PROTEST AGAINST WATER ALIENATION

Allen Herbert Asks the Military Commander to Interfere.

CAPTAIN SLAKER WRITES TO TERRITORIAL SECRETARY

Mr. Herbert Says the Grant of Water at Wahiawa Will Seriously Affect Agriculture and Forestry-- Other Business.

Secretary Cooper read a letter at the Governor's council from Captain Slaker enclosing a letter from Allan Herbert in regard to the Government's right in the water of Kaukonahoa stream at Wahiawa.

Honolulu, Oct. 22. The Secretary, Territory of Hawaii, Honolulu, H. T. Sir:—I have the honor to enclose copy of a communication received this day in regard to an alleged diversion of the waters of the north branch of the Kaukonahoa river.

"Capt. A. Slaker, 6th Artillery, U. S. A. Sir:—As a citizen, taxpayer, resident on these islands for the past thirty years, I desire to call your attention to a certain grant of water rights reported in the papers of this city yesterday, as having been granted to the Wahiawa Fruit & Plant Co. by the Governor and Council of this Territory.

"In calling attention to this matter I desire that you should know that I have no private aims to be affected thereby nor have I any animus whatever. The water rights in question affect the future productivity and prospect of colonization of a tract of land of which it forms the only water supply, and will also largely diminish the stream which flows for two miles through the Lilehua lands, recently declared a Reservation by the U. S. Government.

"I have for years taken a lively and I hope practical interest, both as a citizen and as a Commissioner of Agriculture, and have introduced and cultivated tropical trees and plants in ample variety. I have worked to improve and conserve the natural forests and streams of these islands. Having labored for years in these matters, I naturally protest against any and every attempt to restrict the settlement of our public lands through alienation of water from natural sources, without which the lands will be forever useless.

"I have the honor to be, sir, your obt. svt.

"ALLEN HERBERT."

POLITICS ARE BOOMING

AND STUMP SPEAKERS ARE TOURING ISLAND

Big Republican Rally at Drill Shed Tonight Promises to Be Best Yet--Democrat Who Has Nerve to Wager.

Eugene P. Sullivan placed a bet this morning of \$25 to \$50 that the next House of Representatives of the United States would be Democratic.

The Republican rally at W. C. Achi's in Kapalama last night was one of the very best of the campaign. The place was very prettily decorated with Chinese lanterns for the occasion.

This is the night of the big Republican rally at the drill shed. Paul Neumann will preside and will make the opening speech.

A feature of the meeting will be the singing of the Tuxedo Quartet. A new campaign song will be presented. Charles Elston will do the solo part.

One of the most enthusiastically received speakers at the Republican rally in Kapalama last night was Kealaka who was one of the delegates to the recent convention of the Independent party.

Kealaka has control over that portion of the wharf workers who have stood by the Independent party and now he is converting these men to the Republican faith.

J. O. Carter, E. C. Macfarlane, E. B. McClanahan, John H. Wise, D. P. R. Jensen, Frank Brown, Herbert Mossman and other Democrats went down the road today to Pearl City, Waianae, Waijuna, Kahuku, Lale and Koolau to talk to 1. If the party can get back in time, McClanahan, Wise and others will take the Mauna Loa for Hawaii.

Republicans will go down the road tomorrow to do some good work. They will leave on the afternoon train.

Kaula, Mossman, Boyd and others of the Independent party, are at Lale today trying to counteract the influence of Kekaoua who recently deserted the ranks of the Revenue party and started out on an independent campaign.

Charles Haffeman has been arrested on the charge of forging the name of W. J. Lowrie on three checks at Waima and Hanapepe, Kauai an dis now at the police station, no one having appeared to bail out the man.

THE QUEEN HAS MADE NO DECLARATION

Yesterday afternoon a rumor became strident that the Democratic party had a tremendous shell to explode between the two hostile but not allied camps.

To ascertain the truth a Bulletin reporter called at Washington Place this morning. If the rumor were not true it was important to have its wings clipped at the earliest possible moment.

