From South Africa.

CAPE TOWN, Jan. 17.—Martial law has now been proclaimed in every port of Cape Colony except the districts of Cape Town, Simonstown, Wynberg, Port Elizabeth and East London. It has also been proclaimed in Tumbuland, Griqualand East, and in East and West Pondoland. It has been proclaimed unlawful for any person in the Cape peninsula, except officials and regular or order troops, to possess arms and ammunition, or either.

The casualty list issued yesterday shows that the Boers have released 297 British who were captured at Helvetia and Belfast. The facts regarding the captures at Belfast have not been given out.

It is understood that more heavy naval guns will be landed at the Cape. Information as to the doings of the invaders is hard to obtain, but it is clear that they are getting very little help from the Dutch. Twice they attempted to capture Barkley East, but both times they were repulsed. For three days they occupied Sutherland, but they cleared out on the approach of a British column. Small scattered parties are reported operating in various parts of the Ceres district. Apparently the invaders abandoned the idea of attacking Clanwilliam on finding the town well defended. A commando of 1,000 has been active in the Richmond district, but there the Boers have secured only 100 Dutch recruits.

The Pope's Cardinals.

La Gerarchia Cattolica states that during the Pontificate of Leo the Thirteenth—1878 to 1900—no fewer than one hundred and thirty-four of the cardinals have died. Only four still live who were his fellow-cardinals under his predecessor, Pius the Ninth. The normal number of the college is seventy, but thirteen of the seats are at present unoccupied. Seven cardinals died in 1899, and four have died during the present year. More than half of the present college [thirty-one] are Italians, twenty-three of whom reside in the Curia at Rome; seven are French, four Austrian-Hungarian, nine Spanish, and seven German; there is one Pole, one Portuguese, one Belgian, one North American, one Irishman, one Australian, and one Englishman. The oldest cardinal, Luigi di Canessa, Bishop of Verona, is in his ninety-second year; the youngest, Giuseppe Calasanzio Vices y Tuto, is forty-four years old.

The Delegate Is Paramount

WASHINGTON, D. C., Jan. 12.—District Attorney Baird wants his salary raised. He has asked his friend, Senator Clark, to introduce a bill making provision for a substantial advance, and the Senator is considering the matter now.

Should a bill be introduced it will also provide for an additional Circuit Judge and, as well, an increase in the salary attached to that position from \$3,000 to \$5,000 a year.

A matter of courtesy may crop up pretty soon as bills directly affecting Hawaii are being introduced by others than the Delegate without the indications that such action is by request. There have been several refusals to have anything to do with bills affecting the islands, members referring the bills to the Delegate, and at least one Senator has been moved to write to a Honolulu that he does not wish to be bothered with any new Hawaiian business now that there is a Delegate who should take care of regular business of the Territory.

There is still a chance that Hawaii may get some thing in the way of surveys in the Rivers and Harbors Bill. Chairman Burton says he will consider the matter further and decide as to the offering of a committee amendment.

Bi Centenary Celebration

BERLIN, Jan. 18.—The bi-centenary of the coronation of the first King of Prussia Frederick I. was celebrated all over Prussia. Addresses from the Emperor and King to the army and navy have been gazetted. The address to the Prussian army reads: "So long as the spirit binds the army to its kings, no storms need be feared; and the Prussian eagle will proudly and unswervingly pursue the lofty flight for the welfare of Prussia and Germany."

To the navy, his majesty, after alluding to the establishment of the Brandenburg fleet by the great elector, and the navy's regeneration under the kings of Prussia and its rigorous development in the new German empire, says:

"The fleet required steadfast work in order to become as strong an instrument for the German empire as the Prussian kings possess in the army. The principal condition of the attainment of this end is fulfilled if the spirit of the great elector is alive in the fleet. In order to bestow a special mark of distinction on the fleet on this great anniversary, I direct that a facsimile of the imperial signature be worn on the sword knot and sash buckle of the navy."

The rescript also bestows on naval bands the sole right to play the Dutch "March of Honor," and that a bronze statue of the great elector be erected at Kiel and given in trust to the navy.

SATURDAY, JAN 26, 1901.

THE GOVERNOR'S REPORT.

The Territory of Hawaii can well feel pleased at the showing made in the report of the Governor to the Secretary of the Interior, covering the period from July 7, 1898, to June 30, 1900. We doubt that any territory or for that matter any state can make a better showing in the line of progress in different branches as does Hawaii. Considering the small size of the territory, the peculiar cosmopolitan population and the isolation of the group we must admit that we are doing very well indeed. (We may as well blow our own horns to show that we are up-to-date Americans.)

