## IN THE HIGHER COURTS

### MISS BOYD FAILS IN BREACH OF PROMISE SUIT.

Wreck of Steamer Likelike Under  
Investigation by a Jury—Action  
on a Bond.

In the breach of promise suit  
of Charlotte Boyd against John  
Gandall, the jury yesterday after-  
noon, two dissenting, returned a  
verdict for the defendant.

Judge Perry called the foreign  
jury this morning for trial of the  
suit of the Laupahoehoe Sugar  
Co. against the Wilder Steamship  
Co., to recover \$4966.58 as the  
value of sugar lost in the wrecking  
of the steamer Likelike. There  
were no challenges, the following  
jurors first drawn being satisfac-  
tory to both sides: W J Coon,  
F S Lyman Jr, J D Tregloan, C  
F Murray, Louis Singer, J M  
Tracy, A V Gear, A Wall, T S  
Douglas, C Hustace Jr, H G Dan-  
ford, M A Gonsalves. Plaintiff  
rested and defendant began its  
case before recess was taken at  
noon. The case for the plaintiff  
is that the Likelike was wrecked  
through negligence. A S Hart-  
well and W L Stanley for plain-  
tiff; Kinney & Ballou for defend-  
ant.

F. Harrison has brought an ac-  
tion against Louis Marks and J. A.  
Magoon for \$661.25 on a bond to  
secure the rent of premises 514  
and 516 Fort street.

Kinney & Ballou for the defend-  
ant have filed a motion for a new  
trial of Tuck Chew vs. Makee  
Sugar Co.

### ANNEXATION.

(By Anne M. Prescott.)  
(No. 1.)

In the annexing of Hawaii to  
the Great Republic there likely  
will be, for many months, more  
or less friction, and that is where  
we shall miss a cable, in times  
such as that will be—the lack of  
quick communication with the  
Coast; but the cable will come  
with patience. There will be  
some cloudy days, some rain and  
it may be a few thunder-storms  
before the machinery of govern-  
ment will be running smoothly  
and everything nicely adjusted  
between the two countries.

There will be much hard mental  
labor on both sides, days and  
nights of anxious care; but with  
wise ministers at the head all  
trouble will soon be over. There  
must be the transition-time and  
that is never quite pleasant, even  
in very small affairs. It produces  
shocks and jars of one kind and  
another. Take any vital change,  
for instance, in a family, in a  
school, in a single street, in a  
quarter of a city. Even the  
ordinary, uninterested (person-  
ally) looker-on feels uncomfortable  
in a degree, or pleased. We are  
all susceptible in a greater or  
lesser way to our environments,  
whatever they may be, for how  
long or how short a season. In  
taking a stroll we pass through a  
certain street and we say: When  
I was here last this was a lane,  
quiet and countrified, with pretty  
little gardens, fruit, a few  
cottages. Now, what a change!  
Stores, a hotel, a newspaper office;  
you cannot, at once, make it seem,  
perhaps, the best thing. You miss  
your old-time friend—Blackberry  
Lane.

How is it with a family living  
in the old-fashioned homestead? A  
certain railroad company, we  
will say, must run through that  
land, and offer large sums for it.  
The time is come, any way, when  
the homelife should be in a differ-  
ent locality altogether, for the best  
good of the many; but what a  
shock at first; and yet far better  
for all—progress.

You may notice an entire sec-  
tion of a city throwing off domes-  
tic life, renouncing it fairly turn-  
ing families by the streetful out-  
of doors, to seek homes elsewhere.

All is in a transition state, build-  
ings demolished in a day, streets  
widened, old lumber being remov-  
ed, old rubbish carted off by hand  
and by load; new cellars being  
dug, new corner-stones laid; all  
activity, all briskness and energy  
are there—progress.

We cannot stay the march of  
time nor the changes in its wake.  
Monarchy must give way to Re-  
publicanism when the time is  
ripe for it, as in the Sandwich  
Islands of today, and Progress is  
knocking at the door. Righteous-  
ness and Republicanism must  
now go hand in hand in this land.

