VOL. IX. No. 1587. HONOLULU, TERRITORY OF HAWAII, THURSDAY, JULY 19, 1900. PRICE 5 CENTS.

NAHIKU WILL BE LAID UP

Money Not Available for Keeping It Agolng This Year.

Delinquent Stock Turned Into Treasury—Estate Will Be Cared For—Fourth Assessment to Be Called.

Instead of being sacrificed by auction, as an alternative to the company's buying it in, the delinquent stock of Nahiku Sugar Company has been turned into the treasury. The directors considered the time inopportune for making a forced sale of the shares. It has been decided to lay the plantation up for a year, or until the monetary stringency becomes lifted. In the meantime the estate will be well looked after, so that as little as possible of the work already done will go for naught. The directors are confident of ultimate success in developing the plantation. Only the fourth assessment will be called this year.

THE TERRITORIAL CENSUS

Commissioner Atkinson will forward the census returns of population for the city of Honolulu to Washington this week. Those of the country districts will not be forwarded until August. It is said that the State of California returns will not be in before next month. The manufacturing schedules for the country have been filled synchronously with those of population. City manufacturing data have yet to be collected. R. McDonald, an enumerator for Ewa district, has mysteriously disappeared. His entire canvassing outfit is missing as well. If he do not put in an appearance by Monday, another enumerator will have to be hurried into the district to do his work over again.

Cabinet Meets Daily.

Yokohama, July 11.—A Cabinet meeting is held daily. It is understood that the question of the despatch of another army corps to China is being discussed, but no decision has been reached.

THE WATERMAN IDEAL FOUNTAIN PEN.

All sizes, all shapes. H. F. WICHMAN.

\$200.00 IN PRIZES

The BULLETIN offers to the persons who, between February 1st and July 31st, shall send in the largest number of new subscribers, the following prizes:

1st Prize, Cleveland Bicycle, \$70.

The winner of the 1st prize is at liberty to choose between models 90, 92 and 94 of the 1900 Cleveland Bicycle. Model 92 is a road racer, weight 20 pounds. Model 93 is a light road wheel, weighing 22 lbs., and Model 94 a heavier road wheel, wt. 24 lbs. The bicycle to be selected from the stock of the Honolulu Bicycle Co., agents for Cleveland Bicycles. (The choice may be made between the corresponding ladies' models, should the winner of 1st prize be a lady).

2nd Prize, Singer Sewing Machine, \$60.00.

The winner of this prize may choose between three styles of machines: that with oscillating shuttle and top cover, that with vibrating shuttle and cabinet top, both five-drawer machines, or the "Automatic," with three drawers. This machine will be furnished by B. Bergersen, sole agent for the Hawaiian Islands.

3rd Prize, Promo Senior Camera, 4x5, with outfit, \$40.00.

The Promo, Sr., has Double Swing Back, Double Sliding Front, and Rack and Pinion for focusing. This camera may be used with either Plates or Films. The outfit includes 1 Plate Holder, Tripod, 3 Trays, Developer, Fixer, Negative Rack, Graduate, Stirring Rod and Lantern. Camera and outfit are from the Photo-Supply Co., sole agents.

4th Prize, a Zonophone, the Latest Improvement on the Gramophone, with 8 Records, \$30.00.

This is the loudest and most natural talking machine yet invented. It is to be selected from the stock of the Bergstrom Music Co., sole agents for the Hawaiian Islands.

The following conditions of the contest must be observed:

- 1. All subscriptions must be prepaid at least three months in advance.
2. No renewals or transfers of subscriptions will be counted in this contest as new subscriptions. Each name must be a bona fide addition to the subscription lists.
3. Subscriptions should be sent in as soon as secured, together with the name and address of the person to whom the subscription is to be credited, as well as of the subscriber. Great care should be taken to give ACCURATELY the full name and address of each new subscriber.
4. Any person in the Hawaiian Islands is eligible to try for these prizes.

Subscription Rates: \$5.00 per year, \$2.00 for three months, strictly in advance.

From Shark's Bowels the Sea Gives Up Its Dead

The foot of a white man with flesh and skin intact, and the pelvis and right femur, bared of flesh and hanging together by the tougher ligaments, compose the horrifying sight that was disclosed to a number of South Sea Islanders on the government reservation as they cut open the belly of a fourteen foot shark early this morning. The first impulse was to throw the monster of the sea and the contents of its stomach into the sea on account of the bad luck such a thing is believed to bring, but just at the time this was decided on, a native, John Poal by name, happened to be walking along the stone wall in the vicinity of the South Sea Islanders. He immediately suggested notifying police headquarters and his counsel prevailed. As soon as it was late enough, Poal notified Captain Parker who, with a police officer, went to the place where the body of the shark lay. Already, the report had spread about Kakaako and hundreds were present before the officers of the law arrived. Captain Parker left the officer to guard the place and started for the police station after Sheriff Brown who arrived a little later with Special Vids and Dr. Garvin. The foot, pelvis and femur were viewed and then the belly of the shark was again searched for something that might lead to the identification of the unfortunate man whose body had been torn asunder by the ravenous monsters of the deep. The South Sea Islanders searched well, but nothing could be found. J. J. McDonald, who lives next to the home of the late Emil Uhlbrecht, drowned at Makapu Point, expressed it as his opinion that what was found in the shark's belly was undoubtedly all that would ever be seen of the body of the unfortunate man. He stated further that the grief-stricken wife had a lingering hope that her husband might still be alive. If she could identify the foot, it might settle for all time the reality of the situation. Sheriff Brown then sent Special Vids after a bag, and therein were deposited the remains. These were taken to the police station in a sack just in time to escape the camera soids who were trooping in gands to the scene just as Sheriff Brown and his officers were passing the boat houses on their way back to town. John Kinpeki, the South Sea Island fisherman who caught the shark, tells the following: "I went out in my canoe early last evening with the intention of catching a shark, if possible. I rowed to a position in the channel, midway between the lighthouse and the spar buoy. My hook was fastened to a stout line wound round with wire at the place where a shark might easily use its teeth. "It was at about 11 o'clock that I felt the line go through my fingers with lightning rapidity. Fortunately I had brought along enough, and I soon found that the shark was weakening. It was hard work for one man but, in an hour's time, during which my canoe was pulled about in all directions, I found that the fish was almost exhausted. A little while longer and I had a huge shark beside my canoe. The death blow was soon delivered and I towed my prize ashore. "Early this morning we cut open the shark and found what you have already seen. Together with it were several ducks' heads. Of course we could not eat the monster after that. "I had a very narrow escape last night. I was half asleep when the shark took the bait. The line was attached to the eprow of the boat and when the shark pulled, the canoe went under. It was with the greatest difficulty that I bailed out and got in good shape again. "The shark is what the natives know as "mano la," the common species, and not the regular man eating shark known as "Nuihi." The supposition is that, when the body of Uhlbrecht came to the surface, it was set upon by a number of sharks and torn to pieces. This seems well proven by the fact that the shark had only a part of the body in its belly. Its mouth was fully large enough to take in, without the least trouble, the whole body of a large man. It seems strange that the foot was intact, that the pelvis and femur were

