### WILL BE NO MATCH

HEALANIS WILL NOT MEET CHAMPIONS AGAIN TILL 1897.

Some Reasons Are Given—Desire to Avoid Professionalism—Myrtles Are Anxious for a Test.

There will be no match race between the Myrtle and Healani four-oar shell crews. The Myrtles sent a written challenge and are eager for a contest. Three of the Healani men and many members of the club would like to see the match. But there are others, including one of the three, who will not listen to the proposal. The one athlete, in speaking to The Star at noon for publication, said:

"In the first place the challenge is irregular because it did not have the sanction of the Rowing Association. In the second place, this is getting back again on the professional plane from which rowing has been elevated for the especial purpose of avoiding matches which would be practically for money alone. There can be another trial at the next regatta. If we are beaten then at the finish, or foil the Myrtles, we will have nothing to say. If this match were made it would be the entering wedge for side sporting that would make the regatta nothing but trial heats. The Myrtles should be satisfied with having won everything else in sight. We were after the shell purse and while we agree that it was an unsatisfactory contest, we are pleased to have been given the award over the champions. They might have beaten us. We were fouled just as we started our spurt and from that signal to the line we intended making them work."

The Myrtles only say they are confident they have the better crew and are anxious to demonstrate its superiority.

**THE APPRAISERSHIP.** At present there are but few candidates for the position at the custom house made vacant by the summary dismissal of Mr. Fishel. Candidates so far in the lists are three, though it is likely other applications will be filed. Those who have already asked for the place are Mr. Tracy, the merchant, Mr. Weedon, formerly with the Waterhouse store and H. Zerbe, a former merchant now on the customs force.

### WHICH?

The business man is often perplexed in deciding on which make of typewriter to get. They all claim to be the "best." Which machine really is the best? The Peerless is a modern typewriter. It is right "up-to-now." Strong, handsome, durable. Easy to operate and its work is excellent. It is the business man's best friend. There's no question about the Peerless being the best typewriter. Examination will prove it. Price \$100. T. W. Hobron, Agent.

## THE DAY OF BOATING

WATER EVENTS HELD THE ATTENTION OF EVERYBODY.

At the Boat Houses and Along the Wharves—Some Close Contests—Was a Foul in the Shell Contest—Sailing

The first observance of Regatta Day, the new Hawaiian holiday, which will come on the third Saturday of each September, was certainly a grand success. The gentlemen of the Rowing Association who had the matter in hand doubtless have the thanks of the whole community for the splendid program of events which had successful continuance from 9 in the morning to 4 in the afternoon. There was always something to see and nothing was drabby.

The day was the best. Many remarked upon the fine wind for sailing. A cool breeze added much to the comfort of the crowds on the lanais of the boat houses and on the wharves. There were 300 chairs on the Pacific Mail wharf and all were filled. A hundred people stood. The band played there all day. Capt. Brown entertained about 200 ladies and their escorts on board the Aztec. Chairs were provided in abundance and the view from this point was excellent. The Kinau, Like-like and New wharves were crowded most of the time. All of the island steamers also kept open house and their decks were well filled.

From a little distance the boat houses loomed up to fine effect. Both were beautifully decorated in their respective colors and with Hawaiian flags. The large upper verandas of both were literally packed with friends wearing the colors of their favorite club. At the home of the Myrtles every member constituted himself a committee of one to give all guests the best time possible. Visitors were met at the door and escorted to chairs on the lanais where a magnificent view of the bay could be had. Refreshments were served up and down stairs all day. The Healanis also did themselves proud with their cordiality and elaborate lunch. A native orchestra played and sang on the upper veranda all day. Refreshments in abundance were at hand and, as also at the Myrtle house, a handsome collation was served at noon.

The judges stand was anchored about a hundred feet off the Pacific Mail wharf, and was on the starting line for nearly all the events. It was occupied by the following gentlemen: Judges F. S. Dodge, Capt. King, and Ensign Stanworth; Time Keepers Frank Kruger and S. Wallin; Starter C. B. Wilson; Messrs. W. E. Wall, W. C. Parke and D. Kawanauakoa of the Regatta Committee.

At 9 o'clock the expected gun sounded and preparations for the first class yacht race began. At 9:01:57, the Helene, in charge of Capt. McCanley, was sent out. She had up full racing sail and looked well as she moved out of the channel. At 9:06:46 the Bonnie Dundee came up to the line and was sent off. She flew only the two jibs and the main, which was a condition of an even sail with the Helene. W. L. Wilcox was sailing master. The Hawaii, with a handicap of six minutes, and Rescue, handicap of ten minutes, came later, but they were never able to figure in the race. The Helene kept her distance to Waikiki. But the Bonnie got the advantage on the tack and the little vessels started back together. From the mouth of the channel to Pearl Harbor the Helene gradually pulled ahead until, when the turn was made she was an easy half mile ahead. Where the Bonnie got in her work was on the back tack. In light wind she simply walked away from the other vessels, never tacking once until near the entrance to the channel. The Bonnie crossed the line at 12:43:33; the Helene twenty minutes later. The former received the first prize of \$50 and the latter the second, \$25.