We must have all freedom; we  
must have a cable, we must have  
railroads and telegraphs, manu-  
factories and mills—we must be  
home producing and self support-  
ing, and must be able to supply  
others' needs.

"Ring out the old, ring in the  
new." The mother looks at her  
son, a handsome man, prosperous  
and respected, and her face often  
takes a sober and even sad ex-  
pression as she looks; she is  
thinking of the time when he was  
a baby in her arms or when, as a  
boy, he was never too far away.  
But, she must be content for time  
to do its work. Nations and in-  
dividuals must go on, go forward  
—must grow older and wiser—  
must progress. Hawaii has out-  
grown its swaddling-bands, and  
no one is criminal.

The majority of the people in  
these islands today is more repub-  
lican (than it fully realizes) in  
sentiment. It is a fact. We are  
often unconsciously led. And  
there are those here who talk  
monarchy and talk monarchy, and  
if they had a king and queen  
both tomorrow, would still be  
grumbling, and say they liked it  
better, after all, the other way.  
It's human nature, you see, we  
have to deal with in this world  
and not seraphs.

With railroads, with telegraphs,  
with a cable—a Panama Canal,  
with "annexation" and our little  
one shall become a thousand.  
Hawaii is today (July 1897) a  
country of great expectations—a  
rich, beautiful country-in-waiting.  
Nous verrons.

Later.—The gentleman who  
told the ex Queen "that she would  
be provided for handsomely in the  
event of the American people  
taking the islands" really invited  
her to put on weeds for monarchy.  
"Provided for?" Why, certainly.  
Royalty always was a costly  
bauble, take it how you will; and  
whenever the United States Con-  
gress takes off its hat, tosses into  
it its gloves, and handles the Pur-  
ple, you can depend there will be  
a fine funeral—a "pretty penny"  
to pay, but it will be buried out of  
sight once and forever. S—seat in  
pace!

1897 July.

### McVEIGH REINSTATED.

Will Resume His Position at the Quar-  
antine Station on September 1.

Attorney-General Smith made  
up his mind this morning to rein-  
state J. D. McVeigh in his posi-  
tion as superintendent of the quar-  
antine station and Agent Reynolds  
has accordingly notified him that  
he will be expected to take up his  
duties on the 1st of September.

It is understood that when Mc-  
Veigh was suspended about a  
month ago on charges of alleged  
carelessness and inattention to  
duty by which opium was smug-  
gled through the station, the mat-  
ter was given over to Agent Rey-  
nolds for investigation and report.  
While Mr. Reynolds could not be  
reached by telephone for verifi-  
cation of the report, it is said that he has notified the  
Attorney General that he could  
find no foundation for the charges  
against McVeigh and that if any  
opium was smuggled through the  
quarantine station the fault lay  
with the customs officials and not  
with McVeigh whose duties as an  
agent of the Board of Health do  
not require him to perform those  
of a customs official as well.

On this showing the Attorney-  
General at once made the order of  
reinstatement, considering that a  
month's suspension from duty was  
punishment enough.

## THAT CUMULATIVE VOTE

### AN UNCERTAIN FACTOR IN THE COMING ELECTION.

List of Candidates from the Other  
Islands Who Have Filed  
Certificates.

The system of cumulative vot-  
ing which prevails under the pres-  
ent election law adds an element  
of uncertainty to the result which  
cannot fail to cause more interest  
to be taken in the election than  
would be the case under the old  
way of voting. In Honolulu a  
man may cast 3 votes for one can-  
didate and leave the others out in  
the cold or if he have a little  
sneaking regard for one of them  
he may throw him half a vote just  
for luck—and that half vote  
might cause his election. Frac-  
tions of less than half a vote are  
illegal.

The voters who support the  
nominees of the American Union  
party will, with hardly an excep-  
tion, give each of them one of  
their three votes. If they did not  
they would endanger the election  
of all of their nominees.