bared of flesh and the bones partly disintegrated by the processes of digestion, but this may be accounted for if it is supposed that the sharks in their fight over the body, tore the flesh from the legs and hips. The foot was pulled off at the ankle. All except the toes were swollen. These members were remarkably well preserved and, the identity of the person to whom they once belonged, might easily be solved by one of his family—particularly his wife. There were jagged cuts beneath, and on the side of the foot which might have been caused by the sharp coral that Uhlbrecht traveled over just before he met with his terrible fate Sunday, but the general opinion is that the cuts were made by the teeth of the shark. When Uhlbrecht went into the water he had nothing on his body but a shirt and his shoes. Not even a part of these articles were found in the belly of the shark. They must have been torn off in the fight for the body. There is no doubt whatever that the remains found were those of a white man and the only white man who has found death in the sea since Saturday was Emil Uhlbrecht. There has been in tense excitement in town all day over the discovery of parts of a human body in a shark and thousands have visited the place where the monster was cut open. Later—Mrs Uhlbrecht called at the police station and asked to see the remains of the body that was found in the shark. She was suffering intensely but kept up bravely. She insisted on seeing the remains, saying that if not allowed to do so, her doubt as to her husband's death would make her insane. Deputy Sheriff Chillingworth tried his best to dissuade her from her purpose, but she remained firm. She told the Deputy Sheriff that on the inside of the great toe of the right foot was an ingrown toenail over which the flesh had grown and that the hardened skin had been pared away. Mr Chillingworth went below and found just what the poor woman had said. Upon hearing this Mrs. Uhlbrecht said: "Then, I must see it. I will not be able to live if I do not." Sheriff Brown tried to make Mrs. Uhlbrecht change her mind but she would not and she was finally taken below and allowed to see only the foot. With a gasp she cried: "It is he, my poor Emil!" She did not break down but her soba were more than the strong man about her could bear and she was tenderly conducted above again. Reaching the Deputy Sheriff's room she said: "I have done my duty to my poor Emil. Now there are only the three children and myself left. Oh, do let me think! Let me think!" After a little the poor distracted woman became calmer and announced her intention of having the remains buried. The funeral will probably take place this afternoon.

Bombardment of Tien Tsin Jeopardizes Allied Forces

Berlin, July 11.—The German Consul at Tien Tsin cables that the foreign settlement were continually bombarded by the Chinese from July 5th to July 8th. July 6th, 2,000 Boxers attacked the French settlement and were routed by the Russians. The British and Japanese forces, July 7th, bombarded the Chinese batteries. Toward evening, Chinese shells penetrated the roof of the German consulate and caused an outbreak of fire, which was extinguished after slight damage had been done. July 8th, the Pelung sailed for Taku with the German wounded. River communication between Tien Tsin and Taku has been safe since the Chinese fort midway between the two towns was captured. The railroad from Tong Ku has been repaired to within three miles of Tien Tsin. Nearly all the families of foreigners left Tien Tsin for Taku July 4th. The German Consul at Chefoo telegraphs that the Governor of Shan Tung announces that, according to reports on July 4th, the foreign Ministers at Peking were out of danger and the revolt was decreasing.

A Modern Hostelry.

The Orpheum hotel has just been thoroughly renovated and repaired and placed in first class condition in every respect. It will be run on both the American and European plan and affords an opportunity to secure first class accommodations at moderate rates. Meals will be had at the cafe connected with the hotel either a la carte or table d'hote; liquid refreshments will be served with meals. A complete new stock of gentlemen's shirts, collars and cuffs at L. B. Kerr's, Queen street.

PROGRESS BLOCK

VERY BEAUTIFUL WEDDING

Colonel Jones and Miss Henneghan in Life Union.

Brilliant Reception at Home of Mr. and Mrs. Wm. C. Wilder—Decorations, Dresses, Presents, Music, etc.

Davenport Place, the beautiful home of Mr. and Mrs. William C. Wilder, was the scene yesterday evening of one of the brightest weddings ever seen in Honolulu. Mr. John Walter Jones and Miss Cora Henneghan were married there at 8 o'clock, and a reception was held from 8:30 to 10:30. Rev. W. M. Kincald officiated in the ceremony. Miss Belle Walker was bridesmaid, and Mr. W. C. Wilder Jr. best man. The witnesses were: Mr. and Mrs. W. C. Wilder, Dr. and Mrs. C. B. Cooper, Mrs. Walker, Mr. and Mrs. E. Paxon Bishop, Mr. and Mrs. G. K. Wilder, Mrs. McWayne, Miss Edith Barnes, Miss Agnes Walker, Miss Cordie Walker, Miss Lizzie Grace, Miss Margaret Walker, Mr. Sam Walker, Mr. Frank Armstrong and Mr. Harry Wilder. The couple stood in a parlor recess window, beneath a bower of golden shower blossoms intertwined with male vines. With the same delicate taste were the chandeliers and other appropriate objects decorated. The bride wore a dress of pearl satin with accordion-pleated ruffles of net and over-dress of chantilly lace and ruffles of net, worn on traine. The waist was worn low with a gamp of net and bishop sleeves of the same glistening material. The bridal veil fell in graceful folds from the velvet hair bow to the train, and was attached to white velvet bows hung from the left shoulder. The under skirt was of white taffeta silk with accordion pleats. A bunch of bride roses was carried. Miss Belle Walker was gowned in a beautiful dress of pink moire silk, cut decollete, trimmed with pink and green applique, spangled net and chiffon. She carried a bouquet of pink roses. At the hour appointed for the reception the invited guests began to arrive, and up till 9 o'clock there was a constant stream of beauty and fashion into the mansion. At the height of the event the parlors and hall were overflowing with a brilliant throng. Mr. and Mrs. Jones received congratulations standing within their marriage bower. The exterior of the house was illuminated on a grand scale. Particularly effective were double crescents of Chinese lanterns in the second floor balcony arches. The main driveway was an avenue of gleaming colors. Refreshments were served in and from the dining room and the lanai throughout the evening. On every side in the almost crush of guests evidences of intense sociable enjoyment were audible as well as visible. Among the presents received was a handsome cut glass punchbowl and champagne and aperhet set presented by the groom's bachelor friends; a solid silver coffee and tea service from the officers of the National Guard of Hawaii, of which Mr. Jones is Colonel; many sets of gold and silver after dinner coffee spoons, pearl handled knives, salad dishes and spoons, cut glass decanters, silver card servers, several etchings and hand painted plaques and plates, and table linen. The Government band played on the lawn throughout the reception, Captain Berger putting forth a more than usually fine program. The ushers were Harry Wilder, Tarn McGrew, Frank Armstrong, Hugh and Allan Walker. Shortly after 10 o'clock the happy couple left for the villa of Dr. and Mrs. C. B. Cooper on Mount Tantalus, where they spend their honeymoon. The bride is a fair daughter of Illinois. Her home has been with Senator Wilder's family for the past seven years. The groom was a San Francisco boy. He came here to take the position of stenographer to the higher courts, on the first adoption of shorthand reporting there, ten years ago. At the revolution of 1893 Mr. Jones enlisted in the Provisional Government volunteer forces. Through successive promotions he attained this year to the colonelcy of the First Regiment, National Guard of Hawaii.