The Governor's report deals with the following subjects:

Population, Taxation, Licenses, Revenues, Disposition of Lands, Agricultural Developments, Corporations, Railroad Enterprise, Street Railways, Commerce, Labor, Condition of the Natives, Public Buildings, Education, Undeveloped Resources, Legislation, and Public Lands.

To break the monotony of the dry statistics the Governor has had his report illustrated by pictures of a Hawaiian girl dressed in leis, a school girl and a school boy both looking towards some unseen ceiling for an answer to some puzzling question (why was Dole made Governor?) and a very decollete fisherman. The stale old pictures may be very nice but they seem hardly appropriate in an official report composed of statistics. Perhaps the Governor hoped that the sight of the pretty lei bedecked girl might soften the heart of some gay old senator and secure the insertion of a few items for Hawaii in the Harbor bill.

We are glad to see that the Governor urges the establishment of an experiment station here. With a sufficient area of a suitable quality at the disposition of an experiment station we have no doubt that excellent results would be obtained for the benefit of the small land holders who dare not experiment on a sufficient large scale and feel obliged to continue on the same old lines as their predecessors did. Attention is called to the fact that the cultivation of oranges and limes is very much neglected although excellent fruits can be raised here at a very small expense. The report pays a high tribute to the value of the Algeroba but it mentions nowhere the great possibilities here for the manufacturing of alcohol which should be one of the great industries of the territory. The Kiawe bean has been experimented with and excellent alcohol can be obtained from it as well as from the numerous fruits growing here like pineapples, bananas, etc. The Governor points out the need for a trained forester and we hope his suggestion in that matter will be acted upon at once.

In referring to street railways the report contains the following statement in regard to the Hawaiian Tramways Co., showing the proposed changes in the present system, which we do not think are known to most of our readers:

The Hawaiian Tramways Company, Limited, operates a street railway in the principal streets of Honolulu, the aggregate length of the lines being over 12 miles. The company was organized in 1887, the legislature having granted a franchise to use for its purpose certain of the principal streets of the city.

Its capital is \$1,000,000, divided into 26,000 shares of \$25 each, making \$650,000, with an authorized debenture issue of \$350,000. Of this capital, there has been issued and fully paid up 13,000 shares, making \$325,000, together with a debenture issue of \$150,000, bringing its working capital up to \$475,000. The balance of the shares have already been subscribed for with a view of developing new lines, doubling those already in existence, and converting and altering its present mode of traction from animal to electricity. This development has already been commenced by the laying of 86 pound girder rail for its new double track. The electrical equipment has been obtained from the following well-known makers: Car bodies, Hammond & Co., of San Francisco; trucks, J. G. Brill & Co., of Philadelphia; generators and all electric requisites, The General Electric Company, of Schenectady, N. Y., who have undertaken to supply everything of the latest and best electric practice.

The company has 31 horse and electric cars. The fare is 5 cents except on its long Waikiki line, where a 10 cent fare is charged.

During the year 1899 a dividend of 5 per cent was paid, absorbing \$16,250. The income for that year amounted to \$141,396. The working expenses were \$87,946.30.

The labor question is dealt with, as could be expected, from the sugar planters' point of view. The answer to the lamentations which Washington undoubtedly will give is "increase the wages." The report gives the correct explanation of the decrease in the number of pure Hawaiians and the corresponding increase in the number of part Hawaiians. Inter marrying between Hawaiians and foreigners is steadily increasing and the pure Hawaiians will eventually disappear to be superseded by the part Hawaiians.

The part of the report devoted to education is probably the most interesting and one of which every citizen can feel proud. The tables of illiteracy makes a splendid showing especially as far as the Hawaiians are concerned and we doubt that any state in the Union can show such a high percentage of those able to read and write as that shown of Hawaiians and part Hawaiians.

Under the heading Undeveloped Resources the Governor might have mentioned as a drawback for the development of industries the difficulties and expense of transportation. We are glad to notice that the fish question has been brought up and the prices for fish stamped as absurdly high. We do not, however, consider an outside market necessary. The local demand can consume any supply of fish obtainable in Hawaiian waters and offered at a reasonable figure.

There are other parts of the report which we wish to commend upon in a future issue. Taking as a whole the report is a credit to the Territory, and should be highly satisfactory to the Washington Government and to Congress.

Francis Murphy will lecture at the Y. M. C. A. Hall this evening and to-morrow afternoon. To-morrow evening he will speak at Kawaiahae Church. Mr. Murphy will leave by the Sonoma for Australia on Tuesday.

Assaulted With A Knife.