The independent candidates on  
the contrary go into the field with  
a certain following pledged or at  
least expected to give them their  
entire vote. Hence an independ-  
ent candidate for whom 100 men  
cast their full vote would stand  
on an equality at the close of the  
polls with one of the regular  
nominees who received one vote  
from each of three hundred voters.  
But it is doubtful if any candi-  
date, on this island at least, outside  
of the regular nominees of the con-  
vention can muster cumulative  
votes enough to offset the regular  
party vote.

The Portuguese tried this plan  
in Honolulu in a former election,  
as did Mr. Klemme, but they  
found they were short a good  
many votes when the count was  
over. It is given out that A. B.  
Loebenstein and G. K. Wilder of  
Hilo rely on the cumulative vote  
of the Hilo Portuguese, of whom  
a large proportion are registered,  
to secure their election, but both  
gentlemen may find themselves  
sadly deceived after the ballots  
are counted. It should be remem-  
bered that most of the Hilo Por-  
tuguese voters are personally in-  
terested in a sugar plantation and  
mill and consequently their inter-  
ests are identical with those of  
other planters.

For reasons best known to  
themselves the Portuguese in this  
city did not register in sufficient  
numbers to make themselves felt  
in the election, even with the  
cumulative vote. In the Ewa  
district of this island it is possi-  
ble the combined native vote  
might elect one man, but the vote  
is not combined and from all ac-  
counts will not be. There being  
no other factors to consider in the  
vote of this island, it would seem  
that the elections of those nomi-  
nated at the coming conven-  
tion are assured, but it  
should not be forgotten that  
there is always danger to the  
regular nominees in a cumu-  
lative vote and no sense of securi-  
ty or certainty as to the outcome  
should keep the supporter of the  
American Union party away from  
the polls if he wishes the nomi-  
nees of his party elected.

The Hilo election will attract  
general interest. The regular  
nominees of the Conservative  
Club, presumably composed of  
supporters of the American Union  
platform, are J. W. Jones, the  
Olaa coffee planter, and E. E.  
Richards, manager of the Hilo  
and Hawaii telephone system. Mr.  
Jones represents the coffee indus-  
try of that portion of Hawaii, is  
generally well-liked and has no  
enemies made in previous cam-  
paigns to contend against. His  
election may be considered assur-  
ed, as he is bound to secure the  
cumulative vote of many coffee  
planters who do not concern them-

selves about the outcome of the  
petty squabbles and personal  
bickerings of the Hilo people.  
Mr. Richards, in spite of excellent  
service rendered his constituents  
in the last Legislature, would seem  
to have a hard fight to secure his  
election against three independent  
candidates, Messrs. A. B. Loeben-  
stein, G. K. Wilder and Chas.  
Notley Jr., with the Portuguese  
vote, said to number 167, as an  
unknown factor.

In the Second District of Ha-  
waii G. P. Kamanoha seeks re-  
election. He was chiefly noted as  
the man who talked the most and  
said the least in the last Legisla-  
ture, but as the native Hawaiian  
is fond of talking machines and  
there is a large native vote in his  
district he may be elected, with  
the other native nominee, D. S.  
Kakokana. The other candidates  
from this district are J. Coeper,  
a Kailua sugar planter, and John  
D. Paris, the wellknown rancher  
of Kealakekua, who seeks election  
as a personal vindication of cer-  
tain alleged grievances against  
the government.

The candidates from Maui are  
W. F. Pogue, manager of the Ha-  
leakala and Waiapai ranches; D.  
H. Kahaulelio and S. W. Kaai,  
both of whom were in the last  
legislature. The candidates from  
Kauai are S. K. Kaeo, the present  
representative, and Paul Ienberg.  
It is possible the Claudina will  
bring other petitions from all  
three islands tomorrow but it is  
hardly likely. If she does not  
the Maui and Kauai candidates  
will have a walkover.

