William (Bill) Larsen, who, for the past several weeks has been representing Cation, Neill and Company on Maui in connection with removal of old machinery from some of the plantations for replacement with new, returned to Honolulu Wednesday night.

Full Registration Figures Prepared For Each Precinct

Figures of the total registration for the primaries by precincts have been completed by the county clerks and show more than half as many women as men registered, as displayed in the following table:

Precinct Nos.	Women	Men	Totals
1. Lanai	14	32	46
2. Honolulu	46	51	97
3. Lahaina	141	280	421
4. Olowalu	16	33	49
5. Wailuku	212	417	629
6. Waihee	69	108	177
7. Puunene	81	309	381
8. Haiku	57	88	145
9. Uluhalakua	39	59	98
10. Keokea	31	68	99
11. Makawao	28	84	112
12. Paia	98	246	344
13. Huelo	20	45	65
14. Keanae	40	46	86
15. Nahiku	18	24	42
16. Hana	85	147	232
17. Kipahulu	30	48	78
18. Kaupo	39	65	104
19. Kaiawa	16	29	45
20. Pukou	55	86	141
21. Kaunakakai	41	67	108
22. Kaunapapa	149	218	367
	1317	2541	3858

County Clerk William Fred Kaese said yesterday he would have the ballots and all election supplies in the hands of the proper precinct election officials not later than Wednesday. He is seeing that they are properly distributed through his office.

Mrs. C. C. Conradt returned this week from the hospital at Lahaina where she has been or the past several weeks. Mrs. Conradt is reported as materially improved in health. With her returned her son August who had been with his mother in Lahaina since last week.

VACCINATION NOTICE

The schools of the Wailuku District will be visited by a Government Physician on the following dates for the purpose of vaccinating all unvaccinated pupils.

Sept. 27, 9 a. m.—Waihee.
 Sept. 28, 9 a. m.—Kahului.
 Sept. 30, 9 a. m.—Waikapu.
 Oct. 4, 9 a. m.—Wailuku Public.
 Oct. 5, 9 a. m.—Catholic Boys.
 Oct. 7, 9 a. m.—Catholic Girls.
 Oct. 11, 9 a. m.—Kahakuloa.

NOTICE

I, Mele Smythe of Honopou owner of R. P. 3242 L. C. A. 5595-B for Kepaa, calling the attention of Mrs. Annie Kahale and her husband deed dated August 14, A. D., 1920 to Annie Ushapiro, assert, that she and her husband have no right what so ever to sell the said Kuleana mer on above. (Sept. 24; Oct. 1, 8, 15.)

Pertinent Paragraphs

Former Resident Dies.—In Honolulu last Monday, James K. Waikaloa, born on Maui, 38 years ago, died.

Delegates Get Away.—Five delegates to the Civic Convention at Hilo got away Wednesday evening. C. D. Lufkin and Thomas B. Linton, at the last moment found it impossible to go.

Satchel is Found.—The satchel for which the police were reported to be looking last week, taken by mistake on the arrival of the Wilhelmina here, was recovered and delivered to its owner.

Apples For Fair.—Worth Aiken has brought down from Olinda some Maui grown apples for exhibition at the fair. They will have to be put into preservative but will be on view October 21.

Further Registration.—Books of registration will be reopened in the County Clerk's Office for the general election Monday, October 4 when those not registered for the primary will have another chance.

Stage Line To Kahului.—On October 1, a stage line between Wailuku will be opened and will operate daily. The stage will have seating capacity for 12 passengers. It is being finished at Dan T. Carey's establishment.

Must Resell Lots.—Owing to the fact that notices of sale were not posted on the property on Vineyard street sold to pay debts of the estate of late Joseph Wilson, it has been found necessary to readvertise and to resell.

New Court Stenographer.—Now on the mainland waiting transportation to Maui is Ben D. Mulligan, Judge Burr announces, who is coming to Wailuku as court stenographer. He has been stenographer in courts of records in the Philippines.

Ten Percent Increase.—Roughly estimated the increase in school attendance on Maui this year is about ten percent. Not all of the figures of enrollment have yet reached supervising principal H. M. Wells so he is not able to compile them for comparison purposes.

Dr. George S. Aiken is taking a two weeks vacation and started it by attending the Civic Convention at Hilo.

VACCINATION NOTICE

The following schools of Makawao District will be visited by the Government Physician on the following dates for the purpose of vaccinating all unvaccinated pupils.

Huelo and Peahi, October 1.
 Lahaina and Kaunakakai, October 4.
 Pauwela, October 5.
 Makawao, October 6 and 7.
 Paia, October 8 and 12.
 Hamakua, October 13, 14 and 15.
 Keahua, October 18 and 19.

Fire Menace In Wailuku Is Great

Since the opening of the new Kahului pipe line there is not enough flow in Wailuku for the greater part of the day to supply water for domestic purposes and for protection from fire it is utterly inadequate.

Property Owners Must Secure Their Protection

and the best protection is a policy of insurance covering full value of the building and its contents in some old line, strong, reliable insurance company such as those represented by the

Insurance Department of the Bank of Maui, Ltd., Phone 68 Wailuku.

THEATERS

"Old Wives For New"

The question of divorce, its justification and the various causes that contribute to disrupt domestic households, are treated in a most entertaining manner in Cecil B. DeMille's great Paramount Artercraft photoplay, "Old Wives for New." The picture is based on David Graham Phillips' celebrated novel of the same name which scored a literary triumph several years ago.

Mr. Phillips was one of the most skillful of modern writers and into the fabric of this story he wove the threads of human life and destiny with a sure, if somewhat callous, touch. "Old Wives for New" is a splendid example of Phillips at his best, and Jeanie Macpherson has constructed a fascinating picture from the material contained in the novel, it is said. Many notable players appear in the production, chief among these being Elliott Dexter, Theo. Roberts, Wanda Hawley, Florence Vidor, Sylvia Ashton, Julia Marshall and others.

Wallace Reid took to his bed and played sick to avoid appearing as a witness in a divorce case, and beautiful Bebe Daniels was his nurse. From the farce by Ethel Watts Mumford. The play was a big success in New York and elsewhere, and Clara G. Kennedy wrote the scenario. Wallace Reid is supported by an invincible cast, including Winifred Greenwood, Tully Marshall, C. H. Geldart and Lucien Littlefield. The story is full of surprises as well as mirth, and amusing situations pile upon each other rapidly.

Peggy Hyland

Peggy Hyland latest picture named "The Web of Chance," is a William Fox production and concerns itself principally with an impetuous heroine who is determined to run down a criminal her uncle's detective agency is seeking. There are complications naturally, when she discovers that the man she is shadowing is the man she loves, and from that point the story works up rapidly to the surprise ending, advance reports indicate.

Mae Marsh

In her new picture with the interesting title of "Spotlight Sadie," Mae Marsh is Sadie Sullivan, a timid newcomer in the chorus of a Broadway musical comedy with the avowed intention of marrying a millionaire and being happy ever afterward. She meets him and they love each other, but their happiness is of short duration because of the jealousy of another.

Sadie's sweetness and innocence are made capital of by the management of the show, with the result that she is heralded far and wide as "the saintly showgirl." Stories are told of her fondness for reading a prayer

book while waiting for her cue, and when the young fellow learns that this is true he is convinced of her high character.

In time he is made to know that it is part of the role Sadie unknowingly plays. When he sees her at a notorious cafe, where she has gone in response to a false message from a friend, his worst suspicions are realized. A powerful climax is worked up from this point.

"Lombardi, Ltd." Romance and the glamor of beautiful girls contribute an exotic setting to "Lombardi, Ltd." in which, as Tito Lombardi, an eccentric Italian gown designer, Bert Lytel has one of the most picturesque roles of his career. In his Fifth avenue dress-making establishment, where society women come for their silken creations, Lombardi dreams his dreams and makes his tender love to a girl who proves false to him.

Aesthetic and generous, his business slowly goes to ruin, almost, because of his faith in men and women. How his sweet and pretty little assistant, Norah, eventually comes to his rescue and awakens him to a realization of her loyalty and love is told in a fascinating comedy drama. On the stage "Lombardi, Ltd." was presented by Oliver Morosco for a season in New York and more than a year on tour.

It is a brilliant fashion show, an absorbing love story and a revelation in beautiful womanhood, whimsicalities and an occasional heart tug.—Adv.