Kokunu, a Southsea Islander employed as night watchman by Judge Wilcox at his taro factories at Kalihi was found this morning near his room badly cut and bleeding profusely.

The injured man does not speak Hawaiian and is a rule communicated with by signs. He is a faithful, sober servant and the motive for the assault must undoubtedly have been robbery, as the old man was known to always carry a sum of silver ranging from \$15.00 to \$25.00 on his person.

The injured man received one cut which nearly severed, the thumb of his right hand besides ugly gashes in his arm and in his head. Kokunu is at the Hospital and so far it is believed from signs of the old man that his assailant was a Japanese.

For stylish up-to-date millinery call at L. B. Kerr & Co.'s, Queen street.

Regular meeting of stockholders of Whitney & Marsh, Ltd., will be held at the office of the Co., Jan. 28th, 1901, at 8 p. m.

The Zealandia arrived last night, 7 days 2 hours and 36 minutes out from San Francisco. She brought 40 cabin passengers, and 108 in the steerage, mostly Portuguese and Porto Ricans.

The Young Men's Research Club met last evening at the Y. M. C. A. hall. The subject "Taxation" had been changed to "The Readjustment of Taxation." An interesting paper by P. L. Weaver was read by F. C. Atherton. The principal addresses were made by W. R. Castle who favored a tax on the gross output of sugar and by McCants Stewart who favored an income tax. No practical hints for the guidance of the Legislature were forthcoming, but the meeting was nevertheless very interesting.

The Girl of To-day

will be the woman of to-morrow. She does not know it, perhaps her mother does not fully understand it, but between the "to-day" when she is a girl and the "to-morrow" when she will be a woman, her life's happiness and health are in the balance. If she is to be a full-breasted, strong, healthy woman she must develop rightly now. She is at a crisis. She needs more strength, more blood to tide it over. Dr. Williams' Pink Pills for Pale People are the one medicine that will give her the strength and make the new blood.

Our new book, PLAIN TALKS TO WOMEN, explains why these pills are of special benefit to growing girls. A copy will be sent to any address. FREE on request.

Miss Frankie Hathaway, of Sixteenth Street, Holland, Mich., said: "I am 21 years old, at 16 I was pale and weak and did not gain under the doctor's care. Other treatment brought no better result and by the time I was nineteen years old I was so weak I could not walk across the floor. I was terribly emaciated and my skin had lost all color. The doctor pronounced the disease anemia. One of my friends advised me to try Dr. Williams' Pink Pills for Pale People. I bought a box and before I had taken all of the pills I found that they were doing me good. Appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes and found myself permanently cured. Since then I have had no return of my old trouble and cannot remember when I was so strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life, and I believe that no other medicine could have done it."—FRANKIE HATHAWAY.—*Ottawa Times, Holland, Mich.*

Look for the full name on the package. At druggists or direct from the Dr. Williams Medicine Co., Schenectady, N. Y. 50c. per box. 6 boxes \$2.50.

QUEEN STREET.

TOPICS OF THE DAY.

A correspondent asks us why taro is not cultivated at the Settlement on Molokai. Taro is cultivated by private individuals who are inmates of the Leper Settlement, at the Waikolu valley where water is plentiful and the soil well adapted to the cultivation of the Hawaiian staple food. The Government, however, instead of encouraging the men who have taken up the lands and put them in cultivation, demands such an exorbitant share in the products that the planters do not feel encouraged to continue their enterprise. The lands in Waikolu were lying idle and no revenues could be obtained from them. The lepers were idling, although admitted that it would be beneficial for them if suitable work could be found for them to distract their minds from their illness. Poi was frequently scarce at the Settlement and it was considered an excellent idea when it was proposed to give the Waikolu lands to such lepers who might desire to plant taro and sell it to the Board of Health. The Government did not "give" the lands, however. It demanded from the planters one-fourth of the gross earnings, a proposition that never would be entertained by any private concern or parties. It means that a planter after waiting a year for his crop to mature, after paying the wages of his laborers and other expenses in cash during that year would be called upon to pay one-fourth of the gross amount for which he sold his taro. Say, for example, that his crop brought him \$1000, and his expenses amounted to \$700, he would be called upon to pay to the Government \$250, and for his year's work and risks he would net \$50. Under the circumstances in connection with taro cultivation at the Settlement the Government's attitude is simply outrageous, and the Legislature should see to it that taro planting by lepers is encouraged and not discouraged as it now is.

