Insurance.

WHY THE Equitable Life Assurance Society

of the United States is the Best company with which to Assure.

I.—Because of its Safety.

Its surplus is larger than that of any other assurance company.

II.—Because of its Promptness.

Of 1,043 death claims paid in 1885, nearly one-half were paid the very day proofs were received; while of the remainder, the majority were paid within the following three days. No other company can show such a record.

III.—Because of its Liberality and Reforms.

All policies are INCONTTESTABLE after three years. All incontestable policies are payable immediately upon receipt of proofs of death. The Society's policy contract is clear and simple, and liberal in its conditions. Its Non-forfeiting Tontine (or Semi-Tontine) policy affords all the ultimate benefits of the full Tontine, and has during its earlier years the surrender value and other material advantages of ordinary life policies.

IV.—Profit.

No other company is paying on its policies, as large profits as are shown under the Equitable's matured Tontine policies with fifteen-year periods. Persons desiring assurance may obtain estimates of the probable results of similar policies, and of policies with twenty-year terms, which are expected to show even larger profits.

V.—Prospective Advantages.

The unexampled progress of the Equitable in the past is the best guarantee of the increasing future value of assurance with the Equitable.

PAWN-BROKERS.

The Marshal's report, embodied in the Attorney-General's report to the Legislature, recommends that "a law be enacted allowing the issuance of a pawn-broker's license for Honolulu, and in such other places as may be deemed expedient by the Minister of the Interior, with a provision that such pawn-brokers' shops shall be under the supervision of the police." This, the Marshal thinks, "would be a step towards discovering goods which may be stolen from time to time." The conclusion is no doubt a sound one, but aside from the matter of discovering stolen goods, it is important that pawn-broking should be licensed, and restricted within proper limits by legal enactment; because pawn-broking has been and is being done here in a shameful way. The poor fellow who is in difficulties, and is compelled to raise a little cash on the security of a watch or some other personal property, is charged an enormous rate of interest. A bill introduced by the Attorney-General on this subject is before the Legislature, and will likely become law.

A SLIGHT ROW.

The cordial relations usually existing between Great Britain and the United States have recently been somewhat disturbed by several collisions having taken place between the Canadian authorities and United States fishermen on the coasts of the maritime provinces of Canada. According to the treaty of 1818, the United States renounced the liberty of taking, drying or canning fish within three marine miles of any of the coasts, bays, creeks or harbors of British-America, "provided, however, that the American fishermen shall be admitted to enter such bays or harbors for the purpose of shelter, or of repairing damages therein, or of purchasing wood and obtaining water, and for no other purpose whatever." It appears that the occasion of the late seizures was the taking or purchasing of bait in the harbors entered, acts which, at first sight, would seem to afford but slight ground of objection. The true inwardness of the case, however, is that to give any fishermen unlimited license to take bait or to offer such price for it as would promote the wholesale capturing by others, of different fishes suitable for bait, would tend to deteriorate, if not destroy, not only the shore fisheries but also the deep sea fisheries adjacent to those parts of the coast where such capturing of bait might be pursued. It was shown, moreover, upon American authority, before the Fisheries Commission, at Halifax, in 1878, that the destruction of the cod, herring and mackerel fisheries of the United States coastal waters, formerly so prolific, was attributable to these causes.

Disputes about the fisheries have been cropping up between the "brothers," occasionally, for many years. Heretofore, disputation was followed by negotiation and amicable arrangement, and there is little reason to doubt that the present little row will be suppressed in a like spirit of international harmony.

The bridge over the stream on King street, just beyond where the fire reached, is somewhat narrow, barely allowing the passage of two carriages at one time; and as there is considerable traffic on this thoroughfare, it is extremely inconvenient at times for pedestrians, when two vehicles are passing each other. It has been suggested that the addition of a foot bridge, on the upper side of and adjoining the main bridge, would remedy the trouble. There is ample room for such an addition, the cost would be trifling, and the convenience to walkers great.

THE LEGISLATURE.

FRIDAY, May 28th.