The Queen intimated through the medium of her gentlemanly young usher that she was not feeling very well this morning, but desired to know if there were any special object in the requested interview.

Returning, with a negative gesture, the usher said: "There is no truth in the rumor. The Queen says she is out of politics entirely.

Fred Berger Hits Emil Ney In Nose

There was a mix-up in front of the Republican headquarters this morning, resulting in a bloody nose and a loosened tooth for Emil Ney, the alleged descendant of the famous French soldier.

As the place where a person could get by without lowering his shoes with mud was narrow, Berger touched Ney on the shoulder very gently and asked to be allowed to pass.

According to Berger's statement, Ney wiped his plastering brush on his face. This angered him and he spoke sharply. Thereupon Ney called him a name which means fight immediately, and he hit the bill poster in the face three times in rapid succession.

At this point Kawai, a former policeman, stepped in and took hold of Berger, holding him until a police officer arrived.

Berger was arrested but was allowed to go out on his own recognizance and procure bail in the sum of \$25. The case will come up in the Police Court tomorrow.

RECEPTION TO THE BERREYS

Utica, N. Y., Oct. 9.—The committee in general charge of the reception to be tendered Mr. and Mrs. Quentin H. Berry of Honolulu, H. T., at the state armory on Thursday evening met last evening to further the arrangements for the affair.

The lady friends of the company will meet at the armory this evening to perfect arrangements for the part which they are to take in the reception.

Washington, Oct. 16.—Confirmation has been received here of the execution on July 29th of Chang Yen Hoon, the former Chinese Minister to the United States. Chang was a loyal adherent of the Emperor and a warm supporter of the latter's reform movements.

ACTING JUSTICE JUDD WRITES A DECISION

The Supreme Court Cannot Assume Original Jurisdiction.

CASE OF WAHIAWA VS. WAIALUA THROWN OUT

When Mr. Vivas Returns Mr. Silva Will Give Particulars--Millie Lancaster Offers Justification for Desertion of Wife.

Albert F. Judd, son of the lamented Chief Justice, is author of a unanimous decision of the Supreme Court in the action to quiet title of Wahiawa Sugar Company vs. Waijuna Agricultural Company.

It is held by the Court that, "The Supreme Court of the Territory of Hawaii is an appellate court and has no original jurisdiction to hear and determine the statutory action to quiet title."

Also, "That part of Section 1773 of the Civil Laws of 1897, authorizing such actions to be commenced in the Supreme Court, was repealed by Sec. 80 of Chapter 57 of the Session Laws of 1892."

Hatch & Stillman for plaintiff; Kinney, Ballou & McClanahan and H. A. Bigelow for defendant.

J. A. Magoon having filed a motion for a bill of particulars from M. G. Silva, relative to the latter's claim against him as administrator of the estate of Antonia Fernandez, deceased.

CATHOLIC MISSION MUSICALS

Following is the program of the musical entertainment to be given in the Catholic Mission Saturday evening under the auspices of the Catholic Benevolent Union of Hawaii.

Mrs. Sarah Lyman Dead. Mrs. Sarah K. Lyman, beloved wife of Dr. Henry M. Lyman of Chicago, died at the family home, 200 Ashland boulevard, in that city October 10.

Mrs. Sarah Lyman (nee Clark) lived in Honolulu as a young lady. Three of her sisters are now living in the Islands.

THE CAMPAIGN HUMOROUS. W. C. Wilder Jr., who received a complimentary nomination at the Democratic convention, answered a jest at Nolte's about the lumber trust by saying the talk about such a thing did not worry him.

"I can tell you in a word," he added, "why people have to pay a high price for lumber."

Eugene Sullivan, a member of the Democratic convention, exclaimed at this: "Shut up! Don't you know you are hurting US with that word?"

And the Republicans at the table laughed, the Democrats likewise.