The Republican is highly indignant because the High Sheriff grants the regular showman's license to Papa Ita. The anti-police organ claims that the High Sheriff might as well give a license to a "sure thing" gambling outfit as to the Papa Ita "fake" performance. The High Sheriff is not supposed to act as censor of the merits of a show and watch that the audience gets a sufficient *quid pro quo* for its money. He is simply the censor of the morality of the show and it is his duty to stop any exhibition contrary to decency and the good morals of the community. We have yet to learn that there is anything in the hot-stone walking of Papa Ita. Whether his exhibition is a fake or not is a matter of opinion. A large number of people believe that Papa Ita has done what he said he would do and they are satisfied. The Republican is the only paper which yells "fake" while the other newspapers say that there may be a trick but that the walking by the Tahitian across the stones is genuine and not a fake. It is puerile for the morning paper to draw a parallel between Ita's exhibition and a gambling concern. There is a law here making it an offense even to look at a game where anything of value can be lost or won and that is sufficient good reason for the High Sheriff to decline issuing licenses for anything gambling concern. We are not aware that anything of value is lost or won at the Papa Ita show. The admission fee may be considered a loss by those who didn't like the show but that is very often the case at our theatres where a man feels very much disappointed and mad for having parted with his good dollars to see and listen to such "rot." The High Sheriff has troubles and sins enough of his own and his force to attend to without being called upon to act as censor of every show which comes along and decide how much it is worth paying to see it.

LOCAL AND GENERAL NEWS.

The Mauna Loa arrived yesterday.

The Doria sailed for San Francisco this morning.

The present trip of the Zealandia is her last to this port.

The Merchants' Association held a special meeting this morning.

Professor D. E. Spencer has resigned from the Stanford University.

A rumor of Queen Victoria's serious illness is officially contradicted.

The British cruiser Sybille was wrecked off the coast of South Africa.

The Rapid Transit Co., has decided to increase its capital to \$5,000,000.

The Zealandia will sail for San Francisco on Thursday afternoon, the 31st inst.

Judge Humphries did not sell his interest in The Republic as reported.

The Fisheries Association will hold a meeting on Monday afternoon at 3:30 o'clock.

Frank Turk of Lewis & Turk arrived by the Zealandia and intends making his home in Honolulu.

The big freighter California is due here to-day or to-morrow. She left San Francisco on the 19th inst.

A verdict of "suicide" was rendered yesterday by the coroner's jury in the case of E. C. Kaufmann.

Mr. Maxwell formerly of the S. F. Daily Report has been added to the reportorial staff of the Republican.

Stylish new up to date full dress shirts 75c, \$1.00 and \$1.25 at L. B. Kerr & Co.'s sale of bankrupt stock.

The Misses Ackermann and Murtutt returned to Honolulu by the Mauna Loa after a lecturing tour to Hilo.

If you fail to visit L. B. Kerr & Co.'s store Monday, you will miss the sights as well as the bargains.

The sixty-five Portuguese who arrived by the Zealandia will depart for the plantations by which they are engaged in the Helene to-day.

Carl Ludahl, a Swedish carriage maker, who has been in Honolulu about eighteen months, was declared insane yesterday and committed to the Insane Asylum.

The Supreme Court has sustained Tax Assessor Farley of Kauai in the suit of Lihue Plantation Co. vs. J. K. Farley. Judge Perry rendered a dissenting opinion.

The sale of bankrupt stock in Progress at L. B. Kerr & Co.'s has attracted crowds to Queen street all day and genuine bargains were obtained. The stock will be on exhibition Monday.

Ten thousand pieces of new stylish dress goods at less than one-half the original cost at L. B. Kerr & Co.'s sale of bankrupt stock. Call early and examine this immense assortment.

The Healani boys are contemplating giving a big minstrel show at the Opera House in the near future. That's right boys. The old town is asleep, wake her up.

Acting Lieutenant Maitland and officer Trieste have been suspended by the High Sheriff for one month without pay. The men acted with undue violence at the matinee of Papa Ita and admitted that they were confused and lost their heads. It is reported that Maitland will not return to the force but will accept another position in the city.

Mr. Tarn McGrew who will appear as Prince Carnival at the Mardi gras ball has selected Miss Abbie Campbell to be his princess on this occasion. It would have been difficult to make a better choice than that of the handsome young Hawaiian Lady whose grace harmonizes so well with her beauty.

This band will play at the palace grounds to-morrow.

Attention is called to the special mutton and lamb sale at the Metropolitan Meat Market this afternoon.

Captain Grogan, the famous African explorer will deliver a lecture, the proceeds of which will be given to Mrs. Albert Hermanson whose husband committed suicide a few days ago and left her in destitute circumstances.

