on Senate bill 55, providing for the filing by corporations of certificates of increase of capital stock, recommending its passage with several amendments. Lane gave notice to exempt the lepers at the settlement from taxation. Passed first reading.

Coelho introduced a concurrent resolution favoring the selection for site on Palace square for the Federal building. Referred to the Lands committee.

House bills 78, relating to the legitimizing of children; House bill 92, relating to private ways and water rights House bill 123, and House bill 105, were referred to the Judiciary committee.

House bill 79, relating to certificates of Hawaiian birth; and House bill 122, making a special appropriation for the Hawaiian Experiment Station, were referred to the Ways and Means committee.

House bill 115, providing for a hospital at Lahaina, was referred to the Health Committee.

Senate Bill 147, raising the exemption of the income tax from \$1,000 to \$1,600 came up on second reading. Smith moved consideration for a week. Makiakau wanted it referred to the Ways and Means committee but later withdrew his amendment and the previous motion prevailed.

House bill 81 relating to publication of statements of co-partnership was passed second reading by the adoption of the Judiciary committee's report. Similar disposition was made of House bill No. 51 relating to the verdicts of lesser offenses in criminal cases.

The same committee's report on House bill No. 53 relating to the writ of quo warranto, recommended its passage. The bill passed second reading by the adoption of the committee's report.

House bill No. 24 relating to the sprinkling of streets by the Rapid Transit company came up for second reading in consideration with the Judiciary committee's report. With the report was read an extended communication from Castle and Withington at torneys for the Honolulu Rapid Transit Company, in which objections to the bill were set forth. But despite the objections the committee recommended the enactment of the bill.

The report was adopted without discussion passing the measure on second reading.

Senate bill 55, relating to the filing by corporations of certificates of increase of capital stock, came up on second reading and passed upon the adoption of the committee's report.

A recess until 2 p. m. was then taken.

## Alameda Books Big Departures

### LARGE CABIN LIST AND 150 PORTUGUESE STEERAGE FOR SAN FRANCISCO TOMORROW.

A large number of people leave for San Francisco in the O. S. S. Alameda tomorrow morning and besides a big cabin list there will be one-hundred-and-fifty Portuguese taken in the steerage. This will be the biggest exodus of Portuguese in years.

W. H. Hoogs and family go to California where Mr. Hoogs has some extensive contracts.

A. Garvie and his wife leave en route to Scotland for a vacation.

Mrs. Edyth Crozier Weathered and her party of visiting tourists return home to the Coast in the Alameda.

Miss B. Vida goes to the coast. Dr. and Mrs. D. Howard Humphris are taking a trip abroad.

Dr. Humphris is going to make special studies in Chicago, Philadelphia and Paris. Chicago will be visited first. They will be gone from Hawaii about five months.

The Rev. M. P. A. Delaporte, accompanied by his wife, departs in the Alameda. This reverend gentleman is recently from Pleasant Island, a missionary of considerable note. He has translated the New Testament into the Pleasant Island language.

Avon A. Crook is another passenger booked and H. F. Wichman, the jeweler, is also bound for San Francisco. Captain Matson of the Matson Navigation Company, who has been here but a short time on business, returns to the mainland.

A. Scott, the English artist who has been painting Hawaiian scenery, leaves for Mexico. Mr. and Mrs. Noar are among the departing.

Lee Poy, a prominent Chinese business man, makes a flying business trip, expecting to return on the same boat.

The Alameda sails from the Oceanic wharf at 10 a. m. tomorrow. The Hawaiian hand will play as usual.

## WASHINGTON ASSISTS US

(Continued from Page One.)

and it was decided to ask Acting-Collector R. C. Stackable to cable the situation to the Treasury Department at Washington and ask for an extension of his brother's leave abroad. At the same time the Board cabled Sargent and, since the leave was granted by cable but a little while after, it is to be supposed that Commissioner Sargent earnestly interested himself in this matter affecting Hawaii's interests as to personal pay for an extension of E. R. Stackable's leave.