HEIRESS WEDS BOOTBLACK

Stockton, Oct. 11.—It is reported that
 an Eastern heiress is going to marry a
 Stockton bootblack. The story was
 brought to light by E. C. Veeder, who
 is engaged in religious work in Oakland
 and is now on a visit to this city. The
 heiress is Mildred Webster, who lived in
 Stockton six or seven years ago, and
 the man of her choice is Ed Cooper,
 who shines boots and shoes on the
 west side of Sutter street, north of
 Main. Mr. Veeder formerly conducted
 volunteer missionary work here, and
 both Cooper and Miss Webster, the lat-
 ter then a girl of 11 or 12, attended ser-
 vices at his place.
 It is said the girl will six months
 hence come into possession of a quar-
 ter of a million dollars. Mr. Veeder
 happened to meet his former friend,
 the bootblack, last evening, and the lat-
 ter confided in him the secret that he
 and Mildred were to be married. They
 have been in correspondence for some
 time.

LABOR IS PAID HIGHER WAGES

Data Compiled by Labor Commissioner Wright Tells the Story.

INCREASE IS STEADY UNDER REPUBLICAN RULE

Reached Lowest Point Under Cleveland's Administration --- Wages Now Average Higher Than Any Previous Years.

Washington, Oct. 14.—Carroll D. Wright, Commissioner of Labor, has issued a bulletin giving a summary of data in a previous publication on "Trusts and Industrial Combinations," showing the rate of wages in various occupations for a period extending back in most cases from the present year to 1891. The data was secured directly from the pay rolls of establishments in all sections of the country. The information pertains to 148 establishments, representing twenty-six industries and 192 occupations. Those items for which data for the whole period were not given were excluded from consideration in the summary. All the data included, except those for mining, relate to manufacturing industries, the data relating to steam railways and street railways having been excluded from the industry.

The bulletin says that while the data from which the table of wages was prepared do not afford the basis for a strictly scientific calculation of relative wages, a careful examination of the figures lead to the belief that they are fairly representative and undoubtedly approximate very closely the actual conditions of the whole country. The summary shows as follows, the average of wages of 1891 being taken as a basis and representing 100:

Year.	Relative Wages.
1891	100.00
1892	100.30
1893	99.32
1894	98.06
1895	97.88
1896	97.93
1897	98.96
1898	98.70
1899	101.54
1900	103.43

The bulletin concludes as follows: "It may be stated that during the years in which the course of wages declined the rates of 1891 and 1892 in many instances remained unchanged, and in like manner during the last years, in which the general course of wages has been upward, the wages in these instances have not, of course, responded to the general rise. In other instances the per cent was notably large during the years of depression, while during the last two years of the period the reverse is true, and a much larger increase really took place than that indicated by the table. In other words, wages in some instances show but little fluctuation, while in other instances they are much more sensitive, responding quickly to general conditions of depression or activity. The average condition or general level only is shown in the table, and while, for the reasons stated, the fluctuations during the period have not been so great as popular opinion would indicate, the figures for 1899 and 1900 show a gratifying average increase over the conditions of 1891 and 1892, when wages in gold were higher than at any period in the history of the country prior to the present year."

FIGHT CUBAN POLICE.

Havana, Oct. 11.—At Matanzas yesterday a Cuba policeman interfered with two members of the second United States Cavalry. The quarrel culminated in a general fight between the police and soldiers, who arrived upon the scene simultaneously. After the police had shot Trooper Turey of Troop D, one other soldier and a civilian, a number of troopers of Troop D tried to break into the gun room to get their weapons, but the quick action of Captain Foltz of Troop D in forming troops L and M in skirmish order made it impossible for the excited cavalrymen to pass.

Lieutenant Willard is said to have been slightly hurt while trying to quiet the men. The troops declared that they will have revenge, and Colonel Noyes has ordered all confined to barracks. The feeling is very strong between the Cubans and cavalrymen. The authorities here look upon the incident as a pay-day fight, but an investigation has been ordered.

