WAILUKU, MAUI, T. H., SATURDAY, FEBRUARY 15, 1913.

NUMBER 1

## More Lights For Streets

Wailuku will be better lighted in future—in fact the change began last Thursday evening. There was a rather stormy meeting between Manager Bond, of the electric company, and the board of supervisors on the day mentioned, and the result is that the streets of Wailuku are to be lighted from the time darkness sets in till daylight next morning. If there should be bright moonlight the lights will not be turned on. There will be an extra charge for the lights but it will be possible to walk down the streets without taking a chance of falling over a cow or some other animal.

The new scheme is to be in force for one month. Then the cost of the extra lights is to be made up, and the county will know where it stands.

The contract existing between the county and the electric light company is not thought to be satisfactory. The contract is being lived up to the letter—and that is the cause of the trouble. When the contract was signed, the county fathers did not take into consideration the fact that the moon always sets behind the West Maui mountains an hour or so before it would set on a level plain. The lights of the town are therefore turned on some time after the whole place is in darkness. The almanac says that the moon sets at a certain hour, and that is what controls the turning on and off of the lights. The electric company is within its rights, but the town gets it in the neck, say the supervisors.

It is said that the supervisors were so anxious to get the electric lights for the streets of Wailuku, that they did not go into details regarding the contract for lights. It was felt that the town needed the system, and that if the county did not agree to the proposed contract there would be no electric plant in Wailuku.

## Man Is Blown Into Pieces

There was a terrible accident up on the mountain side, where the extension of the Kula pipe line is being put in, last Saturday. One Japanese was blown to pieces, and another man was very seriously injured. The explosion of some Giant powder that was left in a drilled hole, was the cause of the tragedy.

It appears that the men were working on some rock which they had to blast away. As usual, holes were drilled in the rock, and then charges of dynamite were exploded by electric wires. One of the charges failed to go off, and the men returned to see what was the matter. They thought that the charge had gone out, that is that the fuse had failed to connect with the powder.

While the men were working over the hole and picking at the filling in order to withdraw the charge, the whole thing went off and the two men were thrown several yards. It was at once seen that the man who had been standing immediately over the hole was killed. He was terribly shattered and his body was torn to bits. His companion was badly smashed, and it is feared that he has sustained internal injuries.

The dead man was named Tanaka and his companion Matsugaraba. Both the men were known as skilled powder men, and it is supposed that the accident was one of the kind that will happen from time to time on the best conducted jobs.

There were other men working close to the place where the accident happened, and they at once rendered all the aid they possibly could.

W. H. FIELD—I think that the new tourist scheme will be a boon to Maui. In Honolulu I will arrange about coupon tickets that will carry visitors from the Honolulu wharf to Maui—and all over the island—and then back to the capital city.

## Tourists Plans Are Completed

Manager Field, of the Maui Hotel Company, Ltd., returned from Honolulu last Wednesday. He reports very favorably on the proposed Maui excursions, and he states that the "big party" will come to Maui on March 1. That party will be personally conducted over the new route from Lahaina, and will take the Haieakala trip as well.

While in Honolulu, Mr. Field found that a party of sixteen was just on the point of leaving for Maui and Haleakala. Those particular tourists had to be sidetracked as far as the trip up the big mountain is concerned. Arrangements as to horses and other details still remain to be completed, and it was thought better to put off the excursion till the guides, horses and vehicles had all been prepared for.

The Inter-Island Steamship Company and the Promotion Committee are doing all in their power to boost the beautiful excursions of Maui. The Honolulu newspapers are also working on the proposition, and the amount of space that they will give to writeups is only limited by the ability of writers to supply the dope.

Many Honolulu old-timers are deeply interested in the new series of Maui excursions, and they have declared that they will, in the near future, take advantage of the chance to see that part of Maui that has, in the past, been an unknown land to them.

It is felt that the stream of tourists that constantly flows into Honolulu, and from there on to the Volcano, will be induced to make its way to Maui and "The House of the Sun."

Mr. Field made all arrangements regarding coupon tickets and the transportation of tourists, and he declares that there will soon be a big flow of visitors to Maui. The whole district is expected to benefit from the visits, and there should be a full house at the Maui Hotel for months at a stretch.

## Sheriff Has Many Curios

Sheriff Crowell has collected a most wonderful and weird lot of weapons from the Filipino colony of Maui. Knives, daggers, lancets and even short swords have been gathered in. Some of the daggers are designed in devilish fashion. A dozen or so are about as long as a pocket knife blade, and they are filed down to the thickness of a good size needle. The daggers are provided with a hook that can be attached to the sleeve of the owner's coat. The weapon can be "palmed" easily and then drawn up into the sleeve after being put to use in some "gentle" fashion.

The sheriff is after the burglars who have been going the rounds of Maui. At the same time, the head of the police, is taking away all the deadly weapons he can find in the possession of the "little brown brother."

A number of Filipinos are being closely watched and it is expected that arrests will soon be made.

## Kahului Looks Like Winner

Kahului still leads in the billiard tournament and the totals now are: Kahului, 728; Wailuku 672—a difference of 56 points in favor of the bunch from the waterfront village.

In the game played last Thursday night the Kahuluis put up a score of 173 to 150 which materially increased their lead in the whole series. The first team to score 1,000 points will be declared the winner of the tournament and, from the looks of things, the Kahuluis appear to have the series cinched.

There was the usual big crowd present to see the game on Thursday evening and much interest was taken in the games.

## "STRIKE" STILL CAUSING THOUGHT AND COMMENT

Masters Think They Have Chance of Winning—Contractor Skips to Coast After Losing on Big Job—Good Show Coming to Maui

(Special Correspondence.)

HONOLULU, Feb. 12.—A nod the strike will not down. So much is being said by the lawyers in the case and so little by the company that one cannot get a definite idea of what is what. Listen to the company, and all is beer and skittles, but turn your ear to the Harbor and there is a jovous sound to greet it. If the Harbor is losing out, no one in the county would believe it from the facial expressions of the men.

Yesterday afternoon I saw a big husky, in a grey sweater, walk to the corner of King and Fort streets where he enquired for the Odd Fellows building, an indication that he was a malihini and not a member of the local Harbor. He got the right directions and disappeared up the stairway only to emerge in less than a minute and make his way to the county offices. Then I lost sight of him. Whether he failed to find the men of the Harbor, or was looking for the mayor, to interview him after reading that he was standing in with the

company, I know not. I am satisfied the man I saw was one of the malihini mates brought down from the mainland for service which, up-to-date, has not been performed.

Attorney Ashford had a statement in the Advertiser this morning that was quite intelligible to the ordinary man, and one that could be read without the aid of a dictionary or a professor, in deciphering the meaning of the words used. For that reason the public has got onto something like the inside dope that is pulling them nearer to the Harbor, a position not occupied, by any one not a member, prior to the publication of the Ashford letter. It is all right for men to use big words, perhaps, but it is not satisfying to the man of only average education and limited vocabulary. And big words have failed to settle the strike. It looks just now as though there may be a change of feeling and a willingness on the part of a portion of the public to sympathize with the men who, by the way, are

Continued on Page 2.

## Schmidt Is Committed

Lloyd Schmidt was, at the Wailuku District Court, committed to investigation by the Grand Jury, on Wednesday last. The defendant is charged with a serious offense, alleged to have been committed on November 16 last.

The defendant was defended by Attorney James L. Coke, and the lawyer contented himself, after all the evidence was in, by commenting on the discrepancies in the evidence of the witnesses for the prosecution. He prefers to make his fight later on, if the accused is indicted by the Grand Jury.

The evidence in the case was sensational, and went to show that the principal witness in the matter, was, on her own word, freely going astray with many men. Judge McKay set the bail of Schmidt at \$600, which sum was quickly forthcoming.

## Old Officers Are Re-elected

At a meeting of the Chamber of Commerce, held on Thursday last, the annual election of officers was proceeded with. President F. F. Baldwin being away on the mainland, the chair was taken by Vice-President R. A. Wadsworth.

The first business was the election of a president for the year. Three names were put in nomination—F. F. Baldwin, R. A. Wadsworth and H. W. Rice. The first named won, and the election was then made unanimous on the motion of Judge Kingsbury. There would have been no contest at all, except for the fact that it was known that Mr. Baldwin did not wish to take another term as president. The members, however, decided that he should take office again and so voted accordingly.

All the other old officers officers were elected without opposition, and they will hold office till November next. There was a good gathering of the members of the Chamber, and much interest was taken in the proceedings.

The election of officers should have taken place last November but the stress of work entailed by the general elections made that impossible.

## Will Form Sports Ass'n

On Monday evening next there will be a meeting in the Wailuku gymnasium, and the object will be to form an association that will take care of and foster clean sports of all kinds. Something of the sort has been needed here for a long time past, and the men who are in charge of the movement will try to attract every man who takes an interest in any kind of sport.