The Assembly was opened with prayer by Rev. J. Waiama at 10 A. M., the President, Hon. J. S. Walker, in the chair, and the following members present: Ministers Gibson and Kapena; Nobles Cleg-horn, Dominis, Martin, Kanoa and the President: Reps. Baker, Amara, Brown, Kaulia, Kaulukou, Pahia, Kaunamano, Nahale, Nahinu, Kauhane, Kekoa, Kalua, Kaukau, Richardson, Paehaole, Kausi, Palohau, Lihikalani and Dole.
Secretary Pierce and Interpreter Wilcox read the minutes of the previous meeting, which were approved.

PETITIONS.

Rep. Richardson presented a petition from Wailuku, that the sale of opium be licensed. Referred to Sanitary Committee. Also, one that lotteries be licensed. Referred to Judiciary Committee.

Rep. Kekoa presented a petition from Puna, that the sale of opium be authorized by license. Referred to Sanitary Committee. Also, one that the Government send a surveyor into that district, to survey remnants of land there, as there were persons desiring to purchase such from the Government. Referred to Public Lands Committee. Also, one that a law be made forbidding Hawaiians mortgaging their lands except to the Government, and that an appropriation be made to enable the Government to loan money on such mortgages. Referred to the Judiciary Committee.

Rep. Paehaole presented a petition from Molokai, that the Assembly will not pass any law licensing the sale of opium, and that the law be amended, allowing the currency of any country to pass at its full value. Referred to Committee on Miscellaneous Petitions.

STANDING COMMITTEES.

Minister Gulick, from the Printing Committee, presented the house with sundry bills ready for distribution.

Rep. Kaunamano presented the report of the Sanitary Committee on a petition from Koolaula, asking for a Government physician in that district. Committee recommended that the President of the Board of Health be requested to appoint such physician. On motion of Rep. Kaukau, the report was adopted.

SPECIAL COMMITTEES.

Rep. Dole, the committee of one on the Gaming bill, reported the Hawaiian version revised according to order, and moved to lay the bill on the table for consideration in its order. Carried.

Rep. Brown presented the report of the select committee to visit public squares, etc., as follows:—

To the Hon. J. S. Walker, President of the Legislative Assembly.

Sir:—Your special committee appointed to visit the public squares, the Government nursery and planting of forest trees, and also Kapiolani Park, respectfully beg leave to report that they have visited all of the above-named places and found the same in good order and condition, and all trees and plants flourishing. The forest culture carried on under the superintendence of A. Jaeger, Esq., deserves special mention and satisfies your committee, that the time, labor and money spent upon the planting of the trees on the hills in the rear of the Lunaliilo Home will undoubtedly, in the end, tend to good results. The area planted consists of about 215 acres, and between 215,000 and 220,000 different kinds of trees have been planted, and all now appear to be doing well. And, in conclusion, and from the observations made and information collected on our visit, we are of the opinion that the sums of money spent during the last biennial period have been economically and judiciously spent, and recommend that the different sums of money asked for at the present session of the Legislature as aid to those objects be granted by this honorable body.

Dated Honolulu, May 28, 1886.

CECIL BROWN,
JOHN W. KALUA,
J. K. KAUNAMANO,
CHAS. T. GULICK.

Rep. Hayselden, as one of the committee, said he agreed with his associates with regard to the facts, but declined to sign the report until after the Finance Committee had reported.

Rep. Keau moved that the report be accepted, laid on the table, and considered with the Appropriation Bill. Carried.

Rep. Dickey, on behalf of the committee to visit public institutions, asked for an extension of time, which was granted.

RESOLUTIONS.

Minister Gulick read a first time an act to establish the grade of streets and highways, and the grade and width of sidewalks in the city of Honolulu. He said the bill was another one of the class of which they had had quite a number, that required a great deal more study than seemed necessary at the first glance, more especially by persons whose attention had not been attracted to subjects of that kind. As timber had been cut and prepared for work of the kind dealt with in the bill, on the recently burned district, it was important that this

measure should receive prompt attention. He therefore moved that the bill be now read a second time by its title and referred to the select committee on fire limits. Carried.

Rep. Baker read a first time an act to provide for the keeping of accounts of the public departments in Hawaiian and English.