Aloha Shriners. Don't forget that Honolulu's latch string is always out whether you come individually or collectively.

The Tacoma writer who was here two years ago evidently forgets that times have changed since the City of Columbia sailed into port.

When the mud sleds get in such a condition as to become a direct factor in a street fight, it is about time that something forceful was done to bring property owners to an appreciation of their duty.

No honest industry, no honest occupation, no honest man need fear the success of the Democratic party.—W. J. Bryan's New York speech.

Even Bryan himself has no fear of his own election.

Delegate Sam Parker not only has an inside track of powerful influence with Senators and Congressmen, but whenever he desires to hold a Republican rally of particular importance the skies clear up and give him good weather.

Half an hour of waiting, half an hour of impatience, and then a man came running to the podium with a wild spring halt, crying for Bryan. Close behind came the grizzled beard of Croker, and behind Boss Croker the square-set features of Bryan.—Examiner report of the big New York Bryan meeting.

How appropriate. Bryan following the lead of the most corrupt politician the nation possesses and the head of the New York ice trust.

Not the least of moral obligations placed upon Governor Dole as a Republican appointee is the carrying of this Territory at the first election for the Republicans. This is recognized among all politicians more particularly those prominent in national affairs. The Governor has the advantage of an organization behind him that has shelved factional differences and placed personal opinions secondary to the success of the party under whose control Hawaii's continued prosperity can only be assured.

The Bulletin publishes the first shot that has been received in answer to the action of local merchants on the subject of commercial travelers doing business in Hawaii. Coming from a section of the Coast with which Hawaii contemplates an increased trade it is doubtless an expression of an opinion ruling among certain of the American merchants of the Northwest. The effect of such moves is certainly disposed to make enemies rather than friends among business houses of the Mainland seeking business in the new Territory.

EX QUEEN AND POLITICS.

Persistent rumors regarding the activity of Queen Liliuokalani in local politics led the Bulletin to make direct inquiry at the only source from which an authoritative statement can issue, the Queen herself. The result is a direct answer to a direct question and fulfills the honest judgment of those confident that the former ruler of the Islands is not disposed to dabble unnecessarily in politics as presented under existing conditions. In assuming this attitude the former Queen does not of necessity place herself on record as personally indifferent to the results of the campaign nor indifferent to the welfare of the people. It is rather a positive reassertion of her previous acceptance of a new political era, and an expression of willingness to allow the politics of the Territory to shape their course along American lines, untrammelled by whatever bitter sentiments the past may suggest in the hearts of any individual or collection of individuals whether they be former friends or enemies.

The statement now given out for the first time puts an end to the political barter in rumored support, or antagonism, barter that is illegitimate, unfair to the people, unfair to the Queen since its end is to create a prejudice based on an untruth and also build up a personal antagonism where none should exist. So far as Queen Liliuokalani is concerned each party and candidate must stand on its own bottom and depend for its success upon party declarations. It is to be hoped that her statement will be accepted in the common sense spirit of honesty in which it is given.

OUR UN-AMERICAN AMERICANS

[Tacoma Evening News.]
A dispatch from Honolulu filed at San Francisco says that the wholesale merchants of Honolulu have entered into a combination against drummers. They say they do not want drummers sent to the Islands, and by mail all the leading firms of the Pacific coast are notified that such is the sentiment of the Hawaiian firms. The resolutions adopted voicing the decision carry with them a threat that firms that do not regard the wishes of the firms in the Hawaiian Islands will be boycotted in Honolulu. All the largest local firms are in the compact.

This action is in accordance with predictions made in Honolulu correspondence by a Tacoma writer two years ago. The people of Honolulu not only do not want traveling men to visit them, but they want no competition or interference with their monopolies in any way. Coming under the American flag has not changed them in the least. They dare not openly advocate it, but they believe in slavery, and will fight to the end for contract labor, which is only a legalized form of slavery. The few whites control the capital and labor and laws of the Islands. They have grown rich and arrogant and despotic under the monopolistic conditions that their isolation has given them.