PORTO RICAN'S FRIENDS RAISE DEFENSE FUNDS

Porto Rican friends of Cleoppe Ruiz, accused of murder for the slaying of Frank Rivers, have come to his rescue and have raised \$500 to retain the services of counsel to defend him. On Maui collections of \$100 were made at Wailuku, Waieho and Kaupakalua of \$100; Oahu supplied \$150 and on the Big Island Kohala, \$110, Hamakua \$60 and Pepeekeo \$30.50 was raised.

Ruiz friends have sent a communication to Maui News defending his previous reputation and attacking that of Rivers. It would indicate that justification will be the plea of the defense.

Three times and in.—For the third time in a month Albert Roberts, charged with highway robbery, has been captured by the Honolulu police. When last caught he was working at the Libby, McNeill cannery.

Teacher Will Meet.—At McKinley High School in Honolulu this afternoon the initial meeting of the teachers council, since the opening of the schools, will be held. Organization of the council was perfected near the close of last school year and as a result many of the teachers are not yet members.

BUILT AS WELL AS TIRES CAN BE BUILT

THE GOODYEAR CORD TIRE is tangible evidence of our belief in the triumph of manufactured goodness.

It is the very finest tire that we know how to build—much finer than we could have built five, three or even two years ago.

It is built thus finely in the simple conviction that the most people want that kind of a tire.

There is considerably less conscience or idealism in this policy than of what may be taken as sound business sense.

The GOODYEAR CORD TIRE travels smoothly and surely, and it lasts uncommonly long.

Among users it has aroused an expectancy of mileage easily double that of four years ago.

Its reputation and employment are steadily and swiftly growing as word of its advantages becomes more widely spread.

Today it is standard equipment on a pronounced majority of the finest motor cars built in this country.

The GOODYEAR CORD TIRE costs more money to buy than do tires of an earlier type.

Its additional cost represents additional material and labor that are actually embodied in the tire.

It is the experience of users that despite their somewhat higher purchase price GOODYEAR CORDS cost less in the end.

WAILUKU'S SORRY PLIGHT

It is a serious situation in which Wailuku finds itself placed as a result of the connecting up of the new six inch water main to Kahului with the 20 year old main of the same size that is expected to supply Wailuku. The old pipe carries, probably no more than a four inch stream and even if that stream were to pass through a three or four inch gauge it would not leave sufficient force back to meet the needs of the town.

To think that if there should be a fire it would be necessary to hunt up the superintendent of the water works and wait until he could go to the gauge and close down the flow to Kahului before an effective hose stream could be thrown on the blaze is not pleasant to contemplate, but that is the situation, he says. It is inconvenient and unpleasant enough not to have sufficient water for lavatory purposes, to be skimmed for water for domestic purposes, but to have insufficient for fire protection demands immediate action.

It is not clear where the remedy lies. There was money appropriated in the loan fund by the last legislature for enlargement and betterment of the water works but that money is not available until the bonds are sold. It may be necessary for Wailuku citizens to buy that amount of bonds to make the sum available.

The County Attorney says there appears to be no money available from the county funds for an enlarged main as the budget was made out long since.

In either event it would take months before the new 6 or 8 inch main to supply Wailuku can be installed, even if available funds can be found, but preparations to secure such a main should be started now.

The board of supervisors and its chairman and the other county officials are urged to take such action as may be in their power and it is suggested that citizens go in a body before the board of supervisors at its next meeting and demand some immediate action looking to future service and safety. Meantime the conditions in Wailuku are hardly bearable.

Wailuku does not begrudge Kahului an abundant flow of water. It has been too long without it but Wailuku is not in a rejoicing mood and wants something besides sympathy.

CAUSE OF UNREST

Last week there was exploded in New York at the intersections of Wall, Broad and Nassau streets, which is the heart of the financial world, a bomb and the report of the explosion echoed and re-echoed around the world. It is attributed to "radicals" of the I. W. W. and Bolshevik type. Not only has it shocked the world, it has brought it to its feet with a start and is making it think.

Fortunately Hawaii nei has been singularly free from the unrest of the rest of the world and in part that is due to its profit sharing plans, but it is not out of place for thinking men to seek the cause.

There is an inherent objection in any man to be made a "machine" his individuality if not his personality demands recognition and an outlet. He wants an interest in the work he is called upon to do. When he is interested in the job it becomes more a pleasure, otherwise it is drudgery and drudgery breeds rebellion.

Modern so called "efficiency" takes away initiative from the worker. Lost motion is the particular bete noir of the efficiency expert. A certain act must be performed at a certain time in a certain manner, over and over again, and is not to be performed otherwise. Machine-like regularity is sought. And labor unions have tended also to bring about the elimination of individuality in the worker.

Labor itself does not know just what it is that it wants, just what the trouble is. It has thought that it wants higher wages and shorter hours and it has secured them, but they have not allayed the feeling of dissatisfaction and unrest. What the worker really needs is an opportunity for self expression. When he is paid a bonus or otherwise shares profits of his employer, the work or business is no longer that of the employer alone, it is not his but "ours" and so profit sharing plans are beneficial in reaching a cure for unrest. The more interested in work one becomes the more contented and happier he is. Hard work never killed any man but drudgery has slain its thousand. The problem is to eliminate drudgery from work and in profit sharing and in welfare work, Hawaii is heading into the right path.

NEXT CROP PRICES

Sudden decline in the price of sugar came as a surprise to many, perhaps most persons who considered themselves experts on the sugar market, upset the forecasts of even such publications as Facts About Sugar. Now much anxious inquiry is heard as to probable prices next year.

The rise in price came from from abnormal conditions in addition to the acknowledged shortage. At the outset the refine were unable to go into the Cuban market and bid against Europe because of the uncertainty as to price regulations. Result, Europe got in as a purchaser at the outset. When the American buyers did get into the market the situation was not unlike half a dozen members of the same family, not recognizing one another, in different parts of an auction room, all trying to buy the same piece of furniture. They bid the price up against themselves. And Cuba sat back and took the bids.

Then arose another abnormal condition. The high price attracted sugar of inferior grades from unexpected quarters and early purchasers went without in order to sell at big profits. Then the market had to break.

Present conditions are that there will be a shortage of sugar supply for many years to come, five to ten anyway, for demand has increased and supply has decreased. It must catch up not to pre-war normals but to the normal of these later years. This insures prices higher than before the war.

But American buyers will not be caught again as they were this year. They will get in the Cuban market early and will not bid prices up on themselves in panic. This should tend to stabilize the market and no such soaring prices as those of last spring are to be expected. On the other hand, the world shortage would seem to indicate that raws will not fall below 10 cents and likely will range between 9 and 12 cents. Basic conditions in the world market are such as to warrant the assumption that growing demands will hold the price not far from present prices.

TERRITORIAL TRAFFIC LAW

In the proposal of the Maui Automobile Club that there should be a uniform traffic law all through the Territory of Hawaii, there is much to commend. At present when an automobile owner takes his car from one county to another he finds things rather chaotic. Rules of the road are different for one thing; his car has the license plate of another county; he has to secure a permit, after a reasonable time and there are inconvenience by the dozen to be met. There appears to be

The Optimistic Pessimist

Though the world is all askew, radicalism rampant in Europe and rearing its head in the United States and H. C. L. thriving it is noticeable that the average human-being is in any greater hurry to cast off this mortal coil.

Peter Wailuku is being robbed to pay Paul Kahului but the price of Fords has gone down to pre-war basis and soon we can all flivver down to Kahului to perform our matutinal ablutions.

Even if the old regime should get back into control of the electric lighting plant there is grown in Brazil the babasu nut which is 60 percent oil and will burn for an hour if a match be applied to it. That's nuts for us.

Even if we have no Babe Ruth in Hawaii we have the greatest pitcher in the good old Claudine.

Honolulu has two military coming in new regiments, is entertaining a great naval fleet and Hilo is being visited by a dreadnaught. However, Maui has the only fair in the Territory this year.

Too bad we cannot have the fleet anchored in the offing for the fair but it's consoling to know we can't get in a controversy with Admiral through the publication of articles in one of our papers which make him threaten to take his toys and go home, as has happened in Honolulu.

There may not be many places of amusement in Wailuku but it's a relief not to have to decide which theater to go to.

A news item says that Chinese are starving in the northern districts and wives are being sold by weight. Still a fellow does not have to eat his wife at that.