Rep. Nahale presented a resolution that the Attorney-General state to the house, verbally or in writing, his opinion on the law regarding the trial of the hon. member for Puna (Mr. Kekoa), at the late sitting of the Second Judicial Circuit at Hilo, the Constitution providing that members of the Legislature are exempt from arrest or trial during a session, or coming to or going from a session.

Rep. Kalua moved that the resolution be amended by striking out the words, "verbally or in," as the reply should be in writing. As it was provided that the Assembly should be the judge of qualifications of its own members, then if it finds that the hon. member had been elected contrary to law, it was bound to unseat him.

Rep. Kaulukou did not know what reasons the hon. member had for introducing this resolution. The Legislature was the highest power of that kind in the kingdom. It was higher than the Supreme Court. There was nothing but outside reports regarding the trial in question, and those should receive no more attention from the house than the barking of dogs or the prattle of children. He moved the indefinite postponement of the resolution.

Rep. Dole seconded the motion, but on different grounds from the mover. The Constitution gives freedom from arrest to members during a session, but this hon. member was arrested before the session, and was only tried on appeal during the session.

Rep. Nahale said it was not with the object of unseating the hon. member that he made the resolution, but the Constitution said no member should be tried for any offense, and he wanted the Attorney-General's opinion on the legality of the proceedings.

Mr. Wilcox, Interpreter, pointed out a discrepancy between the English and Hawaiian versions of Art. 55 of the Constitution, which seemed to have occasioned all the trouble, the Hawaiian saying the member shall not be tried for any offense, while the English said "they shall not be held to answer for any speech or debate made in the Assembly, in any other court or place whatsoever."

Rep. Nahale, saying the sentiment of the house seemed to be against his resolution, asked leave to withdraw it, which was granted.

The President stated that yesterday a motion to adjourn, simply, was made, and asked the house to bear in mind that the passage of a motion to adjourn without fixing a time might make it difficult to determine when the house should meet again. He also read a communication from His Excellency Governor Dominis, inviting the Assembly to a drill and luncheon of the King's Guards at the Palace at 12 o'clock to-day.

Rep. Kalua read a first time an act to amend sec. 101, Civil Code, to authorize the Minister of the Interior to grant licenses to ferry boats for hire, plying in the harbors of Honolulu, Lahaina, Hilo and Kahului.

Rep. Dole read a first time an act to regulate the immigration of Chinese. It provides that no vessel shall take any more Chinese men into the Kingdom than the number of Chinese women brought on the same vessel, men to mean males over 12 years of age, and women females over 15. Returning Chinese are excepted.

Rep. Kauai read a first time an act to amend sec. 32, chap. 44, laws of 1882, relating to the seizure of spirituous liquors. It authorizes any District Justice, the Marshal, Sheriffs, and their deputies, and constables, to seize liquors exposed for sale without license, and any vessel, vehicle, boats or horses employed in transporting liquors reasonably supposed to be for illegal sale. The penalty for persons convicted under the act is a fine of not more than \$500 or less than \$100, or imprisonment for not more than one year or less than three months.

Minister Kapena presented the following resolution:—
Resolved, that the Hon. L. A. Thurston, member for Molokai and Lanai, has abused his privileges on the floor of this house by grossly insulting the Minister of Finance and the other Cabinet Ministers, and that it is the sense of this House that the offending member make an apology to this House.

The mover was speaking on the resolution in Hawaiian, when Rep. Thurston called him to order for using unparliamentary language in calling a member a liar.

Minister Kapena took his seat, and Minister Gibson was about to speak, when Rep. Thurston called for a ruling on the point he had raised.

Rep. Hayselden said he understood the words of the Minister to have meant that the statements made by the hon. member in the Press were untruthful.

Rep. Thurston asked if the statement that he had made lying statements in the paper was not unparliamentary.

Minister Gibson said he was not going to speak on the point of order, but on the resolution.

Rep. Thurston called for the ruling of the chair.

The President said that if the Minister of Finance was under the impression that the statements in question were untruthful he was at perfect liberty to say so. It would not be in order for the Minister to say that a member was a liar.

Minister Kapena said the word objected to was the one commonly used in Hawaiian to characterize false statements.

Rep. Dole was about to speak, when Rep. Kaulukou moved the resolution be adopted, and moved the previous question.

