

RAPID TRANSIT WINS SCHEDULE CASE

RAPID TRANSIT SCHEDULE

UNITED STATES SUPREME COURT GIVES A DECISION IN THE LILIIHA STREET CASE SUSTAINING THE CONTENTION OF THE COMPANY—LILIIHA STREET RESIDENTS LOSE IN THEIR EFFORT TO HAVE COURTS FIX SCHEDULE OF THEIR LINE.

(Associated Press Cable to The Star.)

WASHINGTON, D. C., November 30.—The United States Supreme Court has reversed the decision in favor of the Territory of Hawaii in the case of the Rapid Transit Company, in which the lower court held that it would enforce a ten-minute service.

The Rapid Transit Company has won its Liliha street car schedule case in the United States Supreme Court. A cable to Castle & Withington this morning announced a decision in favor of the company, reversing the Supreme Court of Hawaii. The case affects the right of the company to make its own schedules of car service here and grow out of an effort to compel a ten minute service on all lines, and the decision appears to mean that the company, with the approval of the governor, may make its own schedules according to its view of the requirements of the service.

The suit was a result of an effort by Kaimuki citizens to get a ten minute service. A public meeting was held at which a plan was agreed upon whereby the company agreed to give Kaimuki better service but proposed to cut down on the Liliha street ten minute branch line. It was agreed that both might have a ten minute service during the busy hours, morning and evening, and both a twenty minute service during the rest of the day.

Liliha street citizens, among whom incidentally was "Link" McCandless, objected and brought an injunction suit, to restrain the company from cutting down the Liliha street all day ten minute schedule. The decisions here were against the company, and the schedule has been maintained, but

the national Supreme Court has now upheld the company.

The decision may mean a carrying out of the old agreement for a ten-minute service to both districts.

L. T. Peck, president of the Rapid Transit Company, when asked this morning as to the effect of the decision on the schedules, said that nothing had been decided. He had just heard of the decision, and said that the matter was one to be taken up by the company.

Castle & Withington and Judge A. Perry of Honolulu appeared for the Rapid Transit Company in Washington and Attorney General Hemenway for the Territory.

The decision is one which is likely to have a far-reaching effect on the future operations of the Rapid Transit company, as the matter of controlling its schedules is one of very great importance in connection with extending lines.

"We are pleased that the decision has come," said President E. A. Berndt of the Kaimuki club that was partly instrumental in starting the proceedings. "It seems that the decision leaves the way clear for the company to carry out the agreement made, which was satisfactory to us, and in any event it is a good thing to have the matter settled."

MOTT SMITH BACK.

Acting Governor Mott-Smith returned from his trip to Kauai yesterday and is greatly interested in the Federal site situation, though he has nothing to say for publication. He states that Governor Frear has not wired him nor has he cabled to the Executive on the subject. The only cable received by him from Governor Frear was last Friday, when he stated that he would leave for Washington on that day. This would mean his arrival in Washington about tomorrow night or Wednesday morning.

BIG DEMAND.

The first shipment of the new crop of Tengu Japan Rice arrived a few days ago and is almost exhausted. Cables have been sent ordering large shipment which will arrive soon. K. Yamamoto, sole agent.

DISCOUNT ON RIBBONS.

Beginning Monday morning, and for the balance of the week, 10 per cent. discount on all ribbon purchases at Sachs.

MERCHANTS STAND BY MAHUKA SITE

RESOLUTION IS CARRIED BY MERCHANTS' ASSOCIATION TO BE FORWARDED TO SECRETARY OF TREASURY, GOVERNOR AND DELEGATE—PROPOSAL TO TAKE A POSTAL CARD VOTE OF TAXPAYERS ON THE SUBJECT IS ADOPTED.

TO THE MEMBERS OF THE MERCHANTS' ASSOCIATION.

Your special committee appointed to draft suitable resolutions bearing on the Federal building site, after careful consideration beg to submit the following.

Whereas, the Merchants' Association has been advised, that the Treasury Department has under consideration a proposal for an exchange of the site for a Federal building for Honolulu, which the United States government has recently acquired, and which is called the Mahuka site, and

Whereas, in the judgment of the Association such an exchange would be detrimental to the best interest of the United States government, and contrary to the wishes of almost the entire community of this city, who would with few exceptions disapprove of such a transaction, therefore it is

Resolved, that the president of this Association is requested to cable to the Secretary of the Treasury of the United States, and to the delegate and governor of the Territory of Hawaii, asking that no steps be taken in regard to such a plan until this association has submitted evidence as to the situation, has presented the sentiments of this community as they now exist, and has submitted the reasons why such a change should not be made.

Resolved, that a committee appointed for this purpose proceed without delay to obtain a full expression of the present views of this community on this subject, and submit the result together with any facts that have a bearing on this question, to the proper authorities in Washington, in order that they may be fully informed of the situation, and be in a position to act accordingly.

Your committee recommend also the following action, on the part of our association, as tending to bring out an expression of opinion from the citizens and taxpayers generally.

Motion to be made, that the Board of Directors of the Merchants' Association immediately take a special postal card vote by the members to express their preference for or against an exchange of sites for the Government building, taking a general postal card vote by the citizens and taxpayers of Honolulu upon the same question.

Memorial to be presented to Washington, to consist of, First. The synopsis or history of the acquisition of the Mahuka site, with the map showing the respective locations of the two sites under consideration.

Second. Reasons why the United States government would be better served if the present site is retained. Mention that Judiciary and the United States government officials were consulted at the time.

Third. Reasons why this community prefers the present site together with results of the postal card vote proposed.

Fourth. Mention moral obligation of the United States government to keep faith with those who subscribed to make the present site available. This was done on the specific understanding that the building would be erected on the site if the same was accepted. Most of the subscribers had no direct or other interest than to benefit the community at large.

Fifth. Argument, that even if there is only a reasonable doubt as to the wisdom of the exchange, and if the values in question are presumably in favor of the present site, that then the present site should have the benefit of such doubt, and no change should be made.

(Signed)

F. L. WALDRON,
EMIL A. BERNDT,
JAS. WAKEFIELD,
C. C. VON HAMM,
GEO. W. SMITH.

There was a short delay in opening writing of the document was a little the adjourned meeting of the Merchants' Association, that was all. President Smith ultimately appeared and called solution on the matter of the Federal building site, which was appointed for ten o'clock this morning. The type-

BACK WATER ON COASTWISE SUSPENSION

Following the action on the Federal building site question, the Merchants' Association this morning affirmatively acted, but less untidely, on the proposal to rescind its former expression in favor of suspension of the coastwise law.

Mr. Wakefield presented the report of the committee appointed on the subject last Friday, explaining that he had not obtained the signatures of his colleagues. As one of these was present and consenting the report was read. It is as follows:

WHEREAS, at a special meeting of the members of this Association, held August 30, 1907, action was taken au-

(Continued on Page Eight.)

HISTORY OF SITE

CHAMBER OF COMMERCE WILL TELL THE WHOLE STORY OF MAHUKA SITE.

A meeting of the special committee of the Chamber of Commerce, to which on Friday the Federal building site resolution presented by Mr. Bottomley was referred, took place at nine o'clock this morning.

The committee consists of F. J. Lowrey, F. M. Swanzy, A. Gartley, J. M. Dowsett and J. A. Kennedy. It presented its report in keeping with instructions at a general meeting of the Chamber this afternoon at 3 o'clock.

Besides a substitute resolution the committee presented a historical sketch of all the proceedings leading up to the purchase under condemnation by the United States Government. This of course included a statement of the extension of Bishop street at a cost of \$35,000, of which \$20,000 was from private contributions, on the strength of the selection of the Mahuka site by Special Agent H. A. Taylor of the Treasury Department.