There are many branches of sport neglected in Wailuku, and the object of the new association will be to get things going in proper style.

Billiards, bowling, tennis, trap-shooting, quoits, distance running and amateur boxing will come within the control of the new body. There are, of course, other sports that will also be catered for. The association promises to be a real live one, and it will do a lot of good for Maui.

## Six Houses Are Robbed

Another burglary is to be reported, and this time the robbery enters the "wholesale" line. No less than six houses at Camp Five, Puanene, were entered and money, in all kinds of small sums, was taken from each place. In all, the burglars obtained \$55 and the police, while holding strong suspicions, have not yet closed the net on the robbers.

The burglary, or series of burglaries, was a brazen affair, and the thieves went through all five houses while the occupants were asleep in their beds.

The burglars seem to have worked in conjunction, and the theory is that each robber took a house to go through, and that the robberies were all committed at the same time, by individual members of the gang.

In one house a sum of \$25 was found on a table; in another money amounting to \$10 was found by the thieves. In the other three houses the amounts stolen varied from \$2.50 to slightly larger sums.

The burglars, however, in one house, overlooked a sum of \$500 in gold. This money was hidden in a box, and the thieves never went near it. All the money that was stolen was on tables or bureaus. Watches, rings and other jewelry were not touched.

## Reservoir Site To Be Visited

There was quite a discussion on the subject of reservoirs at the meeting of the Maui Chamber of Commerce, last Thursday. A letter from Dr. J. H. Raymond started the ball rolling, and there was much light thrown upon the subject in general by the various speakers.

Dr. Raymond asked, in his letter, that the chamber endorse the proposition of building a 3,000,000 gallon reservoir just outside of Olinda. The doctor told of the scarcity of water, and stated that he had had spells of a week at a time when there was no water coming to him from the pipeline. He declared that the reservoir would cost \$50,000, and that it should be constructed. The pipe line had saved cattle to the value of \$50,000, and the doctor said that on his ranch he would have lost at least \$20,000 worth, only for the water that comes through the Kula pipeline.

L. von Tempky stated that the site for the reservoir has already been surveyed. He added that the site is the only logical one for such a purpose.

W. F. Pogue said it would be better to increase the capacity of the Waikamoi reservoir. That reservoir could be made to carry 5,000,000 gallons of good, pure, sweet clean water. He declared that the Kula pipe line was never intended to supply water for 365 days in the year. It would take \$750,000 to do so. Plenty of reservoirs should be filled, and then one or two weeks shortage of pipe line water would do no damage. Pogue said he was against the Olinda site for a reservoir and declared that the Waikamoi site was the proper place. Pure, clear water, is needed for drinking and bathing purposes and while a muddy reservoir is alright for irrigation purposes, Pogue said that pure water would not be obtainable at the Olinda reservoir—if built.

W. O. Aiken moved that a committee of five—to include two engineers—be appointed to look into the matter of the reservoir sites, and to report to the legislative committee of the chamber in order that that committee can advise the legislators of Maui as to what to work for in the legislature.

This motion was carried, and the chair appointed Messrs. von Tempky, Pogue, Aiken, Howell and Brune, to take the matter up. This committee met at six o'clock yesterday morning, and decided that there is a leak somewhere along the water line. The matter will be investigated and the proposed sites for the reservoirs will also be inspected during next week.

## Road Matters Are Discussed

Chairman Pogue, of the legislative committee of the Maui Chamber of Commerce, turned in his report on the work done by the committee, to the general meeting last Thursday.

Several matters had been attended to, but there is still a lot of work to be done. With reference to the proposition to ask the legislature to grant a special loan to construct roads to the Haiku homesteads, it was thought that it would not be reasonable to do so, as every county in the group would try for the same thing for their homesteaders.

W. O. Aiken thought that the matter might be managed, and money borrowed from the banks for the purposes of road building. The money could be paid back when the homesteaders paid for their lots. The matter was discussed for a short time, and then the decision was arrived at to put the whole affair up to the committee.

The schooner Defender is at Hana. She arrived with a cargo of general merchandise, consigned to the Hana stores. The captain's wife is making the round trip with her husband. The Defender came from the Coast in 21 days

## Hawaii Wins Score, 11-3

Last Wednesday the All-Hawaii polo team defeated the Coronado team by a score of 11 to 3. That is going some and indicates that our men have found their stride already. The team should give a good account of itself right through the big tournament.

Some of the stories in the mainland papers, about the All-Hawaii players were very funny. Each representative of Hawaii was declared to be a feudal lord, and to have a private polo ground of his own.

The coast papers also went on to say they wondered what would happen to the pampered "lords" when they went up against the hard riding, hard living bunch of Californians and Canadians. Well, those innocent cub reporters know now what happened. The men from Hawaii probably spend more time in the saddle—all the year round—than do the "hard riding" Californians and Canucks.

## Man Injured In Runaway

On Tuesday afternoon last there was a runaway that caused much excitement in Wailuku. John Abreu, who was driving the team, was thrown to the ground from his seat on the wagon, and received painful injuries. He was treated by the doctor and is feeling better now.

The runaway started on Main street and the horses soon got going at top speed. The animals were scared at the way the wagon crowded on their heels, and they dashed madly down the hill.

The driver tried his best to halt the animals but they only went faster. When opposite the Maui Shinbun office, the driver's seat slipped and Abreu was thrown off on his head. The horses kept going till they reached the Wailuku depot gates. There one horse bore over to the right and, in an instant the pair were thrown down on their sides. This frightened the horses more, and they kicked the harness off and bolted a-fresh, but up hill, this time.

Two mounted police officers were doing their best to stop the horses and, finally, the animals were caught. In the meantime Abreu had been picked up and was taken care of till his son arrived with his automobile and removed the old man to his home and then to the hospital.

## Amateur Show Was Excellent

Last Wednesday night there was a fine show at the Kahului Lyceum, and the amateurs who took part in the entertainment did excellent work. Some of the turns were well worthy of the professional stage. There was a big crowd present and the Kahului Tennis Club should benefit a lot from their percentage of the "house."

Mrs. Jones was the star of the evening, and her singing was a treat to the audience. "Billy" Lougher's turn was a masterpiece, and the crowd enjoyed his famous dance. Wren Wescoat was at his best in his recitation and he brought down the house.

Mr. David Rattray—he of the silver voice—rendered a couple of songs in his well-known artistic manner. Miss Hoffman was at the piano all the evening and her work was in splendid harmony with that of the vocalists. Some fine moving pictures were shown during the evening.

D. C. LINDSAY—Dr. McConkey and I had a good trip on Hawaii. The Pahoa fire was a big affair, and a tremendous amount of damage was done. The volcano was fairly active, and the lava was many feet higher than during the week previous to our visit.

**Honolulu Letter.**

(Continued from Page 1.)

holding frequent meetings every day. I heard Captain Gregory, who is on the Kauai run, being hauled over the coals figuratively speaking, for being the cause of failure of the men.

But that is hardly correct; no one person could have raised the storm of protest that came from the public. Gregory may have acted double in the matter, but I doubt even that. The men did not, and have not, right on their side, and it looks as though they will fail of their own miscalculations. Of course, if Gregory was the weak man it is possible to compare the organization to the chain that is no stronger than its weakest link. Poor old Nicholens, who has never been noted for his popularity, was fairly covered with imprecations when he took out the Hall last week, and I am told his trip was made so unpleasant by his officers refusing to sit at table with him, that a change had to be made in the personnel of the staff on the return of the steamer.

**ANOTHER DODGER**

We have another case of a trusted contractor and profit and loss account. A. P. McDonald, who built the Liberty Theater and the Liliuokalani school, stole quietly away on the Sierra the other day, leaving debts to the amount of sixteen thousand dollars and the creditors, Lewers & Cooke, I believe, are in for one half. Poor Harry Gray was stuck for seventeen hundred and the balance is divided among smaller fry. McDonald was low bidder, and sure loser, on several of his contracts, and he did not have enough good ones to make up his losses. He appeared like a man willing to work whether he made money or not, and I believe his failure was due more to bad figuring than dishonesty of purpose. No man would work as hard as he if there was a side graft to the business. No man, at least, no man like McDonald, would give up everything for the sake of a few thousand dollars. He did not take away anything to speak of, and I believe his family is here waiting to hear from him.