Minister Kapena seconded the motion. Rep. Thurston said it was indecent to move the previous question on such a motion as that.

Rep. Kaulukou said that the member for Molokai had wasted his opportunity. Instead of speaking to the resolution he had raised a point of order. Having wasted his opportunity he had no one to blame but himself.

Rep. Kalua rose, and the President reminded him that the previous question must be put without discussion. The hon. member said he only desired to ask if it was competent for a member to move the previous question along with another motion, and the President answered in the affirmative.

The previous question carried. Rep. Kalua moved that the eyes and nose be taken, which carried.

The resolution passed on the following division:—
Ayes.—Ministers Gibson, Kapena, Gulick, and Neumann; Nobles Kaee, Kanoa, and Martin; Reps. Hayselden, Keau, Lihikalani, Baker, Amara, Kaulia, Kaulukou, Pahia, Kaunamano, Nahale, Nahinu, Kekoa, Aholo, Kaukau, Richardson, Kauai and Palohau.—24

Noes.—Reps. Kauhane, Kalua, Dickey and Paehaole.—4.

Reps. Wight, Dole and Thurston each responded, "doubtful," to his name.

Rep. Thurston said, that, as this resolution was a serious matter and might affect the future of Ministers, he desired time for a proper wording of his apology.

Rep. Richardson thought some time should be stated, as the hon. member might take till after the close of the session.

Rep. Aholo said it was no more than proper that he should be given time—perhaps three days. With a little time the agitated waters might subside on both sides.

Rep. Dole moved that the hon. member have till Tuesday next. Carried.

Rep. Aholo mentioned the invitation the house had to attend the drill of the King's Guards, and the time was now up.

Minister Neumann gave notice of an act to prevent collisions at sea; an act to regulate the shipping of seamen, and an act to amend sec. 64, Civil Code, relating to licenses of auctioneers.

Rep. Kaunamano gave notice of an act to require that prisoners work out their terms in the districts where convicted; an act to regulate immigration for purposes of repopulation, and an act to regulate the sending of children abroad for education.

Rep. Aholo gave notice of an act to authorize tax assessors to receive taxes and give receipts therefor at the time assessment is made.

Minister Kapena gave notice of an act to authorize the payment of a number of bills contracted by His Majesty's Chamberlain at coronation, and an act to provide for the preservation of the archives of the Hawaiian Kingdom.

Rep. Kekoa gave notice of an act to repeal the law for the mitigation of the evils arising from prostitution. He asked for permission to read it, but

Minister Gibson said there was not a quorum present.

Minister Kapena moved the house adjourn till 10 o'clock to-morrow, which carried, the Assembly rising at 12:15.

Grand Success.

THE NEW METHOD of making Poi out of Taro Flour has reduced the time from 2 1/2 hours to only 1 hour. The old method of cooking it in a bag has been discarded. There is no need of building a fire specially for the purpose, but it can be cooked at the same time that the ordinary meal is being prepared.

Take an agate iron or porcelain lined saucepan, and pour into it one part of Taro Flour to two parts of water. Mix well and be sure there are no lumps. Place the saucepan over a good fire and stir the flour and water with a wooden spoon or stick until it becomes thick, which will take from 3 to 5 minutes, according to heat employed. After it is thick occasional stirring is necessary, adding a little warm water from time to time to prevent its getting too thick. Let it simmer for nearly an hour and be almost as stiff as putty—that is, quite thick. Put it into a calash or large bowl, and let it stand from two to three days, when it will become nice and tart.

Should the Poi show a tendency to become cloggy or lumpy, it can easily be remedied by smoothing down with a potato masher or wooden spoon.

Persons preferring sweet poi will find that by cooking the flour according to the above instructions, while preparing their evening meal and letting it stand over night it will be in proper condition for use on the following morning.

"BONBONS." Following Professor Anderson at the Opera House, two very versatile English and Australian comedians, Messrs. Harry Emmet and Arthur Branscombe will present their novel entertainment, entitled "Bonbons." Their programmes will include singing, elocution, farces, sketches, in fact everything of a roaring comedy nature. Both gentlemen are authors of dramas, comedies, pantomimes, and even comic operas. They come to us with the best credentials and are certain to succeed. Mr. Berger and a string orchestra will increase the interest, and no pains will evidently be spared to give the best entertainments we could desire.