There being some little trouble about the dredger being in the way of the four-oared shell race, next number on the program, did not start. Instead of this Kahaekupuna who works at the marine railway sculled himself across to the judges' stand in the half of a whiskey barrel and received the prize of \$5. A sailor of the Adams and two natives entered the swimming contest. Kimo Keo led easily, reaching the stand in a little over two minutes. Prize \$5.

Next came the eagerly anticipated four-oared shell race. Both started off in fine shape and passed the Judges' stand close together. From that point,

however, the Myrtles forged ahead and at the stem of the Kaimiloa had almost a length on the Healanis. The red course flag was planted between the Kaimiloa and the two old scows near the light house, but far over toward the latter. Coxswain Giles noticing this and not being instructed that the Myrtle should keep to the left and the Healanis to the right of this flag, veered off at an angle of about twenty-five degrees to the right of the flag, which brought the boat in the water of the Healanis, the latter having in the meantime started their spurt. A half length was lost and in a moment the Healani crew was fouled. The Healanis claimed the foul on the spot and drew off, the Myrtles continuing on over the course. Before reaching a decision the judges requested the race to be run over. This the Healanis refused to do and a decision was later rendered giving the race to the fouled crew.

Eight steamer boats entered the next race. The Ke Au Hou not being in port the Moooli put in a boat in her place. From the start the Kilauea Hou boat proved "best man." On the back track it was a close rub between her, the Lavinia and the Iwalani's boat. Near the finish the first mentioned laid out and the contest was then between the second and third named boats for second place. The Lavinia got it, beating the Iwalani by four seconds. The Kilauea Hou led the Lavinia by eight seconds.

The six paddle canoe race was one of the most exciting of the minor events. Three boats were in and to the turn it was a close call between them. Keiki's made it around the buoy first and held that position to the end. Kaimoa was second. Prizes \$10 and \$5.

The next race was the four-oared barge between the Myrtle and Healani crews. The former entered its shell crew and the latter the following: Williams, stroke; Holt, Atkinson and Prescott. The boats went out together and there was every indication of a close race. Near the mouth of the channel, however, the Myrtles pulled away and gained considerable distance on the turn around the buoy. Coming up the channel this advantage was increased until at the finish the red and white was a full hundred yards ahead. At this point a recess of one hour was declared. During the time the first class yachts arrived in.

The Rose, Edith L., Dabla, Coral Queen and Pokii entered the second class yacht race. All got off in less than two minutes of each other. The race was without special incident. At the finish the Pokii had a time advantage of about a half minute, but the handicap gave the race to the Edith L. The Pokii got the second prize of \$20 and the Edith L. the first of \$40.

The tug of war was won by John Mahuka, who received the prize of \$5. The same men who entered the swimming contest were in for the long dive. Kimo Keo, the favorite, also got this prize, swimming nearly fifty yards under water and staying out of sight over a half minute.

The six-oared barge race was between the Alice M. of the Myrtles, and the Carl W. of the Healanis. This race was also one-sided, the Myrtle getting in about six lengths ahead of their opponents. The event was for a purse of \$40.

There were five entries for the sailing canoe race. It was rather slow; but was interesting. Three of the boats turned over in tacking. Keiki took the first prize of \$10 and "I" the second, \$5.

The shore boat race was one of the hottest contests of the day. Fair Play won in five minutes, forty-three seconds. The prize was \$20.

The next event was a five-oared whaleboat race between a crew of the Adams and the pilot crew. The former was handicapped with a heavier boat and rowed service against spoon oars. A kick was made but there was no rule to cover the matter. The sailors were beaten by four seconds, putting up a very close and pretty race.

The final event of the day was the ten-oared barge race between the Adams and a native crew in A. G. M. Robertson's "Aloha." It was a very close contest and one brim-full of interest. The native boys ran out four seconds ahead of their sailor opponents.

Work of discharging the Aztec continued until noon, when it was stopped for the day. Capt. Brown was helpless in the matter, having received orders from San Francisco to lose no time here. The officers of the boat showed every attention to visitors. They were provided with comfortable chairs and many with glasses. The Helene was all sail in the first

class yacht race. She even had canvas under the main boom.

Deputy Marshal Hitchcock was out in the police boat most of the day.

Wm. Lucas, Bonnie Lemon and others had a large party of ladies out over the course in the forenoon.

A shark about ten feet long appeared on the top of the water between the Aztec and the judge's stand about 11 o'clock. Several native boys were swimming in the immediate locality, but lost no time in climbing aboard boats. A native boatman hurried out with a harpoon, but in the meantime the monster had disappeared.

Three of the Adams' sailors gave out in the last barge race and the return trip was made with only seven oars.

The dance of the Myrtles in the evening was a most pleasant affair. Thirty-two couples were constantly on the floor and there were perhaps a hundred who did not dance at all. The ball was beautifully decorated and refreshments were served all evening. The affair broke up exactly at 12 o'clock.