PORTUGUESE ANNIVERSARY

The Portuguese of Honolulu will celebrate the 268th anniversary of the restoration of the independence of Portugal tomorrow, December 1st, at the Lusitana hall. In the morning at 5:30 the Concordia band and the committee together with many other Portuguese will assemble at Lusitana hall and salute the Portuguese flag. In the evening commencing at 7 p. m. the Hawaiian band will play in the grounds of the Lusitana society which will be brilliantly illuminated. At 8 p. m. the literary exercises will commence, the principal speakers being Consul A. S. Canavarro, Rev. Father Stephen and Rev. A. V. Soares. Major Camara will introduce the speakers. After the literary exercises there will be dancing in the hall and an open air moving picture exhibition and also slides showing views of Portugal and other Portuguese countries. The committee in charge of the celebration extends a cordial invitation to all Portuguese to attend.

KING OF KALIHI KIDS IS CAUGHT

Antone Phillip is in custody, per order of Chief of Detectives Jack Kalkiela. Others will follow.

Antone has been the leading spirit in a gang of young mischief-makers and hoodlums who gather all the way from Moanalua to the pumping station, in the evenings particularly, and congregate at the corner of Kamehameha IV road and King street, where they tantalize pedestrians, enter Japanese shops and eat without paying, gamble on the road and otherwise make nuisances of themselves.

Three unsuccessful attempts have been made to break up the gang and the capture of Antone, supposed to be the leader, is the first step to relieving that neighborhood of a pestiferous horde.

Antone's case comes up in police court on December 7.

AN INFALLIBLE REMEDY. No matter how severe an attack of diarrhoea may be, Chamberlain's Colic Cholera and Diarrhoea Remedy never fails to give relief. You cannot afford to be without it. For sale by all dealers, Benson Smith & Co., agents for Hawaii.

TERRITORY WINS FINAL DECISION IN A BIG CASE

(Associated Press Cable to The Star.)

WASHINGTON, D. C., November 30.—The appeal of Cotton Bros. in the dredger case brought by the Territory of Hawaii in which the latter was awarded \$27,000 damages, has been dismissed by the United States Supreme Court on the ground that it has no jurisdiction in the matter.

This case arose from the sinking of a dredger belonging to the Territorial Government when it was being used by Cotton Bros. who held the contract for the dredging of the Pearl Harbor channel and bar. The Territorial Supreme Court affirmed the decision of the Circuit Court which gave the Territory damages in the sum of \$27,000, and a further appeal was taken to Washington.

The jurisdictional question raised by the Territory in this case was in regard to the question of taking the matter before the United States Supreme Court on exceptions. The view held by Attorneys Hemenway and Prosser in their brief was to the effect that the decision of the Territorial Supreme Court on an exception was not a final decision, and that according to the law only final decisions of the Territorial Supreme Court involving over \$5000 could be taken to the United States Supreme Court.

STEAMERS COLLIDE; 700 DROWNED

CHEFOO, November 30.—In a collision between two Japanese steamships it is reported that seven hundred have been drowned.

ESCAPE MADE FROM DETENTION SHED

SAN FRANCISCO, November 30.—Twenty-one Chinese who were being guarded in the detention shed in this city awaiting shipment have made their escape.

NEW NAVY SECRETARY

WASHINGTON, D. C., November 30.—Herbert Satterlee will succeed Secretary of the Navy Newberry who was appointed vice Secretary Metcalf.

REOPEN SAKE CASE

WASHINGTON, D. C., November 30.—The Supreme Court has given a decision by which the sake case from San Francisco may be reopened.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

THE LOG-BOOK

Instead of red and green lights for vessels, Dr. J. H. Claiborne, of New York, advocates a parallelism of lights on the starboard side and two white lights vertical for the port. He thinks this would obviate the possibility of mistakes by color-blind sailors, and as a bunch of lights might resemble a star it would mnemonically be known as starboard. All very well for big ships that have stacks of electric lights, perhaps, but how about the little fellows who can't afford more than a couple of oil lamps? As for mnemonics, what's the matter with remembering that red is the color of port wine, while green is a sea color and the word sea has the same initial as starboard, which reminds one of the Englishman who said it was a water color and he didn't see what that had to do with starboard any more than sideboard.

HILLO SHIPPING.

HILLO, November 26.—The Matson line steamer Enterprise anchored in Hilo harbor about eight o'clock on Monday morning after a pleasant trip from San Francisco. She only had six passengers on this trip, but made up for this in other live stock with innumerable crates of chickens, some for Thanksgiving tables and others for breeding purposes; crates of live turkeys that will mostly all find their way to the table; a couple of mules for the Hawaii Development Company; two horses for the Hilo Electric Light Company; one horse for John T. Moir, and one for Brughell, five for Waialeale plantation. She also brought more ice house goods than usual, fresh cauliflower and rutabaga turnips, frozen oysters, grapes, apples, pears, oranges, grape fruit and about the most miscellaneous assortment of general cargo ever discharged into the Matson warehouse.

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED NOVEMBER 14, 1908.
 Honolulu, November 16, 1908.
 GENERAL SUMMARY.

Much cooler weather obtained throughout the section, the mean temperatures being from 1.0 deg. to 3.8 deg. lower than during the preceding week. On Maui and Molokai, and in the Honolulu, southern portion of the Koolau and lower levels of the Ewa districts of Oahu, the Koolau district of Kauai, and in portions of the Hamakua and Puna districts of Hawaii the changes ranged from -2.0 deg. to 3.8 deg.
 The total rainfall was below the average for the week at all stations in the section having a record of ten or more years, excepting in the central portion of the Hamakua district of Hawaii, where excesses of \$.57 to 0.71 inch occurred. The deficiencies, in inches, in the several

WOULD END THE CABLE MONOPOLY

HENNIKER HEATON URGES ACTION BY NATIONS TO REDUCE THE TOLLS.

LONDON, November 10.—John Henninger Heaton, father of the Imperial penny postage idea, addressing a big audience in the Royal Colonial Institute this evening, advocated the transmission of cablegrams at one penny a word. He declared that an immediate end ought to be put to the present cable monopoly at any cost and that the cable companies should be bought out at the market price by the civilized governments of the world. The first step to this end will be a conference of the Postmaster-Generals of Europe and the establishment of the penny-a-word rate in this hemisphere; then there should be a conference with the postal authorities in America. The carrying capacity of the cable lines between the Continent and America, Heaton declared, was twelve times greater than the amount of business at present handled and a majority of them were unscrupulously kept idle by the cable monopolies.

Civilized governments should and would abolish political frontiers for telegraphers. Heaton urged a universal tariff as the best way to clear up misunderstanding and bring races into touch with races, thus silencing the influence that makes for war.

FURNISHED IN ADVANCE.

After facing a jury for a couple of hours the Judge was congratulating himself that the case was about over, when he accidentally discovered there were only eleven jurors present. "How's this?" he queried, in surprise. "Where is the twelfth man?" "He went to a funeral, your honor," answered the foreman, innocently; "but he left his verdict with me."—Exchange.

THE LOG-BOOK

to enable her to leave San Francisco on December 10, arriving here about December 18 with the very latest goods for Christmas.

The A-H steamer Texan arrived early yesterday morning with 350 tons of Eastern and Coast freight for Hilo, leaving for San Francisco direct later in the day.

The bark Annie Johnson, arrived, on Tuesday afternoon, 18 days out from San Francisco with a full cargo of general merchandise.

Hawaiian and Australian papers of late have voiced the contention that tourists should be encouraged to see the charms of their respective countries and the island world of the Pacific generally. The point is well taken and from latest reports it would appear that capital in the near future will exploit the field as desired.