It sure is mighty hard for the chap that was accustomed to his morning's, morning halt a dozen or more during the day and a night cap at bed time in these days of prohibition but once in a while he can motor behind an alcohol fuel propelled vehicle and get a whiff that's reminiscent.

Even if a chap does have to forego a shower and a shave he does not have to carry a search light when he goes out these moonlight nights.

The only happy clock watcher is the fellow who takes furtive glances from time to time to see if he has time enough to get through with all he wants to do that day.

Man must earn his bread by the sweat of his brow and that saves the expense of taking Turkish baths.

The only really unhappy man is the one who does not try to relieve the unhappiness of others.

It is sad to look back on the happy days of childhood and know they are gone forever but think of all the mistakes one does not have to make all over again and besides the child hasn't so many happy days to look back upon as has the grown up.

no reason why there should not be a uniform law and many can be found why there should be.

Such a law could be made elastic enough so that Honolulu, which has its street cars and tracks and where the parking question is more complicated could take care of its own particular difficulties in such respects and so the reported objections of the Honolulu Automobile Club met. With Hawaii county backing Maui for the passage of a measure prospects of the bill which Senator Baldwin v seem bright.

Oh for a modern Aaron with his rod and cause water to gush forth from the faucets.

The wild who lives remote from a school today may be the neighbor of your child a few years hence. Will you give your child an inliterate neighbor? Transportation to school without charge is the preventive.

Wailuku is doing considerable "watchful waiting" these days and nights. It is waiting for something to turn up to settle the lighting problem, it is waiting for the utilities board to determine on the request of the Mutual Telephone Company to change its rates, and now it seems it must wait for an adequate water supply. A few doses of preparedness might have a salutary effect.

For many years hubby has been prone at home to "let the wife do it." Perhaps the slogan of "Let George do it" will be amended to read "Let the women do it" now that they can vote. It's a safe bet there will be something doing, too.

Less than four weeks and then the fair.

Now that the price of Fords has gone back to pre-war figures, clear the road. Even H. C. L. cannot stand the shock when it is run down by Lizzie.

The Civic Convention is in session in Hilo and the problems of the Islands are about to be solved.

What is worth doing for Maui is worth doing well.

It has been suggested that the superintendent of the water works should change hours for use of water for sprinkling of lawns and gardens so that water can be conserved for bathing and domestic purposes in the morning until eight o'clock and in the late afternoon, until after six o'clock. This might tend somewhat to better the bad conditions until a permanent remedy is found.

Much Building Work Goes On At Mill In Paia Between Grinds

Novel Arrangement of Fertilizer Warehouse Saves Labor

At the Paia mill of Maui Agricultural Company considerable improvement and expansion work is in progress in the interval between grinds, this includes installation of new machinery in some instances and new building construction.

One of the betterments which is underway is the substitution of a new callandra for tubes in a vacuum pan and this is perhaps the most important installation of sugar making machinery.

In new construction work an 80 foot extension is being built to the machine shop. This makes room for a boiler shop and equipment in preparation for building about 18,000 feet of pipes.

A new car shop, 42 by 100 feet is also in construction. Novelty of arrangement attaches to the new fertilizer warehouse that is being erected. In the mill yard there is a considerable amount of filled land, at the edge of which there is a drop of about 12 feet. There was selected the site for the 36 by 160 foot fertilizer warehouse. It is built in part on the upper level and in part on the lower. Fertilizer in sacks is unloaded at the warehouse doors from the railroad which runs on the higher ground. In

A. A. U. Selects "Dad" Center As Its Head

Only nine clubs were represented at the annual meeting of the Hawaiian Amateur Athletic union in Honolulu at which George "Dad" Center, manager of the American swimming team, now abroad, was re-elected president. A. T. Longley of the Healanis Boat club was elected vice-president, succeeding Philip F. Lee. E. Fullard Leo was re-elected secretary-treasurer.

The clubs represented at the meeting included, Palama, Hilo Yacht, Hilo Basketball, Braves, All-Around Chinese, Healanis, Women's Auxiliary, Trail and Mountain and Honolulu Athletic.

In the absence of Vice-President Philip F. Lee, the meeting was conducted by Lorrin Andrews.

Ben Clarke, president chairman of the registration committee, was asked to continue in that capacity until the selection of committees.

The matter of selecting committees was left over until the return of "Dad" Center, who is expected to be here next month.

In the warehouse it is dumped over the edge of the fill onto the lower level. Over the latter level run the tracks of the plantation railway. The sacked fertilizer is taken out from below alongside cars of the latter railway, loaded into them and taken to where needed. Much time and labor of stacking up the sacks and taking them down from the top will be avoided in the new building.

NOTICE!

To Electric Light Customers:

Payment of all bills for electric service should be made ONLY at the office of the Island Electric Co., Ltd., Wailuku, NOT at the Puunene office of the Hawaiian Commercial & Sugar Co., HAWAIIAN COMMERCIAL & SUGAR CO., Lighting Department.

Cost of Sugar is Subject of Study

Investigation of Tariff Commission Shows That Price Until This Year Hardly Kept Pace With Added Expense of Production.

The United States tariff commission has just completed a study of costs of production in the sugar industry. This latest contribution to the series of reports dealing with sugar which the commission has issued relates to the costs and profits of sugar refining and price of refined sugar down to 1919. As the report does not cover the recent period of high prices for raw sugars it has little bearing upon the present cost of refining, but it shows the rapid and practically continuous rise of such costs from 1914 to 1919.

Keeps Pace with Price
The most striking feature of the report is its showing that the total cost of producing refined sugar in 1919 was more than double its cost in 1914 and that the rise in the price of sugar has just about kept step with the advance in costs. Considerable variation in the earnings and profits of refineries, however, are shown from year to year.

Profits and returns on productive investment are shown to have been highest in 1917 of any year during the period since 1914. Averaging by refineries they were 10.6 cents per 100 pounds in 1914, 40 cents in 1917, 13 cents in 1918, and 31.6 cents in 1919. Reckoning by average poundage the variations in returns on productive investment were 8.64 per cent in 1914, 28 per cent in 1917, 10.32 per cent in 1918, and 19.67 per cent in 1919.

Costs Show Variation
The report explains that the cost data collected by the Tariff Commission, although not complete, are sufficiently comprehensive and typical to justify conclusions. The total cost per pound of refined sugar produced in the factories investigated ranged from 6.711 cents to 8.375 cents. Of the specific items of cost that of raw sugar represents about 90 per cent. A small relative difference in the cost of raws may, therefore, make considerable absolute difference as compared with other costs or refining.

As raws differ in sucrose content, skill in refining for those of high sucrose content is an important means or reducing the cost of refining. Direct labor costs vary from .076 to .333 of a cent per pound, but wages enter indirectly into most of the other costs—fuel, supplies, marketing, etc. Other items of expense are cost of containers, fuel, bone-char, advertising, maintenance and repairs, and depreciation. An interesting feature of the report is a table showing the rapid rise in various items of cost from 1914 through the first six months of 1919.

Changes in tariffs, under competitive conditions such as exist at present, are held by the Commission to have little effect upon the price of sugar. The bearing of monopolistic combinations on profits and prices, the effects of tariffs under such conditions and the influence of various attempts at combination are discussed at considerable length. It is pointed out that control through monopoly has never been maintained for any considerable period of time.

Comments on General Situation
In connection with the general sugar situation the report points out that the world is still more than 2,000,000 tons short of its pre-war production. This falling off is due to the decreased production of beet sugar in Europe during and since the war. The decline in the output of beet sugar has been only partially offset by the increase in the production of cane sugar taken place in Cuba.

The report also calls attention to the fact that, notwithstanding the decline in the world's production, the consumption of sugar in the United States was larger in 1919 than during and previous year, being 87.6 pounds per capita, which the commissions figures as an increase of 12 pounds per capita over the preceding year.

Other Islands More Favored Than Maui

Droughty conditions continue over large areas of Maui though reports from Haiku and Kipahulu show a fair amount of moisture. Makawao especially shows signs of the protracted drought and indications of it are evident about Wailuku and Lahaina. Longtime residents say the drought has been the worst they have known, even worse than that of 1910.

In the Islands generally weather has been good for growth of crops and field operations, the report of the report of the weather bureau issued on Monday shows.

It says that for the greater part of the section the weather of the past week was highly favorable for both growing crops and for field operations. In the Hilo and Puna districts of Hawaii the soil was a little too wet, and more sunshine was needed, and harvesting of the coffee crop was hindered in the Kona district by the wet weather. Reports from the Hamakua district, Hawaii, are the most encouraging for several months. Kauai, Maui and Oahu were favorable with continued good weather with adequate rainfall and normal temperatures.