**BEATEN FOR A LIE.**

An exciting incident occurred at the Hall corner on Monday in which an inspector of the Board of Health got a well deserved trouncing from a young man who was once married to the sister of the inspector's wife. It seems that when De Coite, who is bookkeeper for the Wireless Telegraph Co. married, discord found a place in the home and the cause was traced to Santos, who works for the Board of Health. Spats were frequent and De Coite, for reasons which only Portuguese know and approve, by an unwritten law, left his wife and a divorce followed. De Coite lays the blame at the door of Santos. To cap the climax, Santos is said to have reported De Coite to Dr. Wayson as a leper, and the doctor sent for the young man for the purpose of making an examination. The chap was proven clean and, when told who had started the rumor, decided to consult a lawyer. Later in the day, just about noon, he met Santos in front of Hall's and addressed him in language more expressive than elegant. Santos made a wallop at De Coite, seemingly forgetting that his one time brother-in-law is no slouch at the boxing game. De Coite ducked and made a grab at his opponent, picking him up in his arms and dashing him to the sidewalk where he began the administration of a pummeling with every blow counting. Had it not been for the interference of friends of De Coite, Santos would have been put entirely out of commission, and it is safe to say that if the friends had known the cause of the fight there would have been no interference. The Board of Health has the matter under investigation, and it looks at this writing as though

Santos would soon be looking for another job.

**GOOD SHOW.**

Honolulu is soon to lose the World's Fair Stock Co., and the other islands will have an opportunity to witness some of the best acting the territory has enjoyed for years. Miss Brissac is unquestionably the most versatile actress ever seen here. She is supported by men and women of ability, so that the plays they stage are made enjoyable. You Maui folk must not allow the opportunity to witness the plays pass without taking advantage. You will never regret the time spent, or the cost to you.

**IMPROBABLE STORY.**

The report that Attorney Carlsmith had visited the rooms of the promotion committee as a stranger to inquire about the roads and trails around Hilo and the volcano must surely be an error. Anyone who knows Carlsmith knows he is always open and above board in his actions, and that his personality is so well known from one end of Hawaii nei to the other that there is no disguise that even the youngest inhabitant could not penetrate were Carlsmith to adopt it. Surely the clerk at the rooms must have taken a different person for the famous Hilo barrister, the man, whom his college paper referred to as "self-made and proud of his maker." The Hawaii promotion committee treats all islands fairly, and Hawaii gets as big a boost as any section of the country that wants boosting. Of course if Hilo sits back and expects the outside to do all, Hilo will have to go hungry for tourists, and I believe I am safe in saying that it is only since the Volcano Stables Company started a branch here, for the sale of automobiles and the encouragement of tourists travel, that Hilo has done anything to help the committee. For a time the town contributed fifty dollars a month toward the upkeep of the promotion committee, but I believe that was given up some time ago. Merely saying to the committee: "We have the greatest living volcano in captivity; all others bow down before it and acknowledge it as the only great safe and sane volcano in the world, fetch along your crowds," is not going to stir any committee to action. W. H. C. Campbell is said to have found direct instances where the hotel people have knocked the trip to the volcano. It was found by Trent years ago; but nothing has been done to have the evil corrected, for what correction can be expected from a man who will countenance the trimming of tourists as tourists have been trimmed in Honolulu in the past?

**PRATT WON'T ACT.**

I note in the paper this morning that President Pratt of the Board of Health will not privately investigate the Santos matter on the grounds that Pratt has no control over his men when off duty. Santos had his uniform and badge on when the fight took place on the street. If it is true that he reported De Coite to Wayson, he did so as an employe of the Board of Health on duty. It seems to me Pratt is dodging a very important matter and it may be for political reasons. Bare fists are not hard enough to damage the cheek of a man who will circulate so horrible a report about another.

**THE CARNIVAL.**

Honolulu is making great preparations for the Carnival and the indications are that some of the tourists may have to seek the comfort of the Maui Hotel Annex at night and come down here for the good times in the morning. There is to be an excellent program of attractions in the way of sports and races and it was hoped that the A. A. U. might arrange to have a swimming contest between men and women swimmers just as they have on the coast. The only hope for it now, is to have independent matches, not under the auspices of the A. A. U. and they may be pulled off. I am sure Duke and

some of the other Hui Nalu boys would enter, and there are girls who would go in to it. Last regatta day there was more interest taken in the little swimming race between Mrs. Desch and a Honolulu girl than there was in the boat races, and I am satisfied the interest this year would be even greater, and it will not be hard to arrange for a cup for the swimmers.

The coast papers, more particularly the Call, is boosting Mrs. Desch because she swam in the Y. M. C. A. tank ten days ago, fifty yards in forty flat. Somehow in the boosting and bleating that no one on the Pacific Coast can make better time, the newspapers up there overlook the fact that Mrs. Desch was beaten to a frazzle here. Of course the local race was for thirty yards only, the fifty yards start was to follow but Mrs. Desch refused to tackle it though it was her opponent's first race. I am told that Miss Walker of Maui swims the distance better than forty any old time and would, therefore, win from Mrs. Desch if she happened to come down.

**TOURISTS FOR MAUI**

Maui should be looking into the

matter of getting more tourists to visit her beautiful isle. I talked to a lady the other day who was so favorably impressed by the attractions in a scenic way, that she told me she wished only for the time when she might have a house there in the valley. Everyone who has ever visited Maui knows how much there is for the tourists to see, and it seems up to the people of Wailuku to put in a bid for them. Hilo could have tourists in plenty if the people would only stir themselves. But Hilo is quiet, for a tourists even after leaving Honolulu, which is also a slow place to anyone just from the coast. When I hear people find fault with the town because it does not maintain a tenderloin and a great white way I rebel; we of the islands, that is we who have lived here any length of time, enjoy the quiet. In my presence the other day Chester Doyle was asked if he had ever been in Hilo. The questioner was a stranger of course, and was contemplating a visit. Chester said he had been, in fact he had spent three weeks there one Sunday afternoon. That remark would indicate that some people do not

know the difference between a joke and a cause for libel.

I imagine the proprietors of the Young Hotel will regret the constructing of a seven story building on the pretty little park on Bishop street: It is an attraction, in a way, particularly since the band plays there during the noon hour every day, for the entertainment of the guests at the Ratskeller. But commerce must oust sentiment and to some a building will be more beautiful than the green grass and the flowering trees. What effect the building of a place of the character it promises to be, will have on Fort street is a mooted question. Ever since the erection of the Young building there has been a determined effort to get the retail trade over there, but it has amounted to nothing up to date. New Years Eve there were many attractions for the crowd, just as there were on Christmas Eve, but whether it resulted in drawing any more attention to the stores I know not. The retail trade is well rooted on Fort street; what with Wichman, Ehlers and Whitney and Marsh, not to mention the shoe stores, and the people are accustomed

ed to go there for their clothing and dress goods wants. I think it will be some years in spite of the elegance of the new building before conditions will change.

**NOTICE TO CREDITORS.**

In the Matter of the Estate of PETER JOSEPH, Deceased;

Notice is hereby given to all persons having, or claiming to have claims against the estate of Peter Joseph, Deceased, who died at Pulehu, Kula, Island of Maui, Territory of Hawaii, to present their claims, duly authenticated and with proper vouchers if any exist, even if the claim is secured by mortgage upon real estate, to E. R. Bevins, administrator of the said Estate of Peter Joseph, deceased, at his place of business at Wailuku, Maui, Territory of Hawaii, within six months from the date of the first publication of this notice or within six months from the day they fall due or they will be forever barred.

Date of first publication, February 1st, 1913.

E. R. BEVINS,  
Administrator of the Estate of Peter Joseph, Deceased.

**Auto Notes.**

A recent investigation by the Cadillac Company developed some very interesting information concerning the efficiency of their electric cranking device.

Out of 617 replies received, 528 owners reported that in not one single instance had they been obliged to crank their cars by hand, while only 89 owners had done so. Among the reasons assigned were a number who said they had cranked their cars by hand just to see how it was done. The total miles traveled by the 617 cars was 1,468,386 and the total times cranked by hand 166, showing an average of one hand cranking to each 8,665 miles of travel, or one in about what is equal to two years average use.

Another question asked was: "Has your electric system been thoroughly efficient?" Every reply, without exception, was "Yes."

\* \* \* \*

One of the unique features of the recent motor car exhibition in Paris was a small model Cadillac just large enough to carry two children, but none the less, a real motor car. The little model is a reproduction of the large Cadillac Roadster except that its power plant consists of the Delco electrical cranking device, which is a regular feature of the big car. With the power of this cranking device the little machine will travel some 15 miles on one battery charge at a speed up to 12 m. h. p.

The miniature was made under the direction of Mr. F. S. Bennett, the Cadillac dealer in London, and upon the return of the baby Cadillac to England, it was purchased by Her Majesty, Queen Alexandra. It will hereafter be conspicuous around Buckingham Palace, guided by the hands of the youthful members of the Royal household.

\* \* \* \*

The largest day's business for the mid-winter season in the history of the Packard Motor Car Company was recorded on the last day of 1912, when sales orders were received aggregating a quarter of a million dollars.

For two months, total sales were greater in volume than ever before in November and December. The scores in sales contests reveal the fact that dealers in the fifteen largest cities averaged a fifty-two per cent increase in business over any previous records for the same period.