Judge Estee's Clerk.

A recent issue of the Kennebec Journal (Augusta, Me.) states that T. H. Maling of Portland, Me., has been appointed a deputy clerk by Judge Estee. Mr. Maling expects to arrive in Honolulu some time in September.

Nance O'Neill.

Nance O'Neill has cabled back from Australia, cancelling all her engagements in the States for this fall. Her success in the Colonies has been such as to make it worth her while to remain there several months longer.

Free Rural Delivery And How to Secure It

United States Post Office Inspector Flint has prepared the following statement of requirements necessary for the people of island country districts to secure free rural delivery:

The question of the establishment of the rural free delivery service at any point throughout the Territory of Hawaii will not be considered by the Post Office Department in Washington unless the following instructions are complied with:

Prepare a petition addressed to the First Assistant Postmaster General, Washington, D. C., requesting the establishment of the service, have the petition signed by all the proposed patrons of the route and then secure the favorable endorsement of Governor Dole.

This will be necessary until a delegate to Congress is elected in the Territory.

The route should not be less than 25 miles in length and the roads must be in good condition.

A rough map should be furnished of the country to be traversed, accompanied by a general statement as to the number and avocations of the people to be served.

The intention of the service is to give a delivery of mail once daily to farming and rural communities, but there must not be less than 100 families served by each carrier.

Carriers for the first year receive a salary of \$400 which includes horse hire, this compensation will probably be increased the second year to \$500. Patrons of the routes are required to place boxes at the entrance to their farms or homes, thereby expediting the delivery of the mail.

Y. M. C. A. Vacation Camp Soon To Be In Full Swing

The Junior members of the Y. M. C. A. will not start for their camp until Monday morning on account of rain in the valley. The lumber has been sent up for the floors for the tents and everything is ready to go up. The boys will all meet at the Y. M. C. A. Monday morning before 9 o'clock with their baggage and go out together. The Senior camp or that for young men will be the first week in August. Applications should be made at the association office. Forms will be found in the Association Review to fill out, the Review will be sent out tomorrow. It is planned to have the miscellaneous camp when members can go with their wives the second week in August if there are enough applications. The site of the camp is very delightfully located and commands a beautiful view of the valley, an ideal place for such a camp.

The Last Neill Play.

This evening there will come to a close what has undoubtedly been the most interesting dramatic engagement that has ever been enjoyed upon these Islands. The Neills came among us as strangers; they leave us tomorrow held in the highest esteem by the very best social and commercial element that we have. "Mr. Barnes of New York" will be the play offered for the last appearance of the fine organization here this evening. It is so well known in all parts of the civilized world that extensive comment is unnecessary. Mr. Neill appeared in the same part in which he will be seen the original production of the play in this evening.

Minors' Rights Maintained.

Before Judge Humphreys, in the matter of the estate of Jacob Jurgensen, H. A. Bigelow, guardian ad litem of the minor children, moved that the evidence taken in the probating of the will be struck out, and that an opportunity be given him, on behalf of the minors, to cross-examine those witnesses. The motion was granted and the hearing set for Saturday, August 4. Atkinson for proponent of the will; Bigelow for the minors.

Cruelty To a Monkey.

Nakatani appeared in the Police Court this forenoon on the charge of cruelty to animals by torturing a monkey. The humane officer who made the arrest, was the only witness for the prosecution. The defendant said he used rubber balls to throw at the monkey and that he always cautioned his customers not to throw too hard. He was going out of the business anyway as there was no money in it. Judge Wilcox asked the man why he did not get a Japanese boy instead of a monkey to do the work and then fined him \$20 and costs.

Judge Humphreys today heard the petition for a writ of mandamus of Carolina Silva against J. G. Silva, president of the Portuguese Mutual Benevolent Society. It was for an accounting of benefits on the death of petitioner's husband. The writ was refused for want of jurisdiction. Correa for petitioner; De Bolt for respondent.

Superintendent McCandless has given the contract for paving the sidewalks about the Capitol, the Judiciary building and Thomas square to the Bituminous Rock Paving Co. The price is about \$5,000. This will be the first bitumen pavement laid down in Honolulu.

Great sale of boots and shoes at 5 cents on the dollar at L. B. Kerr & Co.'s shoe house, corner of Fort and Hotel streets.

To Prove An Alibi Is Now Chinese Objective

London, July 11, 2:02 p. m.—Although Shanghai today repeats the statement that both the Emperor and the Dowager Empress are alive and telegrams from Chinese officialdom again testify to the safety of the legation, the assertions no longer stimulate hope here and pessimism will prevail as long as the authorities, who on their own showing, are able to get messages to the coast, fail to send confirmation of the safety of the foreigners from some of the legations in Peking. London sees in the disappearance and reappearance of prominent people at Peking and the efforts apparently making to shift the blame from one to the other, and in the attempts to represent themselves as victims of, instead of principals, in the recent occurrences, only preparations for alibis and defenses in view of the approach of the troops of the Powers and the tragedy they may discover on reaching the Chinese capital.

Will Visit Honolulu.

Edward Crawford, a brother of Mrs. Geo. A. Paris of this city, is visiting Vancouver. Mr. Crawford is connected with the business staff of the Winnipeg Free Press. He reports the state of trade in Manitoba as very good, despite the drought scare, and with the recent beneficial rains he looks forward to a continuance. It is his intention to make the trip to Honolulu for a short visit at an early date.

New German Minister.

Berlin, July 11.—Dr. Mumm von Schwarzenstein, Envoy Extraordinary of Germany to the Grand Duchy of Luxemburg, has been appointed German Minister to China, in succession to the late Baron von Ketteler. He starts for the Far East in a few days accompanied by Baron von der Goitz.

FOURTH OF JULY.

A great number of Hawaiian and American flags can be gotten in Iwakani's store, Hotel street.

Guerrero & Hoke, Miller street, carry a choice line of groceries and delicacies. New goods every Australia.
A. W. Seabury is no longer connected with the Hawaiian Electric Co. He has taken a position with Hoffman & Markham.

THE FIRST GRAND JURY

The first grand jury summoned in the Territory of Hawaii was at the Honolulu term. Attorney General E. P. Dole volunteered this statement to a Bulletin reporter:
"I am greatly pleased with the work of Deputy Cathcart at Honokaa. It is the first term under the new system of indictment by a grand jury and conviction only by a unanimous verdict of a petty jury. Mr. Cathcart obtained three convictions for homicides.
"Meyners was convicted of manslaughter in the second degree in killing Gus Schwartz. Mahalea was convicted of manslaughter in the second degree in killing a Japanese laborer. From what I know of the cases I think these verdicts were essentially just.
"Fuji Hari was convicted of murder in the first degree for a deliberate, cold-blooded assassination.
"Juries are now composed entirely of American citizens. The grand jury must number not less than 13, nor more than 23 men."

Man on the Corner.