### JAPANESE METHODISTS.

Conference to be Held in San Fran-  
cisco Next Month.

The Japanese Methodist Epis-  
copalians of the Pacific Coast and  
the Hawaiian Islands will hold  
a conference in this City, from  
September 8 to September 10,  
says the San Francisco Call. Offi-  
cial delegates are expected from  
all the Methodist churches and  
missions, and as the denomination  
has a large following among the  
Japanese, both on the coast and  
in the islands, a large attendance  
is expected. Twenty official dele-  
gates have already signified their  
willingness to attend.

The conference will be held in  
the Japanese church on Pine  
street, of which Rev. Dr. Harris  
is superintendent. Bishop New-  
man will preside, and Dr. Harris,  
who speaks the Japanese language  
fluently, will take a prominent  
part in the proceedings. Rev. H.  
W. Peck, pastor of the Japanese  
church in Honolulu, will be pre-  
sent among the other delegates  
from the islands.

The conference is expected to  
close its work on the evening of  
September 10, and on the 11th  
the delegates will adjourn in a  
body to the Methodist Episcopal  
Conference at Pacific Grove.

HAIRDRESSING.

Coffures at Home and Abroad—One Infected With Old Time Quaintness. Hairdressing is at all times a very important element of fashion, but among English women this season it must demonstrate something besides a becoming and passing fancy, for their tresses have caught the Victorian infection, and Victorian modes in coiffures have been resuscitated with all their old time quaintness.

arranged very full and soft at the side. The pompadour style has the lead, however, and a few curling tendrils on the forehead soften the otherwise severe effect and make it more becoming to most faces.

The pompadour is not confined to the front this season, as it extends all around the head, and the cushion put underneath in front is often arranged in the back as well. In all coiffures pretty hair ornaments are a conspicuous feature.

He—Robinson is very anxious to marry again. She—Why, I didn't know his wife was dead. He—She isn't. That's the reason he is so anxious about it—she's with him now.—Life.

Before giving your order for a portrait, see what King Bros. have to show in crayon enlargements and judge for yourself whether they can give you the best value for your money or not.

When you have a portrait enlarged see that you get your money's worth. King Bros. have reduced prices to \$5.00, \$6.50, \$7.50 and \$10.00 for work that they guarantee to be first-class. They invite comparison.

Don't be persuaded to accept what is not really good in enlarged portraits, just because you have given an order for one. King Bros. will give you something infinitely better and cheaper than you can get anywhere else in town.

**INCORPORATION.**

It distresses the Hawaii Herald sorely that any objection should be made to the proposition of municipal incorporation. Because the system is in general vogue in the United States, that paper concludes it is the one thing needful, among all that is desired, for these islands. Doubtless it will come here in time, but for the present, there is not a town or district in the islands where the conditions are capable of comparison, for the purposes of municipal government, with the smallest civic corporations in the United States. What the BULLETIN objected to which arouses the Hilo paper's emotion, however, was not the principle of incorporation, but the untimeliness of its present discussion. With annexation in fairly good prospect it would be folly to make any radical change in local government until the fate of the pending treaty to that end shall have been determined, because in the event of its ratification the instrument itself provides for the appointment of a commission to formulate a system of government for the territory of Hawaii. Until the distribution of federal and local powers in such a system is known, with the resources of revenue for local services, it will be

impossible to frame any scheme of town or county incorporation. Municipal corporations are self-taxing bodies for the support of the public services defined in their charters, but there will necessarily be a local government for the territory as a whole, with jurisdiction over such matters as roads, education, health, etc. To the revenue of this territorial government the municipal corporations in question would have to contribute. They would be required to pay their share for the sustentation of the territory's school system, roads through sparsely settled districts, the maintenance of the Molokai settlement, etc. Here, then, is a wheel within a wheel—two systems of government to be supported through direct taxation by the taxpayers in municipalities. Honolulu and Hilo people would then begin to realize what taxes are in a way they never had done before. Of their own town services they would have to bear the full burden. The country at large could not be taxed for their benefit, after they had set up in business on their own account, as it is now under a single government. In time the towns will grow so great that municipal government will be a necessity, and the country districts become populated enough to have county organization. For the present, and especially until it is known what conditions will be created under annexation, it would be the part of wisdom to let well enough alone.