Sales of Packard trucks in December totaled 213 vehicles, amounting in value to \$800,000. This is an increase of twenty-four per cent over the best previous total for a month's business and said to be a world's record for actual sales to users of motor trucks.

\* \* \* \*

The Cadillac Motor Car Company has sold to members of the Japanese Imperial Household five 1913 Cadillac limousines, the transaction having been made by the Company's Yokohama agents, Andrews & George. These will be the first American cars to go to the Imperial Household, as heretofore the members have used Italian, French, English and German makes. The sale is, therefore, rather significant and may be regarded broadly as a compliment to American industry in general, as well as to the Cadillac product in particular. The company's officials are being congratulated on the honor won for this country.

Two of the five limousines have been ordered by Prince Sunjo. Count Hijikata ordered one and Count Nijo and Count Kanei one each.

**Proclamation**

**Of Forest Reserve in the Districts of Kula and Honouaia, Island and County of Maui, Territory of Hawaii.**

Under and by virtue of the authority vested in me by the provisions of Chapter 28 of the Revised Laws of Hawaii, as amended by Act 65 of the Session Laws of 1905, and by Act 4 of the Session Laws

of 1907, and of every other power me hereunto enabling, I, Walter F. Frear, Governor of Hawaii, with the approval of a majority of the Board of Commissioners of Agriculture and Forestry, having held the hearing of which notice has been duly given as in said acts provided, do hereby RECOMMEND and APPROVE as a Forest Reserve to be called "KULA FOREST RESERVE," those certain pieces of government and privately owned land in the Districts of Kula and Honouaia, Island of Maui, which may be described roughly as a tract lying on the western slope of Mount Haleakala, between a line drawn along the slope at an elevation of approximately 5000 feet and the crest of the mountain, extending from and including the land of Waiahoa to the southern extension of the main ridge of Mount Haleakala beyond Polipoli, and containing an area of 6075 acres, more or less, in the Districts of Kula and Honouaia, Island and County of Maui, Territory of Hawaii, more particularly described by and on a map made in August, A. D. 1911, by the Government survey Department of the Territory of Hawaii, which said map is now on file in the said Survey Department, marked "Kula Forest Reserve," and a description accompanying the same, numbered C. S. F. 2300, which said description, now on file in said Survey Department, is as follows:

(C. S. F. 2300)

Beginning at the forest reserve monument at the Northeast corner of Grant 579 to J. Sniffen and on the boundary of Keokea and Kamaole, the coordinates of said monument referred to Government Survey Trig. Station "Puu-o-Kali" being 15,027.5 feet South and 16,947.6 feet East, as shown on Government Survey Registered map No. 2519, and running by true azimuths:

1. 228° 58' 35" 13,414.0 feet along the Waiohuli-Keokea Grazing land to a forest reserve monument at the head of the land of Koheo and on the boundary of Waiohuli and Kaonoulu;
2. 208° 02' 9948.7 feet across the lands of Kaonoulu, Alae 1 & 2, Alae 3 & 4, and Waiahoa to a forest reserve monument at a point called "Kohe" on the boundary of Waiahoa and Kealahou 3 & 4, the coordinates of said monument referred to Government Survey Trig. Station "Puu-o-Kali" being 2553.0 feet North and 31,751.1 feet East;
3. 315° 58' 6647.0 feet along the land of Kealahou 3 & 4 to a stone marked by an arrow cut on rocky ridge between two gulches;
4. 301° 43' 2830.0 feet along the land of Kealahou 3 & 4 to a pile of stones at the edge of a rocky gulch;
5. 307° 41' 6365.0 feet along the land of Kealahou 3 & 4 to a pile of stones on the boundary of Papaanui;
6. 67° 56' 7140.0 feet along the land of Papaanui to a pile of stones on top of mountain;
7. 53° 55' 3395.0 feet along the land of Papaanui to a cross cut on the rock over a sort of cave at a place called Kalepeamoa;
8. 61° 40' 12230.0 feet along the land of Papaanui;
9. 68° 3' 20" 1906.8 feet along the land of Papaanui to "Keokea" Trig. Station marked by a 1 1/2" galvanized pipe;
10. 329° 3' 30" 3121.8 feet across the land of Papaanui to a forest reserve monument at a place called "Kieiei" on the boundary of Papaanui and Kahikinui;
11. 83° 44' 3570.0 feet along the land of Auwahi in Kahikinui to a forest reserve monument in a cave;
12. 34° 21' 30" 3350.0 feet along the land of Auwahi to a forest reserve monument, said monument being by true azimuth and distance 214° 21' 30," 6990.0 feet from "Puu Ouli" Trig. Station;
13. 116° 45' 3090.0 feet across the land of Kamaole along Grant 4640 to J. H. Raymond to a forest reserve monument on the boundary of Kamaole and Paeahu;
14. 144° 13' 30" 1007.2 feet along the land of Paeahu to a forest monument;
15. 204° 35' 2640.0 feet to a forest reserve monument;
16. 114° 35' 1320.0 feet to a forest reserve monument;
17. 204° 35' 1336.5 feet to a forest reserve monument;
18. 294° 35' 330.0 feet to a forest reserve monument;
19. 204° 35' 3976.5 feet to a point of beginning. Area 6075 Acres.

And as provided by law, subject to the existing leases, I do hereby SET APART as parts of the Kula Forest Reserve those portions of the government land known as Waiahoa (1567 acres), Alae 3 & 4 (70 acres), Waiohuli-Keokea (2450 acres), Kamaole (Polipoli Spring) (612 acres), in the District of Kula and Papaanui (370 acres) in the District of Honouaia, altogether an area of 5069 acres, more or less, that lie within the metes and bounds of the above described Kula Forest Reserve

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the Territory of Hawaii to be affixed.

Done at the Capitol in Honolulu, this 11th day of September, A. D. 1912.  
W. F. FREAR,  
Governor of Hawaii.

By the Governor,  
E. A. Mott-Smith,  
Secretary of Hawaii.  
Feb. 1, 8, 15, 22.

## FILIPINO OFFICER.

It is about time that some steps be taken to put an end to the many robberies that are, from time to time, reported to the police. While acknowledging that the Sheriff and his officers are doing their best, it must be said that there is a certain element among the criminal population of Maui that must be at once attended to in a drastic manner.

For months past a number of Filipinos and others have been drifting to Maui from Hilo and Honolulu. The other two centers were made too hot for the men and they, naturally, made for the place that they had been tipped off as being "alright."

The local police are handicapped by the fact that there is no special Filipino officer here. Such an official is necessary and one should be at once provided for by the supervisors. When not actively engaged in detective work, the Filipino officer could act as interpreter at the courts. The spectacle of a jury at three dollars per day, per head, being held up for hours, while an interpreter is being sought, would be abolished. Even the police court proceedings are often delayed through the fact that there is no Filipino interpreter. The supervisors could remedy all this by appropriating about fifty dollars a month for a trustworthy Filipino police officer. The town would soon be cleaned up, and a lot of Hilo and Honolulu "bums" would be driven off to pastures new.

## THE WRONG TREE.

MR. JAMES K. KEOLA, in a communication to the MAUI NEWS, explains to his own satisfaction why men with money will not build cottages in Wailuku. Mr. Keola, however, is barking up the wrong tree when he speaks of quarter-acre lots and three thousand dollar cottages. The idea of the men who are looking for cottages is to find a house that stands upon a lot with about a thirty-five or forty feet frontage and a depth of, say, one hundred feet. A cottage costing no more than twelve hundred dollars would look well and pay well, at a rental of twenty dollars a month.

It is good news to hear that there will be soon a stream of tourists passing through Wailuku. The efforts of the Maui Hotel Company should be appreciated by the people of Maui. Tourists spend money in a town and "every little bit helps."

The tragic death of Explorer Scott is to be regretted. Still, as long as there are brave hearts in the world, there will always be similar kinds of tragedies.

## Fine Lecture Oregon Man Likes Maui By Traveler

There was a big attendance at the Japanese Church on Thursday night, and the lecture of the Rev. K. Okamura was listened to with great interest. Mr. Okamura illustrated his address with lantern slides. The pictures were very clear and the subjects shown were most entertaining.

Mr. Okamura has just returned from a trip around the world. He visited many countries and obtained photographs of most interesting subjects. The Holy Land, all Europe, most of Asia, England and the United States were in turn visited by the traveler, and his experiences, related during the lecture, were well worth listening to.

The Rev. Okamura was enabled to make the tour of the globe through the magnificent donation made him some time ago in Honolulu. All creeds and classes united in providing a purse of \$2,000 for the man, who had labored so long and faithfully at his chosen work.

E. R. Reanes, of the State of Oregon, is a visitor to Maui. He is the father-in-law of Mr. Jennings of the Kahului store, and he is paying his daughter a visit.