As previously announced, the George W. De Long Post, No. 45, G. A. R., will observe to-morrow as Memorial Day. A programme has been prepared, and all arrangements made for carrying it out. The comrades will meet at 2:30 p.m. at headquarters on King street, and march in procession to Nuanuu Cemetery. 3 o'clock is the time fixed for starting. A detachment of police, the Royal Hawaiian Band, and the volunteer military companies will escort the G. A. R. to the cemetery. The public generally are invited to follow in the procession. The line of march laid down is along King to Fort street, up Fort to School street, along School to Nuanuu street, thence direct through Nuanuu Avenue to the cemetery. At the cemetery services will be held in memory of deceased comrades resting there, and their graves decorated with floral offerings. In the evening, at the Y. M. C. A. Hall, literary and musical services will be held, supplementary to those of the afternoon, commencing at 7:30 o'clock. The public are also invited to the evening services.

BE IT ENACTED, not by the King and the Legislative Assembly of the Hawaiian Islands in the Legislature of the Kingdom assembled, but by the ALDEN FRUIT AND TARO CO.

A Woman's Sufferings and Gratitude. A Voice from Austria. Near the village of Zillingdorf, in Lower Austria, lives Maria Haas, an intelligent and industrious woman, whose story of physical suffering and final relief, as related by herself, is of interest to English women. "I was employed," she says, "in the work of a large factory. Overwork brought on sick headache, followed by a deadly fainting and sickness of the stomach, until I was unable to retain either food or drink. I was compelled to take to my bed for several weeks. Getting a little better from rest and quiet, I thought to do some work, but as soon as I took a pain in my side, which in a little while seemed to spread over my whole body, and throbbled in my every limb. This was followed by a cough and shortness of breath, until finally I could not sew, and I took to my bed for the second time, as I thought, for the last time. My friends told me that my time had nearly come, and that I could not live longer than when the trees put on their green new more. Then I happened to get one of the Seigel pamphlets. I read it, and my dear mother bought me a bottle of the Syrup, which I took exactly according to directions, and I had not taken the whole of it before I felt a great change for the better. My last illness began June 3, 1882, and continued to August 9th, when I began to take the Syrup. Very soon I could do a little work, and was up and about in a few days. The cough left me, and I was no more troubled in breathing. Now I am perfectly cured. And oh, how happy I am! I cannot express gratitude enough for Seigel's Syrup. Now I must tell you that the doctors in our district distributed hand-bills cautioning people against the medicine, telling them it would do them no good, and many were thereby influenced to destroy the Seigel pamphlets; but now, wherever one is to be found, it is kept like a relic. The few preserved are borrowed to read, and I have lent mine for six miles around our district. People have come eighteen miles to get me to buy the medicine for them, knowing that it cured me, and to be sure to get the right kind. I know a woman who was looking like death, and who told them there was no help for her, but she had consulted several doctors, but none could help her. I told her of Seigel's Syrup, and wrote the name down for her that she might make no mistake. She took my advice and the Syrup, and now she is in perfect health, and the people around us are amazed. The medicine has made such progress in our neighborhood, that they say if they don't want the doctor any more, but they take the Syrup. Sufferers from gout who were confined to their bed and could hardly move a finger, have been cured by it. There is a girl in our district who caught a cold by going through some water, and was in bed five years, with stiffness and rheumatic pains, and had to have an attendant to watch by her. There was not a doctor in the surrounding districts to whom her mother had not applied to relieve her child, but every one crossed themselves and said they could not help her. Whenever the little bell rang, which rung in our place when somebody is dead, we thought surely it was for her, but Seigel's Syrup and Pills saved her life, and now she is as healthy as anybody, goes to church, and can work even in the fields. Everybody was astonished when they saw her out, knowing how many years she had been in bed. To-day she adds her gratitude to mine for God's mercies and Seigel's Syrup. MARIA HAAS. The people of England speak confirming the above.