By islands the rainfall for this and the preceding week follows: Hawaii, 2.30; Kauai, 1.16, 1.23; Maui, 0.61, 1.54; Oahu, 0.98, 0.79; all islands, 1.61, 2.18. The mean temperature for this and the preceding week: Hawaii, 71.7°; 72.3°; Kauai, 76.9°, 77.3°; Maui, 77.2°, 76.8°; Oahu, 77.1°, 76.7°; all islands, 74.4°, 74.8°.

Delegate Denies He Made Charges Land Is Being Grabbed

Delegate Kubio is out in print with a denial that he charged the "Baldwins, Cookes and others of taking the best lands" to the deprivation of Hawaiians. He was quoted as having so asserted in a speech made at Kakaako, Honolulu and immediately issued the following open letter.

"In this morning's Advertiser the following statement appears: "J. K. Kalaniana'ole, delegate to Congress, spoke on the rehabilitation scheme and blamed the Baldwins, Cookes and others for taking all the good lands from the Hawaiians." I brand this statement as a deliberate and malicious lie, published for the sole purpose of injuring my candidacy. "The Cookes and Baldwins have never taken land from the Hawaiians that I know of. It is true that certain government lands which will come under the provisions of the rehabilitation bill, are now under lease to the Cookes, as well as to the Parker ranch, Doctor Raymond, Senator Rice and others but this does not mean that they have deprived the Hawaiians of them, and I made no statement directly or indirectly to this effect."

Molokai Notes

Eugene Duvauchelle and family have moved over to Molokai from Maui.

Jim Crane is making extensive repairs on his house at Kaluaaha. The Japanese company from Maui, representatives of which were here a few weeks ago, have leased several thousand acres of land from Jacob Brown and the Meyers—East and West Molokai. Work will begin at once preparing the soil for pineapples.

Mrs. H. R. Hitchcock was the first woman to register on Molokai. Next in order: Mrs. Hennessey, Mrs. E. S. Goodhue, Mrs. E. K. Duvauchelle. It is reported that the second well put down near Kawela will furnish 5,000,000 gallons a day easily.

A. F. Cooke's fish pond at Kawela is completed and stocked with fish. Mr. Cooke thinks he will soon be able to bring down the price of fish in the Honolulu markets.

On September 9, the following left for Honolulu from Kaunakakai: Mr. and Mrs. Jacob Brown, Miss Doreas Meyer, Mrs. E. S. Goodhue, Misses Kelli, Louisa and Laura Duvauchelle, Misses Dorothy and Buddie Goodhue, Henry Duvauchelle.

Rudolph Duncan is spending a few days with his relatives at Kalae and Kaunakakai.

Senator Wise is on Molokai and addressed a meeting at Kaunakakai, Wednesday evening, on the rehabilitation bill.

A Korean working for E. E. Conant at Kawela was injured on September 10. He suffered the fracture of both legs.

J. J. Williams, the photographer, is on Molokai, making a series of pictures of the leeward side.

Miss Rose Bishaw, nurse for the district, will shortly return to Honolulu to take up a position there.

Mrs. Dunbar has taken up her school which is now located at Kualapuu instead of Kalae. The new school building is large and commodious and the school will be larger this year.

About 200 Japanese will begin work on the pineapple lands at Kalae next month. The same number, also, at the other end of the island, on Mr. Brown's lands.

Max Carson and Mr. Rush are "doing" Wailuku, making their headquarters at Maunakulawai hotel.

Chairman Kalama of the board of supervisors, went over to Lanai on Tuesday.

MAUI TWENTY YEARS AGO

(Maui News of September 22, 1900)

Deputy Sheriff Lindsey of Lahaina visited Wailuku Tuesday.

An epidemic of coughs and colds amounting almost to the dignity of la grippe is prevalent in Wailuku.

The framework of a big sugar warehouse at Paia is about finished and the building will soon be completed.

Judge Kalua, accompanied by his wife, is visiting Moikoi.

It is reported on reliable authority that an escaped leper at Lahaina is now living with his wife who is a dealer in curios.

James Taylor, who constructed the Wailuku-Kahului waterworks, is engaged in surveying the proposed line for the railroad from Kahului to Paia.

An Independent-Democratic meeting will be held at Lahaina Wednesday. Speakers will be Col. W. H. Cornwell, John H. Wise, Thomas Clark and William White.

The board of registration left for Moikoi Thursday to remain for the rest of the month.

Last night at a called meeting of all departments at Spreckelsville, David Centie was introduced by Manager Lowrie as assistant manager.

On last Saturday while Cyrus Green was in Wailuku three drunken sailors boarded the Mokihana and ran her on the beach. Mr. Miller has kindly tendered Mr. Green use of the Talula and it is possible the stranded craft can be gotten off.

A small cane fire occurred at Spreckelsville Wednesday morning but no more was burned than could be conveniently ground at once.

W. N. Hayselden of Lanai has taken a position with Hutchinson Sugar Co.

Manager W. J. Lowrie, to whose foresight and indomitable pluck Spreckelsville is indebted for its recent big ditch, has inaugurated another great enterprise, that of constructing an electric power plant in Iao Valley for the purpose of bringing power to the Spreckelsville pumps.

W. H. Field, former manager of the Home Bakery of Honolulu, but for several months past a resident of Wailuku, has this week taken a 20 year lease of the property at the corner of Main and High streets, opposite Hoffman & Vettesen's new store, now occupied by Ching Hou's bakery, and will at once erect a large and elegant drug store.

Mullet will soon be a thing of the past in Hilo harbor because of the use of closed meshed nets.

Scab or verucosis has attacked the Olaia lemons.

Telegraphic News

A Frenchman has crossed the British Channel in a balloon.

Crocuses is the fastest trotting stallion in the world. He has trotted a mile in 2:04 1/2.

A great strike of gold is reported at the headwaters of Copper River, Alaska.

James D. Phelan and Stephen M. White are rivals for the California senatorship.

Native Chinese soldiers are clearing the Boxers in Hunan and Chi-Li.

An American anarchist who went to Europe to kill the Czar of Russia and so prevented the monarch's visit to Paris is being hunted assiduously by the police of Europe.

In Peking the government is dead. The American minister approves calling Li Hung Chang to negotiate on behalf of China. Overtures for peace negotiations have been made by the mandarins to the allied ministers.

Germany sends a polite reply to the United States declining to withdraw its forces from Peking. Great Britain is reported to be pleased with the reply and the Washington administration is awakening to the fact that it has been outwitted by the young Kaiser, that England is no longer its close friend and that its real allies are France and Russia.

At a meeting of cotton spinners in Manchester, England, it was decided practically unanimously not to purchase American spot cotton during September. It is anticipated the decision will result in the closing of scores of the mills.

BUYS SALIENT SIX

Frank Lufkin of Lahaina has purchased a Stephens Salient Six car, according to the report of S. S. Paxson, vice-president and manager of the Royal Hawaiian Sales Company, agent for the Stephens. Mr. Paxson spent Saturday on Maui, coming over, as he expressed it, to avoid the Honolulu holiday and be in Maui where there would be something going on. He looked over the automotive selling field while here.

Mrs. James Akina returned from Honolulu Monday.

Not Superstitious, But

Joe Lenenthal who has recently been selling women's wearing apparel on Maui is not superstitious, he vehemently admits it, in fact he repeated the assertion several times in telling the story of a recent experience.

Joe was in Lahaina and proceeded on in West Maui. Reaching a prospective customer he opened up a suit case of silk waists and out jumped a BLACK CAT. Where it came from Joe does not know.

"Now, I ain't superstitious," said the salesman, "but I was afraid some bad luck or accident would happen to me. I shied another grip at the cat and smashed the handle of that bag. No, I didn't hurt the cat.

"I almost turned back, for I was afraid of an automobile wreck or something, but I ain't superstitious and so I kept on and had a good day of sales, anyhow."

Recently A. H. Cohen who has been selling Oakland lots made a call to close a deal and found the wife of his customer had developed "cold

Pond Seeks a Site For Branch on Maui

In search of a site for a garage, to be the Maui branch of the Pond Company, Ltd., Percy M. Pond, president of Pond Company spent Saturday in Wailuku and in Kahului. While here Mr. Pond investigated several prospective sites, some in Wailuku and at least one at Kahului, ascertained prices and looked into advantages of location but made no selection during his stay. He expressed satisfaction at the business that is coming to his concern through its representatives here and considers Maui a most promising field.