Canadian officials are arranging to send a colony of some two thousand Hindus, now almost destitute in British Columbia, to British Honduras for work on the plantations. Labor of this sort has hitherto been imported from India. Ten ships will probably take the coolies to Panama and others to their destination.

The S. S. Lurline, of the Matson Navigation Co., talked by wireless telegraph to Honolulu and San Francisco at the same time when 1,400 miles out of San Francisco, October 29. This is the first time that a steamer has been in telegraphic communication with both ports at the same time.—New York Shipping Illustrated.

A marine court at Sydney, N. S. W., has exonerated the captain of the Br. S. S. Aeon from all blame in connection with the loss of that vessel. The court found that an unexpectedly strong current caused the wreck.

districts were: Hawaii—Kohala 0.35 to 0.46, northern Hamakua 0.82. Hilo 0.39 to 2.35, Puna 1.63, Kau 1.07 to 1.29, and Kona 0.62; Maui—Hamakua 1.21, and Lahaina 0.50; Oahu—Koolau 1.03 to 1.54, Honolulu 1.08, and Waianae and Ewa 0.70 to 0.73, and Kauai—Kona and Koolau 1.50 to 1.68, and Waimea 0.64.

The following were the amounts, in inches, in the different districts: Hawaii—Kohala 0.72 to 0.88, Hamakua 0.72 to 2.20, Hilo 0.82 to 2.87, Puna 0.39 to 1.32, Kau 0.30 to 1.32, and Kona 0.46 to 0.81; Maui—Koolau 0.91 to 1.91, Hamakua 0.41, Hana 1.53, Wailuku 0.31, and Kula and Lahaina 0.00; Oahu—Koolau 0.29 to 0.43, Honolulu trace to 0.09, Ewa 0.00 to 0.06, and Waianae 0.00; Kauai—Koolau and Kona 0.04, Puna 0.00 to 0.02, and Waimea 0.00; and Molokai 0.13.

Hawaii	Temperature	Rainfall
Maui	70.6 deg.	1.32 inches.
Oahu	70.2 deg.	0.72 inch.
Kauai	72.3 deg.	0.13 inch.
Molokai	70.5 deg.	0.05 inch.
	73.5 deg.	0.13 inch.

Entire Group..... 70.9 deg. 0.78 inch.
 At the local office of the U. S. Weather Bureau in Honolulu clear weather generally obtained, with a trace of rainfall, a deficiency of 1.08 inches as compared with the weekly average, and .06 inch less than during the preceding week. The maximum temperature was 79 deg., minimum 64 deg., and mean 72.1 deg., 3.0 deg. below the normal and 2.5 deg. lower than last week's. The mean daily relative humidity ranged from 60 per cent to 68 per cent, with a weekly mean of 66.3 per cent. Southwesterly winds prevailed on the 10th, and northeasterly on the remaining dates and for the week, with an average hourly velocity of 6.0 miles. The mean daily barometer ranged from 29.92 to 30.03 inches, and the mean for the week 29.97, was 0.01 inch above normal.

U. S. DEPARTMENT OF AGRICULTURE. WEATHER BUREAU.

The following data, covering a period of 33 years, have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month of October for 33 years.
 TEMPERATURE. (1890-1907). 18 years.
 Mean or normal temperature, 77 deg.
 The warmest month was that of 1906, with an average of 78 deg.
 The coldest month was that of 1903, with an average of 75 deg.
 The highest temperature was 90 deg., on the 10th, 1891; the 30th, 1892.
 The lowest temperature was 63 deg. on the 30th, 1802.
 PRECIPITATION (rain, 22 years) (1877-94, 1904-7).
 Average for the month, 1.67 inches.
 Average number of days with .01 of an inch or more, 14.
 The greatest monthly precipitation was 4.32 inches in 1884.
 The least monthly precipitation was 0.44 inches in 1885.
 The greatest amount of precipitation recorded in any 24 consecutive hours was 2.36 inches on the 29th, 1882.
 RELATIVE HUMIDITY.
 Average, 8 a. m., 68 pct.; 8 p. m., 72 pct., (1904-7); average, 9 a. m., 68 pct.; 9 p. m., 75 pct., (1893-1903).
 CLOUDS AND WEATHER. (1890-1907). 18 years.
 Average number of clear days, 10; partly cloudy days, 17; cloudy days, 4.
 WIND. Direction 24 years. Velocity 4 years.
 The prevailing winds are from the NE. (1875-94, 1904-7).
 The average hourly velocity of the wind is 8.2 miles (1904-7).
 The highest velocity of the wind was 28 miles from the NE on the 26th, 1904; the 17th, 1907. (1904-7).
 Station: Honolulu, T. H.
 * 9 o'clock averages from records of Territorial Meteorologist; 8 o'clock averages from Weather Bureau records.

EUROPE REGARDS IT AN ALLIANCE

Agreement Between America and Japan Received With General Acceptance.

A TERRIBLE MINE FATALITY.
Capital of Hayti in State of Anarchy—Oklahoma Capital Flooded.

LONDON, November 29.—The Japanese-American agreement, the text of which was made public yesterday, has been received with general satisfaction throughout Europe.

LONDON, November 30.—The English and French press, discussing the reported American-Japanese agreement regarding the expressed intention of the two Powers to maintain the status quo in China, regard the agreement as tantamount to an alliance between the two nations.

COAL MINE HORROR.
PITTSBURGH, November 29.—Two hundred and seventy-five miners were entombed in a mine here yesterday as the result of a gas explosion. When the galleries had been opened it was found that several of the men were still alive. The list of dead reaches one hundred and twenty-five among the miners so far reached by the rescuing parties.

PITTSBURGH, Pennsylvania, November 30.—Fifty more bodies of the victims of the mining horror of Saturday have been recovered. This brings the total list of known fatalities to date up to one hundred and seventy-three.

BLACK CAPITAL IN PANIC.
PORT AU PRINCE, Hayti, November 29.—The revolutionist army is nearing this city and the citizens are in a state of panic. Yesterday the United States cruiser Tacoma arrived to protect American interests and the cruiser Des Moines is looked for today.

MILITARY AIRSHIPS.
BERLIN, November 29.—The official trial yesterday of the Parseval airship was so successful that the German government has decided to buy the patent rights of the inventor and to erect permanent airship stations at Metz and other German fortresses.

NIGHTRIDERS INDICTED.
UNION CITY, Tennessee, November 29.—Nineteen of the nightriders implicated in the murder of Captain Quentin Rankin three weeks ago have been indicted.

The story of the crime is given in the Washington Post as follows: "In the northwestern corner of Tennessee, near Reelfoot Lake, where the inhabitants are mostly fishermen, two of the most prominent lawyers of the State were dragged from their beds in the hotel of which they were guests, marched by an armed body of masked men to the edge of the lake, and with less ceremony and respect than was ever shown a confessed horse thief, one of them, Captain Quentin Rankin, was quickly hanged to a tree and his body riddled with bullets. His associate, Colonel R. Z. Taylor, witnessed the lynching, and then catching the nightriders unawares while they were voting to determine what disposition should be made of him, dashed into the lake and found refuge behind a half-sunken log. His pursuers fired a volley into the log and left him for dead. Colonel Taylor, notwithstanding his sixty years, remained in the water until morning, and then, nearly dead from exposure, he groped his way through the underbrush, carefully avoiding paths which might lead to some unfriendly clearing, until twenty-four hours later he fell at the door of a farmhouse, where he was taken in and given food and shelter."

