## The Hawaiian Flurry.

We do not place any confidence in  
the stories aloft that the Provisional  
Government of the Hawaiian  
Islands is looking towards Japan or  
England for a union like that which  
is sought with the United States.  
The Provisional Government is com-  
posed of sensible men, for the most  
part Americans, who are fully aware  
that such a great and grave concern  
as the annexation of the islands is  
not to be effected in a moment, or  
without careful inquiry.

There is no reproach to the Ad-  
ministration of President Harrison  
that the present Administration has  
sent out a Commission to confer  
with the people of Hawaii. Presi-  
dent Harrison met the need of his  
time, and that was in accordance  
with the generally expressed desir-  
e of the people of the United  
States. Since, however, no war-  
like revolution has taken place,  
and peace has not been broken in  
the islands, President Cleve-  
land has wisely determined that  
there is time in plenty to confer with  
the heads of the Provisional Govern-  
ment of Hawaii, and to counsel  
slowly and with the gravity such a  
great movement demands. Nor was  
there any humiliation in the with-  
drawal of the protectorate. Commis-  
sioner Blount preceded the act  
by the distinct inquiry of the Provi-  
sional Government, "Are you able  
to stand alone while negotiations  
progress?" The response was em-  
phatically

WEDNESDAY, MAY 17, 1893.

Nicaragua has again indulged in the luxury of a P. G.—"again," because Hawaii has not set the fashion of governments in these latitudes.

A complete summary of foreign news from the time of last previous mail to the latest date by to-day's steamer will be found in this issue. There are many items of great interest in the budget.

There is a direct conflict between Emperor William and the German Parliament on the military bill. Parliament has rejected the measure, thus strongly expressing the people's tiredness of military burdens. The Germans seem to have decided they will rather take the risk of being crushed laterally by jealous Powers than accept the certainty of having the life squeezed out of them by the weight of military taxation.

To-day's news contained nothing more important to the people of Hawaii than the information that Hon. J. H. Blount, the Special Commissioner of President Cleveland, had been appointed United States Minister in place of Hon. J. L. Stevens. From the intercourse that a great many of the people have had with Mr. Blount, they will regard his appointment as Minister in the present crisis as one of the most friendly acts that the United States could perform toward the Hawaiian nation. It is an appointment full of the promise of justice to Hawaiians.

OVATION TO MRS. BLOUNT.

Great Demonstrations by Hawaiians at Hilo and Laupahoehoe.

The ladies of the Hawaiian Women's Patriotic League at Hilo, last Monday, at 11 a. m., awaited upon Mrs. James H. Blount. The ladies who went as a committee were Mrs. J. T. Baker, Mrs. M. E. H. Brown, Mrs. K. Pilipo, Mrs. M. Kaniailoa, Mrs. L. H. West, Mrs. A. Akamu, and Mrs. A. I., accompanying them were, ex-Governor J. T. Baker, and Mr. Henry West. Presents of Hawaiian robes and curios, and rare leis of red feathers from the nani and golden from the o-o birds, were offered to Mrs. Blount, who expressed in most gracious terms her appreciation of the gifts and the attentions paid her by the Hawaiian people at Hilo.

A double canoe, decorated with evergreens, with five seats for the guests, and propelled by stalwart rowers, was placed at the disposal of Mrs. Blount, upon which she and her friends were taken to see the sports gotten up for the occasion at Piikea. From the high bluffs of Piikea, Keawamahi, decorated with evergreens, twice performed the difficult and daring feat of jumping off the bluffs into the ocean, at a great height, doing the act so gracefully that it elicited applause from the guests and spectators. Shooting the falls or rapids and riding on the surf closed the aquatic sports. The surf riding, both with the surf board and with the canoe, though dangerous to novices and only capable of being performed safely by experts, was a fitting close to some of our old Hawaiian sports, which are rarely seen now-a-days and only given for the benefit of distinguished persons. On taking her departure from Hilo Mrs. Blount was taken in the double canoe and landed on board the steamer, amid cheers and the sincere alohas of the poor confiding Hawaiians.