He talked of the new building which is being erected to house the company's growing business in Honolulu and indicated that it has plans for further expansion.

feet" and hid hubby's bank book. Hubby was irate and Cohen was sore. Then he remembered the date, the 13th, and quit work for the day. Cohen is not superstitious either.

Twenty-Five Percent Increase in Salary For Teachers Asked

Twenty-five percent increase in the pay of teachers is contemplated in the tentative school budget which will be presented to the special session of the legislature.

This would require an additional payment for salaries of \$39,750 a month, which would bring the total monthly payroll up to \$198,750. The entire budget calls for appropriations of \$641,181.49 in addition to those made at the regular 1919 session.

Who Get the Raises
Monthly salaries, should the proposed budget be adopted, will be as follows:

Supervising principals, \$350; territorial Normal and Training school principal, \$350; secondary school principals, McKinley and Hilo high schools, \$300, and Maui and Kauai high schools, \$275.

Elementary school principals—With one to two assistants, \$125 the first year, and a yearly increase of \$5 up to \$150 for the fifth year; three to five assistants \$155 the first year and \$175 the fifth year; six to nine assistants, \$180 the first year and \$200 the fifth year; 10 to 13 assistants, \$210 the first year and \$250 the fifth year; 14 to 16 assistants, \$255 the first year and \$270 the third year; 17 to 20 assistants, \$275 the first year and \$290 the second year.

Pay for assistants:
Assistants in high school and junior high school—First year, \$130, and a yearly increase of \$10 per month until the maximum of \$200 is reached in the eighth year.

Assistants, elementary schools—For assistants with grammar grade certificates (normal diplomas), \$110 the first year, and an increase of \$5 per month per year until the maximum of \$150 is reached in the eighth year; for assistants holding primary grade certificates, \$100 the first year, and an increase of \$5 per month per year until the maximum of \$135 is reached in the eighth year.

Holders of permits—First year, \$75; second year, \$85.

Uncertificated teachers—First year, \$65; second year, upon satisfactory teaching record and with recommendation of commissioner and supervising principal, \$80.

Territorial Normal and Training school all grades and departments—Heads of departments, \$150 first year, \$175 second year, \$200 third year and over; assistants, \$140 first year and an increase of \$10 per month per year until maximum of \$190 is reached in fifth year.

Special teachers—Heads of special departments, \$150 first year and an increase of \$10 per month per year to and including the fourth year, and \$200 per month in fifth year; special teachers who function in assistant capacity, \$110 the first year and an increase of \$10 a month to and including the fifth year.

On The Other Islands

Mrs. Hoogs Dies.—Mrs. William H. Hoogs, died in Honolulu early this week. She was wife of William H. Hoogs, member of the firm of W. A. Love & Co., brokers and real estate agents. He is a brother of Frank L. Hoogs of this island.

Motors For Mail Service.—Four trucks and 16 motorcycles for the collection and delivery of mail will arrive at Honolulu about October 15, according to information received by D. H. MacAdam, postmaster. One of the trucks and three of the motorcycles will be kept in reserve and the other used constantly.

Bids To Be Opened.—Bids will be opened at noon September 25 in the office of Lyman H. Bigelow, chairman of the harbor commission, on plans and specifications for the construction of sheds over piers 8, 9 and 10 in Honolulu harbor. It is not expected that the appropriation available will permit the construction of more than sheds on No. 8 and 9.

Will Try Officer.—The officer in command of the battery at Fort Ruger last week when a shell from one of the guns struck an army balloon, tearing off the right arm of Corporal Claud Phillips and endangering the life of Capt. Lee Felt, observer, is to be tried by general courtmartial. It is reported. Army officers are still investigating why it was that after firing was supposed to have ceased, another shell was fired, penetrating the basket of the balloon.

Chamber Protests.—A resolution drawn up by the maritime affairs committee of the Honolulu Chamber of Commerce protesting against the recent order of the Panama canal zone authorities directing all vessels leaving Balboa for Honolulu or the Far East to be bunkered at San Diego, has been sent to the chamber of commerce's Washington representative.

Tools For Pearl Harbor.—Within three weeks the collier Neptune of the Pacific fleet will arrive here with a shipment of tools and machinery destined for the Pearl Harbor base of the United States navy.

Safety First.—After the strenuous two weeks of registering 12,888 men and women for a Kalatokalani, city of the city and county of Honolulu, took a rest by measuring string to be tied to 390 pencils before the said pencils are placed in the voting booths on October 2.

Dr. Gregory to Return.—It is announced that Dr. H. E. Gregory, who returned recently to Yale University, signed before leaving, a contract as director of the Bishop Museum for three more years. He will come to Honolulu again in December or January.

Public to Hear of Heedless Officials

Officials who do not pay sufficient attention to the requests of the Maui Automobile Club to answer letters calling attention to danger spots in roads with request for action will be brought to public attention. A new policy on the part of the club is to be put in operation.

For some time past the automobile club has been calling attention of proper officials to danger spots, where bushes obscure the road at a turn and similar instances. The club has asked for no great road improvements and does not contemplate so doing. It is merely working in the instance of public safety? Where a danger is seen a letter is written to the official to whom it must be looked to get correction. If heed is not paid to the letter a "remainder" is sent a month later.

From now on the same course will be pursued but if the menace is not removed and if no attention is paid or reply made to the letter or the remainder, the fact that complaint was made at a given date and a reminder sent at another given date will be published without criticism or comment.

W. A. Baldwin has been named chairman of the roads committee and will welcome suggestions and reports of bad spots in roads or dangerous conditions whether such suggestions are made by members of the club or others.

The club purposes affiliation with the national association of Auto clubs in the near future.

Song Writers Have Chances For Fame

Here's a chance for the song writers of Maui. One of them will win at least local fame and a cash prize as well. Men and women, boys and girls, old and young, no matter what the nationality or nativity, all are eligible.

For the best song words written to be sung to the tune of "Marching Through Georgia." The Maui County Fair and Racing Association is offering a cash prize of \$10. Further than that the words of the song will be thrown upon a great screen in the Fair Grounds and sung by the assembled throngs on Saturday night, Song Fest Night, the closing and biggest night of the fair and will be published in the Maui News.

The only conditions attached to the contest are that the song shall have for its subject matter, shall tell about, the Maui County Fair and shall fit to the music of "Marching Through Georgia."

Contestants should send their efforts to Clinton S. Childs, chairman of the entertainment committee of the Fair and Racing Association, Alexander House Settlement Office, Wailuku.

Record Pine Cargo.—The S. S. Red-Hook sailing from Honolulu is taking a quarter of a million cases of pineapples to the Atlantic coast, by way of the Panama canal. This is believed to be a record cargo from these islands.

SOCIETY

NEW COMERS ENTERTAINED

Mr. and Mrs. J. Garcia introduced Lieutenant and Mrs. Jerome B. Wolf to Mauilites at a delightful social evening held in Knights of Pythias Hall last Saturday evening. Guests were met at the door by Mr. and Mrs. Garcia and presented to the honor guests of the evening. Dancing followed and during the evening refreshments of sandwiches, cake and punch were served. The affair was delightfully informal and between 75 and 100 guests enjoyed the dancing until the sounding of the mid-night hour.

FAREWELL LUNCHEON

In compliment to Miss "Peggy" Darbie and Mrs. D. W. Chilson who are leaving on the next Manoa, Mrs. Antone Garcia entertained at her home on Tuesday with a Japanese luncheon. In harmony with the viands which were typically Japanese and served in true Japanese style, were the table and dining room decorations.

Besides the guests of honor and the hostess those attending the luncheon were Mrs. W. E. Bal, Sr., Miss Leliani Weight, Mrs. Louis Distell, Mrs. J. H. Kunewa, Mrs. J. K. Buchanan, and Mrs. Gladys Holt.

After the luncheon music and conversation sped the hours along until it was time to say bon voyage and to assure the departing ones of the fond aloha in which they are held.

MR. AND MRS. JUDD WELCOMED

Lake fairland were the grounds of William and Mary Alexander Parsonage last Saturday evening when Mr. and Mrs. E. E. Pleasant and Miss Edith Parsons received more than 200

Mauilites and introduced them to Mr. Robert Judd and his charming bride, Mr. Judd having returned to resume Americanization work on this Island. Mr. and Mrs. Pleasant, standing at the right, received the guests and performed the introductions to the guests of honor who were given the aloha of those who are to be their friends and their neighbors.