The two attorneys had aroused the enmity of the nightriders by refusing

PACIFIC COAST START FOR POLE

CAPTAIN AMUNDSEN WILL COME TO SAN FRANCISCO TO TAKE HIS DEPARTURE.

CHRISTIANIA, November 11.—Captain Roald Amundsen, the explorer, lectured on his projected polar expedition to the King and many noted scientists at a meeting of the Geographical Society tonight. Captain Amundsen's expedition will start for San Francisco early in 1910 aboard the Fram, which will be equipped for a seven years' voyage.

Fridtjof Nansen, the Arctic explorer, spoke highly of Captain Amundsen's plans and wished him success.

Captain Amundsen plans a drifting voyage similar to that undertaken by Nansen. He intends to fasten his ship in the ice to the northwest of Point Barrow, the most northerly point of Alaska, and hopes to drift near the pole.

PUNISHED BY THE COMPANY.
SAN FRANCISCO, November 11.—Miss Martha O. Wilson, the returning missionary who brought ashore under her own declaration the dutiable goods of others, having been allowed to go on her way as having had no designs against the government, Collector Stratton turned his attention yesterday to the steamship company. He learned that Dr. E. Dosier, surgeon on the Hongkong Maru, who was the owner of some of the dutiable articles brought ashore by the missionary, has resigned his position and that as soon as the officials learned of the matter they suspended for a period of six months Mrs. J. Kennedy, the stewardess to whose ingratiating voice Miss Wilson confessed she had also listened. As the steamship officials seemed so anxious to set the matter right, Collector Stratton concluded that the punishment inflicted by them was sufficient.

SOMETHING FOR THE CHILDREN.
The purity of Chamberlain's Cough Remedy has long been an established fact. Give it to the little ones. It contains no opium or other harmful drug and will cure their coughs, colds and croup. For sale by all dealers, Benson Smith & Co., agents for Hawaii.

TRAIN ROBBERY IN RUSSIA.
TROITSKOSAVSK, Russia, November 29.—A treasure train was held up here by robbers yesterday and one hundred and twenty-five thousand dollars stolen.

BOYS FROZEN TO DEATH.
VENTURA, California, November 29.—Three boys who had gone into the mountains near here were found yesterday frozen to death.

BULGARIAN CABINET RESIGNS.
SOFIA, Bulgaria, November 29.—The Bulgarian cabinet has resigned.

THREE THOUSAND HOMELESS.
GUTHRIE, Oklahoma, November 29.—Fifty blocks in this city are inundated though floods. Three thousand people are homeless and without shelter in the heavy rains that are falling.

ROOT'S ELECTION CONCEDED.
ALBANY, New York, November 30.—It is conceded here that Secretary Root will be elected to the United States Senate in succession to Platt.

GREAT SNOWFALL IN DENVER.
DENVER, Colorado, November 30.—There has been an unprecedented fall of snow here in the last twenty-four hours.

QUEEN AND DELEGATE.
WASHINGTON, November 30.—Queen Liliuokalani and Delegate Kanihanoa have arrived here.

GIANT WARSHIP TAKES THE WATER

The North Dakota, First of the American Dreadnaughts, is Launched.

TWENTY THOUSAND TONNER.
Will Cost Seven Million Dollars Complete—Estimated Speed Twenty-one Knots.

QUINCY (Mass.), November 10.—The most powerful addition which the Navy of the United States has ever received, an American first all-around big-gun battleship, the North Dakota, was successfully launched today from the yard of the Fore River Shipbuilding Company.

With the foam of the christening wine streaming down her bow plates from the bottle smashed by Miss Mary Benton of Fargo, N. D., and under the eye of Governor John Burke of the State for which she is named, the North Dakota floated off into the basin, about 60 per cent completed. Some time next summer she will be turned over to the Government for acceptance, and, if she fulfills the test, will go into commission next September.

The North Dakota is looked upon by naval experts as establishing a new epoch in battleship construction. More than 10,000 people, including representatives of two states and the National Government, gathered at the yards of the Fore River Shipbuilding Company today to witness the launching of America's most powerful sea fighter.

While the North Dakota follows nearly a dozen great vessels launched at the Fore River yards, her dip into the sea today was regarded as establishing a new epoch in the history of the United States Navy, because of her strength, both in attack and defense, and by the fact that she is the first all-big-gun ship of the Navy. The christening party came on specially from North Dakota, including Governor John Burke and Miss Mary Benton, together with a number of officials and many ladies. The guests of the yard came from Boston on a special train.

The armament is to consist of ten twelve-inch long-range rifles, fourteen five-inch rapid-fire guns, four three-pound and a like number of one-pound semi-automatic guns, two three-inch field pieces, two machine guns of fifty-caliber and two twenty-one-inch submerged torpedo tubes.

The battleship will have a displacement of 20,000 tons, 2000 tons in excess of the original British Dreadnaught. It is estimated that a speed of more than twenty-one knots will be attained on her trial, and that the battleship's horse-power will exceed 25,000.

Including officers, the crew will number more than 900 men. It is estimated that when formally taken over by the Government the North Dakota will have cost at least \$7,000,000. To Captain Charles J. Badger, U. S. N., recently superintendent of the Naval Academy at Annapolis, will go the honor of being the first commanding officer of the premier Dreadnaught of the United States Navy.

QUITTING EVEN.
"A fair exchange is no robbery," remarked Blobs, as he raised in the jack-pot.

"Do you call that a fair exchange?" asked Slobbs.

"Certainly," replied Blobs. "I have your money and you have my sympathy."—Philadelphia Record.

FITS
Those awful, agonizing, dangerous fits are the result of an aggravated condition of nervous debility. Dr. Miles' Nerve has made many remarkable cures by restoring health and strength to the nervous system. Sold by druggists under a guarantee that the first bottle will benefit, or your money returned.

The Hawaiian Star

DAILY AND SEMI-WEEKLY.

Published every afternoon (except Sunday) by the HAWAIIAN STAR NEWSPAPER ASSOCIATION.

SUBSCRIPTION RATES.

Local, per annum \$ 8.00
Foreign, per annum 12.00

Payable in Advance.

Entered at Post Office at Honolulu, Hawaii, as second class mail matter.

Subscribers who do not get their papers regularly will confer a favor by notifying the Star Office; Telephone 365.

The Supreme Court of The Territory of Hawaii has declared both THE HAWAIIAN STAR (daily) and THE SEMI-WEEKLY STAR newspapers as general circulation throughout the Territory of Hawaii, "suitable for advertising proceedings, orders, judgments and decrees entered or rendered in the Courts of the Territory of Hawaii."

Letters to THE HAWAIIAN STAR should not be addressed to any individual connected with the office, but simply to THE HAWAIIAN STAR, or to the Editorial or Business Departments, according to tenor or purpose.

GEORGE F. HENSHALL MANAGER
MONDAY NOVEMBER 30, 1908

JAPANESE JOIN THE AGITATION.

From the first the local Japanese press has supported the efforts of Makiki citizens to prevent the building of tenement houses in the residence districts. The esteemed Advertiser this morning lays stress on the duty to see that the agitation is not racial in any way, and some of the Japanese papers also call attention to the fact that, though the tenement houses happen to be Japanese, that is not the reason for the agitation. The Star has many times stated in its comments on this matter, and it now repeats once again, that no race question has anything to do with this subject. A tenement house filled with white laborers as it is proposed to fill these with Japanese would be objected to just the same,—in fact, we fear that such a crowded camp of a certain class of whites would be more objectionable than one of Japanese, for the latter are notoriously most cleanly in habits. But the point is that no tenement houses, or labor camps, of any kind whatsoever, should be allowed in the residence districts at all. From the time when it was first organized and began the agitation, the Kaahumanu Improvement Club, of Makiki, has taken this attitude, and in all its expressions, it has taken care to clearly state that there was no race issue involved. Hence disclaimers now seem superfluous.