Their pretended love for the flag and American institutions is a sham. They accepted the flag because it seemed the easiest way to escape from absorption by Japan. They want no competition in business, no justice in the courts and no interference in any way. They want Uncle Sam to protect them, but to go no further with his despised scheme of government. Aguinaldo and the Tagals are loyal Americans when compared with the ruling element in the Hawaiian Islands that has succeeded in pulling the wool over President McKinley's eyes.

They will try to buy the privilege of continuing their un-American and unconstitutional policies and representatives of the government sent there will receive financial temptations that would put professional lobbyists to shame. If illegal monopolies are not perpetuated, if slavery is not winked at, if justice in the courts cannot be bought or sold, then there will be a protest from Honolulu that will be heard around the world.

The Islands need to be repopulated with immigrants and good, honest carpet-baggers before it will be safe or judicious to grant home rule. Any man that has been permitted to live and do business on the island of Oahu is less fit to hold office under the government than the poorest and most despised native. If there is a white man on the Islands who is loyal and true and devoted to American institutions he is never heard from. The ruling powers have boycotted and suppressed and robbed and spat upon him until he is so completely subjugated that he dare not raise his voice.

An honestly administered American government in Honolulu would precipitate a revolution. It isn't commercial travelers alone that the Dole administration and the merchants of Honolulu do not want. They do not want enterprise, capital, competition, justice,

WE SELL CARRIAGES AS CHEAP AS YOU CAN BUY THEM IN 'FRISCO!

BECAUSE we buy direct from the factories same as dealers up the Coast.

SOME REASONS

Why You Should Buy Your Carriages From Us:

YOU TAKE NO RISKS of damage in transportation.
YOU HAVE A CHANCE TO PERSONALLY INSPECT stock and select something to your liking. If you order from the Coast by catalogue you are taking chances of getting something entirely different from what it looks on paper.
REMEMBER! A suit of clothing for \$5 looks as well on paper as one costing \$50.00.

Schuman's Carriage and Harness Repository.

Intelligence or anything that will interfere with their absolute monopoly of trade and the right to rob and suppress all who have not for years paid regular tribute to them.

If Japanese can be hired for \$12 a month and fined and imprisoned at will and Japanese women can continue to be licensed to earn the smallest wages of sin ever paid; if American enterprise can be kept out and the law administered for the exclusive benefit of the ruling power; if McKinley can be made to believe that Governor Dole is a great and good man, anxious to serve his country, then Honolulu will be happy. If the city and government is ever genuinely Americanized, if the President is ever wise enough to name an honest Governor for the Islands who never saw or heard of the Islands, there will be disclosures and revelations relative to the present regime that will shock civilization.

Empress Frederick III.

Berlin, Oct. 13.—Professor Reveners, who is the best German authority on kidney complaints, after weeks of attendance upon the Dowager Empress Frederick, returned to Berlin today. The professor told a press representative that there is no immediate danger of his patient's death, "the acute symptoms having disappeared."

The Zealandia sails for San Francisco at 4 p. m. today, taking the Shriners back to their various homes.

The Amy Turner sailed for San Francisco late yesterday afternoon, carrying a full cargo of sugar.

SUNDAY AFTERNOON and EVENING

Drummers and buglers to take part in this evening's parade will meet at the drill shed promptly at 7 o'clock.

The Noeau was to have got away on her regular route this morning but this plan was changed and she will not sail until tomorrow at 9 a. m.

Walter J. Morrison, a passenger from this port in the S. C. Allen, died aboard that vessel October 10, while on the way from this port to San Francisco.

According to late Coast papers, the transport Conemaugh was to leave San Francisco for Manila, via this port, October 18. She should be in tomorrow or Saturday.

A bridge, ferry or balloon service—or even a fairly respectable crossing—would be a great boon if established across King street between the Capitol and the Courthouse.