At yesterday's meeting of the Board there was again considerable discussion in regard to chartering another ship-load of immigrants, but the more cautious at the meeting advised waiting until detailed information in the mail could be received from Washington relative to the effect on Hawaii's present immigration policy of the new immigration law.

It was pointed out that it was hardly advisable to engage in \$100,000 steamship charters until it was certain that this Territory through its immigration board could continue the work started by the shipments in the steamships Suverig, Heliopolis and Kumeric.

The cable received by Governor Carter recently from President Roosevelt, following the Attorney General's opinion on the law, to the effect that Hawaii could go ahead in the matter of shipment of immigrants in the two vessels already chartered, the Heliopolis and the Kumeric, was hardly enough to warrant the engagement of additional vessels.

It is likely, then, that further immigration, after the Kumeric's load, will await definite knowledge of the new law's effects.

The Board of Immigration would like to pursue the present policy to the extent of, say, five shiploads per year, which would mean a matter of some 7000 or 8000 immigrants per year and an expenditure each year of half a million dollars.

Whether or not E. R. Stackable will become permanently the labor representative of the local immigration board in Europe, providing he would resign as Collector of Customs to accept, depends of course on whether Hawaii may continue such immigration under the present system.

Stackable will return to Honolulu about June 18, providing he stays away the limit of his leave of absence as just extended.

### EASTERN STARS MEET.

Mr. and Mrs. W. L. Howard made St. Patrick's evening the occasion of a successful entertainment for about 40 of their friends, mostly members of the Order of the Eastern Star. Music, recitation and representations of events in the life of the Saint combined to make a very enjoyable affair for the guests.

This committee also favored the passage of House bill No. 116, introduced by Representative Long, establishing a pension fund for school teachers. Adopted.

A petition was received from voters of Koolauloa asking the removal of the court house from Hauula to Lāie. Referred to Health committee.

A petition was received from other voters of Koolauloa protesting against the change asked for in the previous petition. Referred to Health committee.

House bill No. 11, introduced by Representative Hughes, providing for the maintenance of the family of a deceased person pending administration of the estate, passed third reading.

House bill No. 118 introduced by Representative Rawlins, authorizing the use of typewriting machines in making public records, passed third reading.

House bill No. 120, introduced by Representative Rawlins, requiring the registration of copartnerships before a notary, passed third reading.

Senate bill No. 41, prescribing the mode of criminal procedure passed third reading in the House after a statement endorsing it had been made by Representative Rawlins.

A message from the governor was received returning without approval House bill No. 15, introduced by Representative Correa amending the law relating to coroners' inquests, stating that in his opinion it is too loosely drawn. Upon motion of Representative Rawlins, action on the message was deferred until tomorrow.

At 10:30 the House took a recess until 2 p. m.

## WHY STEVENS RESIGNED

### COULDN'T STAND THE WAYS OF POLITICIANS AND LONG DISTANCE RED TAPE.

WASHINGTON, D. C., February 27.—Criticism mild in comparison to that accorded John F. Wallace when he resigned as chief engineer of the Panama canal is heard in Washington today against John F. Stevens, formerly of Chicago, who succeeded Mr. Wallace and who has also resigned. In general critics are inclined to withhold their judgment until they hear from Mr. Stevens, whose work on the canal is generally recognized. It is understood here that Mr. Stevens greatly resented the criticisms made on the canal work by certain senators when he appeared before the senate committee last spring.

It is known that Mr. Stevens has absolutely no sympathy for politicians and politics and that he has been decidedly harassed by the methods taken to reach him.

ROTHENED BY POLITICIANS.

It is said by his friends here that one of the main reasons for his disagreement with Chairman Shonts about the canal contract was due to the fact that Mr. Shonts was beset by politicians and contractors, who may have influenced him to include unconscionably certain stipulations of a minor character in the call for bids with which Mr. Stevens on the ground at Panama wholly disagreed. He is said to have become convinced that the engineer in charge at Panama could not do himself justice so far from home, where his plans might be misinterpreted or changed, and that he became weary of the "red-tape" methods of which Chief Engineer Wallace so vigorously complained.