R. E. Lockwood is the "man on the corner" about whom people have been asking so many questions during the past three days. Yesterday Mr. Lockwood has been at the corner of Fort and King streets, book and pencil in hand. On Monday he was at the corner of Fort and Queen. Today he will shift to another place.
Mr. Lockwood was ordered by Road Superintendent Campbell to note the number of vehicles of all kinds passing on the most used thoroughfares of Honolulu for the purpose of ascertaining the proper kinds of pavement to recommend.

Aeronaut Meet Death.

Santa Ana, July 4.—Prof. Emil Markberg, an aeronaut, made his last ascension here this afternoon. He now lies at the morgue, lifeless and with all the bones in his body broken. At the height of 500 feet, while hanging to a strap by his teeth, the strap broke and the aeronaut shot toward the earth like a cannon ball. Although 500 feet in mid-air, he dashed to the earth so quickly that people below could scarcely get away from under him. Before the thousands of spectators realized what a terrible fate had befallen the daring aeronaut he lay lifeless at their feet.

Judge Stanley's Resignation.

Judge Stanley sent his letter of resignation to Governor Dole Tuesday, and retired from the Circuit Court bench yesterday. Today he resumes the practice of law. Judge Stanley wanted to retire on the inauguration of the Territory, the appointment of his successor having been announced. Owing to the absence of Judge Silliman from the Territory, however, Governor Dole procured his consent to hold over.

First Pack Train for China.

Washington, July 9.—The departure of the first pack train for Chinese service was reported to the War Department today in a telegram from Vancouver Barracks, Washington. It says the transport Lenson passed out of the Columbia river to sea at 7 o'clock this morning, carrying 328 horses belonging to the Sixth Cavalry, 28 riding horses for packers and 100 pack mules.

Whitney & Marsh have just received a new consignment of the ever popular ladies' Stanley shirt waists. See their ad on page 5.
What is undoubtedly the most up-to-date and handsomest phaeton that has arrived in Honolulu lately, may be found at Schumann's repository on Merchant street. The wheels are maroon and the body black, while the lining is of whipcord. A large number of people have already been around to see it.
Passengers by the Nihau yesterday report a strike of laborers on Kealia plantation. Seven hundred Japanese went out on Monday and refused to work unless paid \$20 per month, a raise of \$3 over their old wages. Before leaving the steamer people learned that the Japanese had urged the dock hands at Kapaa to quit work or they would be beaten.

Leung Khai Chew, the Chinese reformer, left by the Nippon Maru for Japan. After remaining there a while he will go to China. At a Chinese banquet given the other day to Kuaal reformers by Mr. Leung, the latter stated that there were fourteen provinces in China ready to join in a demonstration against the Empress Dowager. He had received information by the America Maru to the effect that the Bow Wongs were all ready to rise at the word. They had been a little slow in getting ready but this was due to the fact that it was almost impossible to get the munitions of war into the country without detection by the government.
"We mean fight," said Leung Khai Chew. "We can stand oppression no longer. It is a pity we did not get started before the present trouble began as the danger of a partition of China would not then have been present, but, as I said before, we could not help ourselves.
"Yes, I shall go to China. I have absolutely no fear as our party is strong enough to give me protection. However, I shall take care to keep in the friendly provinces.
"I would like to say that I am not aspiring to any big position under the Emperor as stated in one of the papers. That is not what I am working for. My aim is to free my people from the yoke they are now wearing and to introduce civilization into my country; when I have done that, my fight will be finished. Should it be necessary, I would die for my people."

REFORMER GOES TO JAPAN.

Rebekah Lodge.
Olive Branch Rebekah Lodge, No. 2, I. O. O. F., installed the following as officers last night, H. H. Williams acted as district deputy: Noble grand, Mae Weir; vice grand, Clara M. Ladies' Muslin Underwear.

We have just received direct from the makers an assortment of Ladies Muslin Underwear, which we believe, in Variety of Styles, Completeness of Assortment and General Attractions has never been surpassed in Honolulu.
The line is too large to enumerate the different garments, so we have made a display of a few of them in our large central window which will give one a partial idea of what they are and the variety of styles we have. This stock is worthy of inspection.
In the same department will be found, Ladies' and Misses' Shirt Waists, ladies shirt waists in silk and cotton, white and colored, a large variety of styles, but few of a kind.
Ladies Over-Skirts for dress, traveling, walking or riding, of silk, wool, linen, cotton pique, in white, black and colors; there need be no delay in one's supplying oneself with a Skirt at short notice suitable for any occasion.
Ladies in want of a Cape of any description, would do well, if before purchasing elsewhere, they inspected our stock of capes.
Capes for the opera, for dress, for traveling, for walking, riding, golf, etc., in white, black and colors.

JUST RECEIVED A LARGE SHIPMENT . . .
Alsen Portland Cement

Is the strongest and most serviceable cement made and will permit the admixture of a larger amount of sand or gravel, with less loss of strength, than any other brand. It is therefore the most economical.
 "ALSEN" has NO EQUAL in COLOR, FINENESS and SAND CARRYING CAPACITY. IT WEIGHS LESS PER BUSHEL (measuring about 10 PER CENT. MORE CEMENT TO A BARREL than other brands, which very materially REDUCES its cost as compared with other cements) it is therefore an ECONOMIC cement to use and SPECIALLY ADAPTED FOR FINE CONCRETE WORK.

COMPARATIVE TESTS.
 Tensile Strength in Pounds Per Square Inch Made at Royal Testing Station, Berlin, 1899-1900.

NEAT CEMENT	One Part Cement	Three Parts Sand

 PREMIUMS: World's Fair, Chicago, 1893. Adelaide Jubilee Int. Ex'n 1894. Centennial Int. Ex'n 1896. New Zealand & So. S. Ex'n, Dunedin, 1897-98. Melbourne, 1898. New Zealand & So. S. Ex'n, Dunedin, 1897-98.

CAPACITY AND SALES.—The output of the "ALSEN" factories is, at the present time, larger than that of any manufactory of Portland Cement in Europe. The yearly sales of Alsen's Portland Cement in the United States is greater than that of any other brand. The following test made in actual work by S. O. D. C. Houston, Corps of Engineers, U. S. A., at the sea wall around Governor's Island, New York Harbor, has never been equaled by any other cement. It is as follows:

TENSILE STRENGTH PER SQUARE INCH: One day, 184 pounds; Seven Days, 600 pounds; Thirty Days, 816 pounds. For sidewalks it gives the best color and the most durable wearing surface. Testimonials from most eminent engineers, architects and contractors endorsing the high grade quality of "ALSEN" furnished on application.

LAWYERS IN GREAT FORCE
Several Private Interests Represented
Before the Board of Health.

The Territorial Stables—Kalihui Hog Ranch—Claim of Chinese—Dr. Noblitt's Case—Appointments, etc.