After Many Years. "Whittle Woods, near Chorley, December 26, 1883. "Dear Sir,—Mother Seigel's medicine sells exceeding well with us, all that try it speak highly in its favor. We had a case of a young lady that had been troubled many years with pains after eating. She tells us that the pains were entirely taken away after a few doses of your medicine.—Yours truly, E. PEARL."

After Several Years. "Stoke Ferry, January 9th, 1884. "Gentlemen,—I have used Seigel's Syrup for several years, and have found it a most efficacious remedy for Liver complaints and general debility, and I always keep some by me, and cannot speak too highly in its praise.—I remain, yours truly, Harriet King."

After Sixteen Years. "95, Newgate Street, Work-op, Notts., December 26th, 1883. "Gentlemen,—It is with the greatest pleasure I accord my testimony as to the efficacy of Mother Seigel's Syrup. My wife, who has suffered from acute Dyspepsia for over sixteen years, is now perfectly better through the sale help of your Syrup. I have sent pounds in medicines from doctors.—In fact, I began to think she was incurable, until your marvellous medicine was tried. I remain, yours, thankfully, ALFRED FORB."

The Effects have been Wonderful. "Hford Road Dispensary, Dukinfield, May 3, 1884. "Dear Sir,—I am happy to inform you that the sale of your Syrup and Pills increases here continually. Several of my customers speak of having derived more benefit from the use of these than from any other medicine. In some instances the effects have been wonderful.

FOREIGN NEWS.

(Dates to the 19th inst., per S. S. Australia.)

GREAT BRITAIN.

The Irish National League received from the Ninth New York Regiment and Clan Na Gael Society of that city offers to equip, transport and maintain in the field 10,000 men to support Home Rule in Ulster against any and all Loyalist opposition.

The Belfast papers publish advertisements inviting tenders of 20,000 Snayder rifles and the same number of bayonets to be delivered at Antrim on or before June 1st.

The Loyalists in Ulster, it is said, will conceal their arms, fearing that Morley, the Chief Secretary for Ireland, will order the police to make raids for the purpose of disarming the people. A leading English Liberal subscribed £100 to aid in buying arms for the Orangemen of Armagh. Drill clubs are being organized by the Armagh Loyalists.

Michael Davitt, in an interview, declared that he would rescue the members of the National League in Ireland and America if Gladstone yielded to Chamberlain's demands for the modification of the home rule scheme. In reference to the opposition of the people of Ulster to home rule, Davitt said, scornfully: "Leave them alone to us. We will make short work of these gentry. They are not Irishmen, but only Englishmen and Scotchmen who settled among us. It would be an absurdity to allow them to dictate to Irishmen how Ireland shall be governed. The Nationalists will wage war to the death against any bill which does not subject Ulster to the rule of the statutory Parliament at Dublin."

A petition 371 yards long, signed by 30,000 women of Ulster, has been handed in at the Home Office. It is addressed to the Queen, and beseeches her to withhold her assent from any home rule bill which shall be passed. The first three signatures to the petition are those of the Duchess of Abercorn, the wife of Bishop Knox and Mrs. Henderson of Norwood Tower, Belfast. They represent respectively the nobility, the church and the people.

A large association of Loyalists has been formed in Armagh for the purpose of arming and drilling the opponents of home rule. The organization has arranged for the purchase of an ample number of rifles at 25 shillings apiece, and quantities of war material have already been obtained and stored. Several bodies of men have already been under drill and are exercising every day. Donations of money have been liberally made for the support of the Loyalists engaged in this movement, the contributions ranging from £100 downward. The Loyalists everywhere hereabout express a stern resolve to resist home rule in any shape.

One firm of manufacturers in the province of Ulster has already concluded arrangements for the transfer of its mills to Germany.

A great meeting of the opponents of home rule was held in St. James Hall, London, Lord Salisbury, Geo. Hamilton, Lewis Ham, of Limerick; Burey, Sidmouth and Brabourne and many members of the House of Commons were on the platform.

Resolutions were introduced to the effect that this meeting represented the Conservative Associations of the Kingdom, and that it had confidence in the ability of Lord Salisbury to maintain Great Britain and Ireland as one united kingdom and to guard safely the union and greatness of the empire. The resolutions were carried amid cheers.