The grounds were softly illuminated by many Japanese lanterns and the guests quickly scattered about to gather into little and larger groups here and there. During the evening punch and other refreshments were served and a delightfully enjoyable social evening was had.

DINE A LA CHINESE

Mr. and Mrs. Manuel Duro entertained at a Chinese dinner at their home in Wailuku last evening. Covers were laid for fifteen. The guests were Mr. and Mrs. A. Garcia, Mr. and Mrs. J. H. Kunewa, Mrs. Victoria Goodness, Misses Leliani Weight, Lucy Richardson and Ellen Copp and Messrs. Gene Bal, Charles McGurn, Harry Holt and Harvey Cornwell.

DANCE AT LAHAINA

Misses Cora Middleton and Janet R. Todd were hostesses at a pleasant dance at Lahaina last Saturday evening. The affair was given for Miss Elizabeth Wall who is the new kindergarten teacher. About 50 guests were in attendance and Miss Wall had the opportunity to meet the social set of Lahaina and some of the residents of other parts of Maui. Music was excellent and punch was served throughout the evening.

Sport Brevities

Cincinnati won in the last meeting between the Reds and the Brooklynians in the Ohio city.

Victoria B. C. gets the meeting of the Pacific Northwest 'association, a branch of the A. A. U.

Babe Ruth is like a crying baby these days. He is walked a great deal.

The "tar baby" failed to take an appeal and has started serving his sentence.

After having been under for 13 years, football is permitted in the high schools of Indianapolis this year.

Waseda University, Japan, is planning to send a ball team to the United States next Spring.

A Salt Lake girl swam from Antelope Island to the lake shore 6 3/4 miles recently. She was 3 hours, 49 minutes and 49 seconds in making the distance. Athletic authorities say Miss Pearl Kimball, who is 18 years of age, is the first to perform the feat.

For the racing stable of the late W. K. Vanderbilt and the training quarters at Chantilly, E. Ambatiello has offered 10,000,000 francs.

The Asahi baseball team of Honolulu, now touring Japan, has defeated the Waseda University team 3 to 2.

Frank E. Midkiff will be advisory coach of the Punahou football squad.

Kinju Ikeda retains his mat championship of Hawaii. Bennie Finn defaulted when a dispute arose relative to the allowing of certain holds.

Chicago "White Sox" are coming down the stretch like a quarter horse in the contest for American League pennant. Early in the week they ousted Gotham's "Yankees."

Rules And Regulations for the LIVESTOCK DIVISION of the Third Annual County Fair Kahului, Maui, October 21, 22, 23, 1920

(Continued From Last Week)
MILKING CONTEST

PRIZES: The following prizes will be offered:
1st. Choice, a purebred registered male or female Berkshire pig. Offered by H. W. Rice.
2nd. Second choice of a purebred registered Berkshire pig. Offered by H. W. Rice.
3rd. An order for a pig with which to start the next contest. Offered by Haleakala Ranch.
4th. An order for a pig with which to start the next contest. Offered by New Era Homestead Farm.

Boys and girls under ten years of age may enter this contest and be exempted from keeping the detailed record required of the older contestants. The following prizes will be offered under this division:

1st. An order for a \$15.00 pig with which to start the next contest. Offered by Mr. L. K. Smith.
2nd. An order for a \$15.00 pig with which to start the next contest. Offered by Dr. J. C. Fitzgerald.
3rd. An order for a \$15.00 pig with which to start the next contest. Offered by Mr. James Lindsay.

With a view to securing the greatest uniformity possible in the pigs entered for competition, Mr. H. W. Rice has agreed to supply good grade Berkshire pigs, approximately forty pounds in weight, at \$15.00 each. Notes will be accepted in lieu of cash payments. Full payment to be made at close of contest.

All boys and girls entering this contest must register their enrollment immediately. The distribution of pigs will be made at Kahului in accordance with the notice printed on the enrollment card. All contestants must be on hand at the distribution at the time stated, else they will forfeit their enrollment.

The fair management will furnish pens free of charge, also feed hogs while at Fair if requested.

E. H. Jones, Chairman
L. K. Smith
H. D. Sloggett

Committee in charge of Maui County Boys and Girls Pig Club.

MISCELLANEOUS

36. HORSES. Ages of horses shall be reckoned as from the first of the year.

37. CATTLE. All animals to be eligible for championship must be accompanied by certificates of registry, or a certificate of registry and dam in the case of junior calves.

Cattle basing dates explained. What are known as basing dates are the dates from which the ages of animals are computed in order to determine their eligibility to compete in any class. These basing dates are January 1st and September 1st.

(a) An aged bull in the 1920 shows will be a bull that is dropped before September 1, 1918.

(b) A two year old bull is dropped between September 1, 1917 and September 1, 1918.

MAUI BOOK STORE IS IN ITS NEW HOME

In its new home, the former Bank of Maui building, the Maui Book Store is now located comfortably and already has settled down into easy running shape more a week ahead of October 1, when it was announced the new store would be occupied.

Monday the work of moving was started and during that day and Tuesday it proceeded. Tuesday and Wednesday were occupied chiefly in settling down into shape and since then it has been "business as usual" only more comfortably and pleasantly conducted.

Friends of the Maui Book store who drop in at the new location all are congratulatory over the change. The store is about twice the size of the old and better lighted and more airy as well as being more commodious.

Reginald O. Humphrey, assistant bookkeeper of H. C. & S. Co., at Puuene, has returned from a visit to the New England States. He expresses himself as impressed by the high wages being paid there and the apparent wave of prosperity on which the country is riding.

Myrtle Crews Take Regatta Day Honors

Regatta Day in Honolulu was one of triumph for the red and white of the Myrtles. Myrtle oarsmen carried away all of the major honors and left small crumbs for division between rivals, who were seemingly ousted.

In the senior barge event for a half the race Hilo held the Myrtle crew but then the red and white went to the fore and finished easily, six lengths in the lead, in 15-37.4.

The junior six oared race was won by the Myrtles by two lengths, Hilo second and Healan third. It was a store of energy reserved to the last minute that won for the Myrtle in that event. Time, 13-55.

By six lengths the Red and White won the intermediate race. Healan put up a game fight for part of the way but was left behind, finishing second.

Mel Nicoll of Hilo won single sculls from Dr. Paul Withington of Myrtle with Bob Fuller of Healan third; time 2-45.3.

Hilo secured a second crumb of comfort in the freshman race, winning from the Myrtle youngsters in 13-48.

One of the best performances of the day was the cutter race in which the crews chosen from the U. S. S. Arkansas and the U. S. S. New Mexico were entered. The race was oar to oar all down the course. There was not three feet difference in the positions at the last few yards—then, by a heroic spurt, aided by the roars from the throats of thousands of wildly cheering sailors, both crews began the dash across the line. Arkansas won by about one-quarter of a boat's length.

Mr. and Mrs. D. W. Chilson returned Monday night from a visit to the volcano and will leave on the Manoa for the mainland via Honolulu. Both were delighted with the spectacle the volcano presented. They leave Maui friends with regret and hope to be back in Wailuku in the course of a few months.

(c) A senior yearling bull is dropped between September 1, 1918 and January 1, 1919.

(d) A junior yearling bull is dropped between January 1, 1919 and September 1, 1919.

(e) A senior bull calf is dropped between September 1, 1919 and January 1, 1920.

(g) The same rule applies to females.

(h) An aged herd is composed of one bull two years old or over, one cow three years old or over, one heifer two years old and under three years old, one heifer one year old and under two years old, and two heifers under one year old. All of these animals in this group must be the property of the exhibitor at the time the entry was made but need not have been bred by the exhibitor.

(i) A young herd consists of one bull under two years old, two heifers one year old and under two years old, and two heifers under one year old.

(3) A calf herd consists of one bull and two heifers, all under one year old.

(k) A get of sire entry consists of four animals, either sex, any age, the get of one sire. They need not have been bred by the exhibitor. The exhibitor need not own, nor need he ever have owned, the sire. He may, if he is the owner, borrow animals to complete this group, provided the animals borrowed were bred by him.

(l) Produce of dam. This group is composed of two animals of either sex, any age, the produce of one dam. The exhibitor may borrow one of the animals in this group provided he is the breeder of the animal borrowed.