A large number of people wished to see the shell race between the Myrtle and Healani crews rowed over. The event could not, however, be brought about.

Chris Conradt took some excellent views of the various yachts as they passed out under sail.

## THE CENSUS OF 1896

### SUPREME COURT.

The Supreme Court convened at 10 o'clock this morning for the September term, Chief Justice Judd, Justice Frear and Justice Whiting on the bench. Nearly all members of the bar were present. Deputy Attorney General Dole appeared for the Government.

The calendar was called and some of the cases set. The appeal case of W. Kukia, et al., and L. K. Waipa, et al., exceptions, were argued and submitted. This afternoon the matter of Goo Kim vs. Wm. Holt, writ of error, is being argued.

### TAMMANY.

CHICAGO, Sept. 5.—A New York special to the Record says: John C. Sheehan, leader of Tammany Hall, has come out positively for the endorsement of Bryan and Sewall and the Chicago platform. What determined him finally, he said, was the action of the Indianapolis convention in declaring for the single gold standard.

### A VOID RESTRICTION.

Presbyterian clergyman at Belfast left a will in which, after condemning smoking, said: "I have told my sons, John Richard and Samuel Marcus, that if they indulge in the habit they would forfeit £500 each, to be divided among their sisters; and should they at any time begin this habit their sisters may sue them each for £500." The sons objected to be restricted and the Court determined that the stipulation is void.

HARVEST FESTIVAL. The Harvest Festival of the Salvation Army held on Saturday was a signal success from every point of view.

Capt. Zimmers and Lieut. Munroe had first charge of the affair. Refreshments were served the whole day and netted a good round sum.

A good lunch was served at noon. During the day, also, a large number of articles of various descriptions were sold and brought good figures.

The ladies refused in all cases, however, to accept more than store prices though large figures for fancy articles were frequently proffered.

FLIGHT OF PLOVER. Island Citizen Writes to the London Field on the Subject.

The distance which birds travel is marvelous, the naturalists say, and Jaymen are inclined to believe them.

W. Herbert Purvis writes to the London Field that every spring great numbers of golden and ringed plover arrive in the Hawaiian Islands and leave the first week of May.

The nearest points of the American coast to which they go are in southern California and the Alaska peninsula respectively, about 2,000 geographical miles, and there is no intervening land.

It may be that the birds drop into the water to rest occasionally, as ducks do, during such long flights, but it is not probable.

This is the longest regular flight known of shore birds over water, but it is known pretty certainly that some sea birds fly as a regular thing much farther than this during their migrations.

The brant geese, for instance, are said to nest in Siberia and to fly north over the Arctic ocean and south again to Cape Hatteras, or thereabout and beyond, every year.

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty.

PROGRESS OF THE UPRISING IN THE PHILIPPINES.

Insurgents Condemned to Death—San Francisco's Solid Seven—Longshoremen Win a Strike.

**PHILIPPINE INSURRECTION.** MADRID, Sept. 5.—An official dispatch from Manila, the capital of the Philippine islands, announces that the insurgents are entrenched at Noveleta, on Cavite isthmus. They will be attacked by the Spanish gunboats, and operations against the insurgents in the provinces will begin next week. A number of influential men have been arrested at Manila, on the charge of being concerned in the insurrection. According to private dispatches, the report that Germans are implicated in the insurrection is confirmed. Four insurgents have been condemned to be shot at Manila: 200 transported to Marianna and the Caroline islands.

**WHITEHEAD TURNS UP.** CORK, Sept. 5.—Alfred George Whitehead, the Irish political prisoner, who mysteriously disappeared from his home in Skibbereen, August 25, the day after his release from prison, has been found here.

**THE SOLID SEVEN.** SAN FRANCISCO, Sept. 5.—The seven supervisors charged with corruption in office must stand trial. Today Judge Sewall overruled their demurrer and they were ordered to plead. By their attorney they entered a plea of not guilty.

**LONGSHOREMEN WIN.** SAN FRANCISCO, Sept. 5.—The strike of the longshoremen has been declared off, the strikers having gained their point. The trouble occurred over the attempt of the California Transportation Company to reduce the wages from 30 to 25 cents per hour.

Last August, while working in the harvest field I became overheated, was suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. ## "STYLE" IN FURNITURE

It is equally as poor taste to buy "out-of-date" Furniture as an "out-of-date" Bonnet or Wrap. We have the advantage of all others in having the only absolutely new and "up-to-date" stock of Furniture exhibited in Honolulu—and yet we ask less than you pay for the old elsewhere.

## Bedroom Suits.

In Oak or Birch, are selected by people whose tastes run to the refined or elegant. For room decoration as well as for service, there is a certain elegance and richness about these woods not found in any other, and yet the prices are not what you would imagine them to be. Birch sets, with dressing cases having cheval plate mirrors, are preferred by ladies because the long glass allows them a view of the full figure. The old fashioned large, square glass is quite as fashionable and as much in demand because the bureaus to which they are attached give larger space for clothing.

We have them in all styles and in modern designs. Price, from \$25 to \$40.