From South Africa.

CAPE TOWN, Jan. 17.—Martial law has now been proclaimed in every port of Cape Colony except the districts of Cape Town, Simons-town, Wynberg, Port Elizabeth and East London. It has also been proclaimed in Tombuland, Griqualand East, and in East and West Pondoland. It has been proclaimed unlawful for any person in the Cape peninsula, except officials and regular or order troops, to possess arms and ammunition, or either.

The casualty list issued yesterday shows that the Boers have released 297 British who were captured at Helvetia and Belfast. The facts regarding the captures at Belfast have not been given out.

It is understood that more heavy naval guns will be landed at the Cape. Information as to the doings of the invaders is hard to obtain, but it is clear that they are getting very little help from the Dutch. Twice they attempted to capture Barkley East, but both times they were repulsed. For three days they occupied Sutherland, but they cleared out on the approach of a British column. Small scattered parties are reported operating in various parts of the Ceres district. Apparently the invaders abandoned the idea of attacking Clanwilliam on finding the town well defended. A commando of 1,000 has been active in the Richmond district, but there the Boers have secured only 100 Dutch recruits.

The Pope's Cardinals.

La Gerarchia Cattolica states that during the Pontificate of Leo the Thirteenth—1878 to 1900—no fewer than one hundred and thirty-four of the cardinals have died. Only four still live who were his fellow-cardinals under his predecessor, Pius the Ninth. The normal number of the college is seventy, but thirteen of the seats are at present unoccupied. Seven cardinals died in 1899, and four have died during the present year. More than half of the present college [thirty-one] are Italians, twenty-three of whom reside in the Curia at Rome; seven are French, four Austrian-Hungarian, nine Spanish, and seven German; there is one Pole, one Portuguese, one Belgian, one North American, one Irishman, one Australian, and one Englishman. The oldest cardinal, Luigi di Canessa, Bishop of Verona, is in his ninety-second year; the youngest, Giuseppe Calasanzio Vioes y Tuto, is forty-four years old.

The Delegate Is Paramount

WASHINGTON, D. C., Jan. 12.—District Attorney Baird wants his salary raised. He has asked his friend, Senator Clark, to introduce a bill making provision for a substantial advance, and the Senator is considering the matter now.

Should a bill be introduced it will also provide for an additional Circuit Judge and, as well, an increase in the salary attached to that position from \$8,000 to \$5,000 a year.

A matter of courtesy may crop up pretty soon as bills directly affecting Hawaii are being introduced by others than the Delegate without the indications that such action is by request. There have been several refusals to have anything to do with bills affecting the islands, members referring the bills to the Delegate, and at least one Senator has been moved to write to a Honolulu that he does not wish to be bothered with any new Hawaiian business now that there is a Delegate who should take care of regular business of the Territory.

There is still a chance that Hawaii may get some thing in the way of surveys in the Rivers and Harbors Bill. Chairman Burton says he will consider the matter further and decide as to the offering of a committee amendment.

Bi Centenary Celebration

BERLIN, Jan. 18.—The bi-centenary of the coronation of the first King of Prussia Frederick I. was celebrated all over Prussia. Addresses from the Emperor and King to the army and navy have been gazetted. The address to the Prussian army reads: "So long as the spirit binds the army to its kings, no storms need be feared; and the Prussian eagle will proudly and unwaveringly pursue the lofty flight for the welfare of Prussia and Germany."

To the navy, his majesty, after alluding to the establishment of the Brandenburg fleet by the great elector, and the navy's regeneration under the kings of Prussia and its rigorous development in the new German empire, says:

"The fleet required steadfast work in order to become as strong an instrument for the German empire as the Prussian kings possess in the army. The principal condition of the attainment of this end is fulfilled if the spirit of the great elector is alive in the fleet. In order to bestow a special mark of distinction on the fleet on this great anniversary, I direct that a facsimile of the imperial signature be worn on the sword knot and sash buckle of the navy."

The rescript also bestows on naval bands the sole right to play the Dutch "March of Honor," and that a bronze statue of the great elector be erected at Kiel and given in trust to the navy.

SATURDAY, JAN 26, 1901.

THE GOVERNOR'S REPORT.

The Territory of Hawaii can well feel pleased at the showing made in the report of the Governor to the Secretary of the Interior, covering the period from July 7, 1898, to June 30, 1900. We doubt that any territory or for that matter any states can make a better showing in the line of progress in different branches as does Hawaii. Considering the small size of the territory, the peculiar cosmopolitan population and the isolation of the group we must admit that we are doing very well indeed. (We may as well blow our own horns to show that we are up-to-date Americans.)