VANPRAAG, SHARP and STICKNEY

Over a hundred Shriners, their wives and children spent yesterday in a drive to the Fall. There was a very heavy wind and the ladies were made a bit uncomfortable but the trip was thoroughly enjoyed.

The Zealandia is gaily dressed in flags and pennants today by way of saying farewell to Hawaii and on behalf of the Shriners and their families, whose visit here has been a continued round of pleasure.

While walking home from school the other day, the little daughter of Richard Daly, the sergeant-at-arms at Republican headquarters, fell and sprained her ankle. She was attended by Dr. Howard. The little girl is doing well and will be able to get about again in a few days.

The Sheridan is scheduled to sail from San Francisco November 16, her repairs and alterations having been nearly completed. She will call at this port and Guam on her way to Manila. It is estimated that the Sheridan, when alterations are completed, will be able to carry 1842 soldiers as well as 92 cabin passengers.

REFRESHMENTS SERVED SHRINERS "AT HOME."

A very enjoyable evening was spent about the Zealandia last night by both the Shriners and their guests. The ship was beautifully decorated for the occasion. SANDOW-ELSTON.

Berkeley, Oct. 13.—The engage-
ment of Miss Eula Elston of this city to
Dr. B. F. Sandow, Government Physician
of the island of Kauai, Hawaiian Is-
lands, has been announced. The wed-
ding will take place in Berkeley some
time about the 1st of January next.

Miss Elston met Dr. Sandow while
on a trip to Honolulu for her health
about a year ago. She remained at the
islands seven months, visiting her
brother, Charles Elston, and his
flauncer, Miss Hart, and subsequently
was bridesmaid at the wedding. Miss
Elston is the daughter of Rev. and
Mrs. A. M. Elston of 2023 Channing
way. Rev. Mr. Elston is pastor of the
Christian Church of this city.

Dr. Sandow has held the important
position of Government Physician of
the island of Kauai for several years.
Although a German by birth, he has
spent most of his life in this country
and received his education in the East.
He was married several years ago but
his wife died shortly afterward. Dr.
Sandow is expected to arrive in Cali-
fornia about Christmas, when full ar-
rangements will be made for the wed-
ding. Miss Elston's future home will
be in Kauai.

Russia Wants Money.

Chicago, Oct. 15.—Walter Wellman
wires to the Times-Herald from Wash-
ington as follows: Now Russia is at-
ter an American loan. It was learned
here today upon indisputable authority
that the Russian Government has pro-
posed to negotiate a loan in New York,
and that a syndicate is now being or-
ganized to float it. The chief promoter
of the enterprise is a man well known
in the fields of finance and politics. The
amount of the proposed loan, the rate
of interest and the sale price of the
bonds are not known, but it is under-
stood that Russia wants \$50,000,000 in
gold. It is believed the loan will be
taken and that public announcements
concerning it will be made in a few
days.

SOUTH CHINA REBELLION

London, Oct. 17.—Hongkong dis-
patches tell of the continued spread of
the southern rebellion. The Hong-
kong correspondent of the Daily Ex-
press sends a report that the British
torpedo boat destroyer Handy shelled
2000 rebels who were advancing on San
chun, killing forty and wounding hun-
dreds. This is not confirmed from any
other point.

The evidence of Prince Tuan's con-
tinuance in power causes anxiety. Ac-
cording to the Shanghai correspondent
of the Morning Post it has produced a
serious depression in trade there. Two
Chinese banks have failed, others are
expected to close, and it is rumored
that the Russo-Chinese bank is in
difficulties, owing to the removal of
the Chinese court to the province of
Shensi.

Shanghai telegrams report that the
local mandarins have received a dis-
patch from Prince Tuan announcing
that the court is now in safe keeping,
and exhorting them to have patience
until winter delectates the allies; to
keep the arsenals constantly at work
and "everything ready for a massacre
of all foreigners when the proper time
arrives."