### WILL GET BETTER JOB.

It is said here that Mr. Stevens will accept an engineering position in the United States at twice the salary of \$30,000 he is now receiving at Panama but will first make a trip to Europe to recuperate his health. The construction of the canal by the army engineers meets with general approval in Washington, although it has been accepted by the president as a last resort.

### OTHER COMMISSIONERS RETIRE.

As a result of the determination to reject all bids for canal work, which it is said to have been reached after some friction between the president and Secretary Taft, the secretary holding the bids should have been rejected before W. J. Oliver was asked to perfect his bid, practically all officials of the canal commission in Washington will retire and Joseph B. Bucklen, secretary to the present commission, will be in charge. It is also announced that the letter written by Engineer Stevens resigning his job will not be made public, unless it becomes necessary.

## AFTER LONG TIME KAMS MEET OAHUS

LONG AND INTERESTING PROGRAM AT YESTERDAY'S ATHLETIC MEET.

The first athletic meet between Oahu College and Kamehameha Schools for more than five years was held at Boys' Field yesterday afternoon before a large crowd.

The event of the day was the lowering of the record for the 100 yard dash, which was done by Mackenzie of Kamehameha who made the distance in 10 1-5 seconds.

Smith of Oahu won the mile race in 5 minutes, 45 seconds.

Bal of Kamehameha came next with a win in the pole vaulting with a mark of 9 feet 1 inch, which rather ordinary figure is to be accounted for by the fact that the ground was soft. The whole field was more or less in bad condition.

Kamehameha scored another victory in the next event when Kaapana threw the hammer 194 feet four inches.

Lyman and Desha for Oahu and Hulu and Mackenzie for Kamehameha were entered in the 50 yard sprint. The first three however were disqualified for false starting, so Mackenzie went over the distance alone, and took his time about it too, as his figure, 8 1-2 seconds, shows.

The 40 yard run went to Peterson of Oahu, who made the distance in the good time of 58 seconds flat.

Campbell of Kamehameha put the shot 37 feet, 7 inches.

Oahu's representative, Lyman won the 220 yards dash in 24 3-5 seconds.

The high jump resulted in a tie, Josah and Mahukona of Kamehameha both reaching 5 feet 3 inches.

Lots of the Kams won the 120 yards hurdle, making it in 11 2-5 seconds.

The 880 yards event went to Smith of Oahu in 2 minutes 16 1-5 seconds.

Desha of Oahu won the broad jump with the mark of 18 feet, 10 inches.

The last event, the half-mile relay race, was won by the Oahus in 1 minute 41 seconds.

A summary of the meet shows a victory for Kamehameha Schools with a score of 59 points to 29 for Punahou. The Oahu boys made a good showing in the long distance races, but were weak in the short sprints and the field events.

It was almost dark when the last event took place and many of the crowd had left before the end of the program was in sight. The length of the meet was about the drawback to this very successful affair.

The following were the officials of the events:

- Starer—E. B. Turner.
  - Referee—W. H. Babbitt.
  - Scorer—David Kamaopili and Herbert Glasby.
  - Clerk of Course—Sam Johnson.
  - Announcer—J. Anderson.
  - Track Judges—Mr. Bessel, Major Van Vliet, Paul Super.
  - Field Judges—John Ewing, H. M. Ayres, Rae Soares.
  - Timekeepers—Edwin Fernandez, H. M. Ayres, Sam Chillingworth.
- The meet was run under the rules of the N. A. A. A.

### SUNDAY BALL AT AALA.

There will be a championship game of baseball on Sunday afternoon at 2 o'clock at Aala Park, between the New York and C. A. C. Clubs.

### ATHLETIC COMMITTEE MEETS

A meeting of the executive committee of the March meet will be held at 5 o'clock this afternoon in Y. M. C. A. Hall. The meeting had been scheduled for yesterday but was postponed because some of its members were officials at yesterday's field meet.

## SWIMMING STUNTS FOR LOS ANGELENOS

HOTEL BATHS SCENE OF INTERESTING WATER SPORTS IN HONOR OF VISITORS.

A large number of well-pleased Los Angeles visitors witnessed the aquatic program arranged in their honor last night at the Hotel Baths.