There was not the slightest intent, nor any known basis in view, to reflect upon the drug contractors in a brief comment yesterday upon Board of Health proceedings. The reported statement of Dr. Day, in effect that a large proportion of the supplies were not put up to tender at all, seemed to invite criticism, but only of the Board itself. It is hard to see where the contractors should be deemed blameworthy in the premises, for supplying all that is ordered whether in the contract or otherwise. A member of the contracting corporation having the contract, however, informs the BULLETIN that the contract stipulates for wholesale prices on unspecified articles. This is a guarantee, apart from the unimpeachable integrity of the contractors, that exorbitant prices are not paid. Only whenever the tender and contract system is employed, the public expects that it will be so as thoroughly as possible.

Secretary Wilcox ought to expend his sarcasm upon the member of the Board of Health who, in open meeting, drew attention to the matter of the drug list. It never occurred to the BULLETIN to hold the lay employees of the Board responsible for making up its pharmacopoeia, but if the Board makes that a merely clerical duty, as the letter of the Secretary would indicate, this paper's brief criticism is given tenfold greater force.

**Timely Topics**

August 19, 1897.

This week we want to call the attention of the public to the excellence of the

AERMOTOR WINDMILLS for which we are the sole agents for the Hawaiian Islands.

The merits of these windmills are so well known that their repetition would be tiresome. It is sufficient to state that the Aermotors will run when all others are at a standstill. They are self-regulating, requiring no attention whatever beyond an occasional drop of oil. There are more Aermotors sold in the islands than all other makes of windmills combined.

Among those who have recently purchased Aermotors of us may be mentioned Minister Damon, who has one at Moanalu; Minister Cooper one at his new Manoa mansion; Paul Isonberg is so well satisfied with them that he has no less than four at his Waialae place. We can show an Aermotor Windmill in actual operation which pumps water 4000 feet to an elevation of 190 feet. There is no other that will do this. We can furnish the Aermotor with pumping mills or geared to run machinery. These latter will perform all the work of a one to four horse power engine.

In connection with these windmills we supply Gould's and Krogh's triple acting siphon and other pumps and patent water tanks of 500, 1000, 2000, 3000, 5000 and 10,000 gallons capacity.

There was little doing in Judge Wilcox's court this morning. Three opium offenders were convicted but sentence was suspended. A number of others had their cases nolle pros'd.

A new lot of hunting supplies, comprising coats, hats, leggings, cartridge bags and belts, gun cases, cleaning rods and reloading outfits just arrived at the Pacific Cycle & Manufacturing Co., Love Building, Fort street.

A supply firm bought Sterling wheels for the personal use of its members because they said the Sterling people exercise such care and judgment and are so solicitous about its quality we are convinced this is the best wheel to buy.

Alatau T. Atkinson, General Superintendent of the Census, is thanked for a copy of his report just out. It contains 127 pages. As a frontispiece there is a picture of Kepoolele Apau, a native woman living in Honolulu, who is 124 years of age.

The Waverley is the best medium priced bicycle in the world, is what is claimed by the Hawaiian Cycle & Manufacturing Co. Instead of putting most of the expense on the outside, it is put into material and workmanship where it will do the most good.

The Sunday evening gospel service at the Y. M. C. A. will be led by Walter Monroe, president of the Oahu College Y. M. C. A. Subject: "The Love of God toward us." 1 John 4. This service is for all who will come. Secretary H. E. Coleman will be present.

THAT DRUG CONTRACT.