"You have a beautiful climate here," remarked Mr. Reanes to a MAUI NEWS reporter, the other day, "and it seems almost warm to me after the cold of my home state. Why up there we had feet of snow when I left, and the glass was away down below zero. Still, that snow is better than rain, and the 'beef' thrives well, when hand fed."

"Our cattle are now used to being fed and they come along and devour the alfalfa hay we throw down on the snow. We grow our own alfalfa, of course, and we have three crops a year. Some fields were planted over twenty years ago, and I have cut a five ton per acre crop from a field that was first planted in the eighties."

"Yes, I am up among the apples and we raise some beauties. The frost improves apples, in my opinion, and there is a certain flavor imparted by the cold snaps."

Mr. Reanes declares that he "likes Hawaii, and, in particular, loves Maui."

## Only Wants 24 Per Cent

James N. K. Keola Thinks Cottages Wont Pay Same As Other "Safe Investments."

(Communication.)

EDITOR MAUI NEWS:

I was much interested in reading your leader in last week's issue under the caption: "Build Cottages." Your reasons why more cottages should be built in this one of the most alluring and healthful towns in Hawaii nei are good from the standpoint of the tenant. I perceive that you are highly imbued with the promotion spirit to make Wailuku grow and increase in its material welfare. So far so good. Wailuku has need of such citizens, and the more the merrier. Now from the standpoint of a landowner building cottages of the types you advocate, even the ones in the vicinity of the post office, are losing investments for any landowner in this town. Cottages of that type should bring in at least \$48.00 a month or \$576.00 a year in order to pay, and even then the landowner is not making anything on the investment.

In fact he could earn more for the same outlay if he had invested wisely elsewhere instead of putting up cottages of such type. Let me explain to prove that even \$48.00 a month is only a 10% interest per year on the investment or less than 1% per month, whereas there are many safe investments in this county where any investor can earn 1% or even 2% per month. Let us say that 1/4 acre of land on Main street costs \$1500.00; erecting cottage on said land \$3000.00; total outlay: \$4500.00.

INCOME—10% Interest on \$4,500 \$450.00; Taxes about \$39.00; Fire Ins. \$15.00; Water rates \$20.00; Incidentals \$52.00: \$576.00 or \$48.00 per month. Any landowner would be glad to get that rental per month, but who in this town can afford to pay \$48.00 per month for house rent? Granting that the landowner should charge only \$30.00 per month for the outlay or \$360.00 per annum, after deducting the actual cost to him of the up keep of the place, there remains only (360-126) \$234 or less than 6% on the investment, which is equal to one half of the income he would receive had he wisely invested in other business outside of building cottages!

The above is calculated on the basis of ready cash for purpose of building. A few hundred dollars more will have to be deducted if landowner borrows money at prevailing rates.

If I am wrong I'd like to be shown. In Honolulu, no one considers for a moment putting up a cottage for rent in the business centers. Cottages are built miles away from the post office where the cars are convenient. It would be folly for any business man to put up a cottage near the business centers without charging rates for business offices for same, or say \$100 per month instead of \$30.00 per month.

For the same reason houses on Main street between the depot and the Court House should be charged rates almost equal to rates demanded for business houses or offices (because such lands are more valuable) for the outlay is the same, and any landowner would be doing an injustice to himself and his family, if any, if he charged less. Of course we should be more charitable and build just to improve and beautify the town. That is a magnanimous spirit, but that is all very well for men of means and philanthropists.

Most of us are mere struggling human beings, and are far from being on easy street. Small cottages would pay, if built on the style of cottages on Vineyard street, one almost leaning on top of the other. But the people you speak of who are looking for cottages are of the better educated classes, and therefore will not be comfortable in any

thing less inviting to their cultivated tastes. But tastes cost money. Besides money in the money market is so hard to obtain now on account of prevailing financial conditions, the tariff, etc., which makes it not easy to borrow money to build even if one had the desire and inclination to do so, if only for the sake of advancing the town.

JAMES N. K. KEOLA.  
Wailuku, February 6, 1913.

**Makawao News and Notes.**

(Special Correspondence.)

MAKAWAO Feb. 11—On February 7, Dr. Geo. S. Aiken of Kahului accompanied by Mr. Sparling of the Electric Co., Sanford and Jack Walker, and Frank do Rego entered the crater of Haleakala in search of "silver sword" and after two days of hard work succeeded in gathering nine gunny-sacks full of that rare plant with which they returned to Kahului, on Sunday evening.

In the floral parade of 1911, Dr. Aiken represented Maui with his auto adorned with "silver sword," and took several prizes by so doing. This year he intends to repeat the representation—in like manner. The main features of his idea are to cover the hood and glass front of his auto with a large shield, and to have a huge sword suspended above and running the full length of the car, the shield and sword to be fashioned of "silver sword" from Haleakala. The body of the motor will also be covered by the silvery leaves of the plant.

**LOCAL NOTES.**

The school recently established amid the new pineapple lands of Haiku now numbers twenty pupils with quite a number of grades. Mrs. Turner who formerly taught at Punahou, has been secured as teacher.

Representative A. F. Tavares of Makawao is still obliged to go about on crutches, as a result of an injury to his ankle, which some time ago was badly squeezed between a trunk of a tree and the front part of his automobile.

Senator and Mrs. H. A. Baldwin of Hamakua, will depart for Honolulu on the 15.

It is reported that the Japanese pineapple cannery at Pauwela will soon double its capacity.

Large blocks of Ulumalu hui lands, which are suitable for pineapple culture, have been recently sold at \$30, per acre, on the average.

On Friday evening, February 14, the Makawao Literary Society will hold a social meeting at Dr. W. F. McConkey's, Paia. It will be in the form of a valentine party.

Pheasants and doves seem to be more plentiful than ever in the Makawao Kula sections since the close of the hunting season.

On Monday evening, quite an heavy electric storm took place at Paia and upper Makawao.

The vegetation is green in Makawao and Ulupalakua. Kamaole has had some rain but the rest of Kula is still dry. No moisture came even from the recent kona.

The drought is so severe this time that some of the big ranches cannot maintain milk cows to furnish cream for breakfast coffee, but use the canned product.

**Lahaina News.**

The concert at the Parish Hall last Saturday evening was a rare musical treat,—one of the best that has ever given in this town. Mr. K. J. Zedwitz, Mrs. J. K. Bodell, Mrs. Jones and Miss Hoffman took part in the entertainment. The elections of classical music were beautifully rendered, and were much enjoyed by an appreciative audience. The concert was under the auspices of Miss Lucy Adams.

The Japanese Consul was in Lahaina on Monday. He received a cordial welcome.

Mr. McCubbin's infant twin daughter died on Monday night. Rev. D. W. K. White conducted the funeral at the Wainee Church on Tuesday afternoon.

The new building, intended for a dining hall, is far advanced to-

ward completion at Lahainaluna.

Another schooner load of lumber had been received for the Lahaina public school.

All the Chinese stores were closed on Wednesday, and the new Chinese flag was displayed.

The oiled road has been completed to within half a mile of the house formerly occupied by Judge Rogers.

**BY AUTHORITY.**

**SEALED TENDERS.**

Sealed Tenders will be received by the Superintendent of Public Works up until 12 noon of Wednesday, February 26th, 1913, for Clearing and Constructing Certain Roads in the PAUWELA KUIAHA HOMESTEAD TRACT, District of Hamakua, County of Maui.

Plans, specifications and blank forms for proposal are on file in the office of the Superintendent of Public Works, Capitol Building, and with W. O. Aiken, Makawao, Maui.

The Superintendent of Public Works reserves the right to reject any or all tenders.

H. K. BISHOP,

Superintendent of Public Works, Honolulu, February 5, 1913. Feb. 8, 15.

No. 5994.