The first meeting of the Board of Health at its new headquarters, in the Kapuwai building, was held yesterday afternoon. Present: Dr. C. B. Wood, president; Attorney General E. P. Dole, Dr. N. B. Emerson, Dr. C. B. Cooper, F. J. Lowrey and E. C. Winston, members; Dr. C. L. Garvin, medical executive officer; Dr. J. S. B. Pratt, sanitary building inspector; Chas. Wilcox, secretary, and Mr. Avery, stenographer, together with several attorneys for parties having business with the Board.

The president showed the plan of a building at Kawaihau intended for a livery stable. Its dimensions are 165x224 feet. A permit has been refused until the proprietors agreed to certain modifications.

Mr. Ballou appeared for the Territorial Stables Co., applying for the permit in question. He said it would cost \$1500 or \$2000 to alter the plan so as to have four roofs. The lodgings were separated from the stables by 90 feet. In answer to the president's question as to whether he would be willing to have stables built up against his residence lot, he said that was the milk in the coconut. Nobody wanted stables next their homes, yet it was beyond the province of the Board to make the prohibition. The whole trouble here was that the lot adjoined Kawaihau seminary.

Mr. Howard, architect, was also heard. Dr. Emerson asked how Mr. Ballou would take it to have his own residence approached by stables covering their whole ground premises.

Mr. Ballou said something about the rights of proprietors in cities to utilize all their ground.

Dr. Garvin asked the attorney if he was aware that a fight was going on in New York to forbid the building upon more than 70 per cent of the ground site.

Mr. Ballou—How is it getting along?
 Dr. Emerson moved that the objections of the sanitary building inspector in this case be sustained.

Mr. Dole supported the motion chiefly with regard to the rule of five feet of air space between building and boundary of lot.

Mr. Ballou interrupted a discussion of suggestions to require an air space of five feet—Dr. Emerson favored ten feet—between stables and carriage house divisions—by saying that, if the Board was going beyond the rule of boundary air space, it might as well refuse the permit and let them go. They declined to consider the cutting up of the buildings.

Mr. Lowrey moved an amendment, which Dr. Emerson accepted: "That the building permit applied for by the Territorial Stables Co. be allowed, provided five feet of air space is kept between the boundary lines of that portion of the structure or structures in which stalls are situated."

Dr. Garvin, being asked for his opinion, spoke of the difficulty of disposing of the liquid manure of stables, with its strong charge of ammonia.

Mr. Howard described the concrete floors and thorough drainage planned for the building.

The motion carried. The president reported the resolution already published, framed by a special committee, which permitted rebuilding in the burnt district. This had been submitted to a majority of the Board, who had approved it subject to formal ratification at this meeting. The resolution was now put and adopted.

A resolution was proposed by the president to prevent further pollution of the soil, by compelling the construction of impervious cesspools, in the district bounded by a line 300 feet Ewa of Liliha street, from the sea to School, thence to the summit of Punchbowl and by Alapai street to the sea.

Mr. Winston regarded the proposition as utterly impossible. There was no way of impounding the refuse water of households before the sewer system was established.

The resolution was laid on the table. J. M. Monsarrat appeared to ask for a permit to a farmer in Kalihui to keep hogs, which had been refused by Dr. Garvin on account of pollution of a stream. The applicant was prepared to comply with sanitary conditions. There was no complaint of neighbors.

Dr. Garvin thought it improbable that the nuisance could be overcome. In wet weather the wash from the pen would be as bad as that from the manure put about banana trees.

The permit was refused, the applicant to have 90 days to dispose of his stock. He has 40 or 50 hogs.

H. R. Hitchcock appeared as attorney for certain Chinese claiming pay for work done at Drill Shed detention

camp. They were not quarantined inmates but employed on the outside. Referred to the executive officer with power to approve the bill if found correct.

A request from the Superintendent of Public Works was read, requesting the use of the Aala warehouse for the Royal school. On motion of Dr. Emerson, seconded by Mr. Winston, the request was granted, and the executive officer instructed to hasten the emptying of the warehouse.

A letter was read from H. C. Austin, auditor, regarding Dr. Howard's claim of extra pay for extra services. Referred to Attorney General for report as to whether the auditor's position is correct.

F. J. Berry, attorney, appeared on behalf of Dr. Noblitt, whose license to practice medicine had been revoked, at the instance of the Board, for conduct unbecoming the profession. The attorney argued for a reconsideration of the Board's action. He claimed that Dr. Noblitt's partnership with Mr. Ferdon of the Quaker Medicine Co. had not been justly construed by the Board.

The president gave a history of the case and asked Dr. Noblitt if it was correct. The crucial point was that the doctor had been the partner of a quack.

Dr. Noblitt corroborated the statement in the main, but stated some differences from his recollection.

Mr. Berry asked if the president would be guilty of unprofessional conduct if he employed a solicitor.

Dr. Wood answered that, to use plain language, Dr. Noblitt had been the stool pigeon of a quack.

Mr. Berry made a reference to an alleged transaction of Dr. Garvin with Mr. Ferdon, which Dr. Garvin warmly resented. He said he could produce a witness under oath to prove that he compelled Mr. Ferdon to refund \$20 to one of his patients.

Dr. Emerson, following a suggestion of Mr. Dole that after all this lapse of time Dr. Noblitt should be reinstated, stated his belief that the doctor, in his own conscience, knew that he did wrong in countenancing Mr. Ferdon's methods.

Mr. Berry contended that Dr. Noblitt acted under authority of a law made for the protection of patients. He was present to see that their confidence was not abused.

Mr. Dole stated that a case was pending in the courts against Dr. Noblitt for practicing medicine without a license. From what he had learned of the case the doctor's conduct appeared to have been gentlemanly.

Mr. Winston made a motion to revoke the former action of the Board.

Mr. Lowrey suggested that a judicial decision on the case would help the Board.

Dr. Cooper held that the conduct of Dr. Noblitt prostituted the profession, and the offense could not be condoned.

Mr. Berry, correcting a further remark by Mr. Dole, said the defense in the case in question was that, having been refused a license to practice, Dr. Noblitt was not guilty of the offense charged.

Dr. Emerson would be willing to reinstate Dr. Noblitt if he showed any contrition.

Dr. Wood stated that Dr. Noblitt's offense was in shielding a quack from the law's punishment.

Mr. Lowrey thought that the weak point on the part of the Board was that it failed to prosecute the doctor for practicing without a license.

Dr. Wood replied that such action belonged to the police.

Mr. Lowrey retorted that the Board should see, in such a matter, that the law was enforced.

After some further indefinite talk, the matter was laid on the table for one week.

Dr. J. S. McDonald was recommended, on report of the examining committee, to the Treasurer for a license to practice.

Dr. Waughop, inspector of meat at Lahue, was granted a vacation of two months.

Dr. Schwallie resigned the position of Government physician at Hanalei, and Dr. T. T. French applied for the position and got it.

Dr. Garvin reported that the I. L. S. N. Co.'s steamer Mikahala, with a capacity of 52 cabin passengers was available for the semi-annual visit to the Molokai settlement.

Dr. Wood desired that as many members of the Board as possible should go. The steamer would leave here at 9 p. m. Friday evening. Among outside applicants he would favor first of all relatives of denizens of the settlement. Local and visiting members of the press were always taken on these trips, but he stipulated to all that no sensational descriptions of the people were permissible. Neither were irresponsible photographers ever allowed to take pictures there. Professional photographers had at this been given permission to do so under restrictions.