EDITOR EVENING BULLETIN:—Your editorial agent the Board of Health drug contract is entirely uncalled for and misleading. All standard drugs from which medicinal preparations are made are on the list contracted for—about 700 articles all told—including a very large list of medicinal preparations, excepting medicinal preparations used by homeopaths, and patent medicines. If there is any fault to be found with the present list it lies with parties who prefer to call for medicinal preparations to be compounded for them by the druggist, and then complain because the price of the preparation is probably ten times the contract price of the original ingredients.

It has never been the custom to dictate to the government physicians what drugs or medicinal preparations they should use or order on government requisitions, or "to doctor" requisitions to suit the caprices of the "officio man." As long as a government physician's requisition is within the limit of his allowance it is scrupulously respected, even if among the list of twenty or thirty articles called for he happens to call for three or four preparations not on the contract list.

Your statement that a large proportion of the drugs used are not bid for is all rubbish as far as quality and quantity go, and as for having everything contracted for that would be real nice, but it will take a pretty wise reporter to divine one year ahead of time what new medicinal preparations are to become largely used by the twenty-four government physicians during the succeeding year.

Your commendatory remarks on the proposed correcting of the list are rather late in coming, for the list has always been revised and enlarged once every year. If you should propose having it done twice a year you would then be suggesting something new instead of something fresh.

By giving space for the above in your columns you will greatly oblige, Yours truly,

CHAS. WILCOX.  
Honolulu, Aug. 28, 1897.

A Portuguese Hart.

The Portuguese driver of Fred Harrison's big wagon fell off his seat this morning and in front of the wheels, one of which passed over the heel of one foot, crushing it severely. He was taken at once to Dr. Herbert's office where the injuries were attended to. The man was sent home but it will be a month, according to the doctor's report, before he will be able to work again.

Collector - General McStocker has not yet received his appointment and probably will not until the first of the month. It is understood Fred Clay has a good chance of being the new deputy, if he has not already been nominated for the job.

Rev. John M. Lydgate of Kauai gave a lecture, illustrated by stereopticon views and drawings, at the Cooke residence, Luakaha, on Thursday evening, on "Alaska and the New Gold Fields." Mr. Lydgate recently visited Alaska and is familiar with his subject. About 25 members of the families stopping in the vicinity were present.

A judicial sale of a Manoa valley pineapple ranch, in the mortgagee's foreclosure suit of Tin Kat Poo vs. Yong Yan, was conducted by Harry Armitage of J.F. Morgan's auction rooms at the Judiciary building today. The mortgagee bought it in for \$2500, which is a trifle less than the whole liability including interest and costs.

NOTICE.

All Registered Voters are requested to be present at a meeting of the 7th Precinct, 5th District Club, American Union Party, MONDAY EVENING, 7:30 o'clock at Reform School, Palama. Per order of

Apenta Never Fails!

The hundreds of sufferers from constipation in this country compels one to believe that nature needs assistance to overcome the torpidity of the liver, which in most cases is the sole cause of constipation.

EVERY

When a person is suffering from headache or a feeling of fatigue, the chances are ten to one that the liver is inactive. A few doses of APENTA WATER will invariably bring about a most satisfactory result.

DOSE

APENTA WATER is a true spring water obtained from a spring at Buda Pest, and has not been artificially treated. The taste is not unpleasant, the dose small and the effect positive.

EFFECTIVE.

The price of APENTA WATER is very reasonable. The large bottles at 25 cents are the exact size of most mineral waters that sell at 50 cents. Trial bottles are sold at 15 cents. You should give it a trial.

BY POLICE AT CALLAO.

Inquiry here confirms the story coming from Lima to the effect that the State Department has lodged a demand with the United States charge of legation at Lima for the release of the mate of the American bark "Uncle John." He was ashore on December 19 last at Callao, and was arrested because of his constant demand for "Rainier Beer." On tap or in bottles at the Criterion Saloon.