### Proclamation

#### Of Forest Reserve on the Island of Molokai, County of Maui, Territory of Hawaii.

Under and by virtue of the authority vested in me by the provisions of Chapter 28 of the Revised Laws of Hawaii, as amended by Act 65 of the Session Laws of 1905, and by Act 4 of the Session Laws of 1907, and of every other power me hereunto enabling, I, Walter F. Frear, Governor of Hawaii, with the approval of a majority of the Board of Commissioners of Agriculture and Forestry, having held the hearing of which notice has been duly given as in said acts provided, do hereby RECOMMEND and APPROVE as a Forest Reserve to be called the "MOLOKAI FOREST RESERVE" those certain pieces of government and privately owned land on the Island of Molokai, which may be described roughly as lying on the higher levels of the mountains above a line varying in elevation from 1500 to 2000 feet that circles the eastern half of the island, and containing an area of 44,674 acres, more or less, on the Island of Molokai, County of Maui, Territory of Hawaii, more particularly described by and on a map made in July, 1912, by the Government Survey Department of the Territory of Hawaii, which said map is now on file in the said Survey Department, marked "Molokai Forest Reserve", and a description accompanying the same, numbered C. S. F. 2235, which said description, now on file in the said Survey Department, is as follows:

Beginning at a point in the land of Ilohi on the top of the pali, said point being due North of Government Survey Trig. Station "Puu Olelo";

1. Thence 3300 feet more or less, due South across the lands of Ilohi and Kahanui (Grant 2709, L. C. A. 7755) to Government Survey Trig. Station "Puu Olelo" in the land of Naiwa;
2. Thence 2000 feet more or less, in a Southwesterly direction across the lands of Naiwa and Kahanui (L. C. A. 7755) to a point on the boundary of Kahanui (L. C. A. 7755) and Kalamaula;
3. Thence 60 feet, more or less, in a Southwesterly direction along the boundary between Kahanui (L. C. A. 7755) and Kalamaula;
4. Thence 2400 feet, more or less, in a Southwesterly direction along the boundary between Kahanui (L. C. A. 7755) and Kalamaula;
5. Thence 3400 feet, more or less, in a Southwesterly direction along the boundary between Kahanui (L. C. A. 7755) and Kalamaula to where the forest fence begins;
6. Thence 1000 feet more or less in a Southerly direction along forest fence across the land of Kalamaula;
7. Thence 2000 feet more or less, in an Easterly direction along forest fence across the land of Kalamaula;
8. Thence 3000 feet, more or less, in a Southeasterly direction along forest fence across the land of Kalamaula;
9. Thence 2250 feet, more or less, in a Southeasterly direction across the land of Kalamaula along the forest fence;
10. Thence 3300 feet, more or less, in a Southeasterly direction across the land of Kalamaula along the forest fence to a point on the boundary of Kalamaula and Kaunakakai;
11. Thence 16,300 feet, more or less, in a general Southeasterly direction across the lands of Kaunakakai, Kapaakea, Kamiloa 1 and 2; Makakupaia Mauka and Makakupaia Makai and along the forest fence to a point which is 2800 feet directly South of Government Survey Trig. Station "Makakupaia" in the land of Makakupaia Makai;
12. Thence 10,600 feet, more or less, in a Southeasterly direction across the lands of Makakupaia and Kawela, along the forest fence;
13. Thence 4000 feet, more or less, across the land of Kawela along the forest fence to a point on the boundary of Kawela and Mokoleia, said point being 4400 feet, more or less, Southwest of Government Survey Trig. Station "Puu Kolekole";
14. Thence 2800 feet, more or less, in a Southeasterly direction across the land of Mokoleia to the head of the land of Kapuaokoolau;
15. Thence 8500 feet, more or less, in an Easterly direction across the land of Kamalo to a point on the ridge on the Eastern boundary of Kamalo, said point being 2000 feet South of Government Survey Trig. Station "Kapaha";
16. Thence 9100 feet, more or less, in a general Southwesterly direction across the lands of Kapuaiei, Kumu-eii, Wawaia, Puaahala, Kaunola and Keawanui to a point 1000 feet South of Government Survey Trig. Station "Ohianui" on the last named land;
17. Thence 9300 feet, more or less, in a general Northeasterly direction across the lands of Keawanui, West Ohia, East Ohia, Manawai, Kahananu, Ualapue and Kaluaaha to a point 500 feet more or less, South of Government Survey Trig. Station "Kaluaaha" on the last named land;
18. Thence 5600 feet, more or less, in a general Northeasterly direction across the lands of Kaluaaha, Mapulehu, and the Ili of Punaala to Government Survey Trig. Station "Pukoo" on the West boundary of Pukoo;
19. Thence 3000 feet, more or less, in a general Northeasterly direction across the lands of Pukoo, Grant 1135 Apana 3, Kupeke and Ahaino 1 to Government Survey Trig. Station "Ahaino" on the boundary between Ahaino 1 and 2;
20. Thence 8250 feet, more or less, in a general Northeasterly direction across the lands of Ahaino 2 and Honomuni to the head of the land of Kamanoni, thence continuing in the same direction across the lands of Kawaikapu, Kainalu, Puelelu, Puniuhua 2 and Puniuhua 1 to Government Survey Trig. Station "Waihua" on the West boundary of Waihua;
21. Thence 8100 feet, more or less, in a Northeasterly direction across the lands of Waihua, Moanui and Honouliwai to Government Survey Trig. Station "Moanui";
22. Thence 5200 feet, more or less, in a Northeasterly direction across the lands of Honouliwai, Honoulimaloo, Lapehu, Pohakupili and Moakea to a point on a small peak a short distance South by East of Government Survey Trig. Station "Halawa";
23. Thence 4050 feet, more or less, continuing on the same Northeasterly line across the lands of Moakea, Keopukanuku and Keopukaloa to a point on the edge of the pali of Halawa called Koholua;
24. Thence 5400 feet, more or less, in a Northwesterly direction across Halawa Valley to Government Survey Trig. Station "Kawaikapu";
25. Thence 3450 feet, more or less, in a Northerly direction to the Government Survey Trig. Station "Apuu";
26. Thence 650 feet, more or less, in the same direction to the sea coast;
27. Thence along the sea coast to the boundary between Halawa and Wailau;
28. Thence along the sea coast to the boundary between Wailau and Pelekunu;
29. Thence along the sea coast to the boundary between Pelekunu and Waikolu;
30. Thence along the sea coast to the boundary between Waikolu and Kalawao;
31. Thence along the boundary between Waikolu and Kalawao to the top of pali, being the intersection of the boundaries of Waikolu, Kahanui (Grant 3437) and Kalawao;
32. Thence along the top of pali between the boundaries of Kahanui (Grant 3539 to Meyer) and Kalawao to the Southwest corner of Kalawao;
33. Thence along the top of pali between the boundaries of Kalawao and Kahanui (Grant 3539 to Meyer) to a point between the boundaries of Kalawao and Makanalua called Alae;
34. Thence along the top of the pali between the boundaries of Kahanui (Grant 3539 to Meyer) and Makanalua to a point due East from the boundaries of Kalamaula and Kahanui on the Westerly boundary of Makanalua;
35. Thence due West across the Waihanu Valley to the Westerly boundary of Makamalua and the boundary point between Kalamaula and Kahanui;
36. Thence along the top of the pali between the boundaries of Makamalua and Kahanui to a point between the boundary of Makamalua and Kalauapapa called Iiilika;
37. Thence along the top of the pali along Kalauapapa to the point of beginning; Containing an area of 44,674 acres.

Excepting and reserving therefrom all the cultivated or agricultural land in the valleys of Halawa, Wailau, Pelekunu and Waikolu, and all lands in Waikolu and Makanalua that may be used or required for public purposes, and all flat land along the shore at the foot of the bluff; also, on the privately owned lands of Mapulehu, Kainalu and Puniuhua 1 and 2, such areas of grazing land as may lie between the forest line herein described and forest fences now existing or to be constructed by the owners of those lands.

AND, as provided by law, subject to the existing leases, I do hereby SET APART as parts of the Molokai Forest Reserve those portions of the Government lands known as Kalamaula (1621 acres), Kapaakea (220 acres), Kamiloa (490 acres), Kamiloa 2 (550 acres), Makakupaia mauka (490 acres), Puaahala (163 acres, East Ohia (220 acres) Kahanui (182 acres), Ualapue (194 acres), Pukoo (124 acres), Ahaino (96 acres), Honouliwai (378 acres, and Wailau (8540 acres) on the Island of Molokai, altogether an area of 13,268 acres, more or less, that lie within the metes and bounds of the above described Molokai Forest Reserve.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the Territory of Hawaii to be affixed.

DONE at the Capitol in Honolulu, this 11th day of September, A. D., 1912.  
W. F. FREAR,  
Governor of Hawaii,  
By the Governor,  
E. A. MOTT-SMITH,  
Secretary of Hawaii,

# Maui Players Are Amateurs

**Chinese Champions Want Valley Islanders to Play Ball Games For Money.**

Just how our ball players feel about going up against the great Chinese team is all explained in the following communications. It seems a pity that young Chinese athletes seem to imbued with the professional idea and it is to be hoped that the Maui boys will keep clear of any such proposition. The letters follow:

Mr. George Cummings,  
Wailuku, Maui.

Dear Sir:

So much has been said already concerning the special series of ball games between the All-Maui aggregation and the All-Chinese team of this city that I thought I ought to begin the formal negotiations.

I learned that quite a number of Maui players expect to be in Honolulu during Carnival Week, and that they looked upon the baseball proposition very favorably. I think that it is not a bad idea to pull off the series in Carnival Week, say, the best two out of three games; the first game to come off on Friday, Feb. 21, and the second on Sunday, the 23rd. Saturday, the 22nd, will not be a good day on account of the big parade. However, if a third game is necessary, we can have it on Monday, the 24th.