## Chiffoniers.

In these days when the ladies require many changes of clothing, there is a demand for space in which to put things away. The bureau drawers are crowded. A Chiffonier is necessary in every house where store room is scarce. These are made nowadays for gentlemen as well as ladies; some have a drop lid which unfolds to the gaze a regular receptacle for pens, ink, paper and other articles of stationery.

## Side Boards.

Nothing sets off a dining room to more advantage, or adds to its convenience more than a Side Board. No dining room is complete without one. We have them to suit all tastes and purses.

## China Closets.

There is scarcely a family in Honolulu, or anywhere else on the Islands, who has not a few choice bits of china stowed away in out of the way places. Give them light—let your friends see them. China Closets in oak are the proper thing, and a dining room is not complete without one—the price has been an obstacle in the past, but over-production by a leading furniture maker in the States has helped us to offer them to you at ridiculously low prices. See those with the oval glass. Prices range from \$30 to \$45.

## Secretary Book Cases.

Wall pockets and shelves for books are out of date; fashion demands something more modern and more artistic in design.

General Reupholstering and Cabinet Making a specialty and guaranteed A1. Matting laid by experts. Chairs to rent for Balls and Parties

DOTTIE HACER.

LOWELL, WASH., Jan. 1, 1895. WELLS, RICHARDSON & Co.,

Gentlemen:—My little girl has always been delicate. When she was a year old she had spasms caused by indigestion. The measles were coming out on her at the same time, and since then every little thing would throw her into spasms or the symptoms of them.

If she took the slightest cold she would wake up at night in a flighty condition, and we would have to give her medicine and work with her a long time to keep her from having a spasm. She would be like that every four or six months, and we had a doctor several times.

This fall she took cold while out playing, and woke in the night, flighty as usual. This turned to rheumatism in her hand, leg, and foot. The doctors gave her some medicine and bathed

the parts in oil of peppermint, which helped her for the time being, but the rheumatism came back as soon as she went out. So I concluded to try Paine's Celery Compound for her, and continued bathing as before. She commenced to improve right away, and I had given her but little over half a bottle when she was strong and well and able to go to school again. She has been doing finely ever since, and is healthier than ever before and always hungry.

We cannot say too much in praise of Paine's Celery Compound.

Very truly yours,

Mrs. D. Hacer.

The Star, which warmly supported the legislative act, joins with thousands of citizens in offering felicitations to A. G. M. Robertson. He was the father of the statute which established Regatta Day.

Were Great Britain to undertake the reform of the Sultan's rule by a bombardment she would launch upon an enterprise commensurate with her power, achievements and ambitions. Among the nations of the higher civilization especially would such a course command praise and elicit cooperation. Gladstone is urging interference and his following is greater and stronger than that of any living man who appeals to the minds of other men. But there is danger in the step to Great Britain. It is a risk, Russia, with her secret allies is the menace. She alone has 22,000,000 of men ready to take up arms. At the first guns her hordes would simply flood across the Turkish border. But the challenge she grimly flaunts may be taken up. What a magnificent spectacle and what a certain assurance would be a union of the United States and Great Britain in this matter of more than international concern.

**THE TAX JUMP.**

In a conversation a few days ago, the tax assessor for a district contributing very largely to the internal revenues, made the position of himself and his fellow assessors quite clear. His avowed conviction was that the new law had for its single purpose the object of laying heavier tribute on property owners throughout the group. It is plain enough that in this way only is the treasury of the nation to be swelled. The next representation of the official, in response to a direct question, was that the burden on some owners, and more particularly on those who were foremost in advancing the material interests of the country would be doubled. When asked if he did not consider this a too marked and sudden an advance, the official replied first with a shrug of the shoulders and then the remark again touching the intent of the new assessment law. Continuing he said the assessors had agreed upon several tests to be applied in ascertaining the aggregate value of an enterprise or holding and that in view of probable court contests would be careful and conservative. If doubling taxes at one swoop is careful or conservative, a great many people and papers have heretofore had an altogether mistaken notion on the hear of these terms. Hawaii has now reached the stage where the fiscal branch of the government has the entire confidence of the money factors abroad. It has reached the stage where foreign investors cease to question the safety of life and property. It has reached the stage where there is no question of natural success in any one of half a dozen business openings. The question arises then if the country can allow the impression to go abroad that taxes can be doubled in one year. A gradual increase would not arouse alarm. It is conceded that the rates are now too low. The heavy holders are willing to pay more, but many of them, aside from the material interest involved gravely question the wisdom of the radical step that seems to have been taken.

**THE NEW HOLIDAY.**

Once at least since the change of January, 1893, this community has been in complete harmony. All were brought together by the new holiday. Interest in the Regatta, for which the third Saturday in September has been set apart, was general. All were more than willing to join in the celebration conducted so successfully by the Rowing Association. The new holiday promises to become an honored institution. Two weeks before the day business men and other citizens had contributed more than the amount of money required. On the stated day little heed was given anything else outside the sports of the waterfront. When evening came all were satisfied. There had been no serious friction and owing to the happy selection of the

bay for the field of contests and the absence of all charges, there was not a whisper of grumbling. The managers and members of the two active boat clubs contributed much to the pleasure and success of the occasion and deserve credit along with the Regatta Committee.