On the arrival of the Kinou at Laupahoehoe, a large bonfire was blazing on the beach, and torch-bearers moved back and forth, making a brilliant scene, Roman candles adding to the display. There was another demonstration at Mahukona. The water was too rough for Mrs. Blount to go ashore at either place, but leis and flowers in profusion were sent off to her. At Lahaina another deputation of Hawaiians came aboard, bringing offerings of fruit, flowers, leis, etc., to the esteemed lady. In short, along the whole route the greatest interest was shown by the natives toward Mrs. Blount.

Fake Reporting.

EDITOR BULLETIN:—Please allow me space in your paper to state that the article appearing in the last two issues of the Advertiser concerning the "Barbers on Wheels," do not contain the facts, but are an attempt on the part of certain parties (assisted by the "Tiser's funny (?) man) to secure some cheap advertising.

D. PORTER JOHNSON.

While Mr. T. J. Richey, of Altona, Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

The Pope lately received 3,000 Catholic workmen from France. He urged them to be loyal to the republic and to labor zealously for the prosperity and solidity of its institutions.

The Special Commissioner Receives His Appointment by Telegraph.

Minister Stevens Recalled and His Successor Takes the Oath of Office.

News of the appointment of Hon. James H. Blount, who came here as Special Commissioner of President Cleveland, to be United States Minister, having come in the latest date of San Francisco papers, a BULLETIN representative called upon Mr. Blount at Snow Cottage this afternoon, to ascertain if he had received official notice of his appointment to the high position. Mr. Blount in response dictated the following information:

The United States Despatch Agent at San Francisco sends the following telegram:

"To James H. Blount, American Commissioner, Honolulu.

"Your report of April 26 received. The views therein expressed and the steps taken by you have the President's approval.

"The President having determined to recall Mr. Stevens, despatches forwarded to him to-day directing him to turn over the Legation to you forthwith.

"You are hereby appointed Envoy Extraordinary and Minister Plenipotentiary to the Hawaiian Islands. Your commission bears date of May 9th. You may take oath before Consul-General, and thereupon announce your appointment.

"While your acceptance permanently would greatly gratify the President, your wishes will control."

Minister Blount stated that he had taken the oath as directed. Beyond that he had at present no further information to communicate.

AN UNWITTING PRISONER.

Locked Up in a Lawyer's Office After Business Hours.

About 5:30 o'clock yesterday afternoon Duke, the man who attends the telephone at the backstand at Bethel and King streets, noticed a man walking about upstairs in the law offices on the opposite corner. He finally saw him come down and try the front door, which was locked. Finding he could not open it, the man went upstairs again and appeared at J. L. Kaulukou's window. He sang out to the hack drivers below that he was locked up, and to go and help him get out. When it was known that he was locked up, the heartless Jehus began to laugh and make fun of the man. Subsequently he was told to come down on the telephone pole. The man was about sixty years of age, and after much difficulty he accomplished the feat, and once more stood on the street.

In answer to questions he said he had gone to Kaulukou's office to write some letters and forgot the time. When he finished he glanced around to find that everybody had deserted him, and examining the door he found it locked. Kaulukou's clerk returned to the offices after 6 o'clock, presumably to release the prisoner.

THE NATIONAL BAND.

Encouraging Report From Their Advance Agent.

Wm. Aylett, leading cornetist of the Hawaiian National Band, received a letter from Edw. Hopkins, advance agent of the National Band, by the S. S. Australia to-day, saying that the prospects of a very successful tour of the States were good, everybody being anxious to hear the famous band. Mr. Hopkins expected to return on this steamer, but was unavoidably detained, owing to not having transacted his business in time. He expected, however, to be able to return on the S. S. Monowai, when arrangements will be made for the band to go on the next return steamer. Aylett has called a meeting of his fellow musicians tomorrow morning.

A gentleman in town has received very encouraging advices from the States, to the effect that should the Hawaiian Band decide to tour the States, it would be a great success and all their concerts would be witnessed by crowded houses.

Terrific Speed Attained by a New York Central Train.

Buffalo, May 9.—The New York Central Railroad's Empire State Express broke all railroading records this afternoon in a run from Rochester to Buffalo, attaining a speed of 102 1/2 miles an hour. The train was drawn by the new Columbian engine, No. 999, which will be sent to the World's Fair. Miles were made in 42 to 50 seconds right along until Corfu was reached. The distance from Corfu to Crittenden, four miles, was made in 34 minutes, and the two miles between Wende and Looneyville was rolled off in 1 minute and 30 seconds. The track from Looneyville to Forks station is as solid as a rock and well adapted to record-breaking. The distance is nine miles and it was run in 6 minutes 58 seconds. Just before the Forks was reached a mile was made in 25 seconds, timed by a stop watch. The sixty-nine miles from Rochester to Buffalo was made in 65 minutes.