There were several novelties introduced, among them being the 50-yard chariot race and the egg and spoon race. In the former event the swimmers tried to mount, with little success, beer barrels floating in the water. In the latter contest each swimmer was required to hold in his mouth a spoon on which an egg had been placed, and try to reach the opposite side of the tank without losing the egg.

Teddy Cooper met Kenneth Winter in the 25 yard dash and defeated him. The former is the fastest swimmer at that distance in the islands.

George Cooke made another long-distance dive.

Foss, O'Brien and Winter got off their usual greased pole stunt in which O'Brien again as usual, took the flag. The 50 yard dash between O'Sullivan and Cooper resulted in a tie.

Freeth and Douglas did an unusual act. Douglas was stood on his head by Freeth and locked his feet about the latter's neck and clasped his hands about his feet. They then made a high dive and broke their hold as they reached the water. This act made a hit with the Angelenos.

The relay race wound up the program. Two teams of the Hawaiian Swimming club, the Walkikis and the Ewas, contested. The former won.

## IN THE HOUSE

TWENTY-SECOND DAY. AFTERNOON SESSION.

In the House this afternoon a motion prevailed for a committee, one member from each district, to meet a Senate committee to confer on the \$900,000 (appropriation bill) for the use of the Territory.

The chair returned two petitions presented the judicial committee by Representative Mahoe because they were written in Hawaiian. Mahoe withdrew the petitions and pleaded lack of time for preparation.

On the special appropriation bill which carries \$500,000 for the use of the government, Rice moved that a committee consisting of one member from each district be appointed to confer with a Senate committee. The motion prevailed and the committee will be appointed later.

Two petitions presented the Judicial committee by Mahoe were returned by Chairman Rawlins on the ground that they were written in Hawaiian language. The committee he said, believed that it was not authorized to consider matters until they were presented in English. The petitions were withdrawn by Mahoe who pleaded lack of time in preparation.

### COMMITTEE REPORTS.

Hughes' House bill No. 11 which provides for the maintenance of the family of a deceased person during the administration of his estate was returned with recommendation that it pass.

Sheldon's typewriting machine bill authorizing the use of such machines in making public records was also recommended for passage.

The Judiciary recommended the passage of the Hayselden Senate bill to regulate the conduct of the trial of civil and criminal cases.

Senate bill No. 22, relative to prohibiting the cutting or injuring of trees and shrubs within the Territory, was reported by the Judiciary committee favorably with several minor amendments and recommended for passage.

The Rawlins House bill No. 120 relating to the registration of Copartnerships and amending Section 2653 of the Revised Laws of Hawaii, was reported by the Judiciary committee and recommended for passage.

The House then resolved itself into a committee of the whole and took up the General Appropriation bill, House bill No. 74.

Attorney General Peters first explained why he deemed it necessary to have a fund of \$15,000 for incidentals. He explained that the exigencies of his office often demanded money that could not be foreseen and that the business was increasing steadily. Rice and Rawlins questioned the item and urged that \$12,000 was sufficient.

Peters admitted that he could get along on less than \$15,000 but declared it would be to the detriment of his department.

Rice declared if it was necessary to have so large a sum for incidentals it would entail cutting down the salary item, which he thought inadvisable.

The House of Representatives yesterday afternoon in Committee of the Whole finished with the consideration of the general appropriation bill and submitted it for a third reading. The bill as reported carries an appropriation of \$1,545,465, or an increase of just \$7,000 over the amount it had been.

There was some rather heated debate of a number of items, but for the most part they passed about as they had been previously reported.

Rice's motion reducing the Attorney General's office incidental fees item from \$15,000 to \$12,000 after considerable discussion, carried.

On Rawlins' motion an item of \$3000 was passed to cover expenses of the Attorney General in appeals to courts not within the Territory.

The sheriff's office item of \$96,000 for current expenses and support and maintenance of prisoners, was passed without argument.

Kalelopu took the floor in behalf of an item of \$10,000 for support of a public library. He was opposed by Rice, who stated that there are enough rich people in the Territory to support necessary libraries. Hughes then took the floor and spoke at some length strongly supporting the appropriation. A vote was called and the item was ordered stricken out by a vote of 14 to 11.