The fact is that Japanese owners or occupiers of residences should, as their press indicates, join in the movement to preserve the beauty of the home districts. Families who will make homes, no matter of what race, in these districts, are wanted and welcomed on every hand. The Japanese or Chinese or any professional man, or other home-maker of any occupation, who establishes a residence, is as welcome everywhere as any other,—and he doesn't want a labor camp next door to the home he is trying to improve any more than anyone else does.

AN EPOCH-MAKING TREATY.

Has the time come when the United States is to turn away from the advice of George Washington about "entangling alliances" and take her place as a treaty-making power in the affairs of the Far East and then, as a natural consequence, in those of Europe? The treaty with Japan, amounting almost to an alliance, indicates that the Roosevelt administration has added this great departure from precedent to its many striking progressive developments. Of course there is nothing in the covenant which binds either nation definitely to the defense or assistance of the other in war, but there is a compact disposing of possible points of difference between Japan and America and providing for efforts to take "joint action" in the event of complications in the Far East, the only place where new differences between Japan and America could well arise. As far as the effect in Europe is concerned, the nations are so closely bound together now, that such an agreement as the one now reported concerns all. The combination of the United States, Great Britain and Japan, acting in harmony, is simply invincible in almost any part of the globe where fighting might be done. Does it not seem likely that these three powers, brought into harmony as they now are, can keep the peace of the world for years to come? Roosevelt has probably in his closing days added to his achievements a diplomatic success that may make a date in history which will be as much of a landmark as the Treaty of Berlin.

As for the local effect, and the effect on Pacific commerce, of this agreement, The Star is constrained to repeat what it said two weeks ago, when the Hawaii Shimpo first reported the treaty:

A treaty between the United States and Japan, ensuring peace in the Far East, strengthening the national security of China, would open the way for vast commercial development, affecting the whole world. Undeveloped Manchuria awaits a time when capital can feel safe in its boundaries. Awakening China awaits the same contingency. A feeling throughout the East that a clash is in prospect stays development. If the fear is removed, we may expect much enterprise in the Far East, and this means a great Pacific Ocean commerce. The effect that such developments will have on Hawaii, and especially Honolulu, do not need describing.

What an answer this treaty is to the New York Sun and other American critics of President Roosevelt, which charged about a year ago that he was sending the American fleet to the Pacific to start a war with Japan and hinted that personal aggrandizement and a wish for a third term were his motives!

When it comes to beautifying Palace Square, the first thing to be done is to remove the fence from the Capitol grounds.

With the Marine Corps of the United States Navy relegated to exclusively shore duty, "Captain Jinks of the horse marines" will be taken seriously.

Until a strict law against cattle at large is passed and rigidly enforced between Moanalua and Diamond Head, the mountains and the sea, the movement to abolish fences will gain scant respect. In the same connection more drastic measures against fruit stealing and other forms of criminal trespass are required.

Now that airships are beginning to be regarded as practical for war purposes, look out for war airships and for vertical guns. The sensation of being deep under the surface in a submarine may be a keen pleasure, but it is nothing compared to the fun in prospect,—of being in an airship with guns trained on it from the ground and from rival airships.

Rains have flushed the sewers and cleaned out other breeding places of the mosquitoes, and a gale of wind has blown myriads of them far out to sea,—wherefore Honolulu is probably as free from the mosquito pest just now as she has ever been. It is an opportune time for redoubled efforts to keep her so. Officers of the Board of Health will do much, but the Board has not funds to completely cover the field. The co-operation of the public is needed. Let every resident see to it that his premises have no breeding places, and the pest

can never be a very serious one. A better time to renew the campaign than just now could not be chosen.

The Maui News assails Chief Justice Hartwell on the ground that he proposes to have a bill submitted to the Legislature which will give the Circuit Courts authority to refuse new trials upon the grounds offered by trivial technicalities. The writer makes a mistake. The Chief Justice has never proposed to have such a bill submitted, but has merely written letters to the members of the bench and bar of the Territory, asking for an expression of opinion on the subject. The Chief Justice informs us that his object in calling for opinion of members of the bench and bar upon an enactment of the rule of common law upon reversals of verdicts was to determine whether or not to recommend it to the legislature; but that on careful examination of the decisions of the Supreme Court ever since the judiciary act of 1892, he considers that legislation on the subject is unnecessary here, however needful it may be elsewhere.

In the annals of this industrial age there is no older, as there is not any worse, form of casualty than coal mine explosions. Neither does there seem to be any form of wholesale destruction of life more frequent in occurrence. Although the causes have become more and more understood all these years, means of prevention must have been grossly neglected to permit of so many casualties. What the invention of the Davey lamp has saved in life and property is beyond computation, but the carelessness of miners due to familiarity with danger in wantonly uncovering the lamp, or even lighting matches, to obtain a clandestine smoke, has often made that device no better than a calamitous snare. The supreme protection is adequate ventilation combined with precaution against misdirected drafts of air which drive the deadly gas into pockets of the mine, condensing it there in readiness for explosion on contact of the least spark from any of several preventable sources. It is up to legislatures simply to compel mine-owners, under severe penalties, to provide ventilation, and to make the underground managers responsible, in equal peril of the law, for keeping the ventilating devices always in perfect order.

DOCK TO BE CHEAP

ALAKEA STREET SHED PLANS ARE MADE OVER AGAIN TO CUT DOWN COST.

On the fifteenth of next month the bids for the construction of the shed which is to be placed on the Alakea street dock will be opened for the second time in the Department of Public Works. When the bids were opened some time ago, for the first time, the lowest tender was made by John Hughes, of this city, offering to handle the entire work for \$72,840. As the total amount appropriated for the work was but \$45,000, the tenders were all rejected and many modifications in the plans have been made.

The most important of the changes under which bids will be called for on December 15, is in the shortening of the building to be erected. Where the first plans called for a building to be 561 feet in length, the plans now look to a structure of but 443 feet. The width will remain the same. The front of the building which was extremely handsome before has been very much simplified under the new plans and instead of being a structure which will appeal to the eye in every way, its outlines will be much plainer and more severe.

The plumbing of the building will also be in the nature of a change which will cut down cost and the style of the roof will be different. In this manner it is expected that the bids will come within the appropriation which now has remaining the sum of \$43,549.01.

POOR MAN.

Enpeck's will was being drawn up by the lawyer. "I hereby bequeath all my property to my wife," dictated Enpeck. "Got that down?" "Yes," answered the

MURDER CHARGED

FATAL ENDING OF A ROW NEAR JAPANESE CAMP AT PAIA.

Murders in this Territory seem to be in fashion just now and the last case of this kind to be called to the attention of Deputy Attorney General Whitney comes from Maui. There, on Sunday, Nov. 22, a Porto Rican named Ramon Morales was clubbed to death by one of his fellow countrymen, Antonio Torres. The accounts of the affair seem to differ somewhat but it appears that another Porto Rican named Domingo Perry caused the trouble by coming from a Japanese camp near Paia and using the most insulting of language toward a group of his countrymen who were standing on the road.

This started a fight and it is alleged that Morales took Perry's part and in the fight that followed opened a pocket knife and stabbed Torres slightly in the back of the neck. The latter, when he realized that he had been cut, seized a club from the hands of a bystander and hit Morales over the head several times, inflicting fatal injuries. The majority of the witnesses say that none of those present were intoxicated.

Judge Dole and Judge Hart are purchasers of one each of Mr. Wix's paintings of Kauai scenery. The artist will take his Makaweli and Waima canyon pictures to New York.