How to Overcome the Clothes Moth. Treating upon the subject of preventing and overcoming the moth, Good Housekeeping quotes a recent writer in these words: "The latter part of May or early in June a vigorous campaign should be entered upon. Everything about a house that might conceal a moth should be thoroughly shaken and aired, and when possible the clothes and furs should be left in the sun for some hours. If the house is badly infested, or any particular article is supposed to be so, a free use of benzine will be advisable. All the floor cracks and dark closets should be sprayed with this substance. Benzine spray will kill the insects at every stage and is one of the few substances which will destroy the eggs. No light should be brought into the room while the benzine is being applied, as it is highly inflammable. The room and clothes should be thoroughly aired afterward before any light is introduced. Camphor, tobacco, naphthaline and other strong odorants are only partial repellants, and without the May and June treatments are of little avail."

One Way to Serve Asparagus. An attractive way to serve asparagus for a course luncheon is in bread patties. Cut the bread in slices an inch and a half thick. With a large biscuit cutter cut the slices into circles and, using a smaller cutter, take out the inside for a little more than half way through. Dip these cases into boiling lard, to color them a delicate brown, and place them where they will keep hot. Cut the heads from the asparagus and cook them in salted boiling water 15 minutes. Drain them and pile them in the bread patties. Pour over the asparagus a cream or Hollandaise sauce.

Things Women Want to Know. Reproductions of old patterns abound in new chinaware for the table. Handsomely inlaid Louis XV cabinet tables are richly mounted with ormolu. The whistle bangle finds patrons among women cyclists.

There are attractive silver boxes made especially for holding twine, elastic bands, postage stamps, pens and pins. Ebony toilet articles are rendered doubly attractive with inlaid monograms of gold and miniature medallions.

The novelty in spoons this season is the claret cup spoon, with deep, oblong bowl and an ornamental handle sufficiently long to overtop the highest of cut glass pitchers.

Provident housewives delight in the enduring qualities of silver plated pie plates and pudding dishes, with fancy fireproof linings.—Jewelers' Circular.

Embarras de Richesses.

"I've made up my mind to marry one of those two girls, but I don't know which. You see, I am in love with one, but she's got no money—nor have I. And the other—the plain one—is awfully rich. What would you do, old fellow?" "I think I'd marry the rich one and love the other."—Buffalo Express.

Our I's and Other Eyes. Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who after a quarter of a century of observation writes: "I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has "Nothing but words of praise for Ayer's Sarsaparilla." Any doubt about it? Send for the "Curebook." It kills drouth and cures drouthers. Quite Different. Brawn (to dentist)—I won't pay anything extra for gas. Just yank the chair out, even if it does hurt a little. Dentist—I must say you are very plucky. Just let me see the teeth. Brawn—Oh, I haven't got any teeth-ache. It's Mrs. Brawn. She'll be here in a minute.—Tit-Bits.

Where All the Trouble Started. She—Do you think, at the rate woman is progressing, that the time will ever come when she will treat the man instead of the man treating her? He—I hope not. That was what got the whole human race into trouble—Eve's setting up the apples to Adam.—Cincinnati Enquirer.

A Blessed Hope. First Auditor (at the tank drama)—Never saw such miserable acting in my life. Let's go. Second Auditor—Let's wait till the next act. There's a flood scene with real water in that, and maybe some of 'em will get drowned.—New York Weekly.

Extreme Case. "Unpopular?" said the one who closed the discussion of their absent friend. "Why, that man, I will venture to say, won't even get a laudatory sentence on his tombstone." Could condemnation further go?—Cincinnati Enquirer.

Reason For It. "Your daughter has improved wonderfully in her studies during the last week." "Yes; that's just about the length of time her bicycle has been in the repair shop."—Chicago Post.

Pervades All Space. Teacher—What is that which pervades all space, which no wall or door or other substance can shut out? Johnnie Sharpe—The smell of cabbage, miss.—Twinkles.

Why He Did Not Vote. Robson—So you were married on the day of the election, were you? You did not vote then? Yatsley—No, I was paired.—Tit-Bits.

His Grief. She—Were you at his funeral? He—No. Couldn't have restrained myself—he owed me \$20.—Princeton Tiger.