39. HOGS. All hogs must be purebreds.

40. All hogs competing in championship classes must be accompanied by their certificates of registry with the exception of entries 9, 10, 17, 18 and 19.

41. Definition of ages of hogs.

(To Be Continued.)

You are cordially Invited to call at Our New Store.

WE MOVED THIS WEEK AND ARE GETTING NICELY SETTLED, LIKE OUR NEW QUARTERS AND ARE SURE YOU WILL ALSO. IT WILL BE A PLEASURE TO MEET OUR FRIENDS IN OUR NEW QUARTERS AND SHOW THEM THE IMPROVEMENT THAT HAS RESULTED BY OUR CHANGE OF LOCATION.

THE MAUI BOOK STORE

NOW IN

Former Maui Bank Building

THIRD ANNUAL MAUI COUNTY

FAIR

THURSDAY, Oct. 21, : MILITARY DAY
FRIDAY, Oct. 22, : : CHILDREN'S DAY
SATURDAY, Oct. 23, EVERYBODY'S DAY

Make the last day of the Fair a general Holiday. Mr. Businessman, the four neighboring Plantation Companies have agreed to the Saturday Holiday and it's up to you. Your clerks and help want to take in the Fair the last day. Every one else will be there. Why keep your employes in empty stores and offices with every one else having a good time? Do you think it will make them contented and happy? SURE, YOU'LL CLOSE.

How About Your Exhibit?

Have you arranged for it yet? Better begin now and not be rushed at the last for time is rushing on apace. At the last you may have other things to do so the best way is to start at once.

Only Twenty-Seven More Days And Then The Fair.

Endurance

of the
F. B. Model
CHEVROLET

Endurance is simply sustained power.

The ability to sustain power necessitates neither size nor weight.

It comes from existing weight being properly distributed so as to lessen wear and concentrate power on the driving of the machines with the least possible amount of fuel.

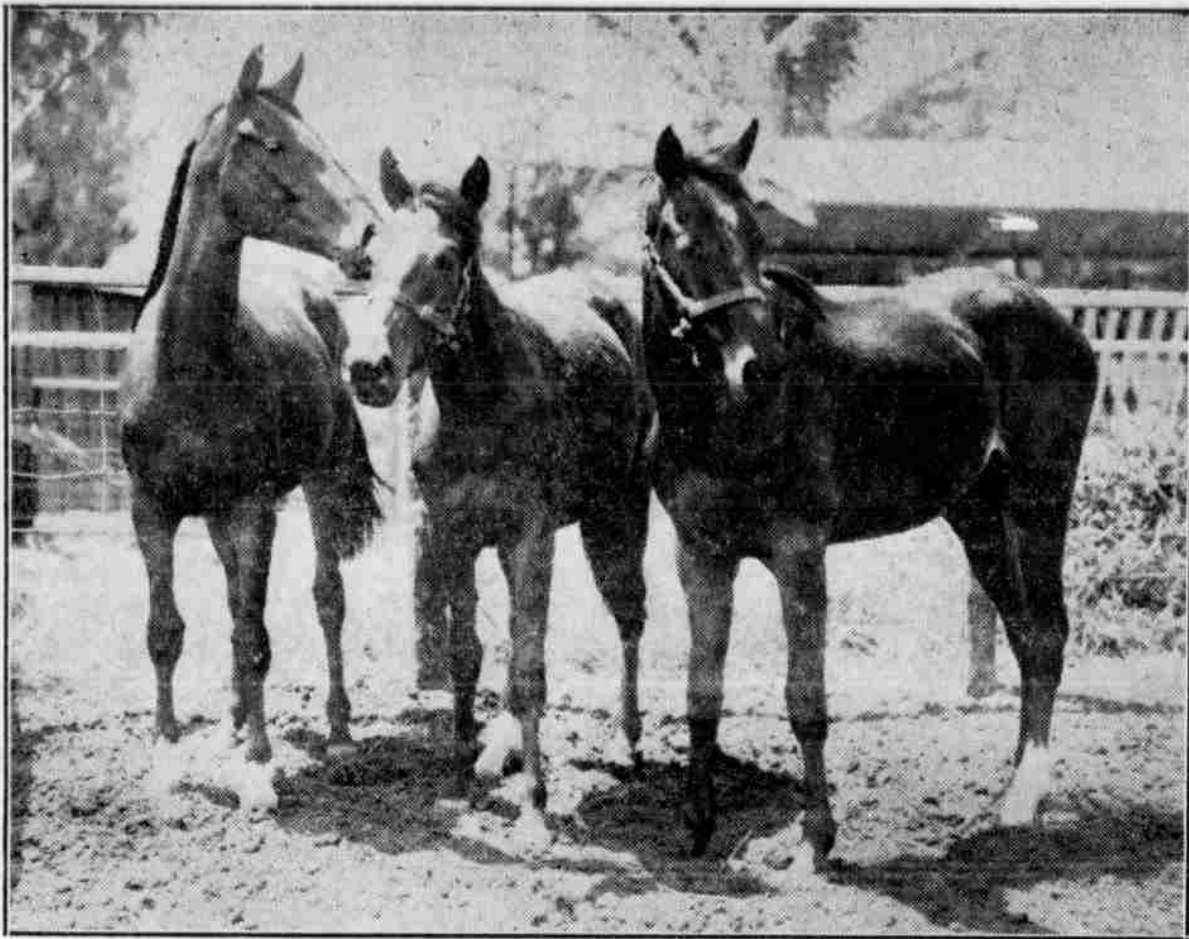

Every ounce of energy is thus used to advantage—none is lost in moving dead weight.

Unusual efficiency is achieved—and with it luxurious comfort at a moderate price.

Royal Hawaiian Sales Co., Ltd.

WAILUKU, MAUI

SPORTS

Three beautiful, two year old fillies that will be shown at the Fair. They are now at Haleakala Ranch for which they were imported from New Zealand. They were sired by Prince Merimee and their dams were Mason Bee, Birkenreigh and Munji. Their blood is considered of the best racing strains in the Antipodes.

Puunene Soccerites Smear White Wash

Puunene soccerites put it over the Lahaina team on their visit to leeward Maui last Saturday. On defense they held the home team safe and their offensive play left nothing to be desired. Result was 8 to 0 but the Lahaina crowd are not discouraged and are out for a better showing, revenge and a reversal of results in the game which will be played at Kahului tomorrow.

The line up of last week will probably be little changed tomorrow and was:

Puunene	Goal	Lahaina
Murray	L.F.	Mitsu
McNicholl	R.F.	Webb
Jamieson	L.H.	Taylor
Young		Tsuru

Lindsay	C.H.	Alameda
Ratray	R.H.	Gichi
Wicke	O.L.	Tsuda
Coleman	L.L.	Gillin
McKenzie	C.F.	Ledward
Taylor	I.R.	Kazuo
McClusky	O.R.	Silva

Standing of the teams is as follows:
 Team P. W. L. Pct.
 Wailuku 2 2 0 1000
 Puunene 2 2 1 667
 Lahaina 2 0 3 000

Last week's basket ball game was between Wailuku Sugar Company Athletics and the Trades team. A victory for the Sugar athletes resulted, score 21 to 9.

Proposals looking to a "little" world's championship series between the winners of the Coast League and the American Association will have been opened. It is considered doubtful if the Coast League accept.

ROSE'S YOUNGSTERS WIN

Coming strong, bound to be heard from and a combination to be reckoned with in figuring results is Carl Rose's Junior Soccer team. The new organization tasted victory for the first time when it met the Puunene Juniors last Sunday and after a hard fought game walked off with the bacon to a score of 3 to 2. It was Puunene's first defeat and each team in the Junior league now has one victory to its credit and one defeat set to the debit.

The game Sunday will be between Wailuku Sugar Co. and Gym. teams.

National A. A. U., diving contests will be held at Alameda on October 3.

Mays, who pitched the ball that killed Chapman, is reported to be the only remaining pitcher in big league ranks who pitches underhand.

Town Trap Shooters Beat Up-Country Five

Trap shooters in goodly number gather each Saturday afternoon at the grounds of the aFir and Racing Association and in smaller number on Sundays.

Last Saturday there was a larger crowd out than the previous week and an impromptu match was arranged between the towners and the up-country shots. The latter claimed Frank Palmatier but the towners insisted his wife and family were in town though he might be tenting in Makawao and the town claim went. This left the up-country bunch a man shy and they were generously allowed to add Harry Gesner to their quartet and make it a quintet. He was not up to his usual form but the match developed into a close one, the town team winning by a margin of two birds.