ANOTHER DEBT COLLECTION LAW

LEGISLATURE TO BE ASKED TO PASS AN ACT MAKING REAL ESTATE OWNERS ACTIONABLE.

One of the important matters which will be brought before the Legislature at its coming session will be in the nature of what is known in legal language as a "lis pendens" law. Nothing of this kind is to be found in the statutes of the Territory at the present time.

Deputy Attorney General Sutton is working upon a statute of this kind at present, which will provide that in case a suit is filed against a defendant owning real property, after notice has been filed with the Registrar of Conveyances, the property may not be transferred without the new owner being made a party to any suit pending at the time such a transfer is made. Almost all the states of the Union have such a law at the present time and it appears that it is something needed in this Territory.

ASYLUM GUARD LOSES HIS JOB

Fireman Branco, employed by the Inter-Island, says a guard of the Asylum for the Insane pulled the car and punched the face of a Japanese patient who had escaped, yesterday, and was being returned, when the patient was going back peacefully.

Dr. Peterson investigated the matter, the guard went to the extent of admitting that he "used his hand" on the patient, and the superintendent allowed him to seek employment elsewhere.

CAMPBELL'S DOG BIT AGED MAN

An aged and decrepit Hawaiian inmate of the Lunalloo home is prosecuting A. N. Campbell of the Henry Waterhouse Trust Co. in the allegation that Campbell's dog bites him. Twice before, says complainant, has the canine tasted of the old man's anatomy and again did he use his teeth on the ancient gentleman on Saturday. Common nuisance is the technical charge and the case was today put over until Wednesday.

SPEAK-EASY IN RICE REGION

Manuel Coito on Wednesday next will in police court have to answer to a charge of selling liquor without a license. Fennell and Madeiros last night apprehend Coito selling liquor in his home in the rice fields of Palama. The officers had a drenching in the rain but landed their prisoner and a cask of dago-red. Coito and his daughter confessed. The girl, being a young mother, was not submitted to the discomforts of arrest.

All members of the Palama Athletic Club are hereby earnestly requested to attend a special meeting to be held tomorrow evening at 7:30 o'clock at 359 School street.

HALEIWA ON SUNDAY.

Visitors to Honolulu should not overlook Haleiwa in arranging an itinerary for their stay in the islands. It is a beautiful spot and the ride over the Oahu Railway line is interesting. Nowhere in the country is there a railroad running so close to the shore that the sea spray moistens the cars. This is especially the case at this time when the wind is in a direction that makes an exceedingly high surf along the line. The Haleiwa Limited, leaving on Sunday morning, makes the run in two hours.

Get your name on the list at Waterhouse Trust Co. for a cusseless, waitless, out-of-order-less, girlless telephone.

BLOW STIRS CITY AND HOLDS ASIA

ROLLICKING GALE LAST NIGHT—SEVERAL DAYS OF HIGH WIND—S. ASIA SHOULD HAVE ARRIVED FROM FRISCO THIS MORNING. TWO SHIPS SAIL OUT INTO STORM—WHIRLWIND IN MANOA AND PALOLO VALLEYS.

For three days there has been a pinging wind, a wintry wind at times, though the force of the swift currents from the northeast has been more observed than the coolness, and last night a gale was angering the sea and smashing over Diamond Head's fest with great waves the breaking of which tossed the spitting spray high in the air.

And all along the windward coast have the water-whirls been roused, the usually calm deep places within the coral bounds heaving with the force hurled over the barriers. Fish were seen in unusual places and the haunts of other fish, daily sought by native fishermen, have been rendered temporarily unprofitable.

In the harbor last night the bark S. C. Allen, lying in the cradle of the marine railway, was as a harp, with her bare poles, upon the strings-of which the fiercely gusty winds played with strenuous fingers. Boathouses swayed and the big collier Hermiston yanked at her moorings at the Naval wharf as if she wanted to skip the channel backwards. Scaffolding used on the concrete structure of the new lighthouse on Sand Island vibrated with every fresh onslaught. All snipping looked to its moorings, and the baby craft, sampans, yachts and island schooners danced a jig less merry than anxious. Inter-island boats felt all bottoms and rigs, and all people around or about at night felt it.

And with all the wind there was but half an inch fall of rain in the city yesterday. The wind scurried the rain clouds far to sea. Beyond the harbor any observer from shore yesterday could see clearly the line where the slant of the full force of the wind coming over the mountains hit the face

of the ocean and lashed it to torture. About the middle of the afternoon of yesterday there was something of a whirlwind through Manoa valley, a few trees being prostrated and some damage done to fences. Down Palolo valley there was a zipping and a shrieking that put sympathy in the hearts of all for those at sea.

Rough weather was to be expected by the French bark Rochambeau and the American ship Falls of Clyde which left this port yesterday morning, the former for Portland and the latter for oil ports. They will get it. And the steamship Asia, which was expected to arrive this morning early from San Francisco, and had not been reported at 1 p. m. today, she is probably getting a little of what she got on her last trip to this port from Yokohama. Then she was in a typhoon and lost life-boats and some other gear. Now she is getting it astern, unless the force is so that she has had to suffer delay by putting about to stick her nose into it.

In town yesterday and Saturday there were many lost hats from trolley cars, plenty of ballooning holokus on street corners where their wearers would suddenly emerge from the shelter of a city block and meet the swirl of wind coming down a cross street. Women walked with both hands engaged, one on their hats and the other on their skirts. But this afternoon there has come a comparative mildness. Perhaps it is but a lull. Up the Nuuanu valley Dr. Cooper lost the roof off a small building on his premises, and sheets of corrugated iron from the roof of the old Pacific Heights power house went whirling like paper through the air.

TOMBS OF THE ALIIS

SUPERINTENDENT CAMPBELL PREPARING FOR THE CONSTRUCTION OF MONUMENTS.

The preparing of fitting resting places for the remains of the Aliis of Hawaii, and the departed monarchs, is a matter which is being taken up at present by Superintendent of Public Works Campbell and tenders for the erection of monuments and the construction of underground vaults for this purpose, for which money was appropriated by the last Legislature will soon be called for.

Two vaults and two monuments are to be erected in the Nuuanu cemetery for the reception of the remains and the plans are now underway. The first of these vaults will be for the bodies of Kalakaua and his queen and the monument will be a striking one built of marble with a grey granite base. It will rise on a shaft to the height of forty feet.

The second vault will be larger, being intended to receive the bodies of the aliis. The monument to be placed in front of it will be of polished granite and will be suitably inscribed with the names of those who have the vault as their last resting place. The list of those who are entitled to the honor of having their ashes placed in this vault is a matter of a good deal of importance and was taken up with Queen Liliuokalani before her departure for

the mainland. At the time she made a list herself, which is being added to under the direction of persons who were requested to take up the matter by Her Majesty.

CRIMINAL GASES IN CIRCUIT COURT

SEVERAL IMPORTANT TRIALS IN PROSPECT—DEFENDANTS APPEAR BEFORE ROBINSON.

There was a good deal of business before Judge Robinson in the Circuit Court this morning, a number of cases coming up for trial. The murder case of George Kalekiki, who killed his wife in Kalihii some three months ago, was continued for a week. The case of Henry Lancaster, charged with malicious burning, was nolle prossed at the request of the Attorney-General's department.

In the matter of the case of H. P. Chase, accused of furious driving, under the county automobile ordinance, which came up on appeal from a \$39 fine given by Judge Andrade, the defendant did not appear either in person or by attorney and his bail money was declared forfeited. The charge against him was dismissed.