The Governor's report deals with the following subjects:

Population, Taxation, Licenses, Revenues, Disposition of Lands, Agricultural Developments, Corporations, Railroad Enterprise, Street Railways, Commerce, Labor, Condition of the Natives, Public Buildings, Education, Undeveloped Resources, Legislation, and Public Lands.

To break the monotony of the dry statistics the Governor has had his report illustrated by pictures of a Hawaiian girl dressed in leis, a school girl and a school boy both looking towards some unseen ceiling for an answer to some puzzling question (why was Dole made Governor?) and a very décolleté fisherman. The stale old pictures may be very nice but they seem hardly appropriate in an official report composed of statistics. Perhaps the Governor hoped that the sight of the pretty lei badecked girl might soften the heart of some gay old senator and secure the insertion of a few items for Hawaii in the Harbor bill.

We are glad to see that the Governor urges the establishment of an experiment station here. With a sufficient area of a suitable quality at the disposition of an experiment station we have no doubt that excellent results would be obtained for the benefit of the small land holders who dare not experiment on a sufficient large scale and feel obliged to continue on the same old lines as their predecessors did. Attention is called to the fact that the cultivation of oranges and limes is very much neglected although excellent fruits can be raised here at a very small expense. The report pays a high tribute to the value of the Algeria but it mentions nowhere the great possibilities here for the manufacturing of alcohol which should be one of the great industries of the territory. The Kiawe bean has been experimented with and excellent alcohol can be obtained from it as well as from the numerous fruits growing here like pineapples, bananas, etc. The Governor points out the need for a trained forester and we hope his suggestion in that matter will be acted upon at once.

In referring to street railways the report contains the following statement in regard to the Hawaiian Tramways Co., showing the proposed changes in the present system, which we do not think are known to most of our readers:

The Hawaiian Tramways Company, Limited, operates a street railway in the principal streets of Honolulu, the aggregate length of the lines being over 12 miles. The company was organized in 1887, the legislature having granted a franchise to use for its purpose certain of the principal streets of the city.

Its capital is \$1,000,000, divided into 26,000 shares of \$25 each, making \$650,000, with an authorized debenture issue of \$350,000. Of this capital, there has been issued and fully paid up 13,000 shares, making \$325,000, together with a debenture issue of \$150,000, bringing its working capital up to \$475,000. The balance of the shares have already been subscribed for with a view of developing new lines, doubling those already in existence, and converting and altering its present mode of traction from animal to electricity. This development has already been commenced by the laying of 86 pound girder rail for its new double track. The electrical equipment has been obtained from the following well-known makers: Car bodies, Hammond & Co., of San Francisco; trucks, J. G. Brill & Co., of Philadelphia; generators and all electric requisites, The General Electric Company, of Schenectady, N. Y., who have undertaken to supply everything of the latest and best electric practice.

The company has 31 horse and electric cars. The fare is 5 cents except on its long Waikiki line, where a 10 cent fare is charged.

During the year 1899 a dividend of 5 per cent was paid, absorbing \$16,250. The income for that year amounted to \$141,396. The working expenses were \$87,946.30.

The labor question is dealt with, as could be expected, from the sugar planters' point of view. The answer to the lamentations which Washington undoubtedly will give is "increase the wages." The report gives the correct explanation of the decrease in the number of pure Hawaiians and the corresponding increase in the number of part Hawaiians. Inter marrying between Hawaiians and foreigners is steadily increasing and the pure Hawaiians will eventually disappear to be superseded by the part Hawaiians.

The part of the report devoted to education is probably the most interesting and one of which every citizen can feel proud. The tables of illiteracy makes a splendid showing especially as far as the Hawaiians are concerned and we doubt that any state in the Union can show such a high percentage of those able to read and write as that shown of Hawaiians and part Hawaiians.

Under the heading Undeveloped Resources the Governor might have mentioned as a draw back for the development of industries the difficulties and expense of transportation. We are glad to notice that the fish question has been brought up and the prices for fish stamped as absurdly high. We do not, however, consider an outside market necessary. The local demand can consume any supply of fish obtainable in Hawaiian waters and offered at a reasonable figure.

There are other parts of the report which we wish to commend upon in a future issue. Taking as a whole the report is a credit to the Territory, and should be highly satisfactory to the Washington Government and to Congress.

Francis Murphy will lecture at the Y. M. C. A. Hall this evening and to-morrow afternoon. To-morrow evening he will speak at Kawaiahaeo Church. Mr. Murphy will leave by the Sonoma for Australia on Tuesday.

Assaulted With A Knife.