John H. A. McDonald, member from Edinburgh and St. Andrew's Universities, presented a petition against granting home rule to Ireland. The petition was signed by 106,894 Scotchmen. It was one and one-quarter miles long and weighed 274 pounds, and was borne into the House on the shoulders of stalwart attendants.

The Radical seceders will be contented with nothing short of a regular representation of Ireland.

Baron Ferdinand de Rothschild, Liberal member of Parliament for the Aylesbury division of Buckinghamshire, has written a public letter opposing Gladstone's home rule bill and asking Conservatives and Liberals alike to petition against the adoption of the measure.

At a meeting in London and in the counties the Liberal Union resolutions were adopted favoring the main principles of the home rule bill. Several amendments were noisily rejected.

The British Orangemen are called upon to hold a mass meeting in London under the auspices of the Premier's Club for the purpose of inaugurating a league for the protection of the "unity of the Empire." Catholic as well as Protestant loyalists are invited to join. One of the purposes of the league will be, it is declared, to secure the enrollment of men accustomed to service. The Standard contains an advertisement for an Adjutant of the league.

It is stated that John Bright will absent himself from the House of Commons on the occasion of the division upon the second reading of the home rule bill, and his example

will be sure to have an influence on other members.

In his speech on the motion for the second reading of the home rule bill, Mr. Gladstone declared that the main object of the bill was to abolish root and branch, the discontent prevailing in Ireland and to restore social order by the removal not merely of symptoms, but the causes of that discontent. If the opponents of the bill had an alternative policy, what was it? He asked if Lord Randolph Churchill should undertake the task of settling Ireland, what did he mean to do? Was his plan that proposed by the Loyalists in Belfast last November? The English Government might be daring, but not so daring as to undertake to reconstruct the Irish Government without touching the legislation difficulty. If Lord Hartington had a plan let him declare it. He appealed to Lord Hartington to state his solution of the Irish problem. They had reached a crisis in the history of the nation. The path of boldness was the only path of safety. [Cheers.] All men ought to know their own mind and ought to tell it. The fate of Ireland could not be cast into lottery of politics. [Parnellite cheers.]

He had been told that he was steering Ireland to certain ruin. Let his opponent show a way to rescue it. Let Lord Hartington, in moving the rejection of the bill trace a visible or palpable road through the darkness. [Cheers.] The members of the House have before them a great opportunity to close a strife of 700 years [aye! aye!], of knitting by bonds firmer and higher in character than heretofore the hearts and affections of the Irish people, and of cementing the noble fabric of the British nation. [Loud and prolonged cheering.]

A despatch from Catania, Sicily, says Mount Etna is in a state of eruption.

CANADA.

The seizure at Digby, N.S., 7th inst., of the U. S. fishing schooner David J. Adams, of Gloucester, Mass., Capt. Kinney, by the British steamer Lansdowne, for infraction of the fishing laws, has been followed by similar seizures at other points on the coast of the maritime provinces. The seizures were creating considerable excitement in both countries, and were the subject of correspondence between the United States and British Governments. President Cleveland was understood to desire a settlement of the question upon some basis other than retaliatory measures, while the British minister, at Washington, being interviewed, observed that "until some action is taken by the Imperial Government I shall not be called upon to act in the matter with the United States. I don't apprehend this question is going to cause any serious differences between the two countries."

We should Blot Out Disease in Its Early Stages.