Some of your players, such as Foster Robinson, Dunn and the Baldwin brothers are now in the city and will be ready for action at any time. They participated in the recent game between the All-Schools and All-Chinese and showed up in great style.

I should like to offer one or two suggestions in regard to the terms, in order to save time. We will be ready under any of the following conditions: winners take 80% of the gross and losers 30, 75 and 25, or 70 and 30. You notice that I did not say anything about the expenses, etc., for you can settle that part among yourselves. The games will undoubtedly draw good crowds.

There is one thing that I would ask—that is, you must get up a good strong team, equally as strong as that of last year or even stronger, to include Louis Soares, your wonderful little catcher. I hope that you will give this matter your attention, as your name was suggested to me by Foster Robinson. You probably are aware of the fact that we have a great deal to attend to, for the boys are preparing to make another trip to the United States next month.

Captain Albert Akana and myself expect to hear from you very soon.

Very truly yours,

KIM TONG HO,  
Manager, All-Chinese B. B. Team.

Mr. A. Q. Marcallino,  
Honolulu.

Sir:

I enclosed herewith copy of letter written to the manager of the All-Chinese Baseball Team, which you will find self explanatory. They offer us an invitation on the basis of 80-20, 75-25 or 70%-30% of the gross receipts. We would prefer not to come down on any percentage basis; all we ask is that our legitimate expense be paid, and in this connection we would like to have you talk things with them, as, having handled the last excursion, you would be in position to give them details.

Kindly let me hear from you on this point, if convenient.

Very truly yours,

J. GARCIA,  
Secretary, Maui Athletic Ass'n.

Mr. Kim Tong Ho,  
Manager, All-Chinese B. B. Team,  
Honolulu.

Dear Sir:

Your favor of Feb. 6th, addressed to Mr. Geo. Cummings, and suggesting a few games between your

team and an All-Maui Team, has been referred to me for reply.

The percentage basis which you suggest in your letter does not meet with the approval of this Association. We would however suggest that you invite the All-Maui Team to Honolulu on similar lines as the last trip, i. e. you to pay the necessary transportation, hotel and meals while in the city. We do not want to make any money out of the series, and this Association caters to nothing but good, clean sport. We believe that a series of games between the All-Chinese team and an All-Maui team would be a drawing card, and have no doubt that the receipts from the games would be satisfactory to you. While our boys are not in excellent form just at present, we are getting some good practice, and hope that we may be able to give you a good game or two while in the city. Our boys have already started into practice in anticipation of meeting you.

We would like to make another suggestion, and that is, that one of the games be played on the afternoon of the 22nd. The parade will surely not last all day, and that being a holiday, we have no doubt that there would be a large crowd to see the game. The 21st, we believe would be a bad day, as there will be racing at Kapiolani Park, which will no doubt occupy the whole day. Racing events, as you are no doubt aware of, generally tend to occupy the whole day, and it is our opinion that the 21st would not prove as satisfactory as the 22nd. Even if the game is to be played at 3:30 or 4 o'clock in the afternoon, we believe this would be the better day to select.

Kindly let me hear from you at your earliest convenience, and if it is agreeable, we would suggest that you make the necessary arrangement with the Inter-Island Steamship Co. for the transportation of ten men from Wailuku to Honolulu and return. Or, if you prefer, you may arrange the matter through Mr. A. Q. Marcallino, to whom we are writing by this mail.

Very truly yours,

J. GARCIA,  
Secretary, Maui Athletic Ass'n.

## Merle Davis Visits Maui

Mr. John Merle Davis, for eight years General Secretary of the Nagasaki Y. M. C. A. was a visitor to Wailuku this week. Mr. Davis was in the same class—that of 1899—with Mrs. R. B. Dodge at Oberlin, and at Hartford Theological Seminary in the same class with Mr. Dodge. He came from Honolulu to Maui on the Mauna Loa Tuesday evening and remained until the Claudine Wednesday night, visiting at the Parsonage. In the few hours here he saw considerable of the Island. He has travelled widely in Japan and in Europe but said he had never seen anything to compare with Iao Valley in its unique character and wonderful beauty. The cane was most interesting to him also and he thought the combination of mountain and ocean views that Maui affords most remarkable.

Mr. Davis has been most successful in his work in Japan. He is the son of a famous missionary, Dr. Jerome Davis. He received his education in Oberline, Hartford Theological Seminary and in Europe, being a man of good scholarly attainments. He has built up the Y. M. C. A. work at Nagasaki in a remarkable way, and is now to be General Secretary of the Y. M. C. A. at Tokyo. This past eighteen months he has been visiting the States, and has succeeded in raising a handsome sum of money for the new building for the Y. M. C. A. in the capital of Japan.

## Sports.

The following notice looks very much like an Inter-Island Tennis Tournament. It is to be hoped that all the players of Maui get busy and try for the honors:

There is a possibility of three teams coming from Hawaii to play a like number of Maui teams sometime in the near future. The match will be played at Punnene on a Saturday and in order that Maui may be represented by the best teams possible, it is hoped that players, who are anxious to play in this match, will come forward and challenge any of the following teams that have signified their willingness to enter this elimination tournament:

1. Wm. Walsh and A. N. Other.
2. S. Richardson and F. P. Rosecrans.
3. H. E. Savage and J. MacLaren.
4. J. B. Thomson and Dr. F. E. Sawyer.
5. D. C. Lindsay and A. W. Collins.

Any team can challenge any of the two teams directly above them and if the challenging team wins, the winner takes the loser's place on the list.

Any team, not included in the above, can enter the tournament and challenge any of the two teams last on the list.

The first three teams on the list will represent Maui in the match.

That the Chinese aggregation of baseball players are keen after the dollar, is easily seen when the correspondence of the club's manager is read. The Chinese representative wanted to get everything in sight, on the percentage basis and then, when the Maui boys informed them that they would not play for anything in the shape of money, the Chinese came through with another offer. They said that they would pay the expenses of ten men to and from Maui, pay three days board in Honolulu, and that was all. In the event of rain, the Chinese said that they would only pay \$50 cash. That would leave to Maui boys out in the cold for over a hundred dollars. There was nothing doing on that basis, and Secretary Garcia has written to the Chinese to that effect. It is a pity that the Chinese wanted to "hog" everything. A game with the Maui team would draw a big crowd, for sure, and the Celestials would have to do some tall scoring in order to win.

The tennis tournament between the Hawaii and Maui players should be a fine one. The men selected to play off to see which team should represent Maui, are a good lot of tennis experts. There are other players, of course, and they have the privilege of challenging the selected men in order to prove that they are not the best possible to obtain.

It is about time that the tennis players of Wailuku got going on the proposition of getting some practise. There should be a live organization in this town. Tennis is a fine game, both for exercise, and for the social side of it.

IN THE CIRCUIT COURT OF THE SECOND CIRCUIT, TERRITORY OF HAWAII.

Notice of Drawing of Grand and Trial Jurors.

Notice is hereby given that the drawing of Grand and Trial Jurors to serve and act as such during the March, 1913, Term of the Circuit Court of the Second Circuit, Territory of Hawaii, will take place in the Court Room of said Court, at Wailuku, Island and County of Maui, Territory of Hawaii, on Tuesday, the 4th day of March, A. D. 1913, at 10 o'clock in the forenoon of said day.

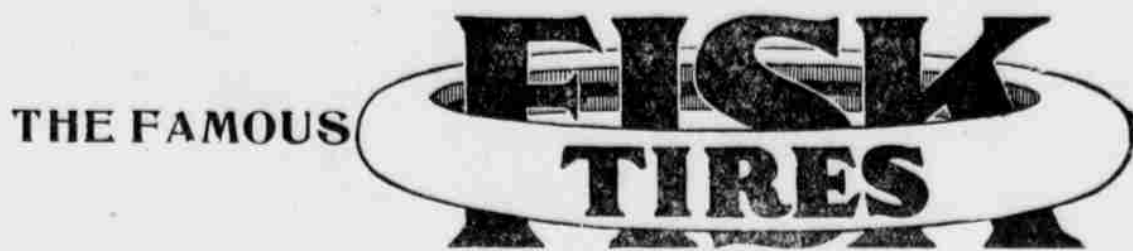

[Sd.] S. B. KINGSBURY,  
Judge of the Circuit of the Second Circuit, Territory of Hawaii.

## Another Jolt For Chinese

Mr. Kim Tong Ho, Manager All-Chinese B. B. Team, Honolulu.