Kokunu, a Southsea Islander employed as night watchman by Judge Wilcox at his taro factories at Kalihi was found this morning near his room badly cut and bleeding profusely.

The injured man does not speak Hawaiian and is a rule communicated with by signs. He is a faithful, sober servant and the motive for the assault must undoubtedly have been robbery, as the old man was known to always carry a sum of silver ranging from \$15.00 to \$25.00 on his person.

The injured man received one cut which nearly severed, the thumb of his right hand besides ugly gashes in his arm and in his head. Kokunu is at the Hospital and so far it is believed from signs of the old man that his assailant was a Japanese.

For stylish up-to-date millinery call at L. B. Kerr & Co.'s, Queen street.

Regular meeting of stockholders of Whitney & Marsh, Ltd., will be held at the office of the Co., Jan. 28th, 1901, at 8 p. m.

The Z-alandia arrived last night, 7 days 2 hours and 36 minutes out from San Francisco. She brought 40 cabin passengers, and 108 in the steerage, mostly Portuguese and Porto Ricans.

The Young Men's Research Club met last evening at the Y. M. C. A. hall. The subject "Taxation" had been changed to "The Readjustment of Taxation." An interesting paper by P. L. Weaver was read by F. C. Atherton. The principal addresses were made by W. R. Castle who favored a tax on the gross output of sugar and by McCants Stewart who favored an income tax. No practical hints for the guidance of the Legislature were forthcoming, but the meeting was nevertheless very interesting.

The Girl of To-day

will be the woman of to-morrow. She does not know it, perhaps her mother does not fully understand it, but between the "to-day" when she is a girl and the "to-morrow" when she will be a woman, her life's happiness and health are in the balance. If she is to be a full-breasted, strong, healthy woman she must develop rightly now. She is at a crisis. She needs more strength, more blood to tide it over. Dr. Williams' Pink Pills for Pale People are the one medicine that will give her the strength and make the new blood.

Our new book, **PLAIN TALKS TO WOMEN**, explains why these pills are of special benefit to growing girls. A copy will be sent to any address. **FREE** on request.

Miss Frankie Hathaway, of Sixteenth Street, Holland, Mich., said: "I am 21 years old, at 16 I was pale and weak and did not gain under the doctor's care. Other treatment brought no better result and by the time I was nineteen years old I was so weak I could not walk across the floor. I was terribly emaciated and my skin had lost all color. The doctor pronounced the disease anemia. One of my friends advised me to try Dr. Williams' Pink Pills for Pale People. I bought a box and before I had taken all of the pills I found that they were doing me good. Appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes and found myself permanently cured. Since then I have had no return of my old trouble and cannot remember when I was so strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life, and I believe that no other medicine could have done it."—FRANKIE HATHAWAY.—*Ottawa Times, Holland, Mich.*

Look for the full name on the package. At druggists or direct from the Dr. Williams Medicine Co., Schenectady, N. Y. 50c. per box. 6 boxes \$2.50.

QUEEN STREET.

TOPICS OF THE DAY.

A correspondent asks us why taro is not cultivated at the Settlement on Molokai. Taro is cultivated by private individuals who are inmates of the Leper Settlement, at the Waikolu valley where water is plentiful and the soil well adapted to the cultivation of the Hawaiian staple food. The Government, however, instead of encouraging the men who have taken up the lands and put them in cultivation, demands such an exorbitant share in the products that the planters do not feel encouraged to continue their enterprise. The lauds in Waikolu were lying idle and no revenues could be obtained from them. The lepers were idling, although admitted that it would be beneficial for them if suitable work could be found for them to distract their minds from their illness. Poi was frequently scarce at the Settlement and it was considered an excellent idea when it was proposed to give the Waikolu lands to such lepers who might desire to plant taro and sell it to the Board of Health. The Government did not "give" the lands, however. It demanded from the planters one-fourth of the gross earnings, a proposition that never would be entertained by any private concern or parties. It means that a planter after waiting a year for his crop to mature, after paying the wages of his laborers and other expenses in cash during that year would be called upon to pay one-fourth of the gross amount for which he sold his taro. Say, for example, that his crop brought him \$1000, and his expenses amounted to \$700, he would be called upon to pay to the Government \$250, and for his year's work and risks he would net \$50. Under the circumstances in connection with taro cultivation at the Settlement the Government's attitude is simply outrageous, and the Legislature should see to it that taro planting by lepers is encouraged and not discouraged as it now is.