Wanted It Verified. He—I heard a fellow say the other night that he thought almost any one could kiss you. She—The wretch! Did you knock him down? He—No; I thought I would call and see you about it first.—Brooklyn Life.

The steamers Helene and Kinau are on the berth for next Tuesday, the Helene for Honoumua way landings at 4 o'clock in the afternoon and the steamer Kinau at 10 o'clock in the morning for Hilo way ports.

Yachtsmen are now getting ready for the regatta day in September. The yachts Hawaii, commander W L Wilcox, Rescus, commander C Johnson, Bonnie Dundee, commander S B Dole, Spray, commander H M Dow, and Helene, commander Fred Whitney, will all enter in the first-class races. There is also chances of very exciting second-class races for the twenty footers. The largest floating dock of its kind in the world is now being constructed in England for the port of Olongapo, in the Philippine islands, at the order of the Spanish Government. It will be 450 feet long, 117 feet wide and 38½ feet deep, and when in position, will rest on six pontoons, each about 14 feet deep, these being of iron, while the sides of the dock will be of steel. The arrangement of the pontoons will also be such that should one of them be damaged, it can easily be removed and floated on to the dock for repairs. Powerful pumping engines will be fitted so that a vessel weighing 12,000 tons can be lifted in about two hours. The maximum length of vessel which the dock will accommodate will be 500 feet.

### THE CASE.

(By Anne M. Prescott.)

That's an editor (protem.), sitting there  
In his sanctum mean and bare,  
Dust and litter everywhere, every-where,  
On the floor and in the air—  
Underneath the great man's chair.

He's the wise man of this town,  
And can write you up, or down,  
In that sanctum of renown, of re-nown;  
He can write you up or down,  
That one wise man of our town,  
And you'll never earn a crown,  
Not one crown, from that great man of the town.

You may write a good thing every day, every day;  
But, he'll stop it on its way  
And hide it in his musty lair,  
In that dusty sanctum bare;  
For he runs his paper cheap, cheap!  
And not a typo would dare "peep," dare to "peep,"  
Author dear, author dear.

Oh, this big man of the town  
With his seven-storied frown,  
He can write you up, or down, up or down;  
So, go slow, author dear, author dear.  
When he's near, when he's near,  
This sage critic of our town, of renown, of renown.

Pray take heed, author dear, author dear,  
Of that wise man's awful sneer;  
He can write you up, or down, up or down,  
In that sanctum of renown,  
And you'll fail to earn your crown, win a crown,  
From that wise man of our town—Honolulu.  
Makapala-by-the-Sea, July 27, 1897.

#### A Philosopher Corrected.

When Benjamin Franklin went to Paris as the representative of the revolted American colonies, he had to be presented to the king, and it was a matter of some solicitude with him how he should array himself for that ceremony.

He was anxious not to be considered lacking in respect for the French court, where much formality regarding dress was observed, but he knew it would be an affectation for so simple a republican as he was to imitate the court dress. He decided, therefore, and wisely, to appear in a plain suit of black velvet, with white silk stockings and black shoes.

Nevertheless, he deemed it best to make one concession to the French fashion of the time by wearing a wig—something which he had not been accustomed to do. He ordered of a wig maker the largest one the man had, and in season for the presentation the man himself brought the wig and set about trying it on.

But do all he could the man could not squeeze the wig on the philosopher's head. He tried and tried and also essayed to convince Franklin against the evidence of his senses that the wig was a fit. Finally Franklin said:

"I tell you, man, your wig is not large enough."

Upon this the Frenchman threw the wig down in a rage.

"Monsieur," he said, "that is impossible. It is not the wig which is too small. It is the head which is too large."

Accepting the rebuke as deserved, Franklin went to the presentation without any wig and found there that the simplicity of his dress and the honesty and candor of his manners won him more esteem at the court than any concession to fashion could possibly have done.—Youth's Companion.