An amendment was offered by Rice and carried, substituting for the item of \$25,000 for promoting the interests of the Territory, the sum of \$12,000. This amount was afterwards approved and carried.

For the department of Public Works general expenses an item of \$2,500 carried.

An item of \$42,000 for repairs, maintenance and additions to Government property called forth considerable acrimonious discussion. Rice wanted the amount to go to each island to be specified, and proposed an apportionment as follows: Oahu, \$25,000; Hawaii, \$7,000; Maui, \$5,000; Kauai, \$5,000.

This finally carried and was referred back to be corrected.

The item of \$45,000 for landings and wharves also came up and like its predecessor occasioned much discussion as to the subdivision of the amounts. Rice proposed an apportionment as follows: Oahu, \$12,000; Hawaii, \$20,000; Maui, \$6,000; and Kauai, \$6,000.

Rawlins proposed to give Oahu \$24,000, to which Rice agreed provided the \$20,000 to Hawaii was not reduced. The matter finally came to a vote and passed as first amended by Rice.

An embezzlement clause was introduced by Rice and carried, prescribing penalties for using moneys of the appropriation bill fund in other manner than intended.

The Health Committee read an announcement of its proposed visit to the Molokai settlement on Saturday returning Monday. According to the arrangement each member who cared to go might take two guests, but no liquor, with him. He must also vouch for his friends.

An act changing the filing fee of corporations passed for a vote. It provides for striking out the words "For filing annual exhibit of domestic and foreign corporations, a fee of \$20.00."

Kalelopu introduced a bill to provide for a medical inspection in the public schools, which was passed to print.

A message from the Governor reported that the following bills had been signed:

House Bills No. 17, No. 4, No. 60 and No. 35, and Senate Bill No. 17.

The Speaker at the close of the session appointed a committee, according to the will of the House, to confer with a Senate committee on the proposed Loan bill, as follows: Rice, Kalelopu, Akau, Alawa, Hughes, Pull and Coney.

## IN THE SENATE

TWENTY-FIRST DAY.

Senate Bill No. 16, introduced by Senator Smith providing for the appointment of Committees on Education in the Counties was referred to the Committee on Ways and Means after the Education Committee had recommended its passage.

Senate Bill No. 7, introduced by Senator Coelho, relating to marriage licenses and amended by the Ways and Means Committee to authorize deputy sheriffs to issue marriage licenses, passed third reading.

Senate Bill No. 59, introduced by Senator Smith, amending Section 1650, Revised Laws, by making assistant clerks of the Judiciary department deputy sheriffs, passed third reading.

House Bill No. 97, relating to fees for banking licenses, passed third reading in the Senate.

The following bills were returned from the House with the advice that they had there passed third reading:

House Bill No. 86, amending subdivision 5, Section 62, Chapter 14, Act 29, Session Laws of 1905, relating to police and sanitary regulations;

House Bill No. 147, extending the limit of exemption from income tax to \$1500.

House Bill No. 115, appropriating \$26,000 for a hospital at Lahaina.

House Bill No. 123, providing that no person shall hold more than one office at a time.

The Senate at 11:15 took a recess until 2 p. m.

### AFTERNOON SESSION.

Senator Woods introduced the following resolution, which was adopted: Be it resolved that the Treasurer of the Territory of Hawaii be and is hereby requested to furnish the Senate with a statement showing—

1—The amount of the bonded indebtedness of the Territory.

2—The interest thereon and when payable.

3—The amount remaining unexpended in the treasury from the loan fund and the interest paid thereon, or due, from date of loan to this date.

The Senate then adjourned to 10 a. m. today.

## After The Keihin Bank

SUIT BEGUN YESTERDAY THAT MAY CAUSE AFFAIRS OF INSTITUTION TO BE DISCLOSED.

Suit for \$225 has been begun by M. Kawasaki against the Keihin Bank, T. Ueno, formerly doing business under the name of the Ueno Bank, and Nakayama. It is alleged that the Keihin Bank had received large sums of money on deposit aggregating \$100,000 up to January, 1904, when it transferred its business to the Ueno Bank which was conducted by Ueno, also the agent here of the Keihin Bank. Ueno remained here until August of 1906 and then went to Japan while Nakayama took his place at the head of affairs.