There is only one criticism to make. It applies to the base ball game as well as to the aquatic sporting. There was too much betting. The law against it is, as all knew it would be, a thorough dead letter. Such a statute, so far as it goes beyond pool selling and book making, is absurd and impossible. The desired goal in this field of reform can only be reached by working up local sentiment and influencing those prominently engaged in the sports. If gambling on rowing and ball continues at the pace it now has, the result will be extremely disastrous to both sports. Trickery and double dealing will follow and at the first sign of anything but fair play a considerable portion of the Honolulu public will withdraw their countenance from the sports. In any light, particularly that of past experience, this should be apparent to the most casual observer or the slowest reasoner. Regatta Day, secured to those who admire manly contests, must not be degenerated into an occasion for gambling.

**SUPPOSED TO BE FUNNY.**

Its wick burned down too low,

Inasmuch as the coffee picking season is close at hand we will call your attention to our Coffee and Rice "Farm Mills."

This machine is guaranteed to do the work quicker, cleaner and more satisfactorily in every way than any other machine made. It is very compact and easily operated. The one machine is applicable for either coffee or rice. All that is necessary is the changing of the sieves. In calling your attention to this machine we do so for the simple fact that we believe it is the best as nothing but the most modern improvements have been used. The gearing is all placed on the inside of the mill out of the way. We are selling this machine either knock down or set up for \$40.

Another article we will call your attention to is our Diamond Corn Sheller that we are selling at \$16. This machine is found invaluable to those having a large amount of corn that requires shelling as it saves an immense amount of time which can be used to much better advantage.

To those who are interested in the two machines we would ask you to call at our warehouses and make a personal examination. We feel certain that such a visit would terminate in your investing in one or both of these machines.

**W.W. DIMOND'S**

By the Transit which arrived on the 4th inst. we received 100 Jewel Stoves and Ranges, one large car load, direct from the factory at Detroit.

This is our third shipment, and we find that we have only 4 stoves left from our previous lot.

The excellence of these stoves has already been proved by the large sale, but we will name three points:

First. Long life from the heavy high grade of iron, which is the same in the \$12 stove as in the \$50 range.

Second. Economy in the use of fuel.

Third. Quick and even bakers.

We propose leasing these stoves on the following terms:

When the stove is delivered one-third of the price is paid in cash, and the balance monthly thereafter in five equal payments.

If before the expiration of the five months, the lessee wishes to pay off the balance, he will be entitled to a discount of five per cent. on the amount unpaid.

If a customer wants to buy outright, he gets five per cent. discount on the whole amount.

Jewel Stoves and Ranges can be had only of us.

A holiday is about the right time to give your stomach something to do; not the overloading business, but some good solid work that takes a person nearly up to the dyspepsia line without running over.

In the selection of goods for the table something beside quantity is needed, often the name of a maker on a label will sell the goods. Then again the label on some goods will relegate them to the garbage heap. But we don't keep that sort, ours are the best in every respect.

We've some new things this week to offer you, some things that will go well at any meal, and they are offered at prices low enough to carry them into the homes of every class of our citizens.

A complete list would require more space than we have contracted for and a partial one will not half express it. Take what we can give you and draw on your imagination for the balance:

Salmom Steaks in tins, Boston Brown Bread, Sliced Smoked Beef, Boston Baked Beans, Roast Chicken, Roast Turkey, Sausage Meat, French Mustard, Mackerel in kits, Salmon Bellies in kits, Spanish Olives and Chocolate Wafers. In dried fruits we have Moorhead Apricots, Peeled Peaches, Pitted Plums, Unpitted Cherries, Quarted Pears, Glen Una Plums and Sliced Apples.

Mr. L. A. Rocher is a farmer residing about three miles out of Colon, N. C. His home is somewhat in the back woods. In an interview with Mr. S. T. Godfrey, a correspondent of the Telegram and Sunday Times, Mr. Rocher on the 17th of June, 1895, said: "I am 61 years of age, and until I was nigh onto fifty years old, I was always well and peart, then for a long while and until last February, I suffered with indigestion and could not eat anything hardly at all. My daughter, who lives in the city, sent me some of Ripans Tabules, told me how to take them, and they have completely cured me. My wife is now troubled with the same complaint, and has written daughter to send some more of Mr. Ripan's medicine. I want you to tell everybody how I got cured, for it is a blessing to humanity." (Signed) L. A. ROCHER.

Ripans Tabules are sold by druggists, or by mail if the price (50 cents a box) is sent to the Ripans Chemical Company, No. 10 Spruce st., New York. Sample vial 10 cents.

The cleanest, brightest, safest and really, in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want. We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

# STARS ARE THE BEST

PRIDES OF THE VILLAGE WALK OFF WITH THE PENNANT.

The Regiment Nine Their Victims—Close Game for Six Innings—Then the Deluge—Best Crowd of Season.