Admiral Reports on

the Mimic War

Washington, Oct. 11.—The Navy Department has received Admiral Farquhar's report of the recent maneuvers of the North Atlantic squadron off Newport, R. I. The Admiral comments primarily on the zeal and enthusiasm the mimic naval warfare awakened among the officers and men. The exercises proper began on September 24 when the red squadron, consisting of the Kearsarge, Indiana, Texas, Scorpion and Eagle accompanied by six torpedo boats, put to sea to effect a blockade of Newport. The remaining vessels, the New York, Massachusetts, Leyden and Vicksburg, were stationed as defenders of the harbor and constituted the Blue Squadron. The general plan of defense followed by the inside squadron was to place a battleship on each side of and just inside the mouth of the harbor, so as to be concealed from incoming vessels. Here, with decks cleared for action, batteries trained forward and full steam up, the New York and Vicksburg lay in wait for fire into and ram any venturesome member of the Red Squadron. Picket boats armed with rapid fire guns and sharpshooters were provided with a system of signals to warn all hands of the approach of the enemy and powerful searchlights at Fort Greble and other points insured protection at night. The general plan followed by all vessels was not to turn on searchlights until the approach of a torpedo boat was reported by a picket boat.

The plan of placing picket boats was very successful and not a single torpedo boat got beyond them without being reported. With a sufficient number of searchlights on shore it is doubtful if vessels could be piloted at night into a harbor which is at all difficult of entrance.

The bow wave and wake of torpedo boats was the first object that aided in picking them up in the darkness.

"In this connection," says the Admiral, "I would suggest the advisability of the departments keeping as many torpedo boats or destroyers as practicable with the squadron at all times to accustom both officers and men with their general characteristics, movements, etc., and in order to carry on exercises with them in all the various ports visited."

The Holland, unfortunately, in her attack upon the Kearsarge the second night did not reach her objective point until after several torpedo boats had arrived.

The second night's operations consisted of an attack upon the outside of Red Squadron, by five torpedo boats and the Holland. As a rule the torpedo boats were successful although this would scarcely have been the case with an efficient boat service.

Every condition of battle was simulated as nearly as was possible, although blank charges from the small rapid-fire guns constituted all the firing. While much was wanting, says Admiral Farquhar, both in time and material to carry out the maneuvers on a large scale, still a number of professional points were brought out which will be of great value in the future. The value of searchlights was particularly impressive, as was also the work done by the Holland, of which Captain Folger says in an additional report:

"The Holland type will play a very serious part in future naval warfare."

The use of the Singer in millions of homes shows the unprecedented success of these ideal sewing machines. It is convincing proof that the Singer excels in all kinds of family sewing and art needle work. All our sewing machines are of the best construction, beautifully decorated, and are mounted on selected woods in finely finished cabinets of artistic design. B. Bergerson, agent, 16 1/2 Bethel street.

Major Rockefeller Deserted When He Came to Knowledge of Facts—Child Kidnapped While in Hongkong.

New York, Oct. 14.—A special to the Journal from Columbus, O., says: According to a letter just received by its brother-in-law, Terrence Hegan of Milwaukee, Major Charles N. Rockefeller of the Ninth Infantry is in Santa Barbara, Honduras, and will remain there. Major Rockefeller deserted soon after a fierce engagement near San Benito. The Filipinos were led by a handsome young white man, who fought like a hero and led his men right up to the American lines. Major Rockefeller shot the Filipino leader dead. The dead leader proved to be a son of the Major, who had been kidnapped while Rockefeller and his wife were on duty in Hongkong in 1872.

THREE TELEPHONES

Victoria, B. C., Oct. 16.—The Empress brings news that severe typhoons have devastated the Japanese coast and many lives are reported lost, as well as much property destroyed. The storms had a wide range, the whole group feeling their influence. Tokio suffered severely from both storm and flood. The Empress had a trying experience but suffered no damage, while the mail steamer China had boats smashed and her rails swept away. The passengers have drafted a memorial to Captain Seabury thanking him for the preservation of their lives by his good management and control during the night of terrible memory.