It is charged that the Keihin Bank has \$15,000 of funds still on deposit to various people here and the purpose of the suit is to cause the three defendants to come into court and make answer to the bill in equity. John W. Cathcart is the attorney for the plaintiff. Service was obtained on Nakayama, but the other defendants are in Japan. At the time of the Keihin Bank's removal from Honolulu to Japan there was a great deal of talk about the transfer being likely to cause depositors to seek litigation to recover their funds. Kawasaki has bought up the deposits of seven countrymen.

CARTER AND VETO POWER. Governor Carter is quoted, in conversation with a senator, to have stated that in the exercise of the veto, he is to check "negligent legislation," where bills may be unconstitutional or the phraseology may be faulty.

As long as a man has sense enough to mind his own business and does it he will never have occasion to occupy a padded cell.

## FAIR GUESTS ROYALLY RECEIVED AT AINAHAU

GRILLIANT SOCIAL AFFAIRS IN RECEPTION GIVEN TO LOS ANGELES LADIES BY GOVERNOR CLEGHORN AND ASSISTANTS—THE BUSINESS MEN'S LUNCHEON AT YOUNG HOTEL AN ENJOYABLE AFFAIR.

Unbounded enthusiasm was expressed by every lady of the large party of Los Angeles visitors who attended the reception given them yesterday afternoon at Ainaahu by Governor Cleghorn. The beauties of the place supplemented by the gracious courtesy of their host captivated all of the fair visitors. "It's the very best of all," was the unanimous verdict.

GOV. A. S. CLEGHORN.

The reception was exclusively a ladies' affair, and the costumes worn were in most cases elaborate and becoming. Governor Cleghorn received his guests beneath the famous hanyan trees, assisted by Mrs. E. H. Paris, Mrs. Walter Frear, Mrs. Hannq Phillips, Miss Ray Bell, Miss Violet Atherton, Miss Hazel Burr, Miss Ethel Kopke, Miss Letitia Morgan, Miss Adelaide Morgan, Miss Bella Ashley, Miss Bera Damon and Miss Violet Damon.

Young Hotel presented a handsome appearance during the men's luncheon yesterday afternoon, given to the Los Angeles guests by the local reception committee. Several hours passed in informal social intercourse most of which was merely conversation between hosts and guests as they discussed the tastefully prepared menu. Several extemporaneous short addresses were made, however, over the coffee and cigars, in which the Honolulu people were almost overwhelmed with complimentary sentiments.

The following is a list of those at the tables:

Frank Wiggins, R. H. Herron, Judge Haines, R. H. Trent, Dr. Cole, E. D. Baldwin, D. D. Johnston, F. S. Crane, John Lynch, T. W. Roluo, W. W. Watts, R. E. Dolley, W. P. Fishburn, Capt. Soule, J. R. ## INDICTED MEN WERE ARRAIGNED

ONE OF ALLEGED MARINE FIRE BUGS PLEADED GUILTY BUT CAN WITHDRAW THAT PLEA.

There were ten defendants arraigned before Judge Robinson last Saturday under indictments by the grand jury. Practically every one of the prisoners had been in custody. The following were the indicted, together with the charges against them and the pleas or reservations of pleas made.

Jacques Guerre and C. Ahrens, malicious burning S. S. Claverdon, first degree. Ahrens pleaded not guilty. Guerre pleaded guilty.

Lee Yun Kwai, embezzlement, \$600 on July 1, 1906, from Lee Chun Shee; plea reserved until March 18.

P. D. Kellett, Jr., embezzlement, \$2,244, while guardian estate Kan Yee, a minor, 1901; not guilty.

Martin Figuero, vagrancy, during November, 1906; plea reserved until March 18.

J. J. Morch, vagrancy during November, 1906; not guilty.

Ah Poi, larceny, first degree, jewelry, on January 12, 1907, total value \$583; not guilty.