The Base Ball League got cash for 848 tickets on the occasion of the great deciding contest between the First Regiment and Star base ball clubs Saturday afternoon. This means that 1,000, or thereabouts, were present. Hart held down right field and did good work. George Woods pitched for the Regiment to the end of the sixth inning when he had to retire on account of the condition of his arm. He went to center field and Simerson took the box. Up to this time the game stood 3 to 3 and had been exceedingly interesting. But Simerson proved too light for the Star giants and was battered all over the earth. Four runs were piled up in the seventh and seven in the eighth, giving the game and the championship of the '96 season to the Stars.

The Regiments took the bat first. Baker and Cummings struck for singles and on a passed ball by Wilder, the former reached the plate. On a safe hit by W. Woods, Cummings also got home, giving the soldiers a start of two runs. In this inning Simerson fanned out and Gleason and Cunha went out at first. The Stars could not get to first.

In the second the Regiments were kept off of first. Pryce of the opposing team hit safe and on a wild throw by Cummins took third. On a safe by Lishman he got home.

In the next inning Cummings went to first on balls and scored on a safe hit by W. Woods. The Stars crowded the bases. Willis came up on W. Wilder on third, sacrificing him at the home plate. Ross flew out to Simerson and H. Wilder to Cummins. In the fourth neither side got a run. Sam Woods flew out to W. Woods on second, throwing Pryce out at that base and making easy a double play.

In the fifth inning the Regiments got one man to first. With Willis on second and Hart on first H. Wilder tapped to an infielder by the left of Pitcher Woods. The latter failed to reach it. In the meantime Cummins had run up on the line to support Woods. All eyes on the ball, Willis, running from second to third, struck Cummings and both fell. The former was quite badly winded and had to be taken from the field. A runner was substituted and given the third bag for the stated reason that the short-stop had no business on the line on a pitcher's ball. On Pryce's safe Willis' sub and Hart got home.

The sixth inning was notable only for a two-bagger by Carlyle. Neither side fanned.

In the first half of the seventh Baker struck to W. Wilder. He whiffed it. The ball flew high in the air, was caught by Lishman, thrown to third in time to get Baker by a close decision. This play was quite a feather for Lishman. Simerson hit safe, but Cummins and W. Woods went out.

At this juncture Woods retired from the box and Simerson was put in. After that the game was not the same. Out of the eight Star men who went to the bat in the seventh, five made safe hits, one went out on a long fly to right field, one out at first and one fanned out.

In the eighth Gleason punted a two-bagger, but Cunha, G. Woods and Carlyle went out in one, two, three order. The inning was notable for the phenomenal batting of the Star team. Ross landed a three-bagger to the fence. Hart, Lishman, Wood and W. Wilder were each credited with a two-bagger. Lishman's two-base hit was fumbled by W. Woods and on a passed the runner touched all the bases and got home. Seven runs were piled up by the Stars in this inning. In the ninth Luahiwa went to first, but was thrown out at second. Baker was retired at first. Simerson hit for two bags, but Cummins fanned out. The score was as follows.

Regiments ..... 2 0 1 0 0 0 0 0 0 — 3  
Stars ..... 0 1 0 0 2 0 4 7 — 14

After the victory the Star club gave three cheers for the First Regiment team. The compliment was returned with zeal by the soldiers. At night the Stars continued their celebration. After that dinner they took in the town in a four-horse bus.

Mrs. S. A. Kell, of Pomona, Cal., had the bad luck to sprain her ankle. "I tried several liniments," she says, "but was not cured until I used Chamberlain's Pain Balm. That remedy cured me and I take pleasure in recommending it and testifying to its efficacy." This medicine is also of great value for rheumatism, lame back pains in the chest, pleurisy and all deep-seated and muscular pains. For sale by all druggists and dealers. Health and Strength RESTORED BY THE USE OF Ayer's Sarsaparilla

"About a year ago, I had a severe attack of influenza, which left me very weak, without energy, appetite, or interest in life. Obtaining little or no relief from doctors, or from the many remedies recommended to me, I finally tried Ayer's Sarsaparilla, and from that time, began to gain health and strength. I continued the treatment until fully recovered, and now have very great pleasure in telling my friends of the merits of Ayer's Sarsaparilla, and the happy results of its use. I consider it the best blood-purifier known."

COMPANY C ENTERTAINS IN CAMP S. B. DOLE AT WAIANA'E.

Good Time Generally—Favorable Weather—Drill and Guard Duty—Many Guests—A Next—Meetings.

Company C completed Sunday afternoon one of the most successful encampments ever held by a volunteer aggregation in Hawaii. The affair was carried out at Waiana'e. Saturday afternoon Company C, sixty-two strong, with a number of friends left the city on the 1:45 train. Camp was pitched in the algaroba grove beyond the Japanese quarters, a most excellent location. Once in camp friends arrived from every quarter and offered every assistance in giving the soldier lads a good time. A guard was thrown out after which the company turned over to enjoyment until 11:30 o'clock. Musician Thompson of Company H, who was present by special invitation, aided the good time with his fine voice and ability as a guitarist. A number of stringed instruments were in camp and the music was kept up until the hour for turning in. Over a hundred friends were present and participated in the festivities. Refreshments were served throughout the evening.