The case of Kimura, accused of stabbing another Japanese in the Winston block was taken up for trial. Little trouble was found in obtaining a jury and the prosecution commenced to put on its case early in the morning. County Attorney Cathcart is prosecuting and S. F. Chillingworth defending.

Rev. Henry P. Judd has made a visitation tour of the evangelical churches on Maui.

SPORTS

JINGLER AND JOLLIER TRAIN FOR WHAT?

wonder and the utmost curiosity, endeavoring to decide whether it is a heavyweight boxing contest that is to be pulled off to the great delight of all the local fans and pug, or whether it is to be a three-time round Oahu Walking match.

Ayres has here and on other continents distinguished himself walking, never having known defeat on the hike, and Denham's legs are prodigious and not without elasticity.

Denham, if it comes to boxing, is built on the Fitzsimmons plan, while the physical geography of Ayres more closely resembles Jeffries.

Old Baldy has a hot punch, but the Jangler, the man who made Almy famous, has a reach that will open a window from the center table where the photograph album rests.

Ohule is lively on his feet, as Billy Wood, expert trainer, will testify, and Denham will have a chase after his man if they mingle in the squared merry-go-round.

Reddy is cute at the heart and kidney jabs, while His Jinglets is nifty with the straightaway man for the mush. Either is calculated to mess a map if war is declared.

Of course, since neither will consent to be interviewed, it is impossible to certify that it is the ring they are training for, but whether for boxing or hiking or long-distance and brilliant ink-slinging the entertainment, when the combat comes, will be a matter for history to record in capital letters.

Here is the grind each man goes through every day:

1. Skipping the rope.
2. Setting up exercise.
3. Dumb-bells.
4. Floor exercise.
5. Swimming.
6. 3-mile run along the sand.
7. Another swim in harbor.
8. Few rounds, boxing.
9. Another dip in the drink.
10. Sun-bath, au natural.
11. LUNCH.

Lack of space prevents the publication at this time of what they eat for lunch.

FOOTBALL BEFORE SOLDIER DUTY

NASHVILLE, Tenn., November 10.—One of the heroes the night rider troubles have developed is "Red" Hasslock of Nashville, right guard on the Vanderbilt university football team and first sergeant of Co. K, First Tennessee regiment.

When the call to arms was sounded by Gov. Patterson, the company in which "Red" is a member was assigned for duty in the Reelfoot lake night rider district. Sergt. Hasslock was on hand long before train time, with rifle, krapasack and blanket.

But "Red" is also the valued right guard of the Vanderbilt football team, and the Commodores needed his services badly for their battle with the University of Michigan at Ann Arbor. Many wires had been pulled to secure "Red's" leave of absence for that game, and finally Co. Tatem yielded. At noon, three days before the game, he gave "Red" permission to join the football team.

There were only two ways to get to Union City, 20 miles away. One was to catch the regular wagon and miss the train, the other to walk on ahead of the wagon and make the train connection. "Red" was taking no chances on not meeting his comrades for their battle with Michigan.

With fearless heart and sturdy step he hit the road, and, ALONE HE WALKED TWENTY MILES THROUGH THE HEART OF THE NIGHT RIDER TERRITORY, caught the train at Union City and arrived in Nashville on time. He went to Ann Arbor and gave a good account of himself in the football battle.

GOOD POULTRY SHOW ASSURED

Preparations are actively on foot for the fourth annual exhibition of the Hawaiian Poultry Association. As the breeding season has been a good one, the show will be an improvement over last one. It will be held January 13 to 16, both days inclusive. Besides cash prizes and silver cups from the local association, there will be silver medals and diplomas from the American Poultry Association. George R. Andrews of Fresno, California, will again place the awards, the judging to be by score card. The premium list will soon be issued.

Officers of the association are Raymond C. Brown, president; L. C. Ables, vice president; J. J. Greene, secretary-treasurer; Walter E. Wall, C. Montague Cooke Jr., Dr. C. B. High and B. F. Beardmore, directors.

NINETY MILES AN HOUR ON PENNSYLVANIA ROAD.

PHILADELPHIA, November 10.—Close on the heels of the announced electrification of the Pennsylvania railroad from Harrison, Newark suburb, to Long Island City, comes the official statement today that the system from Manhattan and Jersey City to Philadelphia will also be electrified and that the running time between New York and Philadelphia, ninety miles, will be reduced to one hour. The fastest time now between the two points is two hours.

The Westinghouse Company is already at work on the new engines which are capable of a speed of 120 miles an hour. It is also said that the next step in the general electrification scheme will be started between Philadelphia and Pittsburgh.

ming, boating, yachting, wrestling, boxing, hiking, shot-putting, racing, gunning, basket balling, hand-balling, polo-ing, automobilng and all the rest, could be included and every sport in town would buy a copy. It might be revised, say, every year or even six months.

C. A. C., 3; White Sox, 1. Aala, 7; J. A. C., 0. The standing of the Cupid League is now: C. A. C. and Aala, .666; J. A. C. and White Sox, .500; Twilights, .000.

The Outriggers bid fair to outrig themselves at the coming Saturday Waikiki regatta which is scheduled to embrace a host of startling effects and wildly original entertainments. Lightning canoes; tea and supper on the Outrigger grounds; ladies attending and inspiring; lemonade (not pink but perfect and for pink as well as pale people); ice cream and cake; leis for those who look well in wreaths; a full moon specially engaged; chowder chow; sam sandwiches; dancing. There are committees handling everything except the moon. Proposed nocturnal stunts are as follows:

At seven illuminated canoes will start from Brown's, proceed to judges' stand in front of Outrigger Club, circle about the stand and land on Outrigger beach. The prize for the most novel illumination is a koa surfboard. The committee for this event is Kenneth Brown, Clarence Macfarlane, O. Bierbach, Zen Genoves, E. Hutchinson and Jas. McCandless, Jr.

Six-paddle canoe race—From judges' stand to buoys beyond Seaside lanais and return. Prize, paddles. Same committee as first event.

Torch swimming—Contestant to swim with lighted torch held in one hand above his head from the Outrigger beach to judges' stand. Prize, paddle. The committee in charge is J. W. Balentyne, Zen Genoves and Kenneth Atkinson.

The Chinese Minor Club, open only to Chinese boys, is the latest baseball aggregation.

Farewells, 7; Oahu, 5. Union Pacifics, 23; Quarantine Kids, 3. And yet it was twenty-three for Quarantines!

On Wednesday the Healan Boat Club holds its annual meeting 8 p. m.

Tomorrow evening, 7:30, the Diamond Head Athletic Club meets.

The White Sox meet on Wednesday evening at the residence of A. Gurrero.

The Kalaianalo League meets Tuesday evening.

Pauoas, 6; Giants, 2. Engineers, 8; Marines, 7.

A GOOD HOUSEHOLD LINIMENT.

When a bottle of Chamberlain's Pain Balm is kept in the house, the pains of burns and scalds may be promptly relieved, cuts and bruises quickly healed, swellings promptly reduced and rheumatism and neuralgia robbed of their terrors. In fact, for the household ill, it is just such a liniment as every family should be provided with. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

PRESIDENT DID NOT NEED ADVICE

KNEW MORE ABOUT AFRICA THAN EXPLORER WHO SOUGHT TO HELP HIM.

PHILADELPHIA, November 10.—President Roosevelt is the most brilliant man he has talked with, Sir Harry Johnston, the noted scientist, explorer and author, said today. In his talk with the President he found that Roosevelt was better posted than himself about Africa, although he has made it his special study for the last quarter of a century. He had heard about President Roosevelt's proposed trip, and hoped to be of assistance in giving valuable suggestions, and so on reaching this country he immediately visited the White House. He says the only points he could tell Roosevelt anything about were where to procure horses, what foods to prepare for the

various expeditions and other minor details. The President was thoroughly up on all other African subjects, including the habits of the natives, where many different tribes are to be found, the varieties of animals in Africa, where they are to be sought and how they are to be hunted. Johnston admits he learned from the President several facts he had not known before.