Antone Foster, unlawful sexual intercourse on November 11, 1906, with Virginia Kathel, a female under 14 years of age; demurred.

Kulchi Moromura, manslaughter, on January 1, 1907, by killing Masagi Numata at Ewa; not guilty.

E. Parke, obviously and imminently dangerous to life, by attacking on Herbert Hutchins on January 11, 1907, with a pistol; not guilty.

Lee Let, bribing an executive officer, on February 9, 1907, to wit: Chief Detective A. P. Taylor; plea reserved until March 20.

The trial of the Claverdon case was set for today. This case has been shoved ahead on the criminal calendar, as it is desired to get the testimony of Captain Thompson and others of the vessel before she completes discharging cargo. Guerre pleaded guilty, but later when L. F. Strauss was assigned him as counsel, it was done with the reservation that the plea of guilty could be withdrawn.

## No Strike On Tourist Boat

STOVE GAVE OUT AND FEW MEALS WERE SKIPPED—CULINARY CREW INDIGNANT.

There is almost enough indignation aboard the S. S. Ohio, carrying the Los Angeles party, to supply power for the return trip.

Chef Ward is the most indignant. A cook he denies any and all assertions concerning an alleged strike in the culinary department. Purser Ozouf is also indignant, as are all the men in the aforesaid culinary department. There was no strike, no semblance of a strike, no attempt at a strike, no inclination to strike, no reason to strike and no desire to strike.

What really happened was that the stove broke down and five meals were missed, the purser sending all who wanted to eat aboard to hotels and restaurants at the ship's expense. Repairs to the stove have been made and the crowd is eating aboard again.

About half of the visitors board on the Ohio while here. There are generally very few at lunch, however. Out of 246 in the party 170 took breakfast aboard this morning.

## DELIGHTFUL CONCERT

The concert at Oahu College last evening was one of the most successful ever held there by the pupils. The various numbers were splendidly rendered, showing much skill on the part of the pupils. Two numbers that were especially good were violin solos by Miss Violet Damon and W. H. Hoogs, Jr.

The program was as follows:  
Violin Quartet—"Traumerel" Schumann  
Violet Damon, Doris Taylor, Wm. H. Hoogs, Jr., Wilfred Harrison.  
Piano—"Amitra's Dance" .....Greig  
Mary Kaul Wilcox.  
Violin—"Polish Dance" .....Mendelssohn  
Doris Taylor.  
Song—"Blind auf dein Haar" .....Haydn  
Miss Shaw.

Violin—  
(a) "Sarabande" .....Bohn  
(b) "Solitude sur la Montagne" .....Ole Bull  
Violet Damon.

Piano—"Ind Valse" .....Godard  
Alice Bond.

Violin—(a) "Simple Aveu" .....Thome  
(b) "Serenade" .....Draha

Songs—(a) "Das Vellochen" .....Mozart  
(b) "Der Asra" .....Rubenstein  
Miss Shaw.

Violin—"Joyful Summeride".....Schumann  
Mrs. Rosa, Violet Damon, Wm. Hoogs, Jr. Accompanied by Miss Elsa Schaefer.

## DELICATE WASH GOODS

SERIAL STORY No. 25.

The thin delicate ladies' wash-goods, such as Shirts, Skirts, Negligees and Underclothing is not worn out on your person. It is the continual washing. It is the laundry. It is not so much the way your clothing is handled but it is the soaps, bluing and starches that work ruin. Now because we launder hundreds of these garments weekly we naturally know the best materials to use to give the best satisfaction to the patrons. We would not think of using soap containing a bit of lye on ladies' clothes. We would never dream of using the common bluing of commerce. We know by analysis starches that contain acids—and we do not buy them. We keep studying and experimenting all the time, in a scientific manner, how to launder. Don't you think it would be safe to entrust us with your work?

ing at St. Andrew's Cathedral of  
Stainer's "Crucifixion," at 8 o'clock.  
Tomorrow evening, following the usual  
Wednesday evening services, members  
of the congregation are invited to at-  
tend for the practice of hymns of the  
crucifixion which are to be sung next  
Sunday night, Palm Sunday.