Dr. Garvin reported an investigation into the fatal epidemic at Palolo valley. Samples of the water had been taken, but no conclusion had been reached.

FOR PRESIDENT,

WM. MCKINLEY.

FOR VICE-PRESIDENT,

THEO. ROOSEVELT.

Query—Is the Civic Federation to be organized for the express purpose of defeating municipal organization.

Opposition to municipal organization merely serves to demonstrate the strength of the majority demand that delays will not be allowed.

Jim Corbett has only to run for Congress on the Democratic ticket to make the Bryan Boxer campaign complete in its exemplification of the Empress Dowager methods.

Philanthropic Republicans of the Registration Boards have an opportunity to flip coppers to determine who shall resign to make way for representatives of other parties.

Free rural mail delivery should not fail in Hawaii for want of sufficient interest among country residents to wake up to a realization of the benefits placed at their disposal.

The rift in the Empress Dowager's explanation of "how it all happened" is the lack of information given of the prospects for the European diplomats escaping from Peking alive.

Governor Dole's recognition of the bi-partisan principle in appointing inspectors of elections will be highly satisfactory to all parties, the Republicans being by no means the least enthusiastic in support of this action.

Inspector Flint states that one of the difficulties in establishing post offices in country districts is the large number of Asiatic storekeepers. Commission houses can do not a little towards advancing American interests by placing citizens of Hawaii in charge of their business interests.

No one will appreciate, better than the Hawaiians returning from their first national conventions, the utter futility of local independent party movements within an American Territory. The representative not affiliated with one of the great national parties is like a useless cork bobbing about on a troubled sea. He has no political standing and his recommendations or arguments for or against get not even a hearing.

MAIL IN THE COUNTRY.

The statement of the ways and means for securing free rural delivery given by Post Office Inspector Flint shows that Hawaii is in a better position to obtain this system than any State or Territory of the Mainland. Inspector Flint himself has full authority to establish these routes and it is certain Governor Dole will render every assistance possible. Hawaii is not required to await the action of a Congressman or Delegate. The people can proceed immediately, and the system can be promptly set in motion upon a demonstration that the contemplated routes have the required number of families willing to go to the expense of placing a proper box at their gates.

The ease with which country residents can have daily mail facilities ought to rouse the people throughout the islands to prompt and aggressive action. The mail carrier's salary of \$400 may not appeal to the individuals who look for large salaries when working for the Government, and the same objection may be raised as has been presented in connection with the small postoffices—there's not enough in it. Rural mail carriers in the States, however, have found that their income can be increased very materially by conducting a general parcel delivery for patrons of the mail route. The department does not require that the carrier shall devote himself exclusively to the mail delivery, although it does demand that no private enterprise shall cause the mail delivery to be slighted.

With a little personal activity the only thing needed to give country residents daily mail delivery, further delay in establishing regular United States mail routes throughout the Territory will be a sad commentary on the progressive character of our people.

INSPECTORS OF ELECTION

Governor Dole said today that no changes were contemplated in the personnel of the boards of registration. The only question that had arisen was with regard to the qualification of one member of a certain board.

The Governor said he had been surprised at the information that so large a proportion of the appointments on the boards were Republicans. It would have been next to impossible in any case, the Governor stated, to ascertain the party affiliations of most of them at the stage when they were selected. Party organizations were only just being formed, and there was not much time in which to make the selections. The principal aim was to secure suitable men in the different districts.

Governor Dole said, however, that in selecting men for inspectors of election at the polls he would endeavor to have the different parties represented equally as far as possible. This is the matter upon which he has consulted the party leaders.

GOVERNMENT MAY AID STRANDED GOLD-SEEKERS

Washington, July 19.—Treasury officials from information from various sources during the last two weeks have reason to believe that there will be over 10,000 stranded fortune hunters in Nome when navigation closes this fall and that steps should be taken to bring these people back to the states so they will not have to endure the hardships and sufferings bound to come next winter. The question with the officials of the treasury is what shall be done and what can be done by the Government to prevent this before it is too late.

The rush continues to Nome and ships enough cannot be provided to bring these people back before navigation closes unless steps are taken immediately to provide for this. Inquiry will be made at Pacific ports at once to determine what vessels are available should it be decided to dispatch a relief fleet, and an estimate obtained of the probable cost of such an expedition.

GANS DEFEATS GRIFFO.

New York, July 19.—At the Seaside Athletic Club tonight Joe M. Gans of Baltimore was awarded the decision over Albert Griffith, better known as "Young Griffo," of Australia. The referee stopped the bout after the men had fought one minute and thirty-eight seconds of the eighth round, when Griffo was so far gone that another punch from Gans would have put him out. For a time Griffo showed some of his oldtime form and began punching in clever style, but his dissipation has told on him, and, although he had trained faithfully for the fight, he had not the steam to stand the negro's blows. Gans played a waiting game and when Griffo had fought himself out found no difficulty in putting him into such condition that the referee's action was pleasing to the crowd. There was little betting and Gans was a 2 to 1 favorite.

Japan Ready for Long Champion

London, July 11.—The Chief correspondent of the Express, telegraphing yesterday (Tuesday), says: "The Japanese force is equipped with thirty-six heavy mortars and 120 field guns, and has pontoon and balloon sections. It is expected that either Marshal Nodzu or Marshal Oyama will take command. The plan of campaign contemplates operations extending over two or three years. A further force of 13,000 men will be landed at Taku a week hence, and 10,000 additional soon afterward before the rainy season is well advanced. Japan hopes to have 61,000 troops in China. These formidable preparations are viewed with great distrust by Russia, Germany and France."

Berkeley Chemist for Manila.

Berkeley, July 19.—Irving C. Allen, assistant in chemistry at the University of California, has been appointed chemist to General MacArthur at Manila.

A second cablegram from General MacArthur brought the request that the appointee sail by the first transport. Mr. Allen has, accordingly, prepared to leave next Monday. He is now in conference with Colonel Oscar F. Long concerning the details of his departure. Mr. Allen's passage to the islands will be free.

Good Air. Good View. Good Health.

A special invitation is extended to everybody to visit Honolulu's most delightful residence site

PACIFIC HEIGHTS.

+++++

Via Maxima

Kaiulani Drive aptly termed, the Via Maxima or Grand Boulevard, and in itself an artistic piece of engineering—affords easy access to all points, as also scenic and marine views of exquisite grandeur at every turn.

Electric Railway.

Contracts have been let for material, and the work of construction, equipping and installation placed in the hands of a competent electrical engineer to be fully completed by June 1st. Having an independent power plant we are prepared to furnish electric power for lighting, heating and other purposes, to our home builders at most reasonable rates.

As Promised.

Our reservoirs are now completed and water mains laid so as to supply each lot. Permits for making water connections will be granted on application.

An inspection of the attractive homes now building, or the names of purchasers of lots, will convince anyone that PACIFIC HEIGHTS is the choicest and most select of all the residence sites of Honolulu.