Town team: Frank Palmatier, Young Ting, E. R. Bevins, Louis Distell and Dr. Ting.

Up-Country Team: Harold W. Rice, Dr. Fitzgerald, Harry Gesner, Luke Hebert and H. A. Baldwin.

Another match is on the tapis for tomorrow and if Dr. Fitzgerald has his way there will be matches both Saturday and Sunday.

CHALLENGE ACCEPTED

Acceptance of the published def of the Beauts has come quickly and a series of best two out of three has been arranged with a team known as Wailuku Pick-ups with the Junior Championship of Maui as the stake.

The first game will be played on the Wailuku diamond, Sunday afternoon at 2 o'clock.

Campaigners Trip To Hana Great Success

Maui Republican candidates for nominations at the primary elections are at present stumping Molokai, following their return the first of the week from the north end of the island. The electioneering party left Lahaina last Friday morning and proceeded by sampan to Keanae where the first meeting was held. Thence they proceeded to Hana and then to Kaupo. Returning to Hana they proceeded to Kipahulu and left for home at 10 o'clock last Sunday morning.

Good crowds at all of the meetings were reported. At Kipahulu they were entertained by their fellow campaigners John Fassoth at a luau. In every way the trip was a decided success.

Chris Berthmann-Hart, now in the navy and stationed aboard the U. S. S. New York, spent his days of shore leave with his parents, Mr. and Mrs. I. K. Hart, at Haiku, Maui. He left by Saturday's Claudine to join his ship in Honolulu.

Growth of Seed Cane Is Hurried Forward By Paia New Method

Sprinkling of seed cane with warm water is an experiment which has been tried at Paia by Maui Agricultural Company and it has brought such good results that the erection of a building for so treating the seed cane at an early date is contemplated.

Usually seed cane is soaked, preparatory planting. The idea of sprinkling instead of soaking is not entirely new, but the sprinkling with warm water is the novel feature. It is said that as a result of such sprinkling the seed cane will sprout in 24 hours instead of three or four days, the young sprouts are out of the ground several days sooner, are stronger and make a better stand and, in the end, the cane is two or three weeks ahead of other cane where the same treatment was not used.

At the factory at Paia there is a good sized pile of bags filled with seed cane. Above the pile are several sprayers which are discharging quite warm water on the pile of bags. It has passed beyond the experiment stage and is a proved success. Superintendent Foster of the Paia mill says. He adds that it is contemplated using disinfectants in the water so as to kill insects and insect eggs before planting.

Flowing off the heap of sacked cane, the water flows into gutters and passes back so that it can be used over and over again.

Removal Of District Magistrate Sought

Quo warranto proceedings have been commenced by Attorney Eugene Murphy against District Magistrate W. A. McKay seeking the removal from office of Mr. McKay on the claim that the latter is not an elector, is not a citizen of the United States but is a British subject.

Judge McKay claims he became a citizen of this country by naturalization in 1906 but that he has lost or mislaid his papers. The court records we said to be incorrect.

Last week Mr. McKay satisfied the registration board of his citizenship sufficiently for that body to order his name enrolled in the great register.

Mrs. M. I. Brown of Los Angeles, California who has been visiting with her son T. A. Brown and family of Wailuku for the past few months left for Honolulu, Saturday night where she will spend a few days sight seeing before leaving on the Matsonia for the coast. She has visited all places of interest on both Maui and Hawaii and is very much pleased with the islands, also the new acquaintances she has met in such a short time.

NOTICE OF ADMINISTRATOR'S SALE OF REAL ESTATE.

Notice is hereby given that, as the Administrator of the estate of Joseph B. Wilson, late of Wailuku, Maui, deceased, and under and by virtue of an order granted by the Honorable Leslie L. Burr, Judge of the Circuit Court of the Second Judicial Circuit, Territory of Hawaii, licensing me to sell certain property belonging to said estate, I shall, on Saturday, the 16th day of October, 1920, at twelve o'clock noon of said day, at the front entrance to the Courthouse in Wailuku, County of Maui, sell at public auction, all of the hereinbelow described real estate, or so much thereof as may be necessary, in order to pay the debts of the estate of said Joseph B. Wilson, deceased, to-wit:

All of those certain pieces or parcels of land formerly constituting part of the Edward Bailey Estate, situate on the Waihee side of Vineyard Street, in the Town of Wailuku, County of Maui, Territory of Hawaii, described in R. P. 3797, L. C. A. 399 to Kaumu, Apanas 1 and 2, Konohiki lands, and R. P. 6711, of L. C. A. 406 to Napela, Apana 2; containing an area of approximately 57,900 sq. ft.

As per survey prepared by A. P. Low, under date of February 4, 1919 and now in the hands of C. D. Lufkin, Administrator, the above mentioned property has been divided into four lots. The property will be sold one lot at a time, including improvements thereon, and, as soon as a sum sufficient to pay the debts of the estate is realized, sales will cease.

Specie to be made subject to confirmation of the Court. Terms cash. For further particulars apply to C. D. Lufkin, Administrator of the Estate of Joseph B. Wilson, deceased, or H. D. H. Case, Wailuku, Maui.

C. D. LUFKIN,
 Administrator of said Estate.
 (Sept. 24; Oct. 1, 8, 15.)

RIZAL DAY CELEBRATION

Rizal Day is to be observed on Maui, December 31 by the two residents of the Islands. On that there will be a baseball game and I will give to any team which may win the game suitable rewards of victory, and guaranty payment of the same. I advise all teams to tune up.
 JOSE AGUIAR,
 Capt. Filipino Players.

Brooklyn's trolley "Dogs" look like sure winners in the National League race.

CARS OF REAL CLASS

Two cars which have been eagerly awaited with such degree of patience as could be mustered are now on Maui and ready for demonstration. Each is pre-eminent in its class and each will appeal in its own way to all appreciative motorists.

New National Sextet

Touring car for seven passengers is distinguished by a road hugging lowness unduplicated by any other American car, body sides brought 3 1/8 inches closer to ground without sacrifice of clearance, its unusual lowness a vital factor in riding comfort.

Measures 130 inches from hub to hub!

No car of its size can turn in so short an area.

Smartly continental in effect with much of the charm of appearance possessed by European cars.

Individual front fenders and flat upper body edge—refreshing departure from bevel finish so much in evidence now.

Hooded ventilator on the cowl and transmission theft lock, motor light, windshield cleaner and double Y-le-locked tire carrier, engine-driven tire pump, Hartford shock absorbers and Motometer, among a host of other things, testifies to the niceties of appointment and the completeness of equipment.

The engine!—is the best that National engineers have ever designed and perfected in two decades. It develops 71 horsepower at 2,600 revolutions per minute—a remarkable gain of 57.8 per cent over the National Six of last year.

NATIONAL SPELLS POWER

Studebaker Big Six

has all the virtues, all the high qualities, all the advantage of the Studebaker and admittedly the Studebaker is the best made, most trustworthy, most reliable and biggest value for the money of any car of its price in the Market today. The "Big Six" is the best Studebaker ever produced, the culmination of years of constant improvement and betterment.

Material, workmanship, strength, power, durability and reliability leave nothing to be desired. The best of the past has been bettered in the present.

Now in Wailuku for exhibition and for demonstration and ready for immediate delivery is the first "Big Six" to come to Maui. Nothing to approach it in value and worth is offered today it is the outstanding sensation in its class this year.

PRICE F. O. B., KAHULUI, \$3300.

In stock at our Honolulu sales rooms is the Special Six, catalog and full descriptions on application or our Maui Representative will tell you about it. Prices on application.

For a light car the Studebaker Light Six has no rival. We have it in stock in Honolulu. It seems impossible that such strength, vitality, power and durability should go with the lightness in which they combine in a Studebaker light six and at a price f. o. b. Kahului of \$2150.

All Studebaker cars are equipped with full set of cord tires. Many makes which sell at a higher price are shod only with fabric tires, but everything is of the best in Studebaker cars.

The Pond Company, Ltd., Distributors HONOLULU

Also Hawaiian Agents for Columbias, Chalmers and Mack Trucks, otherwise known as the "BULLDOGS".

Demonstrations can be arranged for by calling L. B. McNeill, Wailuku Hotel, Phone 65.