Mrs. Frank Winter has booked for  
San Francisco in the Alameda, sailing  
tomorrow. Mrs. Winter is in receipt of  
news by cable to the effect that her  
husband, Deputy United States Mar-  
shal here, who went to the coast, is  
very seriously ill.  
Next Sunday, March 24th, will be  
Palm Sunday.

WANTS COUNTY  
TO RENEW LEASE

QUARRY PRIVILEGE LEASE HAS  
EXPIRED AND TRUST COMPANY  
ASK SUPERVISORS TO ACT.

The Hawaiian Trust Company has  
addressed a communication to the  
Board of Supervisors which will come  
up at their meeting tonight, asking  
that body to take some action in the  
matter of renewing the lease of quarry  
privileges in quarries a Kamohili.  
These quarries are the ones from which  
the county has heretofore obtained con-  
siderable stone for road making, and  
the lease is about to expire. The  
matter will probably be given atten-  
tion tonight.

FIRE ALARM  
BURNING SHED

A fire alarm was turned in about  
9:30 o'clock this morning from box  
125, Keeaumoku street and King street.  
An oil stove had become unmanage-  
able and set fire to a shed in the rear  
of the property of Fred Whitney on  
King street.  
The department responded quickly  
and the police patrol was on hand  
with its usual promptness. The shed  
was the only property damaged and  
that was destroyed.

TOURISTS GIVE  
NAME TO BABY

While the Los Angeles were en-  
joying a dance in the Maternity  
Home pavilion the other night, a  
child was born in the home.  
The news reached the ears of the  
merry-makers and the child was  
thereupon given a middle name, "Los  
Angeles."

SHIP INCENDIARY CASE.

The case against C. Ahrens and  
Jacques Guerre, charged with setting  
fire to the cargo of the ship Calverdon,  
was called in Judge Robinson's court  
this morning. Their pleas of not guilty  
and guilty respectively were withdrawn  
and will be made on Thursday. Leon  
Strauss is defending Guerre, the  
Frenchman, while J. Lightfoot was ap-  
pointed to defend Ahrens.

HELD UP CONFIRMATIONS.

The Senate decided yesterday to hold  
up until March 25 the Governor's ap-  
pointments of Olaf Sorenson, J. H.  
Howland and G. H. Gere as commis-  
sioners of street and road grade. It  
was suggested by Senator Lane during  
the course of the debate on this subject  
that it would be well to defer action on  
the appointment of Howland until after  
the Nuuanu dam committee had re-  
ported, as Howland would be until then  
under fire, as it were. Senator Dowsett  
made an inquiry as to the nature of the  
particular commission, so after some  
debate it was decided to defer the ac-  
tion on all of the appointments, the  
previous confirmation of Sorenson's  
name being withdrawn. The Senate  
will, in the meanwhile, ascertain the  
nature of the new commission so that  
when the matter comes up, it will  
know more about the office.

THE HOUSE.

TWENTY-THIRD DAY.  
AFTERNOON SESSION.

The House reassembled at 2 o'clock.  
The Miscellaneous Committee in a  
report on House resolution providing  
for the extension and improvement of  
certain roads and streets, recommend-  
ed that as the \$19,000 proposed for the  
extension of Kukui street to Asylum  
road was insufficient for the work, that  
it be stricken out.

The matter provoked considerable  
discussion on the part of Representa-  
tives Mahoe and Kaleloa, and on mo-  
tion the resolution was referred back to  
the committee.

The Health and Police Committee re-  
ported favorably on Rawlins' bill No.  
94, relative to regulating the practice  
of medicine, but suggested an amend-

ONLY FILIPINO INTERPRETER.

Some time ago Detective Joe Leal  
was called to the hospital to interpret  
the last message of a Filipino who was  
dying of pneumonia. The Filipino wor-  
ried about his little family in Luzon  
and the Planters' Association promised  
to see that they did not suffer. The  
Filipino died content. Interpreter Leal  
still lives but is wondering whether his  
hard-earned knowledge of several Fil-  
ipino dialects is to be devoted to charity  
or whether he will be rewarded as an  
interpreter. He was engaged as an  
interpreter.