THE HAWAIIAN QUESTION.

MR. BLOUNT MINISTER TO HAWAII.

Officials of the State Department confirm the predictions heretofore made that ex-Representative Blount would be appointed Minister Resident to Hawaii.

SAID TO BE AGAINST ANNEXATION.

The Call's special telegram says that, to a person who has watched the course of events since Cleveland came into power, the appointment caused little surprise. "It has been growing clearer, day by day, that the Democratic administration was not inclined to look with favor upon the annexation of the island kingdom. It has also been growing clearer that only a pretext was wanted to undo what had been done by President Harrison and Secretary of State Foster before the change of parties in power at Washington was made. Now it seems that the President is prepared to repudiate annexation and to repeal the advances of the Provisional Government at Hawaii, without even a pretext. It was a thing almost unheard of when the President withdrew the treaty of annexation negotiated by Foster and the Hawaiian Annexation Commissioners after that document had been sent to the Senate and before it had been considered by that body. It was an ungraceful thing, smacking of discourtesy to the Senate itself.

The correspondent goes on to demonstrate that the appointment of Mr. Blount as Commissioner, and his actions in Hawaii, had no legal standing, adding, "Of course Blount has been inspired from here all through, and equally, of course, he went down to Hawaii as a judge whose decision was written before he had heard any testimony."

STIPPED MR. STEVENS WILL BE SUMMARILY DISPLACED.

It is further anticipated by the Call correspondent that Mr. Stevens will not be allowed, as had been expected, to retain his position until the 24th inst., when he sails for San Francisco. "While it is not known that Stevens has been instructed forthwith to turn over the legation to Commissioner Blount, who has been appointed his successor, there is reason to believe that he will not be allowed to remain in charge until the 24th inst. because of his activity in behalf of annexation."

BOWEN AND SEWALL REPUDIATED.

"It is further stated at the department that Bowen and Sewall, who went to Honolulu shortly after Commissioner Blount's arrival, have been active in their efforts to stimulate a sentiment on the islands in favor of annexation and there is reason to believe that they sought to create the impression that in so doing they were representing the President. Secretary Gresham has informed Blount that the President repudiates everything said and done by these gentlemen.

"It will be remembered that Sewall was an applicant for the position of Third Associate Secretary of State under the present administration, but failed to secure the appointment."

Claims of Both Combatants for the Honors.

Mr. Marsden claims he was not pumelled by Mr. Willing, neither did he use an umbrella on his antagonist, as another paper reported. The nurseryman made a reach at his face, when he let out and knocked him down. When Willing got up, the Commissioner says, he threatened the latter with an axe, but all he was able to do was to scratch the Commissioner's face with his nails, which was the sole cause of the marks on his face as he shows. Willing, on the other hand, says that after the first blow, "Marsden was not in it."

The keeper of the nursery has received a letter of dismissal from Commissioner Marsden, and intends to appeal against the order. He claims consideration, especially, from his having carried a gun in 1887, 1889 and 1893.

The promptness and certainty of its cures have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping coughs, and is the most effectual remedy known for these diseases. Mr. C. B. I warrant every bottle and have never heard of one failing to give entire satisfaction." 50 cent bottles for sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

"August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used Relieved in your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never without a bottle, and if I feel constipated the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system.

Constipation While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken Life of Misery with judgment. A. M. Weed, 229 Bellefontaine St., Indianapolis, Ind."

BIG OPIUM SEIZURE.

Port Surveyor Sanders Captures Two Boxes of Apples Containing Dope.

Port Surveyor Sanders made a seizure of opium on the Oceanic dock at 2:15 o'clock this afternoon. Two boxes supposed to contain apples were landed from S. S. Australia to-day, and one of the boxes was somewhat broken. Mr. Sanders and his assistants in looking over the merchandise saw some tins of opium lying snugly in the box. The exact amount could not be ascertained at a late hour this afternoon, but the two boxes are supposed to contain between seventy-five and a hundred tins of dope.

The opium was turned over to the Collector of Customs and the Customs officers have begun a systematic search for more dope.