Republicans Are Satisfied With Both Conventions
 (Associated Press Special.)
 Canton, Ohio, July 11.—"You can say that we of the East are pleased with both conventions," Postmaster General Smith when asked to say something on the political situation.
 "What kind of a campaign do you anticipate?" was asked.
 "I look for a very active campaign all along the line with much speaking. The general speaking I do not think will commence much before the first of September, but between now and then there will be an occasional address by Mr. Roosevelt and possibly others."
 "Along what lines do you expect the campaign to be fought?"
 "I think the contest will settle down virtually to two issues—one of these, probably the chief one, will be the currency question. The Democratic convention has made it so. They refused to accept the verdict of four years ago. They have proclaimed their stand for silver and the battle of four years ago on that question will have to be fought over. There is no such issue as imperialism. That is a fiction. There can be no imperialism in a free country. But the question of upholding and strengthening the Government in dealing with the issues growing out of the war and in administering the new people brought under our care and protection is an important issue and will figure conspicuously in the campaign."
 "To what extent will the trust question enter into the campaign?"
 "Not to a great extent. To my opinion that is a business question rather than a political one and the Republican party has declared in favor of such legislation as will correct any evils that may exist and control harmful combinations as clearly and as forcibly as any party can in honesty and fairness."
 "What of the political situation in China?"
 "It seems to be clearing. We are hopeful that it has improved, we have not had definite communication but reports indicate the safety of the Min-lers on July 4 and 5, and if they were safe then, there is reason to hope that they are still safe. Every day they hold out additions to the hope of ultimate relief."
 "Do you think the Chinese question will enter into the campaign?"
 "No, I do not. It cannot become an issue. The Government is doing nothing more than any government must do to protect its people. We have emphatically and continuously disclaimed intention to do anything else. The note of the State Department bearing on this subject has been well received by the people of this country and by the representatives of the Powers."
Klondike Clean Up Will Reach Millions
 Vancouver, B. C., July 9.—The steamer Cutch arrived today with gold dust estimated at \$50,000. There were thirty-three passengers, among them J. L. Bell, assistant gold commissioner of Dawson. Bell states that it is rather early to estimate the gold yield, but he would judge from present indications that it would be from \$20,000,000 to \$25,000,000. It will certainly be much larger than last year. Sulphur creek will be the only disappointing stream. Other creeks were showing up better than expected. Bell says Skagway is falling fast, owing to the bonded privileges given to Canada, and that the Skagway Council has memorialized the United States Government to discontinue the privilege and save Skagway from obliteration.
 Bell reports that J. Struthers, in his office, was sentenced to three months in jail or \$500 fine for accepting a bribe, but the department was now purified. Bell says the Indian river excitement has broken out afresh and all quartz claims have been staked over as placers. Everything is double staked, as sand running, it is said \$50 to the ton covers the conglomerate ore of the Treasure Mountain from two to six feet deep.
 J. Stables, member of Parliament for Cassiar, another passenger, says that Atlin is very prosperous, splendid wash-ups being obtained from hydraulics and creeks. The clean-up will be from \$2,000,000 to \$3,000,000.
Democratic Row in Nebraska.
 Lincoln, Neb., July 11.—The fusion of State conventions, the Populists, Democratic and Silver Republican, met here today to nominate a full State ticket. Before the conventions were called to order, conditions existed that threatened to result in a bolt in the Populist convention of some of the largest county delegations and a protracted session was looked for. At present the Populists control every State office except the lieutenant governorship, occupied by Silver Republican, and the Attorney Generalship by a Democrat. The Democratic leaders have been asking for a more equitable division, but a strong disposition was shown by the Populists to insist that every nominee by a Populist. This, they claimed, was no more than fair on account of the defeat of Charles A. Towne in the Democratic convention. This feeling was so keen in fact that the Custer delegation had instructions to bolt unless every nominee was a Populist. A brisk fight was also looked for over the nomination for Governor. Opposition to Governor Poynter's renomination apparently crystallized during the day on John O. Yerser.
PER S. S. AUSTRALIA.

Japan Sends More Men.
 Paris, July 11.—At a Cabinet council today the Minister of Foreign Affairs, M. Del Casse, read a telegram from Tokio confirming the news that Japan will send immediately to Taku a complete division of 19,000 men.
TO CURE A COLD IN ONE DAY.
 Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.
ACCIDENTS WILL HAPPEN
 Man wasn't made to suffer, but accidents will happen, and to meet such cases, Nature designed the roots, herbs, gums and leaves for the healing of the nation. Nature's way to treat a cut, bruise or a burn, is to cleanse, draw and heal, and that's the way Kieckapoo Indian Salve acts—just as nature acts. It acts that way, because, it is Nature's own remedy, compounded from materials gathered in Nature's infallible laboratory; unadulterated, pure and simple. The same ingredients found in Kieckapoo Indian Salve were in use for centuries before the Red Men divulged it to the Pale Face. They healed nations ages ago, they act the same today. Hobron Drug Co., agents for the Kieckapoo Indian Remedies.

Sails every Monday for Kaunakakai, Kamalo, Maunaloa, Kalaupapa, Lahaina, Honouliuli, Olowalu. Returning arrives at Honolulu Saturday mornings.

This company reserves the right to make changes in the time of departure and arrival of its steamers WITHOUT NOTICE, and it will not be responsible for any consequences arising therefrom.

Consignees must be at the landing to receive their freight. This company will not hold itself responsible for freight after it has been landed.

Live stock received only at owner's risk.

This company will not be responsible for money or valuables of passengers unless placed in the care of the purser.

Passengers are requested to purchase tickets before embarking. Those failing to do so will be subject to an additional charge of twenty-five per cent.

The company will not be liable for loss of, nor injury to, nor delay in delivery of baggage or personal effects of passengers, or freight of shippers, beyond the amount of \$100, unless the value of the same be declared when received by the Company, and an extra charge be made therefor.

All employees of the company are forbidden to receive freight without delivering a shipment receipt therefor in the form prescribed by the Company, and which may be seen by shippers upon application to the purser of the Company's steamers.

Shippers are notified that if freight is shipped without such receipt it will be solely at the risk of the shipper.

C. L. WIGHT, President. S. B. ROSE, Secretary. S. T. K. CLARKE, Port Supt.

The use of the Singer in millions of homes shows the unprecedented success of these ideal sewing machines. It is convincing proof that the Singer excels in all kinds of family sewing and art needle work. All our machines are of the best construction, beautifully decorated, and are mounted on selected woods in finely finished cabinets of artistic design. B. Bergerson, agent, 164 1/2 Bethel street.

Palatial Tourist Yacht Will Stop at Honolulu

San Francisco, July 6.—The maiden voyage of the Hamburg-American steamship Prinzessin Victoria Louise, now being completed at Hamburg, will bring her to San Francisco. She is a finer steamer than any that has ever been seen in this port. It is a unique and up-to-date idea that fixes San Francisco as the objective point for the proposed trip from Hamburg, involving no less than a round-the-world cruise in a vessel designed to carry none but first class passengers, and which will carry neither cargo nor mails.