The Republican is highly indignant because the High Sheriff grants the regular showman's license to Papa Ita. The anti-police organ claims that the High Sheriff might as well give a license to a "sure thing" gambling outfit as to the Papa Ita "fake" performance. The High Sheriff is not supposed to act as censor of the merits of a show and watch that the audience gets a sufficient *quid pro quo* for its money. He is simply the censor of the morality of the show and it is his duty to stop any exhibition contrary to decency and the good morals of the community. We have yet to learn that there is anything in the hot-stone walking of Papa Ita. Whether his exhibition is a fake or not is a matter of opinion. A large number of people believe that Papa Ita has done what he said he would do and they are satisfied. The Republican is the only paper which yells "fake" while the other newspapers say that there may be a trick but that the walking by the Tahitian across the stones is genuine and not a fake. It is puerile for the morning paper to draw a parallel between Ita's exhibition and a gambling concern. There is a law here making it an offense even to look at a game where anything of value can be lost or won and that is sufficient good reason for the High Sheriff to decline issuing licenses for surething gambling concerns. We are not aware that anything of value is lost or won at the Papa Ita show. The admission fee may be considered a loss by those who didn't like the show but that is very often the case at our theatres where a man feels very much disappointed and mad for having parted with his good dollars to see and listen to such "rot." The High Sheriff has troubles and sins enough of his own and his force to attend to without being called upon to act as censor of every show which comes along and decide how much it is worth paying to see it.

LOCAL AND GENERAL NEWS.

The Mauna Lor arrived yesterday. The Doria sailed for San Francisco this morning. The present trip of the Zealandia is her last to this port.

The Merchants' Association held a special meeting this morning.

Professor D. E. Spencer has resigned from the Stanford University.

A rumor of Queen Victoria's serious illness is officially contradicted.

The British cruiser Sybille was wrecked off the coast of South Africa.

The Rapid Transit Co., has decided to increase its capital to \$5,000,000.

The Zealandia will sail for San Francisco on Thursday afternoon, the 31st inst.

Judge Humphries did not sell his interest in The Republic as reported.

The Fisheries Association will hold a meeting on Monday afternoon at 3:30 o'clock.

Frank Turk of Lewis & Turk arrived by the Zealandia and intends making his home in Honolulu.

The big freighter California is due here to-day or to-morrow. She left San Francisco on the 19th inst.

A verdict of "suicide" was rendered yesterday by the coroner's jury in the case of E. C. Kaufmann.

Mr. Maxwell formerly of the S. F. Daily Report has been added to the reportorial staff of the Republican.

Stylish new up to date full dress shirts 75c, \$1.00 and \$1.25 at L. B. Kerr & Co.'s sale of bankrupt stock.

The Misses Ackermann and Murt returned to Honolulu by the Mauna Loa after a lecturing tour to Hilo.

If you fail to visit L. B. Kerr & Co.'s store Monday, you will miss the sights as well as the bargains.

The sixty-five Portuguese who arrived by the Zealandia will depart for the plantations by which they are engaged in the Helene to-day.

Carl Ludahl, a Swedish carriage maker, who has been in Honolulu about eighteen months, was declared insane yesterday and committed to the Insane Asylum.

The Supreme Court has sustained Tax Assessor Farley of Kauai in the suit of Lihue Plantation Co. vs. J. K. Farley. Judge Perry rendered a dissenting opinion.

The sale of bankrupt stock in Progress at L. B. Kerr & Co.'s has attracted crowds to Queen street all day and genuine bargains were obtained. The stock will be on exhibition Monday.

Ten thousand pieces of new stylish dress goods at less than one-half the original cost at L. B. Kerr & Co.'s sale of bankrupt stock. Call early and examine this immense assortment.

The Healani boys are contemplating giving a big minstrel show at the Opera House in the near future. That's right boys. The old town is asleep, wake her up.

Acting Lieutenant Maitland and officer Trieste have been suspended by the High Sheriff for one month without pay. The men acted with undue violence at the matinee of Papa Ita and admitted that they were confused and lost their heads. It is reported that Maitland will not return to the force but will accept another position in the city.

Mr. Tarn McGrew who will appear as Prince Carnival at the Mardi gras ball has selected Miss Abbie Campbell to be his princess on this occasion. It would have been difficult to make a better choice than that of the handsome young Hawaiian Lady whose grace harmonizes so well with her beauty.

The band will play at the palace grounds to-morrow.

Attention is called to the special mutton and lamb sale at the Metropolitan Meat Market this afternoon.

Captain Grogan, the famous African explorer will deliver a lecture, the proceeds of which will be given to Mrs. Albert Hermanson whose husband committed suicide a few days ago and left her in destitute circumstances.