The place was christened "Camp Dole" in honor of the Commander-in-Chief. Sunday was a fine day in Camp Dole. Frequent clouds shut off the hot sun and gave a pleasant atmosphere. In the early morning a regulation drill was had. Then the company kept "open house." Every train from town brought its fresh contingent of guests. Each was cordially received by the officers and introduced to the pleasures of the camp. All Waiana'e was there and took the greatest interest in the encampment. People of all nationalities offered their homes and their tables to the boys in blue. The Portuguese of Waiana'e were specially attentive to the visitors. At 4 p. m. the company was drawn up and addressed by Capt. Camara. He expressed pleasure at the successful termination of the encampment and complimented his men upon their excellent deportment during the entire occasion. After Sergt. Gonsalves had taken a couple of views of the Company three cheers were given the people of Waiana'e and President Dole. On the train back to town the boys kept things lively with their songs.

Company A will meet tonight to make arrangements for the encampment which will take place at Makee Island next Saturday night and Sunday.

Company H will hold a business meeting this evening. The election in B company tomorrow evening promises to be the most exciting little affair in a long while. The candidates for the second lieutenantcy are: Sergts. Giles and Tracy and Privates Needham and Foster. Capt. Schaefer will preside at the election. The shooting sheds and targets at Kaka'ako have been assigned to the companies. They run from right to left, according to number.

BLISSFUL YARNS.

Some Base Ball "Centuries" Told by a Visiting Player.

Bliss, the San Francisco "boy" who played second base for the Stars in a recent game here, was a fine fellow at telling stories of the sport. He swears that when the populace of the Texan town saw a fly ball about to settle into the hands of a hostile outfielder at any critical stage of the game they would draw their revolvers and shoot the ball so full of lead that it would be disseminated to the four winds. On the other hand if a fly seemed about to escape one of the home fielders they would shoot just enough lead into it to stop it and make it fall straight to earth.

He also claims that at Dallas there was a movable fence in the field and that when the opposition knocked a ball into the outer desert the fence would be moved in to stop it and bounce it back to the home fielders, while if one of the home club hit it the fence would be swung open to let the ball through and then closed tight on the hostile fielder.

DISCOVERY OF COFFEE.

An Arab Traveler in Abyssinia Stumbled on It.

The following is given as the original discovery of coffee: Near the middle of the fifteenth century a poor Arab was traveling through Abyssinia and, finding himself weak and weary from fatigue, he stopped near a grove. Then, being in want of fuel to cook his rice, he cut down a tree which happened to be covered with dead berries. His men being cooked and eaten, the traveler discovered that the half-burned berries were very fragrant. He collected a number of these, and, on crushing them with a stone, he found that their aroma increased to a great extent.

While wondering at this he accidentally let fall the substance in a can which contained his scanty supply of water. Lo, what a miracle! The almost putrid water was almost instantly purified. He brought it to his lips. It was fresh, agreeable, and in a moment after the traveler had so far recovered his strength and energy as to be able to resume his journey. The lucky Arab gathered as many berries as he could, and, having arrived at Aden, in Arabia, he informed the Mufti of his discovery. That worthy divine was an inveterate opium smoker, who had been suffering for years from the influence of that poisonous drug. He tried an infusion of the roasted berries, and was so delighted at the recovery of his own vigor that, in gratitude to the tree called it Cahwah, which in Arabia signifies force.

TUBERCULOSIS.

BERLIN—Intense interest has been aroused in medical and other circles here by the announcement of a young physician, Erich Langhald, at the International Physicians Congress at Wiesbaden, that he had discovered a new remedy for tuberculosis, named anti-microbia. Its principal ingredients, is appears are ozone and cod liver oil, applied by subcutaneous injection. In the experiments of the past five years, he explains, the greatest difficulty to overcome was that of keeping the ozone pure and easily available. Of the ninety cases of tuberculosis treated in the Moabit hospital during the past year, all have been cured.

Mrs. E. E. Davis of San Miguel, Cal., says: "I am trying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserable the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size have been used I am pleased to state, my health is better than it has been for years. The soreness has left my lungs and chest and I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was, to give it a trial." For sale by all druggists and dealers. AT THE PALAMA CHAPEL

FIRST OF A SERIES OF SOCIALS A SUCCESS.

Singing—Instrumental Music—Recitations—Salvation Army's Test Suit—The Case Postponed.

A very pleasant entertainment and social was held at the Palama chapel Saturday evening. The little church was filled with people. A program of literary and musical selections was presented, as follows:

- Violin solo... Prof. Hall Song... Miss Grace Richards Recitation... Mrs. Thomas Black Song... Mr. McCuder Address... Rev. D. P. Binie Violin solo... Prof. Hall Song... Mr. McCuder Recitation... Mrs. Black Song... Miss Richard.

This was the first of a series of entertainments which will be given at winter months.