The Victoria Louise has been built exclusively for round-the-world cruises, and among shipbuilders is considered one of the finest vessels ever launched. She is expected to reach this port on January 18th next, remaining a week before starting on the return cruise, when New York will be her destination. The Victoria Louise will sail from Hamburg on September 25th, touching at Lisbon, Gibraltar, Nice, Genoa, Athens, Constantinople, Jaffa, Port Said, Bombay, Colombo, Calcutta, Singapore, Manila, Hongkong, Shanghai, Nagasaki, Kobe, Yokohama, Honolulu, Hilo and San Francisco. Leaving here on the return, Honolulu and the other places named will be visited. The vessel is of the twin-screw pattern, 450 feet long, with a beam of 47 feet and depth of 39 feet. Her average speed is said to be 16 knots, and in addition to the usual modern features she is fitted with a gymnasium, dark-room for photographers and a grand promenade. There are only lower berths on the Victoria Louise, and the saloons are said to be the finest on any ship afloat. It is said that the round-the-world cruises will bring the vessel to this port every year hereafter. She will be commanded by a lieutenant in the Royal Navy Reserve of Germany.

Meteorological Summary, June.

Temperature, mean for the month, 77.6F; normal, 75.9; average daily maximum, 84.7; average daily minimum, 72.2; average daily range, 12.5; greatest daily range, 18.9; least daily range, 8.9; highest temperature, 88; lowest, 67. The month was the warmest June on record.

Barometer—average, 29.992; normal, 30.012 (corrected for gravity); highest, 30.09; lowest, 29.87; greatest change in 24 hours, .05. The barometer readings were very uniform during the month.

Relative humidity, 67.9 per cent, normal, 70.6; mean dew point, 66.1; normal, 66.5; absolute moisture, 7.03 grains per cubic foot; normal, 7.09.

Rainfall, 9.88 in.; normal, 1.59; rain-record days, 14; normal, 18. Greatest fall in one day, 0.41. Luakaha rainfall, 6.98, being nearly the highest of any station in the group. Kaplalani Park, 0.65.

The cartesian well level fell from 33.62 feet above sea level to 33.53. The flooding of rice land occurs in July.

Trade-wind days, 29 (5 of NNE.) normal number of trade-wind days, 26. Cloudiness (tenths of sky), 3.1; normal, 4.0.

Submarine Boat Given Another Trial Success

Bridgeport, Conn., July 10.—Captain Simon Lake, the inventor of a submarine wonder, the Argonaut, which is constructed to scoot along on the bottom on rubber tired wheels like an automobile, made an experimental trip in Long Island sound today with twenty-two guests on board. The Argonaut, which was laid up in Erie basin last winter, lengthened and supplied with more powerful machinery, was submerged to a depth of twenty feet for more than four hours. Captain Evans and a crew of four men handled the boat under the inventor's direction. Dinner was served on board while the boat was submerged.

A door in the diver's apartment was opened and divers in rubber suits left the boat. The water was kept out of their apartment by air pressure of twelve pounds to the square inch. After dinner, which was served while the boat was running, Captain Lake gave an exhibition of his suction pump designed to raise sunken wreckage. The Argonaut had stopped near a sunken coal barge and by means of the suction pump four tons of coal from the barge was transferred to the Argonaut at the rate of a ton a minute.

Chilcoot in Trouble.

The American bark Marion Chilcoot is in trouble and it is very likely that both Captain Weedon and the first mate will have to pay \$1000 each and the part of the cargo already discharged, confiscated, before any further work can be done.

The Chilcoot arrived here from Newcastle, June 21, with a cargo of coal to order. The vessel was cleared but her cargo was not. For a long time, the Chilcoot was in the stream and her captain was warned several times not to discharge any coal until her cargo was cleared.

Wednesday morning the vessel hauled alongside the railroad wharf and began discharging her coal for the O. R. & L. Co. without any knowledge on the part of the Custom House officers. This makes captain and mate liable to a fine of \$1000 each and a loss of the part of the cargo already landed.

Captain Weedon states that Fred Smith of the O. R. & L. told him to discharge, promising to go to the Custom House and clear.

The authorities have an open and shut case, and the penalty for the infraction of the law will have to be paid.

President Will Attend.

Chicago, July 3.—President McKinley has formally accepted an invitation extended him by the Grand Army of the Republic to attend the annual encampment in Chicago next month.

Grain Ships in Demand.

S. F., July 8.—There is still a scarcity in port for the grain-carrying trade, although the rate to Europe is 41s 6d. Last year at this time only 30 shillings could be obtained. There is said to be stored in warehouses throughout the State 430,000 tons of last year's wheat, and the amount will be added to by this season's output. Shipowners have not had so prosperous an outlook here for years.

SEATTLE BEER.

The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle," is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

The Austrian Emperor, Francis Joseph, who is 79 years old, was recently advised by a high court official to take the baths at Gastein as a cure for rheumatism. He replied: "I have too much work to do now to think about going to a watering place. I shall begin to think of that when I grow old."

NEW TO-DAY

DIVIDEND NOTICE.

A Dividend is due and will be payable to the stockholders of the KIPAHULU SUGAR CO., on Saturday, the 21st inst. The stock book of the Company will be closed to transfers on that day.

H. A. ISENBERG, Treasurer, Kipahulu Sugar Co. 1587t

NOTICE.

All the members of Court Lunailo, No. 6600, A. O. F., are hereby requested to attend at the meeting of said Court to be held THIS (Thursday) EVENING, July 19th, 1900, at their hall, for the purpose of installation of its officers. Visiting brothers are cordially invited.

J. M. KEA, Financial Secretary, Honolulu, July 19, 1900. 1587t

Pound Master's Notice of Estrays.

Notice is hereby given, that the animals described below have been impounded in the Government Pound at Makiki, Kona, Island of Oahu, and unless the pound fees and damages are sooner satisfied, will be sold at the date hereunder named, according to law:

July 17, 1900.—1 sorrel mare branded 31 on right hind leg; brand 4 on left hind leg; white spot on forehead; three feet white and all feet shodded. July 17, 1900.—1 grey horse brand indistinguishable. July 18, 1900.—1 red horse branded 13 on right hind leg; brand 15 on left hind leg; white spot on forehead and white stripe on the nose; four feet white. July 18, 1900.—1 black mare branded R1 on left hind leg; white stripe from forehead to nose. July 18, 1900.—1 black mare brand indistinguishable on left hind leg; white spot on forehead with rope on the neck.

All owners of the above described animals are hereby notified that I will sell them at public auction on Saturday, Aug. 4, 1900, at 12 m., if not called for before that date. K. KEKUENE, Poundmaster 1587 t3

ASSESSMENT NOTICE.

Stockholders are hereby notified that the Fourth Assessment of 5 per cent or two and one-half dollars per share on the Capital Stock of THE INTER ISLAND TELEGRAPH CO., LTD., is due and payable July 1st, at the office of the undersigned, 471 Fort street. J. H. FISHER, Actg. Treas. Inter Island Telegraph Co., Honolulu, June 1, 1900. 1550