Dear Sir:

Your letter of February 11th has been received, and the same has been discussed thoroughly by the Maui Athletic Association, also by the members of the Team to go to Honolulu. We regret very much that you have attached so many conditions to our trip, more particularly the proviso that in case it rained, you would pay us \$50.00 towards our expense. In discussing your letter, we feel that the trend of all your correspondence points merely to the question of making money for the "All-Chinese Team." While our Association would have been pleased to assist you in realizing a nice sum towards your trip to the

Mainland, we of course cannot take the money-making part of it into consideration. We believe the least you could have done was to invite us to come to Honolulu to play one-two or three games, as best suited you, and pay merely the legitimate transportation and other expenses. When you begin to provide against rain, something over which we can have absolutely no control, we feel that you desire to evade the invitation, and under the circumstances, we do not think it fair to our boys to accept your proposition. Furthermore when you mention that in case it rained you would pay us only \$50.00, there would always be the question as to just what showers constitute a rain, or at what periods. In other words there would be plenty of room for questions to rise, and rather than have any argument over the matter, we have declined your invitation, although we must say with much disappointment, as we had counted on coming down, and had already had good practice.

You will remember that when the Chinese Team was invited to Maui there was never any question as to weather conditions or other contingencies. The Chinese were treated liberally when they were here, just the same as all of the teams that have come to Maui during the past ten years.

Just to show you that the Maui spirit is entirely different from that shown by you, we will now extend you an invitation to come to Maui anytime before you leave for the Mainland. All we ask you to do is to notify us well in advance as to the most convenient time. We would like a Saturday game and a Sunday game here. Now, as to expenses, we will gladly pay your transportation, and other legitimate expenses. Furthermore, we will pay these expenses irrespective of weather conditions. If it rains, hails or snows, or if we are unfortunate enough to be visited with a fierce Kona, you can feel assured that your legitimate expense will be reimbursed by us.

Aside from this fact, we believe we can realize enough from the games to make up your expense, even though we have no holiday attraction or an overabundance of tourists and visitors.

I would like to hear from you again at first opportunity, and in the meantime remain,

Very truly yours,  
J. GARCIA,  
Secretary Maui Athletic Ass'n.

## Wilder Sees Dust Storm

"I've lived on Maui and know most of the island like a book," declared G. P. Wilder, a MATRI News representative, "but I never remember seeing the Kula district looking so dry and forlorn, as it does now. The crops are in a fearful condition, and it is only in the gulches that one can see anything at all growing."

"The pipe line was the salvation of the Kula people, as regards water for domestic purposes, but there is still needed water for irrigation."

Mr. Wilder went on to say that in 1884, when he was living on Maui, there was always a good crop of something or other growing in the Kula district, but that there is nothing much now.

"I know that the cause of the small rainfall is the way in which trees have, in the past, been destroyed. The only hope for the future, lies in the planting of trees that will, when mature, attract the rain bearing clouds. Mr. Giffard is right in his fight for forest reserves, and the planting of trees," concluded the well known Honolulu man.

Mr. Wilder, while at Ulupalakua Ranch, had an experience that made him think of the "desert route" in the United States. Dust was everywhere, and such a dust. Fine as powder, and the kind that chokes one.

It all came about when the "Kona" of last week came howling across Maui. The wind picked up the sun-baked dust and drove it into houses and everything else. There was no stopping the awful stuff and, even with the doors and windows closed, the dust found its way in clouds. Wet bags and cloths were placed along the sills of the windows, and in the cracks at the bottoms of the doors. That was no use, as the dust found its way in through the smallest cracks. The house party heaved a sigh of relief when the "Kona" blew itself out, and then began the job of getting rid of the dust which, in some places, was fifteen inches deep.

Work on the addition to the Wailuku bank is progressing fast, and the place should be ready for use in a short time from now.

W. F. Pogue and E. Brune paid a visit to Hana this week. Mr. Pogue went over to inspect the new school building and to take it over formally.

There is a lot of tennis being played at Kahului now-a-days and the Walsh Brothers, "Jack" and "Ed." have had some battles royal on the courts.

Work on the new store of the Maui Dry Goods store is progressing rapidly. The frame work is nearly all up and the concrete is keeping pace with it.

A large haul of fish was made last Monday by some Japanese fishermen. The fish were very large ones, and they brought a good price at the market.

Senator-Elect James L. Coke was a Wailuku visitor during the week. He came up to appear in several cases that he had in the District and Circuit courts.

The Woman's Guild of the Church of the Good Shepherd will hold a special Sewing Meeting at the Rectory Wailuku on Tuesday, February 18, at 2:30 p. m.

The heavy thunder storm on Monday night seems to have traveled all over West Maui. The rain did a lot of good and the air was cleared by the downpour.

Supervisor Meyer, of Molokai, was unable to attend the meeting of the board this month. The supervisor is ill in Honolulu and could not make the trip.

The Peoples store has opened a dressmaking department and two experienced dressmakers—Mrs. Machado and Mrs. Hurst—are in charge of the new branch.

John Abren, who was injured in the runaway on Main street is recovering as well as can be expected. It is reported that his right leg was badly hurt through the accident.

The Kahului Tennis Club members will go up against the Puunene players tomorrow, on the Kahului court. Lunch will be provided and a good time is anticipated by everyone.

The Rev. Bowditch and the Rev. Dodge made the trip through Haleakala crater and down to Hana this week. They report a glorious sight from the mountain and a fine trip altogether.

D. H. Case, County Attorney, celebrated a birthday last Monday. The genial lawyer admits to being thirty-one years of age. Some of the presents and cards that were given him were very appropriate.

W. F. Pogue stated to the members of the Maui Chamber of Commerce, on Thursday last, that he thought the poll tax should be done away with and that a special tax for schools should be \$3.00, to be spent within the county for buildings, etc. Pogue does not mean that each county should run its own schools, as far as the educational features go, but he thought that Maui should not be taxed to keep up school buildings on the other islands.

## Fine Musical This Afternoon

This afternoon at two-thirty o'clock there will be a musical at the Alexander House, and a fine program is to be rendered. The affair is to be in charge of Mrs. L. F. Jones and Miss Hoffman, and the program is one that will appeal to all lovers of Charles Gounod's well known works.

There will be a talk about the famous French composer and two of his best known works—"Faust" and "Romeo and Juliet." Selections from both works will be rendered, and there should be a treat in store for those present.

The musical promises to be something unique for Wailuku and all the ladies of the district are invited to attend.

## Kemps Will Visit Maui

As soon as the Honolulu Carnival week is over, Maui will be paid a visit by Mr. and Mrs. Kemp, the noted travelers and moving picture experts. The Kemps are going to take pictures of a party ascending Haleakala and of other interesting scenes on Maui.

The first party to come to Maui under the new schedule of excursions promoted by the Maui Hotel Company, will include the Kemps. All arrangements are being made for a party to ascend Haleakala and a number of local people will make the trip.

Maui is going to have the biggest boost it ever had, and the Kemps will show the "movies" of this island all over the world.

**FOR SALE.**

## Locals

W. T. Robinson's house on High street has been pulled down altogether, and a new structure will be erected.

George McIntyre, the well known baseball player of Honolulu, is in town on a business visit.

The Larline arrived at Kahului yesterday morning. She brought a big cargo of general merchandise.

Camp One hospital has been removed to Puunene where the fine new building is ready to accommodate patients.

W. H. Field returned from Honolulu full of the great things that are to happen there during the Carnival week.

"Pop" Henning, the ever smiling, is in town. He came over to attend the regular meeting of the supervisors.

W. H. Hawkins, an old newspaperman of New York, is in town on a visit to his son-in-law, J. M. Cunningham.

The Maui Vulcanizing Works has been incorporated with a capital of \$5,000. The par value of the shares is \$20 each.

The Maui Hotel has been crowded lately, and mtae host Field expects to have to enter for large crowds all the time in future.

Work on the addition to the Wailuku bank is progressing fast, and the place should be ready for use in a short time from now.

W. F. Pogue and E. Brune paid a visit to Hana this week. Mr. Pogue went over to inspect the new school building and to take it over formally.

**On Dit**

DAN CAREY—We are going to have a great time on the Glorious Fourth and the visitors will, once more, go away declaring that Maui is the best ever.

CHARLIE HALL—Good old Maui. Things look good, and I have done fine business. Wailuku looks larger and the bustle is something like that of a much larger town.

GEORGE H. PARIS—It is some time since I visited Maui last, and I can see at a glance the improvements on every side. Have you a gasoline engine, or do you want to buy one?

ICHI GUCHI—Me no sabe. Some man he pay no license. All same he keep boarding house. Sell booze and all time have good time. Me pay too much dollar all time. More better other man see license man. Me by and by too much hoo hoo. I think so, I don't know.

VERE DE VERE—I think that a Blue-very blue-Book of Wailuku should be published by some enterprising man.

GEORGE O'NEILL—Things look good in Wailuku and it is fine to get into such a beautiful climate.

ST. C. SAYERS—Wailuku is surely going ahead. Draft beer will be on tap tonight. That is a sign of progress.