The boxes captured according to Mr. Sanders, who was very reticent regarding the matter, "bore the usual Chinese marks and were in common tins."

BEIJING SEA TRIBUNAL. E. B. Couderc, of counsel for the United States, concluded his arguments before the Behring Sea Tribunal of arbitration yesterday. He contended that the modus vivendi was a temporary abdication of American rights which the United States

confidently left to the tribunal of arbitration to uphold. In dealing with the question of damages advanced by Great Britain, Couderc said that the British claims with respect to the prospective catch were untenable. When Mr. Couderc finished his speech Baron de Courcelles, president of the tribunal, said to him: "We thank you for the great ability, liveliness and humor with which you have carried us over what would otherwise have been rather a dreary field of questions of fact."

BRITISH PARLIAMENT. G. C. T. Bartley, Conservative, moved an amendment to the home-revenue bill, to make the first clause read, "On and after the appointed day there shall be in Ireland a Legislature subordinate to Parliament."

Gladstone thereupon denounced the amendment as implying distrust of the Irish Legislature on the part of Parliament. After considerable debate the amendment was rejected by a vote of 292 to 257.

Edmund Yates in his cable gossip says: Something very like a split has occurred between Gladstone and his youthful Home Secretary. Asquith made a serious faux pas in trying to rush the employers' liability bill, and not only did the Premier inflict on his self-assertive lieutenant an almost unparalleled snub, publicly unsaying what he had said, but gave him warm talking to in private, and Asquith is not of the mood to take his scoldings lying down. When Gladstone leaped forward on Friday to add his characteristic qualification to the positive assertion of the mouthpiece of the Government the Home Secretary hardly took the trouble to conceal his resentment.

STRONG WORDS FROM WILLIAM. The army bill was rejected in the Reichstag by a vote of 210 against the bill to 182 in favor of it. A script signed by the Emperor, dissolving the Reichstag, was immediately promulgated.

After a review of the troops on the Temple Hofferfeld, Emperor William commanded the highest officers of the guards to gather around him and addressed them, saying: "Trusting to the patriotism of the Reichstag, I hoped for the unconditional acceptance of the army bill. The result has caused me deep disappointment and sorrow. During the last few days passionate words, which might better have remained unsaid among gentlemen, have been spoken. I was obliged to dissolve the Reichstag in the hope that a new Reichstag would pass the bill. I am disappointed, in case this hope be also disappointed, to stake all in my power to obtain the enactment of the measure, for I am too thoroughly convinced of its necessity as a guarantee of the peace of Europe to allow it to be finally defeated."

"We are hearing much about the excitement of the masses just now. I do not think the German people will allow themselves to be excited by irresponsible meddlers. On the contrary I know I am in sympathy with the princes of the Federal States, the people and the army. I thank you, gentlemen, for your loyal and warm desire to express to me your views concerning the bill, as I did when it was introduced."

The officers maintained absolute silence throughout the speech, though evidently in deep sympathy with the Kaiser.

The tendency of the public is toward the conviction that the Emperor is pointing straight for the goal of the Prussian Reactionaries, and that he will not shun a conflict with constitutionalism. The correspondent of the Associated Press was assured officially this evening, however, that the Emperor did not wish his speech to be a menace to the Reichstag or a challenge to conflict.

The speech is causing the greatest excitement among the people, and there is a profound and widespread impression that the Emperor would not hesitate to risk a conflict with the Reichstag should it prove hostile to the bill.

The speech appears in the North German Universal Gazette in double prominence. Those who heard the Emperor say he spoke with unusual emphasis, pausing at every word in order to convey the sense of his determination to abide by his declarations.

Leading men in German politics who heard the Emperor's speech now consider that he has embarked on a policy of Prussian high Toryism, and that the chances of a Freisinnige party to bring about a moderate liberal era have vanished.

The Bark Leahi.

The Hawaiian bark Leahi arrived at San Francisco on May 9, twenty days from Kahului, with a cargo of sugar for J. D. Sprockels Bros. & Co. On May 8, when 100 miles west of Point Reyes, a tremendous sea broke on board the vessel, which not only swept the decks fore and aft, but also washed two of the boats out of the davits. The crew saw the big wave in time to climb into the rigging and save themselves.