JAPANESE FISHERY. A dinner was given last night at the Sunouchi Club by the Hawaiian Fisheries Company, Ltd., in celebration of the launching on Saturday of a 25 ft. p. sampan, the first of a power fleet of four boats. Dr. Mitamura, president, made an address in Japanese and English. Other speakers were Mr. Tsuchiya, secretary for consulate, Dr. Katsunuma and A. L. C. Atkinson, the company's attorney. Mr. Atkinson was applauded for the suggestion that a system of insurance on the lives of the fishermen who braved the perils of the deep might be devised.

PENNY FOR YOUR THOUGHTS.

You cannot have your mind on your business and your suffering at the same time. Your business or pleasure may claim all your thoughts if you take Dr. Miles' AntiPain Pills, which almost instantly relieve every form of pain and misery in head or stomach. One penny a dose. One dose usually cures.

25 doses, 25 cents. Never sold in bulk.

Ever Try a Welsh Rarebit at 11:30 P. M?

It goes well---VERY well---but it must be made just right, to be delicious and digestible at the same time, and the art is not possessed by everyone.

But if you make it with a dash of PRIMO BEER, and open a bottle of the same to sip with it, it will taste fifty per cent better, and agree perfectly with the most delicate stomach.

Just try it once, and see how it goes.

Get Your Name On
The List For An
AUTOMATIC TELEPHONE

The Automatic Telephone is now a fact in Honolulu.
All that remains is for people who want telephones to come
to our office and get their names on the list for instruments.

**Those Who Sign First Will Receive Their
Phones First**

The Automatic Telephone---popularly known as the "cussless, waitless, out-of-order-less, girlless telephone" is a perfect system. No business is so private that it cannot be safely talked over the automatic---nobody can possibly butt in. Every line independent---no party lines. Subscribers can be rung up by any nationality.

BROKE ELEVENTH COMMANDMENT

Harry Kapaoo, said to have been intoxicated and while in that condition to have beaten a lady of his acquaintance whose state of sobriety remains to be shown, is in the police tank to explain, having been found out, thus breaking "the eleventh commandment."

Kalau was also arrested, but there seems to have been some error in his regard and he was permitted to go. Either he was drunk and never beat the lady; or he beat the lady and was not drunk; or he did neither, only being present.

Ane Peter and Keoki are also said to have been found out. Ane Peter's husband is the complainant and he names Keoki.

MAKURA IS DELAYED.

S. S. Makura will not arrive here from the south until Thursday of next week according to cable advices from Fiji today received by Davies & Co.

MERCHANTS STAND BY MAHUKA SITE

(Continued from Page One.)

resolution. The committee returning the meeting came to order, when the secretary read the minutes of the first meeting.

President George W. Smith was in the chair, with him being present Secretary E. H. Paris, C. Von Hamm, F. L. Waldron, T. H. Petrie, A. A. Young, Norman Watkins, C. du Roi, F. H. Dohrmann of San Francisco, E. A. Berndt, E. O. White, James Wakefield, James Steiner, N. S. Sachs, F. W. Macfarlane, Charles Eakin, F. T. P. Waterhouse, J. T. Warren, T. J. King, R. J. Buchly.

Mr. Waldron read the report of the committee, which appears above as verbally amended at the meeting.

Mr. Von Hamm moved and Mr. Paris seconded the adoption of the report.

Mr. Macfarlane questioned if the phrase "moral obligation of the United States," did not come under the objection offered by Mr. Dohrmann at the first meeting to any expression favoring of reflection on the Federal authorities or charging them with breaking faith.

Mr. Paris mentioned that the Federal authorities disclaimed any obligation founded on private contributions for the extension of Bishop street. Whatever obligation they were under was that involved in the Federal courts' decree of condemnation.

Mr. Macfarlane thought the point raised by Mr. Paris was another one that should be handled with gloves.

Mr. Waterhouse stated, as one of the contributors, that these were not exclusively adjacent property owners.

President Smith corroborated this view, saying that several of the contributors were moved by consideration of general benefit to the business community.

Mr. Dohrmann said the first thing under consideration was the resolution itself. Next was the proposal to take an argument for retention of the Mahuka site to guide the course of members of the business community. These matters ought to be separated. As to the first point, if there was a moral obligation on the part of the United States Government it should be pointed out. The other matters ought not to be confused with this one.

Coming to the merits of the question, Mr. Dohrmann did not accede to the claim that the Irwin site was at the civic center. Next to it was a building that if one were not told it was the Opera House, would be taken for a barn.

Replying to the chair, he said he considered the argumentative part of the report unnecessary to be resolved, its usefulness consisting in furnishing material for the proposed memorial.

Mr. Von Hamm, seconded by Mr. Macfarlane, now moved the adoption of the first resolution by itself. This without any discussion was carried.

Mr. Smith, calling Mr. Waldron to the chair, gave reasons for the proposed postal card vote. The vote was intended to be taken from taxpayers, not necessarily even citizens of the United States but those who used the postoffice. Supporting the argument for caution in the whole matter he instanced the movement some time ago against free sugar from the Philippines, which it was to be feared may have produced some antagonistic feeling in the mind of him who was to be the President of the United States.

Mr. Macfarlane moved and Mr. Buchly seconded the adoption of the recommendation for a postal card vote.

Mr. White suggested the issuance of a voting card in Japanese. Several voices objected to the proposal. Mr. Dohrmann suggested that a Japanese translation might be placed on the English card. The matter was left to discretion of the committee.

The motion carried.

The instructions to the committee were also adopted on motion.

Next the meeting took up the coastwise law suspension matter as elsewhere reported.

BACK WATER ON COASTWISE

(Continued from Page One.)

have materially improved since that time, with the prospect of being more greatly developed through assurances given this community by the Matson Navigation Company of San Francisco; and

WHEREAS, it is at present, and has been the policy and aim of this body that, as far as consistent with conditions existing here in regard to passenger transportation facilities between these islands and the mainland to lend its efforts and influence toward the up-building and protection of our American merchant marine, believing that encouragement should be extended to any American company offering to afford us modern and up-to-date facilities for passenger transportation between these islands and the mainland; therefore

BE IT RESOLVED, that this Association hereby reconsiders and rescinds the said action taken on August 30, 1907, petitioning for the suspension of the Coastwise Shipping Laws of the United States, and now requests the withdrawal and defeat of said bill now under consideration by the Congress of the United States; and

STOLE BELLBOYS' PANTALOONS

Sleuth Kalakiela has in custody a young thief who was caught with stolen trousers. He had to be taken to the police station before the stolen goods could be recovered, as he was on the street when captured.

He is a Porto Rican and has managed to get away with and secrete several garments of the bell boys and elevator boys employed in the Young Hotel. The Young Hotel boys found they could not attend to their duties without clothes, the rules of the hotel being strict in this regard, so they complained to the police.

Today Detective Luahiwa is taking the young sneak about town in an endeavor to recover the missing garments. The prisoner is a bootblack and has heretofore been shining in good society, having a polish and a finish that was much appreciated. It seems a pity that his character should thus be blackened, for he had many taking ways and is not bad looking to boot.

The horse of a hack driven by Fred Richa yesterday slipped on the wet pavement, causing the driver to lose the reins, and the animal ran and dashed through the doors of Roth's tailor shop on Merchant street. The horse was slightly injured, the hack more seriously, and the doors demolished.