The disease commences with a slight derangement of the stomach, but if neglected, it in time involves the whole frame, embracing the kidneys, liver, pancreas, and in fact the entire glandular system; and the afflicted drags out a miserable existence until death gives relief from suffering. The disease is often mistaken for other complaints, but if the reader will ask himself the following questions he will be able to determine whether he himself is one of the afflicted:—Have I distress, pain, or difficulty in breathing after eating? Is there a dull, heavy feeling, attended by drowsiness? Have the eyes a yellow tinge? Does a thick, sticky mucous gather about the gums and teeth in the mornings, accompanied by a disagreeable taste? Is the tongue coated? Is there pain in the sides and back? Is there a fullness about the right side as if the liver were enlarging? Is there vertigo or dizziness when rising suddenly from an horizontal position? Are the secretions from the kidneys highly coloured, with a deposit after standing? Does food ferment soon after eating, accompanied by flatulence or belching of gas from the stomach? Is there frequent palpitation of the heart? These various symptoms may not be present at one time, but they torment the sufferer in turn as the dreadful disease progresses. If the case be one of long standing, there will be a dry, hacking cough, attended after a time by expectoration. In very advanced stages the skin assumes a dirty brownish appearance, and the hands and feet are covered by a cold sticky perspiration. As the liver and kidneys become more and more diseased, rheumatic pains appear, and the usual treatment proves entirely unavailing against the latter agonising disorder. The origin is clearly the "Syrup," a vegetable preparation sold by all chemists and medicine vendors throughout the world, and by the proprietors, A. J. White, Limited, London, E. C. This Syrup strikes at the very foundation of the disease, and drives it, root and branch, out of the system. Ask your chemist for Seigel's Curative Syrup.

ASSISTANCE!

ANYONE who is willing to give any assistance to those who suffered by the fire of the 19th day of April, 1886, is hereby cordially invited to send his donation to the Hon. S. M. Damon, Treasurer, and notify W. C. Aehl, the Secretary, for notice in newspapers. H. R. H. LILIUOKALANI, Pres., H. WATERHOUSE, Esq., Vice-Pres., HON. S. M. DAMON, Treasurer, W. C. AEHL, Secretary, HON. J. M. KAULUKOU, HON. JAS. KEAU, REV. T. WAIAMAU. [317 1/2]

"East-street Mills, Cambridge Heath, London, E. C., July 24th, 1885.

"Sir.—It gives me great pleasure to be able to add my testimony in favour of your valuable Syrup as a curative agent. I had suffered for some length of time from a severe form of indigestion, and the long train of distressing symptoms following that disease. I had tried all possible means to get relief, by seeking the best medical advice. I had swallowed sufficient of their stuff to float a man-of-war, so to speak, but all to no avail. A friend of mine, coming on the scene in the midst of my sufferings, brought with him a bottle of your Seigel Syrup; he advised me to try it, stating he felt confident it would benefit me. Being weary of trying so many drugs, I commenced it before trial, thinking it could not possibly do me any good, but ultimately determined to take the Syrup. After doing so for a short time it worked such a change in me that I continued taking it for nearly two months, and I then felt thoroughly cured, for I have discontinued its use for five weeks, and feel in every respect as if I had never taken any kind of food with ease and comfort. I am therefore thankful to you that, through the instrumentality of your valuable medicine, I am restored to the state of health I now enjoy.—Yours truly, W. S. FOSTER."

"To Mr. A. J. White.—Those who are in the 'Asthma Fur nace' should lose no time in obtaining relief by the use of 'The Rosinweed Tar Mixture'; but do not use the medicine unless you will follow all the directions 'to the letter.' Poor Asthma sufferers, who are strangers to 'Nature's sweet restorer, balmy sleep,' should make use of 'The Rosinweed Tar Mixture.' Quiet refreshing sleep will follow its use. 'Waterloo House, London Stile, Chiswick, February 17th, 1882."

"Messrs. White and Co., London. 'Gentlemen,—It is with great pleasure that I add my testimony to the wonderful effects of Seigel's Syrup. For years I had been suffering from bilious attacks, which began with giddiness; then a mist would come before my eyes, so that I should not be able to recognise any one or anything at the distance of a yard or two from my face. This would be followed by excessive trembling of my knees, so that I could not stand without support; after which a severe headache would occur, lasting often two or three days. I have tried various remedies for these distressing symptoms, but until I tried Seigel's Syrup I had no relief. Since then I have had excellent health in every respect, and if ever I feel a headache coming on I take one dose of the Syrup, which arrests it. Hoping that this testimonial may be the means of inducing others (who suffer as I used) to try the Syrup, as I feel sure they will receive speedy benefit and ultimately be cured. I beg to remain, yours faithfully, 'A. H. HORTON.'"

Seigel's Operating Pills prevent all effects from excess in eating or drinking. A good dose at bed-time renders a person fit for business in the morning. If you have Asthma use 'The Rosinweed Tar Mixture.'"