The most painful cases of rheumatism may be relieved by a few applications of Chamberlain's Pain Balm; its continued use will cure any case, no matter of how long standing. It is equally beneficial for lame back, pain in the side, pain in the chest, lameness, and in all painful affections requiring an external remedy. A piece of flannel saturated with Pain Balm and bound on over the seat of pain is superior to any plaster. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

Our Optical Department still goes along in the even tenor of its way despite all opposition. Every day we fit somebody either with a pair of Eyeglasses for 25c., and once in a while we get as high as \$2.00. We can't go higher because that is the best pair of crystals you can buy and why pay more? The reason is that we do not need any special two weeks' study of the question because our instrument, the EYEMETER, is so simple that its test is absolute. Doesn't matter if your eyes are myopic, astigmatic or any other ailment, that instrument gets there every time.

School Closing Exercises—Entertainment of Visitors.

Closing exercises of Hilo Boarding School were held at that worthy institution on the 12th inst., in presence of a large number of ladies and gentlemen. A fine program printed at this school was handed around. It was very nicely gotten up, showing much taste. The attendance this year has been larger than it has been for several years, and it is hoped that the number will continue to increase. Mrs. Terry, as principal, seems to be just the right one in the right place. Mr. Terry looks out for the mechanical department and the work of the scholars in the field. By his good management he has saved many dollars for the institution.

The program was selected with great care and good taste by Mrs. Terry, and each selection was well rendered and encored, as the audience seemed very appreciative. At the close there were diplomas given out, presented by Judge E. S. Lyman to the graduating class, very intelligent-looking young men. Previous to the presentation Judge Lyman addressed the graduates in very complimentary terms. They were also addressed by Mr. Terry in very complimentary and pleasing terms. After the exercises the band played several selections—beautifully, more excellent than most of the audience expected, and we felt proud of them. A Hawaiian teacher, formerly a scholar of that school, is the leader and is a fine cornet player. He also plays on several other instruments finely. The leader deserves special mention on account of his marked success as director of this band—truly wonderful his success, in accomplishing so much with a lot of small boys, some of the instruments almost as big as the boys; yet they somehow make each instrument talk. Truly the Hawaiian youths have great advantages, which it is hoped they fully appreciate, and that they will be of lasting benefit to them. Several articles of the scholars' handiwork were shown—beautiful work. The following is the program:

To please our visitors some of the natives jumped from the bank of Wailuku River about 75 or 100 feet into the water. It is some time since they have attempted this feat. The last time was when Sir Thomas Hesketh was here in his yacht, the Lancashire Witch. Various other native performances were given, and stove pipe hats were worn.

The natives gave Mrs. Blount a grand send-off. Had a double canoe with an arbor covered with evergreens between the canoes for her to sit in. They treated her the same as though she were a queen. A large crowd was at the wharf to see her depart on the Kiua.

Arrived at Hilo, May 15, bark Annie Johnson, Captain Rock, 15 days from San Francisco. Freight: 3 horses, 3 mules, 3 cows, 500 tons of merchandise.

A rural scribe of Hilo flies the American flag at his mansion and glories in it. His is the only house where a flag is displayed as yet. But almost every white foreigner wears an annexation badge with silver star for the State of Hawaii.

Hilo, May 15, 1893. J. A. M.

Wanted! Wanted! Some smart aleck to try and stop my passport, as I am about to leave the Island for some other seaport town. Also one good collector to collect some bills. He must be honest, upright and sober; only those who can furnish first-class reference to the above facts need apply. All cash security must be furnished. Please call on or address Hon. A. L. Johnson, the American Shirt Maker, corner King and Alakea streets, Honolulu, between the hours of 8 a. m. and 12 p. m., where you will always find him making all kinds of shirts to order with all the latest improvements and only for honest people who pay their honest cash, and not any bluffs. All persons having bad bills to collect give them to me and I will see to collect them. My board bill is now paid at Pahala. And now look out for some fun all those who are interested in my welfare.

"JOHNSON," The American, The Annexation, The Provisional, The only good Shirt Maker in the World.

The Reichstag has passed by a large majority the bill providing for the more careful preservation of military secrets.

The business of colonizing Africa with white people goes on apace. An expedition left England recently for Mozambique as advance party of settlers who are to colonize some 300 square miles of territory between the river Zambesi and Sabi.