The Salvation Army decided Saturday to make a test case of the controversy, in re, where street meetings may and may not be held. At evening the meeting opened near the corner of Hotel and Fort, and soon the red-ribbon brigade was marching to the station house. The officers were released on their own recognizance to appear this morning and answer to the charge of obstructing the streets.

Today the case came up and was postponed. It will likely be heard tomorrow. The army lassies have retained L. A. Thurston to defend them and will fight the case.

Rev. H. W. Peck will preach in the Pearl City Church every Sunday afternoon. The congregation there is increasing constantly. A Bible class in the church was recently started and there are good prospects of a flourishing Sabbath school.

W. J. Forbes is erecting a fine one-room mansion next door to "Sweet Home," the summer residence of Senator Waterhouse.

Boating and fishing were the order of the Peninsula colony on Regatta Day.

NEW RANGE.

Finishing Touches Going On—Soon to Be Formally Opened.

For the information of the N. G. H. it may be stated that the finishing touches to the new range at Kakaekae are being put on this afternoon. Sergeant Elvin will likely report tomorrow to the Minister of Foreign Affairs and the order opening the range will be issued immediately thereafter. It is expected at headquarters that shooting will be allowed Wednesday afternoon.

Y. H. I.

Most Enjoyable Celebration of the Society's Second Birthday.

Nearly 200 friends joined with the Y. H. I. Friday evening in celebrating the second anniversary of the society. The hall for the occasion was brilliantly lighted and handsomely decorated with ferns and palms. President Wilcox was master of ceremonies and acquitted himself in his duties handsomely. The program opened with music. After this was the installation ceremony and a short literary program. Music was a chief feature. All the selections were heartily enjoyed. The latter half of the program consisted of refreshments and a general good social time. The main hall was reserved for guests. Friends who enjoyed games or a smoke were entertained in the makai parlors. The affair was over about 10 o'clock.

SUNDAY'S ALARM.

The fire at 1 p. m. Sunday was in a little outhouse at the residence of F. B. McStocker. There was no damage. The department responded promptly, but the fire was out before the engines arrived upon the scene.

CELEBRATION.

Chinese celebrated the full moon festival Sunday night. There was lots of shu shu drinking and bombs were exploded in various quarters. Four celebrants were arrested for setting off explosives in the public streets.

Roofing, Pile Covering and Building Papers,

FOR SALE BY

WM. G. IRWIN & Co., LIMITED.

Sole Agents for the Hawaiian Islands

The building papers are 1, 2, 3, and 4 ply. They come in rolls, each roll containing 1000 square feet. They are water proof, acid and alkali proof and vermin proof. A house lined with building paper is far cooler than one that is not. There is also a cheaper grade of paper adapted for use under matting keeping out insects.

HONOLULU, July 29th, 1895. MESSRS. W. G. IRWIN & CO., LTD.

GENTLEMEN:—In reply to your inquiry as to how the Ideal Roof Paint you sold me lasted; I would say that I painted the roof of my house 12 months ago with your Red Ideal Roof Paint, and I find it is as fresh and bright in appearance today as when first applied; looking as well as others lately painted with other paints. I am more than satisfied J. G. ROTHWELL.

Have you a leaky gutter? If you have, make it perfectly clean and dry, apply a good coat of No. 3 P. and B. Paint over the leaky spots; then take a piece of stout Manila paper, or a piece of common cotton cloth, paint it well on both sides; lay it over the first coat, giving the whole a final coat, and there will be no more leak there. Or if the whole gutter is bad, make it clean and dry, and apply a paste of P. & B. Paint and Portland Cement

What is  
**• KASTOL •**

KASTOL is nothing but the finest castor oil made perfectly palatable by a new process. It is as pleasant to take as honey. It is ready for immediate use; requiring no mixing.

There isn't any question about castor oil as a true laxative medicine; there isn't any question but it is the most unpleasant nauseating dose ever prescribed. But KASTOL possesses all the medicinal properties of castor oil with the bad taste eliminated.

Children need no coaxing to take KASTOL, they like it; so will you. 25 and 50 cents bottles.

**GAME OF HIS LIFE.**

All the friends of Lionel Hart were much pleased to see him in the box for the Stars at the championship game. He had rested a week and was in the pink of condition in every way. Lionel pitched a steady, swift and mighty pretty game the entire nine innings. During his short vacation he had developed a drop that fooled the very best wielders of the willow in the Regiment team.

**A RUSH FOR LOTS.**

The office of Bruce Waring & Co. has been a very busy place all of today. Those who had selected lots in the Kewalo tract recently plotted were making or closing the final preliminary arrangements for purchase. Mr. Desky, who was checking off and making receipts had all that he could do for several hours. The indications are that this tract will be built up faster than was the Punahou land purchased by Bruce Waring & Co. from Liliuokalani.

**GOAT HUNTERS.**

Walter Dillingham, Harry Waterhouse and about a dozen other young men went down into the Waianae mountains on Friday goat hunting. They remained over until yesterday and killed over thirty mountain-climbers. Several young kids were brought back. They are already quite tame and will be raised as pets by the captors.
